INDEPENDENT ACCOUNTANT'S REVIEW REPORT

The Board of Directors of
Louisiana Tourism Coastal Coalition

We have reviewed the accompanying financial statements of the Louisiana Tourism Coastal Coalition (a nonprofit corporation), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA, and the standards applicable to review engagements contained in *Governmental Auditing Standards*, issued by the United States Comptroller. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

The accompanying schedule of compensation, benefits, and other payments to the agency head is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and, accordingly, do not express an opinion on such information.

LOUISIANA TOURISM COASTAL COALITION
NOTES TO FINANCIAL STATEMENTS
June 30, 2019

A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of activities

The Louisiana Tourism Coastal Coalition (the "Organization") is a non-profit destination marketing organization. Following the historic 2010 BP oil spill, Louisiana's coastal parishes led a united effort to mitigate the economic impact to the tourism stakeholders and communicate with one voice. The Organization's mission is to advocate the sustainable development of coastal communities and the protection of fragile wetlands, and promotes the unique Louisiana Coast's natural, outdoor recreational and cultural experiences to visitors and residents.

Basis of accounting

The Organization prepares its financial statements on the accrual basis of accounting. Under this method of accounting, revenue is recognized when earned or billed, and expenses are recognized when goods or services are received and the obligation for payment is incurred.

Basis of presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC). The Organization reports information regarding its financial position and activities according to the two classes of net assets that are based upon the existence or absence of restrictions on use that are placed by its donors: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions are resources available to support operations and not subject to donor restrictions. The only limits on the use of net assets without donor restrictions are the broad limits resulting from the nature of the Organization, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Net assets with donor restrictions are resources that are subject to donor-imposed restrictions. Some restrictions are temporary in nature, such as those that are restricted by a donor for use for a particular purpose or in a particular future period. Other restrictions may be perpetual in nature; such as those that are restricted by a donor that the resources be maintained in perpetuity.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets with donor restrictions to net assets without donor restrictions.

A: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Contributions and grants

Contributions and grants received are measured at their fair values and are reported as an increase in net assets.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash

For the purposes of the statement of cash flows, the Organization considers all unrestricted highly liquid investments with a maturity of three months or less when acquired to be cash.

Income tax status

The Organization is exempt from federal income taxes under Section 501(c)(6) of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the financial statements.

The Organization accounts for income taxes in accordance with the income tax accounting guidance included in the FASB ASC. Under this guidance, the Organization may recognize the tax effects from an uncertain tax position only if it is more likely than not that the tax position will be sustained upon examination by tax authorities. The Organization has evaluated its position regarding the accounting for uncertain tax positions and does not believe that it has any material uncertain tax positions.

Functional allocation of expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of functional expenses. Accordingly, certain costs are charged specifically to a program or function and the remaining costs are allocated among programs, management, and fundraising.

Advertising

The costs of advertising are expensed as incurred. For the year ended June 30, 2019, advertising costs totaled \$67,899.

B: CONCENTRATION OF REVENUE

For the year ended June 30, 2019, grant revenue related to the BP oil spill accounted for approximately 61% of the total support and revenues to the Organization.

C: CONCENTRATION OF CREDIT RISK

The Organization maintains deposits in a local financial institution with balances at times that may exceed the \$250,000 federal insurance provided by the Federal Deposit Insurance Corporation. Management believes the credit risk associated with these deposits is minimal.

D: NON-CASH INVESTING AND FINANCING ACTIVITIES

There were no non-cash investing and financing activities for the year ended June 30, 2019.

F: LIQUIDITY

As of June 30, 2019, the Organization had \$189,331 of financial assets available within one year of the statement of net position date consisting of cash. None of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the statement of position date.

G: LEASE COMMITMENTS

The Organization leases storage space under an agreement that is classified as an operating lease. The lease is month-to-month and provides for monthly rent of \$140. Lease expense under this agreement was \$1,725 for the year ended June 30, 2019.

H: SUBSEQUENT EVENTS

Subsequent events were evaluated through August 14, 2019, which is the date the financial statements were available to be issued.
