Independent Auditor's Report

Board of Commissioners
Housing Authority of Iowa
Iowa, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the Housing Authority of the Town of Iowa, Louisiana as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the Housing Authority of Iowa basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in financial statements. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design and audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Housing Authority of the Town of Iowa, Louisiana, as of September 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Managements' Discussion and Analysis on pages 4 to 10 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards general accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority of the Town of Iowa, Louisiana's basic financial statements. The statement and certification of actual modernization costs, statement of modernization-uncompleted, financial data schedules, and other information as listed on the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The statement and certification of actual modernization costs, statement of modernization costs-uncompleted, financial data schedules, and other information as listed on the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the statement and certification of actual modernization costs, statement of modernization-uncompleted, financial data schedules, and other information as listed on the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 8, 2019 on our consideration of the Housing Authority of the Town of Iowa, Louisiana's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Audit Standards* in considering the Housing Authority of the Town of Iowa, Louisiana's internal control over financial reporting and compliance.

HOUSING AUTHORITY OF IOWA, LA
REQUIRED SUPPLEMENTAL INFORMATION
MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)
September 30, 2018

One of the most important questions asked about the Authority's finances is, "Is the Housing Authority as a whole better off, or worse off, as a result of the achievements of fiscal year 2018?" The Statement of net position and the Statement of Revenues, Expenses, and Changes in Net Position report information about the Housing Authority as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The management of Housing Authority of Iowa, LA presents the following discussion and analysis (MD&A) of the Housing Authority's financial activities for the fiscal year ending September 30, 2018. This represents an overview of financial information. Please read this discussion and analysis in conjunction with the Authority's included audited financial statements.

FINANCIAL HIGHLIGHTS

- The primary source of funding for these activities continues to be subsidies and grants from the Department of Housing and Urban Development (HUD), whereas tenant rentals provide a secondary but also significant source of funding.
- The Housing Authority's assets exceeded its liabilities by \$788,781 at the close of the fiscal year ended 2018.
 - ✓ Of this amount \$638,775 represents a restriction equal to the net amount invested in land, buildings, furnishings, leasehold improvements, equipment, and construction in progress, minus associated debts.
 - ✓ The remainder of \$150,006 of unrestricted assets could be used to meet the Housing Authority's ongoing obligations to citizens and creditors. As a measure of financial strength, this amount equals 31% of the total operating expenses of \$482,854 for the fiscal year 2018, which means the Authority might be able to operate about 4 months using the unrestricted assets alone, compared to 3 months in the prior fiscal year.
- The Housing Authority's total net position decreased by \$107,321, a 12% decrease from the prior fiscal year 2017.
- The decrease in net position of these funds was accompanied by an increase in cash and cash equivalents of \$23,028.
- The Authority Spent \$13,857 on capital asset additions.
- These changes led to a decrease in total assets by \$101,065 and an increase in total liabilities by \$13,756. As related measure of financial health, there are still over \$5 of current assets covering each dollar of total current liabilities, which compares to \$5 covering the prior fiscal year's liabilities.
- The Housing Authority continues to operate without the need for debt borrowing.

OVERVIEW OF THE FINANCIAL STATEMENTS

This MD&A is intended to serve as an introduction to the Housing Authority's basic financial statements. The Housing Authority is a special-purpose government engaged in business-type activities. Accordingly, only fund financial statements are presented as the basic financial statements, comprised of two components: (1) fund financial statements and (2) a series of notes to the financial statements. These provide information about the activities of the Housing Authority as a whole and present a longer-term view of the Housing Authority's finances. This report also contains other supplemental information in addition to the basic financial statements themselves demonstrating how projects funded by HUD have been completed, and whether there are inadequacies in the Authority's internal controls.

Reporting on the Housing Authority as a Whole

One of the most important questions asked about the Authority's finances is, "Is the Housing Authority as a whole better off, or worse off, as a result of the achievements of fiscal year 2018?" The Statement of net position and the Statement of Revenues, Expenses, and Changes in Net Position report information about the Housing Authority as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

Fund Financial Statements

All of the funds of the Housing Authority are reported as proprietary funds. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Housing Authority, like other enterprises operated by state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Housing Authority's financial statements report its net position and changes in net position. One can think of the Housing Authority's net position – the difference between assets and liabilities – as one way to measure the Authority's financial health, or financial position. Over time, increases and decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating. One will need to consider other non-financial factors, however, such as the changes in the Authority's occupancy levels or its legal obligations to HUD, to assess the overall health of the Housing Authority.

USING THIS ANNUAL REPORT

The Housing Authority's annual report consists of financial statements that show combined information about the Housing Authority's most significant programs:

Public Housing Capital Fund Program	\$ 81,165
Low Rent Public Housing	<u>99,760</u>
Total funding received this current fiscal year	<u>\$ 180,925</u>

The Housing Authority's auditors provided assurance in their independent auditors' report with which this MD&A is included, that the basic financial statements are fairly stated. The auditors provide varying degrees of assurance regarding the other information included in this report. A user of this report should read the independent auditors' report carefully to determine the level of assurance provided for each of the other parts of this report.

Reporting the Housing Authority's Most Significant Funds

The Housing Authority's financial statements provide detailed information about the most significant funds. Some funds are required to be established by the Department of Housing and Urban Development (HUD). However, the Housing Authority establishes other funds to help it control and manage money for particular purposes, or to show that it is meeting legal responsibilities for using grants and other money.

The Housing Authority's enterprise funds use the following accounting approach for Proprietary funds: All of the Housing Authority's services are reported in enterprise funds. The focus of proprietary funds is on income measurement, which, together with the maintenance of net position, is an important financial indicator.

FINANCIAL ANALYSIS

The Housing Authority's net position was \$788,781 as of September 30, 2018. Of this amount, \$638,775 was invested in capital assets and \$150,006 was unrestricted. No other specific Assets are restricted. Also, there are no other restrictions on general net position.

EXPLANATIONS OF FINANCIAL ANALYSIS

Compared with the prior fiscal year, total operating revenues and capital contributions increased \$21,179 from a combination of larger offsetting factors. Reasons for most of this change are listed below:

- Total tenant revenue increased by \$1,832 from that of the prior fiscal year because the amount of rent each tenant pays is based on a sliding scale of their personal income. Included in this total is other tenant revenues (such as fees collected from tenants for late payment of rent, damages to their units, and other assessments) which increased by \$1,150.
- Federal revenues from HUD for operations increased by \$779 from that of the prior fiscal year. The determination of operating grants is based in part upon operations performance of prior years. This amount fluctuates from year-to-year because of the complexities of the funding formula HUD employs. Generally, this formula calculates an allowable expense level adjusted for inflation, occupancy, and other factors, and then uses this final result as a basis for determining the grant amount. The amount of rent subsidy received from HUD depends upon an eligibility scale of each tenant.
- Federal Capital Funds from HUD increased by \$16,632 from that of the prior fiscal year. The Housing Authority was still in the process of completing projects funded from grants by HUD for fiscal years 2015 through 2017, and submitted a new grant during fiscal year 2018.
- Total other operating revenue increased by \$1,736 and gains on sales of assets increased by \$200 from the prior fiscal year.

Compared with the prior fiscal year, total operating expense increased \$6,986, or by 1%, but this also was made up of a combination of offsetting factors. Again, reasons for most of this change are listed below:

- Depreciation expense decreased by \$13,993 from that of the prior fiscal year.
- Maintenance and repairs increased by \$14,192 from that of the prior fiscal year due to changes in the following: Repair staff wages increased by \$164 and related employee benefit contributions increased by \$27. Materials used increased by \$13,612 and contract labor costs increased by \$389.
- General Expenses increased by \$9,740 from that of the prior fiscal year. Payments in lieu of taxes (PILOT) increased by \$220. PILOT is calculated as a percentage of rent minus utilities and therefore changed proportionately to the changes in each of these. Insurance premiums increased by \$4,212, other general expenses decreased by \$700 and bad debts increased by \$3,085. Lastly, compensated absences increased by \$2,923.
- Administrative Expenses decreased by \$3,354 from that of the prior fiscal year due to a combination of factors. Administrative staff salaries increased by \$1,107 and related employee benefit contributions increased by \$1,443; therefore, total staff salaries and benefit costs increased. Outside professional fees changed as follows: audit fees increased by \$7,405 and legal fees increased by \$310. In addition, staff travel reimbursements increased by \$107, office expenses increased by \$1,973 and sundry expenses decreased by \$15,699.
- Utilities Expense increased by \$54 from that of the prior fiscal year because water cost increased by \$22, electricity cost decreased by \$227, gas cost increased by \$123, and other utilities expense (such as labor, benefits, garbage, sewage, and waste removal) increased by \$136.
- Total Tenant Services increased by \$347 from that of the prior fiscal year due to the following combination of factors: relocation costs increased by \$477 and other tenant services decreased by \$130.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2018, the Housing Authority had a total cost of \$4,435,780 invested in a broad range of assets and construction in progress. This amount, not including depreciation, represents increases of \$13,856 from the prior year. More detailed information about capital assets appears in the notes to the financial statements.

Statement of Capital Assets As of September 30, 2018

	<u>2018</u>	<u>2017</u>
Land	\$ 193,000	\$ 193,000
Buildings	3,582,699	3,557,869
Leasehold improvements	550,605	549,755
Furniture and equipment	109,476	121,300
Accumulated Depreciation	<u>(3,797,005)</u>	<u>(3,648,470)</u>
Total	<u>\$ 638,775</u>	<u>\$ 773,454</u>

As of the end of the 2018 fiscal year, the Authority is still in the process of completing HUD grants of \$146,277 obtained for the 2016 and 2017 fiscal years. A total remainder of \$42,565 will be received and \$42,785 spent for completing these projects during fiscal year 2019.

Debt

Non-current liabilities also include accrued annual leave due to employees. The Housing Authority has not incurred any mortgages, leases, or bond indentures for financing capital assets or operations.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The Housing Authority is primarily dependent upon HUD for the funding of operations; therefore, the Housing Authority is affected more by Federal budget than by local economic conditions. The capital budgets for the 2019 fiscal year have already been submitted to HUD for approval and no major changes are expected.

The Capital fund programs are multiple year budgets and have remained relatively stable. Capital Funds are used for the modernization of public housing properties including administrative fees involved in the modernization.

CONTACTING THE HOUSING AUTHORITY'S FINANCIAL MANAGEMENT

HOUSING AUTHORITY OF IOWA, LOUISIANA
NOTES TO THE BASIC FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES The accompanying financial statements of the Housing Authority of the Town of Iowa have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

A. REPORTING ENTITY Housing Authorities are chartered as public corporations under the laws (LSA – R.S. 40.391) of the State of Louisiana for the purpose of providing safe and sanitary dwellings accommodations. This creation was contingent upon the local governing body of the city or parish declaring a need for the Housing Authority to function in such city or parish. The Housing Authority is governed by a five member Board of Commissioners. The members, appointed by the Honorable Mayor of the Town of Iowa, serve staggered multi-year terms.

The Housing Authority has the following units:

PHA Owned Housing	FW 1279	60
-------------------	---------	----

GASB Statement 14 establishes criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Housing Authority is considered a primary government, since it is a special purpose government that has a separate governing body, is legally separate, and is fiscally independent of other state or local governments. As used in GASB Statement 14, fiscally independent means that the Housing Authority may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt with HUD approval.

The Housing Authority is a related organization of the Town of Iowa since the Town of Iowa appoints a voting majority of the Housing Authority’s governing board. The Town of Iowa is not financially accountable for the Housing Authority as it cannot impose its will on the Housing Authority and there is no potential for the Housing Authority to provide financial benefit to, or impose financial burdens on, the Town of Iowa. Accordingly, the Housing Authority is not a component unit of the financial reporting entity of the Town of Iowa.

Governmental Accounting Standards Board (GASB) Codification Section 2100 establishes criteria for determining which, if any, component units should be considered part of the Housing Authority for financial reporting purposes. The basic criteria for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability, which includes:

HOUSING AUTHORITY OF IOWA, LOUISIANA
NOTES TO THE BASIC FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

- 1) Appointing a voting majority of an organization's governing body, and:
 - a) The ability of the government to impose its will on that organization and/or
 - b) The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the government.
- 2) Organizations for which the government does not appoint a voting majority but are fiscally dependent on the government.
- 3) Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the Housing Authority has determined that there are no component units that should be considered as part of the Housing Authority reporting entity.

B. FUNDS The accounts of the Housing Authority are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

The transactions of the Housing Authority are reported in a proprietary enterprise fund. The general fund accounts for the transactions of the Public Housing Low Rent program and the Capital Fund program.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

PROPRIETARY FUNDS Proprietary funds are accounted for on the flow of economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the statement of net position sheet.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary funds' principal ongoing operations. According to the Authority's policy, governmental operating grants are considered operating revenues. The other principal operating revenues of the Housing Authority are rent and maintenance charges to residents and operating fees earned. Operating expenses for proprietary funds include the administrative costs of providing the service. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. CASH AND CASH EQUIVALENTS Cash includes amounts in demand deposits and interest-bearing demand deposits. Cash equivalents include amounts in time deposits, of less than ninety days, and cash with fiscal agent. Under state law, the Housing Authority may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

On the Statement of Cash Flows, cash and cash equivalents, end of year, is \$207,742. This is comprised of cash and cash equivalents of \$195,517 and restricted assets – cash of \$12,225, on the statement of net position.

E. INVESTMENTS Investments are limited to L.S.-R.S. 33:2955 and the Housing Authority investment policy. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents.

The investments are reflected at quoted market prices except for the following which are required/permitted as per GASB Statement No. 31:

Investments in *nonparticipating* interest-earning contracts, such as nonnegotiable certificates of deposit with redemption terms that do not consider market rates, are reported using a cost-based measure.

Definitions:

Interest-earning investment contract include time deposits with financial institutions (such as certificates of deposit), repurchase agreements, and guaranteed investment contracts.

F. REVENUE RECOGNITION Revenues and other governmental fund financial resource increments are recognized in the accounting period in which they become susceptible to accrual – that is, when they become *measurable* and *available* to the finance expenditures of the fiscal period. “Available” is determined as collectible within the 12 months of the fiscal year or soon enough thereafter to be used in pay liabilities of the current period.

G. INVENTORY All purchased inventory items are valued at cost using the first-in, first-out method. Inventory is recorded using the purchase method. At year end, the amount of inventory is recorded for external financial reporting.

H. PREPAID ITEMS Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

I. CAPITAL ASSETS Capital assets are recorded at historical cost and depreciated over their estimated useful lives (excluding salvage value). The capitalization threshold is \$1,500. Donated capital assets are recorded at their estimated fair value at the date of donation. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

Site improvements	15 years
Buildings	33 years
Building improvements	15 years
Furniture and equipment	5-7 years
Computers	3 years

J. UNEARNED INCOME The Housing Authority reports prepaid revenues on its statement of net position. Prepaid revenues arise when resources are received by the Housing Authority before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods, when the Housing Authority has a legal claim to the resources, the liability for prepaid revenue is removed from the statement of net position and the revenue is recognized.

K. COMPENSATED ABSENCES The Housing Authority follows Louisiana Civil Service regulations for accumulated annual and sick leave. Employees may accumulate up to three hundred hours of annual leave which may be received upon termination or retirement. Sick leave hours accumulate, but the employee is not paid for them if not used by his/her retirement or termination date.

L. POST EMPLOYMENT BENEFITS The Authority does not recognize or pay any post employment benefits. Accordingly, Governmental Accounting Standards Board (GASB) Statement Number 45 does not apply.

M. NET POSITION AND FLOW ASSUMPTIONS Net position is reported as restricted when constraints are placed on net position use as either:

Externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Restricted resources are used first when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

N. USE OF ESTIMATES The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and other financing sources and uses during the reporting period. Actual results could differ from those estimates.

NOTE 2 – DEPOSITS AND INVESTMENTS The Housing Authority has reported their investments with a maturity at time of purchase of one year or less at amortized cost. Investments with maturity at time of purchase of greater than one year are presented at fair value at September 30, 2018. Deposits are stated at cost, which approximates fair value.

Interest Rate Risk: The Housing Authority's policy does not address interest rate risk.

Credit Rate Risk: GASB 40 disclosure of credit rate risk does not apply, since the Authority's only investments are certificates of deposit.

Custodial Credit Risk: The Authority's policy requires the financial institution to cover the first \$250,000 of deposits with FDIC coverage. Any excess deposits must be collateralized with securities held by the pledging financial institution, with a fair market value that equals or exceeds the amount of excess deposits.

Restricted Cash: \$12,025 is restricted in the General Fund for security deposits. \$200 is restricted for an amount equal to unspent capital funds.

At September 30, 2018, the Housing Authority's carrying amount of deposits was \$207,592 and the bank balance was \$213,804. Petty cash consists of \$150. The entire bank balance was covered by FDIC Insurance.

Utilities		632
Total	\$	9,925

NOTE 6 – COMPENSATED ABSENCES At September 30, 2018, employees of the Housing Authority have accumulated and vested \$47,328 of employee leave computed in accordance with GASB, Codification Section C60.

NOTE 7 – LONG-TERM OBLIGATIONS The following is a summary of the long-term obligation transactions for the year ended September 30, 2018.

		Compensated Absences
Balance, beginning	\$	36,336
Additions		13,430
Deletions		2,438
Balance, ending		47,328
Amounts due in one year	\$	5,376

NOTE 8 – RETIREMENT SYSTEM The Housing Authority participates in the Housing Renewal and Local Agency Retirement Plan, which is a defined contribution plan. The plan consists of employees of various local and regional housing authorities, urban renewal agencies, and other similar organizations. Through this plan, the Housing Authority provides pension benefits for all of its full-time employees. All full-time employees are eligible to participate in the plan on the first day of the month after obtaining age 18 and completing six months of continuous and uninterrupted service.

HOUSING AUTHORITY OF IOWA, LOUISIANA
NOTES TO THE BASIC FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

Under a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Each participant in the plan is required to make a monthly contribution equal to 6% of his effective compensation, and may make additional contributions. The employer is required to make monthly contributions equal to 8.5% of each participant's effective compensation.

The Housing Authority's contribution for each employee and income allocated to the employee's account is fully vested after five years of continuous service. The Housing Authority's contributions and interest forfeited by employees who leave employment before five years of service are first used to pay for plan expenses and if there is any residual amount, the amount is refunded to the Housing Authority.

The Housing Authority has the right to establish or amend retirement plan provisions. The Housing Authority's Joinder Agreement with the Housing Renewal and Local Agency Retirement Plan may be amended or modified by Board Resolution. Amendment of the Joinder Agreement is limited to provisions affecting plan specifications.

The Housing Authority made the required contributions of \$10,870 for the year ended September 30, 2018, of which \$6,372 was paid by the Housing Authority and \$4,498 was paid by employees. No payments were made out of the forfeiture account.

NOTE 9 – COMMITMENTS AND CONTINGENCIES

Commitments On October 1, 2009, the Authority entered into an Employment agreement with the Executive Director. The agreement was for five years. The agreement was renewed for another five years on October 1, 2014. The agreement may be renewed for an additional five years, upon approval by the Board of Commissioners. However, the agreement may be terminated sooner, by either party.

The Board must give due notice and follow certain procedures to terminate the Executive Director for cause. In such event, the Executive Director must be paid salary earned through termination, plus accrued annual leave and other benefits, provided the Authority's reserve does not go below 40%.

The Board may also terminate the Executive Director without cause, when in its judgment; such termination is in the best interest of the Authority. In such event the Director is to be paid the remaining salary for the unexpired portion of the five year contract, plus accrued annual leave and other benefits.

Litigation The Housing Authority is not presently involved in litigation.

Grant Disallowances The Housing Authority participates in a number of federally assisted grant programs. The programs are subject to compliance audits under the single audit approach. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under terms of the grants. Housing Authority management believes that the amount of disallowance, if any, which may arise from future audits will not be material.

HOUSING AUTHORITY OF IOWA, LOUISIANA
NOTES TO THE BASIC FINANCIAL STATEMENTS

SEPTEMBER 30, 2018

Construction Projects There are certain renovation or construction projects in progress at September 30, 2018. These include modernizing rental units. These projects are being funded by HUD. Funds are requested periodically as the cost is incurred.

Risk Management The Housing Authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Housing Authority carries commercial insurance.

The Housing Authority transfers risk of loss by participating in a public entity risk pool and contracting with a commercial insurance carrier for all major categories of exposed risk.

This includes coverage of property, general liability, public liability, and worker's compensation. The risk pool and insurance contracted are obligated to meet settlements up to the maximum coverage, after the PHA's premiums and deductions are met.

Louisiana State law prohibits one governmental entity assessing another entity. If the Louisiana Housing Council Group Self Insured Fund (LHC) risk pool is unable to meet its obligations, the risk to the Housing Authority is only that its own claim would be unpaid.

Coverage has not significantly changed from the previous year and settlements for each of the past three years have not exceeded insurance coverage.

NOTE 10 – ECONOMIC DEPENDENCE The Department of Housing and Urban Development provided \$180,925 to the Housing Authority, which represents approximately 48% of the Housing Authority's total revenue and capital contributions for the year.

NOTE 11 - SUBSEQUENT EVENTS Management has evaluated events and transactions subsequent to the statement of net position date through, March 8, 2019, of the independent auditor's report for potential recognition or disclosure in the financial statements. Management has not identified any items requiring recognition or disclosure.

Report on Internal Control Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards*

Independent Auditor's Report

Housing Authority of Iowa
Iowa, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of each major fund of the Housing Authority of the Town of Iowa, Louisiana, as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the Housing Authority of the Town of Iowa, Louisiana's basic financial statements, and have issued our report thereon dated March 8, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the Town of Iowa, Louisiana's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the Town of Iowa, Louisiana's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the Town of Iowa, Louisiana's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority of the Town of Iowa, Louisiana's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

HOUSING AUTHORITY OF IOWA, LOUISIANA
 NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED SEPTEMBER 30, 2018

NOTE 1 – BASIS OF PRESENTATION The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal award activity of the Housing Authority of the Town of Iowa, Louisiana (the “Housing Authority”) under programs of the federal government for the year ended September 30, 2018. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Costs Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Housing Authority, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Housing Authority.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Housing Authority has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 3 - RELATIONSHIP TO BASIC FINANCIAL STATEMENTS Federal awards revenues are reported in the Housing Authority’s basic financial statements as follows:

	Federal Sources
Enterprise Funds	
Governmental operating grants	\$ 157,497
Capital contributions	23,428
	180,925
Total	\$ 180,925

NOTE 4 – RELATIONSHIP TO FEDERAL FINANCIAL REPORTS Amounts reported in the accompanying schedule agree with the amounts reported in the related federal financial reports except for changes made to reflect amounts in accordance with generally accepted accounting principles.
