Independent Auditor's Report

Sheriff Joseph Lopinto
911 Emergency Communications Special Revenue Fund
Jefferson Parish Sheriff's Office
Harvey, Louisiana

We have audited the accompanying financial statements of the 911 Emergency Communications Special Revenue Fund of the Jefferson Parish Sheriff's Office as of and for the year ended June 30, 2017, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the 911 Emergency Communications Special Revenue Fund of the Jefferson Parish Sheriff's Office as of June 30, 2017, and the changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of a Matter

As discussed in Note A, the financial statements present only the 911 Emergency Communications Special Revenue Fund and do not purport to, and do not, present fairly the financial position of the Jefferson Parish Sheriff's Office as of June 30, 2017, and the changes in its financial position or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of the 911 Emergency Communications Special Revenue Fund of the Jefferson Parish Sheriff's Office. The individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements of the 911 Emergency Communications Special Revenue Fund of the Jefferson Parish Sheriff's Office. The information has been subjected to the auditing procedures applied in the financial statements of the 911 Emergency Communications Special Revenue Fund of the Jefferson Parish Sheriff's Office and certain additional procedures, including comparing and reconciling such information directly to the financial statements of the 911 Emergency Communications Special Revenue Fund of the Jefferson Parish Sheriff's Office themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements of the 911 Emergency Communications Special Revenue Fund of the Jefferson Parish Sheriff's Office taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2017, on our consideration of the 911 Emergency Communications Special Revenue Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the 911 Emergency Communications Special Revenue Fund's internal control over financial reporting and compliance.

911 EMERGENCY COMMUNICATIONS
A Special Revenue Fund of the
Jefferson Parish Sheriff's Office
Harvey, Louisiana

ANNUAL FINANCIAL REPORT
For the Fiscal Year Ended June 30, 2017

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the 911 Emergency Communications Fund (the "Sheriff's 911 Fund"), a Special Revenue Fund of the Jefferson Parish Sheriff's Office, have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Sheriff's 911 Fund's significant accounting policies are described below.

1. Reporting Entity

The Jefferson Parish Emergency Communications District (the "911 District") was created on August 11, 1982 by Parish Ordinance No. 15353. The Louisiana Legislature further codified the statutes pertaining to the District in LRS 33:9121 et seq. Under these statutes, the Parish of Jefferson is responsible for establishing an emergency communications district utilizing the number 911 as the primary emergency telephone number in the Parish. The Parish governing authority (i.e., the Council) is also given oversight of the 911 District.

Under JP Resolution No. 118115, dated December 15, 2011, the Parish of Jefferson authorized Newell Normand, in his capacity as the Sheriff of Jefferson Parish (the "Sheriff"), to act as the administrator of the 911 District. The original cooperative endeavor agreement was signed on January 5, 2012 and ran until June 30, 2016. An extension was signed on June 8, 2016 under Resolution No. 127261. The agreement now runs until June 30, 2018. Under this agreement, the Parish of Jefferson would continue to receive the amounts paid by the citizens to their telephone service providers and would then remit the collections to the Jefferson Parish Sheriff in the month or quarter after collection. The Sheriff would then deposit these funds into a Special Revenue Fund and account for all of the day-to-day activities of operating the 911 District within this fund.

This report only shows the 911 Emergency Communications Special Revenue Fund. It is presented separate and apart from the Sheriff's financial statements in order to provide information on the activities performed under this agreement and does not purport to, and does not present the financial position of the Sheriff. The amounts included in this report are reported as a Special Revenue Fund within the Sheriff's basic financial statements.

2. Individual Fund Financial Statements

The Sheriff's 911 Fund uses fund accounting to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. The Sheriff's 911 Fund is classified as a *governmental fund*.

ANNUAL FINANCIAL REPORT
For the Fiscal Year Ended June 30, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental funds are used to account for all or most of the Sheriff's 911 Fund's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general fixed assets (capital project funds), and the servicing of general long-term debt (debt service funds), if any.

For 2017, the Sheriff only reports a Special Revenue Fund (i.e., no capital or debt service activity related to the Sheriff's administration of the 911 District was incurred). As such, the *911 Emergency Communications Special Revenue Fund* is used to account for funds remitted to the Sheriff under the cooperative endeavor agreement with the Parish in order to administer the daily operations and maintenance of the Parish's 911 Emergency Communications District.

3. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Governmental fund financial statements are reported using a *current financial resources measurement focus* and the *modified accrual basis of accounting*. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet.

Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Sheriff's 911 Fund considers the service charges remitted by the Parish to be available if they are collected within 60 days after year-end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt, which is recognized when due, and certain compensated absences which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Those revenues susceptible to accrual are intergovernmental reimbursement, interest and grants. Substantially all other revenues are recorded when received.

4. Assets, Liabilities and Net Assets/Fund Equity

A. *Cash and Investments*

For reporting purposes, cash and cash equivalents include amounts in demand deposits and petty cash. In accordance with GASB Codification Section I50, investments are generally stated at fair value. Money market investments that have a remaining maturity at time of purchase of one year or less are not stated at fair value but are stated at costs or amortized cost. Money market investments include short-term, highly liquid debt instruments such as commercial paper and U.S. Treasury and agency obligations.

For the Fiscal Year Ended June 30, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Louisiana Revised Statutes (LSA-RS 33:2955) authorized the Sheriff's 911 Fund to invest in (1) direct obligations of the United States Treasury, the principal and interest of which are fully guaranteed by the federal government, (2) bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by federal agencies or U.S. government instrumentalities, (3) direct security repurchase agreements of any federal book entry only securities, (4) time certificates of deposits of state banks organized under the law of Louisiana and national banks having their principal offices in the state of Louisiana, savings accounts or shares of savings and loan associations, (5) in mutual or trust fund institutions, which are registered with the Securities and Exchange Commission under the Securities Act of 1933 and the Investment Act of 1940, which have underlying investments consisting solely of and limited to securities of the U.S. government or its agencies, or (6) guaranteed investment contracts issued by a bank, financial institution, insurance company, or other entity having one of the two highest short-term rating categories of either Standard & Poor's Corporation or Moody's Investors Service, provided that no such investment may be made except in connection with a financing program approved by the State Bond Commission.

B. Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at year end are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements.

C. Inventories

The costs of material and supplies acquired by governmental funds are recorded as expenditures at the time of purchase. It is management's opinion that the inventory of such materials and supplies at June 30, 2017 would not be material to the financial statements.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Deferred Charges and Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2017, are recorded as deferred charges or prepaid items in the fund financial statements. These items will be recognized as expenses or expenditures when the benefit or expense is earned/used.

E. Capital Assets

Capital assets, which include property, plant equipment and infrastructure assets, are not reported on the balance sheet at the fund financial statement level. As such, no capital assets are presented in this report. It should also be noted that the capital assets of the 911 District are not reported within the financial statements of the Jefferson Parish Sheriff's Office. Since the Parish is still the governing authority and has title to the assets, they are recorded on the books of the Parish of Jefferson.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Instead, they are recorded as expenditures when incurred.

F. Long-term Obligations

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Payments of principal and interest are recorded as expenditures only when due.

G. Fund Equity

In accordance with GASB Codification Section 1800.142-162, fund balances of the governmental fund types are categorized into one of five categories in the fund financial statements – Non-spendable, Restricted, Committed, Assigned, or Unassigned.

For *committed fund balances*, the Parish Council and/or the Sheriff is considered the highest level of decision-making authority and formal policy memorandum issued by each is needed to establish, modify, or rescind a fund balance commitment. For *assigned fund balances*, the Sheriff and/or Chief Financial Officer may assign amounts to a specific purpose via internal memorandum.

ANNUAL FINANCIAL REPORT
For the Fiscal Year Ended June 30, 2017

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In addition, while the Sheriff's 911 Fund has not formally adopted a minimum fund balance policy, in keeping with the precedence set by the Parish Council, it does have an internal targeted fund balance of 15.0 percent of current year expenditures.

While the Sheriff's 911 Fund has not established a policy for its use of unrestricted fund balance, it does consider that committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

H. Use of Estimates

Preparation of financial statements in accordance with generally accepted accounting principles requires the Sheriff's 911 Fund to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses/expenditures. Actual results could differ from the estimates that were used.

I. Subsequent Events

The Sheriff's 911 Fund has evaluated subsequent events through December 13, 2017, the date the financial statements were available to be issued.

NOTE B – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

1. Budgetary Information

Formal budgetary accounting is employed as a management control device during the year for the Sheriff's 911 Fund, because it is a Special Revenue Fund. The annual budget is legally adopted each year by a resolution authorized by the Sheriff.

Expenditures may not exceed budgeted appropriations at the fund level. Management of the Sheriff's 911 Fund may make line-item adjustments within a fund without the Sheriff's or the Parish's approval as long as the total revenues and expenditures do not change. Appropriations which are neither expended nor encumbered lapse at year end.

Budgets are adopted for on a basis consistent with generally accepted accounting principles (GAAP), except that (1) expenditures represented by unpaid invoices received after the year-end budgetary cut-off and which had not been encumbered are recognized when paid, (2) encumbrances are recorded as expenditures, and (3) amounts paid under capital leases are budgeted as rent expenses rather than debt service.

For the Fiscal Year Ended June 30, 2017

NOTE B – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the Special Revenue Fund.

In accordance with the Louisiana Local Government Budget Act (LSA-RS 39:1301), the procedures used by the Sheriff in establishing the budgetary data in the financial statements include public notices of the proposed budget, public inspections and hearings. The budget is then legally adopted by the Sheriff through a formal implementation letter. All amendments to the budget must also be approved by the Sheriff. Budgeted amounts included in the accompanying statements are as originally adopted or as finally amended by the Sheriff as of June 23, 2017.

2. Amendments to the Budget

As noted above, the Sheriff made several supplemental budgetary appropriations through the year, the final being made on June 23, 2017. The most significant of the changes made are described below:

Revenues of the Sheriff's 911 Fund were not changed during the year. The original amount adopted (\$7,390,500) is what was budgeted for at year-end.

Expenditures of the Sheriff's 911 Fund were increased by \$802,650. A breakdown by category follows:

Fund/Bureau	Original Budget	Amendments	Final Budget
Salaries and benefits	\$ -	\$ -	\$ -
General operating expenditures	1,777,820	687,650	2,465,470
Materials and supplies	74,500	-	74,500
Travel	25,000	-	25,000
Capital outlay	95,500	115,000	210,500
Intergovernmental	1,509,000	-	1,509,000
Total	<u>\$ 3,481,820</u>	<u>\$ 802,650</u>	<u>\$ 4,284,470</u>

This increase is made up of an increase in general operating expenditures of \$687,650 and an increase of \$115,000 in capital outlay. The increase in general operating expenditures resulted from an increase in telephone and communications costs of \$62,400, an increase of \$592,000 in repairs and maintenance of communications equipment, and a \$17,000 increase in computer programming.

911 EMERGENCY COMMUNICATIONS

ANNUAL FINANCIAL REPORT
For the Fiscal Year Ended June 30, 2017

NOTE B – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)

The increase in capital outlay had to do with an increase in special purpose equipment. The intergovernmental costs remained at \$1,509,000 (which is made up of reimbursements to the Parish Eastbank Fire Department for fire dispatchers and payments to the Cities of Kenner and Gretna for alternate PSAPs).

Operating transfers out were decreased \$(163,000) to reimburse the Sheriff's General Fund for call-takers, police and EMS dispatchers, and IT personnel.

3. Expenditures in Excess of Appropriations

Actual expenditures (on a budgetary basis) totaled \$4,213,118, which was \$71,352 or 1.7% under budget. This is well within the statutorily allowed 5.0 percent.

4. Reconciliation of Budgetary Basis to GAAP Basis of Accounting in Fund Financial Statements

The Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual (Budgetary Basis) presents a comparison of the legally adopted budget with actual data on the budgetary basis. Since accounting principles on the budgetary basis differ from those used to present financial statements in conformity with generally accepted accounting principles (GAAP), a reconciliation of the resulting basis, timing, and entity differences in excess (deficiency) of revenues and other sources over expenditures and other uses for the year ended June 30, 2017, is presented below:

	911 Fund
Excess (deficiency) of revenues and other sources over expenditures and other uses (budgetary basis)	\$ (352,657)
Basis Difference	
To adjust for expenditures for unpaid invoices	19,783

For the Fiscal Year Ended June 30, 2017

NOTE C – DETAILED NOTES ON ALL ACTIVITIES AND FUNDS

1. Deposits with Financial Institutions and Investments

Deposits with Financial Institutions

The deposits at June 30, 2017, consisted of the following:

	Cash	Certificates of Deposit	Other	Total
Deposits in Bank Accounts per Balance Sheet	\$ 3,670,719	\$ -	\$ 100	\$ 3,670,819
Bank Balances of Deposits Exposed to Custodial Credit Risk:				
A. Uninsured and uncollateralized	\$ -	\$ -	\$ -	\$ -
B. Uninsured and collateralized with securities held by the pledging institution	-	-	-	-
C. Uninsured and collateralized with securities held by the pledging institution's trust department or agent but not in the Sheriff's name	-	-	-	-
Total Bank Balances Exposed to Custodial Credit Risk	\$ -	\$ -	\$ -	\$ -
Total Bank Balances - All Deposits	\$ 3,681,155	\$ -	\$ -	\$ 3,681,155

Petty cash is not required to be reported in the note disclosure, however, to aid in reconciling amounts reported on the Balance Sheet to the amounts reported in this note, the Sheriff's 911 Fund held \$100 in petty cash at June 30, 2017 (shown as Other in the table above).

State statutes require the Sheriff to protect the deposits of its public funds with either deposit insurance or collateral pledged by its fiscal agent bank in an amount at least equal to the amount on deposit at the bank. Because the Sheriff's 911 Fund is part of the Sheriff's Office, its deposits are covered by the same insurance and/or collateral as the Sheriff. As noted above, all of the deposits were either insured or collateralized.

2. Receivables

Receivables at June 30, 2017 consist of the following:

Due From/Description	Amount
Jefferson Parish	
April 2017 Service Fees	211,820
May 2017 Service Fees	255,896
June 2017 Service Fees	1,476,110
	\$ 1,943,826

These service fees were collected from the Parish shortly after year end and remitted to the Sheriff after year end.

The Sheriff considers all receivables to be collectible; therefore, no allowance has been established for doubtful accounts.

3. Capital Assets

Fund financial statements do not disclose capital assets on their balance sheets.

The capital assets of the 911 District are recorded on the books of the Parish of Jefferson and not on the Sheriff's financial statements. The Parish Council is still the governing authority of the 911 District and has title to all assets purchased by the 911 District.

Capital outlay expenditures are recorded in the fund financial statements. These outlays are reported to the Parish administration for capitalization purposes and asset tagging.

4. Operating, Maintenance, and Lease Agreements

Maintenance Agreements

The Sheriff's 911 Fund is a party to various operating and maintenance agreements. One of the most significant ones has to do with the maintenance and support of the Tiburon Software and Computer-Aided Dispatch (CAD) system utilized by the 911 District to receive and dispatch emergency calls. When the system was purchased and installed, the first year's maintenance and support was included in the amount paid. During 2017, the Sheriff's 911 Fund expended \$371,426 on this contract. The contract was renewed during 2017 for an additional five year period.

NOTE C – DETAILED NOTES ON ALL ACTIVITIES AND FUNDS (CONTINUED)

The following amounts are scheduled to be paid over the next five years under the new contract out of the 911 Emergency Communications District Special Revenue Fund. Should the district opt out of certain modules, the amount of maintenance and support may change.

Fiscal Year	Scheduled Maintenance Fees
6/30/2018	\$ 389,998
6/30/2019	409,498
6/30/2020	429,973
6/30/2021	451,471
6/30/2022	474,045
	<u>\$ 2,154,985</u>

Another major operating agreement is for maintenance and support of the telephone equipment itself. The 911 District currently contracts with AT&T to provide maintenance on the main site, the old 911 site, and the two PSAPs located in Gretna and Kenner. This contract was renegotiated with the implementation of the new VoIP-as-a-Service (VaaS) system noted below. The old agreement called for base monthly payments of \$66,425. This has been reduced to \$26,145 per month. During the year, payments made under these contracts totaled \$289,335.

The 911 District implemented a new VoIP-as-a-Service (VaaS) telecommunications system in 2016. Under this agreement, the 911 District no longer owns the telephone switches and equipment. Instead, it is subscribing for these services from the vendor (West Safety Solutions) and is only required to pay a monthly service fee. Currently, the fee is \$23,450 per month. During 2017, the 911 District expensed \$281,400 on this contract.

The Sheriff's 911 Fund also has a maintenance and support agreement with Motorola related to the communication consoles and other radio and communications equipment and NICE recorders. For 2017, the Sheriff's 911 Fund expensed \$173,277 on this maintenance contract. In addition, the Sheriff's 911 Fund paid Motorola \$488,289 during 2017 to upgrade its NICE recording system.

Operating Agreements

Under Parish Resolution No. 118115, dated December 15, 2012, the Sheriff is the administrator of the 911 Emergency Communications District, formerly run by the Parish. Effective January 5, 2013, the Sheriff took over the daily operations of the 911 District. Under this agreement, the Parish continues to receive the 911 service charges paid by the citizens to their respective telephone companies. These service charges are then remitted to the Sheriff in the month after collection. During 2017, the Parish collected and remitted \$7,366,237 in current year service charges to the Sheriff. This amount is recognized as intergovernmental revenues in the fund financial statements.

NOTE C – DETAILED NOTES ON ALL ACTIVITIES AND FUNDS (CONTINUED)

As part of operating the 911 Emergency Communications District, the Sheriff is obligated to distribute a portion of the 911 funds to the Parish and other agencies as a reimbursement of 911-related operating costs. The Jefferson Parish Eastbank Fire Department is paid \$103,935 monthly to reimburse it for Fire Dispatcher costs. The City of Kenner and the City of Gretna are paid a monthly amount of \$17,583 and \$3,965, respectively, as reimbursement for maintaining back-up PSAP-stations. The Parish is also reimbursed for the costs associated with an IT Technician assigned to 911. Effective January 1, 2014, an agreement was signed which calls for the 911 Emergency Communications District to reimburse the Sheriff's General Fund for the costs of providing call-takers and law enforcement dispatchers. This agreement provides for a reimbursement of actual costs not to exceed certain maximums set forth on a pay scale agreed to within the contract. On that same day, January 1, 2014, the Sheriff took over the responsibility of dispatching Emergency Medical Service (EMS) calls. A separate agreement also allows the Sheriff's General Fund to be reimbursed for EMS Dispatchers based on actual costs not to exceed certain maximums set forth on a pay scale agreed to within the contract. Finally, the 911 District reimburses both the Parish and the Sheriff for the salaries and benefits of the computer technicians assigned to 911.

The Sheriff's 911 Fund also has an agreement with the Sheriff to reimburse the Sheriff's Office for costs related to the upgrading of the Sheriff's Arrest Record Management System (ARMMS). These upgrades are necessary to allow proper communications between the new 911 software system and the Sheriff's records management system. Finally, the Sheriff's 911 Fund also reimburses the Sheriff's General Fund for costs associated with assigning two computer technicians to the 911 District.

For 2017, the total amounts distributed under these intergovernmental agreements are as follows.

<u>Agency</u>	<u>Purpose</u>	<u>Amount Distributed</u>
Sheriff's General Fund	911 Call-taker/Police Dispatch	\$ 2,832,699
Sheriff's General Fund	911 EMS Dispatch	516,109

5. Fund Balance Components

In accordance with GASB Codification Section 1800.142-162, fund balances of the governmental fund types are categorized into one of five categories – Non-spendable, Restricted, Committed, Assigned, or Unassigned. The Sheriff's 911 Fund commits, restricts or assigns its fund balances to various specific purposes within each category. Descriptions of the details of these specific purposes are as follows:

Restricted for 911 Emergency Communications Operations and Maintenance

This amount represents the funds restricted for the purpose of operating and maintaining the 911 District. These funds are remitted to the Sheriff under a cooperative endeavor agreement with the Parish and can only be spent on 911 District expenditures.

6. Service Charges and Fees

911 Fees

In accordance with LRS 33:9126, the Parish levies an emergency telephone service charge on the citizens of the Parish. These service charges are collected by the respective telephone service provider and remitted to the Parish either monthly or quarterly. The current rates are as follows:

<u>Type of Service</u>	<u>Rate</u>
Wireline Business (Commercial Rate)	\$ 2.07
Wireline Residential	0.66
Wireless Customers	1.26
VOIP Customers	1.00

During 2017, current year revenues for these 911 fees totaled \$7,366,237. This is the net of \$7,253,870 in remittances from the Parish, a reversal of prior year receivables of \$(1,831,459) and an accrual of current year receivables of \$1,943,826 (see Note C.2). The receivable results from some of the 911 service providers remitting on a quarterly or annual basis, rather than monthly.

7. Expenditures of the Sheriff's 911 Fund Paid for by Others

Parish Council

The Jefferson Parish Council (a separate entity) provides the Sheriff's 911 Fund with a certain amount of office space at no cost. The operations of the 911 District are co-located in new 911/Emergency Operations Center (911/EOC) with the Parish's Department of Homeland Security and Telecommunications. The building is held in the name of the Parish. When the 911 District was under the control of the Parish, the 911 District paid for a substantial portion of the cost of the new 911/EOC, as well as an annex to the Parish's Parking Garage. In addition, the Parish holds title to the old facility which is currently being used as a back-up center.

NOTE C– DETAILED NOTES ON ALL ACTIVITIES AND FUNDS (CONTINUED)

The Sheriff is negotiating with the Parish administration on the amount of operating and maintenance costs the 911 District should be held accountable for. It is the Sheriff's opinion, that in lieu of the amounts paid by the 911 District for the new 911/EOC Building and the related Parish Government Parking Garage Annex, the 911 District should not pay any operating or maintenance costs on the new facilities. To date, the Sheriff's 911 Fund has paid \$-0- on these types of costs.

Jefferson Parish Sheriff's Office

The Jefferson Parish Sheriff is providing office space at its Eastbank Emergency Command Center as a backup 911 facility. Approximately 1,500 sq. ft. is dedicated to the backup 911 facility at no cost to the 911 District.

8. Interfund Transactions and Balances

Interfund Receivables/Payables

As of June 30, 2017, the Sheriff's 911 Fund shows no balances due to other funds.

Interfund Transfers

The Sheriff's General Fund pays for the salaries and benefits of the 911 Department's administration as well as the call-takers and police and EMS dispatchers working in the 911 Department. The Sheriff's 911 Fund has an agreement with the Sheriff to reimburse him for these costs. This contract calls for a reimbursement of actual costs up to agreed-upon maximums. A similar agreement is also now in place for EMS dispatchers. Another agreement also allows the Sheriff's 911 Fund to reimburse the Sheriff for computer department personnel assigned exclusively to the 911 Department. Finally, as noted above, the Sheriff's 911 Fund has an agreement to reimburse the Sheriff of upgrades to his ARMMS system.

Through June 30, 2017, the Sheriff's 911 Fund transferred \$3,562,946, as follows: \$2,832,699 to the Sheriff's General Fund for 911 call-takers/police dispatchers, \$516,109 to the Sheriff's General Fund for EMS dispatchers, \$174,138 to the Sheriff's General Fund for 911-related computer department salaries, and \$40,000 to the Sheriff's State and Local Grants Special Revenue Fund for ARMMS upgrades.

NOTE D - CONTINGENCIES

1. Risk Management

The Sheriff is generally self-insured for the majority of risks that it faces (auto loss, general and professional liability, group health, etc.). The Parish is also self-insured in many cases. The Sheriff's employees that work in the 911 District are covered by its professional liability and group health plans.

The buildings and contents of the 911/EOC are covered by the Parish either by self-insurance or through insurance policies placed with carriers. The Sheriff also carries some insurance coverage on the contents (furniture and fixtures) of the 911 area of the building.

2. Litigation

The Sheriff is named as a defendant in a number of lawsuits arising principally from claims related to automobile accidents, negligence, and discrimination. As discussed in Note D.1 above, the Sheriff is primarily self-insured with respect to claims of these types. The Sheriff's insurance department and its attorneys have reviewed these claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome to the Sheriff and to arrive at an estimate, if possible, of the amount or range of potential loss to the Sheriff.

The liability of any claim against the Sheriff related to the performance of his employees on 911-related matters is recorded in the Sheriff's self-insurance internal service fund.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Sheriff Joseph Lopinto
911 Emergency Communications Special Revenue Fund
Jefferson Parish Sheriff's Office
Harvey, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the 911 Emergency Communications Special Revenue Fund of the Jefferson Parish Sheriff's Office (the "Fund"), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the fund financial statements of the Fund, and have issued our report thereon dated December 13, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Fund's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Fund's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Fund's internal control and compliance.
