INDEPENDENT ACCOUNTANT'S REVIEW REPORT

Honorable Donald Parker II, Mayor
and Members of the Board of Aldermen
Village of McNary
Glenmora, Louisiana

I have reviewed the accompanying financial statements of the governmental activities, the business-type activities, and each major fund, and the aggregate remaining fund information of Village of McNary, Glenmora, Louisiana as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the Table of Contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

My responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require me to perform procedures to obtain limited assurance as a basis for reporting whether I am aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. I believe that the results of my procedures provide a reasonable basis for my conclusion.

Accountant's Conclusion

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Required Supplementary Information

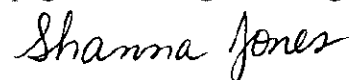

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Schedules on pages 30 and 32 be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. The supplementary information has been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, and I am not aware of any material modifications that should be made thereto.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in appropriate operational, economic, or historical context. The results of my review of the basic financial statements are not affected by this missing information.

Other Supplementary Information

Act 706 of the Louisiana 2014 Legislative Session as amended by Act 462 of the 2015 session requires a Schedule of Compensation, Reimbursements, Benefits and Other Payments to Agency Head, Political Subdivision Head or Chief Executive Officer supplement the financial statements. This schedule is presented on page 34 for purposes of additional analysis and is not a required part of the basic financial statements. The supplementary information is the representation of management. I have reviewed the information and, based on my review, I am not aware of any material modifications that should be made to the information in order for it to be in accordance with accounting principles generally accepted in the United States of America. I have not audited the supplementary information and, accordingly, do not express an opinion on such information.

In accordance with the Louisiana Governmental Audit Guide and the provisions of state law, I have issued a report dated November 20, 2020, on the results of our agreed-upon procedures on pages 35 through 38. Pages 39 through 41 present the Louisiana Attestation Questionnaire.

NOTES TO FINANCIAL STATEMENTS

VILLAGE OF MCNARY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

NOTE 1—INTRODUCTION

The Village of McNary in Glenmora, Louisiana (hereafter referred to as the Village) was incorporated August 6, 1913, under the provisions of the Lawrason Act, Louisiana Revised Statute 33:321. The Village operates under a Mayor-Board of Aldermen form of government.

The Mayor is elected for a four-year term. The three Aldermen are elected every four years from the Village at large. They are compensated for their services.

The Village provides the following services: public safety, streets, drainage, utilities (water only), public improvements, planning and zoning and general and administrative services.

The Village is located in the south part of Rapides Parish. It has a population of approximately 200 people. It is currently servicing the Village water and garbage customers. The Village employs approximately 10 people.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and reporting policies of the Village of McNary, Glenmora, Louisiana conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to guides set forth in the *Louisiana Governmental Audit Guide*.

Reporting Entity

Governmental Accounting Standard Board (GASB) Statement No. 61 amended No 14's established the criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under these provisions, the Village of McNary is considered a primary government, since the Village is an independently elected parish official and is not fiscally dependent on any other governmental entity. The primary government is required to consider all entities for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The accompanying financial statements present information only on the funds that comprise the Village of McNary, the primary government.

Basis of Presentation

Government-Wide Financial Statements (GWFS):

GASB Statement No. 63 changed the title of Net Assets to Net Position along with standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effects on a government's net position. As required the Village implemented GASB Statement No. 63 as of the fiscal year ended June 30, 2013.

VILLAGE OF MCNARY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

The Statement of Net Position and Statement of Activities report information about the reporting government as a whole. They include all funds of the reporting entity. Government-Wide statements distinguish between governmental-type and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues and are usually reported in governmental and internal service funds. Business activities are financed in whole or in part through fees charged for goods or services to the general public and are usually reported in proprietary funds.

Policies specific to the government-wide statements are as follows:

Eliminating Internal Activity—Interfund receivables and payables are eliminated in the Statement of Net Position except for the net residual amounts due between governmental and business-type activities. These are presented as internal balances. The allocation of overhead expenses from one function to another or within the same function is eliminated in the Statement of Activities. Allocated expenses are reported by the function to which they are allocated.

Application of FASB Statements and Interpretations—Reporting on governmental-type and business-type activities are based on FASB Statements and the Interpretations issued after November 30, 1989, except where they conflict or contradict GASB pronouncements.

Capitalized Assets—Tangible and/or intangible assets used in operations with an initial useful life that extends beyond one year are capitalized. Infrastructure assets such as roads and bridges are also capitalized. Capital assets are recorded at their historical cost and are depreciated using the straight-line method of depreciation over their estimated useful lives. They are reported net of accumulated depreciation on the Statement of Net Position. Depreciation of contributed assets of the proprietary fund is charged against contributed capital as opposed to unrestricted net position.

Under the requirements of GASB Statement No. 34, the Village is considered a Phase 3 government as its total annual revenues is less than \$10 million. Such governments are not required to report major general infrastructure assets retroactively. Therefore, the Village has opted not to retroactively report these types of capital assets.

Program Revenues—The Statement of Activities presents three categories of program revenues - (1) charges for services; (2) operating grants and contributions; and (3) capital grants and contributions. Charges for services are those revenues arising from charges to customers who purchase, use or directly benefit from goods and services provided by the Village. Grants and contributions, whether operating or capital in nature, are revenues arising from receipts that are restricted for specific use.

Indirect Expenses—Expenses are reported according to function except for those that meet the definition of special or extraordinary items. Direct expenses are specifically associated with a service or program. Indirect expenses include general government or administration that cannot be specifically traced to a service or program. Governments are not required to allocate indirect expenses to other functions, and the Village has chosen not to do so.

VILLAGE OF MCNARY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Operating Revenues—Proprietary funds separately report operating and non-operating revenues. Revenues from transactions of the Village’s operation of providing water services are considered operating revenues. All other revenues, which are reported as cash flows from capital or non-capital financing and investing, are reported as non-operating revenues.

Restricted Net Position—Restricted net position are those for which a constraint has been imposed either externally or by law. The Village recognizes the use of restricted resources for expenditures that comply with the specific restrictions. Restricted resources are exhausted before unrestricted net position are used.

Fund Financial Statements (FFS):

The accounts of the Village are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a separate set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The various funds of the Village are classified into two categories: governmental and proprietary. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Village. The funds of the Village are described as follows:

Governmental Funds:

General Fund—The General Fund accounts for the Village’s general activities, including the collection and disbursement of specific or legally restricted monies, the acquisition or construction of general fixed assets, and the servicing of general long-term obligations. It is the general operating fund of the Village and accounts for all financial resources, except those required to be accounted for in other funds.

Proprietary Funds:

The Proprietary Fund accounts for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. The Proprietary fund differs from the governmental fund in that its focus is on income measurement, which, together with the maintenance of equity, is an important financial indicator. Proprietary fund accounts for operations (a) where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made.

VILLAGE OF MCNARY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Accrual Basis—Government-Wide Financial Statements (GWFS)

The Statement of Net Position and the Statement of Activities display information about the Village as a whole. Both of these statements in the GWFS along with Proprietary Funds found in the FFS are prepared using the economic measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the exchange.

Modified Accrual Basis—Fund Financial Statements (FFS)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers all revenues available if they are collected 60 days after year end. Expenditures generally are recorded when a liability is incurred. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Assets Liabilities and Equity

Cash and Cash Equivalents—The Village’s cash is considered to be cash in demand deposits and interest bearing deposits. Cash equivalents include all short term, highly liquid investments that are readily convertible to known amounts of cash and are so near their maturity that they present insignificant risk of changes in value because of interest rates.

Investments—Investments are limited by Louisiana Revised Statute 33:2955. If the original maturities of investments exceed 90 days, they are classified as investments. Otherwise, the investments are classified as cash and cash equivalents. In accordance with GASB Statement No. 31, investments are recorded at fair value with the corresponding increase or decrease reported in investment earnings. All investments of the Village are certificates of deposits held at a bank in Glenmora, Louisiana and the fair value is determined by the face value of the certificate.

Bad Debts/Allowance for Doubtful Accounts for the Proprietary Fund - Water Receivable accounts are based on the collectability of outstanding receivables. Uncollected amounts due for customers’ utility receivables are recognized as bad debts at the time information becomes available which would indicate the collectability of the particular receivable. At June 30, 2020, \$1,908 of accounts were considered uncollectible and therefore a provision for these uncollectible accounts was made at this time.

Restricted Assets—Certain proceeds of proprietary fund are classified as restricted assets on the balance sheet because their use is limited. The Village collects deposits from their water customers. These collections are not kept in a separate account. All transactions are collect-

ed and paid out of the regular checking account for the convenience of the Village employees. Over the years the Restricted Bond Funds have been over restricted. Since the Village does not maintain a separate account for utility deposits, the over restriction of the bond funds are applied to the amount that should be restricted for utility deposits.

Inventories—The Village does not maintain inventories. Supplies are purchased on an as needed basis and are used normally within the year purchased.

Capital Assets—The Village’s assets are recorded at historical cost. Depreciation is recorded using the straight-line method over the useful lives of the assets as follows:

Equipment and Furniture	3 - 10 Years	Buildings	39 - 40 Years
Utility Plant/Water system	5 - 50 Years	Infrastructure	40 - 60 Years
Vehicles	5 - 10 Years		

In June 1999, the Governmental Accounting Standards Board issued Statement No. 34 which requires the inclusion of infrastructure assets used in governmental activities in the general purpose financial statements retroactively reported back to 1982. An exception exists for local governments with annual revenues of less than \$10 million. As a result of this exception, the Village has elected to not report its governmental infrastructure retroactively. The infrastructure currently being depreciated over a period of 50 years is the water system that is reported in the business-type activities of the Village. From this point forward, the Village will use the basic approach to infrastructure reporting for its governmental activities.

The costs of normal maintenance and repairs that do not add to the value of that asset or materially extend the life of that asset are not capitalized. Also the Village’s FFS expense assets as capital outlays in the year occurring.

Compensated Absences—Employees are not allowed to carry leave forward from year to year, therefore, there is no entry made for compensated absences.

Long-Term Obligations—In the government-wide financial statements, debt principal payments of both government and business-type activities are reported as decreases in the balance of the liability on the Statement of Net Position. In the fund financial statements, however, debt principal payments of governmental funds are recognized as expenditures when paid.

Equity Classifications—In the Government-Wide Financial Statements, equity is classified as net assets and displayed in three components as applicable. The components are as follows:

Invested in Capital Assets, Net of Related Debt—Capital assets including restricted capital assets, when applicable, net of accumulated depreciation and reduced by any outstanding balances of bonds, mortgages, notes or other borrowings attributable to the acquisition, construction or improvement of capital assets.

VILLAGE OF MCNARY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

Restricted Net Position—Net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position—All other net position that do not meet the definition of “restricted” or “invested in capital assets.”

In the Fund Financial Statements, governmental fund equity is classified as fund balance. Beginning with fiscal year 2012, the Village implemented GASB Statement 54 “Fund Balance Reporting and Governmental Fund Type Definitions”. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government’s fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- a. Nonspendable fund balance - amounts that are not in a spendable form (such as prepaid expenses) or are required to be maintained intact;
- b. Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation;
- c. Committed fund balance - amounts constrained to specific purposes by a government itself using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint;
- d. Assigned fund balance - amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority;
- e. Unassigned fund balance - amounts that are available for any purpose; positive amounts are reported only in the general fund.

The General Fund, the Village’s only major governmental fund, has a nonspendable fund balance of \$2,180 which represents prepaid expenses. The remaining general fund balance of \$139,009 is classified as unassigned.

Sales Taxes—The Village receives a percent of the Rapides parish wide one cent sales tax which is based on a formula developed in 1967. The Village also receives a portion of the half cent parish wide sales tax for road maintenance. The road maintenance sales tax receipt is based on the percent of McNary’s population as it relates to the total population of Rapides parish. The police jury collects and distributes both parish wide sales taxes. The road maint-

enance sales taxes are restricted to road maintenance at the parish level but are not restricted at the Village level. Any funding needed for road maintenance in the Village will be financed through the parish police jury's portion of the half cent parish wide sales tax fund.

Budget

The Village adopts an annual budget for the General Fund and Proprietary Fund. It is prepared in accordance with the basis of accounting utilized by that fund. Any revisions that alter the total expenditures must be approved by the Board of Aldermen. Budgeted amounts shown are as originally adopted or as amended by the Board. Budget amendments are passed on an as-needed basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3—CASH AND CASH EQUIVALENTS

At June 30, 2020, the carrying amount of the Village's cash and cash equivalents and investments of governmental and proprietary funds (collected bank balances) totaled \$281,084. This was comprised of \$200,416 in restricted and unrestricted cash along with \$80,668 in investments restricted and unrestricted. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent banks. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agents. These securities are held in the name of the pledging fiscal agent banks in a holding or custodial bank that is mutually acceptable to both parties.

At June 30, 2020, the Village's deposits were secured from risk by federal deposit insurance of \$250,000; the remainder by pledged securities in the name entity by the fiscal agent bank with a market value greater than the remaining amount.

Even though the pledged securities are considered uncollateralized (Category #3), the Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Village that the fiscal agent has failed to pay deposited funds upon demand.

NOTE 7—LEASES

Operating Lease

The Village of McNary has a contract with Progressive Waste/Waste Connections to provide garbage pickup for Village residents. This contract is for five years ending March 31, 2022. The contract terms state the contract will automatically renew unless written notice is given. The contract cost states \$11.75 plus taxes and other applicable adjustments per month per customer. The Village has the customer paying \$11.50 of this cost. The General Fund pays the difference plus a monthly fuel charge and the cost of a cart identifying Village customers.

Cooperative Endeavor Agreements

The Village of McNary and the Spring Creek Community Volunteer Fire Department, and the Rapides Parish Fire Protection District No. 11 entered into an agreement effective July 26, 2000 to provide the Village of McNary with fire and medical emergency services. The Village agreed to pay \$4,200 per year for these services. The payments are to be paid per quarter beginning July 26 each year. There are additional monthly costs for emergency and structure response. The term of this agreement is for a two year period commencing upon the effective date of the agreement. This contract has been renewed every two years since 2000 with the current cycle ending March 2020. In addition the Village of McNary entered into an agreement effective December 29, 2017 with the Rapides Parish Fire Protection District No. 11 to provide the District with building rental for fire and medical emergency equipment.

The Village of McNary also entered a joint endeavor agreement with the Town of Glenmora which allows Glenmora to service the Village's citizens with sewer services.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Honorable Donald Parker II, Mayor
and Board of Aldermen
Village of McNary
Glenmora, Louisiana

I have performed the procedures enumerated below, which were agreed to by the management of the Village of McNary, and the Legislative Auditor, State of Louisiana (the specified parties), on the Village of McNary's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire during the fiscal year ended June 30, 2020, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of *Governmental Auditing Standards*. The District's management is responsible for its financial records and compliance with applicable laws and regulations. The sufficiency of these procedures is solely the responsibility of the specified parties. Consequently, I make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

PUBLIC BID LAW

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$30,000, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (R.S.) 39:1551-39:1755 (the state procurement code) or R.S. 38:2211-2296 (the public bid law), whichever is applicable; and report whether the expenditures were made in accordance with these laws.

No expenditures found to be in violation.

CODE OF ETHICS FOR PUBLIC OFFICIALS AND PUBLIC EMPLOYEES

2. Obtain a list of the immediate family members of each board member as defined by R.S. 42:1101-1124 (the ethics law).

Management provided me with the requested information.

(Continued)

3. Obtain a list of all employees paid during the fiscal year.

Management provided me with the required information.

4. Report whether any employees' names appear on both lists obtained in Procedures 2 and 3.

None of the employees on the list provided by management for agreed-upon procedure (3) matched any name provided by management for agreed-upon procedure (2).

5. Obtain a list of all disbursements made during the year; and a list of outside business interests of board members, employees, and board members' and employees' immediate families. Report whether any vendors appear on both lists.

Management provided the requested information. None of the businesses of board members, employees, and board members' and employees' immediate families appeared as vendors on the list of disbursements.

BUDGETING

6. Obtained a copy of the legally adopted budget and all amendments.

Management provided me with a copy of the original and amended budget.

7. Trace documentation for the adoption of the budget and approval of any amendments to the minute book, and report whether there are any exceptions.

I traced the adoption of the budgets to the minutes of the meetings.

8. Compare the revenues and expenditures of the final budget to actual revenues and expenditures. Report whether actual revenues failed to meet budgeted revenues by 5% or more, and whether actual expenditures exceeded budgeted amounts by 5% or more.

I compared total revenues and expenditures for the year to total budgeted revenues and expenditures. According to LA RS 39:1303 only governmental funds, general fund or a special revenue fund, are subject to the Budget Act. The Village's general fund expenditure unfavorable variances exceeded five percent (5%). See finding 20-01.

ACCOUNTING AND REPORTING

9. Obtain the list of all disbursements made during the fiscal year. Randomly select six disbursements, and obtain documentation from management for these disbursements. Compare the selected disbursements to the supporting documentation, and:

- (a) Report whether the six disbursements agree to the amount and the payee in the supporting documentation.

Each of the six selected disbursements agreed with the amount and payee in the supporting documentation.

(Continued)

(b) Report whether the six disbursements were coded to the correct fund and general ledger account.

Each disbursement appeared properly coded to the correct fund and general ledger account, except one disbursement was coded to repair and maintenance which appeared to be capital outlay and was reclassified.

(c) Report whether the six disbursements were approved in accordance with management's policies and procedures.

Inspection of documentation supporting indicated approvals.

MEETINGS

10. Obtain evidence from management to support that agendas for meetings recorded in the minute book were posted or advertised as required by R.S. 42:11 through 42:28 (the open meetings law); and report whether there are any exceptions.

Management represented that they are only required to post a notice of each meeting and the accompanying agenda on the door of the Village's Town Hall building and an example of this was available.

DEBT

11. Obtain bank deposit slips for the fiscal year, and scan the deposit slips in order to identify and report whether there are any deposits that appear to be proceeds of bank loans, bonds, or like indebtedness. If any such proceeds are identified, obtain from management evidence of approval by the State Bond Commission, and report any exceptions.

I inspected copies of bank deposits for the period under review and noted no deposits which appeared to be proceeds of bank loans, bonds, or like indebtedness.

ADVANCES AND BONUSES

12. Obtain the list of payroll disbursements and meeting minutes of the governing board, if applicable. Scan these documents to identify and report whether there are any payments or approval of payments to employees that may constitute bonuses, advances, or gifts.

I scanned payroll disbursements and read the meeting minutes for the fiscal year. There were no payments noted that appeared to be either advances or bonuses.

STATE AUDIT LAW

13. Report whether the agency provided for a timely report in accordance with R.S. 24:513.

The Village's prior year report dated November 27, 2019 was submitted timely.

14. Inquire of management and report whether the agency entered into any contracts that utilized state funds as defined in R.S. 39:72.1 A. (2); and that were subject to the public bid law (R.S. 38:2211, et seq.), while the agency was not in compliance with R.S. 24:513 (the audit law).

Management represented that the Village was not on the noncompliance list during the fiscal year ended June 30, 2020.

(Continued)

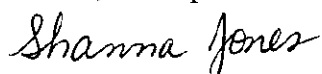

PRIOR COMMENTS AND RECOMMENDATIONS

15. Obtain and report management's representation as to whether any prior-year suggestions, exceptions, recommendations, and/or comments have been resolved.

The prior year report, dated November 27, 2019, did include suggestions, exceptions, recommendations, and/or comments. For the current year the proprietary fund was within unfavorable variance limits; however the general fund did not comply with the budget act's unfavorable variance limit, see finding 20-1.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Village's compliance with the foregoing matters. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on the Village's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire, as required by Louisiana Revised Statute 24:513 and the Louisiana Governmental Audit Guide, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

CURRENT YEAR FINDINGS AND RECOMMENDATIONS

VILLAGE OF MCNARY
FINDINGS & RECOMMENDATIONS
FOR THE YEAR ENDED JUNE 30, 2020

FINDINGS IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INSTANCES OF NONCOMPLIANCE

20-01 Louisiana Budget Act Compliance

Finding—The Village’s amended budget exceeds the 5% variance allowed by law.

Recommendation—Management needs to comply with budget laws. Timely resolutions along with monitoring both the budget and spending should assist in compliance. I recommend amending the budget when there is a 5% or more variance between budgeted and actual revenues or expenditures, even if previously amended.

Response—We will try to be within the variance limits when amending the budget. Our efforts will include monitoring our spending and its relation to the budget for additional amendments as necessary.
