INDEPENDENT AUDITOR'S REPORT

Members of the Board of Commissioners
Caddo Parish Communications District Number One

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the general fund of the Caddo Parish Communications District Number One (the "District"), a component unit of the Caddo Parish Commission, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the Caddo Parish Communications District Number One as of December 31, 2025, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 9 and the Budgetary Comparison Schedule - General Fund on pages 34 through 35 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by

the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying Supplementary Information in Accordance with Louisiana Revised Statute 33:9109E and the Schedule of Compensation, Reimbursements, Benefits, and Other Payments to Agency Head are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplementary Information in Accordance with Louisiana Revised Statute 33:9109E and the Schedule of Compensation, Reimbursements, Benefits, and Other Payments to Agency Head are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 20, 2026, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

REQUIRED SUPPLEMENTARY INFORMATION

Caddo Parish Communications District Number One Management's Discussion and Analysis (Unaudited)

Our discussion and analysis of Caddo Parish Communications District Number One's (the District) financial performance provides an overview of the Caddo Parish Communications District Number One's financial activities for the fiscal year ended December 31, 2025. Please read it in conjunction with the District's financial statements, which follows this section.

FINANCIAL HIGHLIGHTS

The District's net position decreased by \$667,619 or 6.7%.

The District's total general revenues were \$4,580,026 in 2025 compared to \$4,156,178 in 2024.

During the year ended December 31, 2025, the District's total expenses, excluding depreciation and amortization of \$1,546,895, of \$3,938,660 compared to total expenses, excluding depreciation and amortization of \$1,474,073, of \$3,825,061, for the year ended December 31, 2024.

As of December 31, 2025, the assets of the District exceeded liabilities and deferred inflows of resources by \$9,305,382; \$6,729,577 or 72.3% of net position are invested in capital assets while \$2,575,805 or 27.7% of net position are unrestricted and may be used at the District's discretion to meet ongoing obligations to the citizens.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*.

OVERVIEW OF THE FINANCIAL STATEMENTS

The MD&A is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

- The Statement of Net Position presents information on all of the District's assets, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.
- The Statement of Activities presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Caddo Parish Communications District Number One Management's Discussion and Analysis (Unaudited)

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has only one fund - General Fund, which is a governmental fund.

- *Governmental funds.* Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental funds Balance Sheet and the governmental funds Statement of Revenues, Expenditures, and Change in Fund Balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided to demonstrate compliance with the budget.

FINANCIAL ANALYSIS OF GOVERNMENT-WIDE ACTIVITIES

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceed liabilities and deferred inflows of resources by \$9,305,382 as of December 31, 2025, compared to \$9,973,001 at the end of the previous year.

The District's net position totaling \$6,729,577 is in its net investment in capital assets. The District uses these capital assets in the execution of its duties; consequently, these assets are not available for future spending. The net investment in capital assets has been reduced by the amount of outstanding debt, the proceeds of which were used in the construction or purchase of the assets, and lease obligations.

Caddo Parish Communications District Number One Management's Discussion and Analysis (Unaudited)

Total revenues increased \$414,738 (9.4%) from 2024 to 2025. Total expenses increased \$186,421 (3.5%) from 2024 to 2025.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

Governmental Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the District's net resources available for spending at the end of the fiscal year.

- As of the close of the current fiscal year, the District's general fund reported an ending fund balance of \$2,931,751, a decrease of \$2,432,228 (45.3%) from the prior fiscal year. The fund balance is comprised of the following: nonspendable for \$142,130 representing prepaid assets; \$2,411,425 representing unassigned available for general purposes of the District; and \$378,196 representing unspent certificates of indebtedness from the 2021 debt issue that is to be used for capital improvements.
- The decrease in the fund balance for 2025 is largely due to the capital outlay of fixed asset additions of approximately \$2,456,147.

Budgetary Highlights

The original budget for the year ended December 31, 2025 for the District was adopted in December 2024. Two budget revisions were made during the year ended December 31, 2025. The District's budgetary comparison schedule is presented as required supplementary information and shown on Page 34. Actual revenues exceeded budgeted revenues by \$372,253. Actual expenditures were \$74,323 less than budgeted expenditures.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets: The District's investment in capital assets as of December 31, 2025 amounts to \$17,167,665 (net of accumulated depreciation and amortization) compared to \$16,258,413 at December 31, 2024. This investment in capital assets includes land, building and improvements, furniture and equipment, and right-of-use assets. During 2025, the District added \$2,456,147 in capital assets, which were offset by \$1,546,895 in current year depreciation and amortization. Additions of capital assets during 2025 represents expenditures for 911 system upgrades and facility improvements. For additional information regarding capital assets, see Note 3 to the basic financial statements.

Caddo Parish Communications District Number One Management's Discussion and Analysis (Unaudited)

Long-Term debt: At December 31, 2025, the District had total debt outstanding of \$9,460,000 compared to \$10,185,000 at December 31, 2024. The following table summarizes debt outstanding at December 31, 2025 and 2024:

**Table 3

Certificates of indebtedness	\$ 9,460,000	\$ 10,185,000

For additional information regarding long-term debt, see Note 5 to the basic financial statements.

Lease Obligations: The District recognized lease obligations totaling \$1,356,284 at December 31, 2025, compared to \$1,515,615 at December 31, 2024. The following table summarizes the lease obligations outstanding at December 31, 2025:

**Table 4
Outstanding Lease Obligations**

<i>December 31,</i>	Balance January 1, 2025	Retirements or Payments	Balance December 31, 2025
Lease obligations	\$ 1,515,615	\$ (159,331)	\$ 1,356,284

For additional information regarding lease obligations, see Note 5 to the basic financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

In preparing the budget for the fiscal year 2026, historical data was used to estimate revenue projections and expenditures. Expenditures for operating activities for 2026 are expected to substantially be the same as 2025. Expenditures for capital improvements are expected to be approximately \$419,150 for 911 system upgrades and approximately \$691,892 for facility refresh improvements. Revenues are expected to be substantially the same as 2025.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Tommy Mazzone, Executive Director, or by calling (318) 675-2222.

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recognized as an expenditure in the funds when it is due, and thus requires the use of current financial resources. Caddo Parish Communications District Number One

Notes to the Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Caddo Parish Communications District Number One (the "District") was created by the Caddo Parish Commission (the "Commission") by ordinance on September 25, 1985, as provided under Louisiana Revised Statute (R.S.) 33:9103. The District is comprised of property within the Parish of Caddo and is governed by a Board of Commissioners. The purpose of the District is to provide a primary three-digit emergency telephone number (911) and related support system for Caddo Parish.

Reporting Entity

The basic criterion for determining whether a governmental organization should be included in a primary governmental unit's reporting entity for basic financial statements is financial accountability. Financial accountability includes the appointment of a voting majority of the organization's governing body and the ability of the primary government to impose its will on the organization or if there is a financial benefit/burden relationship. In addition, an organization which is fiscally dependent on the primary government should be included in its reporting entity.

Parish Ordinance No. 4462 of 2006, which amended Section 21-668 of Ordinance No. 2291 of 1985, provides that four (4) board members be nominated by the Mayor of the City of Shreveport, which have been approved by the City Council; one (1) board member be nominated by the Caddo Parish Sheriff; and two (2) board members be appointed from electors outside the City of Shreveport by the Caddo Parish Commission. The Caddo Parish Commission, however, must approve all City and Sheriff nominees. The District constitutes a political subdivision of the State of Louisiana and is a component unit of the Caddo Parish Commission.

The accounting policies of the District conform to generally accepted accounting principles (GAAP) as applied to governmental units. The more significant accounting policies used by the District are described below.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the District. Governmental activities are normally supported by telephone tariffs and other nonexchange transactions.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment, and 2) when applicable, grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, such as telephone tariffs, and other items not properly included among program revenues are reported instead as general revenues.

Government-Wide and Fund Financial Statements (Continued)

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements. The District has only one fund, the General Fund, which is reported as a major fund and is used to account for all the activities of the District.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources or economic resources. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility and timing requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Government-Wide Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates governmental funds. Separate financial statements are provided for governmental funds.

Fund Financial Statements

The fund financial statements provide information about the District's funds. The emphasis of fund financial statements is on major governmental funds. The District reports one major governmental fund, the General Fund. The General Fund is the District's primary operating fund. It accounts for all financial resources of the District.

Budgetary Information

An annual budget is adopted on a basis consistent with generally accepted accounting principles for the General Fund. The appropriated budget is prepared by fund and function. Appropriations in the General Fund lapse at the end of the fiscal year even if they have related encumbrances. Encumbrances are commitments related to unperformed (executory) contracts for goods or services (i.e., purchase orders, contracts, and commitments). Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. While all appropriations and encumbrances lapse at year end, valid outstanding encumbrances (those for which performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.

The Louisiana Local Government Budget Act provides that "the total of proposed expenditures shall not exceed the total of estimated funds available for the ensuing year." The "total estimated funds available" is the sum of the estimated fund balance at the beginning of the year and the anticipated revenues for the current year. The District may revise or amend the budget at their discretion.

The proposed budget for the calendar year 2025 was adopted on December 10, 2024.

Assets, Liabilities, Deferred Inflows, and Net Position or Fund Balance

Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits, interest bearing demand deposits, and savings deposits. Cash equivalents include short term, highly liquid investments with original maturities of ninety (90) days or less when purchased. Under state law, the District may deposit funds in demand deposits or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

Restricted cash represents unspent debt proceeds from the 2021 Certificates of Indebtedness issue. These proceeds are required to be used for capital improvements of the District, including its communications system.

Assets, Liabilities, Deferred Inflows, and Net Position or Fund Balance (continued)

Investments

Investments in money market investments, which consist of governmental money market mutual funds, and debt instruments of federal government agencies, are reported at amortized cost, which approximates market value. State statutes generally authorize the District to invest in direct United States Treasury obligations; indebtedness issued or guaranteed by federal governmental agencies (provided such obligations are backed by the full faith and credit of the U.S. government); indebtedness issued or guaranteed by federally sponsored U.S. government agencies; time certificates of deposit of state banks organized under the laws of Louisiana and national banks having their principal office in the State of Louisiana; or mutual or trust fund institutions which are registered with the Securities and Exchange Commission.

Accounts Receivable

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Uncollectible amounts are recognized as bad debts through the establishment of an allowance account at the time information becomes available, which would indicate the uncollectibility of the receivable. At December 31, 2025, no allowance for doubtful accounts was established, as all amounts were considered collectible.

Lease Receivables

The District's lease receivables are measured at the present value of lease payments expected to be received during the lease term.

Prepaid Items

Prepaid assets include amounts paid for service in advance, and are shown as an asset until consumed. In addition, a corresponding amount of fund balance of the general fund has been reserved to reflect the amount of fund balance not currently available for expenditure.

Capital Assets

Capital assets, which include property, plant, equipment, and right-of-use lease assets are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year.

Caddo Parish Communications District Number One Notes to the Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, Deferred Inflows, and Net Position or Fund Balance (continued)

Capital Assets (continued)

Land and construction-in-progress are not depreciated. The other property, plant, and equipment are depreciated using the straight-line method over the following estimated useful lives:

Capital asset classes	Lives
Building and improvements	10-30 years
Furniture and equipment	4-30 years

Deferred Inflows of Resources

In addition to liabilities, the statements of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting as deferred inflows of resources. The deferred inflows related to leases are associated with amounts owed to the District, as lessor, by entities leasing the District's capital assets.

Compensated Absences

All District employees shall earn vacation leave on the anniversary of their qualifying date. There is no carryover of unused vacation time. Employees resigning or retiring from the District are paid for their accrued vacation leave. All District employees shall accrue paid sick leave on a monthly basis, and accumulated sick leave shall not exceed 240 hours. For employees resigning or retiring, accumulated sick leave is canceled upon termination.

In the fund financial statements, the matured liability for compensated absences is reported in the General Fund. The total liability is reported in the government-wide financial statements. Due to the adoption of GASB Statement No. 101, *Compensated Absences*, accrued sick leave benefits are accrued and reported in the GWFS. However, the District's policy of not paying sick time benefits upon termination is still in effect. No accrual is made in the governmental funds because the liability is not matured.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, Deferred Inflows, and Net Position or Fund Balance (continued)

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds and are recorded as an adjustment to interest expense. Bonds payable are reported net of the applicable bond premium or discount. In accordance with GASB Codification (GASBC) Section 130: *Interest Costs – Imputation*, bond issuance costs are expensed in the period incurred except for prepaid insurance costs.

In the governmental fund financial statements, bond premiums and discounts, as well as bond issuance costs, are expensed during the current period. The face amount of debt issued, and repayments are reported as other financing sources. Premiums received on debt issuances and discounts on debt issuances are reported as other financing uses.

Leases

Lease contracts that provide the District with control of a non-financial asset, such as land, buildings or equipment, for a period of time in excess of twelve months are reported as a right-of-use lease asset with a related lease liability. The lease liability is recorded at the present value of future lease payments, including fixed payments, variable payments based on an index or fixed rate, and reasonably certain residual guarantees. The intangible right-of-use lease asset is recorded for the same amount as the related lease liability plus any prepayments and initial direct costs to place the asset in service. Right-of-use lease assets are amortized over the shorter of the useful life of the asset or the lease term. The lease liability is reduced for lease payments made, less the interest portion of the lease payment.

Categories and Classification of Net Position and Fund Balance

Net position flow assumption – Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Caddo Parish Communications District Number One Notes to the Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, Deferred Inflows, and Net Position or Fund Balance (continued)

Categories and Classification of Net Position and Fund Balance (continued)

Fund balance flow assumptions – Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the District’s policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund balance policies – Fund balance of governmental funds is reported in various classifications based on the nature of any limitations requiring the use of resources for specific purposes. The District itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The provisions of GASBC Section 1800, *Classification and Terminology*, specifies the following classifications:

Nonspendable fund balance – Nonspendable fund balances are amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted fund balance – Restricted fund balances are restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

The unspent proceeds from the 2021 Certificates of Indebtedness can be used only for the purpose of making capital improvements to the District, and therefore are restricted at December 31, 2025.

Committed fund balance – The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the District’s highest level of decision-making authority. The Board of Commissioners is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Caddo Parish Communications District Number One Notes to the Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities, Deferred Inflows, and Net Position or Fund Balance (continued)

Categories and Classification of Net Position and Fund Balance (continued)

Assigned fund balance – Amounts in the assigned fund balance classification are intended to be used by the District for specific purposes but do not meet the criteria to be classified as committed. The Board of Commissioners may also assign fund balance, as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned fund balance – Unassigned fund balance is the residual classification for the General Fund.

Revenues

Program Revenues

Amounts reported as program revenues include 1) charges to various parish agencies, (i.e. Fire, Police, City, etc.) that purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) when applicable, grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Telephone Tariffs

On April 5, 1986, the voters of Caddo Parish approved the assessment of a telephone surcharge fee pursuant to Louisiana Revised Statute 33:9106 to fund the development, implementation and operation of an enhanced emergency telephone reporting system, 9-1-1. Since the initial election and authorization to assess surcharge fees, the fees have been increased over time through authorization by legislative action. During the 1996 Special Session of the Louisiana Legislature, LSA – R.S. 9131.1 was enacted, which enabled the District to assess cellular and other wireless telecommunications services, as well as allow the District to increase the 9-1-1 surcharge fee upon voter approval, and convert the fee structure from a tariff based rate to a flat fee. On September 21, 1996, the voters of Caddo Parish approved two referendums, which allowed the District to increase the 9-1-1 surcharge fees for residential and business wireline subscribers, and allowed the District to assess cellular and other wireless services. Effective December 1, 1996, the rate for wireline business customers was \$2.00 per month per line up to 100 lines, and the rate for wireline residential customers was \$1.00 per month per line. The rate for cellular and wireless services was \$1.00 per month per line per subscriber.

Revenues (continued)

Telephone Tariffs (continued)

During the 2009 legislative session, Act 531 of 2009 was enacted that allowed for the assessment of 9-1-1 surcharge fees on prepaid wireless services to be levied by retailers at the point of sale at 2% of amount of services purchased. The prepaid wireless funds are collected by the retailers and then remitted to the Louisiana Department of Revenue (DOR). The DOR then distributes the surcharge fees on a quarterly basis to each communications district based upon population of each parish according to the latest census.

As a result of tariff increases approved by the Louisiana Public Service Commission, effective January 1, 2016, the Board of Commissioners of the District adopted an ordinance which increased wireline residential and wireline business rates effective July 1, 2016. The wireline residential surcharge fee became \$1.25 per month per line, and the wireline business surcharge fee became \$2.50 per line per month up to 100 lines per business.

Pursuant to Act 665 of 2016, the Board of Commissioners adopted an ordinance on September 20, 2016, which became effective on January 1, 2017, increasing the District's 9-1-1 surcharge fees on postpaid wireless services to \$1.25 month.

Pursuant to Act 590 of 2016, which became effective on October 1, 2016, the prepaid wireless surcharge fee rate increased from 2% to 4% at the point of sale by the retailer on the amount of prepaid wireless service purchased.

Total revenues derived from wireless service providers in Caddo Parish for the year ended December 31, 2025, were \$2,971,861 . In accordance with R.S. 33:9109, the financial records of the District must be audited pursuant to the provisions of R.S. 24:513. In addition, each district is required to submit an annual report to the legislative auditor, which includes information on the revenues derived from the wireless service charges authorized by 33:9109 and the use of such revenues. Such report must include a report on the status of implementation of wireless E911 service. The District has completed the implementation of wireless Enhanced 9-1-1 service within Caddo Parish and expended \$2,613,121 in communications enhancements for the year ended December 31, 2025.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make various estimates. Actual results could differ from those estimates.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, May 20, 2026, and determined there were no events that occurred that required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Recently Issued and Implemented Accounting Pronouncements

The District adopted the following statement during the year ended December 31, 2025:

GASB Statement No. 102, *Certain Risk Disclosures*. The objective of this Statement is to provide essential information about risks related to a government's vulnerabilities due to certain concentrations (a lack of diversification related to an aspect of a significant revenue source or expense) or constraints (limitations imposed externally or by formal action of a government's highest level of decision-making authority). A government is required to disclose information about such risks if a concentration or constraint (1) is known to the government before the financial statements are available to be issued, (2) makes the government vulnerable to the risk of a substantial impact, and (3) an event or events associated with the concentration or constraint that could cause the substantial impact has occurred, begun to occur, or is more likely than not to begin to occur within 12 months of the date the financial statements are available to be issued. There were no significant impacts of implementing this Statement.

Future Accounting Pronouncements

GASB Statement No. 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting blueprint to enhance its effectiveness in providing essential information and to address certain application issues. The Statement requires changes to management's discussion and analysis to make it easier to read and understand and to focus on explaining the reasons why balances and results of operation have changed. The Statement also provides more explicit definitions of operating and nonoperating revenues and expenses and changes the presentation of nonoperating revenues and expenses in the proprietary funds statement of revenues, expenses, and changes in fund net position. The new standards also (1) combine extraordinary items and special items into a single category, unusual or infrequent items, and clarify how they should be reported; (2) limits the reporting of major component unit information to the face of the government-wide financial statements, if it does not reduce their readability, or in combining financial statements following the fund financial statements; and (3) requires that budgetary comparisons be presented as required supplementary information, eliminating the option to present them as basic financial statements. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

Caddo Parish Communications District Number One Notes to the Financial Statements

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Future Accounting Pronouncements (Continued)

GASB Statement No. 104, *Disclosure of Certain Capital Assets*. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. In addition to existing requirements regarding the level of detail with which notes to financial statements should disclose intangible right-to-use lease and subscription-based information technology arrangements (SBITA) assets, the Statement requires that (1) intangible right-to-use assets recognized by government operators in a public-public partnership should be disclosed by major class of underlying asset; (2) other types of intangible assets should be disclosed by major class; and (3) right-to-use assets should be disclosed separately from owned assets of the same type. The Statement also establishes that capital assets held for sale are those a government has decided to sell and whose sale within a year of the financial statement date is probable. Capital assets held for sale should be disclosed together with other capital assets of the same class. Governments also should disclose in notes the historical cost and accumulated depreciation (or amortization) of capital assets held for sale, as well as the carrying amount of debt for which they are pledged as collateral, by major class of asset for governmental and business-type activities. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter.

GASB Statement No. 105, *Subsequent Events*. The objective of this Statement is to enhance the consistency with which the standards for reporting subsequent events are applied, thereby better meeting the information needs of financial statement users. The Statement defines subsequent events as transactions or other events that occur after the date of the financial statements but before the date the financial statements are available to be issued (that is, when the financial statements are complete in a form and format that complies with generally accepted accounting principles and approvals necessary for issuance have been obtained), rather than the date the financial statements are issued. The date through which subsequent events have been evaluated should be disclosed. A recognized subsequent event provides evidence of conditions that existed at the financial statement date that inform accounting estimates reported as of the financial statement date and should be reflected in those estimates. A nonrecognized subsequent event results in a significant effect (favorable or unfavorable) that is recognized or disclosed in the basic financial statements in the reporting period in which the event occurs and is one of the following: a debt-related transaction; government combination or a disposal of government operations; a change to the legally separate entities that compose the financial reporting entity; or a transaction or other event that is of such a nature that disclosure is essential to a user's analysis for making decisions or assessing accountability. Governments will be required to disclose a description of the nonrecognized event and its effect and an estimate of the amount of the effect (or the reason why an estimate cannot be made). The requirements of this Statement are effective for fiscal years beginning after June 15, 2026, and all reporting periods thereafter.

The District is evaluating the requirements of the above statements and the impact on reporting.

Caddo Parish Communications District Number One Notes to the Financial Statements

Note 2: DEPOSITS AND INVESTMENTS

The District had a carrying value of total cash at December 31, 2025 of \$1,118,611, which consisted of unrestricted cash of \$740,415 and restricted cash of \$378,196. Total cash amounts on deposit at the bank at December 31, 2025 amounted to \$1,233,919; the difference between this amount and the total carrying value is due to outstanding checks at the end of the year. In accordance with state law, all cash on deposit was insured by federal depository insurance or collateralized with securities held in the District's name by the depository bank.

Restricted cash represents unspent debt proceeds from the 2021 Certificates of Indebtedness issue. These proceeds are required to be used for capital improvements of the District, including its communications system.

Under state law and its own policy, the District may invest in U.S. Treasury obligations, debt issued or guaranteed by federal agencies or federal government instrumentalities and backed by the United States of America, certificates of deposit or share accounts of certain banks, credit unions, or savings and loan associates within the state, and debt issued by the state or any of its political subdivisions.

Custodial credit risk – Custodial credit risk for deposits is the risk in the event of the failure of a depository financial institution the District may not be able to recover deposits. It is the District's policy to require collateralization with securities owned by the pledging institution for those amounts of deposits in excess of federal depository insurance amounts.

For an investment, this is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Except for its mutual funds, which are not categorized as to level of risk because they are not evidenced by securities that exist in physical or book entry form, the District's other investments are insured up to \$500,000 by the Securities Investor Protection Corporation. The District's investment cash is fully insured by federal depository insurance under an overnight sweep program.

Interest rate risk – Interest rate risk is the possibility that interest rates will rise and reduce the fair value of an investment. The District's investment policy limits interest rate risk by requiring that an attempt be made to match investment maturities with known cash needs and anticipated cash flow requirements.

Credit risk – GASBC Section 150: *Investments* of the GASBC requires that governments provide information about credit risk associated with their investments by disclosing the credit rating of investments in debt securities as described by nationally recognized statistical rating organizations. The District's investment policy does not address credit risk.

Caddo Parish Communications District Number One Notes to the Financial Statements

Note 2: DEPOSITS AND INVESTMENTS (Continued)

Concentration risk – GASBC Section 150: *Investments* of the GASBC requires disclosures of investments in any one issuer that represents five percent or more of total investments, excluding investments issued or explicitly guaranteed by the U.S. government, investments in mutual funds, external investments pools and other pooled investments. The District’s investment policy does not address concentration risk.

Fair Value – GASBC Section 3100: *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the codification are described as follows:

Level 1 (L1): Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the District has the ability to access.

Level 2 (L2): Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 (L3): Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments consist of the following at December 31, 2025:

	Fair Value Level	Fair Value	Maturities (in years)		
			Less Than 1	1-5	More Than 5

Note 4: LESSOR LEASES

The District accounts for leases in accordance with GASBC Section L20, *Leases*. During 2025, the District leased two communications tower sites to three private communications service providers, of which two terminated during the year. The remaining non-cancelable lease agreement expires in 2026, and provides for an annual advance payment of \$42,068. The District recognized \$121,990 of lease revenue principal and \$4,486 of lease interest for the year ended December 31, 2025.

The following is a schedule by years of minimum future revenues from non-cancelable agreements as of December 31:

<i>For the year ending December 31,</i>	Principal	Interest	Total

Note 5: LONG-TERM DEBT AND LIABILITIES

Long-term Debt

Long-term debt from direct borrowings consists of the following:

\$12,240,000 Certificates of Indebtedness, Series 2021, due in annual installments of \$665,000 to \$985,000 through December 1, 2036, interest at 2.85%.	<u>\$ 9,460,000</u>
---	---------------------

There are a number of limitations and restrictions contained in the Certificates of Indebtedness.

Management believes that the District is in substantial compliance with all significant limitations and restrictions. The certificates are secured by and payable solely from a pledge of the excess of annual revenues. Total interest expense incurred on all debt, including leases, during 2025 amounted to \$326,166 as reported in the statement of activities.

Long-term liabilities	\$ 11,731,811	\$ 2,553	\$ (884,331)	\$ 10,850,033	\$ 948,312

Note 6: CONTRACTED SERVICES

Contracted services include payments for outside services such as telephone, equipment and property maintenance, tower rental, utilities, payments to the City of Shreveport, and professional services. Payments to the City of Shreveport were to reimburse the Shreveport Fire Department for the costs associated with providing centralized dispatching for the Caddo Parish Fire Districts.

A summary of contracted services for the year ended December 31, 2025 is as follows:

<i>For the year ended December 31,</i>	2025
Telephone	\$ 659,394
Payments to the City of Shreveport	386,488
Equipment and property maintenance	954,895
Professional services	103,068
Utilities	149,365
General liability insurance	108,450
Other	113,671
Total contracted services	\$ 2,475,331

Note 7: BENEFIT PLAN

The District provides a deferred compensation plan in accordance with the Internal Revenue Code Section 457 (Section 457 Plan). Because the District's Section 457 Plan does not meet the criteria established GASBC Section D25: *Deferred Compensation Plans (IRC Section 457)*, the balances in assets and liabilities are not presented in the financial statements of the District. The District is required to contribute 7.5% of each employee's compensation to the plan; such contributions amounted to \$54,704 for the year ended December 31, 2025.

Notes to the Financial Statements

Note 8: RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District obtains commercial insurance to cover or reduce the risk of loss that might arise should one of these incidents occur. No settlements were made during the current or prior three fiscal years that exceeded the District's insurance coverage.

Note 9: COMMITMENTS AND CONTINGENCIES

At December 31, 2025, the District had an uncompleted construction contract for renovations related to the Facility Refresh Project that began during 2025. The remaining commitment on this construction project, including retainage, is approximately \$402,000.

Caddo Parish Communications District Number One Notes to Budgetary Comparison Schedule - General Fund

Budget and Budgetary Accounting

The District adopts a budget for the General Fund. Budgetary data was prepared based on prior year actual operating revenues and expenditures. The District follows these procedures in establishing the budgetary data reflected in these financial statements:

- (1) The budget sub-committee prepares a proposed budget and submits it to the Board of Commissioners. At the same time, a public hearing is called.
- (2) A public hearing is held on the proposed budget.
- (3) After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is adopted through passage of a resolution at least 15 days prior to the commencement of the fiscal year for which the budget is being adopted.
- (4) The budget document is structured such that revenues are budgeted by source and appropriations are budgeted by function and by object. District policy provides that expenditures may not legally exceed appropriations on a functional basis. Budgetary amendments require approval of the Board of Commissioners. Two budget revisions were made during the year ended December 31, 2025.
- (5) All budgetary appropriations lapse at the end of each fiscal year.

The basis of accounting applied to budgetary data presented is substantially consistent with the appropriate basis of accounting for the fund.

Budget Variances - Major Funds

During 2025, total actual revenues did not fail to meet budgeted revenues by 5% or more, and actual expenditures did not exceed budgeted expenditures by 5% or more.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Members of the Board of Commissioners
Caddo Parish Communications District Number One

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the general fund of the Caddo Parish Communications District Number One (the “District”), a component unit of the Caddo Parish Commission, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the District’s basic financial statements, and have issued our report thereon dated May 20, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

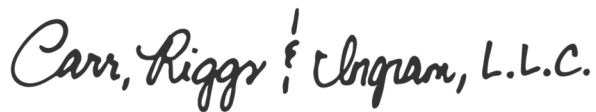

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

INDEPENDENT ACCOUNTANT’S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Members of the Board of Board of Commissioners
of Caddo Parish Communications District Number One
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor’s (LLA’s) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2025 through December 31, 2025. Caddo Parish Communications District Number One’s management is responsible for those C/C areas identified in the SAUPs.

Caddo Parish Communications District Number One has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA’s SAUPs for the fiscal period January 1, 2025 through December 31, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated results are as follows:

Written Policies and Procedures

1. Obtain and inspect the entity’s written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity’s operations:

a) ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.

Results: No exceptions were found as a result of applying the procedure.

- b) **Purchasing**, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.

Results: No exceptions were found as a result of applying the procedure.

- c) **Disbursements**, including processing, reviewing, and approving.

Results: No exceptions were found as a result of applying the procedure.

- d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

Results: No exceptions were found as a result of applying the procedure.

- e) **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.

Results: No exceptions were found as a result of applying the procedure.

- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

Results: No exceptions were found as a result of applying the procedure.

- g) **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

Results: No exceptions were found as a result of applying the procedure.

- h) **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

Results: No exceptions were found as a result of applying the procedure.

- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

Results: No exceptions were found as a result of applying the procedure.

- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Results: No exceptions were found as a result of applying the procedure.

- k) **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Results: No exceptions were found as a result of applying the procedure.

- l) **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Results: No exceptions were found as a result of applying the procedure.

Board or Finance Committee

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and

- a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

Results: The August 19, 2025 meeting of the Board of Commissioners was adjourned after it was determined a quorum was not present.

- b) For those entities reporting on the governmental accounting model, review the minutes from all regularly scheduled board/finance committee meetings held during the fiscal year and observe whether the minutes from at least one meeting each month referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual comparisons, at a minimum, on all proprietary funds, and semi-annual budget-to-actual comparisons, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*

Results: No exceptions were found as a result of applying the procedure.

- c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one **meeting** during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

Results: Per the prior year audited financial statements, the unassigned fund balance of the general fund was not negative at the end of the prior year.

- d) Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

Results: There were no findings in the prior year audited financial statements, as such, this procedure is not applicable.

Bank Reconciliations

- 3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

- a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

Results: No exceptions were found as a result of applying the procedure.

- b) Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated or electronically logged); and

Results: No exceptions were found as a result of applying the procedure.

- c) Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Results: There were no reconciling items outstanding for more than 12 months from the statement closing date, as such, this procedure is not applicable.

Collections (excluding electronic funds transfers)

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Results: CRI obtained a listing of deposits sites and management's representation that the listing was complete. There is only one deposit site.

5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that

- a) Employees responsible for cash collections do not share cash drawers/registers;

Results: No exceptions were found as a result of applying the procedure.

- b) Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;

Results: No exceptions were found as a result of applying the procedure.

- c) Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and

Results: No exceptions were found as a result of applying the procedure.

- d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or custodial fund additions, is (are) not also responsible for collecting cash, unless another employee/official verifies the reconciliation.

Results: No exceptions were found as a result of applying the procedure.

6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.

Results: No exceptions were found as a result of applying the procedure.

7. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3 (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and

a) Observe that receipts are sequentially pre-numbered.

Results: The District does not utilize pre-numbered receipts.

b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

Results: No exceptions were found as a result of applying the procedure.

c) Trace the deposit slip total to the actual deposit per the bank statement.

Results: No exceptions were found as a result of applying the procedure.

d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

Results: Two exceptions were found where deposit was not made within one business day of receipt.

e) Trace the actual deposit per the bank statement to the general ledger.

Results: No exceptions were found as a result of applying the procedure.

Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Results: CRI obtained a listing of locations that process payments and management's representation that the listing was complete. There is only one location that processes payments.

9. For each location selected under procedure #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that

a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;

Results: No exceptions were found as a result of applying the procedure.

b) At least two employees are involved in processing and approving payments to vendors;

Results: No exceptions were found as a result of applying the procedure.

c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;

Results: The employee responsible for processing payments is also responsible for adding/modifying vendor files. Another employee does not periodically review changes to vendor files.

d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and

Results: No exceptions were found as a result of applying the procedure.

e) Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

Results: No exceptions were found as a result of applying the procedure.

[Note: Findings related to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]

10. For each location selected under procedure #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and

a) Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity, and

Results: No exceptions were found as a result of applying the procedure.

- b) Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #9 above, as applicable.

Results: Except for the lack of segregation previously described in procedure #9 above, no exceptions were found as a result of applying the procedure.

11. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.

Results: There were no non-payroll electronic disbursements during the fiscal period, as such, this procedure is not applicable.

Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

12. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Results: CRI obtained a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards for the fiscal period and management's representation that the listing is complete.

13. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and

- a) Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., itemized receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and

Results: The authorized card holder is also responsible for approving monthly statements.

- b) Observe that finance charges and late fees were not assessed on the selected statements.

Results: No exceptions were found as a result of applying the procedure.

- 14. Using the monthly statements or combined statements selected under procedure #13 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a “missing receipt statement” that is subject to increased scrutiny.

Results: No exceptions were found as a result of applying the procedure.

- 15. Using the list of terminated employees obtained in Payroll and Personnel procedure #20 identify those individuals who had access to cards and randomly select 5 terminated employees (or all terminated employees with card access if less than 5) from this population. Observe evidence that the cards have been deactivated for these terminated employees. In cases where a card is shared by multiple users, obtain evidence that the terminated employees’ authorization has been removed.

Results: No terminated employees had access to cards, as such, this procedure is not applicable.

Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- 16. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management’s representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected

- a) If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana (doa.la.gov/doa/ost/ppm-49-travel-guide/) or the U.S. General Services Administration (www.gsa.gov);

Results: No exceptions were found as a result of applying the procedure.

- b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

Results: No exceptions were found as a result of applying the procedure.

- c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1g; and

Results: No exceptions were found as a result of applying the procedure.

- d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Results: No exceptions were found as a result of applying the procedure.

Contracts

17. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and

- a) Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

Results: No exceptions were found as a result of applying the procedure.

- b) Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);

Results: No exceptions were found as a result of applying the procedure.

- c) If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and

Results: No exceptions were found as a result of applying the procedure.

- d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Results: No exceptions were found as a result of applying the procedure.

Payroll and Personnel

18. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

Results: No exceptions were found as a result of applying the procedure.

19. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #18 above, obtain attendance records and leave documentation for the pay period, and

a) Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);

Results: No exceptions were found as a result of applying the procedure.

b) Observe whether supervisors approved the attendance and leave of the selected employees or officials;

Results: No exceptions were found as a result of applying the procedure.

c) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and

Results: No exceptions were found as a result of applying the procedure.

d) Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.

Results: No exceptions were found as a result of applying the procedure.

20. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.

Results: There were no termination payments during the fiscal period, as such, this procedure is not applicable.

21. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums) have been paid, and any associated forms have been filed by required deadlines.

Results: No exceptions were found as a result of applying the procedure.

Ethics

22. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #18 obtain ethics documentation from management, and

- a) Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and

Results: No exceptions were found as a result of applying the procedure.

- b) Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

Results: The District's ethics policy was not changed during the fiscal period, as such, this procedure is not applicable.

23. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

Results: No exceptions were found as a result of applying the procedure.

Debt Service

24. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.

Results: Management represented that no debt instruments were issued during the fiscal period, as such, this procedure is not applicable.

25. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Results: No exceptions were found as a result of applying the procedure.

Fraud Notice

26. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.

Results: Management represented that no misappropriations of public funds or assets occurred during the fiscal period.

27. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Results: No exceptions were found as a result of applying the procedure.

Information Technology Disaster Recovery/Business Continuity

Perform the following procedures, **verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."**

28. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.

Results: We performed the procedure and discussed the results with management.

29. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

Results: We performed the procedure and discussed the results with management.

30. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

Results: We performed the procedure and discussed the results with management.

31. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in Payroll and Personnel procedure #20. Observe evidence that the selected terminated employees have been removed or disabled from the network.

Results: We performed the procedure and discussed the results with management.

32. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #18, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:

- Hired before June 9, 2020 – completed the training, and
- Hired on or after June 9, 2020 – completed the training within 30 days of initial service or employment

Results: We performed the procedure and discussed the results with management.

Prevention of Sexual Harassment

33. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #18, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

Results: No exceptions were found as a result of applying the procedure.

34. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

Results: No exceptions were found as a result of applying the procedure.

35. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:

- a) Number and percentage of public servants in the agency who have completed the training requirements.
- b) Number of sexual harassment complaints received by the agency;
- c) Number of complaints which resulted in a finding that sexual harassment occurred;
- d) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
- e) Amount of time it took to resolve each complaint.

Results: No exceptions were found as a result of applying the procedure.

We were engaged by the Caddo Parish Communications District Number One to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Caddo Parish Communications District Number One and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Dear Sir or Madam:

Jackie Lewis
8426 West Wilderness Way
Shreveport, LA 71106

Regarding the exceptions identified with the *Independent Accountant's Report on Applying Agreed-Upon Procedures*, for the year ended December 31, 2024, the Caddo Parish Communications District Number One (District) submits the following responses:

Fred McClanahan
5806 Fairfield Avenue
Shreveport, LA 71106

Board or Finance Committee:

VACANT

Procedure 2a – Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

VACANT

EXECUTIVE DIRECTOR

Tommy Mazzone
(318) 675-2222

Results: The August 19, 2025 meeting was adjourned after it was determined a quorum was not present. **No other exceptions were found as a result of applying this procedure.**

GENERAL COUNSEL

Zelda Tucker
(318) 861-0884

Management's Response – According to the District's by-laws (Section 9 – Quorum and Rules), "A majority of the Board of Commissioners shall constitute a quorum." On that evening, at the established time of 6:00 p.m., there were not enough commissioners to constitute a quorum. The Chairman opened the meeting, made note of the absences and adjourned the meeting.

Collections (excluding electronic funds transfers):

Procedure 7d – Observe that the deposit was made within one (1) business day of receipt at the collection location (within one (1) week if the depository is more than 10 miles from the collection location or is less than \$100 and the cash is stored in a locked safe or drawer).

Results: Two exceptions were found where deposits was not made within one (1) business day of receipt.

Management's Response – It is the District's policy to make cash deposits within one (1) week. The District installed an automated depositing machine which alleviates the need of manual check deposits.

Procedure 9c – The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

Results: The employee responsible for processing payments is also responsible for adding/modifying vendor files. Another employee does not periodically review changes to vendor files.

Management's Response – ***The District has established a process for periodically reviewing changes to vendor files***, using the Executive Director as an additional responsible agent. However, using a second staff member to add/modify vendor files is not an efficient process as we are a small staff.

Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards):

Procedure 11a – Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., itemized receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported).

Results: The authorized card holder is also responsible for approving monthly statements.

Re: Responses to Exceptions
May 20, 2026

Management's Response – Through the course of normal business operations, the monthly American Express Card statement and supporting documentation **are reviewed and approved by the Executive Director and two (2) Board Members, as signatories.**

Any questions concerning these management responses may be directed to me for further explanation.

Sincerely,

Thomas B. Mazzone
Executive Director
