Independent Accountant's Report on the  
Application of Agreed-Upon Procedures

**MR. TOM GALLIGAN, INTERIM PRESIDENT  
LOUISIANA STATE UNIVERSITY  
AND A&M COLLEGE  
LOUISIANA STATE UNIVERSITY SYSTEM  
STATE OF LOUISIANA  
Baton Rouge, Louisiana**

We have performed the procedures enumerated below, which were agreed to by you, as Interim President of the Louisiana State University System (University), solely to assist you in evaluating whether the accompanying Statement of Revenues and Expenses (Statement) of the University's athletic department is in compliance with the National Collegiate Athletic Association (NCAA) Bylaw 3.2.4.15 for the year ended June 30, 2019. University management is responsible for the accuracy of the Statement (unaudited) and the related notes (unaudited) and the compliance with NCAA requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of management of the University. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose.

Procedures were not performed on specific reporting categories that were less than 4% of the total revenues or expenses.

The procedures that we performed and our findings are as follows:

**MINIMUM COMPLIANCE AGREED-UPON PROCEDURES**

**INTERNAL CONTROL**

1. We obtained, through discussion with management, the identity of those aspects of internal control that management considers unique to intercollegiate athletics.
2. We performed procedures to test specific elements of the control environment and accounting systems that are unique to intercollegiate athletics to determine

adherence to established policies and procedures relating to revenues and expenses. The following procedures were performed:

- (a) We randomly selected one football, two men's basketball, and three baseball operating revenue receipts transactions from the ticket sales category as of June 30, 2019, and followed them through the University's control system to determine adherence to established policies and procedures.
- (b) We randomly selected two team travel transactions as of June 30, 2019, and followed them through the University's control system to determine adherence to established policies and procedures.

We found no exceptions as a result of these procedures.

3. We obtained the University's procedures for gathering information on the nature and extent of affiliated and outside organization activity for or on behalf of the University's intercollegiate athletics program and performed procedures to determine the University's adherence to these procedures.

We found no exceptions as a result of these procedures.

## **STATEMENT OF REVENUES AND EXPENSES**

### **GENERAL PROCEDURES**

1. We obtained written representations from management as to the accuracy of the Statement, completeness of required schedules and related financial information, adequacy of controls, compliance with NCAA rules and legislation, completeness of the list of all known affiliated and outside organizations, and other information as we considered necessary for the fiscal year ended June 30, 2019.
2. We verified the mathematical accuracy of the amounts on the Statement and compared and agreed the amounts to supporting schedules provided by the University and/or the University's general ledger.

We found no exceptions as a result of these procedures.

3. We compared each major revenue and expense account over 10% of total revenues or expenses for June 30, 2019, to June 30, 2018, amounts and budget estimates, to identify variations greater than 10%.

We reported the analysis in Appendix A to this report.

### **MINIMUM AGREED-UPON PROCEDURES FOR REVENUES**

1. Using a schedule prepared by the University for football, baseball, and men's basketball, we compared the value of the tickets sold, complimentary tickets

provided, and unsold tickets for the reporting period per the schedule to the related revenue reported by the University in the general ledger and Statement and to the related attendance figures to determine that the variance totals less than 1%. We selected one football, one men's basketball, and one baseball game and recalculated the ticket sales based on attendance records and the University ticket policy. We also selected one football, two men's basketball, and three baseball random operating revenue receipt transactions from the ticket sales category as of June 30, 2019, and agreed to adequate supporting documentation.

We noted that the variance for baseball revenue reported in the general ledger and Statement was \$54,784, or 2.14%, more than the schedule prepared by the University. We found no other exceptions related to these procedures.

2. We obtained documentation on Tradition Fund contribution revenue. For contributions related to season tickets, this included the contribution amount for each section in the stadium and the number of seats in each section required to make the contribution. For contributions related to parking permits, this included the contribution amount for each type of parking lot and the number of parking permits in each type of lot required to make the contribution. We calculated Tradition Fund contribution revenue using this information and compared to the amount recorded in the general ledger to identify variances of 5% or greater. In addition, we reviewed supporting documentation for each contribution of monies, goods, or services received directly by an intercollegiate athletics program from any affiliated or outside organization, agency, or group of individuals (two or more) not included above (e.g., contributions by corporate sponsors) that constitutes 10% or more in the aggregate for the reporting year of all contributions received for intercollegiate athletics during the reporting period. We recalculated the totals.

We identified no variances that were 5% or greater for Tradition Fund contribution revenue and we found no exceptions as a result of these procedures.

3. We obtained and inspected agreements to understand the University's total media (broadcast, television, radio) rights received by the University or through its conference offices as reported in the Statement. We compared and agreed the media rights revenues recorded to a summary statement of all media rights identified and compared and agreed related revenues to the general ledger and the Statement. We also obtained the largest revenue receipt related to media rights and agreed to supporting documentation. We recalculated the totals.

We found no exceptions as a result of these procedures.

4. We obtained and inspected agreements related to the University's conference distributions and participation in revenues from tournaments during the reporting period to gain an understanding of the relevant terms and conditions. We compared and agreed the related revenues to the University's general ledger and the Statement. We recalculated the totals.

We found no exceptions as a result of these procedures.

5. We compared the amount recorded by the University during the reporting period for program sales, concessions, novelty sales, and parking to the general ledger detail, as well as any other corroborative supporting documents. We recalculated the totals.

We found no exceptions as a result of these procedures.

6. We randomly selected two operating revenue receipts from the program sales, concessions, novelty sales, and parking receipts category and agreed to adequate supporting documentation. We recalculated the totals.

We found no exceptions as a result of these procedures.

7. We randomly selected one operating revenue receipt from each revenue category not previously sampled and agreed to adequate supporting documentation. We recalculated the totals.

We found no exceptions as a result of these procedures.

#### **MINIMUM AGREED-UPON PROCEDURES FOR EXPENSES**

1. We selected a sample of 60 student athletes from the listing of University student aid recipients during the reporting period. We obtained individual student account detail for each selection, and compared total aid in the University's student system to the University report that ties directly to the NCAA Membership Financial Reporting System. We performed a check of each student selected to ensure his/her information was entered directly into the NCAA Membership Financial Reporting System using the criteria found in 2019 NCAA Agreed-Upon Procedures. We recalculated the totals for each sport and overall for all sports.

We found no exceptions as a result of these procedures.

2. We obtained and inspected a list of coaches and support staff/administrative personnel paid by the University and related entities during the reporting period. We examined the contracts for the two highest paid support/administrative personnel and a random sample of one support staff/administrative personnel and all head coaches from football and men's and women's basketball. The following procedures were performed:
  - (a) We compared and agreed the financial terms and conditions of each selection to the related salaries, benefits, and bonuses recorded by the University and related entities in the Statement during the reporting period.

- (b) We obtained and inspected payroll summary registers for the reporting year for each selection.
- (c) We compared and agreed payroll summary registers for each selection to the related salaries, benefits, and bonuses paid by the University and related entities' expense recorded by the University in the Statement during the reporting period.
- (d) We compared and agreed the totals recorded to any employment contracts executed for the sample selected.
- (e) We recalculated the totals.

We noted a variance of \$5,707 when comparing the payroll summary register to the amount recorded by the University in the Statement for one of the two highest paid support staff/administrative personnel. The difference was due to an error by non-athletic administrative staff that coded salary to the incorrect LSU campus.

- 3. We obtained and documented the University's team travel policies, and compared and agreed the University's team travel policies to existing University and NCAA-related policies. In addition, we obtained the general ledger detail and compared the detail to the total expenses reported. We randomly selected a sample of two team travel expenses and validated the existence of the transaction and accuracy of recording. We recalculated the totals.

We found no exceptions as a result of these procedures.

- 4. We obtained a listing of debt service schedules, lease payments, and rental fees for athletics facilities and compared the two largest facility payments to additional supporting documentation. We compared amounts recorded to the general ledger detail. We recalculated the totals.

We found no exceptions as a result of these procedures.

- 5. We randomly selected a sample of one expense from each category not previously mentioned above and validated the existence of the transaction and accuracy of recording. We also obtained the general ledger detail and compared to the total expenses reported. We recalculated the totals.

We found no exceptions as a result of these procedures.

#### **MINIMUM AGREED-UPON PROCEDURES FOR OTHER REPORTING ITEMS**

- 1. We obtained the general ledger detail for excess transfers to the University and compared the detail to the total expenses reported. We selected a sample of one transaction to validate the existence of the transaction and the accuracy of its recording. We recalculated the totals.

We found no exceptions as a result of these procedures.

2. We obtained the repayment schedules and general ledger detail for all outstanding intercollegiate athletics debt during the reporting period. We recalculated the annual maturities provided in the schedules obtained. We agreed the total annual maturities and total outstanding athletic debt to supporting documentation.

We found no exceptions as a result of these procedures.

3. We agreed the total outstanding University debt to supporting documentation and the University's general ledger.

We found no exceptions as a result of these procedures.

4. We obtained the schedule and general ledger detail of all athletics dedicated endowments maintained by athletics, the University, and affiliated organizations. We agreed the fair market value in the schedule to the supporting documentation and the general ledger.

We found no exceptions as a result of these procedures.

5. We agreed the total fair market value of University endowments to supporting documentation.

We found no exceptions as a result of these procedures.

6. We obtained a schedule of athletics-related capital expenditures made by athletics, the University, and affiliated organizations during the reporting period. We obtained the general ledger detail and compared the detail to the total expenses reported. We selected a sample of one transaction to validate the existence of the transaction and the accuracy of its recording. We recalculated the totals.

We found no exceptions as a result of these procedures.

#### **MINIMUM AGREED-UPON PROCEDURES FOR NOTES AND DISCLOSURES**

1. We obtained from University management a list of contributions of monies, goods, or services received directly by the intercollegiate athletics program from any affiliated or outside organization, agency, or group of individuals (e.g., contributions by corporate sponsors) that constitutes 10% or more of all contributions received for intercollegiate athletics during the reporting period, and ensured the source(s) of the funds, goods, and services, as well as the value associated with these items, were properly disclosed in the notes to the Statement.

We noted the Tiger Athletic Foundation (TAF) is the only outside organization that provided total contributions of monies, goods, or services to the athletic

department that exceeded 10% of the total contributions received (see note 1 to the Statement).

2. We obtained a description of the University's policies and procedures for acquiring, approving, depreciating, and disposing of intercollegiate athletics-related assets. We ensured that the University's policies and procedures are properly disclosed within the notes to the Statement.

We found no exceptions as a result of these procedures (see note 2 to the Statement).

3. We obtained from University management the repayment schedules for all outstanding intercollegiate athletics debt maintained by the University during the reporting period. We ensured the repayment schedule is properly disclosed within the notes to the Statement.

We found no exceptions as a result of these procedures (see note 3 to the Statement).

#### **MINIMUM AGREED-UPON PROCEDURES FOR AFFILIATED AND OUTSIDE ORGANIZATIONS**

1. We obtained from management a listing of all affiliated and outside organizations for the reporting period. We obtained written representations from management that TAF and the LSU Track and Field Officials Association are the only outside organizations created for or on behalf of the athletic department.

We found no exceptions as a result of these procedures.

2. We obtained from management of the University statements for all affiliated and outside organizations and confirmed revenues and expenses directly with a responsible official of the organization.

We found no exceptions as a result of these procedures.

3. We obtained from University management a summary schedule of revenues and expenses for or on behalf of intercollegiate athletics programs by affiliated and outside organizations not under the accounting control of the University to be included with the agreed-upon procedures report. We obtained written representations from management as to the accuracy of the summary schedule. The following is the summary of revenues and expenses for or on behalf of intercollegiate athletics programs by TAF for the year ended December 31, 2018:

	Football	Men's Basketball	Women's Basketball	Other Sports	Non-Program Specific	Total

In addition to the operating contributions listed above, TAF also made capital contributions totaling \$8,197,529 through donations of Tiger Stadium renovations, Game Day Parking, LSU Beach Volleyball and Men's Basketball Graphics, the Billy Cannon Statue, the Tiger Habitat Renovations, and Multi-Facility Technology Enhancements. TAF distributions to or on behalf of the University for both restricted and unrestricted purposes included \$1,415,393 from booster clubs; and \$249,983 from affiliated chapters.

The LSU Track and Field Officials Association does not make any disbursements on behalf of the athletic department. Instead, the LSU Track and Field Officials Association supports athletics with direct contributions to TAF. For the year ended December 31, 2018, the LSU Track and Field Officials Association donated \$90,000 to TAF.

- For all outside organizations that had an independent audit, we obtained the independent auditor's report to identify any significant deficiencies relating to the outside organization's internal controls. We were to make inquiries of management to document any corrective action taken in response to the significant deficiencies.

TAF's statements were audited by an independent certified public accountant for the years ended December 31, 2018, and 2017. The audit report was dated April 25, 2019, and did not include a report on internal control.

## **ADDITIONAL MINIMUM AGREED-UPON PROCEDURES**

1. In order for the NCAA to place reliance on the Division I financial reporting to calculate the NCAA revenue distributions, we performed the following procedures:
  - (a) We compared and agreed the sports sponsored and reported in the NCAA Membership Financial Reporting System to the supporting equivalency calculations from the institution.
  - (b) We compared current-year Grants-in-Aid revenue distribution equivalencies to prior-year reported equivalencies per the Membership Financial Report submission and obtained an explanation for any variance greater than +/- 4%.
  - (c) We obtained the University's Sports Sponsorship and Demographics Forms Report for the reporting year. We validated that the countable sports reported by the University met the minimum requirements set forth in Bylaw 20.9.6.3 for the number of contests and the number of participants. Once countable sports were validated, we ensured the University properly reported these sports as countable for revenue distribution purposes within the NCAA Membership Financial Reporting System.
  - (d) We compared the current-year number of Sports Sponsored to the prior-year reported total per the Membership Financial Report submission. We obtained an explanation for any variance.
  - (e) For Pell Grants, we agreed the total number of Division I student athletes who, during the academic year, received a Pell Grant award and the total value of these Pell Grants reported in the NCAA Membership Financial Reporting System to a report, generated out of the University's financial aid records, of all student-athlete Pell Grants.
  - (f) We compared the current-year Pell Grants total to the prior-year reported total in the Membership Financial Report submission and obtained an explanation for any variance greater than +/- 20 grants.

We found no exceptions as a result of these procedures.

We were not engaged to, and did not, conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the compliance of the accompanying Statement and related notes of the University's Athletic Department or on its compliance with NCAA Bylaw 3.2.4.15 or on the effectiveness of the University Athletic Department's internal control over financial reporting for the year ended June 30, 2019. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Interim President of the University and is not intended to be, and should not be, used by anyone other than this specified party. By provisions of state law, this report is a public document, and it has been distributed to appropriate public officials.

Respectfully submitted,

### INTRODUCTION

Louisiana State University and A&M College (LSU), a part of the Louisiana State University System, is a publicly-supported institution of higher education. The system is a component unit of the state of Louisiana within the executive branch of government. The LSU Athletic Department is a part of the operations of LSU's auxiliary enterprises. LSU uses the fiscal year July 1 through June 30 for financial reporting purposes.

The LSU Athletic Department is supported by the Tiger Athletic Foundation (TAF). TAF was founded on May 17, 1983, as a nonprofit corporation under Louisiana Revised Statute 12:201(7). TAF's primary objective is to encourage support and raise funds for LSU and its intercollegiate athletics program. Funds are primarily used to defray the costs of scholarships, to help maintain and improve LSU's athletic facilities, and to retire present indebtedness. TAF is governed by a board of directors elected from its membership. TAF's activities are monitored by the board of directors in cooperation with and approval of the LSU Athletic Department. TAF escrow accounts, which include booster clubs and affiliated chapters, are deposits in which TAF acts as custodian or fiscal agent on behalf of booster organizations. TAF acts as a nonaffiliated party to oversee the revenues generated by booster clubs and affiliated chapters and to provide institutional control as required by NCAA rules. TAF uses the calendar year for financial reporting purposes.

The accompanying statement of revenues and expenses presents information as to the transactions for the intercollegiate athletics program of both LSU and TAF for their fiscal years ended June 30, 2019, and December 31, 2018, respectively.

### 1. CONTRIBUTIONS

No individuals or outside organizations, other than TAF, contributed monies, goods, or services for or on behalf of the athletic department that exceeded 10 percent of the total contributions included in Statement A.

The athletic department received non-capital contributions totaling \$15,891,073 from TAF for the year ended December 31, 2018. Contributions on Statement A reflect gifts in the form of goods, services, and benefits paid for or on behalf of the athletic department.

### 2. CAPITAL ASSETS

Capital assets are reported at cost at the date of acquisition or their estimated acquisition value at the date of donation. For movable property, the University's capitalization policy includes all items with a unit cost of \$5,000 or more and an estimated useful life greater than one year. Renovations to buildings, infrastructure, and land improvements that total \$100,000 or more and significantly increase the value or extend the useful life of the structure are capitalized. Routine

repairs and maintenance are charged to operating expense in the year in which the expense is incurred. Depreciation is computed using the straight-line method over the estimated useful life of the assets, generally 40 years for buildings and infrastructure, 20 years for depreciable land improvements, and 3 to 10 years for most movable property. All departments within the University follow standardized policies and procedures for acquiring, approving, depreciating, and disposing of capital assets.

#### Cooperative Endeavors - Expansion of Tiger Stadium

On December 21, 1998, LSU entered into a cooperative endeavor agreement with TAF for an addition to the east side of Tiger Stadium. TAF agrees to lease a parcel of land located adjacent to Tiger Stadium for up to 50 years and to construct additional seats on the land as part of Tiger Stadium, including approximately 70 skyboxes. LSU will lease these stadium improvements from TAF for \$2 million per year for a 35-year lease term or until TAF donates such improvements to LSU. The estimated value to LSU of this addition over the term of the agreement is approximately \$49 million. The cooperative endeavor agreement will end on April 4, 2049.

On September 26, 2003, LSU entered into a cooperative endeavor agreement with TAF for the expansion and renovation of the west side of Tiger Stadium. TAF agrees to lease land and certain existing improvements for expanding and renovating facilities and to complete general stadium improvements. Effective September 1, 2005, LSU leased these improvements from TAF for \$2.5 million per year for a 35-year lease term or until TAF donates such improvements to LSU. The estimated value to LSU of this addition over the term of the agreement is approximately \$100 million. This agreement is scheduled to expire on March 31, 2041.

TAF entered into a Cooperative Endeavor and Lease Agreement with the Board of Supervisors of LSU. The Lease Agreement stipulates that TAF will lease from LSU certain land (Ground Lease) and existing improvements thereon (Facilities Lease) in order to provide necessary, new, expanded and renovated Facilities/South, South End Zone Scoreboards and Olympic Sports Improvements, all as defined by LSU. TAF entered into the Cooperative Endeavor for the purpose of, and shall have the continuing obligation of, developing and constructing the Facilities/South and South End Zone Scoreboards in accordance with plans and specifications approved by LSU, and shall ensure the maintenance, operation, management and replacement of the Facilities/South and South End Zone Scoreboards. TAF shall expend a total amount, including for both hard and soft costs, of \$100 million for the financing, design, development, performance and construction of the Facilities/South and Olympic Sports Improvements in accordance with the plans and specifications approved by LSU. The expenditures necessary for the South End Zone Scoreboards will be outside of and in addition to the \$100,000,000.

The term of the Ground Lease between LSU and TAF is 50 years; however, it will terminate with the Cooperative Endeavor, when, and if, the Facilities/South are donated by TAF to LSU. The Facilities Lease is scheduled to terminate June 30, 2049; however, LSU may terminate the lease at any time after the Bonds referred to in note 3, are paid in full or legally defeased. TAF is committed to an annual rent of \$25,000 for the land. Upon completion of the Facilities/South, TAF will lease to LSU a portion of that Facilities/South. Under the terms of this lease, and with

anticipated completion of the construction prior to the start of the 2014 LSU football season, LSU will pay TAF \$4,000,000, annually, beginning September 1, 2014.

#### Property and Equipment - TAF

The purchase of property and equipment is recorded at cost. Donations of property and equipment are recorded as support at their estimated fair value. Such donations are reported as revenues without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as revenues with donor restrictions. It is TAF's policy to capitalize all fixed asset purchases greater than \$1,000. Property and equipment is depreciated using the straight-line method over estimated useful lives of 5 to 50 years.

Construction-in-progress and other additions are stated at cost and represent costs of construction. During the construction period, interest will be capitalized on all qualifying expenditures.

**NOTES:**

1. This increase was caused by the following: (1) There was a \$1.6 million increase in the football tradition fund from fiscal year (FY)18 to FY19, (2) TAF contributions amounts reported for men's basketball, baseball, men's tennis, and women's tennis significantly increased.
2. This increase was caused by the following: multiple analysts were added to the football staff totaling approximately \$430,000; an increase of approximately \$550,000 in transient wages for athletic events and additional staff needed for the 2019 Bayou Country Superfest; an increase of approximately \$435,000 in staff wages related to the weight room; an increase of approximately \$320,000 in staff wages related to athletic administration; and an increase of approximately \$290,000 in wages for the athletics facilities staff.
3. This increase was caused by the following: FY19 saw an increase in non-sport specific TAF totals from \$6.1 million on the FY18 report to \$10.9 million on the FY19 report. This was primarily due to more than \$3.4 million in expenses related to audio/visual equipment that was purchased through TAF during FY19.
4. This increase was due to the following: The Athletic Department only budgets for post-season events it knows it will participate in, such as the SEC post-season events that all schools participate in. LSU incurred post-season expenses for the Fiesta Bowl, and other sports teams made significant progress in NCAA events. The Fiesta Bowl was not budgeted for and costs associated with the game amounted to \$2.65 million for FY19.
