ACCOUNTANTS' COMPILATION REPORT

To the Members of the Board of Commissioners
Webster Parish Fire Protection District No. 5,
Component Unit of Webster Parish Police Jury
Sarepta, Louisiana

Management is responsible for the accompanying financial statements of the governmental activities of the Webster Parish Fire Protection District No. 5, as of and for the year ended June 30, 2019, which collectively comprise the District's basic financial statements as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statement on Standards for Accounting and Review Services promulgated by the Accounting and Review Service Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position, results of operations, and cash flows. Accordingly, these financial statements are not designed for those who are not informed about such matters.

Management has not presented the management's discussion and analysis information that the Governmental Accounting Standards Board has determined is required to supplement, although not required to be a part of, the basic financial statements.

Accounting principles generally accepted in the United States of America require that the management's budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have compiled the supplementary information from information that is the representation of management. This information was subject to our compilation engagement, however, we have not audited or reviewed the required supplemental information and, accordingly, do not express an opinion, a conclusion, nor provide any form of assurance on such information.

The Schedule of Per Diem Paid to Board Members, Schedule of Compensation, Benefits and Other Payments to Agency Head or Executive Officer, Summary Schedule of Prior Year Findings, and Corrective Action Plan for Current Year Findings are presented for purposes of additional analysis and are not a required part of the financial statements. The information is the representation of management. The information was subject to my compilation engagement, but we have not audited or reviewed the supplementary information and, accordingly, do not express an opinion, a conclusion, nor provide any assurance on such information.

We are not independent with respect to Sarepta Waterworks District.
