## **INDEPENDENT AUDITOR'S REPORT**

To the Board of Commissioners  
River Parishes Convention, Tourist,  
& Visitors Commission  
State of Louisiana  
LaPlace, Louisiana

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of the governmental activities and each major fund of the River Parishes Convention, Tourist, & Visitors Commission (the Commission), a component unit of the State of Louisiana, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Commission, as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Responsibilities of Management for the Financial Statements***

The Commission's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Commission's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis on pages 5 through 8 and the budgetary comparison schedule on page 23 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the River Parishes Convention, Tourist, & Visitors Commission’s basic financial statements. The Schedule of Expenditures - General Fund on page 24 and the Schedule of Compensation, Benefits, and Other Payments to the Executive Director on page 25 are presented for purposes of additional analysis and are not a required part of the financial statements.

The Schedule of Expenditures - General Fund and the Schedule of Compensation, Benefits, and Other Payments to the Executive Director are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, The Schedule of Expenditures - General Fund and the Schedule of Compensation, Benefits, and Other Payments to the Executive Director are fairly stated in all material respects in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated November 25, 2025, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

**Overview of the Financial Statements**

This discussion and analysis serves as an introduction to the Commission's financial statements. River Parishes Convention, Tourist, & Visitors Commission's financial statements consist of the following:

**Statement of Net Position.** This statement combines and consolidates the governmental fund's current financial resources (short-term spendable resources) with capital assets and long-term obligations, regardless if they are currently available or not.

**Statement of Activities.** Consistent with the full accrual basis method of accounting, this statement accounts for the entity-wide current year revenues and expenses regardless of when cash is received or paid.

**Balance Sheet – Governmental Fund Type – General Fund.** This statement presents the Commission's assets, liabilities, and fund balance for its general fund only.

**Statement of Revenues, Expenditures, and Change in Fund Balance – Governmental Fund Type – General Fund.** Consistent with the modified accrual basis method of accounting, this statement accounts for current year revenues when received except when they are measurable and available. **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The River Parishes Convention, Tourist, & Visitors Commission (the Commission) was created and established by legislative act of the State of Louisiana (R.S. 33-4574.12). The Commission was formed for the purpose of promoting tourism within the Parishes of St. Charles, St. James, and St. John the Baptist. The Commission is composed of nine members, known as commissioners, appointed by each of the three parishes' economic development commissions, parish presidents, and parish councils and confirmed by the Senate. The Commissioners are authorized to do all things necessary for the promotion, advertisement, and publication of information relating to tourist attractions within its jurisdiction. The Commission may also sue and be sued, accept grants or donations of every type, and make capital improvements for the purpose of obtaining federal funds. However, the Commission may not exercise any function that results in competition with local retail businesses or enterprises. The Commission is funded by a 4.0% tax on the occupancy of hotel rooms, motel rooms, and overnight camping facilities located within the boundaries of St. Charles, St. James, and St. John the Baptist Parishes.

The accounting and reporting policies of the Commission conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of significant accounting policies:

A. REPORTING ENTITY

GASB Statements No. 14, 39 and 61 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Financial accountability by the state government is determined on the basis of the following criteria:

1. Legal status
2. Appointment of voting majority of governing board
3. Fiscal dependence
4. Imposition of will
5. Financial benefit or burden

The accompanying financial statements present information only on the funds maintained by the Commission and do not present information on the state government, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

The Commission has reviewed all of its activities and determined that there are no potential component units that should be included in its financial statements.

& Visitors Commission

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

**B. METHOD OF ACCOUNTING**

GASB statements establish standards for external financial reporting for all state and local governmental entities which includes a statement of net position and a statement of activities. It requires the classification of net position into three components – net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted – This component of net position consists of net position that does not meet the definition of “restricted” or “net investment in capital assets”.

When an expense is incurred for purposes for which both restricted and unrestricted net position is available, the Commission considers restricted funds to have been spent first.

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied. It establishes fund balance classifications that comprise hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. These classifications are defined as follows:

Nonspendable – This component of fund balance includes amounts that cannot be spent due to form, including inventories and prepaid amounts. Also included are amounts that must be maintained intact legally or contractually.

Restricted – This component of fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

**River Parishes Convention, Tourist,  
& Visitors Commission  
State of Louisiana  
Notes to Financial Statements  
Year Ended June 30, 2025**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

Committed – This component of fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the Commission’s highest level of decision-making authority. The Board of Commissioners must vote on commitments.

Assigned – This component of fund balance is intended to be used by the Commission for specific purposes that do not meet the criteria to be classified as restricted or committed. The Board of Commissioners can vote on applicable assigned amounts.

Unassigned – This component of fund balance is the residual classification for the Commission’s general fund and includes all spendable amounts not contained in the other classifications.

Stabilization Funds – This component of fund balance covers such things as revenue shortfalls, emergencies, or other purposes. The authority to set aside resources often comes from a statute, ordinance, or constitution.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Commission considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Commission considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Commissioners have provided otherwise in its commitment or assignment actions.

**C. FUND TYPES**

The Commission reports the following fund types:

Governmental Funds - Governmental Funds are those through which governmental functions of the Commission are financed. The acquisition, use, and balances of the Commission’s expendable financial resources and the related liabilities are accounted for through Governmental Funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination.

General Fund - The General Fund is the general operating fund of the Commission. It is used to account for all financial resources except those that are required to be accounted for in another fund.

**D. MEASUREMENT FOCUS/BASIS OF ACCOUNTING**

**Government-Wide Financial Statements**

**River Parishes Convention, Tourist,  
& Visitors Commission  
State of Louisiana  
Notes to Financial Statements  
Year Ended June 30, 2025**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

The government-wide financial statements display information as a whole. These statements include all the financial activities. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed).

**Fund Financial Statements**

The amounts reflected in fund financial statements are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and change in fund balance reports on the sources (i.e. revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of operations.

The amounts reflected in the fund financial statements use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Commission considers all revenues available if they are collected within 60 days after the fiscal year-end. Expenditures are recorded when the related fund liability is incurred.

**E. ENCUMBRANCES**

The Commission does not utilize encumbrance accounting, under which purchase orders, contracts, and other commitments are recorded in the fund general ledgers.

**F. OPERATING BUDGETARY DATA**

As required by Louisiana Revised Statute 39:1303, the Board of Commissioners (the Board) adopted a budget for the Commission's General Fund. Any amendment involving the transfer of monies from one function to another or increases in expenditures must be approved by the Board. All budgeted amounts that are not expended or obligated through contracts lapse at year-end. The budget was amended once during the year.

The General Fund budget is adopted on a basis materially consistent with accounting principles generally accepted in the United States of America.

**River Parishes Convention, Tourist,  
& Visitors Commission  
State of Louisiana**  
Notes to Financial Statements  
Year Ended June 30, 2025

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

G. CASH AND CASH EQUIVALENTS

The Commission considers all highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents.

H. BAD DEBTS

The financial statements of the Commission contain no allowance for bad debts. Uncollectible amounts due for taxes and other receivables are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable. These amounts are not considered to be material in relation to the financial position or operation of the Commission.

I. CAPITAL ASSETS

Capital assets are presented on the Statement of Net Position.

Depreciation of all fixed assets is computed on the straight-line basis. Estimated useful lives are 3-10 years.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at estimated acquisition value.

J. LEASES

The Commission determines if an arrangement is a lease at the inception of the contract. The Commission's right-of-use assets represent their right to use the underlying assets for the lease term, and the lease liabilities represent their obligation to make lease payments arising from the leases. Right-of-use assets and lease liabilities are recognized at the commencement date based on the present value of lease payments over the lease term. If the lease's implicit interest rate is not readily determinable, the Commission will use a risk-free rate in lieu of determining the incremental borrowing rate. The Commission has no financing leases. The Commission's operating lease is for its administrative office space. Operating leases with a term of twelve months or less are not recorded in the statement of net position. Leases with a term of one month or less do not meet the definition of a short-term lease.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)**

**K. ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. Estimates of the Commission primarily relate to fixed assets' useful lives.

**L. RECENT ACCOUNTING PRONOUNCEMENTS**

The following is a summary of accounting standard adopted by the Governmental Accounting Standards Boards (GASB) that are scheduled to be implemented in the future that may affect the Commission's financial report:

GASB Statement No. 102, *Certain Risk Disclosures*. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This standard is effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. The Commission has implemented the standard, resulting in no material impact on its financial statements.

GASB Statement No. 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. This standard is effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. The effect of implementation on the Commission 's financial statements has not yet been determined.

GASB Statement No. 104, *Disclosure of Certain Capital Assets*. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. This standard is effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. The effect of implementation on the Commission 's financial statements has not yet been determined.

**NOTE 2 – DEPOSITS**

State law requires that deposits (cash and certificates of deposits) of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivisions.

**River Parishes Convention, Tourist,  
& Visitors Commission  
State of Louisiana  
Notes to Financial Statements  
Year Ended June 30, 2025**

**NOTE 2 – DEPOSITS (Cont.)**

The year-end balance of deposits is as follows:

	<u>Bank Balance</u>	<u>Reported Amount</u>
Cash	\$ 585,252	\$ 614,833
Money market account	232,875	232,875
Total deposits	<u>\$ 818,127</u>	<u>\$ 847,708</u>

Custodial credit risk is the risk that in the event of a bank failure, the Commission's deposits may not be returned to it. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities held by the Commission's agent in its name. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the Commission's agent.

At June 30, 2025, the Commission's deposits were FDIC insured and therefore adequately collateralized in accordance with state law.

**NOTE 3 – CHANGES IN CAPITAL ASSETS**

The Commission does not own any capital assets not subject to depreciation.

A summary of changes in capital assets follows:

The Commission's premiums for general liability are based on various factors such as its operations and maintenance budget, exposure, and claims experience.

**NOTE 10 – SUBSEQUENT EVENTS**

Subsequent events were evaluated through November 25, 2025, which is the date the financial statements were available to be issued, and it was determined that no event occurred which requires disclosure. **INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Commissioners  
River Parishes Convention, Tourist,  
& Visitors Commission  
State of Louisiana  
LaPlace, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the government activities and each major fund of River Parishes Convention, Tourist, & Visitors Commission (the Commission), a component unit of the State of Louisiana, as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements and have issued our report thereon dated November 25, 2025.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

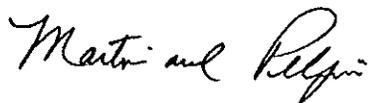

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We are required to be independent of the River Parishes Convention, Tourist and Visitors Commission and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance.
