FINANCIAL SECTION

INDEPENDENT AUDITOR’S REPORT

To the Honorable Joey Bouziga, Mayor
and Members of the Town Council,
Town of Golden Meadow,
Golden Meadow, Louisiana.

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund of the Town of Golden Meadow (the “Town”), State of Louisiana, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Town’s basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities and each major fund of the Town as of December 31, 2025 and the respective changes in financial position for the year then ended and budgetary comparison of the General Fund in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 5 through 12, and the Schedule of Changes in the Town's Total OPEB Liability and Related Ratios, the Schedule of the Town's Proportionate Share of the Net Pension Liability and Schedule of the Town's Contributions on pages 65 through 69, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Town's basic financial statements. The accompanying supplementary information on pages 70 through 73 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other information

Management is responsible for the other information included in the annual report. The other information comprises the statistical information section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2026 on our consideration of the Town's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

Bourgeois Bennett, L.L.C.

Certified Public Accountants.

Houma, Louisiana,
March 26, 2026.

MANAGEMENT’S DISCUSSION AND ANALYSIS

Town of Golden Meadow Golden Meadow, Louisiana

December 31, 2025

The Mayor and the Town Clerk are responsible for the overview and analysis of the financial activities of the Town of Golden Meadow (the “Town”) for the year ended December 31, 2025. The narrative provided is designed to introduce the financial highlights and offer an overview of the financial statements.

Management’s Discussion and Analysis (MD&A) is designed to focus on the current year’s activities, resulting changes and facts known to date. This narrative includes a government-wide financial analysis of revenues, expenses and changes in the net position. Further detail offers our readers a financial analysis of the Town’s funds consisting of the governmental fund types and proprietary funds.

FINANCIAL HIGHLIGHTS

Assets of the Town exceeded its liabilities at the close of the most recent fiscal year by \$21,742,048 (net position). Of this amount, \$4,818,408 (unrestricted net position) may be used to meet the Town’s ongoing obligations to citizens and creditors.

The Town’s net position increased by \$775,143 (or 3.70%) during 2025, primarily a result of a decrease in general government and public safety expenses.

The Town’s governmental activities revenues decreased by \$557,107 (or 19.18%) primarily due to decreases in charges for services and operating and capital grants and contributions.

The Town’s governmental activities expenses decreased by \$282,243 (or 11.13%) primarily due to decreases in expenses for general government and public safety.

The business activities reported an increase in net position of \$696,145 (or 9.96%) primarily due to an \$24,232 increase in charges for services and an \$58,756 increase in capital grants and contributions.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town’s basic financial statements. The Town’s annual report consists of five parts: (1) management’s discussion and analysis (this section), (2) basic financial statements, (3) required and other supplementary information, (4) statistical information, (5) various governmental compliance reports and schedules by certified public accountants and management.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements.

Government-Wide Financial Statements

The government-wide financial statements reported in Exhibits A and B are designed to be similar to private-sector business in that all governmental and business-type activities are consolidated into columns which add to a total for the primary government. These statements, combine governmental funds' current financial resources with capital assets and long-term obligations. Also presented in the government-wide financial statements is a total column for the business-type activities of the primary government.

The Statement of Net Position reported in Exhibit A presents information on all the Town's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The Statement of Activities reported in Exhibit B presents information showing how the government's net position changed during the most recent fiscal year. All changes in the assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses reported in this statement for some items will only result in cash flows in future fiscal periods. For example, earned but unused compensation time result in cash flows for future periods. The focus of the Statement of Activities is on both the gross and net cost of various activities, which are provided by the government's general tax and other revenues. This is intended to summarize information and simplify the user's analysis of cost of various governmental services and/or subsidy to various business-type activities.

Both government-wide financial statements distinguish functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities which reflect the Town's basic services include the financial activities of the following: general government (Town administration) public safety (police department), streets and highways (street, road and sidewalk maintenance), drainage and levee (drainage and levee maintenance), culture and recreation (parks/playgrounds and pool) and sanitation (animal control, grass cutting, building demolition and trash collection). The business-type activities of the Town include a sewerage collection and treatment system.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Traditional users of governmental financial statements will find the fund financial statement presentation more familiar. The focus is now on major funds, rather than generic fund types. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**Fund Financial Statements (Continued)**

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. The governmental major fund presentation in Exhibits C through G is presented on a sources and uses of liquid resources basis. This is the manner in which the financial budget is typically developed. Unlike the government-wide financial statements, governmental fund financial statements focus on near-term outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's current financing requirements. The Town has presented the General Fund and the Capital Project Fund as major governmental funds.

Proprietary Funds include enterprise funds on the fund financial statements illustrated in Exhibits H through J. Enterprise funds are used to account for operations financed and operated in a manner similar to private business enterprises. The enterprise fund is presented as a major fund and consists of the Sewerage Fund. The intent is that costs of goods or services to the general public on a continuing basis be financed primarily through user charges.

While the Sewerage Fund on the business-type fund financial statements for the enterprise fund (see Exhibit H and I) is generally the same as the business-type column at the government-wide financial statements, the governmental funds total column requires a reconciliation because of the different measurement focus which is reflected on the page following each statement (see Exhibit D and F). The flow of current financial resources will reflect capital expenditures and interfund transfers as other financial sources and debt service principal payments as expenditures. The reconciliation will eliminate these transactions and incorporate the capital assets and long-term obligations into the governmental activities column in the government-wide statements.

Capital Assets

General capital assets include land, construction in progress, buildings and improvements, infrastructure, vehicles, machinery and equipment and all other tangible assets that are used in operations and that have initial useful lives greater than one year and exceed the Town's capitalization threshold (see Note 1d, Exhibit K). The Town has recorded all material infrastructure assets acquired since 1984. Accumulated depreciation is recorded based on the date of acquisition and the life span of the asset.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are a required part of the financial statements and can be found in Exhibit K of this report.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**Other Information**

In addition to the basic financial statements and notes to financial statements, this report presents required supplementary information concerning the Town's changes to its obligations and progress in funding its obligations to provide postemployment and pension benefits to its employees. Required supplementary information can be found on Exhibits L, M, N, O, and P of this report.

Schedules of Compensation Paid to Members of the Town Council and Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer can be found in Schedules 1 and 2 of this report. The Statistical Section (Tables 1 through 8) are included for additional information and analysis and do not constitute a part of the audited financial statements.

For more detailed information see Exhibit A, Statement of Net Position.

Approximately 76.01% of the Town's net position as of December 31, 2025, reflects the government's net investment in capital assets less any related outstanding debt used to acquire those assets that is still outstanding. The Town's government uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Approximately 1.83% of the Town's net position is subject to external restrictions as to its use. The remaining unrestricted net position of 22.16% is available for future use as directed by the Mayor and the Town Council to meet ongoing obligations of the government to citizens and creditors.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

The following table provides a summary of the statement of activities for the year ended December 31, 2025, with comparative figures from 2024:

Condensed Statements of Activities

Net position, January 1,	<u>13,970,793</u>	<u>13,886,978</u>	<u>6,996,112</u>	<u>6,119,799</u>	<u>20,966,905</u>	<u>20,006,777</u>
Net position, December 31,	<u>\$14,049,791</u>	<u>\$13,970,793</u>	<u>\$ 7,692,257</u>	<u>\$ 6,996,112</u>	<u>\$21,742,048</u>	<u>\$20,966,905</u>

The Town's change in net position was \$775,143 for the current fiscal year for a total net position of \$21,742,048 as of December 31, 2025.

Charges for services decreased by \$246,452 due to less violations being issued in the current year. Operating grants decreased by \$136,079 as a result of the Town receiving more funds from the Lafourche Parish Drainage District in the prior year for repairs to the Pump Station. Additionally, capital grants and contributions decreased by \$132,428 primarily due to the Town receiving \$205,407 from the Lafourche Parish Government for the Hurricane Ida Recovery Fund in the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

Business-type activity total revenues increased by \$82,996, or 9.14%, from the prior year. This is mostly the result of the Town recognizing \$58,756 more in capital grant revenue for funding of the sewerage system in 2025 as compared to 2024. Business activity expenses decreased by \$6,883, as a result of a decrease in repairs and maintenance expenditures.

Financial Analysis of the Government's Funds

The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of the Town's governmental funds are to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town's financing requirement. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The combined fund balances of the Town's governmental funds as of December 31, 2025 were \$6,967,084 as compared to \$7,031,240 as of December 31, 2024, a decrease of \$64,156. The fund balance in the amount of \$583,625 is restricted for various departments in the General Fund. The remaining fund balance of \$6,383,459 is available for spending at the Town's discretion.

The General Fund is the chief operating fund of the Town. At the end of the current fiscal year, fund balance of the General Fund was \$6,983,036, compared with a fund balance of \$7,031,240 at the end of 2024, a decrease of \$48,204.

The Capital Project Fund was established to account for funding received through the Flood Mitigation Assistance Program for various capital improvement projects. As of December 31, 2025, the Town's Capital Project Fund reported a deficit fund balance of \$15,952.

Proprietary Funds: The Town's proprietary fund provides the same type of information found in the government-wide financial statements, but in more detail.

The Sewerage Fund of the Town had an unrestricted net deficit of \$513,089 as of December 31, 2025. This fund encompasses all assets associated with sewerage operations of the Town. This fund is self-supported from program revenues. Net investment in capital assets at the end of the current fiscal year totaled \$8,205,346. For the year ended December 31, 2025, the Sewerage Fund had an increase in net position of \$696,145.

General Fund Budgetary Highlights

The major differences between the original General Fund budgeted revenues and the final amended budgeted revenues were increases in sales tax revenue, and investment income received. The amended budget also accounted for a decrease in expected revenues from fines and forfeitures. The final budget more closely reflects anticipated revenues from these sources.

The difference between the original General Fund budgeted expenditures and the final amended budgeted expenditures was a decrease of \$358,948 mostly due to a decrease in general government and public safety expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)**Capital Asset and Debt Administration**

Capital Assets: The Town's net investment in capital assets for its governmental and business-type activities as of December 31, 2025, amounts to \$16,526,656 (net of accumulated depreciation). This net investment in capital assets includes land, construction in progress, buildings and improvements, furnishings and equipment, streets and roads, drainage systems, park, swimming pool, and sewer treatment facilities. The net increase in the Town's net investment in capital assets (net of depreciation) for the current fiscal year was \$705,280. The increase is due to current year's additions net of disposals of \$1,330,540 offset by depreciation of \$625,260.

Major capital asset events during the current fiscal year included the following:

- Purchase of a 2025 Chevrolet Tahoe.
- Purchase of a 4x4 Diesel UTV.
- Purchase of equipment for police vehicles.
- Construction of a chlorine contact chamber.
- Completion of the Street Sign Repairs, Williams Lift Station, and Sewer Phase VII projects.
- Progress on the design and construction of the Armand Alcide Drainage, American Legion Monument Relocation, Flood Risk Reduction and Sewer Phase VIII projects.

Additional information on the Town's capital assets can be found in Note 8, Exhibit K of this report.

Non-current liabilities: At the end of the current fiscal year, the Town had total outstanding non-current liabilities of \$1,631,855 as detailed in Note 10, which represents compensated absences, other postemployment benefit obligations, net pension liability, and asset retirement obligations. The compensated absences, other postemployment benefit obligations, net pension liability, and asset retirement obligations will be serviced by general revenues of the Town, except those recognized in the enterprise funds, which will be serviced by fund revenues.

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

Economic Factors and Next Year's Budget and Rates

Overall, the Town is anticipating General Fund revenues to exceed expenditures in 2026 by approximately \$94,993.

Requests for Information

This financial report is designed to provide a general overview of the Town of Golden Meadow's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Town Clerk, P. O. Box 307, Golden Meadow, LA 70357. General information relating to the Town can be found at the Town's website, www.townofgoldenmeadow-la.gov.

**RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

Town of Golden Meadow
Golden Meadow, Louisiana

For the year ended December 31, 2025

Net Change in Fund Balance - Total Governmental Funds		\$ (64,156)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital outlay	\$ 342,834	
Depreciation expense	<u>(442,263)</u>	(99,429)
Some expenditures are reported in the governmental funds which do not affect net position.		
Increase in prepaid insurance		7,608
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets.		
Decrease in the liability for other postemployment benefits	52,581	
Decrease in net pension liability	212,786	
Increase in the liability for compensated absences	<u>(1,578)</u>	263,789
Deferred outflows and inflows of resources related to other postemployment benefits and pensions are applicable to future periods and, therefore, are not reported in the funds.		
Decrease in deferred outflows of resources related to other postemployment benefits	(13,626)	
Decrease in deferred outflows of resources related to pensions	(10,701)	
Increase in deferred inflows of resources related to other postemployment benefits	(15,602)	
Decrease in deferred inflows of resources related to pensions	<u>11,115</u>	<u>(28,814)</u>
Change in Net Position of Governmental Activities		<u>\$ 78,998</u>

See notes to financial statements.

NOTES TO FINANCIAL STATEMENTS

Town of Golden Meadow
Golden Meadow, Louisiana

December 31, 2025

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Golden Meadow (the “Town”) complies with accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

a. Financial Reporting Entity

The Town of Golden Meadow, Louisiana was incorporated July 17, 1950, under the provisions of Act 136 (Lawrason Act) of 1898, State of Louisiana. The Town operates under a Mayor-Town Council form of government and provides the following services as authorized by its charter: public safety, streets and highways, drainage, levee maintenance, sanitation, culture-recreation, sewerage, planning and zoning, and general administrative services.

As the governing authority of the township, the Town of Golden Meadow is the financial reporting entity for the Town of Golden Meadow, Louisiana. The financial reporting entity consists of (a) the primary government (the Town of Golden Meadow), (b) organizations for which the Town of Golden Meadow is financially accountable and (c) other organizations for which nature and significance of their relationship with the Town are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

GASB Statement No. 14, “*The Financial Reporting Entity*,” GASB Statement No. 39, “*Determining Whether Certain Organizations Are Component Units-an amendment of GASB Statement No. 14*”, and GASB Statement No. 61, “*The Financial Reporting Entity: Omnibus and amendment of GASB Statements No. 14 and No. 34*” established the criterion for determining which component units should be considered part of the Town for financial reporting purposes. The basic criteria are as follows:

1. Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

a. Financial Reporting Entity (Continued)

2. Whether the governing authority appoints a majority of the board members of the potential component unit.
3. Fiscal interdependency between the Town and the potential component unit.
4. Imposition of will by the Town on the potential component unit.
5. Financial benefit/burden relationship between the Town and the potential component unit.

Based on the previous criteria, the Town of Golden Meadow, Louisiana determined it has no component units.

b. Basis of Presentation

The Town's financial statements consist of the government-wide statements on all of the non-fiduciary activities of the primary government and the fund financial statements (individual major funds).

Government-Wide Financial Statements

The government-wide financial statements include the Statement of Net Position and the Statement of Activities for the primary government. For the most part, the effect of interfund activity has been removed from these statements. The government-wide presentation focuses primarily on the sustainability of the Town as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

Governmental Activities represent programs, which normally are supported by taxes and intergovernmental revenues.

Business-Type Activities are financed in whole or in part by fees charged to external parties for goods and services.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect costs are not allocated by function for financial reporting in this statement; however, certain indirect costs have been directly allocated as administrative fees to grants and programs.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Basis of Presentation (Continued)

Government-Wide Financial Statements (Continued)

Program revenue include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. This includes internally dedicated resources such as a restricted property tax.

Fund Financial Statements

Separate financial statements are provided for governmental funds and a proprietary fund. Major individual governmental funds and major individual enterprise funds are reported in separate columns in the fund financial statements.

The daily accounts and operations of the Town are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, equity, revenues, expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds of the primary government are grouped, into generic fund types and two broad fund categories as follows:

Governmental Funds

Governmental activities presented as governmental funds in the fund financial statements:

General Fund - the General Fund is the general operating fund of the Town. The General Fund accounts for and reports all financial resources except those required to be accounted for and reported in other funds. The General Fund is always a major fund.

Capital Projects Fund - accounts for and reports financial resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition or construction of major capital facilities and other capital assets (other than those financed by Proprietary Funds). The Capital Projects Fund is reported as a major fund.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Basis of Presentation (Continued)

Proprietary Funds

Enterprise funds - are used to account for operations: (a) that are financed and operated similarly to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The enterprise fund is presented in the business-type activities column in government-wide financial statements and the major funds section of the basic financial statements, the enterprise fund reported as a major fund in the fund financial statements is as follows:

Sewerage Fund - to account for and report sewer services to residents within the Sewer Service District of the Town. All activities necessary to provide such services are accounted for and reported in this fund, including, but not limited to, administration, operations, maintenance, financing, and related debt service. Billing and collection activities are contracted with the Lafourche Parish Waterworks District No. 1.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

c. Basis of Accounting and Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized in the year for which they are levied.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Basis of Accounting and Measurement Focus (Continued)

Fund Financial Statements

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and liabilities generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing resources) and decreases (expenditures and other uses) in net current assets. Governmental funds are maintained on the modified accrual basis of accounting.

Governmental fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government's availability criteria (susceptible to accrual). Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For this purpose, the Town considers revenue to be available if collected within 60 days of the end of the current fiscal year. Charges for services and fines and forfeitures are recorded as earned since they are measurable and available. Miscellaneous revenues are recorded as revenues when received in cash by the Town because they are generally not measurable or available until actually received.

Nonexchange transactions, in which the Town receives value without directly giving value in return, include sales tax, property tax, grants and donations. Ad valorem taxes are recognized as revenue of the period for which levied. The current year property taxes are being levied to finance the subsequent year's budgeted expenditures by Town ordinance and legally are not available for funding current year expenditures, accordingly property taxes levied in 2025 shall be recognized as revenue in 2026. The 2025 tax levy is recorded as the deferred inflows of resources in the Town's 2025 fund financial statements. Sales and use taxes are considered "measurable" when the underlying transaction occurs and meets the availability criteria. Anticipated refunds of such taxes are recorded as fund liabilities and reductions of revenue when they are measurable and valid. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include purpose and timing requirements, which specify the use and period when the resources can be used.

Expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable, except for the following: (1) principal and interest on long-term debt are recorded when due and (2) claims and judgments, compensated absences, other postemployment benefits and net pension expense are recorded as expenditures in the governmental fund type when paid with expendable financial resources. Allocations of cost such as depreciation and amortization are not recognized in the governmental funds.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Basis of Accounting and Measurement Focus (Continued)

Fund Financial Statements (Continued)

All proprietary funds are accounted for on a flow of economic resources measurement focus. Proprietary funds are maintained on the accrual basis of accounting wherein revenues are recognized in the accounting period in which they are earned and become measurable, and expenses are recognized in the period incurred, if measurable. Revenues resulting from transactions, in which each party gives and receives essentially equal value, is recorded on an accrual basis when the exchange takes place.

d. Assets, Liabilities, and Equity

Cash, Cash Equivalents, and Investments

Cash includes amounts in regular and money market accounts.

Investment policies are governed by state statutes and bond covenants. Additional details on authorized investments of the Town are disclosed in Note 4.

For purposes of the Statement of Cash Flows, cash and cash equivalents include the investment in the Louisiana Asset Management Pool (LAMP), certificates of deposit and other securities with maturities of three months or less from date purchased.

Investments are stated at fair value as established by the open market, except for the LAMP investment, which is a local government 2a7-like pool administered by a non-profit corporation organized under State of Louisiana law, which is permitted to be carried at amortized cost.

Securities traded in a national or international exchange are valued at the last reported sales price at current exchange rates. There are no investments without an established market. Unrealized gains and losses on investments recorded at fair value are included in investment income.

Accounts Receivable

All trade receivables are shown net of an allowance for uncollectible. The allowance for uncollectible is based on aging and specific identification. As of December 31, 2025, management considered all receivables to be fully collectible.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Assets, Liabilities, and Equity (Continued)

Interfund Transactions

In the financial statements, interfund activity is reported as either loans or transfers. Loans between funds are reported as interfund receivables (due from) and payables (due to) as appropriate. Transfers represent a permanent reallocation of resources between funds. In other words, they are not expected to be repaid. For reporting purposes, all interfund transactions between individual governmental funds have been eliminated in the government-wide financial statements. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as “internal balances”.

Capital Assets

Capital assets, which include land, construction in progress, buildings and improvements, equipment and infrastructure assets (streets, roads, bridges, canals and sewer and drainage systems) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an estimated useful life in excess of one year and initial, individual cost of more than \$2,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. Capital assets with an estimated cost amounted to \$191,076 or 1.29% of the cost of capital assets used in governmental activities.

The costs of normal maintenance and repairs that do not add value to the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects at completion of construction. At this point, the project costs are moved out of construction-in-progress and capitalized. Interest incurred during the construction phase of capital assets of business activities is expensed as incurred. During the year ended December 31, 2025, the Town did not incur interest expense on capital construction projects in the business activities.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Assets, Liabilities, and Equity (Continued)

Capital Assets (Continued)

Capital assets of the Town are depreciated using the straight-line method over the following estimated useful lives:

Type of Capital Assets	No. of Years
Buildings and improvements	7 - 40
Seawall	50
Christmas fixtures	10
Protection levee	40
Swimming pool and related equipment	5 - 20
Vehicles	5 - 10
Sidewalks, streets and drainage	5 - 40
Oakridge Park	5 - 40
Office furniture and fixtures	5 - 7
Departmental equipment	5 - 20

All infrastructure assets purchased by the Town since 1984 are recorded as capital assets and depreciated accordingly. All donated infrastructure accepted into the Town’s maintenance program since 1984 has been capitalized and depreciated in accordance with the above capitalization policy.

In accordance with Louisiana Department of Environmental Quality regulations the Town is legally required to dispose of its North and South Sewerage Treatment Plants. GASB Statement No. 83 “*Certain Asset Retirement Obligations*”, requires the Town to record estimated future asset retirement obligations at fair value. GASB Statement No. 83 requires the Town to record the fair value of a liability for an asset retirement obligation in the period in which it is incurred with a corresponding increase in deferred outflows of resources. Subsequent to initial measurement, the asset retirement obligation is required to be measured each period to its fair value. Deferred outflows of resources are amortized using the straight line method over 40 years for the North Sewer Treatment Plant and 36 years for the South Sewer Treatment Plant (the average remaining asset useful life at implementation of GASB Statement No. 83). Deferred outflows of resources for newly acquired assets are amortized over the asset’s estimated useful life at acquisition. The Town’s asset retirement obligation consists of the costs related to the removal of facilities and equipment and site restoration at the North Sewer Treatment Plant, \$199,200 and the South Sewer Treatment Plant, \$142,900. Payments of the asset retirement obligations are to be made using the unrestricted assets of the Sewerage Fund. As of December 31, 2025 no assets were restricted for payment of the liability.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Assets, Liabilities, and Equity (Continued)

Deferred Outflows and Inflows of Resources

In addition to assets and liabilities, the Statement of Net Position reports separate financial statement elements for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expenses/expenditures) until then. The Town's deferred outflows of resources relate to asset retirement obligation, other postemployment benefits and pensions. Deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then. The Town has two items that qualify for reporting as deferred inflows of resources: other postemployment benefits and pensions.

Non-Current Liabilities

Non-current liabilities consist of asset retirement obligation, compensated absences, other postemployment benefits and net pension liability.

The accounting treatment of non-current liabilities depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

In the government-wide Statement of Net Position and in the proprietary fund types financial statements, long-term debt and other long-term obligations are reported as liabilities.

Compensated Absences

GASB Statement No. 16, "*Accounting for Compensated Absences*", requires governments to accrue compensated absences only to the extent it is probable that the employer will compensate employees for benefits through cash payments conditioned on the employees' termination or retirement.

In the government-wide financial statements and the proprietary fund type statements, the total compensated absences liability for earned and unused annual leave and earned compensatory time is recorded as an expense, allocated on a functional basis, and a long-term obligation. In accordance with GASB Interpretation No. 6, "*Recognition and Measurement of Certain Liabilities and Expenditures*" in Governmental Fund Financial Statements, no compensated absence liabilities are recorded as of December 31, 2025 in the governmental fund-type fund financial statements.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Assets, Liabilities, and Equity (Continued)

Compensated Absences (Continued)

Employees with one year or more of service earn a total of five to ten days annual leave and ten days sick leave per year. Employees may not carry over or accumulate annual leave. Any sick leave not used during any calendar year can be carried over and accumulated without limit. Any sick leave accumulated at the time of termination of employment by the Town shall not be paid. The Town can award compensation time for participation in events outside of normal work duties, which can be used as sick leave or annual leave days and is payable upon termination of employment with the Town.

Other Postemployment Benefits

GASB Statement No. 75, “*Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*” requires governments to accrue postemployment benefits to the extent it is probable the employer will provide benefits conditioned on the employees’ retirement. The Town has recorded liabilities for postemployment health care benefits as of December 31, 2025.

In the government-wide financial statements and the proprietary fund type fund statements, the other postemployment benefits liability is recorded as long-term obligations and allocated to expenses on a functional basis.

In the governmental fund type fund financial statements, other postemployment benefit expenditures are recognized in the amount contributed to the plan or expected to be liquidated with expendable available financial resources. Expendable available financial resources generally refer to other postemployment benefit payments due and payable as of the end of the year.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Employees Retirement System (MERS) and the Municipal Police Employees Retirement System (MPERS) and additions to/deductions from MERS and MPERS fiduciary net position have been determined on the same basis as they are reported by MERS and MPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Assets, Liabilities, and Equity (Continued)

Equity

Government-Wide Statements

Equity is classified as net position and displayed in three components:

- a) Net investment in capital assets - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- b) Restricted net position - consists of assets and deferred outflows of resources less liabilities and deferred inflow of resources (net position) with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions or laws or regulations of other governments; or (2) law through constitutional provisions or other enabling legislation.
- c) Unrestricted net position - all other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

When both restricted and unrestricted resources are available for use, it is the Town’s policy to use restricted resources first, then unrestricted resources as they are needed. The Town’s restricted net position results from the assessment and collection of dedicated ad valorem taxes.

Fund Financial Statements

Governmental fund equity is classified as fund balance. Fund balance is further classified as follows:

- a) Non-spendable - amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to maintain intact.
- b) Restricted - amounts that can be spent only for specific purposes because of constitutional provisions, charter requirements or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Assets, Liabilities, and Equity (Continued)

Fund Financial Statements (Continued)

- c) Committed - amounts that can be used only for specific purposes determined by a formal action of the Town Council. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Town Council.
- d) Assigned - amounts that do not meet the criteria to be classified as either restricted or committed but are intended to be used for specific purposes. Amounts may be assigned by a majority vote of the Town Council or by the Town Clerk under the authorization of the Mayor.
- e) Unassigned - all other spendable amounts.

For the classification of governmental fund balances, the Town considers an expenditure to be made from the most restrictive first when more than one classification is available. The Town's fund balance was classified as restricted and unassigned as of December 31, 2025.

e. Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions. Those estimates affect the reported amounts of assets and liabilities and disclosure of assets and liabilities at the date of the financial statements. They may also affect the reported amounts of revenues and expenses of proprietary funds and the government-wide financial statements during the reporting period. Actual results could differ from these estimates.

f. New GASB Statements

During the year ending December 31, 2025, the Town implemented the following GASB Statement:

Statement No. 102, "*Certain Risk Disclosures*" defines concentrations and constraints. The Statement also requires governments to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact and whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. New GASB Statements (Continued)

statements are issued. This Statement did not have a material affect on the financial statements for the year ended December 31, 2025.

The GASB has issued the following Statements which will become effective in future years as follows:

Statement No. 103, “*Financial Reporting Model Improvements*” provides objectives to improve key components of the financial reporting model to enhance effectiveness in providing information that is essential for decision making and assessing a government’s accountability. This Statement also addresses certain application issues. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged. Management has yet to determine the effect of this Statement on the financial statements.

Statement No. 104, “*Disclosure of Certain Capital Assets*” provides users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in Statement No. 87, and intangible right-to-use assets recognized in accordance with Statement No. 94, should be disclosed separately by major class of underlying asset in the capital asset note disclosure. Subscription assets recognized in accordance with Statement No. 96 also should be separately disclosed. This Statement also requires additional disclosure for capital assets held for sale. A capital asset is a capital asset held for sale if (a) the government has decided to pursue the sale of the capital asset and (b) it is probable that the sale will be finalized within one year of the financial statement date. The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Earlier application is encouraged. Management has yet to determine the effect of this Statement on the financial statements.

Statement No. 105, “*Subsequent Events*” improves the financial reporting requirements for subsequent events, thereby enhancing consistency in their application and better meeting the information needs of financial statement users. This Statement defines subsequent events as transactions or other events that occur after the date of the financial statements but before the date the financial statements are available to be issued. This Statement describes the date the financial statements are available to be issued as the date at which (1) the financial statements are complete in a form and format that complies with generally accepted accounting principles and (2) approvals necessary for issuance have been obtained. That definition modifies the

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. New GASB Statements (Continued)

subsequent events time frame throughout the GASB literature. This Statement also requires the date through which subsequent events have been evaluated to be disclosed. This Statement clarifies the subsequent events that constitute recognized and nonrecognized events and establishes specific note disclosure requirements for nonrecognized events. The requirements of this Statement are effective for fiscal years beginning after June 15, 2026, and all reporting periods thereafter. Earlier application is encouraged. Management has yet to determine the effect of this Statement on the financial statements.

Note 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

The annual budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General Fund. All annual appropriations lapse at year-end. The Capital Projects Fund presents budgets by project as opposed to annual budgets and are therefore not reported in the accompanying financial report. The Town Council approves each project budget and maintains effective controls of costs.

The Town does not employ encumbrance accounting; under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation.

The Town adheres to the following procedures in establishing the budgetary data reflected in the financial statements:

- a) Not later than December 16th, a proposed operating budget for the year commencing the following January 1st shall be submitted to the Town Council. The operating budget includes proposed expenditures and the means of financing them.
- b) The Town Council conducts public hearings to obtain taxpayer comments.
- c) All actions necessary to adopt and otherwise finalize and implement the budget for an ensuing year are taken prior to the end of the year in progress.
- d) The level of budgetary control is at the fund, department or project level and any amendment involving the transfer of monies from one fund, department or project to another or any amendment for amounts exceeding any current expenditure amount budgeted must be approved by the Town Council.

Note 2 - STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

Budgetary Information (Continued)

- e) All budgeted amounts, which are not expended, or obligated through contracts, lapse at year end.
- f) Budgets for all governmental fund types are adopted on a basis consistent with GAAP, except for cash transfers. Cash transfers between bank accounts are charged to other financing sources and (uses).
- g) The budget was amended once during the year.

Note 3 - PROPERTY TAXES

Property taxes are levied each November 1 on the assessed value listed as of the prior January 1 for all real property, merchandise and movable property located in the Town. Assessed values are established by the Lafourche Parish Assessor’s Office and the State Tax Commission at percentages of actual value as specified by Louisiana Law. A reevaluation of all property is required to be completed no less than every four years. Taxes are due and payable December 31st with interest being charged on payments after January 1. Taxes can be paid through the tax sale date, which is the last Wednesday in June. Properties for which the taxes have not been paid are sold for the amount of the taxes. The assessed value, upon which the 2025 levy was based, was \$9,187,900.

The 1974 Louisiana Constitution (Article 7 Section 18) provided that land and improvements for residential purposes be assessed at 10% of fair market value; other property and electric cooperative properties, excluding land, are to be assessed at 15%; and public service properties, excluding land, are to be assessed at 25% of fair market value. Fair market value is determined by the elected assessor of the parish on all property subject to taxation except public service properties, which are valued by the Louisiana Tax Commission (LRS 47:1957). The correctness of assessments by the assessor is subject to the review and certification by the Louisiana Tax Commission.

The Town has levied property taxes for maintenance of levees, drainage and streets and for general corporate purposes. The various tax rates for the year ended December 31, 2025 were as follows:

<u>Description</u>	<u>Tax Rate Per \$1,000</u>
Levee maintenance	\$5.25
Drainage maintenance	\$5.25
Street maintenance	\$5.16
General	\$6.16

Note 3 - PROPERTY TAXES (Continued)

As indicated in Note 1c, property taxes are recorded as revenue by the Town in the year the taxes finance budgeted expenditures. Property taxes, which are paid under protest, are recorded as revenue in the year the taxes are settled.

Note 4 - DEPOSITS AND INVESTMENTS

Louisiana state law allows all political subdivisions to invest excess funds in obligations of the United States or other federally insured investments, certificates of deposit of any bank domiciled or having a branch office in the State of Louisiana, guaranteed investment contracts and investment grade (A-1/P-1) commercial paper of domestic corporations.

State law requires deposits (cash and certificates of deposits) of all political subdivisions to be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision, or with an unaffiliated bank, or with a trust company for the account of the political subdivision.

Bank Deposits

The year end balances of deposits are as follows:

	Bank Balance	Reported Amount
Cash	\$ 1,920,102	\$ 1,878,651
Certificates of deposit	340,000	340,000
Totals	\$ 2,260,102	\$ 2,218,651

Custodial credit risk is the risk that in the event of a bank failure, the Town’s deposits may not be returned to it. The Town has a written policy for custodial credit risk, which reflects state law. As of December 31, 2025, \$1,432,169 of the Town’s bank balance of \$1,920,102 was exposed to custodial credit risk. These deposits were uninsured and collateralized with securities held by the pledging financial institution’s trust department or agent and are deemed to be held in the Town’s name by state statutes.

As of December 31, 2025, cash was adequately collateralized in accordance with state law by securities held by unaffiliated banks for the account of the Town. The GASB, which promulgates the standards for accounting and financial reporting for state and local governments, considers these securities subject to custodial credit risk. Even though the deposits are considered subject to custodial credit risk under the provisions of GASB Statement No. 40, Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the depositor that the fiscal agent has failed to pay deposited funds upon demand.

Note 4 - DEPOSITS AND INVESTMENTS (Continued)

Bank Deposits (Continued)

State statutes authorize the Town to invest in obligations of the U.S. Treasury, agencies, and instrumentalities; guaranteed investment contracts and investment grade (A-1/P-1) commercial paper of domestic corporations; repurchase agreements; and LAMP.

As a means of limiting its exposure to fair value losses arising from interest rates, the Town's investment policy emphasizes maintaining liquidity to match specific cash flows.

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Town's investment policy requires the application of the prudent-investor rule. The policy states, *investments shall be made with the judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affair, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. Primary emphasis shall be placed upon the safety of principal secondly to maintain liquidity to meet operating requirements and finally to obtain the most favorable rate of return.*

Investments

The Town's investment policy limits investments to those discussed earlier in this note. LAMP has a Standard & Poor's Rating of AAAM.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments in external investment pools are not exposed to custodial credit risk because of their natural diversification and the diversification required by the Securities and Exchange Commission.

LAMP, a local government investment pool, is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana, which was formed by an initiative of the State Treasurer in 1993. While LAMP is not required to be a registered investment company under the Investment Company Act of 1940, its investment policies are similar to those established by Rule 2a7, which governs registered money market funds. The primary objective of LAMP is to provide a safe environment for placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest. Accordingly, LAMP investments are restricted to securities issued, guaranteed or backed by the U.S. Treasury, the U.S. Government or one of its agencies, enterprises or instrumentalities, as well as repurchase agreements collateralized by those securities. The dollar weighted average portfolio maturity of LAMP assets is restricted to not more

Note 4 - DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

than 60 days and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable-rate investments. The fair value of investments is determined on a weekly basis to monitor any variances between cost and fair value. For purposes of determining participants' shares, investments are valued at amortized cost. The fair value of participant's position is the same as the value of the pool shares. Because LAMP as of December 31, 2025, had a weighted average maturity of days, it was presented as investment with a maturity of less than one year. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. Investments in LAMP as of December 31, 2025 amounted to \$4,071,928 and are reported as cash equivalents.

Reconciliation

A reconciliation of deposits and investments as shown on the Statement of Net Position is as follows:

Cash on hand	\$	811
Reported amount of cash deposits		1,878,651
Reported amount of investments - certificates of deposit		340,000
Reported amount of investments - LAMP		<u>4,071,928</u>
Total		<u>\$6,291,390</u>
Cash and cash equivalents		\$5,951,390
Investments		<u>340,000</u>
Total		<u>\$6,291,390</u>

Note 5 - RECEIVABLES

Receivables and the applicable allowances for doubtful accounts as of December 31, 2025 were as follows:

	<u>Amount</u>	<u>Allowance for Uncollectibles</u>	<u>Net Receivables</u>
Governmental activities:			
General Fund:			
Sales taxes	<u>\$220,731</u>	<u>\$ -</u>	<u>\$220,731</u>
Business-type activities:			
Sewerage Fund:			
Accounts	<u>\$ 21,851</u>	<u>\$ -</u>	<u>\$ 21,851</u>

Note 5 - RECEIVABLES (Continued)

An allowance based upon past experience has been established for customers' sewerage fees. Uncollectible amounts due for ad valorem taxes and other receivables are recognized as reductions to revenue at the time information becomes available which would indicate the uncollectability of the particular receivable.

Note 6 - DUE FROM OTHER GOVERNMENTAL UNITS

Amounts due from other governmental units as of December 31, 2025 consisted of the following:

	Federal	Lafourche Parish School Board	Total
Governmental activities:			
General Fund	\$ -	\$ 57,344	\$ 57,344
Capital Project Fund:	53,819	-	53,819
Total governmental activities	\$ 53,819	\$ 57,344	\$ 111,163
Business-type activities:			
Sewerage Fund:	\$ 154,803	\$ -	\$ 154,803

Note 7 - RECONCILIATION OF DUE FROM (TO) OTHER FUNDS

A reconciliation of due from (to) other funds as of December 31, 2025 is as follows:

	Due From	Due To
General Fund:		
Sewerage Fund	\$ 712,759	\$ -
Capital Project Fund	69,871	-
Capital Project Fund:		
General Fund	-	69,871
Sewerage Fund:		
General Fund	-	712,759
Totals	\$ 782,630	\$ 782,630

Note 8 - CHANGE IN CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2025 was as follows:

	Balance January 1, 2025	Additions	Deletions	Balance December 31, 2025
Governmental activities:

As of December 31, 2025, construction in progress of business activities consisted of planning, design, engineering, and construction for the Town's Sewer System Phase VIII project.

Note 8 - CHANGE IN CAPITAL ASSETS (Continued)

Depreciation expense was charged to functions of the Town as follows:

Governmental activities:	
General government	\$ 73,500
Public safety	43,256
Culture and recreation	91,566
Streets and highways	76,175
Drainage and levee	154,188
Sanitation	<u>3,578</u>
Total depreciation expense - governmental activities	<u><u>\$ 442,263</u></u>
Business type activities:	
Sewerage	<u><u>\$ 182,997</u></u>

Note 9 - ACCOUNTS PAYABLE AND OTHER CURRENT LIABILITIES

Accounts payable and other current liabilities of December 31, 2025 consisted of the following:

	Vendors	Payroll and Related Costs	Court Bonds Posted	Totals
Governmental activities:				
General Fund	<u>\$ 20,171</u>	<u>\$ 39,484</u>	<u>\$ 27,719</u>	<u>\$ 87,374</u>
Business-type activities:				
Sewerage Fund	<u>\$ 58</u>	<u>\$ 235</u>	<u>\$ -</u>	<u>\$ 293</u>

Note 10 - NON-CURRENT LIABILITIES

The following is a summary of the non-current liabilities for the year ended December 31, 2025:

	Payable January 1, 2025	Obligations Retired	New Issues	Payable December 31, 2025
Governmental activities:				
Compensated absences payable	\$ 1,912	\$ -	\$1,578	\$ 3,490
Net pension liability	1,066,148	212,786	-	853,362
Other postemployment benefits	463,592	52,581	-	411,011
Total governmental activities	<u>\$1,531,652</u>	<u>\$265,367</u>	<u>\$1,578</u>	<u>\$1,267,863</u>
Business-type activities:				
Net pension liability	\$ 16,609	\$ 1	\$ -	\$ 16,608
Other postemployment benefits	6,069	785	-	5,284
Asset retirement obligation	347,750	5,650	-	342,100
Total business-type activities	<u>\$ 370,428</u>	<u>\$ 6,436</u>	<u>\$ -</u>	<u>\$ 363,992</u>

Note 11 - RISK MANAGEMENT

The Town is exposed to various risks of loss related to workers compensation; torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and group health benefits for which the Town carries commercial insurance. The Town is covered under a general liability contract for claims. Any claims in excess of \$500,000 are to be paid by the Town. There are lawsuits pending against the Town, its insurers and others. The Town has not provided for estimated losses from the aforementioned pending lawsuits in its financial statements because the Town believes the ultimate settlement costs will not materially exceed the amounts provided by commercial insurance.

Note 12 - POSTEMPLOYMENT HEALTHCARE BENEFITS

Plan Description

The Town provides certain continuing health care for its retired employees. The Town's OPEB Plan (the "Plan") is a single employer defined benefit OPEB plan administered by the Town. The authority to establish and/or amend the obligation of the employer, employees and retirees rests with the Town. No assets are accumulated in a trust that meets the criteria in GASB Codification Section P52 *Postemployment Benefits Other Than Pensions-Reporting For Benefits Not Provided Through Trusts That Meet Specified Criteria-Defined Benefit*.

Note 12 - POSTEMPLOYMENT HEALTHCARE BENEFITS (Continued)

Plan Description (Continued)

Medical benefits are provided through a comprehensive medical plan and are made available upon actual retirement. The employees are covered by a retirement system and eligibility requirement to receive retiree medical benefits is age 60 and 10 years of service; or any age and 25 years of service.

Life insurance is not provided by the Plan.

Employees Covered by Benefit Terms

Inactive employees currently receiving benefit payments	3
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees	<u>14</u>
Total	<u><u>17</u></u>

The Town’s total OPEB liability of \$416,295 (\$411,011 governmental activities and \$5,284 business activities) was measured as of December 31, 2025 and was determined by an actuarial valuation as of January 1, 2024.

Actuarial Assumptions and Other Inputs

The total OPEB liability as of December 31, 2025 was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Measurement date	December 31, 2025
Actuarial valuation date	January 1, 2024
Inflation	3.00%
Salary increases, including inflation	3.00%
Discount rate	4.83%
Healthcare cost trend rates	5.5% until 2030 then 4.14%

The discount rate was based on the average of the Bond Buyers’ 20 Year General Obligation Municipal Bond Index.

120% of Pub-2010 for General Employees and Healthy Retirees with MP-2021 scale.

Note 12 - POSTEMPLOYMENT HEALTHCARE BENEFITS (Continued)

Changes in the Total OPEB Liability

	Total OPEB Liability	Activities	
		<u>Governmental</u>	<u>Business</u>
Balance as of December 31, 2024	<u>\$469,661</u>	<u>\$463,592</u>	<u>\$6,069</u>
Changes for the year:			
Service cost	17,764	17,503	261
Interest	19,525	19,238	287
Difference between expected and actual experience	(12,179)	(12,000)	(179)
Changes in assumptions or other inputs	(35,900)	(35,372)	(528)
Benefit payments	<u>(42,576)</u>	<u>(41,950)</u>	<u>(626)</u>
Net changes	<u>(53,366)</u>	<u>(52,581)</u>	<u>(785)</u>
Balance as of December 31, 2025	<u><u>\$416,295</u></u>	<u><u>\$411,011</u></u>	<u><u>\$5,284</u></u>

Sensitivity to the Total OPEB Liability to Change in the Discount Rate

The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using a discount rate that is 1% lower or higher than the current discount rate.

	1.00% Decrease (3.83%)	Current Discount Rate (4.83%)	1.00% Increase (5.83%)
Total OPEB liability	<u>\$465,414</u>	<u>\$416,295</u>	<u>\$375,919</u>

Note 12 - POSTEMPLOYMENT HEALTHCARE BENEFITS (Continued)

Sensitivity to the total OPEB Liability to Changes in the Health Cost Trend Rates

The following presents the total OPEB liability of the Town, as well as what the Town's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower or higher than healthcare cost trend rates.

	<u>1.00% Decrease (4.50%)</u>	<u>Current Trend Rate (5.50%)</u>	<u>1.00% Increase (6.50%)</u>
Total OPEB liability	<u>\$ 374,010</u>	<u>\$416,295</u>	<u>\$467,662</u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2025, the Town recognized an OPEB expense of \$17,137. As of December 31, 2025, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 52,767	\$(54,657)
Change in assumptions	<u>41,890</u>	<u>(43,848)</u>
Totals	<u>\$ 94,657</u>	<u>\$(98,505)</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ending December 31,</u>	
2026	\$(14,403)
2027	(14,403)
2028	(17,005)
2029	(4,075)
2030	5,541
Thereafter	<u>40,497</u>
Total	<u>\$ (3,848)</u>

Note 13 - PENSION PLANS

Employees of the Town, with the exception of the policemen, are members of the Municipal Employees' Retirement System of Louisiana. Full-time policemen, not participating in the Federal Social Security System, are members of the Municipal Police Employees' Retirement System of Louisiana.

a) Municipal Employees' Retirement System

Plan Description. The Town contributes to the Municipal Employees Retirement System of Louisiana - Plan A (MERS), a cost-sharing, multiple-employer defined benefit pension plan that is administered by a Board of Trustees. MERS was originally established by Act 356 of the 1954 regular session of the Legislature of the State of Louisiana. MERS provides benefits to employees of all incorporated villages, towns and cities within the State who do not have their own retirement system, and who elect to become members of MERS. Effective June 30, 1970, the State Legislature provided an optional method for municipalities to cancel Social Security and come under the supplementary benefits in the MERS "Supplementary Plan". Effective, October 1, 1978, the "Regular" and "Supplementary" Plans were replaced and are now known as Plans "A" and "B". Plan A combines the original and supplementary plan for those municipalities participating in both plans, while Plan B participates in only the original plan. MERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Municipal Employees Retirement System of Louisiana, 7937 Office Park Boulevard, Baton Rouge, Louisiana 70809.

Membership. Membership is mandatory as a condition of employment beginning on the date employed for permanent employees working at least 35 hours per week.

Benefits Provided. MERS provides retirement, deferred retirement, disability and death benefits. Retirement benefits are generally equal to 3.0% of the member's monthly average final compensation multiplied by the years of creditable service. Members hired before January 1, 2013 can retire providing the member meets one of the following criteria: any age with 25 years of creditable service, age 60 with a minimum of ten years of creditable service, any age with five years of creditable service eligible for disability benefits, or survivor's benefits at the death of member. Also, a member may receive actuarially reduced benefits at any age with 20 years of creditable service. Members hired on or after January 1, 2013 may retire providing the member meets one of the following: age 67 with seven or more years of creditable service, age 62 with ten or more years of creditable service, age 55 with 30 or more years of creditable service. A member may receive an actuarially reduced benefit at any age with 25 years of creditable service. Members with ten or more years of service who become disabled may receive retirement benefits determined in the same manner

Note 13 - PENSION PLANS (Continued)

a) Municipal Employees' Retirement System (Continued)

as retirement benefits. Death benefits are payable to eligible surviving dependents based on the deceased member's compensation and the dependent's relationship to the deceased member. The State Legislature authorized MERS to establish a Deferred Retirement Option Plan (DROP). When a member enters DROP their status changes from active to retired even though they continue to work, draw their salary and defer the receipt of benefits for up to three years. During participation in DROP, employer contributions are paid into the DROP fund, but employee contributions cease. The election to participate in DROP is irrevocable once participation begins. The monthly retirement benefits are paid in an interest earning DROP account. Upon termination of employment or the end of the specified period a member may elect a lump sum equal to his payments into the DROP account, an annuity equal to the balance in his DROP account or any method approved by the Board of Trustees. MERS provides permanent benefit increases, cost of living adjustments (COLA) as approved by the State Legislature.

Contributions. According to state statute, contribution requirements for all employers are actuarially determined each year. The actual employer contribution rate is determined July 1st each year and was 28.00% for the six months ended June 30 2025, and 27.00% for the six months ended December 31, 2025.

In accordance with state statute, MERS receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities but are not considered special funding situations.

Contributions to MERS from the Town were \$118,377 for the year ended December 31, 2025.

Note 13 - PENSION PLANS (Continued)

a) Municipal Employees' Retirement System (Continued)

Actuarial Assumptions. A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2025 are as follows:

Valuation Date	June 30, 2025
Actuarial Cost Method	Entry Age Normal Cost
Actuarial Assumptions:	
Expected Remaining Service Lives	3 years
Investment Rate of Return	6.850%, net of investment expense
Inflation Rate	2.500%
Projected Salary Increases	
1 to 2 years of service	9.000%
More than 2 years of service	4.400%
Mortality Rates	
Annuitant and Beneficiary	PubG-2010(B) Healthy Retiree Table set equal to 115% for males and 120% for females, each adjusted using their respective male and female MP2021 scales.
Employee	PubG-2010(B) Employee Table set equal to 115% for males and 120% for females, each adjusted using their respective male and female MP2021 scales.
Disabled Lives	PubNS-2010(B) Disabled Retiree Table set equal to 115% for males and 120% for females with the full generational MP 2021 scale.
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by MERS and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.

Note 13 - PENSION PLANS (Continued)

a) Municipal Employees' Retirement System (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.50% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 6.85% for the year ended December 31, 2025. Estimates of arithmetic real rates of return for each major asset class based on the Fund's target asset allocation as of December 31, 2025 are as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Public equity	53.00%	2.31%
Public fixed income	29.00%	1.26%
Alternatives	18.00%	0.78%
Totals	100.00%	4.35%
Inflation		2.50%
Expected arithmetic nominal return		6.85%

Discount Rate. The discount rate used to measure the total pension liability was 6.85%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by Public Retirement System Actuarial Committee taking into consideration the recommendation of System's actuary. Based on those assumptions, MERS's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 13 - PENSION PLANS (Continued)

a) Municipal Employees' Retirement System (Continued)

Sensitivity of the Town's Proportionate Share of the Collective Net Pension Liability to Changes in the Discount Rate. The following presents the Town's proportionate share of the collective net pension liability using the discount rate of 6.85%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (5.85%) or one percentage-point higher (7.85%) than the current rate:

	1.00% Decrease <u>(5.85%)</u>	Current Discount Rate <u>(6.85%)</u>	1.00% Increase <u>(7.85%)</u>
Town's proportionate share of the net pension liability	<u>\$819,147</u>	<u>\$499,389</u>	<u>\$229,580</u>

Pension Plan Fiduciary Net Position. The Municipal Employees Retirement System of Louisiana has issued a stand-alone audit report on their financial statements for the year ended June 30, 2025. Access to the report can be found on the Louisiana Legislative Auditor's website, www.lla.state.la.us.

b) Municipal Police Employees' Retirement System

Plan Description. The Town contributes to the Municipal Police Employees Retirement System of Louisiana (MPERS), a cost-sharing, multiple-employer defined benefit pension plan. MPERS was established by Act 189 of the 1973 regular session of the Legislature of the State of Louisiana. MPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the MPERS website: www.lampers.org or on the Office of the Louisiana Legislative auditor's website: lla.state.la.us.

Membership. MPERS is mandatory for any eligible full time police officer employed by a municipality of the State of Louisiana and engaged in law enforcement, empowered to make arrests and not paying social security.

Benefits Provided. MPERS provides retirement, deferred retirement, disability and death benefits. Members hired before January 1, 2013 can retire providing the member meets one of the following criteria: any age with 25 years of creditable service, age 50 with a minimum of 20 years of creditable service, or 12 years of creditable service at age 55. Upon the death of an active member, or disability retiree, MPERS benefits

Note 13 - PENSION PLANS (Continued)

b) Municipal Police Employees' Retirement System (Continued)

to the surviving spouse range from 40% to 60% of the member's average final compensation. Each surviving child under the age of 18 receives benefits equal to the greater of 10% of the member's average final compensation or \$200 per month. Retirement benefits are generally equal to 3.33% of the member's monthly average final compensation (average monthly earnings during the highest 36 consecutive months or joined months) multiplied by the years of creditable service, not to exceed 100% of final salary. Members hired on or after January 1, 2013 are eligible for regular retirement, early retirement and survivor benefits are based on Hazardous Duty or Non-Hazardous Duty sub plans. Under the Hazardous Duty sub plan member meets eligibility requirements in one of the following: at any age with 25 years of creditable service or at age 55 with 12 years of creditable service. Under the Non-Hazardous Duty sub plan, a member is eligible for regular retirement after being a member of MPERS and has 30 years of creditable service at any age or has 25 years of creditable service at age 55, or ten years of creditable service at age 60. Under each sub plan a member is eligible for early retirement at age 55 and 20 years of credible service. Under the Hazardous and Non-Hazardous sub plans, the benefit rates are 3% and 2.5%, respectively, of the average final compensation during the highest 60 consecutive months per number of years of creditable service. Upon the death of an active member, or disability retiree the surviving spouse benefits range from 25% to 55% of the member's average final compensation. Each surviving child under the age of 18 receives the same benefit as members hired before January 1, 2013. The State Legislature authorized MPERS to establish a Deferred Retirement Option Plan (DROP). A member has the option to enter DROP upon regular retirement. When a member enters DROP the employer and employee contributions cease. The amount deposited into the DROP account is equal to the benefit computed under MPERS. The duration of DROP is up to three years. If employment is terminated after the DROP period the participant may receive his benefit as lump sum or an annuity. If employment is not terminated, active contributing membership in MPERS shall resume and additional retirements benefits based on the additional service shall be available. MPERS provides an Initial Benefit Option to members who are eligible for regular retirement and have not participated in DROP. The program provides both a one-time single sum payment of up to 36 months of regular retirement benefit however the regular monthly retirement benefit is reduced for life. MPERS provides permanent benefit increases, cost of living adjustments (COLA) not to exceed 3% to all regular retirees, disability, survivors and beneficiaries. An additional 2% COLA is available to all who are 65 years old.

Note 13 - PENSION PLANS (Continued)

b) Municipal Police Employees' Retirement System (Continued)

Contributions. According to state statute, contribution requirements for all employers are actuarially determined each year. The actual employer contribution rate is determined July 1st each year and was 35.600% for the six month period ended June 30, 2025 and 33.475% for the six months period ended December 31, 2025.

In accordance with state statute, MPERS receives insurance premium tax monies as employer contributions. The tax is considered support from non-contributing entities. Contributions to MPERS from the Town were \$82,738 for the year ended December 31, 2025.

Actuarial Assumptions. A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2025 are as follows:

Valuation Date	June 30, 2025
Actuarial Cost Method	Entry Age Normal Cost
Actuarial Assumptions:	
Expected Remaining	
Service Lives	4 years
Investment Rate of Return	6.750%, net of investment expense
Inflation Rate	2.500%
Projected Salary Increases	
1-2 years of service	13.000%
More than 2 years of service	4.750%
Mortality Rates	
Annuitant and Beneficiary	Pub-2016 Public Retirement Plan Mortality Table for Safety Below-Median Healthy Retirees multiplied by 125% for males and females, each with full generational projection using the MP2021 scale.
Employee	Pub-2016 Public Retirement Plans Mortality Table for Safety Below-Median Employees multiplied by 125% for males and females, each with full generational projection using the MP2021 scale.
Disabled Lives	Pub-2016 Public Retirement Plans Mortality Table for Safety Disable Retirees multiplied by 125% for males and females, each with full generational projection using the MP2021 scale.
Cost-of-Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost-of-living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.

Note 13 - PENSION PLANS (Continued)

b) Municipal Police Employees' Retirement System (Continued)

Estimates of arithmetic nominal rates of return for each major asset class based included in MPERS' target allocation as of June 30, 2025 are as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Equity	51.00%	3.20%
Fixed income	35.00%	1.21%
Alternatives	14.00%	1.04%
Totals	100.00%	5.45%
Inflation		2.67%
Expected arithmetic nominal return		8.12%

Discount Rate. The discount rate used to measure the collective pension liability was 6.750%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by Public Retirement Systems' Actuarial Committee (PRSAC) of the Town taking into consideration the recommendation of the Fund's actuary. Based on those assumptions, MPERS's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 13 - PENSION PLANS (Continued)

b) Municipal Police Employees' Retirement System (Continued)

Sensitivity of the Town's Proportionate Share of the Collective Net Pension Liability to Changes in the Discount Rate. The following presents the Town's proportionate share of the collective net pension liability using the discount rate of 6.750%, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (5.750%) or one percentage-point higher (7.750%) than the current rate:

	<u>1.00% Decrease (5.750%)</u>	<u>Current Discount Rate (6.750%)</u>	<u>1.00% Increase (7.750%)</u>
Town's proportionate share of the net pension liability	<u>\$607,879</u>	<u>\$370,581</u>	<u>\$171,853</u>

Pension Plan Fiduciary Net Position. The Municipal Employees Retirement System of Louisiana has issued a stand-alone audit report on their financial statements for the year ended June 30, 2025. Access to the report can be found at the Louisiana Legislative Auditor's website, www.lla.state.la.us.

c) Combined

Pension Liabilities. As of December 31, 2025, the Town reported a liability of \$869,970 (\$853,362 in governmental activities and \$16,608 in business-type activities) for its proportionate share of the net pension liabilities. The net pension liability was measured as of June 30, 2025 for the MERS and MPERS plans, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Town's proportion of the net pension liability was based on a projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2025, the Town's proportion was .217862% of MERS, which was a decrease of .01037% from its proportion measured as of June 30, 2024. At June 30, 2025, the Town's proportion was .053660% of MPERS, which was an increase of .00504% from its proportion measured as of June 30, 2024.

Pension Benefit. For the year ended December 31, 2025, the Town recognized pension benefit of \$12,098, (\$16,007 benefit in governmental activities and an expense of \$3,909 in business type activities).

Note 13 - PENSION PLANS (Continued)

c) Combined (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. As of December 31, 2025, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 19,103	\$ (18,131)
Net difference between projected and actual earnings on pension plan investments	-	(61,390)
Changes in proportion	37,074	(93,658)
Changes in assumptions	-	(18,831)
Town contributions subsequent to the measurement date	<u>101,297</u>	<u>-</u>
	<u><u>\$157,474</u></u>	<u><u>\$(192,010)</u></u>

The Town reported \$101,297 as deferred outflows of resources related to pensions resulting from the Town's contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended December 31, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	<u>Principal</u>
2026	\$ 28,860
2027	(99,853)
2028	(40,839)
2029	<u>(24,001)</u>
Total	<u><u>\$ (135,833)</u></u>

Note 14 - ON-BEHALF PAYMENTS FOR SUPPLEMENTAL PAY

The Town recognizes as revenues and expenditures salary supplements, which includes the police, which the State of Louisiana has paid directly to the Town's employees. As of December 31, 2025, the total on-behalf payments made amounted to \$28,020.

Note 15 - CONTINGENCIES

The Town received funding under grants from various Federal and state governmental agencies. The agency grants specify the purpose for which the grant monies are to be used; the grants are subject to audit by the granting agency or its representative.

As of December 31, 2025, the Town was defendant to lawsuits. In the opinion of Town management, the ultimate outcome of these legal matters will not have a material adverse effect on the Town's financial position (see Note 11).

Note 16 - SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of financial statements in determining the accounting for and disclosure of transactions and events that effect the financial statements. Subsequent events have been evaluated through March 26, 2026, which is the date the financial statements were available to be issued.

SPECIAL REPORTS OF CERTIFIED PUBLIC ACCOUNTANTS

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Honorable Joey Bouziga, Mayor
and Members of the Town Council,
Town of Golden Meadow,
Golden Meadow, Louisiana.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Golden Meadow, Louisiana (the “Town”) as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Town’s basic financial statements and have issued our report thereon dated March 26, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Town’s internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Town’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material, misstatement of the Town’s financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be a material weakness. However, material weaknesses and significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Town's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Bourgeois Bennett, L.L.C.

Certified Public Accountants.

Houma, Louisiana,
March 26, 2026.

STATEWIDE AGREED-UPON PROCEDURES

INDEPENDENT ACCOUNTANT’S REPORT ON
APPLYING AGREED-UPON PROCEDURES

To the Honorable Joey Bouziga, Mayor
and Members of the Town Council,
Town of Golden Meadow,
Golden Meadow, Louisiana.

We have performed the procedures described in Schedule 5 on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor’s (LLA) Statewide Agreed-Upon Procedures (SAUP) for the fiscal period January 1, 2025 through December 31, 2025. Town of Golden Meadow (the “Town”) management is responsible for those C/C areas identified in the SAUPs.

The Town has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in the LLA’s SAUPs for the fiscal period January 1, 2025 through December 31, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purpose. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are described in Schedule 5.

We were engaged by the Town to perform this agreed-upon procedures engagement and conducted our engagement in accordance with the attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on these C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Bourgeois Bennett, L.L.C.

Certified Public Accountants

Houma, Louisiana,
March 26, 2026.

SCHEDULE OF PROCEDURES AND ASSOCIATED FINDINGS
OF THE STATEWIDE AGREED-UPON PROCEDURES

Town of Golden Meadow
Golden Meadow, Louisiana

For the year ended December 31, 2025

The required procedures and our findings are as follows:

1. Procedures Performed on the Town's Written Policies and Procedures:

A. Obtain and inspect the Town's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the Town's operations:

i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.

Performance: Obtained and read the written policy for budgeting and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

ii. **Purchasing**, including (1) how purchases are initiated, (2) how vendors are added to the vendor list, (3) the preparation and approval process of purchase requisitions and purchase orders, (4) controls to ensure compliance with the Public Bid Law, and (5) documentation required to be maintained for all bids and price quotes.

Performance: Obtained and read the written policy for purchasing and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

iii. **Disbursements**, including processing, reviewing, and approving.

Performance: Obtained and read the written policy for disbursements and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or Town fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, Town fund forfeiture monies confirmation).

Performance: Obtained and read the written policy for receipts and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

1. **Procedures Performed on the Town's Written Policies and Procedures: (Continued)**

- v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.
Performance: Obtained and read the written policy for payroll and personnel and found it to address all the functions listed above.
Exceptions: There were no exceptions noted.
- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
Performance: Obtained and read the purchasing handbook for contracting and found it to address all the functions listed above.
Exceptions: There were no exceptions noted.
- vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
Performance: Obtained and read the written policy for travel and expense reimbursement and found it to address all the functions listed above.
Exceptions: There were no exceptions noted.
- viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
Performance: Obtained and read the written policy for credit cards and found it to address all the functions listed above.
Exceptions: There were no exceptions noted.
- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the Town's ethics policy.
Performance: Obtained and read the written policy for ethics and found it to address all the functions listed above.
Exceptions: There were no exceptions noted.
- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
Performance: Obtained and read the written policy for debt service and found it to address all functions listed above.
Exceptions: There were no exceptions noted.

1. Procedures Performed on the Town's Written Policies and Procedures: (Continued)

- x. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups; (2) storage of backups in a separate physical location isolated from the network; (3) periodic testing/verification that backups can be restored; (4) use of antivirus software on all systems; (5) timely application of all available system and software patches/updates; and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Performance: Obtained and read the written policy for information technology disaster recovery/business continuity and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) Town responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Performance: Obtained and read the written policy for sexual harassment and found it to address all the functions listed above.

Exceptions: There were no exceptions noted.

2. Procedures Performed on the Town's Board or Finance Committee:

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

- i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

Performance: Obtained and read the written minutes of the council meetings.

Exceptions: There were no exceptions noted.

- ii. For those entities reporting on the governmental accounting model, review the minutes from all regularly scheduled board/finance committee meetings held during the fiscal year and observe whether the minutes from at least one meeting each month referenced or included monthly budget-to-actual comparisons on the General Fund, quarterly budget-to-actual comparisons, at a minimum, on all proprietary funds, and semi-annual budget-to-actual comparisons, at a minimum, on all special revenue funds.

Performance: Obtained and read the written minutes of the council meetings and observed that monthly budget-to-actual comparisons were included.

Exceptions: There were no exceptions noted.

2. Procedures Performed on the Town's Board or Finance Committee: (Continued)

- iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the General Fund.

Performance: Obtained the prior year's audit report and observed the unassigned fund balance in the General Fund. The General Fund did not have a negative ending unassigned fund balance.

Exceptions: There were no exceptions noted.

- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

Performance: The Town did not have any findings in the prior year's audit report.

Exceptions: There were no exceptions noted.

3. Procedures Performed on the Town's Bank Reconciliations:

- A. Obtain a listing of the Town's bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the Town's main operating account. Select the Town's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

Performance: Obtained the listing of bank accounts from management and received management's representation in a separate letter.

Exceptions: There were no exceptions noted.

- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged).

Performance: Obtained monthly bank reconciliation for the month of December for the main operating bank account and 4 additional accounts. Inspected management's documentation for timely preparation of the bank reconciliations.

Exceptions: There were no exceptions noted.

- ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated or electronically logged).

Performance: Inspected the Town's documentation for the December bank reconciliation for the 5 bank accounts selected.

Exceptions: There were no exceptions noted.

3. Procedures Performed on the Town's Bank Reconciliations: (Continued)

- iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.
Performance: Inspected documents for items outstanding for more than 12 months.
Exceptions: There were no exceptions noted.

4. Procedures Performed on the Town's Collections (Excluding Electronic Funds Transfers):

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
Performance: Obtained the listing of deposit sites from management and received management's representation in a separate letter. The Town only has one deposit site.
Exceptions: There were no exceptions noted.
- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (e.g., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if there are no written policies or procedures, then inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
Performance: Obtained the listing of collection locations from management and received management's representation in a separate letter. The Town has one deposit site with one collection location.
Exceptions: There were no exceptions noted.
 - i. Employees responsible for cash collections do not share cash drawers/registers.
Performance: Inspected policy manuals, inquired of client as to all the requirements.
Exceptions: There were no exceptions noted.
 - ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit.
Performance: Inspected policy manuals, inquired of client as to all the requirements.
Exceptions: There were no exceptions noted.
 - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
Performance: Inspected policy manuals, inquired of client as to all the requirements.
Exceptions: There were no exceptions noted.

**4. Procedures Performed on the Town's Collections (Excluding Electronic Funds Transfers):
(Continued)**

- iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or custodial fund additions, is (are) not also responsible for collecting cash, unless another employee/official verifies the reconciliation.

Performance: Inspected policy manuals, inquired of client as to all the requirements.

Exceptions: There were no exceptions noted.

- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.

Performance: Obtained a copy of the insurance policy for theft and a listing of all employees covered by the policy. The policy was in force during the fiscal period.

Exceptions: There were exceptions noted.

- D. Randomly select 2 deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and

- i. Observe that receipts are sequentially pre-numbered.

Performance: Obtained supporting documentation for the selected deposits and observed that receipts were sequentially pre-numbered.

Exceptions: There were no exceptions noted.

- ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

Performance: Traced supporting documentation to the deposit slip.

Exceptions: There were no exceptions noted.

- iii. Trace the deposit slip total to the actual deposit per the bank statement.

Performance: Traced deposit slip to the actual deposit per the bank statement.

Exceptions: There were no exceptions noted.

- iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

Performance: Observed that the deposits tested were made within one business day of receipt.

Exceptions: There were no exceptions noted.

**4. Procedures Performed on the Town's Collections (Excluding Electronic Funds Transfers):
(Continued)**

- v. Trace the actual deposit per the bank statement to the general ledger.
Performance: Traced the actual deposit per the bank statement to the general ledger.
Exceptions: There were no exceptions.

5. Procedures Performed on the Town's Non-Payroll Disbursements (Excluding Card Purchases, Travel Reimbursements, and Petty Cash Purchases):

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Performance: Obtained a listing of locations that process payments for the fiscal period from management and received management's representation in a separate letter. The Town only has one location that processes payments.

Exceptions: There were no exceptions noted.

- B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the Town has no written policies and procedures, then inquire of employees about their job duties), and observe that job duties are properly segregated such that:

Performance: Obtained a listing of employees involved in non-payroll purchasing and job duties. Observed if the job duties were properly segregated.

Exceptions: There were no exceptions noted.

- i. At least 2 employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase.

Performance: Inspected policy manuals and inquired of management and employees as to requirements listed above.

Exceptions: There were no exceptions noted.

- ii. At least 2 employees are involved in processing and approving payments to vendors.

Performance: Inspected policy manuals and inquired of management and employees as to requirements listed above.

Exceptions: There were no exceptions noted.

5. Procedures Performed on the Town's Non-Payroll Disbursements (Excluding Card Purchases, Travel Reimbursements, and Petty Cash Purchases): (Continued)

- iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files unless another employee is responsible for periodically reviewing changes to vendor files.
 - Performance: Inspected policy manuals and inquired of management and employees as to requirements listed above.
 - Exceptions: There were no exceptions noted.
- iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
 - Performance: Inspected policy manuals and inquired of management and employees as to requirements listed above.
 - Exceptions: There were no exceptions noted.
- v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.
 - Performance: Inspected policy manuals and inquired of management and employees as to requirements listed above.
 - Exceptions: There were no exceptions noted.
- C. For each location selected under procedure #5A, obtain the Town's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and:
 - Performance: Obtained the Town's non-payroll disbursement transaction, and management's representation that the population is complete.
 - Exceptions: There were no exceptions noted.
- i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the Town.
 - Performance: Observed that the 5 disbursements matched the related original invoice/billing statements and that deliverables were received.
 - Exceptions: There were no exceptions noted.
- ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B, as applicable.
 - Performance: Observed that the 5 disbursements included evidence of segregation of duties.
 - Exceptions: There were no exceptions noted.

5. Procedures Performed on the Town's Non-Payroll Disbursements (Excluding Card Purchases, Travel Reimbursements, and Petty Cash Purchases): (Continued)

- D. Using the Town's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the Town's policy, and (b) approved by the required number of authorized signers per the Town's policy.

Performance: Observed the disbursement being processed electronically included evidence of the required number of approvals (two approvals) by persons authorized to disburse funds and authorized signers.

Exceptions: There were no exceptions noted.

6. Procedures Performed on the Town's Credit Cards, Debit Cards, Fuel Cards, Purchase Cards (Cards):

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Performance: Obtained all active cards for the fiscal period, including the card numbers and the names of persons who maintain possession of the cards, and received management's representation in a separate letter that the listing is complete.

Exceptions: There were no exceptions noted.

- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and:

- i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., itemized receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved) by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and

Performance: Observed evidence that the statement and supporting documentation was reviewed and approved, in writing, by someone other than the authorized cardholder.

Exceptions: There were no exceptions noted.

- ii. Observe that finance charges and late fees were not assessed on the selected statements.

Performance: Observed that finance charges and/or late fees were not assessed on the selected statements.

Exceptions: There were no exceptions noted.

6. Procedures Performed on the Town's Credit Cards, Debit Cards, Fuel Cards, Purchase Cards (Cards): (Continued)

C. Using the monthly statements or combined statements selected under procedure #6B, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, report whether the transaction is supported by:

- i. An original itemized receipt that identifies precisely what was purchased.
Performance: Observed that the transactions from the monthly statements were supported by original itemized receipts that identifies precisely what was purchased.
Exceptions: There were no exceptions noted.
- ii. Written documentation of the business/public purpose.
Performance: Observed that the transactions from the monthly statements were supported with written documentation of the business/public purpose.
Exceptions: There were no exceptions noted.
- iii. Documentation of the individuals participating in meals (for meal charges only).
Performance: Observed transactions for any meal charges and documentation of the individuals participating in meals.
Exceptions: There were no exceptions noted.

D. Using the list of terminated employees obtained in Payroll and Personnel procedure #9C identify those individuals who had access to cards and randomly select 5 terminated employees (or all terminated employees with card access if less than 5) from this population. Observe evidence that the cards have been deactivated for these terminated employees. In cases where a card is shared by multiple users, obtain evidence that the terminated employees' authorization has been removed.

Performance: Obtained the listing of terminated employees and inquired of management if any terminated employees had access to cards.

Exceptions: There were no exceptions noted.

7. Procedures Performed on the Town's Travel and Travel-Related Expense Reimbursements (Excluding Card Transactions):

A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

Performance: Obtained a listing of all travel and travel-related expense reimbursements, and received management's representation in a separate letter that the listing is complete.

Exceptions: There were no exceptions noted.

7. Procedures Performed on the Town's Travel and Travel-Related Expense Reimbursements (Excluding Card Transactions): (Continued)

- i. If reimbursed using a per diem, observe that the approved reimbursement rate is no more than those rates established either by the State of Louisiana (doa.la.gov/doa/ost/ppm-49-travel-guide/) or the U.S. General Services Administration (www.gsa.gov).

Performance: For items reimbursed using a per diem, agreed per diem reimbursements to the rates established by the U.S. General Services Administration.

Exceptions: There were no exceptions noted.

- ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

Performance: Observed that the reimbursements for actual costs were supported by original itemized receipts that identified precisely what was purchased.

Exceptions: There were no exceptions noted.

- iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii).

Performance: Observed that each reimbursement had evidence of documentation of the business/public purpose and other documentation required by written policy.

Exceptions: There were no exceptions noted.

- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Performance: Observed that each reimbursement was reviewed and approved by someone other than the person receiving reimbursement.

Exceptions: There were no exceptions noted.

8. Procedures Performed on the Town's Contracts:

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternatively, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:

Performance: Observed the listing of contracts in effect during the fiscal year from management and received management's representation in a separate letter that the listing is complete.

Exceptions: There were no exceptions noted.

8. Procedures Performed on the Town's Contracts: (Continued)

- i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
Performance: Inquired of client about any contracts subject to Louisiana Public Bid Law and observed Louisiana Public Bid Law documentation where required.
Exceptions: There were no exceptions noted.

- ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter).
Performance: Observed board approval for those contracts requiring board approval.
Exceptions: There were no exceptions noted.

- iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval).
Performance: Inspected and inquired of management about any amendments to contracts during the fiscal year. Amendments were made in compliance of grant terms.
Exceptions: There were no exceptions noted.

- iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.
Performance: Observed the supporting invoices for the 5 contracts selected, agreed the invoice to the contract's terms, and observed if the invoices and related payment agreed to the terms and conditions of the contract.
Exceptions: There were no exceptions noted.

9. Procedures Performed on the Town's Payroll and Personnel:

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
Performance: Obtained the listing of employees and their related salaries from management and management's representation that the listing is complete.
Exceptions: There were no exceptions noted.

9. Procedures Performed on the Town's Payroll and Personnel: (Continued)

B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A, obtain attendance records and leave documentation for the pay period, and:

i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory).

Performance: Inspected all daily attendance and leave records for proper documentation.

Exceptions: There were no exceptions noted.

ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials.

Performance: Inspected the approval of attendance and leave by the supervisors for the selected employee/officials.

Exceptions: There were no exceptions noted.

iii. Observe that any leave accrued or taken during the pay period is reflected in the Town's cumulative leave records.

Performance: Inspected any leave accrued or taken during the pay period was reflected in the cumulative leave records.

Exceptions: There were no exceptions noted.

iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.

Performance: Inspected and agreed the rate paid to employees agreed to the authorized pay rate in the personnel file.

Exceptions: There were no exceptions noted.

C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the Town's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to the Town's policy.

Performance: Obtained a listing of those employees/officials that terminated during the fiscal period and management's representation that the list is complete. Agreed the hours to the employees' cumulative leave records, agreed the pay rates to the employees' authorized rates in the employees' personnel file, and agreed the termination payment to the Town's policy.

Exceptions: There were no exceptions noted.

9. Procedures Performed on the Town's Payroll and Personnel: (Continued)

- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums) have been paid, and any associated forms have been filed, by required deadlines.

Performance: Inspected payroll reporting forms to confirm that all payments were submitted to the applicable agencies by the required deadlines and obtained management's representation in a separate letter.

Exceptions: There were no exceptions noted.

10. Procedures Performed on the Town's Ethics:

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and:

- i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170.

Performance: Observed ethics course completion certificates for the 5 employees tested.

Exceptions: There were no exceptions noted.

- ii. Observe whether the Town maintains documentation which demonstrates that each employee and official were notified of any changes to the Town's ethics policy during the fiscal period, as applicable.

Performance: Per discussion with management, there were no changes to the ethics policy during the year

Exceptions: There were no exceptions noted.

- B. Inquire and/or observe whether the Town has appointed an ethics designee as required by R.S. 42:1170.

Performance: We inquired with management as to whether the Town appointed an ethics designee.

Exceptions: There were no exceptions noted.

11. Procedures Performed on the Town's Debt Service:

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.

Performance: Inquired of management regarding a listing of bonds/notes issued during the fiscal period, none were noted.

Exceptions: There were no exceptions noted.

11. Procedures Performed on the Town's Debt Service: (Continued)

- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Performance: Inquired of management regarding a listing of bonds/notes outstanding at the end of the fiscal period. The Town did not issue any bonds/notes during the fiscal year.

Exceptions: There were no exceptions noted.

12. Procedures Performed on the Town's Fraud Notice:

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the Town reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the Town is domiciled as required by R.S. 24:523.

Performance: Inquired of management of any misappropriations of public funds and assets during the fiscal period and none were noted.

Exceptions: There were no exceptions noted.

- B. Observe that the Town has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Performance: Inspected the fraud notice posted on the premises and website concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Exceptions: There were no exceptions noted.

13. Procedures Performed on the Town's Information Technology Disaster Recovery/ Business Continuity:

Perform the following procedures, **verbally discuss the results with management, and report "We performed the procedure and discussed the results with management"**.

- A. Obtain and inspect the Town's most recent documentation that it has backed up its critical data (if there is no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the Town's local server or network, and (c) was encrypted.

Performance: We performed the procedure and discussed the results with management.

13. Procedures Performed on the Town's Information Technology Disaster Recovery/Business Continuity: (Continued)

- B. Obtain and inspect the Town's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

Performance: We performed the procedure and discussed the results with management.

- C. Obtain a listing of the Town's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

Performance: We performed the procedure and discussed the results with management.

- D. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in Payroll and Personnel procedure #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.

Performance: We performed the procedure and discussed the results with management.

- E. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the Town's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:

- Hired before June 9, 2020 - completed the training; and
- Hired on or after June 9, 2020 - completed the training within 30 days of initial service or employment.

Performance: We performed the procedure and discussed the results with management.

14. Procedures Performed on the Town's Prevention of Sexual Harassment:

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

Performance: Observed sexual harassment training documentation for the employees selected.

Exceptions: There were no exceptions noted.

14. Procedures Performed on the Town's Prevention of Sexual Harassment: (Continued)

- B. Observe that the Town has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the Town's premises if the Town does not have a website).

Performance: Observed the sexual harassment policy and complaint procedure was posted on the Town's website.

Exceptions: There were no exceptions noted.

- C. Obtain the Town's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:

Performance: Obtained the Town's annual sexual harassment report.

Exceptions: There were no exceptions noted.

- i. Number and percentage of public servants in the Town who have completed the training requirements.

Performance: Obtained the annual sexual harassment report to observe it contained the above requirement.

Exceptions: There were no exceptions noted.

- ii. Number of sexual harassment complaints received by the Town.

Performance: Obtained the annual sexual harassment report to observe it contained the above requirement.

Exceptions: There were no exceptions noted.

- iii. Number of complaints which resulted in a finding that sexual harassment occurred.

Performance: Obtained the annual sexual harassment report to observe it contained the above requirement.

Exceptions: There were no exceptions noted.

- iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action.
