Accountant's Compilation Report

BOARD OF COMMISSIONERS
TREMONT WATER DISTRICT
Choudrant, Louisiana

Management is responsible for the accompanying financial statements of Tremont Water District (the "District"), a component unit of Lincoln Parish Policy Jury, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. I have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. I did not audit or review the financial statements nor was I required to perform any procedures to verify the accuracy or completeness of the information provided by management. I do not express an opinion, a conclusion, nor provide any assurance on these financial statements.

Supplementary Information

The accompanying schedule of compensation, benefits, and other payments to agency head and board of commissioners is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the representation of management. The information was subject to my compilation engagement, but I have not audited or reviewed the supplementary information, and, accordingly, do not express an opinion, a conclusion, nor provide any assurance on such information.

Management has omitted Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

I am not independent with respect to Tremont Water District for the year ended June 30, 2023.

TREMONT WATER DISTRICT
Choudrant, Louisiana

Notes to the Financial Statements
As of and for the Year Ended June 30, 2023

INTRODUCTION

Tremont Water District (the "District") was created by the Lincoln Parish Police Jury on October 8, 1991, as authorized by Louisiana Revised Statute 33:3811 for the purpose of supplying safe drinking water to the population of the District. The District was altered and enlarged by the Lincoln Parish Police Jury on August 22, 1995. All existing water distribution lines in the service area were abandoned and efforts to officially organize the Tremont Waterworks District were begun in April 1996. On August 5, 1997 the construction of the water system was substantially completed and the water system began providing water service to residents in the District. The District is governed by a five member board appointed by the police jury to serve indefinite terms of office. The District has no employees and serves approximately 183 customers.

GASB Statement No. 14, *The Financial Reporting Entity* and No. 39, *Determining Whether Certain Organizations Are Component Units - an amendment of GASB Statement No. 14*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of these Statements, the District is considered a component unit of the Lincoln Parish Police Jury. As a component unit, the accompanying financial statements maybe included within the reporting of the primary government, either blended into those financial statements or separately reported as a discrete component unit.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Statements

Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, provides that special-purpose governments engaged only in business-type activities should present only the financial statements required for enterprise funds. For these governments, basic financial statements and required supplemental information (RSI) consist of :

- (1) Management's discussion and analysis (MD&A)
- (2) Statement of net position
- (3) Statement of revenue, expenses, and changes in net position
- (4) Statement of cash flows
- (5) Notes to the financial statements
- (6) RSI other than MD&A, if applicable

See accountant's compilation report.

TREMONT WATER DISTRICT
Notes to the Financial Statements

The District is a special-purpose government engaged only in business-type activities.

**B. Measurement Focus, Basis of Accounting, and
Financial Statement Presentation**

Enterprise fund financial statements are reported using the economic resources measurement and the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when a liability is incurred, regardless of the timing of the related cash flows.

Enterprise funds distinguish operating revenue and expenses from nonoperating items. Operating revenue and expenses generally result from providing services in connection with the fund's principal ongoing operation. The operating revenue of the District is water sales, membership fees, reconnect fees, and meter installations. Operating expenses include the costs of the services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

C. Deposits and Investments

Cash includes amounts in interest-bearing demand deposits. State law limits the District's credit risk by restricting the District's investments to collateralized certificates of deposits, government-backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government-backed securities. If the original maturities of investments exceed 90 days, they are classified as investments; however, if the original maturities are 90 days or less, they are classified as cash equivalents. At June 30, 2023, the District's investments consist of a nonnegotiable certificate of deposit with an original maturity that exceeds 90 days that is reported in the accompanying financial statements at cost.

D. Accounts Receivable

Amounts due from private individuals, organizations, or other governments for water sales are reported as accounts receivable. Receivables are generally shown net of an allowance for uncollectible accounts. These financial statements contain no provision for uncollectible accounts. The District is of the opinion that such allowance would be immaterial in relation to the financial statements taken as a whole. Past due accounts are written off when they are considered uncollectible by management.

TREMONT WATER DISTRICT
Notes to the Financial Statements

E. Property, Plant, and Equipment

Property, plant, and equipment, which includes the original water system and improvements is reported in the financial statements at historical cost. Donated assets are recorded at the estimated fair market value on the date of donation. The District maintains a threshold level of \$500 or more for capitalizing property, plant, and equipment. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Property, plant, and equipment is depreciated using the straight-line method over the following useful lives:

	<u>Estimated Lives</u>
Infrastructure - water system	25 years

F. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosures, and revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. DEPOSITS IN FINANCIAL INSTITUTIONS

At June 30, 2023, the District has cash and investment - certificate of deposit (book balances) as follows. The deposits are stated at cost, which approximates fair market value:

Interest bearing checking accounts	\$201,764
Interest bearing savings account	9,592
Investment - certificates of deposit	<u>8,000</u>
Total	<u><u>\$219,356</u></u>

Custodial credit risk is limited by the requirement under state law that the District's deposits be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. At June 30, 2023, the District has \$219,356 in deposits (collected bank balances) that are fully secured from risk by federal deposit insurance.

See accountant's compilation report.

TREMONT WATER DISTRICT
Notes to the Financial Statements

3. ACCOUNTS RECEIVABLE

At June 30, 2023, the District has net receivables of \$14,726 as follows:

Water sales	\$14,726
Allowance for uncollectible accounts	<u>NONE</u>
Net receivables	<u>\$14,726</u>

4. CAPITAL ASSETS

Capital assets and depreciation activity as of and for the year ended June 30, 2023, is as follows:

	Balance at July 1, 2022	Increases	Decreases	Balance at June 30, 2023
Capital assets being depreciated:				
Water system	\$364,239			\$364,239
Less accumulated depreciation for:				
Water system	<u>356,449</u>	<u>\$2,841</u>		<u>359,290</u>
Total assets being depreciated, net	<u>\$7,790</u>	<u>(\$2,841)</u>	<u>NONE</u>	<u>\$4,949</u>

Depreciation expense of \$2,841 for the year ended June 30, 2023, is reported in the statement of revenue, expenses, and changes in net position.

5. LONG-TERM DEBT

The following is a summary of long-term debt transactions for the year ended June 30, 2023:

	Direct Borrowing - Revenue Bonds Payable
Long-term debt payable at July 1, 2022	\$79,111
Additions	NONE
Reductions	<u>(79,111)</u>

See accountant's compilation report.

TREMONT WATER DISTRICT
Notes to the Financial Statements

Long-term debt payable at June 30, 2023

NONE

6. RISK MANAGEMENT

The District purchased a surety bond to reduce the risk of loss resulting from loss of public funds. There have been no significant reductions in insurance coverage from coverage in the prior year. Settlements have not exceeded insurance coverage in any of the past three fiscal years.

7. AGREEMENT WITH THE VILLAGE OF CHOUDRANT

On September 17, 1996, the District entered into a water purchase contract with the Village of Choudrant. The contract provides that the District will purchase treated water from the Village of Choudrant at a cost of \$1 per 1000 gallons of water. The contract is for a period of forty years. The water rate to be paid by the District is subject to modification at the end of each year. During the year ended June 30, 2008, the Village of Choudrant imposed a \$10 per meter fee plus an increase to \$3 per 1000 gallons of water after the first 2000 gallons used. During the year ended June 30, 2023, the District paid the Village of Choudrant \$65,158 for water purchases.

See accountant's compilation report.
