A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

### **Accountants' Responsibility**

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

### **Accountants' Conclusion**

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

### **Supplementary Information**

NOTES TO FINANCIAL STATEMENTS -1-  
June 30, 2022

NOTE 1: NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities – Educational Solutions of Louisiana (hereafter referred to as the Organization), a Louisiana non-profit organization, is domiciled in Holden, Louisiana. Its operations encompass the parish of Tangipahoa, Louisiana. Its mission is to offer academic enrichment activities for children by offering quality and enriching after school and summer educational programming to children in rural areas of Tangipahoa Parish. The Organization currently operates sites in Kentwood and Amite Louisiana, with each site averaging around 100-110 students.

The Organization's support comes primarily from the Federal 21<sup>st</sup> Century Grant Program administered through the Louisiana Department of Education. The Organization's grant agreement expired in August 2022 and was recently renewed for a period that runs through August 31, 2027.

The accounting policies of the Organization conform to accounting principles generally accepted in the United States of America as applicable to non-profit organizations. The significant accounting policies are as follows:

Method of Accounting – The financial statements of the Organization have been prepared utilizing the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Financial Statement Presentation – The Organizations reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions, which are described as follows:

*Net Assets without Donor Restrictions* are net assets that are not subject to donor-imposed restrictions and are available for use at The Organization's discretion. The only limits on the use of net assets without donor restrictions are the board limits resulting from The Organization, the operation in which it operates, the purposes specified in the corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered in the course of operations. As of June 30, 2022, The Organization had net assets without donor restrictions of \$43,028.

*Net Assets with Donor Restrictions* are net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. When the donor's restrictions are satisfied, either by using the resources in the manner specified by the donor or the passage of time, the expiration of the restriction is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions. Other donor-imposed restrictions are perpetual in nature, such as those that the donor stipulates the resources be maintained in perpetuity. As of June 30, 2022, The Organization had no net assets with donor restrictions.

Revenue Recognition – Contributions received, including unconditional promises to give, are recorded as revenue when assets or donor's unconditional commitment is received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Contributions are considered increases in net assets with donor restrictions or net assets without donor restrictions, depending on the existence and nature of any donor restrictions.

Contributions of property and equipment or cash restricted to acquisition of property and equipment are reported as temporarily restricted net assets if the donor has restricted the use of the property or equipment to a particular program. If donors specify a length of time over which the property or equipment must be used, the restrictions expire evenly over the required period. Absent that type of restriction for use, the Organization considers the restriction met when the assets are placed in service.

Holden, Louisiana

NOTES TO FINANCIAL STATEMENTS -2-  
June 30, 2022

NOTE 1: NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition – The Organization reports grants, programs and other revenue sources on the accrual basis of accounting. If a donor restriction applies, the amount is shown as net assets with donor restrictions. When the donor restriction expires, that is, when the stipulated restriction ends by payments or the passage of time, the amount of the temporarily restricted net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor restricted reimbursements whose restrictions are met in the same reporting period are typically reported as unrestricted support.

Cash and Cash Equivalents – For purposes of the statements of cash flows, the Organization considers all, restricted and unrestricted, highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Grant Receivables – Grants receivable are stated at net realizable value. The Organization maintains allowances for doubtful accounts for estimated losses resulting from the inability of its grantors to make required payments. Because collection is expected at 100%, an allowance for doubtful accounts has not been estimated in the current year.

Property and Equipment – Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as net assets without donor restrictions unless the donor has restricted the donated assets to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as net assets with donor restrictions. Property and equipment purchased by the Organization is recorded at cost. They are depreciated using the straight-line method over the estimated useful lives of the assets (10-25 years for buildings; 3-7 years for equipment/furniture). Capital assets with an original cost of \$2,500 or greater are capitalized. Currently the Organization has no property and equipment.

Contributions – Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. Net assets with donor restrictions are reclassified to net assets without donor restrictions upon satisfaction of the time or purpose of the restriction. If a contributions' restriction is met in the same reporting period the contributions were received, the income is classified as net assets without donor restrictions.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Donated Goods and Services – No amounts have been reflected in the financial statements for donated goods or services. The Organization generally pays for services requiring specific expertise. The Organization received donated rent for use of the facilities for the two program sites. In addition, the Organization received food donations from the Tangipahoa Food Bank and Our Daily Bread. No value has been assigned to these in-kind donations as management was unable to quantify the value.

Advertising Expense – Advertising costs are expensed as incurred. The Organization paid zero dollars for advertising for the year ended June 30, 2022.

Functional Allocation of Expenses – The costs of providing the program and supporting services of the Organization have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. This allocation is summarized in the statement of functional expenses.

NOTES TO FINANCIAL STATEMENTS -3-

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes – The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no liability or expense has been recorded in the accompanying financial statements. However, income from certain activities not directly related to the Organization’s tax-exempt purpose is subject to taxation as unrelated business taxable income (UBTI). In addition, the Organization qualifies for the charitable deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

The Organization may recognize the tax benefit from a tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the Organization and various positions related to the potential sources of UBIT. The Organization has analyzed its tax position taken for filings with the Internal Revenues Services. The Organization believes that its income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on the Organization’s financial condition, results of operations, or cash flows.

Estimates – Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. On an ongoing basis, management evaluates the estimates and assumptions based on new information. Management believes the estimates and assumptions are reasonable in the circumstances; however, actual results could differ from those estimates.

NOTE 2: CASH AND CASH EQUIVALENTS

Cash and cash equivalents (book balances) include the following:

Demand deposits	\$ <u>1,827</u>
-----------------	-----------------

NOTE 3: LEASES

*Operating Leases.* The Organization uses facilities donated by the Tangipahoa Parish School System. The donated facilities have been made available as long as the Organization is a 21<sup>st</sup> Century Grant Recipient. No amount has been recorded in these financial statements for the value of the donated facilities.

*Capital Leases.* The Organization does not have any capital leases.

NOTE 4: LINE OF CREDIT

During the year, the organization had a revolving line of credit with Whitney Bank. The line of credit was not renewed and expired in September 2021. Upon expiration the line of credit was converted to a personal line of credit in the name of the executive director. See Note 5 for more information.

NOTE 5: RELATED PARTY TRANSACTIONS

During the year, the executive director loaned funds to the Organization to cover expenses. These loans were without interest and have no maturity date. During the year, the executive director loaned the Organization \$190,904. The Organization repaid the executive director \$169,025 and as of June 30, 2022, the balance owed to the executive director was \$21,879.

NOTE 6: CONCENTRATIONS

The Organization received 100% of total revenue from the 21<sup>st</sup> Century Grant.

NOTES TO FINANCIAL STATEMENTS -4-  
June 30, 2022

NOTE 7: LIQUIDITY OF ASSETS AND LIABILITIES

The liquidity of the Organization's assets and liabilities are as follows:

Cash	\$ 1,827
Due from Related Party	2,000
Plus Current Grants Receivable	<u>136,342</u>

Financial assets available to meet cash needs for general expenditures within one year	<u>\$ 140,169</u>
---	-------------------

NOTE 8: UNCERTAIN TAX POSITIONS

The Company has adopted accounting rules that prescribe when to recognize and how to measure the financial statement effects, if any, of income tax positions taken or expected to be taken on its income tax returns. These new rules require management to evaluate the likelihood that, upon examination by relevant taxing jurisdictions, those income tax positions would be sustained. Based on that evaluation, if it were more than 50% probable that a material amount of income tax would be imposed at the entity level upon examination by the relevant taxing authorities, a liability would be recognized in the accompanying balance sheet along with any interest and penalties that would result from that assessment. Should any such penalties and interest be incurred, the Company's policy would be to recognize them as operating expense. Further, no interest or penalties have been accrued or charged to expense as of June 30, 2022 or for the year then ended.

The Company's income tax returns are subject to examination by taxing authorities for a period of three years from the date they are filed. As of June 30, 2022, tax returns for 2019, 2020, and 2021 are subject to examination.

NOTE 9: SUBSEQUENT EVENTS

The Organization has evaluated all subsequent events through December 19, 2022, the date the financial statements were available to be issued.
