## Independent Accountants' Compilation Report

**To the Board  
Lafourche Parish Fire Protection District No. 4  
Component Unit of the Lafourche Parish Government  
Thibodaux, Louisiana 70302**

Management is responsible for the accompanying financial statements of the governmental activities and major fund information of Lafourche Parish Fire Protection District No. 4, a component unit of the Lafourche Parish Government as of and for the year ended December 31, 2025, and related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any assurance on these financial statements.

### ***Supplementary Information***

The accompanying schedule of compensation, benefits, and other payments to the agency head, political subdivision head, or chief executive officer is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the representation of management. The information was subject to our compilation engagement, but we have not audited or reviewed the supplementary information and, accordingly, do not express an opinion, a conclusion, nor provide any assurance on such information.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the following supplementary information on page 16 be presented to supplement the basic financial statements. Such information is presented for purposes of additional analysis and, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Management has omitted the Management Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical content. This information is the representation of management. The required supplementary information was subject to our compilation engagement. We have not performed an audit, review or compilation on the required supplementary information and, accordingly, we do not express an opinion, a conclusion, nor provide any assurance on such information.

**Lafourche Parish Fire Protection District No. 4  
Component Unit of the Lafourche Parish Government  
Thibodaux, Louisiana**

**Notes to the Financial Statements  
December 31, 2025**

**INTRODUCTION**

The Lafourche Parish Fire Protection District No. 4, (the District) of the State of Louisiana was created by the Lafourche Parish Council, by virtue of the authority conferred by Part I, Chapter 7, Title 40 of the Louisiana Revised Statute of 1950. The fire protection district encompasses all of the territory within the boundaries of parish council Ward No. 2 outside the corporate limits of the City of Thibodaux, Louisiana. The District's finances are primary ad valorem taxes on property located within the District's boundaries.

The District was formed for the purpose of acquiring, constructing, maintaining, and operating fire protection facilities in its Fire Protection District of the Parish of Lafourche, State of Louisiana. The District has all the rights and powers and privileges granted by and conferred by the Constitution and Statutes of the State of Louisiana, including the right to incur debt, issue bonds, and levy taxes.

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying basic financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

**A. Reporting Entity**

As the governing authority of the parish, the Lafourche Parish Council is the financial reporting entity for Lafourche Parish. The financial reporting entity consists of (a) the primary government (parish council), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Because the parish council appoints the governing board and because of the potential for the organization to impose specific financial burdens on the council, the district was determined to be a component unit of the Lafourche Parish Council, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the parish council, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

The Governmental Accounting Standards Board (GASB) statements provide guidelines in determining whether certain organizations are component units. An objective of

**Lafourche Parish Fire Protection District No. 4**  
**Component Unit of the Lafourche Parish Government**  
**Thibodaux, Louisiana**

**Notes to the Financial Statements**  
**December 31, 2025**

Statement No. 14, The Financial Reporting Entity, is that all entities associated with a primary government are potential component units and should be evaluated for inclusion in the financial reporting entity. Statement 39 amends Statement 14 to provide additional guidance to determine whether certain organizations for which the primary government is not financially accountable should be reported as component units based upon the nature and significance of their relationship with the primary government. Generally, it requires reporting, as a component unit, an organization that raises and holds economic resources for the direct benefit of a governmental unit. Organizations that are legally separate, tax-exempt entities and that meet all of the following criteria should be discreetly presented as component units. These criteria are:

1. The economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the District, its component units, or its constituents.
2. The District, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization.
3. The economic resources received or held by an individual organization that the District, or its component units, is entitled to, or has the ability to otherwise access, are significant to the District.

Based on the previous criteria, the District has determined that it has no component units.

**B. Basis of Presentation**

Government-Wide Financial Statements (GWFS)

The statement of net position and statement of activities display information about the reporting government as a whole. They include the fund of the reporting entity, which is considered to be a governmental activity. The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients for goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements (FFS)

**Lafourche Parish Fire Protection District No. 4**  
**Component Unit of the Lafourche Parish Government**  
**Thibodaux, Louisiana**

**Notes to the Financial Statements**  
**December 31, 2025**

The accounts of the District are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The fund of the District is classified as a governmental fund. The emphasis on fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the entity or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The major fund of the District is described below:

Governmental Fund

General Fund - The General Fund is the principal fund of the District and is used to account for the operations of the District's office. General revenues are accounted for in this fund. General operating expenditures are paid from this fund.

**C. Measurement Focus / Basis of Accounting**

Measurement Focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Government-Wide Financial Statements (GWFS) –

The column labeled Statement of Net Position (Statement A) and the column labeled Statement of Activities (Statement B) display information about the District as a whole. These statements include all the financial activities of the District. Information contained in these columns reflects the economic resources measurement focus and the accrual

**Lafourche Parish Fire Protection District No. 4**  
**Component Unit of the Lafourche Parish Government**  
**Thibodaux, Louisiana**

**Notes to the Financial Statements**  
**December 31, 2025**

basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

Fund Financial Statements (FFS) –

The amounts reflected in the Governmental Funds of Statements A and B, are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of District wide operations.

The amounts reflected in the Governmental Funds of Statements A and B, use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Revenues are generally recognized when they become measurable and available as net current assets.

**Lafourche Parish Fire Protection District No. 4  
Component Unit of the Lafourche Parish Government  
Thibodaux, Louisiana**

**Notes to the Financial Statements  
December 31, 2025**

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

**D. Reconciliation of FFS to GWFS**

The reconciliation of the items reflected in the adjustments columns on the Statement of Activities (Statement B) and the Statement of Net Position (Statement A) are as follows:

**Statement B**

Capitalization of capital assets	\$ -
Recording depreciation expense	5,256
	5,256
Net effect of changes	\$ 5,256

**Statement A**

Recording capital assets, not being depreciated	\$ 21,750
Recording capital assets, being depreciated	272,366
Recording of accumulated depreciation	(205,140)
Invested in capital assets, net	(88,976)
Fund balance	(5,256)
	(5,256)
Net effect of changes	\$ (5,256)

**E. Budgets and Budgetary Accounting**

As required by the Louisiana Revised Statutes 39:1303, the Board of Commissioners is required to adopt a budget for the District's general fund. The Board, as allowed by state law, does not have to obtain public participation in the budgetary process. Any amendment involving the transfer of monies from one function to another or increases in expenditures must be approved by the Board. All budgeted amounts which are not expended, or obligated through contracts, lapse at year-end.

The General Fund budget is adopted on the cash basis. An adjustment is made to convert the actual financial information from GAAP basis to Non-GAAP basis, for comparison purposes.

**Lafourche Parish Fire Protection District No. 4  
Component Unit of the Lafourche Parish Government  
Thibodaux, Louisiana**

**Notes to the Financial Statements  
December 31, 2025**

**F. Encumbrances**

The district does not use encumbrance accounting.

**G. Cash and Cash Equivalents**

Cash includes amounts in demand deposits and interest-bearing demand deposits. Cash equivalents also include amounts in time deposits and those other investments with original maturities of 90 days or less. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

**H. Inventories**

Physical inventories consist of expendable supplies held for consumption. Because inventories are expended within one operating cycle they are recorded as expenditures when paid for and are not recorded as an inventory asset.

**I. Capital Assets**

Capital assets are capitalized at historical cost or estimated cost (the extent to which fixed asset costs have been estimated and the methods of estimation should be disclosed) if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold level of \$1,000 or more for capitalizing capital assets.

Capital assets are recorded in the Statement of Net positions and Statement of Activities. Since surplus assets are disposed of or sold for an immaterial amount when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<b>Description</b>	<b>Estimated Life</b>
Building & Improvements	10 – 40 years
Equipment	5 years
Fire Trucks & Units	5 – 15 years

**Lafourche Parish Fire Protection District No. 4**  
**Component Unit of the Lafourche Parish Government**  
**Thibodaux, Louisiana**

**Notes to the Financial Statements**  
**December 31, 2025**

**J. Equity Classifications**

In the Government-Wide statements, equity is classified as Net Position and displayed in three components:

- a. Invested in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted Net Position – Consists of Net Position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted Net Position – All other Net Position that does not meet the definition of “restricted” or “invested in capital assets, net of related debt.”

In the fund financial statements, governmental fund equity is classified as fund balance. As such, fund balance of the governmental fund is classified as follows:

- a. Nonspendable – amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.
- b. Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c. Committed – amounts that can be used only for specific purposes determined by a formal decision of the Board, which is the highest level of decision-making authority.
- d. Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes.
- e. Unassigned – all other spendable amounts.

**Lafourche Parish Fire Protection District No. 4  
Component Unit of the Lafourche Parish Government  
Thibodaux, Louisiana**

**Notes to the Financial Statements  
December 31, 2025**

When an expenditure is incurred for the purpose for which both restricted and unrestricted fund balance is available, the Board considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Board considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board has provided otherwise in its commitment or assignment actions.

**K. Deferred Outflows of Resources and Deferred Inflows of Resources**

In some instances, the GASB requires an entity to delay recognition of decreases in net position as expenditures until a future period. In other instances, entities are required to delay recognition of increases in net position as revenues until a future period. In these circumstances, deferred outflows and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively.

**L. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**M. Subsequent Events**

The subsequent events of the organization were evaluated through the date of the financial statements were available to be issued March 6, 2026.

**NOTE 2. LEVIED TAXES**

Ad valorem taxes are levied on the assessed value listed as of the prior January 1 for all real property, merchandise and moveable property located in the Parish. Assessed values are established by the Lafourche Parish Assessor's Office and the State Tax District at percentages of actual value as specified by Louisiana law. A reevaluation of all real property is required to be completed no less than every four years. Taxes are typically due and payable December 31<sup>st</sup> with interest being charged on payments after January 1<sup>st</sup>. Taxes can be paid through the tax sale date, which is usually the last Wednesday in June. Properties for which the taxes have not been paid are sold for the amount of the taxes. The District is authorized levy a maximum of 6.02 mills for ad valorem tax. The tax rate for the year ended December 31, 2025, which is the 2025 tax

**Lafourche Parish Fire Protection District No. 4  
Component Unit of the Lafourche Parish Government  
Thibodaux, Louisiana**

**Notes to the Financial Statements  
December 31, 2025**

roll, was 4.81 mils per \$1,000 of assessed valuation on property within the District's area for the purpose of maintaining and operating the District.

**NOTE 3. CASH AND CASH EQUIVALENTS**

At December 31, 2025, the District has cash (book balances) totaling \$5,717 as follows:

Demand Deposits	<u>\$5,717</u>
Total	<u>\$5,717</u>

These deposits are stated at cost, which approximate market. Under state law, these deposits (or resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must, at all times, equal the amount on deposit with the fiscal agent. These securities must be held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

**NOTE 4. CUSTODIAL CREDIT RISK**

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk. At December 31, 2025 the District has \$5,717 in deposits (collected) bank balance. The deposits were secured from risk by federal deposits insurance. As of December 31, 2025, the District's bank balance was not exposed to custodial credit risk.

**NOTE 5. RECEIVABLES**

The receivables at December 31, 2025, consist of ad valorem taxes in the amount of \$71,659.

**Lafourche Parish Fire Protection District No. 4  
Component Unit of the Lafourche Parish Government  
Thibodaux, Louisiana**

**Notes to the Financial Statements  
December 31, 2025**

**NOTE 6. CHANGES IN CAPITAL ASSETS**

A summary of changes in general fixed assets follows:

	<u>12/31/2024</u>	<u>Additions</u>	<u>Deletions</u>	<u>12/31/2025</u>
Governmental Activities:				
Capital assets not being depreciated				
Land	\$ 21,750	\$ -	\$ -	\$ 21,750
Total non-depreciable capital assets	<u>21,750</u>	<u>-</u>	<u>-</u>	<u>21,750</u>
Capital assets being depreciated				
Building	210,223	-	-	210,223
Land Improvements	62,143	-	-	62,143
Total Capital Assets	<u>272,366</u>	<u>-</u>	<u>-</u>	<u>272,366</u>
Less : Accumulated Depreciation				
Building	(137,741)	(5,256)	-	(142,997)
Land Improvements	(62,143)	-	-	(62,143)
Total Accumulated Depreciation	<u>(199,884)</u>	<u>(5,256)</u>	<u>-</u>	<u>(205,140)</u>
Total capital assets, net of depreciation	<u>\$ 72,482</u>	<u>\$ (5,256)</u>	<u>\$ -</u>	<u>\$ 67,226</u>

Total depreciation expense is \$5,256.

**NOTE 7. COMPENSATION OF BOARD MEMBERS**

The District did not pay per diem to any of its Board Members during the year ended December 31, 2025.

**NOTE 8. COOPERATIVE AGREEMENT**

On May 19, 1999, the District contracted with the Thibodaux Volunteer Fire Department. The contract is for a period of ten years and automatically renews unless terminated by either party. Under the terms of the cooperative agreement, the Thibodaux Volunteer Fire Department pays for the operating and maintenance expenses of the firefighting equipment and building housing the fire trucks and equipment of the District.

**Lafourche Parish Fire Protection District No. 4  
Component Unit of the Lafourche Parish Government  
Thibodaux, Louisiana**

**Notes to the Financial Statements  
December 31, 2025**

As per the cooperative agreement, millage amounts and fire insurance rebates collected by the District in excess of the required indebtedness payments and agreed upon expenditures are to be contributed to the Thibodaux Volunteer Fire Department. During the year ended December 31, 2025, \$101,230 was contributed to the Thibodaux Volunteer Fire Department.

**NOTE 9. LITIGATION AND CLAIMS**

At December 31, 2025, the District had no litigation or claims pending.

**NOTE 10. RISK MANAGAGEMENT**

No settlements were made during the current year that exceeded the District's insurance coverage.
