Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessments of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2020, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information, as listed in the table of contents, is presented for the purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 9, 2021 on our consideration of the Company's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control over financial reporting and compliance.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Nature of operations

Fischer III, LLC (the "Company"), was recognized by the State of Louisiana as a limited liability as December 11, 2003. The primary purpose of the Company is to construct, develop and operate a 103-unit apartment complex known as Fischer III Apartments (the "Apartments") located in New Orleans, Louisiana. The Apartments are rented to low-income tenants and is operated in a manner necessary to qualify for federal low-income housing tax credits as provided under Internal Revenue Code Section 42 ("Section 42").

As of July 31, 2020, there was an amendment to the partnership agreement to permit the withdrawal of the existing Investment Member and Special Member and to add a new Assigned Member, the Housing Authority of New Orleans (the "Authority" or "HANO"). Profits, losses, and ownership is allocated 0.01% to the General Partner, Lune d'Or Enterprises, LLC, and 99.99% to the Assigned Partner.

Each building of the Apartments has qualified for and been allocated low-income housing tax credits pursuant to Section 42 which regulates the use of the Apartments to occupant eligibility and unit gross rent, among other requirements. The total low-income housing credits generated from the State of Louisiana was \$9,075,650 and is available for use by the members pro rata over a ten-year period. Each building of the complex must meet the provisions of these regulations during each of 15 consecutive years in order to remain qualified to receive the credits. The compliance period ends December 2022.

The term of the Company shall continue until December 31, 2104, unless sooner dissolved in accordance with the provisions of the Amended and Restated Operating Agreement (the "Operating Agreement").

Fischer III, LLC is a component unit of the HANO under the requirements of Governmental Accounting Standards Board Codification of *Governmental Accounting and Financial Reporting Standards*, Section 2100, *Defining the Financial Reporting Entity*. The Company is presented as a discretely presented component unit of HANO as there is a financial benefit/burden relationship with HANO.

2. Accounting method

The financial statements have been prepared on the accrual basis of accounting. Accordingly, income is recognized as earned and expenses as incurred, regardless of the timing of payments.

Fischer III, LLC

NOTES TO FINANCIAL STATEMENTS

For the year ended December 31, 2020

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities during the reporting period, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates and those differences could be material.

4. Cash and cash equivalents

The Company considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

5. Tenant accounts receivables and bad debts

Management individually reviews all tenant accounts receivable periodically and assesses the portions, if any, of the balance that will not be collected. Tenant accounts receivable are charged to bad debt expense when they are determined to be uncollectible based upon a periodic review of the accounts by management based on prior experience with similar accounts. The allowance for uncollectible amounts as of December 31, 2020 was \$24,429.

6. Tax credit monitoring fees and amortization

Tax credit monitoring fees of \$11,600 are amortized on a straight-line basis over the compliance period of 15 years. Accumulated amortization as of December 31, 2020 was \$10,830. Remaining amortization expense for 2021 is \$770.

7. Investment in rental property

Property and equipment is recorded at cost. Expenditures for maintenance and repairs are charged to expenses as incurred while major renewals and betterments are capitalized. Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected in the statement of operations.

Fischer III, LLC

NOTES TO FINANCIAL STATEMENTS

For the year ended December 31, 2020

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

7. Investment in rental property (continued)

Depreciation is provided using the straight-line method over the estimated useful lives of the assets. Investment in rental property, net, is comprised of the following as of December 31, 2020:

	2020	Useful Lives
Building and improvements	\$ 18,674,490	40 years
Land improvements	2,197,496	20 years
Furniture and equipment	563,199	10 years
	<u>21,435,185</u>	
Less accumulated depreciation	<u>(8,705,814)</u>	
	<u>\$ 12,729,371</u>	

8. Impairment of long-lived assets

The Company evaluates events or changes in circumstances affecting long-lived assets to determine whether an impairment of its assets has occurred. If the Company determines that a long-lived asset is impaired, and that the impairment is significant and other-than-temporary, then an impairment loss will be recorded in the Company's financial statements. In the current year, management determined there was no loss on impairment related to its long-lived assets.

9. Debt issuance costs

Debt issuance costs of \$730,927, net of accumulated amortization of \$615,561, are reported as a direct deduction from the face amount of the mortgage loan payable to which such costs relate. Amortization of debt issuance costs consisting of \$37,690 is reported as a component of interest expense and is computed using an imputed interest rate on the related loan.

10. Rental income

Rental income is recognized as rents become due. Rental payments received in advance are deferred until earned. All leases between the Company and the tenants of the Apartments are considered operating leases.

11. Income taxes

The Company is not a taxpaying entity for federal or state income tax purposes since taxable income or loss passes through to, and is reportable by, the members individually. Therefore, no provision or liability for income taxes has been included in the financial statements.

Fischer III, LLC

NOTES TO FINANCIAL STATEMENTS

For the year ended December 31, 2020

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

11. Income taxes (continued)

The Company accounts for income taxes in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 740, *Income Taxes*, which clarifies the accounting and disclosure requirements for uncertainty in tax positions. The two-step approach involves recognizing any tax positions that are “more likely than not” to occur and then measuring those positions to determine if they are recognizable in the financial statements. It requires a two-step approach to evaluate tax positions and determine if they should be recognized in the financial statements. Management regularly reviews and analyzes all tax positions and has determined no aggressive tax positions have been taken. In evaluating the Company’s tax provisions and accruals, future taxable income, the reversal of temporary differences, interpretations, and tax planning strategies are considered. The Company believes their estimates are appropriate based on current facts and circumstances.

The Company’s income tax filings are subject to audit by various taxing authorities. The Company is no longer subject to income tax examinations by tax authorities for years before 2017.

12. Economic concentrations

In planning and performing our audit of the financial statements, we considered the Company’s internal control over financial reporting (“Internal Control”) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Company’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company’s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Company's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Company's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Company's internal control over compliance. Accordingly, this communication is not suitable for any other purpose.
