INDEPENDENT AUDITORS' REPORT

To the Board of Commissioners St. Tammany Parish Fire Protection District No. 3 Lacombe, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of the St. Tammany Parish Fire Protection District No. 3, a component unit of St. Tammany Parish, Louisiana, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise St. Tammany Parish Fire Protection District No. 3's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the *Louisiana Governmental Audit Guide* and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes examining the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

St. Tammany Parish Fire Protection District No. 3 June 23, 2020 Page 2

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the St. Tammany Parish Fire Protection District No. 3 as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, schedule of proportionate share of the net pension liability, and the schedule of contributions – retirement plan on pages 29 through 33 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

St. Tammany Parish Fire Protection District No. 3 June 23, 2020 Page 3

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the St. Tammany Parish Fire Protection District No. 3's basic financial statements. The accompanying schedules of compensation paid to board members and compensation, benefits and other payments to agency head are presented to comply with the requirements issued by the State of Louisiana, and are not a required part of the basic financial statements.

The schedules of compensation paid to board members and compensation, benefits and other payments to agency head are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of compensation paid to board members and compensation, benefits and other payments to agency head are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

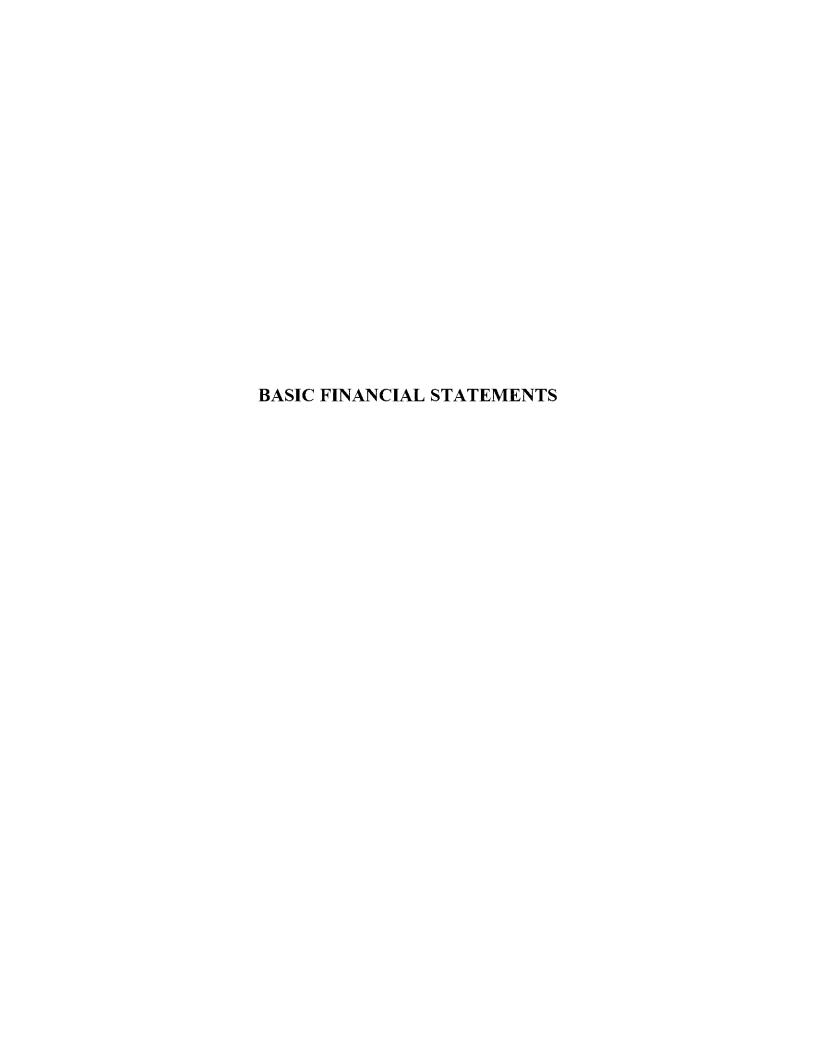

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 23, 2020 on our consideration of the St. Tammany Parish Fire Protection District No. 3's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering St. Tammany Parish Fire Protection District No. 3's internal control over financial reporting and compliance.

End of year

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2019

Net change in fund balance - governmental fund	S	205,901
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated lives and reported as depreciation expense. This is the amount by which depreciation expense of \$98,161 exceeded capital asset		
additions of S0 in the current period		(98,161)
Under the modified accrual basis of accounting used in the governmental funds, advances of derived tax revenues is not recognized until received, rather than as it is earned. This is the amount by which prior year advances of derived tax revenues recognized of \$135,478 were exceeded by current advances of derived tax revenues recognized of \$137,395.		1,917
Some expenses reported in the Statement of Activities do not require the use of current financial resources and are not reported as expenditures in governmental funds:		
Accrued annual leave - The change in the amount by which prior year accrued annual leave recognized of \$65,251 exceeded current		
accrued annual leave recognized of \$40,548.		24,703
Pensions		70,750
Non-employer contributions for pensions		8,837
Change in net position	\$	213,947

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2019

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

The mission of St. Tammany Parish Fire Protection District No. 3 (the District) is to provide fire protection in that area of St. Tammany Parish (the Parish) which includes Lacombe, Louisiana. The accounting and reporting policies of the District conform to accounting principles generally accepted in the United States of America applicable to government entities. The following is a summary of significant accounting policies.

Reporting Entity

The District was created in 1954 by Ordinance 3017 of St. Tammany Parish. The District is governed by a Board of Commissioners, which is appointed by St. Tammany Parish. The Board consists of five Commissioners who serve two-year terms.

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 14, *The Financial Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this statement, the District is considered a component unit of the St. Tammany Parish Council. As a component unit, the accompanying financial statements are included within the reporting of the primary government, either blended into those financial statements or separately reported as discrete component units.

Basis of Presentation

The District's financial statements are prepared in accordance with U.S. generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the District are discussed below.

The accompanying basic financial statements have been prepared in conformity with GASB Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*, issued in June 1999, as amended by GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

<u>DECEMBER 31, 2019</u>

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Basis of Presentation (continued)

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The District's fire protection activities and related general administrative services are classified as governmental activities. The District does not have any business-type activities.

Basic Financial Statements - Government-Wide Financial Statements (GWFS)

In the government-wide Statement of Net Position (Exhibit A), the governmental activities column is presented on a consolidated basis and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables, as well as long-term debt and obligations. The District's net position are reported in two parts — net investment in capital assets and restricted for fire protection, debt service, and capital outlay.

The government-wide Statement of Activities (Exhibit B) reports both gross and net cost of the District's function. The function is supported by general government revenues (ad valorem tax). Any program revenues and operating grants received would reduce gross expenses in the Statement of Activities.

This government-wide focus is on the sustainability of the District as an entity and the change in the District's net position resulting from current year's activities.

Basic Financial Statements – Fund Financial Statements (FFS)

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, deferred outflow of resources, liabilities, deferred inflow of resources, reserves, fund equity, revenues and expenditures. The District's current operations require the use of only the following fund types:

Governmental Fund:

The focus of the governmental fund's measurement (in the fund statement) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. In general, fund balance represents the accumulated expendable resources, which may be used to finance future operations of the District.

General Fund

The General Fund is the principal fund of the District and is used to account for the operations of the District. General revenues are accounted for in this fund. General operating expenditures are paid from this fund.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

<u>DECEMBER 31, 2019</u>

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Accrual

The governmental activities in the government-wide financial are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

The District records are maintained on the cash basis of accounting. However, the General Fund reported in the accompanying financial statements has been converted to a modified accrual basis of accounting utilizing the following practices in recording revenues and expenditures:

Revenues

Property taxes, parcel fees, state revenue sharing, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual, subject to availability, and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

Interest income on investments is recorded when the investments have matured and income is available.

All other revenues are recorded when received.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2019

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Receivables and Payables

All property tax receivables are shown net of a 5% allowance for uncollectibles. The allowance is based on prior years' experience.

Property taxes are levied on a calendar year basis, become due on December 31 and are considered delinquent on January 1. The District authorized and levied a 34.94 mill ad valorem tax for operations and maintenance for the year ended December 31, 2019. The following are the principal taxpayers and related property tax revenue for the entity:

	Assessed Valuation		% of Total Assessed Value
Stirling Medical Lacomb LLC	\$	3,613,329	5.60%
Southern Natural Gas		2,597,220	4.03%
Central LA Elec Co		1,535,500	2.38%
Pavestone, LLC		1,062,367	1.65%
G&E HC Reit II Lacombe MOB, LLC		630,098	0.98%
LA Heart MOB, LP		585,000	0.91%
Coastal Environmental Services		445,330	0.69%
Atmos Energy Corporation		440,798	0.68%
SRB Enterprises LLC		424,942	0.66%
Bell South Communications		375,430	0.58%
	\$	11,710,014	18.16%

Tax Abatements

St. Tammany Parish negotiates tax abatement agreements on the District's behalf on an individual basis. The agreements are negotiated under a special exemption through St. Tammany Parish Development District for a variety of economic development purposes, including business relocation, retention, and expansion. The abatements may be granted to any business located within the Parish for promising to relocate to the Parish's geographic area.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2019

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Tax Abatements (continued)

The St. Tammany Parish Economic Development District entered into a Lease Agreement with a private company on June 1, 2003, in connection with the issuance of \$25 million of bonds issued for the benefit of the company. While the lease is in effect and the project is owned by the Development District, the project is exempt from ad valorem tax. The lease requires that the company make an annual payment to the Development District, in an amount based on a formula, between \$55,000 and \$75,000. The Development District makes a contribution of 80% of this payment to St. Tammany Parish Fire Protection District No 3. The contribution for the year ended December 31, 2019 was \$60,000.

Emergency Medical Services (EMS) Receivable

Residents, who use the emergency medical transportation service provided by the District, are charged a fee ranging from \$300 to \$746 based on the type of medical care. Mileage is billed at \$20 per mile. The District has agreements with other third-party payers that provide for payments at amounts different from its established rates. Net emergency medical service revenue is recorded at the estimated realizable amount from patients, third-party payers, and others for services rendered, based upon prior years' experience and management's analysis of possible bad debts. Emergency medical receivables are charged against the allowance when it is determined by the District that payment will not be received. The current policy is allow for any accounts that are inactive for three months. For the year ended December 31, 2019, the District provided \$578,281 for contractual adjustments to established rates billed and \$664,140 for an allowance for doubtful accounts.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital assets, which include property and equipment, are reported in the government-wide statements. Capital assets are recorded at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold of \$2,500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2019

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Capital Assets (continued)

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Buildings and improvements	30 Years
Vehicles	5 - 15 Years
Equipment	10 - 15 Years
Computers	5 Years
Infrastructure	25 Years

Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Financial Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. Currently, the District has one item that qualifies for reporting in this category, deferred amounts related to pensions.

In addition to liabilities, the Statement of Financial Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position or fund balance that applies to future periods and so will not be recognized as an inflow of resources (revenue) until then. Currently, the District has one item that qualifies for reporting in this category, deferred amounts related to pensions.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Firefighters' Retirement System of Louisiana (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

<u>DECEMBER 31, 2019</u>

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Equity Classifications

In the government-wide financial statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets.
- b. <u>Restricted net position</u> consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Constraints may be placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. <u>Unrestricted net position</u> net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in either of the other two categories of net position.

Governmental fund equity is classified as fund balance. In the governmental fund financial statements, fund balances are classified as follows:

- a. <u>Nonspendable</u> amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- b. <u>Restricted</u> amounts that can be spent only for specific purposes because of state, local or federal awards or externally imposed conditions by grantors or creditors.
- c. <u>Committed</u> amounts that can be used for specific purposes determined by formal action by an ordinance or resolution.
- d. <u>Assigned</u> amounts that are designated by the formal action of the government's highest level of decision making authority.
- e. Unassigned amounts not included in other classifications.

The Board of Commissioners, as the highest level of decision-making authority, can establish, modify or rescind a fund balance commitment by formal vote at a public board meeting. For assigned fund balance the Board of Commissioners authorizes management to assign amounts for a specific purpose.

When both restricted and unrestricted fund balances are available for use, it is the District's policy to use restricted resources first, then unrestricted as needed. When committed, assigned or unassigned fund balances are available for use it is the District's policy to use committed resources first, then assigned resources and unassigned resources as they are needed.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2019

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through June 23, 2020, which is the date the financial statements were available to be issued. In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared a state of emergency. It is anticipated that these impacts will continue for some time. There has been no immediate impact to the District's operations. Future potential impacts may include disruptions in the ability of citizen's ability to continue making tax payments as a result of job loss or other pandemic related issues. The future effects of these issues are unknown.

(2) <u>STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY</u>

A public hearing was held on December 12, 2018 and the board adopted the budget. The budget is prepared using GAAP basis of accounting. All appropriations lapse at year end. Formal budget integration within the accounting records is employed as a management control device during the year. The board also reviews budget versus actual reports on a monthly basis. Changes or amendments are made upon approval of the board.

(3) AD VALOREM TAXES

The following is a summary of authorized and levied ad valorem taxes:

	<u>Authorized</u>	<u>Levied</u>	<u>Expiration</u>
Maintaining, acquiring, constructing, improving,			
and operating fire protection and rescue services	25.01	25.01	2022
Maintaining, acquiring, constructing, improving,			
and operating fire protection and rescue services	9.95	9.95	2029

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

<u>DECEMBER 31, 2019</u>

(4) <u>CASH AND CASH EQUIVALENTS</u>

The following is a summary of cash and cash equivalents at December 31, 2019:

Demand deposits \$\\\\$439,104

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Cash and deposits are categorized into three categories of credit risk.

Category 1 includes deposits covered by federal depository insurance or by collateral held by the District or its agent, in the District's name.

Category 2 includes deposits covered by collateral held by the pledging financial institution's trust department, or its agent in the District's name.

Category 3 includes deposits covered by collateral held by the pledging financial institution, or its trust department or agent but not in the District's name, and deposits which are uninsured or uncollateralized.

At December 31, 2019, the carrying amount and the bank balances of deposits of the primary government are summarized as follows:

		Bank B	alances Cate	egory		
						Bank
		<u> </u>	2	3		Balance
Cash	<u>\$ 2:</u>	<u>50,000 \$</u>	189,104	\$	<u>-</u> §	439,104

(5) 2% FIRE INSURANCE TAX

The District is eligible and receives a pro-rata share of the fire insurance tax collected by the State of Louisiana. The amounts received by the District are based on the population of the areas that it serves. In accordance with Louisiana Revised Statutes (LRS), such money shall be used only for the purpose of "rendering more efficient and efficacious" fire protection, as the District shall direct.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

<u>DECEMBER 31, 2019</u>

(7) <u>OPERATING LEASES</u>

The District leases copier and radio equipment for a period of less than 12 months. Total payments charged to leased equipment expense for the year ended December 31, 2019 was \$3,055.

(8) <u>PENSION PLAN</u>

All full-time employees of the District are members of the Louisiana Firefighters' Retirement System (the System), a cost-sharing, multiple-employer defined benefit plan administered by a separate board of trustees.

Membership in the System is mandatory for all full-time firefighters employed by a municipality, parish or fire district that did not enact an ordinance before January 1, 1980, exempting itself from participation in the System. Employees are eligible to retire at or after age 55 with at least 12 years of creditable service or at or after age 50 with at least 20 years of creditable service. Upon retirement, members are entitled to a retirement benefit payable monthly for life, equal to three and one-third percent of their final average salary for each year of creditable service, not to exceed 100 percent of their final average salary. Final average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service stated above and do not withdraw their employee contributions may retire at or after age 55 (or at or after 50 with at least 20 years of creditable service at termination) and receive the benefit accrued to their date of termination.

The system also provides death and disability benefits. Benefits are established by state statute. The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Louisiana Firefighters' Retirement System, Post Office Box 94095, Baton Rouge, Louisiana 70804, or by calling, (225) 925-4060.

Funding Policy

For the twelve months ended December 31, 2019, members of the System are required to contribute 10% of their annual covered salary and the District is required to contribute at an actuarially determined rate. At December 31, 2019, the employer contribution rate was 27.75% above poverty and 29.75% below poverty.

The contribution requirements of plan members and the District are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

<u>DECEMBER 31, 2019</u>

(8) <u>PENSION PLAN (CONTINUED)</u>

Contributions

According to state statute, for the System, contribution requirements for all employees are actuarially determined each year. State statute requires covered employees to contribute a percentage of their salaries to the System. The actual employer contribution rate and the actuarially determined employer contribution differ due to state statutes that require the contribution rate be calculated and set two years prior to the year effective.

The amount of the District's employer contributions to the System for the year ended December 31, 2019 was \$197,765. The District's covered payroll for the System for the year ended December 31, 2019 was \$728,863.

<u>Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred</u> Inflows of Resources Related to Pensions

At December 31, 2019, the District reported a liability totaling \$1,652,631 for its proportionate share of the net pension liability for the System. The net pension liability was measured as of June 30, 2019 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The District's proportion of the Net Pension Liability was based on the District's historical contributions to the Plan relative to the historical contributions of all participating employers. At June 30, 2019, the District's proportion was 0.263918% for the System, which was a decrease of 0.068053% from its proportion measured as of June 30, 2018.

For the year ended December 31, 2019, the District recognized pension expense for the System totaling \$188,928. Subtracted from pension expense is the employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions totaling \$128,572 for the System.

For the year ended December 31, 2019, the District recognized revenue from ad valorem taxes and revenue sharing funds received by the System. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities totaling \$70,750.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2019

(8) <u>PENSION PLAN (CONTINUED)</u>

<u>Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred</u> <u>Inflows of Resources Related to Pensions (Continued)</u>

At December 31, 2019, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the System:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 119,211
Change in assumptions	150,349	121
Net difference between projected and actual earnings on pension plan investments	111,134	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	113,792	751,782
Employer contributions subsequent to the measuremen date	t 106,094	
Total	\$ 481,369	\$ 871,114

Employer contributions subsequent to the measurement date totaling \$106,094 and reported as deferred outflows of resources will be recognized as a reduction of the Net Pension Liability in the year ended December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31:

2020	\$ (69,824)
2021	(108,251)
2022	(80,465)
2023	(103,865)
2024	(94,325)
2025	(45,045)
Total	<u>\$ (501,775)</u>

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

<u>DECEMBER 31, 2019</u>

(8) <u>PENSION PLAN (CONTINUED)</u>

<u>Actuarial Assumptions</u>

The total pension liability in the June 30, 2019 actuarial valuation for the System was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date June 30, 2019

Actuarial Cost Method Entry Age Normal Cost

Estimated Remaining

Service Life

7 years, closed period

Investment Rate of Return 7.15% per annum (net of fees)

Inflation Rate 2.500% per annum

Salary increases Vary from 14.75% in the first years of service to 4.50%

after 25 years

Cost of Living Adjustments Only those previously granted included

Mortality Rate

The mortality rate assumption used was set based upon an experience study performed on plan data for the period July 1, 2009 through June 30, 2014. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the System's liabilities. The RP-2000 Combined Healthy with Blue Collar Adjustment Sex Distinct Tables projected to 2031 using Scale AA were selected for employee, annuitant, and beneficiary mortality. The RP-2000 Disabled Lives Mortality Table set back five years for males and set back three years for females were selected for disabled annuitants. Setbacks in these tables were used to approximate mortality improvement.

Long-term Expected Real Rate of Return

The estimated long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation, 2.75%. The long term expected nominal rate of return was 7.94% as of June 30, 2019.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

<u>DECEMBER 31, 2019</u>

(8) <u>PENSION PLAN (CONTINUED)</u>

Long-term Expected Real Rate of Return (Continued)

Best estimates of real rates of return for each major asset class included in FRS' target asset allocation as of June 30, 2019 are summarized in the following table:

		Long-Term Expected
	Target	Portfolio Real Rate
Asset Class	Asset Allocation	of Return
Fixed income	31.0%	2.17%
U.S. equity	21.5%	5.98%
Non-U.S. equity	17.50%	7.52%
Global equity	10.0%	6.59%
Real estate	6.0%	4.14%
Private equity	4.0%	10.52%
Global tactical asset allocation	5.0%	4.37%
Risk parity	<u>5.0%</u>	<u>4.67%</u>
Totals	<u>100.0%</u>	<u>5.75%</u>
Inflation		2.75%
Expected arithmetic nominal re	turn	7.94%

Discount Rate

The discount rate used to measure the total pension liability was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the Net Pension Liability using the discount rate of 7.15%, as well as what the District's proportionate share of the Net Pension Liability would be if it were calculated using a discount rate that is one percentage point lower, or one percentage point higher than the current rate:

Retirement System Audit Report

Firefighters' Retirement System issued a stand-alone audit report on its financial statements for the year ended June 30, 2019. Access to the audit report can be found on the System's website: www.lafirefightersret.com or on the Office of Louisiana Legislative Auditor's official website: www.lla.state.la.us.

(9) CHANGES IN LONG-TERM LIABILITIES

Changes in long-term liabilities for the year ended December 31, 2019, are as follows:

	Balance at January 1, 2019	Net Increase (Decrease)	Balance at December 31, 2019			
Compensated absences Net pension liability	\$ 65,251 1,909,524	\$ (24,703) (256,892)	the second representation of the second			
	\$ 1,974,775	\$ (281,595)	\$ 1,693,180			

(10) RISK MANAGEMENT

The District is exposed to all common perils associated with fire protection and EMS services. To minimize loss occurrence and transfer risk, the District carries various commercial insurance policies including property, casualty, employee dishonesty, public official's liability, business auto and other miscellaneous policies. These policies are reviewed for adequacy by management annually.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

<u>DECEMBER 31, 2019</u>

(11) CONTINGENCIES

In 2016, the District determined that it owed Medicare payroll tax payments dating back a number of years. The District has accrued a tax liability of \$85,002 for these delinquent taxes, and has engaged an attorney regarding this issue. The District intends to pursue collection of these amounts and has fully allowed for these receivables as uncollectible and are included within the total allowance of \$664,140.

(12) NEW ACCOUNTING PRONOUNCEMENTS

The GASB has issued Statement No. 87, "Leases." The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The District plans to adopt this Statement as applicable by the effective date.

The GASB has issued Statement No. 88, "Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements." The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. The District adopted this Statement as applicable by the effective date.

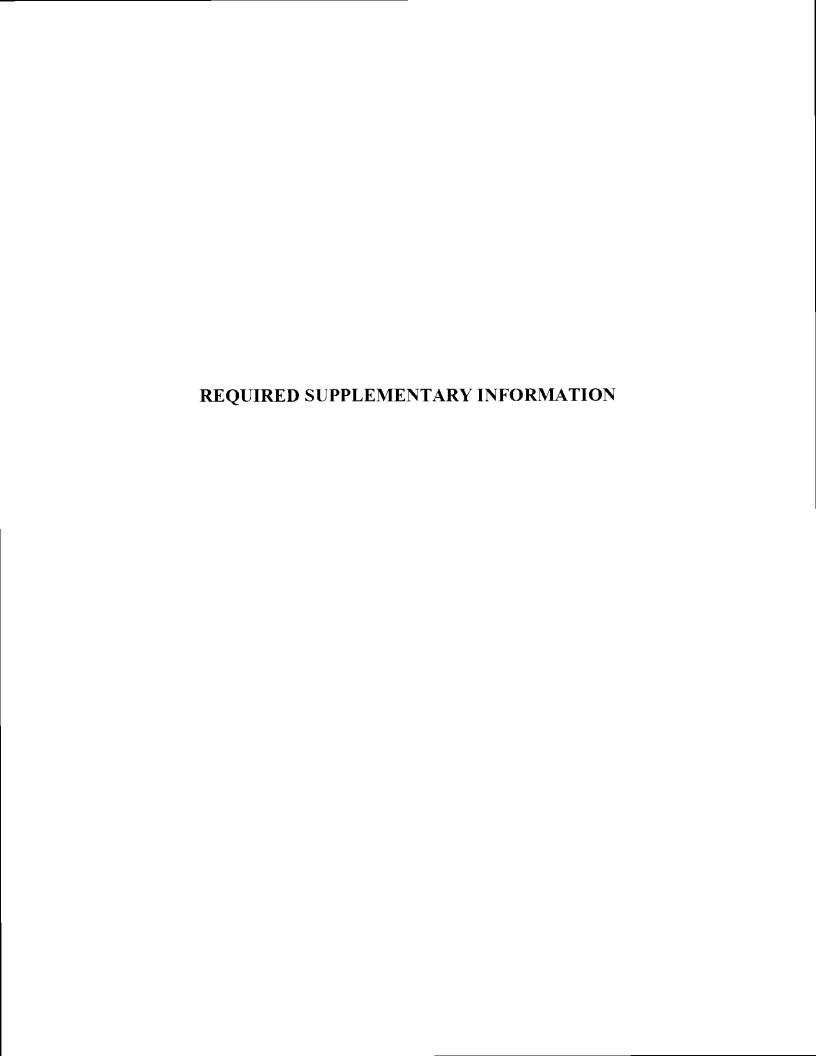

The GASB has issued Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period." The primary objectives of this Statement are (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The District plans to adopt this Statement as applicable by the effective date.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

<u>DECEMBER 31, 2019</u>

(12) <u>NEW ACCOUNTING PRONOUNCEMENTS (CONTINUED)</u>

The GASB has issued Statement No. 90, "Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61." The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The District adopted this Statement as applicable by the effective date.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION DECEMBER 31, 2019

(1) PENSION PLAN SCHEDULES

Changes of Benefit Terms

There were no changes of benefit terms during any of the years presented.

Changes of Assumptions

For the year ended December 31, 2019 (measurement date of June 30, 2019), the Firefighter's Retirement System inflation rate assumption was lowered from 2.700% to 2.750% annually, and the real investment rate of return was lowered from 7.30% to 7.15%.

For the year ended December 31, 2018, the Firefighter's Retirement System inflation rate assumption was lowered from 2.775% to 2.700% annually, and the real investment rate of return was lowered from 7.40% to 7.30%.

For the year ended December 31, 2017, the Firefighter's Retirement System's inflation rate assumption was lowered to 2.775%, and the discount rate, or investment rate of return, assumption was lowered from 7.50% to 7.40%.

There were no changes of assumptions during 2016.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners St Tammany Parish Fire Protection District No. 3 Mandeville, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of St. Tammany Parish Fire Protection District No. 3, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the St. Tammany Parish Fire Protection District No. 3's basic financial statements, and have issued our report thereon dated June 23, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered St. Tammany Parish Fire Protection District No. 3's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of St. Tammany Parish Fire Protection District No. 3's internal control. Accordingly, we do not express an opinion on the effectiveness of St. Tammany Parish Fire Protection District No. 3's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of St. Tammany Parish Fire Protection District No. 3's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Commissioners St Tammany Parish Fire Protection District No. 3 June 23, 2020

Compliance and Other Matters

As part of obtaining reasonable assurance about whether St. Tammany Parish Fire Protection District No. 3's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

St. Tammany Parish Fire Protection District No. 3's Response to Finding

St. Tammany Parish Fire Protection District No. 3's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. St. Tammany Parish Fire Protection District No. 3's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

SCHEDULE OF FINDINGS AND RESPONSES FOR THE YEAR ENDED DECEMBER 31, 2019

SECTION I SUMMARY OF AUDIT RESULTS

- 1. The independent auditors' report expresses an unmodified opinion on the financial statements of St. Tammany Parish Fire Protection District No. 3.
- 2. No significant deficiencies or material weaknesses disclosed during the audit of the financial statements is reported in the Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
- 3. No instances of noncompliance material to the financial statements of St. Tammany Parish Fire Protection District No. 3, which would be required to be reported in accordance with *Government Auditing Standards*, was disclosed during the audit.
- 4. A management letter was not issued for the year ended December 31, 2019.

SECTION II FINANCIAL STATEMENT FINDINGS

Not Applicable

SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2019

SECTION I INTERNAL CONTROL AND COMPLIANCE MATERIAL TO THE FINANCIAL STATEMENTS

2018-001 Failure to Comply with Local Government Budget Act

During our testing, we noted that the District failed to comply with the requirements of the Local Government Budget Act. The District published an agenda for the open meeting to adopt the budget on its website, but it did not publish a public notice in the official journal. When the District amended its budget in a special meeting, it published a notice at the physical location, but did not publish a notice on the District's website.

Corrective action was taken by the District and is no longer a finding in the current year.

AGREED-UPON PROCEDURES

FOR THE YEAR ENDED

DECEMBER 31, 2019

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Commissioners St. Tammany Parish Fire Protection District No. 3 Lacombe, Louisiana

We have performed the procedures enumerated below, which were agreed to by the St. Tammany Parish Fire Protection District No. 3 and the Legislative Auditor, State of Louisiana, solely to assist the users in assessing certain controls and in evaluating management's assertions about the St. Tammany Parish Fire Protection District No. 3's compliance with certain laws and regulations during the period of January 1, 2019 to December 31, 2019, in accordance with Act 774 of 2014 Regular Legislative Session. Management of the St. Tammany Parish Fire Protection District No. 3 is responsible for its financial records, establishing internal controls over financial reporting, compliance with applicable laws and regulations, and providing a corrective action plan that addresses all exceptions noted. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are detailed in Schedule "1".

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to perform and did not perform an audit, the objective of which would be the expression of an opinion or conclusion, respectively, on the accounting records. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management of the St. Tammany Parish Fire Protection District No. 3 and the Legislative Auditor, State of Louisiana, and is not intended to be and should not be used by anyone other than those specified parties. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

AGREED-UPON PROCEDURES JANUARY 1, 2019 TO DECEMBER 31, 2019

Written Policies and Procedures for Governmental Entity

- 1) **Procedures:** Obtain the entity's written policies and procedures and report whether those written policies and procedures address each of the following financial/business functions (or report that the entity does not have any written policies and procedures), as applicable to public funds:
 - a) *Contracting*, including (1) types of services requiring written contracts,
 - b) Travel and expense reimbursement, including dollar thresholds by category of expense
 - c) *Bank Reconciliations*, including (1) process for addressing items outstanding for more than 12 months.

Results: The District's written contracting policy does not specifically address the types of services requiring written contracts. The District's travel and expense reimbursement policy does not set dollar thresholds by category of expense. The District's written bank reconciliation policy does not specifically address the process for addressing items outstanding for more than 12 months.

Open Lines of Credit/Credit Cards/Debit Cards/Fuel Cards/P-Cards

1) **Procedures:** Obtain from management a listing of all active open lines of credit (LOC), credit cards, bank debit cards, fuel cards, and P-cards (cards), including the LOC/card numbers and the names of the persons who maintained possession of the cards or were authorized to use LOC. Obtain management's representation that the listing is complete.

Results: Obtained from management a listing of all active open lines of credit (LOC), credit cards, bank debit cards, fuel cards, and P-cards (cards) and management's representation that the listing was complete.

2) <u>Procedures:</u> Using the listing prepared by management, randomly select 5 LOC/cards (or at least one-third of the cards if the entity has less than 5 LOC/cards) that were used during the fiscal period.

Obtain the monthly statements, or combined statements if multiple LOC/cards are on one statement, for the selected LOC/cards. Select the monthly statement or combined statement with the largest dollar activity for each LOC/card (for a debit card, select the monthly bank statement with the largest dollar amount of debit card purchases) and:

a) Observe that there is evidence that the monthly statement or combines statement and supporting documentation (e.g., original receipts for LOC/credit/debit card purchases, exceptions reports for excessive fuel card usage) was reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder.

AGREED-UPON PROCEDURES (CONTINUED)
JANUARY 1, 2019 TO DECEMBER 31, 2019

Results: All statements were supported by a P.O., invoice, or receiving report, which were marked as approved by the Fire Chief. The Fire Chief reviewed and approved all statements/supporting documentation, but was also an accountholder on all LOCs/cards tested. All disbursements require at least one Board member signature and supporting documentation was reviewed before disbursements were authorized, but there was no written evidence of approval by the Board member on supporting documentation. There were no finance charges and/or late fees assessed on the statements tested.

Information Technology Disaster Recovery/Business Continuity

1) Procedures: Obtain and inspect the entity's written policies and procedures over information technology disaster recovery/business continuity (or the equivalent contractual terms if IT services are outsourced) and observe that they address (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Results: The District's written policies over information technology does not specifically address periodic testing/verification that backups can be restored, use of antivirus software on all systems, and timely application of all available system and software patches/updates.

- 2) **Procedures:** Perform the following sub-procedures, verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."
 - a) Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.
 - b) Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
 - c) Obtain a listing of the entity's computers currently in use, and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have active antivirus software and that the antivirus, operating system, and accounting system software are the most recent versions available (i.e. up-to-date).

Results: We performed the procedure and discussed the results with management.

AGREED-UPON PROCEDURES (CONTINUED)
JANUARY 1, 2019 TO DECEMBER 31, 2019

Sexual Harassment

1. **Procedures:** Obtain and inspect the entity's written sexual harassment policies and procedures and observe that they address all requirements of Louisiana Revised Statutes (R.S.) 42:342-344, including agency responsibilities and prohibitions; annual employee training; and annual reporting requirements.

Results: The sexual harassment policy was obtained and addressed all the requirements of the Louisiana Revised Statutes.

2. <u>Procedures:</u> Obtain a listing of employees/elected officials/board members employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/elected officials/board members, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/elected official/board member completed at least one hour of sexual harassment training during the calendar year.

Results: No employees completed sexual harassment training in 2019, but did complete the training in 2018 and 2020.

3. <u>Procedures:</u> Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

Results: No exceptions noted. The sexual harassment policy is not on the website, but is posted on the wall in the administrative offices and the fire stations.

4. <u>Procedures:</u> Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that it includes the applicable requirements of R.S. 42:344.

Results: The District did not perform sexual harassment training for fiscal year end 2019, but did complete the training in 2018 and 2020.
