ACCOUNTANT'S COMPILATION REPORT

To the Board Members
 St. Landry Parish Sewer District No. 1
 Opelousas, Louisiana

Management is responsible for the accompanying financial statements of the business-type activities of the St. Landry Parish Sewer District No. 1, a component unit of the St. Landry Parish Government, as of and for the year ended December 31, 2019, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures and the statement of cash flows required by accounting principles generally accepted in the United States of America. If the omitted disclosures and the statement of cash flows were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Management has omitted management's discussion and analysis that is required to be presented. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

The supplementary information on pages 4 and 5 is presented for purposes of additional analysis and is not a required part of the basic financial statements. This information is the representation of management. The supplementary information was subject to our compilation engagement; however, we have not audited or reviewed the supplementary information, and, accordingly, do not express an opinion, conclusion, nor provide any form of assurance on such supplementary information.

We are not independent with respect to the St. Landry Parish Sewer District No. 1.
