Independent Auditor's Report

To the Members of the Board of Commissioners of
Consolidated Gravity Drainage District No. 1 of
Tangipahoa Parish
Tickfaw, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the general fund of the Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish (Drainage District), a component unit of Tangipahoa Parish Government, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Drainage District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish, as of December 31, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis found on pages 5 through 9, the budgetary comparison schedule, the schedule of changes in the District's total OPEB liability and related ratios, the schedule of the District's proportionate share of the net pension liability, and the schedule of the District's contributions found on pages 39 through 42 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Drainage District's financial statements. The schedule of compensation, benefits, and other payments to agency head is presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The schedule of compensation, benefits, and other payments to agency head and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, benefits, and other payments to agency head and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report, dated May 10, 2019, on our consideration of the Drainage District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Drainage District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Drainage District's internal control over financial reporting and compliance.

Required Supplemental Information (Part I):
Management's Discussion and Analysis

Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish

Tickfaw, Louisiana

Management's Discussion and Analysis

For the Year Ended December 31, 2018

Introduction

Consolidated Gravity Drainage District No.1 of Tangipahoa Parish (the "District") is pleased to present its Annual Financial Report developed in compliance with Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – Management's Discussion and Analysis – For State and Local Governments*, and related standards.

The District's discussion and analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the District's financial activity, (c) identify changes in the District financial position, (d) identify any significant variations from the District's financial plan, and (e) identify individual fund issues or concerns.

As with other sections of this financial report, the information contained within this Management's Discussion and Analysis should be considered only a part of a greater whole. The readers of this statement should take time to read and evaluate all sections of this report, including the footnotes and the other Required Supplemental Information ("RSI") that is provided in addition to this Management's Discussion and Analysis.

Financial Highlights

- At December 31, 2018, the District's assets exceeded its liabilities by \$15,806,900 (net position). Of this amount, \$13,479,496 (unrestricted net position) may be used to meet the District's ongoing obligations for drainage work for its citizens.
- At December 31, 2018, the District's total assets decreased by 5.37% or \$963,415. This is primarily due to the increased expenditures on capital improvement projects.
- At December 31, 2018, the District's government fund reported an ending fund balance of \$13,939,674, a decrease of \$1,130,594 for the year. This decrease is due primarily to an increase in capital improvement projects for its citizens.
- Investment income for the year ended December 31, 2018, was \$238,924, an increase of \$48,930. This increase is due primarily to an increase in interest rates on investments.
- Ad valorem taxes for the year ended December 31, 2018, were \$4,644,910, which represents a decrease of \$123,242.

Overview of the Annual Financial Report

The financial statement focus is on both the District as a whole and on the major individual funds. Both perspectives, government-wide and major funds, allow the user to address relevant questions, broaden a basis for comparison, and enhance the District's accountability. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Management's Discussion and Analysis is intended to serve as an introduction to the District's basic financial statements, which consist of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary schedules in addition to the basic financial statements.

Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish

Tickfaw, Louisiana

Management's Discussion and Analysis (Continued)

For the Year Ended December 31, 2018

Government-Wide Financial Statements

The Government-Wide Financial Statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on the District's assets and liabilities using the accrual basis of accounting, in a manner similar to the accounting used by private business enterprises. The difference between the assets and liabilities is reported as net position. Over time, the increases or decreases in net position and changes in the components of net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year, focusing on both the gross and net costs of various activities that are supported by the District's various revenues. This is intended to summarize and simplify the reader's analysis of the cost and / or subsidy of various governmental services.

In the government-wide financial statements, the District's activities are of single type:

- Governmental activities – The District's basic services are reported here, and are financed primarily through ad valorem taxes.

The government-wide financial statements include the Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish (component unit of the Tangipahoa Parish Government) only and can be found on Exhibits A and B of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related and legal requirements. The District uses a single category of funds to account for financial transactions: governmental funds. Traditional users of governmental financial statements will find the fund financial statements presentation more familiar.

Governmental funds are used to account for all the District's basic services. However, unlike the government-wide financial statements, governmental fund financial statements focus on how money flows into and out of those funds and the balances that are left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. The basic governmental fund financial statements can be found on Exhibits C and E of this report.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, there are differences in the information presented for government funds and for governmental activities in the government-wide financial statements. Review of these differences provides the reader of the financial statements insight on the long-term impact of the District's more immediate decisions on the current use of financial resources. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Management's Discussion and Analysis (Continued)
For the Year Ended December 31, 2018

governmental funds and governmental activities. The reconciliations can be found on Exhibits D and F of this report.

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The following table provides a summary of the District's net position for the current year as compared to the prior year. For more detailed information, see the Statement of Net Position on Exhibit A of this report.

**Net Position
December 31, 2018 and 2017**

| | Governmental Activities | | | |
|----------------------------------|-------------------------|----------------------|-----------------------|----------|
| | 2018 | 2017 | \$ Change | % Change |
| Assets: | | | | |
| Current and Other Assets | \$ 14,657,264 | \$ 15,564,017 | \$ (906,753) | -5.83% |
| Capital Assets | 2,327,404 | 2,384,066 | (56,662) | -2.38% |
| Total Assets | <u>\$ 16,984,668</u> | <u>\$ 17,948,083</u> | <u>\$ (963,415)</u> | -5.37% |
| | | | | |
| Deferred Outflows | <u>\$ 199,563</u> | <u>\$ 359,407</u> | <u>\$ (159,844)</u> | -44.47% |
| | | | | |
| Liabilities: | | | | |
| Other Liabilities | \$ 625,309 | \$ 493,749 | \$ 131,560 | 26.65% |
| Long-Term Liabilities | 476,426 | 376,547 | 99,879 | 26.52% |
| Total Liabilities | <u>\$ 1,101,735</u> | <u>\$ 870,296</u> | <u>\$ 231,439</u> | 26.59% |
| | | | | |
| Deferred Inflows | <u>\$ 275,596</u> | <u>\$ 48,414</u> | <u>\$ 227,182</u> | 469.25% |
| | | | | |
| Net Position: | | | | |
| Net Investment in Capital Assets | \$ 2,327,404 | \$ 2,384,066 | \$ (56,662) | -2.38% |
| Unrestricted | 13,479,496 | 15,004,714 | (1,525,218) | -10.16% |
| Total Net Position | <u>\$ 15,806,900</u> | <u>\$ 17,388,780</u> | <u>\$ (1,581,880)</u> | -9.10% |

Approximately 15% of the District's net position reflects its investment in capital assets (land, buildings, furniture, and equipment) net of any outstanding debt used to acquire those assets. These capital assets are used to provide services to citizens and do not represent resources available for future spending.

Approximately 85% of the District's net position are unrestricted and may be used to meet the District's ongoing obligations to its citizens at the District's discretion.

Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish

Tickfaw, Louisiana

Management's Discussion and Analysis (Continued)

For the Year Ended December 31, 2018

At the end of the current fiscal year, the District's was able to report positive balances in its three categories of net position. The same held true for the prior fiscal year.

The District's activities decreased its net position by \$1,214,489, with the decrease is primarily attributable to its increase in drainage canal improvement activities.

In order to further understand what makes up the changes in net position, the following table provides a summary of the results of the District's activities for the current year as compared to the prior year, restated for GASB 68. An analysis of the primary sources of these changes follows the table. For more detailed information, see the Statement of Activities on Exhibit B of this report.

**Changes in Net Position
For the Years Ended December 31, 2018 and 2017**

| | Governmental Activities | | | |
|--------------------------------|-------------------------|----------------------|-----------------------|----------|
| | 2018 | 2017 | \$ Change | % Change |
| Revenues: | | | | |
| Program Revenues | \$ - | \$ - | \$ - | - |
| General Revenues | 6,366,413 | 5,130,311 | 1,236,102 | 24.09% |
| Total Revenues | 6,366,413 | 5,130,311 | 1,236,102 | 24.09% |
| Expenses: | | | | |
| Public Works - Drainage | 7,362,628 | 9,195,469 | (1,832,841) | -19.93% |
| Depreciation | 218,274 | 221,837 | (3,563) | -1.61% |
| Total Expenses | 7,580,902 | 9,417,306 | (1,836,404) | -19.50% |
| Changes in Net Position | (1,214,489) | (4,286,995) | 3,072,506 | -71.67% |
| Net Position, Beginning | 17,388,780 | 21,260,307 | (3,871,527) | -18.21% |
| Prior Period Adjustment | (367,391) | 415,468 | (782,859) | -188.43% |
| Net Position, Ending | <u>\$ 15,806,900</u> | <u>\$ 17,388,780</u> | <u>\$ (1,581,880)</u> | -9.10% |

Governmental Activities

The District's governmental net position decreased by \$1,581,880, or 9% of the prior year ending net position, to \$15,806,900. Revenues increased by \$1,236,102 and expenses decreased by \$1,836,404 causing the net decrease in net position.

The increase in expenses noted above is primarily comprised of increased expenses on rehabilitation projects.

Fund Financial Analysis

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish

Tickfaw, Louisiana

Management's Discussion and Analysis (Continued)

For the Year Ended December 31, 2018

Governmental Funds

The focus of the District's governmental funds is to provide information on near-term, inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the District's net resources available for spending at the end of the year.

At the end of the current year, the District's governmental funds reported ending fund balance of \$13,939,674. This represents a decrease of \$1,130,594 or 8% of the prior year's ending balances.

Major Governmental Fund Budgetary Highlights

District demonstrated legal compliance by adopting and amending its budget in accordance with provisions of the Local Government Budget Act. As required by state law, actual revenues and other sources were within 5% of budgeted revenues and other sources, and actual expenditures and other uses did not exceed budgeted expenditures and other uses by 5%.

Capital Assets and Debt Administration Capital Assets

The District's investment in capital assets for its governmental activities as of December 31, 2018, amounts to \$2,327,404 (net of depreciation). Asset purchases were \$199,112. The total decrease in the District's investment in capital assets for the current fiscal year was \$56,662 (net depreciation).

The following table provides a summary of the District's capital assets (net of depreciation) at the end of the current year as compared to the prior year. For more detailed information see Note 6 to the financial statements.

| | Governmental Activities | |
|--------------------------------|-------------------------|---------------------|
| | 2018 | 2017 |
| Land | \$ 70,000 | \$ 70,000 |
| Buildings | 1,040,551 | 1,080,182 |

Exhibit F

Reconciliation of the Governmental Funds Statement of Revenue, Expenditures, and
Changes in Fund Balance to the Government-Wide Statement of Activities
For the Year Ended December 31, 2018

Net Change in Fund Balance, Governmental Funds (Exhibit E) **\$ (1,130,594)**

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. These differences consist of:

| | |
|---|-----------|
| Capital Outlay | 199,112 |
| Depreciation Expense | (218,274) |
| Gain / (Loss) on Disposal of Fixed Assets | (37,500) |

In accordance with Governmental Accounting Standards Board Statement No. 68, the net pension liability related pension plans is not required to be recorded in the governmental fund financial statements. Adjustments to pension expense related to charges in deferred outflows of resources and deferred inflows of resources are reflected in the statement of activities:

| | |
|---|----------|
| Net Change in Pension Expense | (31,628) |
| Contributions from Non-Employer Contributing Entities | 9,243 |

The net change in long-term liabilities is reported in the government-wide statements, but not in the governmental fund statements:

| | |
|-------------------------------------|----------------|
| Postemployment Health Care Benefits | <u>(4,848)</u> |
|-------------------------------------|----------------|

Change in Net Position of Governmental Activities (Exhibit B) **\$ (1,214,489)**

The accompanying notes are an integral part of this statement.

Notes to the Financial Statements

Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish

Tickfaw, Louisiana

Notes to the Financial Statements

As of and For the Year Ended December 31, 2018

Narrative Profile

The Consolidated Gravity Drainage District No.1 of Tangipahoa Parish (hereinafter referred to as "District") was created by the Tangipahoa Parish Police Jury as authorized by Act 19 of the 1950 Second Extraordinary Session of the Louisiana Legislature, as amended by Act 384 of the 1981 Regular Session of the Louisiana Legislature. The District was created to open and maintain all natural drains in the district, where drainage is accomplished using the natural force of gravity. This may be accomplished by cutting and opening new drains, ditches, and canals. The District is governed by a board of commissioners consisting of nine (9) members of the Tangipahoa Parish Council who represent any portion of Wards 6, 7, or 8 of Tangipahoa Parish, which comprise the boundaries of the District. The District employs approximately fifteen (15) employees, including an administrator, office staff, and construction and maintenance employees. The District maintains an office and maintenance facility in Tickfaw, Louisiana. The District is presently responsible for maintaining approximately three hundred fifty (350) miles of drainage canals within the district.

1. Summary of Significant Accounting Policies

A. Basis of Presentation

The accompanying component unit financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The accompanying basic financial statements have been prepared in conformity with GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, issued in June 1999, and as amended by GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes (LRS) and to guides set forth in the *Louisiana Governmental Audit Guide* and to the industry audit guide, *Audits of State and Local Governmental Units*.

B. Reporting Entity

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the District is considered a component unit of Tangipahoa Parish Government. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the parish government, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. Fund Accounting

The District uses fund accounting to maintain its financial records and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions relating to certain District functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish

Tickfaw, Louisiana

Notes to the Financial Statements (Continued)

For the Year Ended December 31, 2018

Governmental Funds

Governmental funds account for all of the District's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources that may be used to finance future period programs or operations of the District. The following are the District's governmental funds:

General Fund – the primary operating fund of the District that accounts for the operations of the District. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the District's policy.

D. Measurement Focus/Basis of Accounting

Basic Financial Statements – Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the District as a whole. These statements include all the activities of the District with the interfund activities removed. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Interest earnings and other revenues not properly included among program revenues are reported instead as general revenues.

Basic Financial Statements – Governmental Funds

The amounts reflected in the General Fund are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e. revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of the current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of the District's operations.

The amounts reflected in the General Fund use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers all revenues available if they are collected

Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish

Tickfaw, Louisiana

Notes to the Financial Statements (Continued)

For the Year Ended December 31, 2018

within 60 days after the fiscal year end except ad valorem taxes and state revenue sharing, which are recognized in the period for which they are levied. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which are recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues – Revenues from ad valorem taxes and state revenue sharing are recognized in the period for which they are levied. Investment earnings are recognized when earned. Substantially all other revenues are recorded when received.

Expenditures – Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Reconciliation – Explanation of differences between the governmental fund balance sheet and the government-wide statement of net position is presented in Statement D of the basic financial statements. Explanation of differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities is presented in Statement F of the basic financial statements.

E. Budget and Budgetary Accounting

Demonstrating compliance with the adopted budget is an important component of a government's accountability to the public. Many citizens participate in one way or another in the process of establishing the annual budgets of state and local governments, and have a keen interest in following the actual financial process of their governments over the course of the year. Many governments revise their budgets over the course of the year for a variety of reasons. As a result, the District's original budget is shown along with the comparison of the final budget and actual results.

The District follows these procedures in establishing the budgetary data reflected in these financial statements:

1. The District prepares budgets on the modified accrual basis of accounting in accordance with GAAP. The District adopted a budget for the General Fund.
2. The District's administrator prepares the proposed budget and submits it to the board of commissioners no later than fifteen (15) days prior to the beginning of each fiscal year. The proposed budget for 2018 was presented to the board of commissioners on November 15, 2017.
3. The public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
4. A public hearing is held on the proposed budget at least ten (10) days after publication of the call for the hearing. The public hearing on the proposed budget for 2018 was held on December 6, 2017.
5. After holding the public hearing and completion of all action necessary to finalize and implement the budget, the budget is adopted. The proposed budget for 2018 was adopted on December 6, 2017.

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

6. Budgetary amendments require the approval of the board of commissioners. The budget for the District was amended on November 14, 2018.
7. All budgetary appropriations lapse at year-end.
8. Periodic budget comparisons are made as a part of interim reporting. Budgeted amounts included in the accompanying financial statements include the originally adopted budget amounts and final amended budgetary amounts.

F. Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the District' investment policy allow the District to invest in collateralized certificates of deposit, government-backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government-backed securities.

Investments for the District are reported at fair market value. The state investment pool (LAMP) operates in accordance with state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

G. Capital Assets

Capital assets, which include property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated costs if historical costs are not available. Donated assets are recorded as capital assets at their acquisition value (entry price) at the date of donation. The District maintains a threshold level of \$1,000 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

The cost of cutting and opening of new drains, ditches, and canals is not capitalized.

H. Compensated Absences

After sixty (60) days of continuous full-time employment, each employee except for the Administrator earns 40 hours of vacation per year, or 1.5385 hours per 80 hour pay period. After one (1) year of employment, each employee earns 3.0769 hours per pay period (or 80 hours per year). After five (5) years of employment, each employee earns 4.6154 hours per pay period (or 120 hours per year). After ten years of employment, each employee earns 6.1538 hours per pay period (or 160 hours per year).

Vacation leave may be carried over and accumulated in subsequent calendar years up to one hundred twenty hours (120) over the current year's accrual. Any vacation time earned in excess of this amount will be transferred over to sick leave and applied to sick leave according to sick leave policy. Accumulated vacation leave is fully vested.

After sixty (60) days of continuous full-time employment, each employee except for the Administrator shall accrue sick leave at a rate of 3.6923 hours per two-week pay period (96 hours or 12 days per year). At the time of retirement, death or a reduction in force from the District, employees will be paid for any

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

unused sick leave at the straight time rate of pay earned at the time of separation up to one hundred eighty (180) working days or 1440 hours. Unused sick leave, in excess of one hundred eighty (180) working days or 1440 hours may be utilized in computing benefits at the time of retirement in accordance with retirement system policy. No payment for unused sick leave will be permitted if any employee other than the Administrator is discharged or leaves voluntarily prior to retirement.

The District Board may authorize up to eighty (80) hours advanced sick leave in any two (2) year calendar period to full-time employees. This advanced sick leave must be repaid from future earned sick and / or annual leave within ten (10) months at the rate of eight (8) hours per month.

The Administrator earned eight (8) hours of vacation leave and eight (8) hours of sick leave for each month of continuous service with the District. Starting on July 1, 2018, vacation time shall be increased to ten (10) hours for each month of service. At the time of retirement or termination the Administrator shall be paid for any unused vacation time and sick time at the straight time rate of pay earned at the time of separation, sick leave shall be paid up to one hundred eighty (180) days.

The cost of current leave privileges, computed in accordance with GASB Codification Section C60, is recognized as a current year expenditure in the General Fund when leave is actually taken.

I. Pension Plans

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's pension plan and additions to / deductions from the plan's fiduciary net position have been determined on the accrual basis, which is the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

J. Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

1. Net Investment in Capital Assets – consists of the historical cost of capital assets, including any restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted – this component of net position consists of assets that have constraints that are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation.
3. Unrestricted – all other net position is reported in this category.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

K. Fund Equity

In the governmental fund financial statements, fund balance is classified as follows:

1. Nonspendable Fund Balance – amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact.
2. Restricted Fund Balance – amounts that can be spent only for specific purposes because of enabling legislation, or externally imposed conditions by grantors, creditors, or citizens.
3. Committed Fund Balance – amounts that can be used only for the specific purposes determined by a formal action of the Board of Commissioners (the District's highest level of decision-making authority).
4. Assigned Fund Balance – amounts that are intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed.
5. Unassigned Fund Balance – all amounts not included in other spendable classifications.

The District considers restricted fund balances to be spent for governmental expenditures first when both restricted and unrestricted resources are available.

As of December 31, 2018, the District did not have any nonspendable, restricted, committed, or assigned fund balances.

L. Adoption of New Accounting Principles

For the year ended December 31, 2018, the following statements were implemented:

1. GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, replaces Statement 45 in the reporting of postemployment benefits. As a result of the implementation of this Statement, the postemployment benefits other than pensions information in the financial statements, footnotes, and required supplementary information have been adjusted to reflect this reporting change. See Note 14 for additional information.

M. Estimates

The preparation of financial statements in conformity with GAAP require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reported period. Actual results could differ from those estimates.

Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish

Tickfaw, Louisiana

Notes to the Financial Statements (Continued)

For the Year Ended December 31, 2018

2. Levied Taxes

Property taxes are levied on a calendar year basis and become due on January 1 of each year. The taxes are generally collected in December of the current year, and January and February of the ensuing year.

The following is a summary of authorized and levied ad valorem taxes:

| <u>Taxes Due For:</u> | <u>Authorized Mileage</u> | <u>Levied Mileage</u> | <u>Expiration Date</u> |
|--|-------------------------------|---------------------------|----------------------------|
| Acquisition, Construction, and Maintenance | 5.00 | 4.98 | 2029 |
| Acquisition, Construction, and Maintenance | 5.00 | 4.96 | 2021 |

3. Deposits and Investments

Cash and cash equivalent and investments as of December 31, 2018, are classified in the accompanying financial statements as follows:

Statement of Net Position:

| | |
|---|---------------------|
| Cash and Cash Equivalents | \$ 274,209 |
| Investments | <u>9,641,645</u> |
| Total Cash and Cash Equivalents and Investments | <u>\$ 9,915,854</u> |

Deposits and investments (GASB Statement No. 3, *Deposits with Financial Institutions (Including Repurchase Agreements), and Reverse Repurchase Agreements*, as amended) as of December 31, 2018, consist of the following:

Deposits with Financial Institutions:

| | |
|--|------------------|
| Interest-Bearing Demand Deposits | \$ 274,209 |
| Certificates of Deposit | <u>6,095,325</u> |
| Total Deposits with Financial Institutions | 6,369,534 |

Investments:

| | |
|---------------------------------|------------------|
| Louisiana Asset Management Pool | <u>3,546,320</u> |
| Total Investments | <u>3,546,320</u> |

| | |
|--------------------------------|---------------------|
| Total Deposits and Investments | <u>\$ 9,915,854</u> |
|--------------------------------|---------------------|

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both.

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

At December 31, 2018, the District had \$9,924,501 in bank deposits (collected bank balances). \$4,046,320 is covered by FDIC insurance, and \$5,878,181 is uninsured but collateralized with a FHLB Letter of Credit.

Even though the pledged securities are not held in the entity's name, LRS 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten days of being notified by the District that the fiscal agent has failed to pay deposited funds upon demand. Deposits collateralized by pledged securities are considered to be exposed to credit risk (Category 3) under the provisions of GASB Statement No. 40, *Deposit and Investment Risk Disclosures – An Amendment of GASB Statement No. 3*. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a deposit policy for custodial risk. As of December 31, 2018, the District was in compliance with state law, which requires any uninsured cash balances with the fiscal agent bank to be adequately collateralized by a pledge of securities.

At December 31, 2018, the District investment balances are as follows:

| | Carrying Amount | Fair Value |
|--|--------------------|---------------|
| Louisiana Asset Management Pool (LAMP) | \$ 3,546,320 | \$ 3,546,320 |
| | \$ 3,546,320 | \$ 3,546,320 |

Louisiana Asset Management Pool (LAMP) is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LRS 33:2955.

GASB Statement No. 40 requires disclosure of credit risk, custodial credit risk, concentration of credit risk, interest rate risk, and foreign currency risk for all public entity investments.

LAMP is a 2a7-like investment pool that, to the extent practical, invests in a manner consistent with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. The following facts are relevant for investment pools:

Credit Risk: LAMP is rated AAAM by Standard & Poor's.

Custodial Credit Risk: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.

Concentration of Credit Risk: Pooled investments are excluded from the 5% disclosure requirement.

Interest Rate Risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating / variable rate investments. The WAM for LAMP's total investments was 30 days as of December 31, 2018.

Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish

Tickfaw, Louisiana

Notes to the Financial Statements (Continued)

For the Year Ended December 31, 2018

Foreign Currency Risk: Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

LAMP, Inc., issues an annual publicly available financial report that includes financial statements and required supplementary information for LAMP, Inc., That report may be obtained by writing to LAMP, Inc. 228 St. Charles Avenue, Suite 1123, New Orleans, Louisiana 70130, or by calling (800) 249-5267.

4. Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District deposits may not be returned to it. The District does not have a deposit policy for custodial credit risk. As of December 31, 2018, \$5,878,181 of the District's bank balances are exposed to custodial credit risk because they are uninsured but collateralized with a FHLB Letter of Credit.

5. Receivables

The following is a summary of receivables at December 31, 2018:

| <u>Class of Receivable</u> | <u>Total</u> |
|--|---------------------|
| Ad Valorem Taxes | \$ 4,693,995 |
| State Revenue Sharing | 90,000 |
| Other Receivable | <u>3,988</u> |
| Total | 4,787,983 |
| Less: Allowance for Uncollectible Ad Valorem Taxes | <u>(138,854)</u> |
| Total | <u>\$ 4,649,129</u> |

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

6. Capital Assets

Capital assets and depreciation for governmental activities as of and for the year ended December 31, 2018:

| | <u>Balance</u> <u>12/31/17</u> | <u>Increases</u> | <u>Decreases</u> | <u>Balance</u> <u>12/31/18</u> |
|---|-----------------------------------|--------------------|------------------|-----------------------------------|
| Capital Assets Not Depreciated: | | | | |
| Land | \$ 70,000 | \$ - | \$ - | \$ 70,000 |
| Total Capital Assets Not Depreciated | 70,000 | - | - | 70,000 |
| Capital Assets Being Depreciated: | | | | |
| Building | 1,433,210 | - | - | 1,433,210 |
| Equipment | 1,999,188 | 199,112 | 110,001 | 2,088,299 |
| Infrastructure Improvements | 415,468 | - | - | 415,468 |
| Office Furniture & Equipment | 23,505 | - | - | 23,505 |
| Total Capital Assets Being Depreciated | 3,871,371 | 199,112 | 110,001 | 3,960,482 |
| Less Accumulated Depreciation For: | | | | |
| Building | 353,028 | 39,631 | - | 392,659 |
| Equipment | 1,180,589 | 165,975 | 72,501 | 1,274,063 |
| Leasehold Improvements | 8,656 | 10,387 | - | 19,043 |
| Office Furniture & Equipment | 15,032 | 2,281 | - | 17,313 |
| Total Accumulated Depreciation | 1,557,305 | 218,274 | 72,501 | 1,703,078 |
| Capital Assets Being Depreciated, Net | <u>2,314,066</u> | <u>(19,162)</u> | <u>37,500</u> | <u>2,257,404</u> |
| Government Activities Capital Assets, Net | <u>\$ 2,384,066</u> | <u>\$ (19,162)</u> | <u>\$ 37,500</u> | <u>\$ 2,327,404</u> |

Depreciation expense of \$218,274 for the year ended December 31, 2018, was charged to the governmental activities.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

| <u>Description</u> | <u>Estimated Lives</u> |
|----------------------------------|------------------------|
| Machinery & Equipment | 5 - 10 Years |
| Furniture & Fixtures | 5 - 20 Years |
| Vehicles | 5 - 10 Years |
| Building & Building Improvements | 10 - 40 Years |

7. Compensated Absences

At December 31, 2018, employees of the District have accumulated and vested \$47,210 of employee leave benefits. This amount is recorded as a liability on the accompanying financial statements.

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

8. Accounts, Salaries and Other Payables

The payables of \$625,309 at December 31, 2018, were as follows:

| Class of Payable | Total |
|---|------------|
| Accounts Payable | \$ 5,301 |
| Contracts Payable | 333,602 |
| Accrued Annual Leave | 47,210 |
| Accrued Salaries and Wages Payable | 28,536 |
| Payroll Withholdings and Related Payables | 40,355 |
| Deductions from Ad Valorem Taxes Payable | 170,305 |
| Total Liabilities | \$ 625,309 |

9. Long-Term Obligations

The following is a summary of changes in long-term liabilities of the District for the year ended December 31, 2018:

| | Balance 12/31/17 | Additions | Reductions | Balance 12/31/18 |
|---------------------------------|---------------------|-----------|------------|---------------------|
| Postemployment Healthcare | | | | |
| Benefits, Restated | \$ 468,665 | \$ 4,848 | \$ - | \$ 473,513 |
| Net Pension Liability / (Asset) | 272,360 | | 364,641 | (92,281) |
| Compensated Absences | 2,913 | - | - | 2,913 |
| Total | \$ 743,938 | \$ 4,848 | \$ 364,641 | \$ 384,145 |

10. Leases

The District records items under capital leases as an asset and an obligation in the accompanying financial statements. The District had no capital leases outstanding at December 31, 2018.

11. Tax Abatements

The Louisiana Industrial Ad Valorem Tax Exemption Program (ITEP) is an original state incentive program which offers attractive tax incentive for manufacturers within the state. The program abates, for up to ten years, local property taxes (ad valorem) on a manufacturer's new investment and annual capitalized additions related to the manufacturing site. This exemption is granted per contract with the Louisiana Department of Economic Development and will specify the buildings and / or personal property items covered by the exemption. There are currently sixty-six tax abatements in Tangipahoa Parish, related to 17 companies, under the Louisiana ITEP. For the District, there are currently forty-six tax abatements, related to 12 companies under the Louisiana ITEP. For the 2018 calendar year, estimated forgone ad valorem taxes due to this abatement program was \$47,345 for the District.

Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

12. Employee Pension Plan – Parochial Employees’ Retirement System of Louisiana

General Information about the Pension Plan

Plan Description – Employees of the District are eligible for participation in the Parochial Employees’ Retirement System of Louisiana (the “System”) – a cost-sharing, multiple-employer defined benefit pension plan administered by a Board of Trustees and established by Act 205 of the 1952 Regular Session of the Louisiana Legislature. The System issues a publicly available financial report that can be obtained at www.persla.org. The report may also be obtained by writing to the Parochial Employees’ Retirement System of Louisiana, 7905 Wrenwood Boulevard, Baton Rouge, Louisiana 70809, or by calling (225) 928-1361.

Benefits Provided – The System provides retirement, disability, and death benefits. Retirement benefits are determined as 2.0% of the employee’s final compensation multiplied by the employee’s years of creditable service. Employees who retire at or after age 60 with at least 10 years of creditable service, at or after age 55 with at least 25 years of creditable service, or at any age with at least 30 years of creditable service are entitled to a retirement benefit, payable monthly for life, equal to 3.0% of their final-average salary for each year of creditable service. Final-average salary is the employee’s average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least the amount of creditable service stated above and do not withdraw their employee contributions may retire at the ages specified above and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Under state law, cost of living increases to benefits are allowable only if sufficient funds are available from investment income in excess of normal requirements. Cost of living increases cannot exceed 2% of the retiree’s original benefit for each full calendar year since retirement.

Contributions – Per Act 765 of the 1979 Regular Session of the Louisiana Legislature, contribution rates for employees are established by state law and employer contribution rates are actuarially determined each year by the System’s Board of Trustees. Employees are required to contribute 9.50% of their annual pay. The District’s contractually required contribution rate was 11.50% for the period January 1, 2018 through December 31, 2018. Contributions to the System from the District were \$82,698 for the year ended December 31, 2018.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At December 31, 2018, the District reported an asset of \$92,281 for its proportionate share of the net pension liability. The net pension asset was measured as of December 31, 2017, and the total pension asset used to calculate the net pension asset was determined by an actuarial valuation as of that date. The District’s proportion of the net pension asset was based on a projection of the District’s December 31, 2018, contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At December 31, 2017, the District’s proportion was 0.124326%, which was a decrease of 0.007919% from its proportion measured as of December 31, 2016.

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

For the year ended December 31, 2018, the District recognized pension expense of \$31,628. At December 31, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--|--------------------------------------|-------------------------------------|
| Differences Between Expected and Actual Experience | \$ - | \$ 59,735 |
| Changes of Assumptions | 116,472 | - |
| Net Difference Between Projected and Actual Earnings on Pension Plan Investments | - | 213,195 |
| Changes in Proportion and Differences Between Employer Contributions and Proportionate Share of Contributions | 393 | 2,666 |
| Employer Contribution Subsequent to the Measurement Date | 82,698 | - |
| Total | \$ 199,563 | \$ 275,596 |

The District reported a total of \$82,698 as deferred outflow of resources related to pension contributions made subsequent to the measurement period of December 31, 2017, which will be recognized as a reduction in net pension liability for the year ended December 31, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Year | | |
|------|--|--------------|
| 2018 | | \$ 13,061 |
| 2019 | | (14,802) |
| 2020 | | (72,624) |
| 2021 | | (84,500) |
| | | \$ (158,865) |

Actuarial Assumptions – The total pension liability in the December 31, 2017, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | |
|----------------------------|--------------------------------------|
| Actuarial Cost Method | Entry Age Normal |
| Inflation | 2.50% |
| Projected Salary Increases | 5.25% (2.50% Inflation, 2.75% Merit) |
| Investment Rate of Return | 6.75%, Net of Investment Expense |

Mortality rates were based on the RP-2000 Employee Table for active members, the RP-2000 Healthy Annuitant Table for healthy annuitants and beneficiaries, and the RP-2000 Disabled Lives Mortality Tables for disabled annuitants for Males or Females, as appropriate.

The mortality rate assumption used in the December 31, 2017, valuation was set based upon an experience study performed on plan data for the period January 1, 2010 through December 31, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

setback of standard tables. The result of the procedure indicated that the tables used would produce liability values approximating the appropriate generational mortality tables.

The long-term expected rate of return on pension plan investments was determined using a triangulation method, which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up), and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.00% and an adjustment for the effect of rebalancing / diversification. The resulting expected long-term rate of return is 7.62% for the year ended December 31, 2017.

| Asset Class | Target Asset Allocation | Long-Term Expected Real Rate of Return |
|------------------------------------|-------------------------------|---|
| Fixed Income | 35.00% | 1.24% |
| Equity | 52.00% | 3.57% |
| Alternatives | 11.00% | 0.69% |
| Real Assets | 2.00% | 0.12% |
| Total | 100.00% | 5.62% |
| Inflation | | 2.00% |
| Expected Arithmetic Nominal Return | | 7.62% |

Discount Rate – The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems’ Actuarial Committee. Based on those assumptions, the System’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate
– The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.75%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (5.75%) or one percentage-point higher (7.75%) than the current rate:

| | 1.0% Decrease (5.75%) | Current Rate (6.75%) | 1.0% Increase (7.75%) |
|---|-----------------------------|----------------------------|-----------------------------|
| District's Proportionate Share of the NPL | \$ 454,977 | \$ (92,281) | \$ (579,577) |

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued System financial report.

Payables to the Pension Plan – As of December 31, 2018, the District owed \$36,140 to the System for the District's 4th quarter 2018 payroll contribution.

13. Deferred Compensation Plan

Certain employees of the District participate in the Louisiana Public Employees Deferred Compensation Plan adopted under the provisions of the Internal Revenue Code Section 457. Complete disclosures relating to the Plan are included in the separately issued audit report for the Plan available from the Louisiana Legislative Auditor, Post Office Box 94397, Baton Rouge, Louisiana 70804-9397.

The District's contributions to the plan for the year ended December 31, 2018, were \$20,942.

The District contributes the lesser of 3.0% of the employees' salaries or the amount contributed by the employees.

14. Postemployment Healthcare Benefits

General Information about the OPEB Plan

Plan Description – In accordance with a resolution adopted by the board of commissioners on July 16, 2003, employees who retire from the District with at least 7 years of service may qualify for participation in the Retirement Group Insurance Plan (RGIP). RGIP is a self-administered, single-employer, defined benefit plan. RGIP provides medical benefits to eligible retirees and their spouses. The participant must also have been covered under the Employee Group Insurance Plan for at least one year prior to retirement. A plan participant may only select coverage up to the extent that the participant had coverage under the Employee Group Insurance Plan prior to retirement. The participant may reduce coverage but may not increase coverage. RGIP does not issue a financial report; however, the entity is included in Tangipahoa Parish Government's annual financial report. You may obtain a copy of the annual financial report by contacting the Director of Finance at (985) 748-3211 or Tangipahoa Parish Government, P.O. Box 215, Amite, LA 70422.

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

Benefits Provided – The District provides medical, dental, and vision benefits for retirees and their dependents as follows:

Employees who meet any of the following eligibility requirements immediately prior to retirement are eligible for medical and life benefits. Coverage for medical benefits is provided from date of retirement, for the balance of the retiree’s life, and is contingent on the payment of the retiree’s premium.

- Employees with 7 years of service with District and who have been covered under the Employee Group Insurance Plan for at least one year prior to retirement are eligible to continue coverage after termination. No portion of the medical or dental premium is paid for by the District.
- Employees with at least 10 years of service may elect to remain covered with the District paying 25% of the total premium up to \$350 per month.
- Employees with at least 15 years of service may elect to remain covered with the District paying 50% of the total premium up to \$350 per month.
- Once the participant and spouse are eligible for Medicare, the participant can elect to move to the Drainage District Medicare Supplement Plan. If elected, the District will pay 100% of the total premium up to \$350 per month.

Employees Covered by Benefit Terms – At January 1, 2017, the following employees were covered by the benefit terms:

| | |
|---------------------|----|
| Actives | 15 |
| Retirees | 2 |
| Beneficiaries | 0 |
| Spouses of Retirees | 2 |
| Total | 19 |

Total OPEB Liability – The District’s total OPEB liability of \$473,513 was measured as of December 31, 2018, and was determined by an actuarial valuation as of January 1, 2017.

Actuarial Assumptions and Other Inputs – The total OPEB liability in the January 1, 2017, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| | |
|--|-------|
| Inflation | 2.50% |
| Salary, Increases, Including Inflation | 5.25% |
| Discount Rate | 4.10% |

The discount rate was based on the Bond Buyer’s 20-year General Obligation Index immediately prior to or coincident with the measurement date.

Mortality rates for healthy lives were based on the Sex Distinct RP-2000 Employee & Annuitant Healthy Mortality Tables projected using Scale BB.

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

Mortality rates for disabled lives were based on the Sex Distinct RP-2000 Disabled Retiree Mortality Tables projected using Scale BB.

The actuarial assumptions used in the January 1, 2017, valuation were based on those used in the Retirement Group Insurance Plan valuation and actuarial experience.

Changes in the Total OPEB Liability:

| | |
|---|-------------------|
| Balance at December 31, 2017 | \$ 468,665 |
| Changes for the Year: | |
| Service Cost | 22,606 |
| Interest on Total OPEB Liability | 16,836 |
| Effect of Plan Changes | - |
| Effect of Economic / Demographic Gains and Losses | - |
| Effect of Assumptions, Changes, or Inputs | (30,858) |
| Benefit Payments | <u>(3,736)</u> |
| Balance at December 31, 2018 | <u>\$ 473,513</u> |

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate – The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.10%) or 1 percentage point higher (5.10%) than the current rate:

| | <u>1.0%</u> <u>Decrease</u> <u>(3.10%)</u> | <u>Current</u> <u>Rate</u> <u>(4.10%)</u> | <u>1.0%</u> <u>Increase</u> <u>(5.10%)</u> |
|----------------------|--|---|--|
| Total OPEB Liability | \$ 521,770 | \$ 473,513 | \$ 433,037 |

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates – The following presents the total OPEB liability of the District, calculated using the current healthcare cost trend rates as well as what the District's total OPEB liability would be if it were calculated using trend rates that are 1 percentage point lower or 1 percentage point higher than the current trend rates:

| | <u>1.0%</u> <u>Decrease</u> | <u>Current</u> <u>Discount</u> <u>Rate</u> | <u>1.0%</u> <u>Increase</u> |
|----------------------|--------------------------------|--|--------------------------------|
| Total OPEB Liability | \$ 452,433 | \$ 473,513 | \$ 496,331 |

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB:

For the year ended December 31, 2018, the District recognized an OPEB expense of \$29,156. At December 31, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|--|--------------------------------------|-------------------------------------|
| Differences Between Expected and Actual Experience | \$ - | \$ - |
| Changes of Assumptions or Other Inputs | (20,572) | - |
| Total | \$ (20,572) | \$ - |

Amounts currently reported as deferred outflows of resources and deferred inflows of resources related to other postemployment benefits will be recognized in OPEB expense as follows:

| Year Ended December 31: | | |
|-------------------------|----|----------|
| 2019 | \$ | (10,286) |
| 2020 | | (10,286) |
| 2021 | | - |
| 2022 | | - |
| 2023 | | - |
| Thereafter | | - |

15. Risk Management

The District is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District attempts to minimize risk from significant losses through the purchase of commercial insurance.

**Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish
Tickfaw, Louisiana**

Notes to the Financial Statements (Continued)
For the Year Ended December 31, 2018

16. Compensation of Board Members

On July 1, 2010, the board adopted a resolution to implement compensation as provided in R.S. 38:1794(B)(3) stating that board members may receive compensation of not more than five hundred dollars per month for performing the duties imposed upon a member by virtue of appointment.

The following schedule of compensation of board members is presented in compliance with House Concurrent Resolution No. 54 of the 1979 Session of the Louisiana Legislature:

| <u>Board Member</u> | <u>Amount</u> |
|--------------------------------|------------------|
| Louis "Nick" Joseph, President | 6,000 |
| Carlo Bruno, Vice President | 6,000 |
| James Bailey | 6,000 |
| Howard G. Ridgel | 6,000 |
| Emile Mayeaux | 6,000 |
| Lionel Wells | 6,000 |
| David Vial | 6,000 |
| Harry Lavine | 6,000 |
| Bobby Cortez | 6,000 |
| | <u>\$ 54,000</u> |

17. Litigation

The District has no pending litigation as of the date of this report.

18. Prior Period Adjustment

At December 31, 2018, a prior period adjustment was made for \$367,391 to beginning Net Position to adjust the Net OPEB Liability in accordance with the adoption of GASB 75. This prior period adjustment affects only the government-wide Statement of Net Position (Exhibit A) and the Statement of Activities (Exhibit B).

19. Subsequent Events

Management has evaluated subsequent events through the date the financial statements were available to be issued, which was May 10, 2019.

Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

To the Board of Commissioners
Consolidated Gravity Drainage District No. 1
of Tangipahoa Parish
Tickfaw, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the general fund of the Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish (Drainage District), a component unit of Tangipahoa Parish Government, as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Drainage District's basic financial statements, and have issued our report thereon dated May 10, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Drainage District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Drainage District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Drainage District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Drainage District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our

audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on
Internal Control over Compliance Required by the Uniform Guidance

To the Board of Commissioners
Consolidated Gravity Drainage District No. 1
of Tangipahoa Parish
Tickfaw, Louisiana

Report on Compliance for Each Major Federal Program

We have audited the Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish's (Drainage District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Drainage District's major federal programs for the year ended December 31, 2018. The Drainage District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Drainage District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Drainage District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Drainage District's compliance.

Opinion on Each Major Federal Program

In our opinion, the Drainage District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2018.

Report on Internal Control over Compliance

Management of the Drainage District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Drainage District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Drainage District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs

For the Year Ended December 31, 2018

We have audited the basic financial statements of the Consolidated Gravity Drainage District No. 1 of Tangipahoa Parish as of and for the year ended December 31, 2018, and have issued our report thereon dated May 10, 2019. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the provisions of the Uniform Guidance. Our audit of the basic financial statements as of December 31, 2018, resulted in an unmodified opinion.

Section I Summary of Auditor's Reports

1. Report on Internal Control and Compliance Material to the Financial Statements

| | | | | |
|---|---------------|------------|---------------|----------|

Independent Accountants' Report on Applying Agreed-Upon Procedures

Kiley F. Bates, P.E., Administrator
And the Board of Commissioners
Consolidated Gravity Drainage District No.1 of
Tangipahoa Parish
Tickfaw, Louisiana

Louisiana Legislative Auditor
Baton Rouge, Louisiana

We have performed the procedures enumerated below, which were agreed to by the Consolidated Gravity Drainage District No.1 of Tangipahoa Parish and the Louisiana Legislative Auditor on the control and compliance areas identified in the Louisiana Legislative Auditor's Statewide Agreed-Upon Procedures (SAUPs) of Consolidated Gravity Drainage District No.1 of Tangipahoa Parish for the period January 1, 2018 through December 31, 2018. The Consolidated Gravity Drainage District No.1 of Tangipahoa Parish's management is responsible for those control and compliance areas identified in the SAUPs. The sufficiency of these procedures is solely the responsibility of Consolidated Gravity Drainage District No.1 of Tangipahoa Parish and the Louisiana Legislative Auditor. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are detailed in Schedule "A"

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those control and compliance areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those control and compliance areas identified in the SAUPs, and the results of that testing, and not to provide an opinion on control or compliance. This report is intended solely for the information and use of Consolidated Gravity Drainage District No.1 of Tangipahoa Parish and the Louisiana Legislative Auditor and is not intended to be and should not be used by anyone other than those specified parties. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

James Lambert Riggs & Associates, Inc.

Written Policies and Procedures

1. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):

- a. ***Budgeting***, including preparing, adopting, monitoring, and amending the budget

Results: We viewed the District's written policies and procedures for budgeting with no exceptions.

- b. ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.

Results: We viewed the District's written policies and procedures for purchasing with no exceptions.

- c. ***Disbursements***, including processing, reviewing, and approving

Results: We viewed the District's written policies and procedures for disbursements with no exceptions.

- d. ***Receipts / Collections***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

Results: We viewed the District's written policies and procedures for receipts / collections with no exceptions.

- e. ***Payroll / Personnel***, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.

Results: We viewed the District's policies and procedures for payroll / personnel with no exceptions.

- f. ***Contracting***, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process

Results: We viewed the District's written policies and procedures for contracting with no exceptions.

- g. ***Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)***, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases)

Results: We viewed the District's written policies and procedures for credit cards and fuel cards with no exceptions.

- h. ***Travel and expense reimbursement***, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers

Results: We viewed the District's written policies and procedures for travel and expense reimbursement with no exceptions.

- i. ***Ethics***, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy.

Results: We viewed the District's written policies and procedures for ethics with no exceptions.

- j. ***Debt Service***, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Results: We viewed the District's written policies and procedures for debt service with no exceptions.

Collections

2. Obtain a listing of *deposit sites* for the fiscal period where deposits for cash / checks / money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Results: Management provided us with the required listing of cash collections as well as management's representation that the listing is complete.

3. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

- a. Employees that are responsible for cash collections do not share cash drawers / registers.

Results: Employees do not share cash drawers / registers. No exceptions were noted.

- b. Each employee responsible for collecting cash is not responsible for preparing / making bank deposits, unless another employee / official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.

Results: Each employee responsible for collecting cash is not responsible for preparing / making bank deposits, unless another employee / official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit. No exceptions noted.

- c. Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee / official is responsible for reconciling ledger postings to each other and to the deposit.

Results: Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger. No exceptions were noted.

- d. The employee(s) responsible for reconciling cash collections to the general ledger and / or subsidiary ledgers, by revenue source and / or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

Results: Each employee responsible for reconciling cash collections to the general ledger is not responsible for collecting cash, unless another employee verifies the reconciliation. No exceptions were noted.

4. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

Results: All employees who have access to cash are covered by an insurance policy provided by the District.

5. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:

- a. Observe that receipts are sequentially pre-numbered.

Results: No exceptions were noted to the above listed procedure.

- b. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

Results: No exceptions were noted to the above listed procedure.

- c. Trace the deposit slip total to the actual deposit per the bank statement.

Results: No exceptions were noted to the above listed procedure.

- d. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).

Results: No exceptions were noted to the above listed procedure.

- e. Trace the actual deposit per the bank statement to the general ledger.

Results: No exceptions were noted to the above listed procedure.

Ethics

6. Using 5 randomly selected employees / officials, obtain ethics documentation from management, and:
- a. Observe that the documentation demonstrates each employee / official completed one hour of ethics training during the fiscal period.

Results: All employees / officials that were selected successfully completed the one hour of ethics training during the fiscal period.

- b. Observe that the documentation demonstrates each employee / official attested through signature verification that he or she has read the entity's ethics policy during the fiscal period.

Results: For 4 (four) out of the 5 (five) employees selected for testing, no written documentation existed that the employee / official attested through signature verification that he or she had read the entity's ethics policy during the fiscal period.

Dear Mr. Riggs,

As a result of the auditing process of the Statewide Agreed Upon Procedures for year ended December 31, 2019, the Drainage District submits the following response:

Ethics:

6(b). – The Drainage District will annually require each employee to attest, through signature verification, that he or she has read the Ethics Policy during the fiscal period. A Safety Meeting for all employees will be held annually relating the Ethics Policy. This signed verification will become part of the Employee's Personnel file.

Sincerely,
