INDEPENDENT AUDITORS' REPORT

The Board of Commissioners
Lafayette Parish Waterworks District North
Lafayette, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and major fund of Lafayette Parish Waterworks District North (District), a component unit of Lafayette Parish Consolidated Government, as of and for the years ended December 31, 2019 and 2018 (as restated), and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and major fund of Lafayette Parish Waterworks District North, as of December 31, 2019 and 2018 (as restated), and the respective changes in financial position and the cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The accompanying financial information listed as "Supplementary Information" in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements of Lafayette Parish Waterworks District North. Such information, except for the portion marked "Unaudited", on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2020 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting.

LAFAYETTE PARISH WATERWORKS DISTRICT NORTH

Notes to the Basic Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of Lafayette Parish Waterworks District North (the District) conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the industry audit guide, Audits of State and Local Governmental Units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The District applies all applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989 in accounting and reporting for its proprietary fund operations unless those pronouncements conflict with or contradict GASB pronouncements.

The following is a summary of certain significant accounting policies:

Financial Reporting Entity

The Lafayette Parish Waterworks District North, which is a component unit of Lafayette Parish Consolidated Government, was created under the provisions of Louisiana Revised Statutes 33:3811, for the purpose of providing potable drinking water to the rural areas of Lafayette Parish. The District is governed by a board of commissioners composed of nine members appointed by Lafayette Parish Consolidated Government. Each board of commissioner serves a four year term and cannot serve more than twelve years.

This report is comprised of a proprietary fund that is administered by the District's board of commissioners and controlled by the Lafayette Parish Consolidated Government. The accompanying financial statements present information only on the proprietary fund maintained by the District and do not present information on the Lafayette Parish Consolidated Government and the general governmental services provided by that governmental unit.

Basis of Presentation

Government-Wide Financial Statements (GWFS)

The statement of net position and statement of activities display information about the reporting government as a whole. They include all funds of the reporting entity. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Lafayette Parish Waterworks District North does not have governmental activities. Its operation is a business-type activity.

Fund Accounting

The accounts of the District are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

LAFAYETTE PARISH WATERWORKS DISTRICT NORTH

Notes to the Basic Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The District maintains only one fund and it is described below:

Proprietary Fund –

The Enterprise fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

The enterprise fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

The government wide and proprietary fund statements are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized in accordance with the requirements of GASB Statement No. 33 “Accounting and Financial Reporting for Nonexchange Transactions.”

Cash and Interest-bearing Deposits

Interest-bearing deposits are stated at cost, which approximates market. All short-term investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the date of purchase, they have a maturity date no longer than three months.

Investments

Under state law, the District may deposit funds with a fiscal agent organized under the laws of the State of Louisiana, the laws of any other state in the union or the laws of the United States. The District may invest in United States bonds, treasury notes and bills, government backed agency securities, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. As of December 31, 2019 the District has no investments.

LAFAYETTE PARISH WATERWORKS DISTRICT NORTH

Notes to the Basic Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Prepaid Items

Payments made to vendors for services that will benefit periods beyond year-end are recorded as prepaid items.

Bad Debts

Through the establishment of an allowance account, uncollectible amounts due from customer's utility receivables are recognized as bad debts at the time information becomes available, which would indicate the uncollectibility of the particular receivable.

Capital Assets

Capital assets include property, equipment, and infrastructure assets. They are reported at historical cost or estimated cost if historical is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Depreciation of all exhaustible fixed assets used by the proprietary fund is charged as an expense against its operations. Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Utility System and Improvements	30-40 years
Furniture, fixtures, and equipment	7-10 years

Compensated Absences

The District allows one week paid vacation after one year as a full-time employee. In recognition of length of continuous service to the District, additional vacation time is provided to the employee based upon years of service. Vacation is normally taken in the year accrued and cannot be carried over. Employees are allowed five days annually for excused absences, including sick leave. Although sick leave is available for employees when needed, it does not vest nor is it payable at termination of employment.

Equity Classifications

Equity is classified as net position and displayed in three components:

LAFAYETTE PARISH WATERWORKS DISTRICT NORTH

Notes to the Basic Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- a. Invested in capital assets, net of related debt – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

The District uses unrestricted assets only when restricted assets are fully depleted.

Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Subsequent Events

We have evaluated events subsequent to the balance sheet date through June 24, 2020, the date the financial statements were available to be issued.

LAFAYETTE PARISH WATERWORKS DISTRICT NORTH

Notes to the Basic Financial Statements

NOTE 2 CASH AND INTEREST-BEARING DEPOSITS

Under state law, the District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the law of any other state in the Union, or the laws of the United States. The District may invest in certificates and time deposits of the state banks organized under Louisiana law and national banks having principal offices in Louisiana. At December 31, 2019 and 2018, the District had cash and interest-bearing deposits (book balances) totaling \$3,275,297 and \$2,652,365, respectively, as follows:

	2019	2018
Demand deposits	<u>\$1,125,656</u>	<u>\$ 528,446</u>
Time deposits and money market accounts	<u>2,149,641</u>	<u>2,123,919</u>
Total	<u>\$3,275,297</u>	<u>\$2,652,365</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. The bank balances are categorized below to give an indication of the level of risk assumed by the District at December 31, 2019. Category 1 includes bank balances that are insured or collateralized with securities held by the entity or by its agent in the entity's name. Category 2 includes bank balances that are collateralized with securities held by the pledging financial institution's trust department or agent in the entity's name. Category 3 includes bank balances that are collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the entity's name. Deposit balances (bank balances) at December 31, 2019, are secured as follows:

Bank balances	<u>\$3,282,344</u>
At December 31, 2019, the deposits are secured as follows:	
Federal deposit insurance	\$ 812,176
Trust assets	<u>2,470,168</u>
	<u>\$3,282,344</u>

Even though pledged securities are considered uncollateralized (Category 3), Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent has failed to pay deposited funds upon demand.

LAFAYETTE PARISH WATERWORKS DISTRICT NORTH

Notes to the Basic Financial Statements

NOTE 3 RESTRICTED ASSETS – PROPRIETARY FUND TYPE

Restricted assets were applicable to the following at December 31:

	<u>2019</u>	<u>2018</u>
Revenue bond and interest sinking account	\$ 570,522	\$ 545,587
Revenue bond reserve account	780,668	780,279
Revenue bond contingency account	312,419	312,263
Customers' deposits	<u>320,527</u>	<u>294,350</u>
Total restricted assets	<u>\$1,984,136</u>	<u>\$1,932,479</u>

NOTE 4 CAPITAL ASSETS

A summary of changes in property and equipment follows:

	<u>2019</u>

Easement acquisitions	20,380	-	-	20,380
Construction in progress	<u>792,937</u>	<u>797,599</u>	<u>312,204</u>	<u>1,278,332</u>
Total	13,271,240	1,127,357	312,204	14,086,393
Less: Accumulated depreciation	<u>(6,194,112)</u>	<u>(387,410)</u>	<u>-</u>	<u>(6,581,522)</u>
Net Utility Fund property, plant and equipment	<u>\$7,077,128</u>	<u>\$ 739,947</u>	<u>\$ 312,204</u>	<u>\$7,504,871</u>

Depreciation expense for the years ended December 31, 2019 and 2018 totaled \$395,822 and \$387,410, respectively.

NOTE 5 CHANGES IN LONG-TERM DEBT

The following is a summary of utility revenue bond transactions of the District for the years ended December 31, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
Long-term debt payable at January 1	\$2,995,970	\$3,356,970
Long-term debt retired and called	<u>(366,970)</u>	<u>(361,000)</u>
Long-term debt payable at December 31	<u>\$2,629,000</u>	<u>\$2,995,970</u>

LAFAYETTE PARISH WATERWORKS DISTRICT NORTH

Notes to the Basic Financial Statements

NOTE 5 CHANGES IN LONG-TERM DEBT (CONTINUED)

Long-term debt payable at December 31 is composed of the following individual issues:

	<u>2019</u>	<u>2018</u>
Utility Revenue Bonds:		
\$5,113,316 Refunding Bonds, Series 2013, due in annual installments of \$136,000 to \$417,000 through October 1, 2027; interest at 2.95 percent	<u>\$ 2,629,000</u>	<u>\$ 2,995,970</u>
Less: Current Portion	(382,000)	(372,000)
Less: Unamortized bond issuance cost	<u>(23,395)</u>	<u>(26,413)</u>
	<u>\$ 2,223,605</u>	<u>\$ 2,597,557</u>

The annual requirements to amortize all debts outstanding at December 31, 2019 are as follows:

<u>December 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2020	\$ 382,000	\$ 77,556	\$ 459,556
2021-2025	1,972,000	215,025	2,187,025
2026-2027	<u>275,000</u>	<u>12,213</u>	<u>287,213</u>
	<u>\$ 2,629,000</u>	<u>\$ 304,794</u>	<u>\$ 2,933,794</u>

NOTE 6 RISK MANAGEMENT

The District is exposed to various risks of loss related to theft of, damage to and destruction of assets and errors and omissions for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 7 FLOW OF FUNDS; RESTRICTIONS ON USE – UTILITY REVENUES

Under the terms of the respective bond indentures on the utility revenue bonds, all income and revenues (hereinafter referred to as revenue) of every nature, earned or derived from operations of the Water Utility System are pledged and dedicated to the retirement of said bonds and are to be set aside into the following special funds. Each month there will be set aside into a "Waterworks Revenue Bond and Interest Sinking Fund" an amount sufficient to accumulate the amount needed to assure the prompt payment of the principal and interest installments as they become due, and may be used only for such payment. There shall also be set aside into a "Waterworks Reserve Fund" a monthly amount equal to 25 percent of the amount to be paid into the sinking fund until the sum of \$469,262 has been accumulated. Funds will also be set aside into a "Waterworks Depreciation and

Contingency Fund" of \$1,305 per month. Monies in this fund shall be used to pay the major repairs due to damage caused by unforeseen catastrophe and for replacements made necessary by the depreciation of the system. All of the revenues received in any fiscal year and not required to be paid into any of the above noted funds in such fiscal year shall be regarded as surplus and may be used for any lawful purpose. The Lafayette Parish Waterworks District North was in compliance with all significant limitations and restrictions in the bond indenture at December 31, 2019.

NOTE 8 COMPENSATION OF BOARD MEMBERS

A detail of compensation paid to the President of the Board and board members for the year ended December 31, 2019 follows:

	<u>Amount</u>
Harold Hebert, President	\$ 540
Board members:	
Bradley Racca	420
Jared Richard	420
Kenny Suire	240
Martin Mouton	240
Paul Champagne	480
Preston Bernard	540
Robert Marceaux	420
Toby Domingue	60
	<u>\$ 3,360</u>

NOTE 9 RELATED PARTY TRANSACTIONS

The District has an agreement with Lafayette Consolidated Government whereas, Consolidated Government installs certain services and sells water to certain District customers, collects the monthly billings from the customers, and remits the net amount collected to the District monthly after deducting charges and cost of water sold. Included in water sales and fees is \$2,482,676 billed by Lafayette Consolidated Government and included in cost of water sold is \$1,339,117 withheld by Lafayette Consolidated Government for cost of water sold and services installed.

NOTE 10 SCHEDULE OF COMPENSATION, BENEFITS, AND OTHER PAYMENTS TO AGENCY HEAD

	<u>Amount</u>
Harold Hebert, President	
Salary	\$ 540

NOTE 11 PRIOR PERIOD ADJUSTMENT

The 2018 financial report has been restated to account for additional expenses incurred by the District in relation to water purchased from Lafayette Consolidated Government. Due to a billing system upgrade by Lafayette Consolidated Government in October 2018, some costs were not captured in the monthly billing of the District. The following is a summary of the line items from the 2018 financial report that were restated.

	<u>Previously reported</u>	<u>Adjustment</u>	<u>Restated amount</u>
Accounts payable	\$ 155,078	\$ 117,463	\$ 272,541
Cost of water sold	2,153,748	117,463	2,271,211

NOTE 12 COVID-19 PANDEMIC

In December 2019, a novel strain of coronavirus (COVID-19) was reported to have surfaced in China. The World Health Organization has characterized COVID-19 as a pandemic. The COVID-19 outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of COVID-19 on our operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on our customers, employees and vendors, all of which are uncertain and cannot be predicted. At this point, the extent to which COVID-19 may impact our financial condition or results of operations is uncertain.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Commissioners
Lafayette Parish Waterworks District North
Lafayette, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and major fund of Lafayette Parish Waterworks District North (the District), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated June 24, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.
