Under the provisions of state law, this report is a public document. A copy of this report has been submitted to the Governor, to the Attorney General, and to other public officials as required by state law. A copy of this report is available for public inspection at the Baton Rouge office of the Louisiana Legislative Auditor and online at www.la.la.gov. When contacting the office, you may refer to Agency ID No. 9726 or Report ID No. 40250012 for additional information.

This document is produced by the Louisiana Legislative Auditor, State of Louisiana, Post Office Box 94397, Baton Rouge, Louisiana 70804-9397 in accordance with Louisiana Revised Statute 24:513. Four copies of this public document were produced at an approximate cost of \$41.80. This material was produced in accordance with the standards for state agencies established pursuant to R.S. 43:31.

In compliance with the Americans With Disabilities Act, if you need special assistance relative to this document, or any documents of the Legislative Auditor, please contact Jenifer Schaye, General Counsel, at 225-339-3800.

October 7, 2026

The Honorable J. Cameron Henry, Jr.,
President of the Senate
The Honorable Phillip R. Devillier,
Speaker of the House of Representatives

Dear Senator Henry and Representative Devillier:

This report provides information on payments of state funds to nongovernmental entities (NGEs) during fiscal years 2022 through 2025. This report is intended to provide timely information related to an area of interest to the legislature or based on a legislative request. I hope this report will benefit you in your legislative decision-making process.

We would like to express our appreciation to the Office of Statewide Reporting and Accounting Policy and the entities included in this report for their assistance during this review.

Respectfully submitted,

Michael J. "Mike" Waguespack, CPA
Legislative Auditor

Payments of State Funds to Nongovernmental Entities

Fiscal Years 2022 through 2025

October 2026

Audit Control # 40250012

Introduction

This report provides information on payments of state funds¹ to nongovernmental entities (NGEs) during fiscal years 2022 through 2025. We compiled this information in response to a legislative request. State law does not define which organizations are considered as NGEs. For the purposes of this report, we considered an NGE to be an entity that meets at least one of the following criteria:

- Registered as a nonprofit organization with the Louisiana Secretary of the State
- Registered as a 501(c) organization² with the Internal Revenue Service
- Requested and received legislative appropriations during fiscal years 2022 through 2025
- Presented as a nonprofit organization in its public-facing materials (e.g., website, brochures, bylaws, etc.)

For the purposes of this project, **state funds** include funds paid out of the State General Fund, statutory dedications, self-generated fees, and inter-agency transfers.

To complete this review, we met with the Office of Statewide Reporting and Accounting Policy (OSRAP) within the Division of Administration and requested a list of payments to NGEs from the 25 entities receiving appropriations in House Bill 1, or “departments,” during fiscal years 2022 through 2025, including the amount and description of services for each payment.³ We requested the same information from each of the 25 entities and used the *ZFI2386 General Ledger Detail Report* and the *Nonprofit Expenditures for Service Type Purchase Orders Report* from LaGov⁴ to identify additional NGEs that received state funds.

¹ Payments of federal funds to NGEs are excluded from this review.

² Organizations exempt from federal income tax under section 501(a) of the Internal Revenue Code, such as religious, educational, charitable, scientific, and other eligible organizations.

³ Entities included in this report were based on how appropriations are allocated in House Bill 1 for ordinary operating expenses of state government and Schedule 21 for the ancillary expenses of state government. See Appendix B for the list of state departments and their budget units included in this report.

⁴LaGov is the statewide Enterprise Resource Planning software system used by most Louisiana state agencies to manage financials, logistics, human resources/payroll and business intelligence.

The objective of this review was:

To provide information on payments of state funds to nongovernmental entities during fiscal years 2022 through 2025.

Our results are summarized on the next page and discussed in further detail throughout the remainder of the report. Appendix A contains the Department of Treasury's response, and Appendix B contains our scope and methodology.

Informational reports are intended to provide more timely information than standards-based performance audits. While these informational reports do not follow *Government Auditing Standards*, we conduct quality assurance activities to ensure the information presented is accurate. We provided a draft to OSRAP and incorporated its feedback throughout this informational report and verified NGE payments with each department.

Objective: To provide information on payments of state funds to nongovernmental entities during fiscal years 2022 through 2025.

We answered the following questions:

1. How much did state departments pay to NGEs in state funds during fiscal years 2022 through 2025?

During fiscal years 2022 through 2025, 25 departments paid a total of approximately \$3.2 billion in state funds⁵ to NGEs. This amount includes all payments made with state funds by departments to NGEs, including direct line-item legislative appropriations. During fiscal years 2022 through 2025, the top four departments with the highest payments of state funds to NGEs include:

- The Department of Education paid the most to NGEs, with a total of approximately \$1.9 billion.
- The Executive Department paid the second largest amount to NGEs, with a total of approximately \$370.7 million. This total includes payments made by 14 budget units within the Executive Department.
- The Department of Treasury had the third highest total payments to NGEs, with a total of approximately \$267.2 million.
- The Louisiana Department of Health (LDH) had the fourth largest amount paid to NGEs, with approximately \$266.3 million. This total includes payments made by 17 budget units within LDH.

2. Does state law require the reporting of payments to NGEs?

Yes, [Act 467 of the 2025 Regular Legislative Session](#), effective June 30, 2025, established reporting and compliance requirements related to payments to NGEs receiving a legislative appropriation or an appropriation as part of a departmental or agency budget. Specifically, Act 467 creates an electronically searchable NGE database maintained by the Division of Administration on its website and requires state agencies distributing or awarding appropriated funds to NGEs to provide information to be included in the NGE database. However, state law⁶ does not provide key definitions (such as NGE, appropriation, and state agency) which impact the information reported in the NGE database.

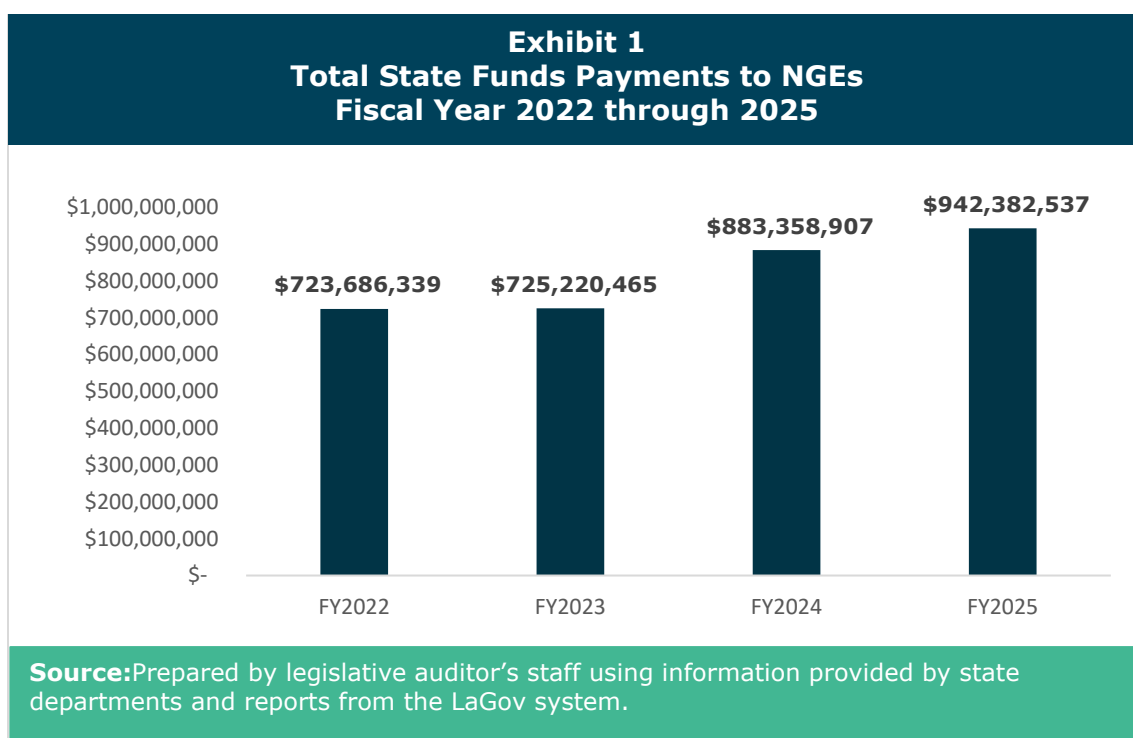

⁵ Some of Louisiana's statutory dedicated funds may include federal funds. However, for the purposes of this report, we consider all payments using statutory dedicated funds as state funds.

⁶ Revised Statutes (R.S.) 39:89.1, *et seq.*

These questions and our recommendations for improvement are discussed in more detail in the following sections.

Question 1: How much did state departments pay to NGEs in state funds during fiscal years 2022 through 2025?

During fiscal years 2022 through 2025, 25 departments paid a total of approximately \$3.2 billion in state funds⁷ to NGEs. This amount includes all payments made with state funds by departments to NGEs, including direct line-item legislative appropriations. Exhibit 1 shows total state funds payments to NGEs during fiscal years 2022 through 2025 by fiscal year.

State funds payments to NGEs include payments for contracts for services, grants, and legislative appropriations, such as:

- Therapy services provided to children and adolescent victims of crimes
- Janitorial services
- Sign language interpreting services
- Grants such as the Louisiana School and Nonprofit Security Grant, Louisiana Attractions Support Grant, training grants, etc.

⁷ Some of Louisiana's statutory dedicated funds may include federal funds. However, for the purposes of this report, we consider all payments using statutory dedicated funds as state funds.

- Criminal defense services on behalf of indigent individuals
- Operation of a parish Council on Aging
- Sponsorships (e.g., Small Business Day at the Capitol, Art is Medicine, seafood, etc.)
- Emergency and transitional housing to formerly incarcerated individuals
- Residential treatment services to the Office of Juvenile Justice custody youth
- Accreditation services
- Membership dues that are professionally related to the work state departments conduct
- Constitutionally mandated Minimum Foundation Program (MFP) allocation payments to charter schools
- Constitutionally mandated and other statutorily required program allocations to nonpublic schools
- Human trafficking consulting
- Services to victims of family violence and their children including crisis intervention, shelter, advocacy, legal advocacy, counseling and assistance for children, etc.

Exhibit 2 summarizes total payments of state funds to NGEs by department during fiscal years 2022 through 2025.

Exhibit 2 Total State Funds Payments to NGEs by Department Fiscal Years 2022 through 2025						
#	Department	FY2022	FY2023	FY2024	FY2025	Total

Source: Prepared by legislative auditor's staff using information provided by departments and their budget units as well as reports from the LaGov system.

During fiscal years 2022 through 2025, the Louisiana Department of Education (LDOE) paid the most to NGEs, with a total of approximately \$1.9 billion.

According to LDOE, the majority of these payments fall into two categories: 1) constitutionally required MFP payments to charter schools,⁸ and 2) payments for allocations to nonpublic schools from statutorily required programs such as the Nonpublic Required Services program, the Nonpublic School Lunch Salary Supplement Program, the Scholarship for Education Excellence Program (commonly referred to as the Louisiana Scholarship Program), and the Education Excellence Fund Program.

The Executive Department paid the second largest amount to NGEs during fiscal years 2022 through 2025, with a total of approximately \$370.7 million. This total includes payments made by 14 separate budget units within the Executive Department. Within the Executive Department, during fiscal years 2022 through 2025, the three budget units with the highest totals of NGE payments are the Governor's Office of Homeland Security and Emergency Preparedness (\$132.8 million), the Office of Elderly Affairs (\$106.8 million), and the Office of the State Public Defender (\$36.1 million). Exhibit 3 summarizes total payments of state funds to NGEs by the Executive Department by budget unit during fiscal years 2022 through 2025.

Exhibit 3 Executive Department's State Funds Payments to NGEs Fiscal Years 2022 through 2025					
Budget Unit	FY22	FY23	FY24	FY25	Total
111 - Governor's Office of Homeland Security and Emergency Preparedness	\$51,965,102	\$2,695,614	\$31,012,210	\$47,154,449	\$132,827,375
133 - Office of Elderly Affairs	23,574,667	27,405,223	27,122,013	28,706,020	106,807,923
116 - Office of the State Public Defender*	10,514,222	10,560,355	8,355,002	6,625,992	36,055,571
109 - Coastal Protection and Restoration Authority	7,240,741	6,382,022	5,108,739	6,166,251	24,897,753
107 - Division of Administration	2,077,145	3,677,247	5,793,280	4,647,404	16,195,076
112 - Department of Military Affairs	164,296	561,302	5,060,022	10,046,548	15,832,168
254 - Louisiana State Racing Commission	2,644,843	3,054,280	3,973,184	3,916,525	13,588,832
129 - Louisiana Commission on Law Enforcement and the Administration of Criminal Justice	3,249,987	3,215,435	3,262,025	3,175,192	12,902,639
100 - Executive Office	3,044,105	2,661,937	2,883,095	2,212,587	10,801,724
255 - Office of Financial Institutions	190,765	164,322	158,707	179,269	693,063

⁸ According to LDOE, Louisiana charter schools are public schools operated by non-profit boards.

Exhibit 3 Executive Department's State Funds Payments to NGEs Fiscal Years 2022 through 2025

* Act 22 of the 2024 Second Extraordinary Session transferred authority from the Louisiana Public Defender Board to the Office of the State Public Defender. Source: Prepared by legislative auditor's staff using information provided by departments and their budget units as well as reports from the LaGov system.					

The Department of Treasury had the third highest total payments to NGEs during fiscal years 2022 through 2025 in the amount of \$267.2 million. These payments include direct line-item legislative appropriations to NGEs over which the Department of Treasury has no discretionary authority as it relates to recipients, award levels, or purpose. Appendix A contains Treasury's response to this report.

The Louisiana Department of Health (LDH) had the fourth highest total payments during this time with \$266.3 million. This total includes payments made by 17 separate budget units within LDH. Within LDH, during fiscal years 2022 through 2025, the three budget units with the highest totals of NGE payments were the Office of Behavioral Health (\$95.4 million), the Office of Public Health (\$43.6 million), and the Medical Vendor Administration (\$23.3 million). Exhibit 4 summarizes total payments of state funds to NGEs by LDH by budget unit during fiscal years 2022 through 2025.

Exhibit 4 LDH's State Funds Payments to NGEs Fiscal Years 2022 through 2025

* Excludes \$660,121 in Optional State Supplemental payments, which are state-funded payments of up to \$15 per month to assist specific Supplemental Security Income recipients or long-term care beneficiaries with personal needs. These payments are designed for individuals in certain residential care facilities. Source: Prepared by legislative auditor's staff using information provided by departments and their budget units as well as reports from the LaGov system.					

This report includes all payments to NGEs made with state funds during fiscal years 2022 and 2025, as described in more detail in Appendix A. We identified these NGEs and payments to them independently from the requirements established by Act 467 of the 2025 Regular Legislative Session, since this project was initiated prior to the passage of the Act.

Question 2: Does state law require the reporting of payments to NGEs?

Yes, Act 467 of the 2025 Regular Legislative Session,⁹ effective June 30, 2025, established reporting and compliance requirements related to payments to NGEs receiving a legislative appropriation or an appropriation as part of a departmental or agency budget. However, state law does not provide key definitions which impacts the information reported in the NGE database. Specifically, Act 467 creates an electronically searchable NGE database maintained by the Division of Administration (DOA) on its website and requires state agencies distributing or awarding appropriated funds to NGEs to provide the following information to be included in the NGE database:

- The name and physical address of the NGE.¹⁰
- The amount of the contract or appropriation and total means of finance, including state and federal sources, if applicable.
- The contract effective date and the contract end date.
- The purpose of the contract or appropriation and an outcome assessment by the state agency administering the contract of whether the NGE has completed the purpose of the contract or appropriation or met performance goals as defined in a cooperative endeavor agreement.
- A keyword index for the category of service the nongovernmental entity is providing.
- The compliance status of all reports submitted pursuant to R.S. 39:89.3(A), such as an itemized report of the NGE's administrative expenses associated with the distribution and utilization of state-appropriated funds and the NGE's most recent financial report in accordance with R.S. 24:513.

NGEs are prohibited from using appropriated funds for the following purposes:

- Lobbying the legislature or a state or local government agency, including funding for employee hours spent lobbying
- Making contributions, directly or indirectly, to political action committees, political parties, or candidates running for public office

Source: R.S. 39:89.3(D)

The following entities are excluded from reporting requirements:

- If the NGE is contracted with the Department of Education or with a city, parish, or other local public school system to provide standards-based educational services;
- Any school governing authority required to post fiscal information through the School Transparency Project Portal pursuant to R.S. 17:88.

Source: R.S. 39:89.3(B) and (E)

⁹ Also known as the Transparent Responsible Use of State Tax-dollars (TRUST) Act

¹⁰ Excluding the physical address of an entity that is confidential under state or federal law, rule, or regulation.

State law¹¹ does not provide a definition of an NGE. Some agencies consider all entities other than state agencies as NGEs, while others follow the definition provided by DOA in promulgated rules¹² regarding reporting for the NGE database. The rules define NGE as “any not-for-profit organization, except school governing authorities required to post fiscal information through the School Transparency Project Portal pursuant to R.S. 17:88.1.” However, some agencies may exclude not-for-profit organizations that are also defined as political subdivisions of the state in state law (such as the Acadiana Planning Commission,¹³ Iberia Tourist Commission,¹⁴ etc.). Therefore, a particular NGE may be reported in the NGE database by one agency but excluded by another, depending on each agency’s interpretation. See page 1 of this report for the criteria we used for NGEs for this report.

State law does not provide a definition for an appropriation. According to state law,¹⁵ NGE reporting requirements apply to each NGE that receives an appropriation directly from the legislature (direct-line appropriation) or from the legislature to an NGE through a department or agency’s budget (pass-through funding). However, it is not clear whether payments to an NGE from an agency’s operational budget should be included. For the purposes of this report, we included payments of state funds to NGEs out of each agency’s operational budget. Examples of operational budget items include the procurement of goods and services from an NGE that are necessary for an agency’s operations (such as rent, janitorial services, or software subscriptions), programs an agency administers (such as emergency and transitional housing, derelict crab trap cleanup, grants), and payments to NGEs for membership dues, accreditations, sponsorships, etc.

State law does not specify which state agencies are required to report NGE payments. In its promulgated rules for NGE reporting, DOA requires entities that do not use the LaGov accounting system for the procurement of goods and services (e.g., universities, boards, and commissions) to provide NGE information to the Office of Technology Services for inclusion in the NGE database. DOA first published the *NGE Reporting Database Rules Notice of Intent* in February 2026 and promulgated the rules in July 2026 but no applicable agencies have begun reporting their NGE payments as of August 2026. However, it still may not be clear which entities are required to report NGE payments based only on the DOA rules. For example, Human Services Authorities are budget units under LDH and receive State General Fund

A **state agency** means any state office, department, board, commission, institution, division, officer or other person, or functional group, heretofore existing or hereafter created, that is authorized to exercise, or that does exercise, any functions of the government of the state in the executive branch, including higher education agencies and state retirement systems.

appropriations. However, according to Attorney General *Opinion #17-0164*, Human Services Authorities are special districts and political subdivisions.

Matter for Legislative Consideration 1: The legislature may wish to consider defining nongovernmental entities for reporting purposes under Act 467 of the 2025 Regular Legislative Session.

Matter for Legislative Consideration 2: The legislature may wish to consider stating whether any other payments to NGEs, other than direct-line appropriations and pass-through funding, should be reported under Act 467 of the 2025 Regular Legislative Session.

Matter for Legislative Consideration 3: The legislature may wish to consider specifying which state agencies are subject to NGE payment reporting under Act 467 of the 2025 Regular Legislative Session.

100	Unstuck Ministries (formerly The Life of a Single Mom)	Baton Rouge, LA	Single moms across Louisiana exists to reduce barriers in single mother led homes by creating single mom support groups in communities throughout Louisiana that provide the following education in core life skills to create long-term impact.	25,000	-	-	-	25,000
100	Volunteers for Youth Justice	Shreveport, LA	To provide families and children with support and services designed to improve family dynamics, individual success and safe/secure environments for children.	-	-	-	10,000	10,000
100	Volunteers of America Southeast Louisiana, Inc.	New Orleans, LA	To operate Mentoring Children of Promise to support children who have a currently or formerly incarcerated parent using mentoring to assist children in building self-esteem, setting goals, developing positive relationships with adults and avoiding risky behaviors while also assisting the remaining parent/care-giver by providing additional adult support to the family	20,000	13,500	-	10,000	43,500
100	Westcoast Children's Clinic	Oakland, CA	Commercial sexual exploitation is a major child protection issue for communities across the country. Hidden from view and often unnoticed, vulnerable young girls and boys are recruited, groomed and then abused, leaving them traumatized and without support. Issues specific to sexual exploitation of youth, including the difficulty of identifying youth at risk of trafficking, makes	-	10,000	-	-	10,000

Budget Unit	Registered Current Name	Location (City, State)	Purpose	Fiscal Year 2022	Fiscal Year 2023	Fiscal Year 2024	Fiscal Year 2025	Total
			the provision of appropriate treatment and services a challenge for systems that serve youth. The contractor will provide training that addresses the importance of early identification and will present the Commercial Sexual Exploitation Identification Tool (CSE-IT) as a method of screening and identifying commercially sexually exploited youth. The training will describe the structure and philosophy of the CSE-IT and provide a framework for engaging with sexually exploited youth along with suggestions for talking with youth.					
100	Youth Oasis	Baton Rouge, LA	The Family Support and Stabilization Program (FSSP) will provide support services to pregnant and parenting youth and families of youth experiencing out of home placement or are at high risk of out of home placement. The goal of the FSSP is to provide support services to families that will assist them in creating healthy and safe environments where their children can thrive. Services will include supportive case management, parenting education using best fit curricula such as Triple P and Parenting Wisely, life skills training using Arise Life Skills Curriculum, and other supportive services.	-	8,236	-	-	8,236

310	4 The Girls	Bastrop, LA	Supports Northeast Delta Human Services Authority's (NEDHSA) mission to improve the behavioral health and	-	\$2,500	-	-	\$2,500

Budget Unit	Registered Current Name	Location (City, State)	Purpose	Fiscal Year 2022	Fiscal Year 2023	Fiscal Year 2024	Fiscal Year 2025	Total
			well-being of individuals and communities through prevention, early intervention, and access to care. This partnership provides a strategic opportunity to expand prevention services and behavioral health outreach to youth and families in Bastrop and other rural areas within Region 8. As a youth mentoring organization serving adolescent girls, 4 the Girls provides an established community platform through which NEDHSA can implement evidence-informed prevention activities aligned with the Center for Substance Abuse Prevention (CSAP) strategies of Information Dissemination, Education, Community-Based Process, and Alternative Activities. These activities support the development of protective factors, promote healthy lifestyle choices, reduce risk factors associated with underage alcohol and substance use, and encourage positive youth development.					
310	Black Creatives Circle of North Louisiana	Monroe, LA	Supported the design and installation of three permanent public murals at NEDHSA facilities by a local award-winning artist. The murals were developed to create welcoming, recovery-oriented environments that promote hope, resilience, inclusion, and mental wellness while reinforcing NEDHSA's commitment to behavioral health services. The installations serve as long-term visual assets that increase public awareness of the agency, reduce stigma surrounding mental health and substance use disorders, and encourage community engagement with NEDHSA services. The FY2024 sponsorship supported an arts-based community wellness activity as part of NEDHSA's Art is Medicine	\$9,999	-	\$5,000	-	14,999

Budget Unit	Registered Current Name	Location (City, State)	Purpose	Fiscal Year 2022	Fiscal Year 2023	Fiscal Year 2024	Fiscal Year 2025	Total
			initiative. Funding provided art instruction and supplies for participants to engage in structured creative activities that promoted healthy coping skills, stress reduction, social connectedness, and overall mental wellness. The event served as a positive alternative activity that engaged community members while providing opportunities to distribute prevention information, increase awareness of NEDHSA behavioral health services, and connect participants with prevention, treatment, recovery, and wellness resources. This initiative aligns with the CSAP strategies of Alternative Activities, Education, Information Dissemination, and Community-Based Process.					
310	Clare Matrix	Santa Monica, CA	To implement a cooperative effort between NEDHSA and CLARE MATRIX, to provide training on The Matrix Model Intensive Outpatient Alcohol and Drug Treatment Program and Core Supervisor training to be held on June 26th, 27th and 28th of FY23. The training aims to help enhance treatment services for those with opioid, stimulant, and other substance use disorders. This is also a strategic effort to use The Matrix Model as an evidence-based treatment strategy to help serve persons with addictive disorders and/or co-occurring disorders.	-	-	12,335	-	12,335

310	JRF Outreach	Monroe, LA	To engage youth and caregivers through established community events that encourage healthy development, strengthen protective factors, and increase awareness of available behavioral health resources. Through this collaboration, NEDHSA delivered evidence-informed prevention programming by providing life skills education to youth, parent education sessions for caregivers, and behavioral health resource outreach during community events. NEDHSA also maintained an informational booth to disseminate prevention materials, educate families about agency services, and facilitate access to prevention, treatment, recovery, and wellness resources. This partnership increased NEDHSA's visibility within rural and underserved communities, strengthened relationships with community stakeholders and families, and expanded opportunities to identify individuals who may benefit from behavioral health services and appropriate referrals.	-	-	-	3,000	3,000
310	Little Theatre of Monroe, Inc.	Monroe, LA	To improve behavioral health outcomes through prevention, education, community engagement, and increased awareness of mental health and substance use services throughout Region 8. This partnership supported multiple public performances of the award-winning musical Next to Normal, a production that explores the impact of mental illness, grief, family	-	-	-	10,000	10,000

Budget Unit	Registered Current Name	Location (City, State)	Purpose	Fiscal Year 2022	Fiscal Year 2023	Fiscal Year 2024	Fiscal Year 2025	Total
			dynamics, treatment, resilience, and recovery. By presenting these topics through the performing arts, the partnership provided an innovative platform to educate the public, reduce stigma surrounding behavioral health conditions, and encourage conversations about seeking help for mental health and substance use disorders. This initiative aligns with CSAP strategies of Information Dissemination, Education, Community-Based Process, and Environmental Strategies by using a community-based arts venue to increase behavioral health literacy, foster positive community dialogue, reduce stigma associated with mental illness and substance use disorders, and promote early intervention and help-seeking behaviors.					
310	Louisiana United Methodist Children and Family Services, Inc.	Ruston, LA	To support NEDHSA's Prevention and Wellness Student Ambassador Program by providing an end-of-year leadership retreat focused on substance use prevention, positive youth development, leadership skills, and community engagement. The retreat served as an evidence-informed Alternative Activity and Community-Based Process strategy CSAP framework and SAPT Block Grant requirements, providing youth with structured, supervised activities that reinforce healthy decision-making and reduce risk factors associated with ATOD use. The Student Ambassador Program extends beyond the retreat and engages youth throughout the year in prevention campaigns, Red Ribbon Week, National Prevention Week, Alcohol Awareness activities, Read-A-Thons, volunteer service projects, Youth Summit participation,	-	3,340	-	-	3,340

			elementary school mentoring, and other community service initiatives. The retreat functioned as a leadership development component that prepared and recognized students for continued prevention leadership within their schools and communities.					
310	Lyfe Skills Collaboration, Inc.	Winnsboro, LA	To provide primary prevention services that are EBP for children in 3rd - 10th grade schools in NEDHSA zone within Franklin Parish. Activities shall include prevention strategies including Information dissemination, Education, Alternatives, Problem Identification and Referral, and Community-based process.	105,216	99,884	99,995	115,950	421,045
310	Mind Motivation Inc.	Tempe, AZ	To improve behavioral health outcomes through youth substance use prevention, community engagement, and the promotion of protective factors among children and families in Region 8. Through this collaboration, Mind Motivation implemented community activities designed to encourage academic achievement, healthy decision-making, financial literacy, and substance-free lifestyles while engaging students from multiple elementary schools. The initiative incorporated mentoring, prevention messaging focused on underage alcohol and drug use, and recognition of positive youth behaviors through structured community activities. The organization also participated as a coalition partner in support of NEDHSA's Opportunity Zone prevention initiatives, strengthening collaborative efforts to address youth substance misuse through community-based prevention strategies. The sponsorship increased NEDHSA's visibility within schools and underserved communities, expanded awareness of available	350	500	-	-	850

			behavioral health and prevention services, and created opportunities to connect youth and families with prevention resources and appropriate referrals when needed.					
310	Monroe Chamber of Commerce, Inc.	Monroe, LA	Membership dues	-	5,035	-	-	5,035
310	NELA Music Association	Monroe, LA	To engage diverse audiences with evidence-informed behavioral health messaging while expanding awareness of NEDHSA prevention, treatment, recovery, and wellness services. NEDHSA collaborated with the NELA Music Awards to implement the "My Music, My Mental Health" initiative, using music as a platform to promote emotional wellness, resilience, and healthy coping strategies. The organization incorporated behavioral health messaging throughout its promotional campaign and event activities, encouraged musicians and community members to share personal stories highlighting the positive impact of music on mental wellness, promoted NEDHSA's Art is Medicine initiative, and provided opportunities for NEDHSA to conduct outreach, disseminate educational materials, and engage attendees regarding available behavioral health services. In addition to behavioral health programming, the partnership required extensive promotion of NEDHSA services through television, radio, print media, social media, websites, community events, and on-site event recognition. NEDHSA also received opportunities to participate in community outreach activities, address attendees, establish an informational booth, and distribute behavioral health resources, significantly expanding the agency's	-	-	-	6,500	6,500

			visibility and reach across both rural and urban communities within Region 8.					
310	North Central Louisiana Arts Council	Ruston, LA	To increase mental health, addiction, prevention and wellness for faith-based communities. This is a sponsorship of this group creating faith-based albums. The group has collected 45 vinyl albums with faith-based music and musicians and will be painting them as part of a bigger Art is Medicine event.	-	-	2,000	-	2,000
310	Northeast Louisiana Arts Council	West Monroe, LA	The partnership included two initiatives: Recovery Month Poetry Night (Open Mic) and Poetry Out Loud 2025. Recovery Month Poetry Night served as an alcohol-free community event supporting SAMHSA's Recovery Month campaign and NEDHSA's Art is Medicine initiative by using spoken word and artistic expression to promote recovery, resilience, emotional wellness, and healthy coping strategies. The Northeast Louisiana Arts Council coordinated the event, integrated Recovery Month messaging into performances, promoted the event as a NEDHSA initiative, provided space for NEDHSA outreach and educational materials, and collaborated with the agency to ensure all programming aligned with Prevention & Wellness objectives. The sponsorship also supported Poetry Out Loud, a regional educational program serving high school students from all twelve parishes within Region 8. The program promotes public speaking, self-confidence, creative expression, and positive youth development while expanding access to the arts for students in rural and underserved communities. Through this partnership, NEDHSA increased awareness of behavioral health services among	-	-	-	3,500	3,500

			youth, educators, families, and community members while reinforcing positive protective factors that support healthy decision-making and emotional well-being.					
310	Ouachita African American Historical Society	Monroe, LA	To expand NEDHSA's Prevention and Wellness initiatives by utilizing the museum as a trusted community venue to deliver prevention education, youth wellness programs, cultural enrichment, and positive alternative activities for children, families. The partnership included three primary initiatives. First, NEDHSA served as a sponsor of the Juneteenth Health & Healing Walk and Community Festival, where agency staff provided prevention education, underage drinking prevention messaging, coalition outreach, fatal vision demonstrations, and educational materials. Second, NEDHSA partnered with the museum to host the "It's Not Candy" Storytime with Dr. Yoyo initiative, an evidence-informed opioid prevention program for elementary-aged children. Students participated in interactive storytime, life skills activities, museum tours, and opioid safety education designed to increase awareness of medication safety, reduce accidental childhood poisonings and overdoses, and promote healthy decision-making. The Storytime initiative served approximately 1,000 Monroe City School students in FY23 and expanded in FY24 to reach approximately 500 additional students from rural schools in Franklin, Madison, and Morehouse Parishes, demonstrating NEDHSA's commitment to providing prevention services in underserved communities. School participation records document approximately 1,000 students	-	4,000	4,000	1,650	9,650

			ensures that by July 16, 2022, everyone in behavioral health crisis in the U.S. and its territories will have immediate access to effective suicide prevention and crisis services through the three-digit phone number 988 as mandated in the National Suicide Hotline Designation Act of 2020 and the Federal Communication Commission's rules adopted July 16, 2020. The contractor will: 1. Provide information to OBH to aid in the completion of OBH's 988 Implementation Plan; 2. Assign a designee to participate on the OBH led 988 implementation coalition meetings to occur monthly through February 2022 and 988 coalition workgroup meetings; 3. Submit monthly data to OBH; 4. Assign a designee to participate in all technical assistance webinars; and, 5. Assist OBH and the Lifeline in the creation of the 9-8-8 Implementation Plan. To expand the capacity of crisis centers to respond to 988 Suicide and Crisis Lifeline calls, chats and texts as well as follow-up contacts for Louisiana residents. It is anticipated that the volume of calls will increase by up to 50% during the next year. The crisis center will: (1) enhance recruitment, hiring, and training of 988 workforce to meet and maintain a minimum 90% in-state response rate for calls, chats, and texts based on demand from Louisiana residents, (2) improve 988 support and service for high risk and underserved populations, and (3) develop and implement comprehensive quality assurance plans, to include identification and review of critical incidents.

APPENDIX A: MANAGEMENT'S RESPONSE

John Fleming, MD
LOUISIANA STATE TREASURER

(225) 342-0010
www.treasury.la.gov

Post Office Box 44154
Baton Rouge, LA 70804

August 26, 2026

Mr. Michael Waguespack
Legislative Auditor
1600 N. 3rd Street
P.O. Box 94397
Baton Rouge, Louisiana 70804-9397

Dear Mr. Waguespack:

Thank you for the opportunity to provide additional information to the draft report entitled "*Payments of State Funds to Nongovernmental Entities*." While the report notes the Department of Treasury has one of the highest levels of payments to nongovernmental entities, nearly 100% of all such payments are legislatively directed line-item legislative appropriations through CEA's. Treasury's sole role is administrative, with no discretion over recipients, award levels, or purpose. Would you consider further emphasizing Treasury's unique role as distinguished from other agencies?

The matters for legislative consideration outlined in your report are extremely important policy questions for the implantation of Act 467. In addition to your recommendations, below are other points of clarification I hope you will consider adding to your report.

1. CEA's executed prior to the enactment of Act 467 with funds yet to be dispersed:

The Legislature extended to June 30, 2027 line-item appropriations from the 2021 – 2024 sessions. Several entities have funds yet to be dispersed as they have not submitted cost reports to trigger additional payments. Upon execution of a CEA, entities generally receive 50% of their funds as an advance payment with remaining funds dispersed in 25% increments as cost reports are approved.

Section A. (1) of Act 467 requires certain conditions be met before payment can be issued. For entities with funds yet to be dispersed, does a new payment trigger the requirements of Act 467? My staff has communicated this issue to the Division of Administration who has advised these entities do not need to be reported to the non-governmental database. Attached is the response from the Division concerning this issue. However, our concern is if an extended CEA is a new line-item appropriation, should Treasury apply all other current statutory requirements and guidance going forward?

2. Compliance Status:

Act 467 requires the reporting of compliance status of all reports submitted pursuant to R.S. 39:89.3(A). While the statute addresses compliance issues at the time a CEA is executed, it does not address entities who become non-complaint after execution. For the Department of Treasury, A.1

entities are considered non-complaint with the terms of the CEA if they are six months or more delinquent on cost reports or if they have been referred to an investigative agency. Under existing Act 467 language, even the three entities who have been referred to the Office of Inspector General for review would be reported as compliant. To address this issue, my staff has worked with the Division of Administration to allow my office to report the compliance status of the CEA to the non-governmental database in addition to the compliance status reporting required in Act 467. While compliance status with the CEA may be unique to line-time appropriations, I wanted to bring it to your attention in the event it affects other agencies as well.

Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink that reads "John Fleming, MD". The signature is written in a cursive, flowing style.

John Fleming, MD
State Treasurer

APPENDIX B: SCOPE AND METHODOLOGY

This report provides information on payments of state funds³ to the nongovernmental entities (NGEs) for 25 departments.⁴ We performed this work under the provisions of Title 24 of the Louisiana Revised Statutes of 1950, as amended. This report covers fiscal years 2022 through 2025. Our report objective was:

To provide information on payments of state funds to nongovernmental entities during fiscal years 2022 through 2025.

The scope of our review was less than that required by *Government Auditing Standards*; however, we used those standards as a guide and believe the evidence obtained provides a reasonable basis for our conclusions.

To answer our objective, we performed the following:

- Met with the Office of Statewide Reporting and Accounting Policy (OSRAP) within the Division of Administration and requested a list of payments to NGEs from the 25 entities receiving appropriations in House Bill 1 during fiscal years 2022 through 2025, including the amount and description of services for each payment.
- Contacted 25 departments and requested them to provide us with the list of NGEs that received state funds during fiscal years 2022 through 2025.
- The following departments and their budget units were included in our review:

#	Department	#	Budget Unit
1	Executive Department	1	100 - Executive Office
		2	101 - Office of Indian Affairs
		3	102 - Office of the State Inspector General
		4	103 - Mental Health Advocacy Service
		5	106 - Louisiana Tax Commission
		6	107 - Division of Administration
		7	109 - Coastal Protection and Restoration Authority
		8	111 - Governor's Office of Homeland Security and Emergency Preparedness

³ Some of Louisiana's statutory dedicated funds may include federal funds. However, for the purposes of this report, we consider all payments using statutory dedicated funds as state funds.

⁴ Based on how appropriations are allocated in House Bill 1 for ordinary operating expenses of state government and Schedule 21 for the ancillary expenses of state government.

#	Department	#	Budget Unit
		9	112 - Department of Military Affairs
		10	116 - Office of the State Public Defender
		11	129 - Louisiana Commission on Law Enforcement and the Administration of Criminal Justice

- We excluded the following entities from our compilation:
 - State agencies that do not use LaGov for accounting and reporting purposes;
 - State Boards and Commissions (including licensing boards such as the Louisiana State Board of Medical Examiners, Louisiana State Board of Elementary and Secondary Education, and Board of Tax Appeals) unless they are allocated appropriations under Executive Department in House Bill 1;
 - Local governments (such as school boards, parish governments, etc.);
 - Organizations registered as Co-ops (such as water systems, electric corporations, feed stores, etc.) if payments were for utility services; and
 - Nonprofit entities that are established in state law as political subdivisions of the state⁶ (such as economic development districts, recreation districts, parish planning commissions, etc.).
- We defined the NGE as any entity that meets at least one of the following criteria:

⁶ Even though Human Services Authorities are special districts and political subdivisions per Attorney General *Opinion # 17-0164*, we included them in our compilation because they are budget units under the Louisiana Department of Health and receive State General Fund appropriations.

- Registered as a nonprofit organization with the Louisiana Secretary of the State (SOS) - <https://coraweb.sos.la.gov/CommercialSearch/CommercialSearch.aspx>;
- Registered as 501(c) organization with the Internal Revenue Services (IRS) - <https://apps.irs.gov/app/eos/>;
- Requested and received legislative appropriations during fiscal years 2022 through 2025 - <https://www.legis.la.gov/legis/NGO/NgoSearch.aspx?s=25RS>; or
- Presented as a non-profit organization in its public-facing materials (e.g., website, brochures, bylaws, etc.).
- We defined state funds as funds paid out of the State General Fund, Statutory Dedications, Self-Generated Fees, and Inter-Agency Transfers of state funds.
- We pulled both the *ZFI2386 General Ledger Detail* report and the *Non-Profit Expenditures for Service Type Purchase Orders* report from LaGov for the 25 departments and budget units identified above. We then used these reports to verify whether the list of NGEs provided by the departments and their budget units included all NGEs that received state funds:
 - When pulling ZFI2386 report, we excluded the following General Ledger accounts because we concluded that the risk of missing NGE payments in these accounts was low:
 - 51* Salaries, Retirement Benefits, Medicare Tax, etc.
 - 52* Travel
 - 535* Utilities
 - For each department, we reviewed both of the LaGov reports and identified all vendors that received state funds. We then searched for these vendors on the SOS or IRS websites to determine if they were listed as a nonprofit or 501(c) entity. If no information was found, we checked the vendors' website to determine if they present themselves as nonprofit in their public-facing materials (e.g., website, brochures, bylaws, etc.). We also checked these vendors against the list of NGO Funding Requests on the legislative website. If the vendor was identified as a nonprofit from any of the above steps, we included them in our list of NGEs.

- For the vendors that we identified as NGEs, we included the following additional information: registered current name, location (city, state), purpose for payment, and amounts paid by fiscal year. For each of these vendors, we checked the Fund Description to exclude federal funds. We then compared information provided by the state departments to information we compiled from the LaGov reports.
- We contacted each of the 25 departments to resolve any discrepancies between information provided by their budget units, LaGov reports, and information provided by OSRAP. Since budget units maintain the originating documentation for each payment, we included each unit's provided amounts and descriptions of services for each NGE.
- Payments to NGEs included in the report may or may not include payments made through the LaCarte procurement cards depending on how each agency records such transactions in LaGov.
- We provided each department with the following:
 - A List of NGEs for their department for review.
 - A copy of the report with relevant information.
- We also provided a copy of the report to OSRAP and the Division of Administration.
