RE: Lafourche Parish Charter School – Bayou Community Academy Charter School (10534)

Dear Ms. Guzzardo:

For the year ended June 30, 2022, Bayou Community Academy was required to have two sets of Agreed-Upon Procedures performed. It was discovered that page 24, the Independent Accountant's Report on Applying Agreed-Upon Procedures (for Charter Schools), was included in the Audit Report twice. Page 29, which has the same title but is for Statewide procedures, erroneously had page 24 in its place.

As requested, a revised copy of the 06/30/22 Audit Report is included with this letter. Thank you in advance for replacing the current copy of the report with this corrected copy.

Sincerely,

Pernell J. Pellegrin, CPA

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Bayou Community Academy, Inc. Charter School
Thibodaux, Louisiana

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Bayou Community Academy, Inc. Charter School (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Bayou Community Academy, Inc. Charter School as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bayou Community Academy and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bayou Community Academy's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bayou Community Academy's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bayou Community Academy's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

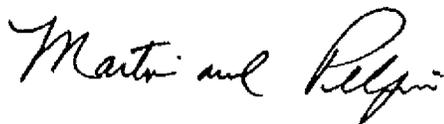

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Board of Trustees and the Schedule of Compensation, Benefits, and

Other Payments to the Director on pages 17 and 18 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 28, 2022 on our consideration of Bayou Community Academy, Inc. Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

Charter School

Notes to Financial Statements
Year Ended June 30, 2022

Note 1 – Organization and Operations

Bayou Community Academy, Inc. (the School) was created as a non-profit corporation under the laws of the State of Louisiana on January 29, 2009. The School operates as a Type I charter school under a charter granted by the Lafourche Parish School Board which expires on June 30, 2026. The School serves eligible students in pre-kindergarten through eighth grade.

The School paid Lafourche Parish School Board an administrative fee representing 2% of the total revenue received under the State Public School – MFP Funding amounting to \$98,231.

Note 2 – Summary of Significant Accounting Policies

A summary of the School's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

A. Financial Statement Presentation – The School follows the guidance of the *Not-for-Profit Entities* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). The School is required to report information regarding its financial position and activities according to two classes of net assets: without donor restrictions and with donor restrictions. In addition, the School is required to present statements of functional expenses and cash flows.

Contributions received are recorded as net assets with donor restrictions or net assets without donor restrictions depending on the existence and/or nature of any donor restrictions. Net assets with donor restrictions are reclassified to net assets without donor restrictions upon satisfaction of the donor-imposed time or purpose restrictions. Contributions with donor restrictions, for which the restriction is met in the same year, are classified as net assets without donor restrictions.

B. Basis of Accounting – The financial statements have been prepared on the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred, in accordance with accounting principles generally accepted in the United States of America.

C. Cash and Cash Equivalents – For the purpose of the statement of cash flows, the School considers all investments purchased with an original maturity of three months or less to be cash equivalents. Cash includes amounts in demand deposits, interest-bearing demand deposits, and a certificate of deposit.

D. Revenues – The School's primary source of funding is through the State Public School – MFP Funding.

E. Property and Equipment – Property and equipment of the School are recorded at historical cost or estimated historical cost if historical cost is not available. Betterments that naturally

add to the value of related assets or materially extend the useful lives of assets are capitalized. Depreciation of all exhaustible property and equipment is charged as an expense against operations. Property and equipment reported on the statement of financial position are net of accumulated depreciation. Normal building maintenance and minor equipment purchases are included as expenses of the School. Property and equipment acquisitions are capitalized if the purchase price exceeds \$1,000 and the asset has a useful life greater than one year. Depreciation expense for the year ended June 30, 2022 was \$19,781. Depreciation is calculated using the straight-line method over useful lives of three to fifteen years.

- F. Income Taxes – The School is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the School's tax-exempt purpose is subject to taxation as unrelated business income. No provision for income taxes has been made as the School had no taxable activities.
- G. Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
- H. Recent Pronouncement – In January 2016, the FASB issued ASU 2016-02, Leases (Topic 842). ASU 2016-02 requires that a lessee recognize the assets and liabilities that arise from leases classified as finance or operating. A lessee should recognize in the balance sheet a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying asset for the lease term. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election by class of underlying asset not to recognize lease assets and lease liabilities. In transition, lessees and lessors are required to recognize and measure leases at the beginning of the earliest period presented using a modified retrospective approach. ASU 2016-02 is effective for financial statements issued for annual periods beginning after December 15, 2021. The School has not determined the impact ASU 2016-02 will have on its financial statements.
- I. Functional Expenses – The costs of providing the program services and other activities have been summarized on a functional basis in the statement of activities. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses are allocated on a reasonable basis that is consistently applied.

When possible, expenses are first allocated by direct identification and then by allocation if an expenditure benefits more than one program or function. The expenses that are allocated are allocated on the basis of estimates of time and effort. There were no such allocated expenses during the year ended June 30, 2022.

Charter School

Notes to Financial Statements
Year Ended June 30, 2022

Note 3 – Concentrations of Credit Risk

The School maintains its cash in two financial institutions located in Louisiana. The Federal Deposit Insurance Corporation (FDIC) insures the balances up to \$250,000 at each institution. The School's deposits exceeded federally insured limits during the year; however, such excess deposits were adequately collateralized by securities pledged by the bank at all times during the year.

The School received 85% of its revenues in the year ended June 30, 2022 from the State Public School – MFP Funding, subject to its charter school contract.

Note 4 – Promise to Give

As of June 30, 2022, promise to give consists of funding from the Lafourche Parish School District related to the COVID-related Elementary and Secondary School Emergency Relief (ESSER) Fund.

Note 5 – Deposits and Investments

The School's investments are limited to funds deposited with Louisiana Asset Management Pool (LAMP). LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government and approved quasi-public entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high-quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA – R.S. 33:2955.

GASB Statement No. 40, Deposit and Investment Risk Disclosure, requires disclosure of credit risk, custodial credit risk, concentration of credit risk interest rate risk, and foreign currency risk for all public entity investments.

LAMP is an investment pool that, to the extent practical, invests in a manner consistent with GASB Statement No. 79. The following facts are relevant for investment pools:

- Credit risk: LAMP is rated AAAM by Standard & Poor's.
- Custodial credit risk: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- Concentration of credit risk: Pooled investments are excluded from the 5 percent disclosure requirement.

Charter School**

Notes to Financial Statements
Year Ended June 30, 2022

Note 5 – Investments (Cont.)

- Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. The WAM for LAMP's total investments is 56 days as of June 30, 2022.
- Foreign currency risk: Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP, and the value of the position in the external investment pool is the same as the net asset value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

Investments in LAMP as of June 30, 2022 amounted to \$11,050,904 and are classified on the Statement of Financial Position as "Investments".

Note 6 – Fair Values of Financial Instruments

The School's financial instruments, none of which are held for trading purposes, include cash and cash equivalents, investments, promise to give, receivable, and accounts payable. Management estimates that the fair value of all financial instruments as of June 30, 2022, does not differ materially from the aggregate carrying values of its financial instruments recorded in the accompanying statement of financial position.

Note 7 – Property and Equipment

A summary of changes in property and equipment follows:

Note 7 – Property and Equipment (Cont.)

All assets acquired with Louisiana Department of Education funds are owned by the School while used for the purpose in which they were purchased. The Louisiana Department of Education, however, has a reversionary interest in these assets. Should the charter not be renewed, title in any assets purchased with those funds will transfer to the appropriate agency.

Construction in progress totaling \$737,837 is for the planning and design of the new school campus discussed in Note 16.

Note 8 – Deferred Compensation

For ten-month employees, such as teachers, July 2022 payroll costs are recorded as deferred compensation. These employees earned such compensation by completing their contracts with the School in May or June 2022. While they work for a ten-month period, they get paid over a twelve-month period. The contract period for these employees was August 2, 2021 to May 23, 2022, and the amount of deferred compensation that was recorded is \$127,749.

Note 9 – Compensated Absences

Annual leave is to be granted to all 230-240 day employees for the purpose of rehabilitation and restoration of work efficiency. The School has five employees in this category. All 230-240 day employees shall earn such leave based on years of experience. Any unused annual leave at the time of separation (termination of employment or death) shall be paid to the employee or his/her heirs. As of June 30, 2022, compensated absences payable equaled \$30,778.

Note 10 – Governmental Grants

During the year ended June 30, 2022, the School recognized grant revenue totaling \$235,229 in the form of reimbursements for actual expenses from Lafourche Parish School District through the COVID-related Elementary and Secondary School Emergency Relief (ESSER) Fund.

Note 11 – Other Funding

During the year ended June 30, 2022, the School received funding of \$12,455 from the Lorio Foundation.

Note 12 – In-Kind Contributions

In-kind contributions represent the estimated fair value of general corporate goods and services provided. Contributed goods are valued at fair market value on the date of the donation. Contributed services are reflected in the financial statements at the fair value of the services received. The contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills that are provided by individuals possessing those skills that would typically need to be purchased if not provided by donation.

Notes to Financial Statements
Year Ended June 30, 2022

Note 12 – In-Kind Contributions (Cont.)

In-kind contributions for the year ended June 30, 2022 included silent auction and raffle donations totaling \$13,684.

The value of donated volunteer services is not reflected in the accompanying financial statements since they do not meet the recording criteria as per FASB 116. However, a substantial number of volunteers have donated significant amounts of their time in the School's program, administrative, and fundraising activities.

Note 13 – Retirement Plans

Certain employees of the School participate in the Teachers' Retirement System of Louisiana (TRSL). The TRSL is a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. Pertinent information relative to the plan follows:

The TRSL provides retirement benefits, as well as, disability and survivor benefits. Twenty years of service credit are required to become vested for retirement benefits, five years of service credit if the employee reaches age sixty, and five years to become vested for disability and survivor benefits. Benefits are established and amended by state statute. The TRSL issues a publicly available financial report for the TRSL. That report may be obtained by writing to the Teachers' Retirement System of Louisiana, P.O. Box 94123, Baton Rouge, LA 70804-9123.

Funding Policy

Plan members are required to contribute 8% of their annual covered salary. The School is required to contribute at an actuarially determined rate. During the year ended June 30, 2022, the employer contribution rate was 25.2%. Member contributions and employer contributions for the TRSL are established by state law, and rates are established by the Public Retirement System's Actuarial Committee. The School's contribution to the plan for the year ended June 30, 2022 was \$535,520.

In addition to TRSL, certain employees of the School participate in the Louisiana School Employees' Retirement System (LSERS). The LSERS is a cost-sharing, multiple-employer defined benefit plan, which guarantees a benefit based on age, years of service, and final average compensation at retirement, not on the amount of contributions. LSERS members are non-instructional personnel of the Louisiana public school system. Employees must work more than 20 hours per week to become a member of this system. Twenty years of service or five years of service (if the member is at least age 62) are required to become vested in the system.

Funding Policy

Plan members are required to contribute 8% of their annual covered salary. The School is required to contribute at an actuarially determined rate, which was 28.7% for fiscal year 2021-2022. The School's contribution to the plan for the year ended June 30, 2022 was \$7,479.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Trustees
Bayou Community Academy, Inc.
Thibodaux, Louisiana

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Bayou Community Academy, Inc. Charter School (a nonprofit organization), which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated October 28, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

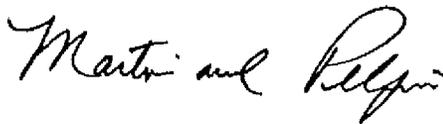

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bayou Community Academy, Inc. Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
