Management is responsible for the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Mayfair Park/Park East/Heights Crime Prevention and Improvement District as of and for the year ended December 31, 2022, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position and activities. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Management has elected to omit certain required supplementary information, such as management's discussion and analysis and budgetary comparison information, that the Governmental Accounting Standards Board requires to be presented to supplement the basic financial statements. Such missing information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

SCHEDULE OF PRIOR YEAR FINDINGS AND RESPONSES

Year Ended December 31, 2022

---

Findings for the year ended December 31, 2021, as noted in the accountant's report dated October 24, 2022 were as follows.

Finding No. 2021-001 – Report Submission

The District did not submit compiled financial statements to the Louisiana Legislative Auditor within the period prescribed by applicable regulations. The District's outside accountant experienced delays in completing its required peer review, which delayed the acceptance of the engagement with the Legislative Auditor's office. On behalf of the District, the accountant requested an extension of time to complete the engagement, which was originally approved, but subsequently denied after the submission deadline had passed. The submission of the prior year financial statements should satisfy the reporting requirements for the prior year. The delay in submitting the required financial statements was considered beyond the control of management, as they were aware of the delay preventing them from pursuing other options in order to be in compliance. No future issues were anticipated related to this matter, and no further recommendations were considered necessary. No similar finding was noted in the current period (see Schedule of Findings).
