INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Commissioners Concordia Parish Communications District

We have reviewed the accompanying financial statements of the governmental activities of the Concordia Parish Communications District, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants, and the standards applicable to review engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require the management's discussion and analysis and budgetary comparison information on pages 4 through 7 and 16 be presented to supplement the basic financial statements. Such information, although not a

required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. The information is the responsibility of management.

We have reviewed the information and, based on our review, we are not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. We have not audited the information and, accordingly, do not express an opinion on such information.

CONCORDIA PARISH COMMUNICATIONS DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A) YEAR ENDED DECEMBER 31, 2019

As management of the Concordia Parish Communications District, Vidalia, Louisiana, (the District) we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the years ended December 31, 2019. We encourage readers to consider the information presented here in conjunction with additional information found within the body of the financial statements.

FINANCIAL HIGHLIGHTS

The financial statements included in this report provide insight into the financial status for the year. Based upon the operations of 2019, the District's net assets increased in 2019, which resulted in ending net assets of \$677,005 as of December 31, 2019. This is an increase from the prior year of \$57,773.

- 1. The beginning cash balance at January 1, 2019 for the District was \$616,771. The ending cash balance was \$676,803 as of December 31, 2019.
- 2. The governmental activities had \$268,630 in general revenues in 2019, which primarily consisted of tariffs from wireline and wireless telephone users. There was \$147,790 in operating governmental expenses in 2019. This is compared to \$230,465 and \$142,025, respectively, in the prior year.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Concordia Parish Communications District's basic financial statements. The District's basic financial statements comprise two components: 1) combined government-wide and fund financial statements and 2) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the District's net position changed during the most recent fiscal year.

Fund Financial Statement Column. A fund is an accountability unit to maintain control over resources segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole.

Governmental funds are reported in the fund financial statements and encompass the same function reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds, including object classifications. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund operating statement provide a reconciliation to assist in understanding the difference between these two perspectives. The basic governmental fund financial statements are presented on pages 8 - 9 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 10 - 15 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of a government's financial position. In the case of the District, assets exceeded liabilities by \$677,005 as of December 31, 2019.

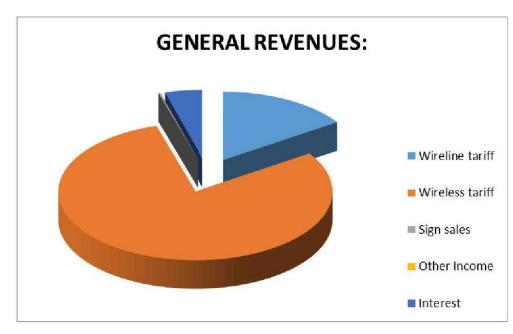

A comparative statement of net position for the current year and the prior year is presented below:

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Introduction

Concordia Parish Communications District (the District) was created by an ordinance of the Concordia Parish Police Jury on August 12, 1991, in accordance with Louisiana Revised Statute 31:9101. The District is governed by a board of seven commissioners who are qualified voters and residents of the District. The commissioners are jointly referred to as the Board of Commissioners and appointed by the Concordia Parish Police Jury. The commissioners serve terms of four years, which expire on a rotating basis. The District was created for the purpose of owning and operating facilities to establish and operate a uniform emergency number to simplify the notification of public service personnel in the case of an emergency. The commissioners do not receive any compensation. The District employs one full-time employee and part-time employees as needed through the Concordia Parish Sheriff's Department.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units.

Fund Accounting

The District uses a fund and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliances and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. On the other hand, an account group is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

The General Fund of the District is classified as a governmental fund. The General Fund accounts for the District's general activities including the collection and disbursement of specific or legally restricted monies and the acquisition or construction of general fixed assets.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2019

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Report Entity

As the governing authority of the parish, for reporting purposes, the Concordia Parish Police Jury is the financial reporting entity for Concordia Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Concordia Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
- 2. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
- 3. Organizations for which the reporting entity financial statements would be misleading if the data of the organization is not included because of nature and significance of the relationship.

Because the police jury appoints a voting majority of the District's board and said board is fiscally dependent on the police jury, the District was determined to be a component unit of the Concordia Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District and do not present information of the police jury, the government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED DECEMBER 31, 2019

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Governmental fund financial statements are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The modified accrual basis of accounting is used by the General Fund. The General Fund uses the following practices in recording revenues and expenditures:

Revenues -A tariff based on telephone service is levied based on the monthly base rate. It is due monthly and remitted to the District the next month. It is recorded in the month due.

Expenditures – Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Fund Balance/Net Position

In governmental fund financial statements, fund balance is reported in classifications that comprise a hierarchy based primarily on the extent to which the District is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five (5) components: nonspendable, restricted, committed, assigned and unassigned. All of the District's fund balance is unassigned.

The District's net position is divided into the following categories: Net investment in capital assets; restricted; and unrestricted. Net investments in capital assets, consist of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. Restricted net assets are those that have constraints placed on them either externally, such as by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Unrestricted net assets are those net assets that do not meet the above definitions and are considered available for general operations.

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

The District's budget is prepared on a cash basis of accounting. Unexpended appropriations lapse at year end, and the district does not employ encumbrance accounting.

Cash and Cash Equivalents

Cash includes amounts in demand deposits and certificates of deposit. Under state law, the District may deposit funds in demand deposits, interest bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Fixed Assets

For fund accounting, fixed assets are recorded as expenditures at the time purchased or constructed. In accordance with governmental accounting standards, for the government-wide statements related assets are capitalized and depreciated over their useful lives. Office furniture and equipment are depreciated over 5 years; band radios and antennae over 10. Fixed assets are valued at historical cost or estimated historical cost, using the current cost for like items, if historical cost is not available.

NOTE 2 – CASH

At December 31, 2019, the District had cash totaling \$676,803. These deposits are stated at cost, which approximated market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. At December 31, 2019, the District's cash was deposited in four banks in the state. These deposits are secured from risk by federal deposit insurance up to \$250,000, and by security pledges. At December 31, 2019, the District's uninsured cash balance was zero.

NOTE 3 – RECEIVABLES

NOTE

At December 31, 2019, the receivables are as follows:

Tariffs receivable	\$ 21,135
Accrued interest	1,211
Less allowance for doubtful accounts	<u> </u>
Total receivables 4 - PREPAID ITEMS	<u>\$ 22,346</u>

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and governmental fund financial statements. At December 31, 2019, the District had prepaid storage rental expense in the amount of \$1,463.

NOTE 5 – CHANGES IN CAPITAL ASSETS

A summary of changes in general fixed assets for the year ended December 31, 2019, follows:

NOTE 6 – LONG TERM DEBT

The lease was divided into two components, running concurrently. The cost of installation and maintenance was \$65,956 and is to be repaid with monthly installments of \$1,313.85, including interest at 7.25%. The cost of the hardware was \$69,511 and is to be repaid with monthly installments of \$1,466.69, including interest of 9.70%. On July 14, 2016, the board approved a resolution to raise the wireless 9-1-1 service charge by a rate not to exceed \$1.25 per month per CMRS connection.

NOTE 9 – RISK MANAGEMENT

The District is exposed to certain risks of losses as property damage, liability issues and other potential losses that may occur. The District minimizes its losses by purchase of commercial insurance. The District's exposure over the amount of insurance is considered immaterial.

NOTE 10 – RETIREMENT

The District does not participate in a retirement plan other than that provided by Social Security at December 31, 2019.

NOTE 11 – LITIGATION AND CLAIMS

Our review of the minutes supported the District's assertion that it complied with the open meetings law.

Budget

1. For each federal, state, and local grant we have filed with the appropriate grantor agency a comprehensive budget for those grants that included the purpose and duration, and for state grants included specific goals and objectives and measures of performance

There were no federal, state, or local grants during the fiscal year ended December 31, 2019.

State Audit Law

The agency's 2018 review report was submitted to the Legislative Auditor before the statutory due date of June 30, 2019.

Prior Comments and Recommendations

We obtained the prior year review report, dated June 18, 2019, which included no findings.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standard applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to perform and did not perform an audit, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the District's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance.

Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

LOUISIANA ATTESTATION QUESTIONNAIRE (For Attestation Engagements of Quasi-Public Agencies)

Dear Chief Executive Officer:

Attached is the Louisiana Attestation Questionnaire that is to be completed by you or your staff. This questionnaire is a required part of the review/attestation engagement of Louisiana quasi-public agencies. The completed and signed questionnaire must be presented to and adopted by the governing body, if any, of your organization by means of a formal resolution in an open meeting.

The completed and signed attestation questionnaire and a copy of the adoption instrument, if appropriate, **must be given to the independent certified public accountant at the beginning of the engagement**. The CPA will, during the course of his/her engagement, perform certain agreed-upon procedures to the responses in the questionnaire. It is not necessary to return the questionnaire to the Legislative Auditor's office.

Certain portions of the questionnaire may not be applicable to your organization. In such cases, it is appropriate to mark the representation "not applicable." However, you must respond to each applicable representation. A 'yes' answer indicates that you have complied with the applicable law or regulation. A 'no' answer to any representation indicates a possible violation of law or regulation and, as such, should be fully explained. These matters will be reviewed by the CPA during the course of his/her engagement. Please feel free to attach a further explanation of any representation.

Your cooperation in this matter will be greatly appreciated.

Sincerely,

Daryl G. Purpera, CPA, CFE Louisiana Legislative Auditor
