Independent Auditors' Report

Report on the Financial Statements

We have audited the accompanying financial Statements of Children's Coalition for Northeast Louisiana, Inc. (a nonprofit Louisiana corporation) which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, functional expenses and cash flows for the years then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Children's Coalition for Northeast Louisiana, Inc. as of June 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of compensation, benefits and other payments to agency head is presented for the purpose of additional analysis and is not a required part of the financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2021 on our consideration of Children's Coalition for Northeast Louisiana, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Children's Coalition for Northeast Louisiana, Inc.'s internal control over financial reporting and compliance.

NOTE 1 - DESCRIPTION OF ORGANIZATION

Children's Coalition for Northeast Louisiana, Inc. - a voluntary health and welfare organization (the Coalition) was established in 2000 to act as a coordinating agency to develop a comprehensive and integrated system of resources that support children and their families as they live and grow to their full potential.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Coalition conform to generally accepted accounting principles as applicable to voluntary health and welfare organizations. The more significant accounting policies of the Coalition are described below:

A. Basis of Presentation

The financial statements have been prepared on an accrual basis of accounting in accordance with generally accepted accounting principles.

The Coalition has adopted Accounting Standards Update (ASU) No. 2016-14, *Not-for-Profit Entities* (*Topic 958*): Presentation of Financial Statements of Not-for-Profit Entities which establishes standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into two net asset categories according to externally (donor) imposed restrictions. ASC section 958-605 Not-for-Profit Entities, Revenue Recognition requires that unconditional promises to give (pledges) be recorded as receivables and revenues and requires the organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions.

<u>Net Assets Without Donor Restriction</u> – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

<u>Net Assets With Donor Restrictions</u> – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources by maintained in perpetuity. Donor-imposed restrictions are released when the restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

B. Revenue and Revenue Recognition

In accordance with FASB ASC 958-205, *Not-For-Profit Entities – Revenue Recognition*, contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions depending upon the existence of donor-imposed restrictions. The Coalition has elected to recognize restricted contributions that are released from the restriction in the same year as unrestricted contributions.

The Organization recognizes revenue from events at the time of admission. Membership dues, which are nonrefundable, are considered to be contributions and are recognized immediately.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Revenue and Revenue Recognition (Continued)

A portion of the Organization's revenue is derived from cost-reimbursable federal and state contacts and grants, which are conditioned upon certain performance requirements and/ or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions.

The Organization has adopted Accounting Standard Update (ASU) No. 2018-08 *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 605).* The Organization does not believe the application of the provisions has a material effect on the amounts presented or disclosed.

C. Donated Services

Members, agencies, business firms, volunteers and others contribute substantial services toward the fulfillment of projects initiated by the Coalition. No amounts have been recognized in the Statement of Activities because the criteria for recognition of such volunteer effort under ASC 958-55 have not been satisfied, except as discussed below.

In October 2014, the Coalition was awarded an Early Head Start Grant from the Department of Health and Human Services, Administration for Children and Families. This grant requires a portion of the Federal funding be matched with non-federal funds including donated services. The donated services are given a value based on federal guidelines. These donated services included in income and expenses totaled \$508,855 and \$524,927 for years ended June 30, 2021 and 2020, respectively.

D. Property and Equipment

Purchases of improvements, and furniture and equipment are recorded at cost. All donated capital assets are recorded at fair market value on the date of the donation. Depreciation is computed on a straight-line basis over the useful lives of the assets using the following estimated lives:

	Years
Furniture and Equipment	3 - 10
Leasehold Improvements	10

Expenditures for major renewals or betterments, which extend the useful lives of property, improvements, and equipment, are capitalized. Expenditures for maintenance and repairs are expensed as incurred. All expenditures for furniture and equipment in excess of \$500 were generally capitalized until November 2015. At that time, the Coalition adopted the same beginning limit as Early Head Start, which was \$5,000. In early 2019, the Coalition adopted a new capitalization policy, which requires all physical assets acquired with unit costs in excess of \$2,000 to be capitalized.

E. Leased Equipment Capitalized

The imputed cost of leased equipment is capitalized and charged to earnings using the straight-line method of amortization over estimated useful lives of five years for financial reporting purposes.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Leased Equipment Capitalized (Continued)

Generally, when items of leased property are retired or otherwise disposed of, the cost and related accumulated amortization are removed from the accounts and any resulting gain or loss is reflected in income. There were no capital leases during the 2021 fiscal year.

F. Compensated Absences

Employees earn forty hours of vacation after completing six months of employment. After one year, they earn eighty hours and after five years, they earn one hundred twenty hours increasing to one hundred sixty hours after ten years. Employees hired prior to January 1, 2016 earn eight days of sick leave after six months. After one year, they earn sixteen days increasing to twenty days after five years. Employees hired on or after January 1, 2016 will continue earning the same number of sick days based on the year(s) of employment, but it will be on an accrued basis per pay period.

The financial statements do not include any accrual for vacation or sick pay. The Coalition's policy is that vacation days are taken in the year accrued or compensated prior to year-end, but they can be carried over if approved by the Executive Director. Sick days may be accumulated to a maximum of 60 days; however, employees are not paid for any unused sick days upon termination.

G. Functional Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. Specific expenses that are readily identifiable to a single program or activity are charged directly to that function. However, some expenses relate to more than one function and must be allocated among the program and supporting services benefited. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Coalition. Costs associated with School Readiness Tax Credits are included in fundraising expenses. The Coalition records expenses to departments and programs to facilitate the functionalization between Program Services, Management and General and Fundraising.

The expenses that are allocated include the following:

Expense	Method of Location
Salaries and Benefits	Time and Effort
Occupancy costs	Square footage/Actual usage
Depreciation	Expense percentages

H. Liquidity

Assets are presented in the accompanying statement of financial position according to their nearness of conversion to cash and liabilities according to the nearness of their maturity and resulting use of cash.

I. Programs

Children's Coalition's principal programs and primary funding sources are:

Healthy Living:

Al's Pals: Kids Making Healthy Choices (SRTC Funded): Al's Pals is a life skills program for 4 and 5 year olds. The bi-weekly program serves PK and Kindergarten students in 41 schools with 97 classrooms, as well as 4-year-olds in 9 childcare centers in Ouachita, Morehouse, and Union parishes. Funding for this program was initially through the Louisiana Department of Health and Hospitals—Office of Behavioral Health, but authority for contracting and funding was transferred to the Northeast Delta Human Services Authority in 2014. Starting in 2020, this program is now funded internally.

Children's Coalition Family Garden (LPFA, sponsors and donors): The Louisiana Public Facilities Administration granted \$40,000 to construct the Family Garden that surrounds the new Coalition office on Hall Street. In addition, AETNA and individual donors sponsored programming and materials for monthly Super Saturdays where community can learn how to garden and play together in the Early Childhood Outdoor Learning Center.

Prevent Child Abuse (community donations): This is a community-led effort to train and disseminate materials related to child abuse prevention (e.g., Darkness to Light; Partners in Prevention). Funds were collected as donations to purchase books for the free training.

Early Childhood Education:

Northeast Louisiana Child Care Connections (LDOE): Currently funded through the Louisiana Department of Education through Child Development Block Grant funds, this initiative was originally funded through the Department of Children and Family Services (DCFS). Child Care Connections is the Child Care Resource and Referral agency for 11 parishes in northeast Louisiana and provides consumer education and referral services, training for childcare providers and staff, and technical assistance in childcare centers and in family childcare homes. A major focus in the past year has been assisting childcare centers and consumers to navigate the changes in the system as part of the implementation of Act 3 of 2012. As the Resource and Referral agency for northeast Louisiana, the Children's Coalition is eligible to receive Louisiana School Readiness Tax Credit funds from businesses and corporations. These funds are used to support quality in and awareness of early care and education.

Early Childhood Curriculum Certification Reimbursement (LDOE): As part of the work done by Child Care Connections, the Louisiana Department of Education provided partial funding to Type III Child Care Centers to purchase approved Early Childhood Curriculum. Centers applied to Child Care Connections for 80% reimbursement from the state for curriculum purchased.

Mental Health Consultation (Tulane): Funding from the Tulane Institute for Infant and Early Childhood Mental Health provides a mental health consultant to childcare centers for up to six months. The program is made possible by a grant from the Louisiana Department of Education (formally from the Louisiana Department of Children and Family Services).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Programs (Continued)

Lead Agencies (LDOE, Lead Agencies, Lead Agencies - IDEA): The Coalition is the lead agency in four parishes in northeast Louisiana: Ouachita Parish OPENetwork, Morehouse Parish MORENetwork, Richland Parish RICHNetwork, and East Carroll Parish EAST CARROLL Network. Originally listed as separate network "pilots" in the budget, the funding is now under one budget heading. The Lead Agency works with all publicly funded early childhood programs in each parish: Type III childcare centers, public school PreK, NSECD, Head Start and Early Head Start (where available). The Lead Agency is charged to coordinate enrollment and assessment as part of the full implementation of the Louisiana Early Childhood Act (Act 3 of 2012).

PK-Expansion Classrooms (LDOE): Louisiana was one of 13 States awarded by the Department of Education (DoE) to expand high-quality preschool programs in targeted communities that would serve as models for expanding preschool to all 4-year-olds from low- and moderate-income families. Ouachita Parish was one of six community networks chosen by the Louisiana Department of Education to implement the PK-Expansion grant in Monroe City Schools. The grant is a four-year award that provides 50 PK slots to families with at-risk children in a quality early learning center with a credentialed teacher who receives coaching and professional development. The grant is in its sixth year of implementation. As of 2020, the grant from LDOE has ended, but it now being funded through an MOU with one charter school downsizing to one classroom

Ancillary Teaching Certificate/Believe and Prepare (LDOE): This is a pilot program to develop and implement curricula in support of early childhood educators who are pursuing their ancillary teaching certificate and national CDA certification. The Ancillary Teaching Certificate implementation is funded by Pathways scholarships for a cohort of 20 early educators which began in FY 2016-2017 and its currently in its 7th cohort.

Early Childhood Comprehensive Systems (ECCS) Morehouse Kids 1st (HRSA, LDH): This is the fifth year of a five-year award from Health Resources and Services Administration (HRSA) through the Louisiana Department of Health (LDH). Children's Coalition is one of two agencies working with the State in a national collaborative to build capacity for and test the validity of innovative strategies that increase school readiness for three-year-old children in Morehouse Parish.

Family Child Care Stipend (LDOE): This is a one-time funding to pay home-based childcare pilot participants stipends as an incentive for participating in the family childcare pilot program. The Children's Coalition is one of two agencies participating in order for the Louisiana Department of Education to learn more about the quality of family childcare. These stipends were made possible by the Preschool Development Grant Birth to Five (PDG B-5).

Ready Start Community Networks (LDOE): To address current challenges faced by early childhood community network lead agencies, Louisiana's legislature amended RS 17:407.23 during the 2018 regular legislative session. This legislation authorized Louisiana's Board of Elementary and Secondary Education (BESE) to use available public and private funds to implement new strategies to increase access to and improve the quality of early childhood care and education programs by establishing pilot programs in high-performing community networks. These pilot programs will inform the advancement of Louisiana's unified early childhood care and education system.

The Louisiana Early Leaders Academy is a department initiative that is designed to increase the instructional leadership skills of early learning center directors. The rigorous 10-month program required participation in fellowship training sessions, job-embedded coaching, communities of practice, and a capstone presentation. Private philanthropic dollars from Kellogg Foundation funded a stipend for participating directors to offset the cost of participation.

PDG Seats (LDOE): The Louisiana Department of Education won a competitive federal Preschool Development Renewal Grant to create new seats at early learning sites for low-income children birth to age 3, to improve the quality of early childhood education programming, and to build the capacity of local communities to meet the needs of their youngest learners. Through these new seats, families of at-risk children will be able to access birth-3 seats in diverse delivery settings that respond to community needs and align with local community plans.

Early Head Start (EHS) targets low-income pregnant women and families with children from birth through age 3, most of whom are at or below the federal poverty level or who are eligible for Part C services under the Individuals with Disabilities Education Act in their State. The program provides early, continuous, intensive, and comprehensive child development and family support services. Funding from the CACFP Feeding Program is used as a supplement for food cost and a grant from United Way for formula and diapers is part of the non-federal match. Funding for this program was initially through the Louisiana Department of Health and Hospitals—Office of Behavioral Health, but authority for contracting and funding was transferred to the Northeast Delta Human Services Authority in 2014. Funding was cut suddenly at the beginning of FY 2015-2016 and a small grant from Living Well with matching funds from schools participating in the project allowed the program to continue. Matching funding from Union Parish School Board, Bastrop High School, Lee Middle School, and Ouachita Jr. High enabled the program to be delivered to middle school students in Union, Morehouse, and Ouachita parishes. This program is now being funded through private donations.

Mapping Adolescent Health (LPHI): Funded by Louisiana Public Health as part of a larger capacity-building initiative to address adolescent reproductive health, this initiative collected and analyzed local data from three sectors (Medical, Educational and Community-Based Organizations) to examine gaps and redundancies in adolescent reproductive health care and education in Ouachita Parish. LPHI is funded in part by a grant from the Packard Foundation that supports this work.

J. Income Taxes

The Coalition is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code but must file an annual return with the Internal Revenue Service that contains information on its financial operations. The Coalition is required to review various tax positions it has taken with respect to its exempt status and determine whether in fact it continues to qualify as a tax-exempt entity. It must also consider whether it has nexus in jurisdictions in which it has income and whether a tax return is required in those jurisdictions.

In addition, as a tax-exempt entity, the Coalition must assess whether it has any tax positions associated with unrelated business income subject to income tax. The Coalition does not expect any of these tax positions to change significantly over the next twelve months. Any penalties related to late filing or other requirements would be recognized as penalties expense in the Coalition's accounting records.

The Coalition is required to file U.S. federal Form 990 for informational purposes. Its federal income tax returns for the tax years 2017 and beyond remain subject to examination by the Internal Revenue Service.

As of June 30, 2021, the Coalition had no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Contributions to the Coalition are tax deductible within the limitations prescribed by the Code.

For purposes of the Statements of Cash Flows, the Coalition considers demand deposits, time deposits and certificates of deposit with an original maturity of three months or less to be cash equivalents.

L. Grants and Accounts Receivable

Accounts receivable and receivables on grants are stated at the amount management expects to collect from outstanding balances. All balances are expected to be collected within one year. There were no promises receivable recorded.

M. Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 9 – FINANCIAL INSTRUMENTS

FAIR VALUES

The Coalition's financial instruments consist of cash (restricted and unrestricted), receivables, accounts payable, other current liabilities, and the line of credit. The carrying values of these instruments approximate their fair values.

CONCENTRATIONS OF CREDIT RISK

The Coalition has concentrated credit risk for cash by maintaining deposits in one bank. At June 30, 2021, there were deposits of approximately \$2,482,062 in deposit liabilities reported by the bank in excess of the amount that would have been covered by federal insurance.

COLLATERALIZATION POLICY

The Coalition does not require collateral to support financial instruments subject to credit risk unless otherwise disclosed.

NOTE 10 - SIMPLE-IRA PLAN

Effective June 5, 2014, the Coalition adopted a SIMPLE-IRA Plan for eligible employees, with employee contributions beginning with July 2014 payrolls. Currently eligible employees are those who are expected to receive at least \$5,000 in compensation in the current year. The Coalition matches employee contributions up to 3% of employee compensation. Employer contributions for the years ending June 30, 2021 and 2020 were \$25,009, and \$16,892 respectively.

NOTE 11 - DISCLOSURES ABOUT CONCENTRATIONS

The Coalition receives the majority of its revenue in the form of grants from various Federal and State agencies. These grants are subject to review by the grantor agencies, which could result in disallowed costs, and there are no guarantees as to future funding.

During the fiscal years ended June 30, 2021 and 2020, the Coalition received \$812,500 and \$889,050 respectively from School Readiness Tax Credits, a tax credit from the state of Louisiana. This tax credit depends on a number of factors including businesses being willing to give the Coalition donations and the Louisiana State Legislature continuing the credit in future years. As with the above-mentioned grants, there are no guarantees of future income.

The Children's Coalition was awarded a grant from the Department of Health and Human Services, Administration for Children and Families for \$4,776,486 for Early Head Start for the period August 1, 2014 through May 31, 2020, effective beginning October 1, 2014. NOTE 12 – RISK OF LOSS

The Coalition is exposed to a variety of risks that may result in losses. These risks may include possible loss from acts of God, injury to employees, property damage, or breach of contract. The Coalition finances these potential losses through purchasing insurance. The level of coverage has remained constant.

NOTE 13 – ACCOUNTING POLICIES NOT YET ADOPTED

In February 2016, the FASB issued ASU No. 2016-02, "Leases: (Topic 842). Under the new guidance, lessees will be required to recognize the following for all leases (with the exception of short-term leases) at the commencement date:

- Lease liability, which is a lessee's obligation to make lease payments arising from a lease, measured on a discounted basis; and
- A right-of-use asset, which is an asset that represents the lessee's right to use, or control the use of, a specified asset for the lease term.

Additional qualitative and quantitative disclosures will be required so that users can understand more about the nature of an entity's leasing activities. Also, the new lease guidance simplified the accounting for sale and leaseback transactions primarily because lessees must recognize lease assets and lease liabilities. Lessees will no longer be provided with a source of off-balance sheet financing.

Lessees (for capital and operating leases) and lessors (for sale-type, direct financing, and operating leases) must apply a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. The modified retrospective approach would not require any transition accounting for leases that expired before the earliest comparative period presented. ASU No. 2016-02 will be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Coalition is currently evaluating the potential impact of adopting this guidance on its financial statements.

NOTE 14 – UNCERTAINTIES ARISING DUE TO THE PANDEMIC

In March 2020, the World Health Organization declared the coronavirus outbreak a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses.

The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Organization operates. While it is unknown how long these conditions will last and what the complete financial effect will be to the Organization, it is continuing to maintain flexibility in its operations to effectively manage the risks presented by the pandemic.

NOTE 15 – SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

NOTE 15 – SUBSEQUENT EVENTS (Continued)

Subsequent events have been evaluated through December 15, 2021, which is the date the financial statements were available to be issued and have been appropriately recorded or disclosed.

In July 2021, the Coalition was granted an award through the LA Department of Education with the purpose of procuring items for outdoor learning, to provide technical assistance to centers attending training to complete an outdoor learning plan, and to provide training and technical assistance to each participating center to support implementation of developmentally appropriate outdoor activities. The award is for \$715,176 and the period of performance is for one year, ending in June 2022.

For the fiscal year ending June 30, 2022, the Coalition was awarded the B-3 Seats PDG program through the Louisiana Department of Education. This program allows families that meet income eligibility requirements to have access to free childcare. The grant is for \$1.2 million.

Independent Auditor's Report on Internal Control Over Financial Reporting and on <u>Compliance and Other Matters Based on an Audit of Financial Statements</u> <u>Performed in Accordance with Government Auditing Standards</u>

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Children's Coalition for Northeast Louisiana, Inc. (a non-profit organization), which comprise the statement of financial position as of June 30, 2021, and the related statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 15, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Children's Coalition for Northeast Louisiana, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Children's Coalition for Northeast Louisiana, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Children's Coalition for Northeast Louisiana, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Children's Coalition for Northeast Louisiana, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Children's Coalition for Northeast Louisiana, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

A *deficiency in internal control over compliance* exits when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
