Independent Auditors' Report

The Honorable Steven McCain
Grant Parish Sheriff

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Grant Parish Sheriff, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Grant Parish Sheriff's basic financial statements as listed in the table of contents.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

OPINIONS

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Grant Parish Sheriff, as of June 30, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

In our opinion, other supplemental information is fairly stated in all material respects in relation to the basic financial statements as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARD

In accordance with *Government Auditing Standards*, we have also issued our report dated November 30, 2018, on our consideration of the Grant Parish Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Grant Parish Sheriff's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2018

This section of the annual financial report presents our discussion and analysis of the Grant Parish Sheriff's financial performance during the fiscal year ended June 30, 2018.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the Grant Parish Sheriff's financial position and results of operations from differing perspectives which are described as follows:

Government –Wide Financial Statements

The government-wide financial statements report information about the Grant Parish Sheriff as a whole using accounting methods similar to those used by private-sector companies. The government-wide financial statements report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the Grant Parish Sheriff's assets and all liabilities. All of the Sheriff's activities are classified as governmental activities in the government-wide financial statements. The governmental activities are financed primarily by property taxes, sales taxes and grants.

Fund Financial Statements

Fund financial statements provide detailed information regarding the Grant Parish Sheriff's most significant activities and are not intended to provide information for the Sheriff's Office as a whole. Funds are accounting devices that are used to account for specific sources of funds. All of the Grant Parish Sheriff's funds are Governmental Funds. These funds are used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental funds use a modified accrual basis of accounting that provides a short-term view of the Grant Parish Sheriff's finances. Assets reported by governmental funds are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

An additional portion (11.3%) is restricted for emergency communication expenditures. The remaining net position (86.5%) is invested in capital assets that are used to conduct public safety operations.

An analysis of the government-wide Statement of Activities is presented as follows:

| Net Position Ending | \$ 4,436,988 | \$ 5,234,998 |

As the accompanying presentation demonstrates, the Sheriff's Office has used a portion of reserves to enhance services. Net position has decreased by \$373,918 representing a change of 7.1% over the net asset balance for the previous year.

FINANCIAL ANALYSIS OF THE GRANT PARISH SHERIFF'S FUNDS

For the year ended June 30, 2018, governmental fund balances decreased by \$178,501. Differences between the decrease in fund balances and the decrease in government-wide net position are attributable to including capital assets, debts and costs associated benefits that employees have earned in the government wide presentation. These items do not meet the criteria for being reported in the fund financial statements.

BUDGET HIGHLIGHTS

Budgets for the General Fund and the Major Special Revenue Funds have been amended to respond to circumstances, make minor changes to revenue projections and make other modifications to address matters that were not anticipated when the initial budget was prepared.

GRANT PARISH SHERIFF

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article V, Section 27 of the Louisiana Constitution of 1974, the sheriff serves a four-year term as the chief executive officer of the law enforcement district and ex-officio tax collector of the parish. The sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, and serving subpoenas.

As the chief law enforcement officer of the parish, the sheriff has the responsibility for enforcing state and local laws and ordinances within the territorial boundaries of the parish. The sheriff provides protection to the residents of the parish through on-site patrols and investigations and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. In addition, when requested, the sheriff provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the sheriff is responsible for collecting and distributing ad valorem property taxes, sales taxes, state revenue sharing funds, fines, costs, and bond forfeitures imposed by the district court.

The accompanying policies conform to generally accepted accounting principles for governmental units.

Financial Reporting Entity

The Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of a financial reporting entity. The basic criterion for including a potential component unit within a reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the reporting entity to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the reporting entity.
2. Organizations for which the reporting entity does not appoint a voting majority but are fiscally dependent on the reporting entity.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

GRANT PARISH SHERIFF

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

Based on the previous criteria, the Grant Parish Sheriff's Office is considered a primary government. Furthermore, based on application of the criteria presented above, the Sheriff's Office has no component units.

Basic Financial Statements

The basic financial statements include both government-wide and fund financial statements. Both government-wide and fund financial statements categorize all of the Grant Parish Sheriff's operations as governmental activities. Governmental activities involve government services that are normally supported by taxes and intergovernmental revenues.

The government-wide and fund financial statements present the Grant Parish Sheriff's financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the Grant Parish Sheriff as a whole. The effect of most interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services and most grants.

Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. The Sheriff's funds include governmental funds and fiduciary funds described as follows:

Governmental Funds

Major individual funds are reported as separate columns in the fund financial statements. Sheriff's major funds are described as follows:

General Fund – The general fund is the primary operating fund. It is used to account for all financial resources except those required to be accounted for in another fund.

Emergency 911 Fund – This fund is used to account for funds dedicated to the providing emergency communications.

Fiduciary Funds

Fiduciary funds utilized by the Sheriff's Office are limited to agency funds that account for assets held as an agent on behalf of individuals and organizations. The agency funds are custodial in nature and does not measure of results of operations.

NOTES TO FINANCIAL STATEMENTS

Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

| <u>Financial Statement Presentation</u> | <u>Basis of Accounting</u> | <u>Measurement Focus</u> |
|--|-----------------------------------|---------------------------------|
| Government-Wide Financial Statements | Accrual Basis | Economic Resources |
| Fund Financial Statements | Modified Accrual Basis | Current Financial Resources |

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is generally considered available if it is collected within 60 days of year end or may otherwise be available to finance current expenditures. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure of funds. In addition, long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported other financing sources and repayment of long-term debt is reported as an expenditure of funds.

Use of Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budget Practices

Budgets are adopted on the modified accrual basis of accounting, as discussed in the Governmental Funds. Annual appropriated budgets are usually adopted for the General and Special Revenue Funds. All annual appropriations lapse at the end of the fiscal year. Budgets for capital projects are adopted on a project-length basis. Because these non-operating budgets primarily serve as a management control function, no comparison between budgeted and actual amounts for funds budgeted on this basis is provided in this document.

The Sheriff follows these procedures in establishing the budgetary data reflected in the financial statements:

- The Sheriff prepares a proposed budget no later than fifteen days prior to the beginning of each fiscal year.
- A summary of the proposed budget is published and the public is notified that the proposed budget is available for public inspection. At the same time, the date of the public hearing is published.

GRANT PARISH SHERIFF

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

- A public hearing is held on the proposed budget at least ten days after publication of the call for the hearing.
- After the public hearing and completion of all action necessary to finalize and implement the budget, the budget is adopted prior to the commencement of the fiscal year for which the budget is being adopted.
- All budgets are controlled at the fund level, and are adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP). Budgeted amounts shown in the financial statements are as originally adopted or as amended from time to time by the Sheriff.

Capital Assets

Capital assets include buildings, equipment and vehicles that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

All capital assets are reported at historical cost less accumulated depreciation. Depreciation is computed using the straight-line method and estimated useful lives that are based on the expected durability of the particular asset. Useful lives range from 3 to 40 years depending on the nature of the capital asset.

Cash

Amounts reported as cash and cash equivalents (restricted and unrestricted) include all cash on hand, cash in bank accounts, certificates of deposit and highly liquid investments.

Accrued Leave

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure of funds and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation leave that are not expected to be liquidated with expendable available financial resources are not reported in the Fund Financial Statements. The full liability and related costs are reported in the Government-Wide Financial Statements. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.

Internal Activity

Resources belonging to particular funds are commonly shared with other funds that need access to additional resources. When resources are provided without expectation of repayment, the transaction is reported as a transfer. Transfers are treated as a source of income by the recipient and as an expense or expenditure by the provider. If repayment is eventually expected to occur, interfund receivables and payables are recorded. In preparing the government-wide financial statements, internal activity is eliminated.

Prepaid Items

The unused portion of insurance premiums and other expenses that are paid in advance are reported as prepaid items in the government-wide and fund financial statements.

Delayed Revenues

Certain grant funds have been collected but are not earned until qualified purchases have been completed. These amounts are reported as delayed revenues.

Supplemental Wages

Certain employees receive supplemental wages from the State of Louisiana. These supplemental wages are recognized as intergovernmental revenues and salaries and related benefits.

NOTE 2 – TAXES

Operations of the Sheriff's Office are supported by both property and sales taxes. Details regarding both sources are presented as follows:

Property Taxes

Property taxes are assessed based on values determined by the Grant Parish Tax Assessor. These taxes are billed and collected by the Sheriff's civil office. For the year ended June 30, 2018, the Sheriff has levied property taxes as follows:

| | <u>Millage</u> | <u>Expiration</u> |
|---|----------------|-------------------|
| Millage for general operations authorized by Louisiana Revised Statutes. | 27.79 | N/A |
| Millage for the purpose of constructing, improving, maintaining and operating jail facilities | 19.02 | 2040 |

Ad valorem taxes are assessed on a calendar year basis and are due on or before December 31 in the year the tax is levied. Revenues from ad valorem taxes are recognized as revenue in the year billed.

Sales Taxes

The Sheriff's Office levies a 1% sales tax for general operations including the following matters:

- Paying salaries and related benefits.
- Acquiring, leasing, operating and maintaining vehicles, furniture, fixtures and equipment.

NOTE 3 - CASH AND CASH EQUIVALENTS

The Grant Parish Sheriff's cash balances at June 30, 2018 are summaries as follows:

Deposits in financial institutions totaled \$4,494,964 (collected book balance). These deposits are secured from risk by \$1,335,049 in Federal Deposit Insurance, pledged securities with a market value of \$1,083,504, and an irrevocable standby letter of credit from the Federal Home Loan Bank of Dallas in the amount of \$4,000,000. The pledged securities are held by a custodial bank in the name of the pledging institution (fiscal agent). However, State Law imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within ten (10) days of being notified that the fiscal agent has failed to pay deposited funds upon demand.

The Grant Parish Sheriff limits credit risk by requiring pledged securities in the manner described above. In addition, interest rate risk is minimized by acquiring only those certificates of deposit that have an original maturity of two years or less.

NOTE 8 - RISK MANAGEMENT

The Grant Parish Sheriff is exposed to various risks of loss related to torts; theft, damage or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Grant Parish Sheriff insures against these risks by participating in a public entity risk pool that operates as a common insurance program and by purchasing commercial insurance. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

NOTE 9 – RETIREMENT PLAN

Plan Description - Substantially all employees of the Grant Parish Sheriff's Office are members of the Louisiana Sheriffs Pension and Relief Fund (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

Eligible employees are entitled to benefits upon retirement amounting to 3½% of average final compensation for each year of creditable service. Eligibility is based on hire dates and lengths of service. Retirement benefit cannot exceed 100% of their final-average salary. The System also provides death and disability benefits. Benefits are established or amended by state statute.

Funding Policy - Plan members are required by state statute to contribute 10.25% of their annual covered salary and the Grant Parish Sheriff is required to contribute at an actuarially determined rate. The current rate is 12.75% of annual covered payroll. Contributions to the System also include one-half of one percent of the taxes shown to be collectible by the tax rolls of each parish and funds as required and available from insurance premium taxes. The contribution requirements of plan members and the Grant Parish Sheriff are established and may be amended by state statute. The Grant Parish Sheriff's contributions to the System for the previous three years were equal to the required contributions for each year.

Financial Summary – The plan description, funding policies and financial information provides a summary of the Plan provisions and finances. For additional details, the System issues an annual publicly available stand-alone financial report. The financial report includes information about the plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position. The report can be obtained on the internet at la.state.la.us. The plan's fiduciary net position and net pension liability was determined at June 30, 2017 (measurement date and actuarial valuation date) and details are provided as follows:

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

A summary of the actuarial methods and assumptions used in determining the total pension liability as of the measurement date are as follows:

| | |
|----------------------------------|--|
| Valuation Date | June 30, 2017 |
| Actuarial Cost Method | Entry Age Normal |
| Investment Rate of Return | 7.5% net of investment expense |
| Projected Salary Increases | 5.5% (2.775% Inflation, 2.725% Merit) |
| Expected Remaining Service Lives | 6-7 Years |
| Mortality Rates | RP-2000 Combined Healthy with Blue Collar Adjustment Sex Distinct Table for active members, healthy annuitants and beneficiaries. RP-2000 Disabled Lives Mortality Table for disabled annuitants. |
| Cost of Living Adjustments | The present value of future retirement benefits is based on benefits currently being paid by the fund and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic. |

Estimates of arithmetic real rates of return for each major asset class based on target asset allocation are presented as follows:

| <u>Asset Class</u> | <u>Target Allocation</u> | <u>Real Return Arithmetic Basis</u> | <u>Expected Real Rate of Return</u> |
|------------------------------------|--------------------------|-------------------------------------|-------------------------------------|
| Equity Securities | 60% | 7.4% | 4.4% |
| Bonds | 25% | 2.6% | 0.7% |
| Alternative Investments | 15% | 4.2% | 0.6% |
| Totals | 100% | | 5.7% |
| Inflation | | | 2.6% |
| Expected Arithmetic Nominal Return | | | 8.3% |

The mortality rate assumptions were set after reviewing an experience study performed over the period July 1, 2009 through June 30, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the Fund's liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables. The result of the procedure indicated that these tables would produce liability values approximating the appropriate generational mortality tables used.

GRANT PARISH SHERIFF

NOTES TO FINANCIAL STATEMENTS

June 30, 2018

The discount rate used to measure the total pension liability was 7.4%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Fund's actuary. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity to changes in the discount has been determined by measuring net pension liability at a discount rate that is one percentage point lower and one percentage point higher than the current rate. The results are presented as follows:

| | <u>1% Decrease 6.4%</u> <u>Discount Rate</u> | <u>Current Discount</u> <u>Rate 7.4%</u> | <u>1% Increase 8.4%</u> <u>Discount</u> |
|-----------------------|---|---|--|
| Net Pension Liability | \$ 3,310,530 | \$ 1,606,848 | \$ 173,431 |

NOTE 10 – OTHER POST-EMPLOYMENT BENEFITS

Details regarding other post-employment benefits (OPEB) that the Sheriff's Office provides for its workforce are provided as follows:

Plan Description

The Sheriff's Office's established policies and procedures include providing certain healthcare benefits for retirees. This policy amounts to a single-employer defined benefit healthcare plan (the Plan) administered by the Sheriff's Office. The Plan provides medical benefits through the Sheriff's group health insurance plan which covers both active and retired members. Benefits under the plan are made available to employees upon actual retirement. The Plan does not issue a publicly available financial report. Plan participants are typically eligible for healthcare benefits when they become eligible for benefits from the Louisiana Sheriffs Pension and Relief Fund.

Funding Policy

Employees do not contribute to their post-employment benefits costs until they become retirees and begin receiving those benefits. The Sheriff's Office has not established a trust fund to finance the cost of benefits and the Plan has no assets.

Net Other Post Employment Liability

The liability has been determined using the Alternative Measurement Method permitted by Generally Accepted Accounting Standards in place of an actuarial valuation. The measurement date for the alternative measurement method calculation is June 30, 2018. Changes in the liability are presented as follows:

NOTE 12 – CONTINGENCIES:

Existing conditions that may have financial consequences are referred to as contingencies. Contingencies existing at June 30, 2018 are described as follows:

Litigation:

Like most governmental units with extensive and diverse operations, the Sheriff's Office is occasionally named as a defendant in litigation. The Sheriff's Office has insurance to protect against the possibility of unfavorable judgments and at year end management does not expect any financial exposure related to litigation.

Grant Compliance:

The Sheriff's Office receives state and federal assistance through various grant programs. Management is confident that all significant grant conditions have been met; however, grantor agencies routinely review grant activity and could request reimbursement if a dispute occurs regarding compliance with grant conditions.

NOTE 13 – EX-OFFICIO TAX COLLECTOR (AD VALOREM TAX COLLECTIONS AND DISTRIBUTIONS)

Disclosures related to the Sheriff's function as ex officio tax collector required by Louisiana Law are presented as follows:

- The amount of cash on hand in the tax collector account at June 30, 2018 was \$51,322.
- Taxes collected and taxes assessed that remain uncollected are provided below:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Honorable Steven McCain
Grant Parish Sheriff

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Grant Parish Sheriff's Office, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Grant Parish Sheriff's basic financial statements, and have issued our report thereon dated November 30, 2018.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Grant Parish Sheriff Office's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Grant Parish Sheriff Office's internal control. Accordingly, we do not express an opinion on the effectiveness of The Grant Parish Sheriff Office's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether The Grant Parish Sheriff Office's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

To the Grant Parish Sheriff's Office and
the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Grant Parish Sheriff's Office (Entity) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2018 through June 30, 2018. The Entity's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated results are presented in the accompanying Schedule of Procedures, Results and Managements' Response.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
