INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Pontchartrain Conservancy

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Pontchartrain Conservancy (the "Organization"), which comprise the statements of financial position as of December 31, 2025 and 2024, and the related statements of activities, functional expenses, and cash flows for each of the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Organization as of December 31, 2025 and 2024, and the changes in its net assets and its cash flows for each of the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States ("*Government Auditing Standards*"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of compensation, benefits, and other payments to agency head is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain other procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 23, 2026 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025

1. Organization and Summary of Significant Accounting Policies

Organization

Pontchartrain Conservancy (the Organization) is a non-profit, publicly supported organization established under 501(c)(3) of the Internal Revenue Code. It was established and incorporated on September 19, 1989 by Act 716 of the 1989 Louisiana Legislature for the purpose of the restoration and preservation of the environmental and ecological balance of the Lake Pontchartrain Basin.

The Organization operates the following programs and supporting services:

Community Outreach

Outreach activities provide information and referrals regarding our research and educational information to those that live within and around the Pontchartrain Basin.

Scientific Programs

The Organization also undertakes research in areas such as urban and rural storm water, wastewater treatment systems, industrial discharges, agricultural discharges, saltwater intrusion, coastal land loss, and habitat restoration.

Fundraising

Fundraising consists of raising funds, whether through grants, events, or otherwise, which provides for programs, operations, and the mission of the Organization.

Management and General

Management and general consist of oversight, general and financial operations, and technology maintenance for the Organization.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recognized when incurred.

Basis of Presentation of Net Assets

The financial statements of the Organization have been prepared in accordance with accounting principles generally accepted in the United States ("U.S. GAAP"), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

Net Assets without donor restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and board of directors.

Net Assets with donor restrictions - Net assets that are subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. Donor restricted contributions are reported as an increase in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025

1. Organization and Summary of Significant Accounting Policies (continued)

Basis of Presentation of Net Assets (continued)

Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized.

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For the purposes of the statements of cash flows, the Organization considers all highly liquid investments available for current use with an initial maturity of one year or less to be cash equivalents.

Investments

Investments are reported at their fair values in the statements of financial position, and changes in fair value are reported as investment return in the statements of activities. Investment return is reported as increases or decreases in net assets without donor restrictions unless the income is restricted by the donor or law.

Grants Receivable

Grants receivable consists of the unpaid balances for government grants. Grants are billed to government agencies based on expenses incurred on a reimbursement basis. Management considers the receivable balance to be fully collectible, and as a result, an allowance for doubtful accounts is not recorded.

Contracts Receivable

Contracts receivable consists of the unpaid balances for government contracts. Contracts are billed to government agencies based on services that have been completed as of the invoice date. As of December 31, 2025, 2024, and 2023, contracts receivable are \$5,459, \$13,118, and \$23,452, respectively. The Organization develops an estimate of credit losses based on historical information, current conditions, and reasonable and supportable forecasts. There have been no credit losses identified from a historical perspective for the Organization nor have credit losses been identified related to current economic conditions. Management considers the receivable balance to be fully collectible, and as a result, an allowance for credit losses is not recorded.

Contribution Receivable

Contribution receivables (unconditional promises to give) are recognized as revenue in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give that is, those with a measurable performance or other barrier, and a right of return are not recognized until the conditions on which they depend have been substantially met. There were no conditional promises to give for the years ended December 31, 2025 and 2024.

PONTCHARTRAIN CONSERVANCY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025

1. Organization and Summary of Significant Accounting Policies (continued)

Contribution Receivable (continued)

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in more than one year are recorded at fair value, which is measured as the present value of their future cash flows.

An allowance for doubtful accounts on contribution receivables is based on historical experience and current economic conditions. Management has determined that all contribution receivables are collectible and therefore, no allowance for doubtful accounts has been established.

Inventories

Inventories consist of goods for sale at the New Canal Lighthouse ("Lighthouse") gift shop and are stated at the weighted-average cost method.

Other Receivables

Other receivables mainly consist of amounts due from tour groups and settlements from credit card purchases. The Organization develops an estimate of credit losses based on historical information, current conditions, and reasonable and supportable forecasts. There have been no credit losses identified from a historical perspective for the Organization nor have credit losses been identified related to current economic conditions. Management considers the receivable balance to be fully collectible, and as a result, an allowance for doubtful accounts is not recorded.

Property and Equipment

Property and equipment are recorded at cost when purchased and at fair market value when received as a donation. Expenditures for maintenance, repairs, and minor renewals are charged against earnings as incurred. Major expenditures, improvements, renewals, and betterments of \$500 or more are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Estimated useful lives of property and equipment range from 3 to 40 years. The cost and accumulated depreciation of assets sold or retired are removed from the respective accounts, and any resulting gain or loss is recorded in the change in net assets.

Revenue Recognition

The Organization utilizes the guidance in Accounting Standard Update ("ASU") 2018-08 in the assessment of whether revenue is an exchange transaction or contribution and considers factors including commensurate value received, reciprocity, and donor-imposed conditions.

The Organization recognizes contributions when cash, securities, or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. Conditional promises to give - that is, those with a measurable performance or other barrier and a right of return - are not recognized until the conditions on which they depend have been met.

1. Organization and Summary of Significant Accounting Policies (continued)

Revenue Recognition (continued)

Grant revenues are derived from cost-reimbursable federal, state, and local government grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenditures. Government contract revenues are recognized when a performance obligation is provided through a service. Amounts received prior to meeting performance requirements, incurring qualifying expenditures, or fulfilling performance obligations are reported as refundable advances in the statements of financial position. The Organization reported refundable advances related to government grants totaling \$250,452 and \$276,379 as of December 31, 2025 and 2024, respectively.

The Organization recognizes revenue from museum admissions and merchandise at the point of sale.

Special events revenue includes the cost of direct benefits to donors and contribution revenue. Direct benefits to donors for special events are generally received within the fiscal year the payments are received. If the direct benefits are received subsequent to the fiscal year end, revenue will be recognized in the period the benefits are received.

Rental revenue from the Lighthouse Museum is recognized when the performance obligation of the rental has occurred.

In-Kind Donations

The value of contributed services is recorded, at fair value, as revenues and support and expenses in the period received, provided there is an objective basis for measurement of the value of such services and they are significant, require specialized skills and form an integral part of the Organization's efforts. See Note 12 for the detail of in-kind donations for 2025 and 2024.

Income Taxes

The Organization is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and from State income taxes under Section 121(5) of Title 47 of the Louisiana Revised Statutes of 1950. Accordingly, no provision for income taxes has been included in the financial statements.

FASB ASC 740 provides detailed guidance for financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in an Organization's financial statement. As of December 31, 2025, the Organization has determined that it does not have any uncertain tax positions that qualify for either recognition or disclosure in the financial statements. Tax returns generally remain subject to examination by the taxing authorities for three years.

1. Organization and Summary of Significant Accounting Policies (continued)

Functional Expenses

The costs of providing the program services and other activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses are allocated on a reasonable basis that is consistently applied. When possible, expenses are first allocated by direct identification. If an expenditure benefits more than one program or function, the allocation is based on direct relation to each program or function. The expenses that are allocated include salaries, employee benefits, and payroll taxes which are allocated based on hours worked on each identified program or grant. Depreciation, maintenance, supplies, legal and professional fees, printing and publications, and other expenses are allocated on the basis of staff head count. Insurance and occupancy are allocated based on square footage.

Leases

The Organization has entered into several lease agreements. Determination of leases is made at inception. Operating leases are included in operating lease right-of-use (ROU) assets and operating lease liabilities on the statements of financial position.

ROU assets represent the right to use an underlying asset for the lease term, and lease liabilities represent the Organization's obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of the lease payments over the lease term. As most of the Organization's leases do not provide an implicit rate, the incremental borrowing rate is used based on the information available at commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the Organization will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

The Organization's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

Compensated Absences

The Organization currently employs a compensated absences policy to which employees earn an escalating number of paid compensation hours each year based on the length of service provided to the Organization. Employees may carry over and accumulate annual leave time up to a maximum of 120 hours without forfeiture. As of December 31, 2025 and 2024, employees of the Organization had accumulated \$59,952 and \$54,823, respectively, of employee leave benefits. These amounts are included on the statements of financial position in accrued liabilities.

Advertising Expenses

The Organization expenses advertising costs as incurred. Advertising expense was \$187,790 and \$120,223 for 2025 and 2024, respectively.

2. Cash Restricted for Program and Capital Expenditures

In accordance with Environmental Protection Agency grant agreements, the Organization is required to maintain separate checking accounts, the funds of which are restricted to the purpose of such grant agreement. As of December 31, 2025 and 2024, \$105,131 and \$199,858, respectively, was restricted for such program expenditures.

3. Liquidity and Availability

The following presents the Organization's financial assets and those available to meet general expenditures within one year at December 31:

	<u>2025</u>	<u>2024</u>
Cash and cash equivalents	\$ 259,250	\$ 296,384

Operating investments	255,627	348,159
Total	<u>\$ 993,265</u>	<u>\$ 933,913</u>

The Organization's objective is to maintain liquid financial assets without donor restrictions sufficient to cover twelve months of program expenditures.

Additionally, the Organization records in-kind donations that funded approximately 9% and 13% of annual program and supporting activities for 2025 and 2024, respectively. See Note 12 for more information regarding these donations.

4. Concentration of Credit Risk

The Organization has concentrated its credit risk for cash by maintaining deposits in financial institutions, which may at times exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation ("FDIC"). In addition, the Organization has cash equivalent accounts with a brokerage firm. The Securities Investor Protection Corporation insures these accounts up to \$250,000. The Organization has not experienced any losses and does not believe that significant credit risk exists as a result of this practice. The Organization attempts to minimize risk in this area by sweeping all funds over \$100,000 from its operating account to a nightly investment sweep account.

7. Fair Value of Financial Instruments

Under the provisions of FASB ASC Topic, *Fair Value Measurement*, fair value is defined as the price that would be received in the sale of an asset or paid in the transfer of a liability in an orderly transaction between market participants at the measurement date.

This guidance establishes a fair value hierarchy for inputs used in measuring fair market value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on the best information available in the circumstances.

PONTCHARTRAIN CONSERVANCY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025

7. Fair Value of Financial Instruments (continued)

The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1- Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities as of the reporting date. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgement.

Level 2- Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly, as of the reporting date.

Level 3- Valuations based on inputs that are unobservable and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgement or estimation.

In some instances, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such instances, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025.

Pooled Investments- The fair value is determined by use of the calculated net asset value (NAV) per ownership share.

Mutual Funds- The fair value of investments is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs due to the limited market activity of the investment.

Exchange Traded Funds - The fair value of investments is based on quoted market prices in active markets for identical securities, when available. These prices are readily observable and represent the net asset value of the underlying securities as determined by market participants. If listed prices or quotes are not available, fair value is based upon market prices provided by recognized broker dealers or other observable market inputs. If observable inputs are limited, fair value may be estimated using valuation techniques that incorporate unobservable inputs reflective of the assumptions market participants would use in pricing the investment.

The valuation of the Organization's assets measured at fair value on a recurring basis at December 31, 2025, are as follows:

Assets	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 178,675	\$ -	\$ -	\$ 178,675
Exchange Traded Funds	57,420	-	-	57,420

7. Fair Value of Financial Instruments (continued)

The valuation of the Organization's assets measured at fair value on a recurring basis at December 31, 2024, are as follows:

Assets	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 280,626	\$ -	\$ -	\$ 280,626
Exchange Traded Funds	49,667	-	-	49,667
Pooled Investment Accounts	-	31,431	-	31,431
	<u>\$ 330,293</u>	<u>\$ 31,431</u>	<u>\$ -</u>	<u>\$ 361,724</u>

A portion of the Organization's investments are held in pooled assets managed by Greater New Orleans Foundation (GNOF). The values of the Organization's investments in this pool are based on information provided by GNOF and include the use of NAV as the primary input to measure fair value. These investments are classified within Level 2 of the fair value hierarchy.

The method described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Organization believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Investment Pool includes investments in a well-diversified asset mix, which includes equity and fixed income securities as well as cash and alternative investments.

8. Endowment Fund

The Organization's endowment consist of the donor-restricted GNOF Endowment Fund, referred to as the Endowment Fund. The Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date absent explicit donor stipulations to the contrary.

As a result of this interpretation, the Organization retains in perpetuity:

- The original value of gifts donated to the Endowment,
- The original value of subsequent gifts to the Endowment, and
- Accumulations to the Endowment to the extent required by the applicable donor gift instrument.

The remaining portion of the donor-restricted Endowment Funds not retained in perpetuity is appropriated for expenditure by the Endowment Funds in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Endowment Funds consider the following factors in making a determination whether to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund
- The purpose of the Organization and donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- Other resources of the Organization
- The investment policies of the Endowment Funds

GNOF Endowment Fund

GNOF Endowment Fund is maintained and managed by the GNOF within its investment pool. The fund is invested by GNOF with an attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of these endowment assets over the long-term. Annual distributions of income from the GNOF Endowment Fund, as determined by the Board of Trustees of GNOF, are provided to the Organization.

For the year ended December 31, 2025, the GNOF Endowment Fund investment return, net totaled \$1,288. For the year ended December 31, 2024, the investment return, net totaled \$894. There were no contributions to the GNOF Endowment Fund in 2025 or 2024.

In May 2020, the Organization entered into a lease agreement with 3501 N. Causeway Associates for office space. The lease is to be paid in monthly installments based on an agreed upon rate per square foot. The rate increases \$0.75 per square foot after the 24th installment and 49th installment.

On September 30, 2025, the Organization executed an amendment to the lease agreement extending the lease term through October 31, 2030. The amendment is accounted for as a lease modification in accordance with ASC 842. 12. In-Kind Donations

The Organization receives significant in-kind contributions of time and pro bono services from members of the community and volunteers related to program operations, special events, and fund-raising campaigns. Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and otherwise would be purchased by the Organization. The Organization recognizes in-kind contributions revenue and a corresponding expense in an amount approximating the estimated fair value at the time of the donation.

All donated goods and services were utilized by Pontchartrain Conservancy's programs and supporting services. There were no donor-imposed restrictions associated with the donated goods and services. The fair market value of donated services are determined with reference to the U.S. Bureau of Labor's most recent Occupational Employment and Wage Statistics. Donated goods are valued at the prices that would be received for selling the same or similar products.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of
Pontchartrain Conservancy

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of Pontchartrain Conservancy (the "Organization"), which comprise the statement of financial position as of December 31, 2025, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 23, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Organization's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
