Independent Auditors' Report

June 28, 2025

To the Board of Commissioners Ward 10 Recreation District Rapides Parish, Louisiana

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinions

We have audited the accompanying financial statements of the governmental activities, and each major fund of the Ward 10 Recreation District, a component unit of the Rapides Parish Police Jury, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Ward 10 Recreation District as of December 31, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Ward 10 Recreation District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Ward 10 Recreation District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

Ward 10 Recreation District June 28, 2025

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Ward 10 Recreation District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Ward 10 Recreation District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the information listed below be presented to supplement the basic financial statements.

- Management's Discussion and Analysis
- Statements of Revenue, Expenditures and Changes in Fund Balances (Budget vs Actual)

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Ward 10 Recreation District's basic financial statements. The accompanying Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United

Ward 10 Recreation District June 28, 2025

States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 28, 2025, on our consideration of the Ward 10 Recreation District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Ward 10 Recreation District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Ward 10 Recreation District's internal control over financial reporting and compliance.

Management's Discussion and Analysis December 31, 2024

This section of the Ward 10 Recreation District's annual financial report presents our discussion and analysis of the District's financial performance.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the District's financial position and results of operations from differing perspectives, which are described as follows:

Government – Wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. These report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the District's assets and all of the District's liabilities (including long-term debt). Expenses incurred in connection with the operation and maintenance of the District's recreational facilities are reported as governmental activities. The governmental activities are financed by taxes, proceeds from debt and investment income.

Fund Financial Statements

Fund financial statements provide detailed information regarding the District's most significant activities and are not intended to provide information for the District as a whole. Funds are accounting devices that are used to account for specific sources of funds. The District's funds are all classified as governmental funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental funds use a modified accrual basis of accounting that provides a short-term view of the District's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

A comparative analysis of government-wide data for the current and previous year is presented as follows:

Net Position

A condensed version of the government-wide Statement of Net Position is presented as follows:

Unrestricted	962,650	866,201
Total Net Position	\$ 5,437,860	\$ 5,149,278

As presented above, the largest portion of the net position (81%) is invested in capital assets, and an additional portion (1.3%) is restricted for debt service. The remaining net position (17.7%) is unrestricted and may be used to meet the District's ongoing obligations to citizens and creditors.

Changes in Net Position

A condensed version of the government-wide Statement of Changes in Net Position is presented as follows:

	For the Year Ended Decembe		
	2024	2023	
Program Revenues:

Net Position Ending	\$ 5,437,860	\$ 5,149,278	

As presented above, the District's net position has increased as a result of careful management and efficient use of resources.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

For the year ended December 31, 2024, the only differences between amounts reported by the District's funds and activities reported in the government-wide financial statements are attributable to excluding capital assets and long-term debt that appear on the government-wide presentation.

Management's Discussion and Analysis December 31, 2024

GENERAL FUND BUDGET HIGHLIGHTS

The general fund is the only fund required by law to adopt a budget. A summary of the general fund budget compared to actual amounts is presented as follows:

The budget was amended to make technical corrections and to provide for any unexpected contingencies that might arise.

CAPITAL ASSET ADMINISTRATION

Activity for the year ended December 31, 2024, included depreciating existing assets, the completion of a substantial field turfing project, assorted facility improvements, and some small equipment purchases.

DEBT ADMINISTRATION

For the year ended December 31, 2024, no new debt was incurred. Activity was limited to scheduled maturities on existing debt.

FACTORS EXPECTED TO AFFECT FUTURE OPERATIONS

No significant factors are expected to affect operations in the near future.

Notes to Financial Statements December 31, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Ward 10 Recreation District (the District) was established by the Rapides Parish Police Jury for the purpose of acquiring, operating and maintaining recreation facilities. The District is governed by a Board of Commissioners appointed by the Rapides Parish Police Jury.

The accompanying policies conform to generally accepted accounting principles for governmental units.

Financial Reporting Entity

The Governmental Accounting Standards Board (GASB) established criteria for determining which component units should be considered part of a financial reporting entity. The basic criterion for including a potential component unit within a reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

- 1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the reporting entity to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the reporting entity.
- 2. Organizations for which the reporting entity does not appoint a voting majority but are fiscally dependent on the reporting entity.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the District is a component unit of the Rapides Parish Police Jury. The accompanying component unit financial statements present information only on the funds maintained by the District and do not present information on the police jury, the general government service provided by that governmental unit, or other governmental units that comprise the financial reporting entity.

Basic Financial Statements

The District's operations are classified as governmental activities. Governmental activities involve government services that are normally supported by taxes and intergovernmental revenues. The basic financial statements include both government-wide and fund financial statements. The government-wide and fund financial statements present the District's financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The effect of interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services, fees, contributions associated with a particular function and most grants.

Notes to Financial Statements December 31, 2024

Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. The District's major funds are described as follows:

- General Fund The general fund is the primary operating fund and is used to account for all governmental activities that are not required to be presented elsewhere.
- Debt Service Fund The Debt Service Fund is used to account for the accumulation of resources for, and the payment of general long-term obligation principal, interest, and related costs.

Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

Financial Statement Presentation	Basis of Accounting	Measurement Focus
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements	Modified Accrual Basis	Current Financial Resources

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus, revenue is recognized when it is considered measurable and available. Revenue is considered available if it is collected within 60 days of year end. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure of funds. In addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported as another financing source and repayment of long-term debt is reported as an expenditure of funds.

Use of Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budget Practices

The District prepares an annual budget for its general fund. This budget is submitted to the Board of Commissioners and an approved budget is adopted before the beginning of each year. If necessary, amended budgets are prepared prior to the conclusion of each fiscal year. The amended budgets are prepared and approved in the same manner as the original budget.

The general fund budget presents revenue and expenditures on a basis which is consistent with generally accepted accounting principles. No annual budget is required for the District's remaining funds.

Capital Assets

Capital assets include significant acquisitions of facilities and equipment that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund

Notes to Financial Statements December 31, 2024

financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

All capital assets are reported at historical cost less accumulated depreciation. Depreciated is computed using the straight-line method and estimated useful lives that are based on the expected durability of the particular asset. A useful life of seven years is typically used for equipment and useful lives ranging from 10 to 50 years for buildings and facility improvements.

Cash and Cash Equivalents:

Amounts reported as cash and cash equivalents (restricted and unrestricted) include all cash on hand, cash in bank accounts, certificates of deposit and highly liquid investments.

Internal Balances:

The District's funds occasionally use resources provided by another fund. When resources are provided without expectation of repayment, the transaction is reported as a transfer. Transfers are treated as a source of income by the recipient and as an expense or expenditure by the provider. If repayment is eventually expected to occur, interfund receivables and payables are recorded. Internal balances are eliminated in preparing government-wide financial statements.

NOTE 2 - CASH AND CASH EQUIVALENTS

Cash and cash equivalents at December 31, 2024 are presented as follows:

	Cas	sh in Bank
General Fund	\$	83,617
Debt Service		68,578
Total	\$	152,195

Cash in the District's bank account (\$152,195 collected bank balance) is protected from risks by \$152,195 of Federal Deposit Insurance.

NOTE 3 - ACCOUNTS RECEIVABLE

Accounts receivable are composed entirely of property taxes for the year ended December 31, 2024. Uncollectible accounts were estimated at \$31,795 approximately 3.5% of the receivable balance at year end.

NOTE 4 - CAPITAL ASSETS

Capital asset activity for the year is summarized as follows:

Depreciation on equipment and other improvements in the amount of \$281,971 has been reported as part of culture and recreation expenses.

NOTE 5 - ACCOUNTS PAYABLE

Accounts payable at December 31, 2024 consisted of trade payables incurred in connection with the operation of the facility and deposits made by lessees of the facility.

NOTE 6 - LONG-TERM DEBT

Debt outstanding at December 31, 2024 is summarized as follows:

Certificates of Indebtedness	\$ 130,000
Due within one year	65,000
Due in more than one year	\$ 65,000

A summary of transactions involving Certificates of Indebtedness is presented as follows:

Bonds payable, January 1, 2024	\$ 190,000

Retirements	60,000
Bonds payable, December 31, 2024	\$ 130,000

Details related to certificates of indebtedness outstanding at December 31, 2024 are provided as follows:

The District issued Certificates of Indebtedness, Series 2016 in the amount of \$550,000 on February 1, 2016. Payments of principal are due February 1 of each year and payments of interest are due February 1 and August of each year. Principal and interest payments began February 1, 2017 and end February 1, 2026. The interest rate on the Certificate of Indebtedness is 3.5%.

2025	\$	65,000	\$	3,413
2026		65,000		1,137
Total	\$	130,000	\$	4,550

NOTE 7 – INTERFUND ACTIVITY

Internal activity includes interfund receivables and payables as well as operating transfers. In the current year, the General Fund transferred \$68,400 to the Debt Service Fund. As there is no intention or obligation to repay this amount, it has been recorded as an operating transfer in the current year.

NOTE 8 - PROPERTY TAXES

The District levies property taxes using the assessed values determined by the Tax Assessor of Rapides Parish. For the year ended December 31, 2024, the District levied property taxes as follows:

Description	Levied
On March 23, 2024, an election was held to renew a five (5.00) mills ad valorem tax on each dollar of assessed valuation, on all property subject to such taxation within Rapides	
Parish for ten years, beginning with 2026 and ending in 2035 for the purpose of	
constructing, maintaining, and operating recreation facilities for the benefit of the Ward 10 area of Rapides Parish. Proceeds from this tax are considered unrestricted income, which is	
reported as general fund revenue in the accompanying statement of revenue, expenditures	
and changes in fund balance.	5.00

Property taxes are assessed on a calendar year basis and are due on or before December 31 in the year the tax is levied. Revenues from property taxes are recognized as revenue in the year billed.

NOTE 9 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft, damage or destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The District insures against these risks by participating in a public entity risk pool that operates as a common insurance program and by purchasing commercial insurance. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARD

To the Board of Commissioners Ward 10 Recreation District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and each major fund of the Ward 10 Recreation District, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 28, 2025.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Ward 10 Recreation District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Ward 10 Recreation District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Ward 10 Recreation District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This

report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

APPENDIX A Statewide Agreed-Upon Procedures

Independent Accountant's Report On Applying Agreed-Upon Procedures

To the Ward 10 Recreation District and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Ward 10 Recreation District (the Entity) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2024 through December 31, 2024. The Entity's management is responsible for those C/C areas identified in the SAUPs.

The entity has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period described above. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

We were engaged to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

29	Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267¹. The requirements are as follows: 1. Hired before June 9, 2020 - completed the training; and 2. Hired on or after June 9, 2020 - completed the training within 30 days of initial service or employment.	There was no evidence that a cybersecurity training was complete.	In the future, we will have each employee/official complete the necessary training.

¹ While it appears to be a good practice for charter schools to ensure its employees are trained to keep their information technology assets safe from cyberattack, charter schools do not appear required to comply with 42:1267. An individual charter school, though, through specific provisions of its charter, may mandate that all employees/officials receive cybersecurity training.

Sexual Harassment
