## **INDEPENDENT AUDITOR'S REPORT**

To the Archbishop or Administrator of the  
Archdiocese of New Orleans and Board of Directors,  
Second Harvest Food Bank of Greater New Orleans and Acadiana,  
New Orleans, Louisiana.

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Second Harvest Food Bank of Greater New Orleans and Acadiana ("Second Harvest"), a non-profit organization, which comprise the statements of financial position as of June 30, 2018 and 2017 and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Second Harvest as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Other Information*

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of expenditures of federal awards, Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

## *Supplementary Information*

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplementary information in Schedule 1 is presented for the purposes of additional analysis and is not a required part of the financial statements. Schedule 2 is presented for purposes of additional analysis and is required by Louisiana Revised Statute 24:513(A)(3) and is not a required part of the financial statements. Such information in Schedule 1 has not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on the supplemental information. The accompanying supplemental information is not intended to present Second Harvest's financial position and results of operations. The information in Schedule 2 has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in Schedule 2 is fairly stated in all material respects in relation to the financial statements as a whole.

### **Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated October 31, 2018, on our consideration of Second Harvest's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Second Harvest's internal control over financial reporting and compliance.

Certified Public Accountants.

**NOTES TO FINANCIAL STATEMENTS****Second Harvest Food Bank of Greater New Orleans and Acadiana**

June 30, 2018 and 2017

**Note 1 - NATURE OF ACTIVITIES**

Second Harvest Food Bank of Greater New Orleans and Acadiana ("Second Harvest"), a Louisiana non-profit corporation, is a certified member of Feeding America. Its mission is to lead the fight against hunger and build food security in South Louisiana by providing food access, advocacy, education and disaster response. Second Harvest provides distribution of food and related products to qualified charitable organizations. The Archbishop or Administrator of the Archdiocese of New Orleans (the "Archdiocese") is the sole member of Second Harvest.

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES****a. Basis of Accounting**

The financial statements of Second Harvest are prepared on the accrual basis of accounting.

**b. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from these estimates.

**c. Cash and Cash Equivalents**

For the purposes of the Statements of Cash Flows, Second Harvest considers all unrestricted, highly liquid, short-term investments, including money market account deposits, commercial paper investments, and certificates of deposit purchased with an initial maturity of 90 days or less to be cash equivalents.

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**d. Allowance for Doubtful Accounts**

Second Harvest uses the reserve method to recognize uncollectible accounts. The reserve is based on management's assessment of the collectability of specific accounts. Management monitors outstanding receivable balances and charges off to bad debt expense any balances that are determined to be uncollectible. Bad debt expense totaled \$25,269 and \$26,832 for the years ended June 30, 2018 and 2017, respectively. As of June 30, 2018 and 2017, there was no reserve for bad debt.

**e. Investments**

Second Harvest records investments in the investment pool with the Catholic Foundation of the Archdiocese of New Orleans at their fair values in the Statements of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statements of Activities. Unrealized gains and losses on investments are recorded as increases or decreases in unrestricted net assets unless their use is temporarily or permanently restricted by explicit donor stipulations or law. Interest earned on donor restricted investments is reported based on the existence or absence of donor-imposed restrictions. Realized gains and losses on the sales of securities are determined using the specific-identification method. A decline in the fair value of investments below cost that is deemed to be other than temporary, results in a charge to the change in net assets and the establishment of a new cost basis for the investment.

**f. Inventory**

Second Harvest's inventory is comprised of donated food and grocery products, U.S.D.A. commodities, and purchased food and grocery products. Donated food and U.S.D.A. commodities inventory, including food received, distributed and undistributed, is valued using the estimated fair value as determined by the Feeding America Product Valuation Survey prepared by KPMG, LLP on an annual basis. The report provides the average wholesale value of products donated to the network and is considered to be a reasonable basis upon which to estimate these amounts. The average wholesale value used was \$1.68 and \$1.73 per pound for assorted donations and \$1.57 and \$1.52 per pound for food only donations for the years ended June 30, 2018 and 2017, respectively.

Purchased food inventory is recorded at cost. As of June 30, 2018 and 2017, there was no obsolete inventory.

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**g. Derivative Instruments**

Second Harvest has a derivative instrument that is used as a hedge to the variable interest rate loan issued by a financial institution (Note 13).

Second Harvest follows Topic 815, *Derivatives and Hedges*, which requires Second Harvest to recognize all of its derivative instruments as either assets or liabilities on the Statements of Financial Position at fair value. The accounting for the change in fair value of the derivative instrument is recognized as a component of change in unrestricted net assets in the Statements of Activities.

**h. Property and Equipment**

Second Harvest has adopted the policy of capitalizing all expenditures for depreciable assets where the unit cost exceeds \$10,000. Property is stated at cost or at fair market value on the date of donation for donated assets. Depreciation of these assets is provided over their estimated useful lives, which ranges from three years to 50 years, on a straight-line basis. Repairs and maintenance are charged to expense as incurred; major renewals and replacements and betterments are capitalized.

For the years ended June 30, 2018 and 2017, depreciation expense totaled \$482,406 and \$404,664, respectively.

**i. Financial Statement Presentation**

Net assets are included in one of the following three classes of net assets, depending on the presence and type of donor-imposed restrictions.

**Unrestricted Net Assets** - Those net assets whose use is not restricted by donors. On March 6, 2013, the Board of Directors passed a resolution which approved the adoption of the Operating Reserve Policy.

The Operating Reserve Policy of Second Harvest is designed to ensure the stability of Second Harvest's mission and ongoing operations. The Operating Reserve is intended to provide a source of funds for situations such as extraordinary expenses that arise, reserve variability, unanticipated losses of funding, or other unexpected financial events. The Operating Reserve is not intended to replace a permanent loss of funds or eliminate an ongoing budget deficit. Second Harvest's Operating Reserve will be supported by investments

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**i. Financial Statement Presentation (Continued)**

in the form of cash deposits or publicly traded investments to be available based on Finance Committee recommendations and Board of Directors' approvals. As of June 30, 2018 and 2017, the Operating Reserve requirements were \$2,096,219 and \$1,931,884, respectively.

**Temporarily Restricted Net Assets** - Contributions specifically authorized by the grantor or donor to be used for a certain purpose or to benefit a specific accounting period.

**Permanently Restricted Net Assets** - Contributions subject to donor-imposed restrictions and that are to be held in perpetuity by Second Harvest.

**j. Contributions and Revenue Recognition**

Contributions are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence or nature of any donor restrictions. Support that is restricted by a donor is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of restrictions. Other support and/or contributions not restricted are recorded as unrestricted revenue. When a restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statements of Activities as net assets released from restrictions. Donor restricted contributions whose restrictions are met in the same reporting periods are reported as unrestricted support. The value of contributed goods and services has been recorded as support and revenue and expense in the period received, provided there is an objective basis for measurement of the value of such goods and services, and they are significant and form an integral part of the efforts of the program.

Contributions receivable are recognized when the donor makes a promise to give to Second Harvest that is, in substance, unconditional. Conditional promises to give are recognized when the conditions on which they depend are substantially met. There were no conditional promises to give as of June 30, 2018 and 2017.

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**j. Contributions and Revenue Recognition (Continued)**

Contributions of donated non-cash assets are recorded at their fair values in the period received. Such donations are reported as unrestricted support unless the donor has restricted the donated assets to a specific purpose. There were no donated assets received for the year ended June 30, 2018. On February 14, 2017, a new 2016 Kia Sorrento SUV valued at \$35,808 was donated to Second Harvest.

**k. Functional Allocation of Expenses**

The costs of providing the various programs and supporting services are summarized on a functional basis in the Statements of Functional Expenses. Certain expenses have been allocated among the programs and supporting services based on management's estimate of the costs involved.

**l. Donated Services**

Support arising from donated services is recognized if the services received (a) create or enhance long-lived assets, or (b) require specialized skills, are provided by individuals possessing these skills, and would typically need to be purchased if not provided by donation.

During the years ended June 30, 2018 and 2017, Second Harvest recognized \$22,165 and \$48,328, respectively, for donated advertising services. The related advertising costs were expensed as incurred.

The donated volunteer services in Second Harvest's functional areas were 61,230 hours for the year ended June 30, 2018 and 60,342 hours for the year ended June 30, 2017. The services provided for the years ended June 30, 2018 and 2017 do not meet either criterion described above. The computation of the value of these services represents the amount of compensation, which would be paid if non-volunteer personnel were to occupy these positions. The 61,230 hours for the year ended June 30, 2018 and 60,342 hours for the year ended June 30, 2017 that do not meet either of the recognition criteria described above have not been recognized in the accompanying financial statements. The value for donated volunteer services for the years ended June 30, 2018 and 2017 was \$1,511,769 and \$1,335,969, respectively.

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**m. Income Taxes**

Second Harvest operates as a non-profit corporation pursuant to section 501(c)(3) of the Internal Revenue Code. As such, Second Harvest is subject to income tax only on unrelated business taxable income.

Accounting standards provide detailed guidance for financial statement recognition, measurement, and disclosures of uncertain tax positions recognized in an entity's financial statements. It requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will not be sustained upon examination. As of June 30, 2018 and 2017, management of Second Harvest believes that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Tax years ended June 30, 2015 and later remain subject to examination by the taxing authorities.

**n. Recent Accounting Pronouncements**

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2015-07, Fair Value measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification (ASC) 820 Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and was effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Accordingly, the amendment was retrospectively applied resulting in the elimination of investments measured using the NAV practical expedient from categorization within the fair value hierarchy and related disclosures.

**o. Subsequent Events**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 31, 2018, which is the date the financial statements were available to be issued.

**Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Certain amounts in the 2017 financial statements have been reclassified to conform to the 2018 presentation.

**Note 5 - INVESTMENTS**

Investments of the various agencies of the Archdiocese are held in pooled assets and separately invested portfolios. Pooled assets represent funds that are invested in a commingled portfolio of investments, as opposed to separately invested assets. Investments in such pooled assets consist primarily of debt and equity securities and mutual fund investments. The amounts recorded in the Statements of Financial Position represent Second Harvest's share of the pool.

The following summarizes the market value of investments and the investment return as of and for the years ended June 30, 2018 and 2017:

	2018	2017
Investment balances	\$ 4,327,704	\$ 4,215,768

Interest and dividend income	217,714 154,790	282,536 139,185
Investment income	\$ 372,504	\$ 421,721

The current and long-term values of investments are \$3,023,704 and \$1,304,000, respectively, as of June 30, 2018, and \$2,962,768 and \$1,253,000, respectively, as of June 30, 2017.

**Note 6 - FAIR VALUE MEASUREMENTS**

FASB ASC 820, Fair Value Measurements and Disclosures, defines fair value, establishes a framework for measuring fair value, and expands disclosure about fair value. Fair value concepts are applied in recording investments.

FASB ASC 820 establishes a fair value hierarchy which prioritizes inputs to valuation techniques used to measure fair value. The term "inputs" refers broadly to the assumptions that market participants would use in pricing an asset or liability. Inputs may be based on independent market data ("observable inputs") or they may be internally developed ("unobservable inputs"). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad categories. These levels include Level 1, unadjusted quoted prices in active markets for identical assets or liabilities; Level 2, directly or indirectly observable inputs other than quoted prices for the asset or liability, such as the quoted market prices for similar assets or liabilities; and Level 3, unobservable inputs for use when little or no market data exists, therefore, requiring an entity to develop its own assumptions. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments of Second Harvest are held in pooled assets managed by the Archdiocese. The investments are valued on information provided by the Archdiocese. These investments are reported at NAV which approximates fair value and have no lockup provisions.

Investments measured at fair value using the NAV practical expedient have not been categorized in the fair value hierarchy and have no fixed redemption frequency, notice periods, or unfunded commitments as of June 30, 2018 and 2017.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Second Harvest believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of June 30, 2018 and 2017, there were no assets measured at fair value on a non-recurring basis.

The leases require monthly payments, including interest, ranging from \$1,096 to \$1,779. The leases mature in months ranging from June 2023 through July 2024. The following is a schedule of capitalized costs and accumulated depreciation acquired through capital lease as of June 30, 2018.

Permanently restricted net assets consist of endowment fund assets (Note 12) to be held indefinitely.

**Note 12 - ENDOWMENT**

The Board of Directors (the "Board") of Second Harvest is of the belief that they have a strong fiduciary duty to manage the assets of Second Harvest's endowments in the most prudent manner possible. The Board recognizes that the intent of the endowment is to protect the donor with respect to expenditures from endowments. If this intent is clearly expressed by the donor, whether the intent is in a written gift instrument or not, the intent of the donor is followed. Earnings, including appreciation, that are not required by the donor to be reinvested in corpus are maintained in unrestricted net assets.

*The Endowments.* Second Harvest's endowment fund consists of a permanently restricted fund established for the purpose of generating income to support general operations. As required by Generally Accepted Accounting Principles (GAAP), net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

**Note 12 - ENDOWMENT (Continued)**

During the year ended June 30, 2000, the donor amended the "Agreement to Donate" dated August 26, 1997, which revised the method of distributing the earnings to Second Harvest, whereby 5% of the average market value of the investment for the last twelve fiscal quarters is allowed to be distributed annually to Second Harvest. All amounts in excess of the 5% distribution are to be reinvested as corpus. The amended "Agreement to Donate" also required that the principal balance should never be reduced below \$1,000,000.

*Interpretation of Relevant Law.* Second Harvest has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as expressly requiring the preservation of the historical dollar value for donor restricted endowment funds absent explicit donor stipulations to the contrary.

The following are classified as permanently restricted net assets in the accompanying financial statements.

- the original value of gifts donated to the permanent endowment;
- the original value of subsequent gifts to the permanent endowment; and
- accumulations to the permanent endowment, made in accordance with donor's amended "Agreement to Donate".

The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as unrestricted net assets in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, Second Harvest considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purposes of Second Harvest and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of Second Harvest
- The investment policies of Second Harvest

**Note 12 - ENDOWMENT (Continued)**

Endowment net asset composition as of June 30, 2018 and 2017 is as follows:

	2018	2017
Donor-restricted	\$ 1,304,000	\$ 1,253,000

End of year	\$ 215,452	\$ 1,253,000	\$ 1,468,452

**Note 12 - ENDOWMENT (Continued)**

*Funds with Deficiencies.* From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that either the donor or UPMIFA requires Second Harvest to retain as a fund of perpetual duration. These deficiencies can result from unfavorable market fluctuations that occur after the investment of permanently restricted contributions. There were no such deficiencies in permanently restricted net assets as of June 30, 2018 and 2017.

*Return Objectives and Risk Parameters.* Second Harvest follows the investment and spending policies of the Archdiocese through the Catholic Foundation as mandated by the "Agreement to Donate" for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of these endowment assets over the long-term.

*Strategies Employed for Achieving Objectives.* The endowment's assets are invested in the Archdiocese of New Orleans' investment pool, as previously described. Second Harvest's spending and investment policies work together to achieve this objective.

*Spending Policy and How Investment Objectives Relate to the Spending Policy.* Spending is approved by the Board, based on the needs of Second Harvest.

**Note 13 - NOTES PAYABLE AND INTEREST RATE SWAP AGREEMENT**

On January 21, 2011, Second Harvest entered into a mortgage loan agreement totaling \$5,100,000. The loan was payable in monthly principal and interest amounts of \$31,703 at an interest rate of 4.22% beginning March 2011 through January 2016 with all remaining principal and interest due February 2016.

On February 5, 2014, Second Harvest refinanced the mortgage loan balance of \$4,589,528. The loan is payable in monthly principal amounts of \$19,123 plus interest at a variable rate of interest (1.982% and 1.227% as of June 30, 2018 and 2017, respectively) based on USD-LIBOR BBA plus a base rate of 1.50% (3.482% and 2.727% as of June 30, 2018 and 2017, respectively) beginning March 2014 through February 2021 with all remaining principal and interest due February 2021. The loan is collateralized with land, building, and improvements. The loan balance as of June 30, 2018 and 2017 was \$3,595,131 and \$3,824,607, respectively.

**Note 13 - NOTES PAYABLE AND INTEREST RATE SWAP AGREEMENT (Continued)**

In conjunction with this note, Second Harvest entered into an interest rate swap agreement with the financial institution whereby the current notional amount (\$3,595,131 as of June 30, 2018) bears interest at a fixed rate of 2.25% minus a variable interest rate based on the USD-LIBOR BBA (1.982% and 1.227% as of June 30, 2018 and 2017, respectively). The swap agreement is designed to hedge the risk of changes in interest rate payments on the refinanced mortgage loan.

Second Harvest has recognized a favorable position with the counterparty in the amount of \$32,921 as a derivative asset and an unfavorable position with the counterparty in the amount of \$67,104 as a derivative liability on the Statements of Financial Position as of June 30, 2018 and 2017, respectively, and recorded unrealized gains of \$100,025 and \$171,464 on the Statements of Activities for the years ended June 30, 2018 and 2017, respectively.

Future principal and interest payments to be made on the note and swap agreement are as follows:

	Principal	Interest	Totals
2019	\$ 229,476	\$ 130,873	\$ 360,349

**Note 20 - RISKS AND UNCERTAINTIES**

Investment securities are exposed to various risks, such as interest rate, currency, credit, and market volatility. **SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON  
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Archbishop or Administrator of the  
Archdiocese of New Orleans and Board of Directors,  
Second Harvest Food Bank of Greater New Orleans and Acadiana,  
New Orleans, Louisiana.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of Second Harvest Food Bank of Greater New Orleans and Acadiana (a nonprofit organization) ("Second Harvest"), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 31, 2018.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Second Harvest's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Second Harvest's internal control. Accordingly, we do not express an opinion on the effectiveness of Second Harvest's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Second Harvest's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as item 2018-001.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Second Harvest's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Second Harvest's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE**  
**FOR EACH MAJOR PROGRAM AND ON INTERNAL**  
**CONTROL OVER COMPLIANCE REQUIRED**  
**BY THE UNIFORM GUIDANCE**

To the Archbishop or Administrator of the  
Archdiocese of New Orleans and Board of Directors,  
Second Harvest Food Bank of Greater New Orleans and Acadiana,  
New Orleans, Louisiana.

**Report on Compliance for Each Major Federal Program**

We have audited Second Harvest Food Bank of Greater New Orleans and Acadiana's ("Second Harvest") (a nonprofit organization) compliance with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of Second Harvest's major federal programs for the year ended June 30, 2018. Second Harvest's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Second Harvest's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred.

An audit includes examining, on a test basis, evidence about Second Harvest's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our qualified and unmodified opinions on compliance for major federal programs. However, our audit does not provide a legal determination of Second Harvest's compliance.

### **Basis for Qualified Opinion on CFDA 14.218 Community Development Block Grants**

As described in the accompanying schedule of findings and questioned costs, Second Harvest did not comply with requirements regarding CFDA 14.218 Community Development Block Grants as described in finding number 2018-001 for Procurement. Compliance with such requirements is necessary, in our opinion, for Second Harvest to comply with the requirements applicable to that program.

### **Qualified Opinion on CFDA 14.218 Community Development Block Grants**

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Second Harvest complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on CFDA 14.218 Community Development Block Grants for the year ended June 30, 2018.

### **Unmodified Opinion on Each of the Other Major Federal Program**

In our opinion, Second Harvest complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its other major federal programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2018.

### **Other Matters**

Second Harvest's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Second Harvest's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control Over Compliance**

Management of Second Harvest is responsible for establishing and maintaining effective internal control over compliance with requirements referred to above. In planning and performing our audit, we considered Second Harvest's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstance for the purpose of expressing our

opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Second Harvest's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2018-001 to be a material weakness.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### Internal Control and Compliance Material to Federal Awards

#### 2018-001 Information on the Federal Program (Continued)

**Program Title** - Community Development Block Grant ("CDBG")

**Federal CFDA Number** - 14.218

**Pass-Through Entity** - Jefferson Parish (the "Parish")

**Criteria** - HUD requires that subrecipients follow procurement regulations specified in 2 CFR 200.317 through 200.326 (the "procurement regulations") when spending CDBG funds.

**Condition** - In our sample of 6 project payments totaling \$305,401, Second Harvest specified brand names for equipment, obtained assistance from bidders in writing project specifications, and used competitive bidding processes. Second Harvest did not perform cost analyses or negotiate profit as a separate element of the price in these contracts.

**Context** - Our test of project payments indicates that the deficiency is systematic in nature for this grant.

**Effect** - Second Harvest was not in compliance with procurement regulations.

**Cause** - The Parish required that block grant funds be spent by April 30, 2018 to comply with the terms of the HUD CDBG that was awarded to the Parish. The Parish negotiated with Second Harvest for several months, and the parties entered into a subrecipient agreement on May 16, 2018. The agreement was retroactive to January 1, 2018 and required projects be completed by April 30, 2018. Second Harvest was unfamiliar with the procurement regulations and instead used purchasing procedures of the pass-through entity.

**Questioned Costs** - \$305,401 was known to be purchased without following procurement regulations.

**Recommendation** - We recommend that Second Harvest follow the procurement requirements in accordance with its federal grant prior to awarding building projects.

**View of Responsible Officials of the Auditee when there is Disagreement with the Finding, to the Extent Practical** - None.
