FINANCIAL INFORMATION SECTION

INDEPENDENT AUDITORS' REPORT

Mr. Jim Firmin, Administrator
St. Mary Parish Housing Program
Morgan City, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the respective budgetary comparison of St. Mary Parish Housing Program (Program), of the St. Mary Parish Council, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Program, as of September 30, 2020 and the respective changes in financial position thereof, and the respective budgetary comparison for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Program, are intended to present the financial position, and the changes in financial position of only that portion of the governmental activities, and the other governmental funds, of the St. Mary Parish Council (Council) that is attributable to the transactions of the Program. They do not purport to, and do not, present fairly the financial position of the St. Mary Parish Council, as of September 30, 2020, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

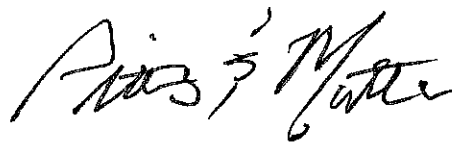

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Program's basic financial statements. The Financial Data Schedule is presented for the purposes of additional analysis and is not a required part of the basic financial statements.

The Financial Data Schedule is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements, as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated February 15, 2021, on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contract, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Program's internal control over financial reporting and compliance.

ST. MARY PARISH HOUSING PROGRAM

NOTES TO THE FINANCIAL STATEMENTS For the Year Ended September 30, 2020

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The St. Mary Parish Council (Council) established the St. Mary Parish Housing Program (Program) to operate funds which account for various housing programs within St. Mary Parish. Since the Program currently only operates one program (the Section 8 Housing Program) the Program's operations only require use of one fund. The fund includes two component programs: Housing Assistance Program, which accounts for the receipts and payment for housing assistance payments, and the Administrative Program, which accounts for the administration and operation of the program. The Section 8 Housing Program provides rental assistance to help very low income families afford decent, safe, and sanitary rental housing.

In the current year, due to the effects of COVID-19 the Program was awarded, by HUD, supplemental administrative fee funding under the Housing Choice Voucher (HCV) and Mainstream Programs in the Coronavirus Aid, Relief and Economic Security ACT (CARES ACT) enacted on March 27, 2020.

The financial statements of the Program have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Reporting Entity

In evaluating how to define the governmental unit, for financial reporting purposes, consideration has been given to the following criteria as set forth in GAAP:

- a. Financial benefit or burden
- b. Appointment of a voting majority
- c. Imposition of will
- d. Fiscally dependent

Based upon the above criteria, the Program is an integral part of the Council, the primary government.

Governments may issue financial statements that present only a portion of their operations. These financial statements include only the operations of the Program, and as such do not intend to and do not report on the Council's operations as a whole in accordance with GAAP.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. Basic Financial Statements - Government-wide Financial Statements

The Government-wide financial statements include the Statement of Net Position and the Statement of Activities which report all activities of the Program as a whole. The government-wide presentation focuses primarily on the sustainability of the Program as an entity and the change in the Program's net position resulting from the current year's activities. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange revenues.

C. Basic Financial Statements - Fund Financial Statements

The financial transactions of the Program are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, and expenditures.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types". The Program's current operations only require the use of one fund as follows.

Governmental Fund

Special Revenue Fund

Special revenue funds are used to account for the proceeds of specific revenue sources that are earmarked for expenditures for specific purposes. In order to provide additional information, the fund also breaks down and reports its operations into two components, Housing Assistance Program which receives and makes payments for housing assistance and Administrative Program which reports administration and operation of the Fund.

D. Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Government-wide Statements

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) are included on the statement of net position and the statement of activities present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Financial Statements

Governmental fund financial statements are accounted for using a current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current deferred outflows, current liabilities, and current deferred inflows generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Federal grants are recorded when the Program is entitled to the funds. Expenditures are recorded when the related fund liability is incurred.

E. Deferred Outflows and Inflows of Resources

In 2013, the Program implemented the provision of GASBS 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position" and GASBS 65, "Items Previously Reported as Assets and Liabilities."

Deferred Inflows of Resources at year end is \$37,292 of CARES ACT Funding received in the current year.

F. Budgets

The program director develops a projected program budget for the Section 8 Housing Program that is included in the PHA Agency Plan. The budget is approved by the Council. The budget is adopted on a basis which is consistent with generally accepted accounting principles except that for budget purposes: Cares Act Funding of \$37,617 is budgeted in current year revenue rather than as a Deferred Inflow of Resources.

G. Cash and Cash Equivalents

For financial statement purposes, cash and cash equivalents include demand deposits.

Cash and cash equivalents are stated at cost, which approximates market.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

H. Equity Classifications

As reported in the Program's Government-wide Statement of Net Position

Equity is classified as net position and displayed in up to three components if applicable – net investments in capital assets, restricted; and unrestricted. These classifications are defined as follows:

- Net investment in capital assets – This component of net position consists of capital assets net of accumulated depreciation and reduced by the outstanding debt that is attributable to the acquisition, construction, or improvement of these assets.
- Restricted – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors, grantors, contributors, or laws or regulations.
- Unrestricted net position – This component of net position consist of net position that does not meet definition of "restricted" or "net investment in capital assets."

As reported in the Program's Fund Financial Statement Balance Sheet

Governmental fund equity may be classified by five categories; nonspendable, restricted, committed, assigned or unassigned. At present, the Program only requires reporting of unassigned. Unassigned represents those portions of fund equity that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purpose within the fund.

NOTE 2 - CASH AND CASH EQUIVALENTS

At year end, the carrying amount of the Program's cash and cash equivalents was \$41,436 and the bank balance was \$41,436 which was covered by FDIC insurance.

Cash accounts which include both revenues and expenditures for the Housing Assistance Program and Administrative Fees are maintained on a pool basis. The overall balance in the pooled account is always a positive balance. However from time to time an individual program's proportionate share of the balance may be temporarily negative. If this occurs the negative portion is treated as an advance due to/from on the Governmental Fund Balance Sheet.

At September 30, 2020 the pooled account balance is \$41,436 of which Housing Assistance Programs proportionate share is \$(614) and Administrative Fee proportionate share is \$42,050, of which \$37,292 is restricted CARES ACT funding.

NOTE 3 - CONTINGENCIES

Amounts received from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed expenditures may constitute a liability of the Program. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time; although, management of the Program believes disallowances, if any, to be immaterial.

NOTE 4 - CONCENTRATIONS

The Program receives substantially all of its revenue from a federal grant.

NOTE 5 - RISK MANAGEMENT

The Program is exposed to various risks of loss related to torts and errors or omissions. The Corporation contracted to administer the program carries insurance to substantially cover all risks of the Program.

NOTE 6 - SCHEDULE OF COMPENSATION

Louisiana Revised Statutes require that governments in Louisiana disclose the compensation, reimbursements, benefits, and other payments made to the agency head, political subdivision head, or chief executive officer. The Council has contracted Community Design Group, Inc. (CDG) to operate the Program in behalf of the Council. For the year ended September 30, 2020 the Program compensated CDG a total of \$58,500 for operating the program, no other payments were made by the Program to CDG.

REPORT ON INTERNAL ACCOUNTING CONTROL OVER FINANCIAL REPORTING,
COMPLIANCE, AND OTHER MATTERS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Mr. Jim Firmin
St. Mary Parish Housing Program
Morgan City, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, and the major fund (including the budgetary comparison) of the St. Mary Parish Housing Program (Program) of the St. Mary Parish Council, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements, and have issued our report thereon dated February 15, 2021, which contains an additional paragraph. The paragraph notes that the financial statements include only the operations of the program.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Program's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, we do not express an opinion on the effectiveness of the Program's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

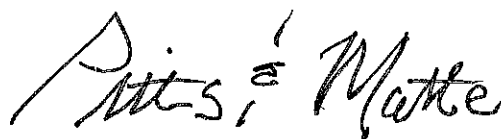

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Program's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is considered a public record and may be distributed by the Legislative Auditor.

CERTIFIED PUBLIC ACCOUNTANTS

Morgan City, Louisiana
