#### INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners Houma-Terrebonne Regional Planning Commission Terrebonne Parish Consolidated Government Houma, Louisiana

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities of the Houma-Terrebonne Regional Planning Commission (HTRPC), a component unit of the Terrebonne Parish Consolidated Government, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise HTRPC's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the Houma-Terrebonne Regional Planning Commission, as of December 31, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Budgetary Comparison Schedule on pages 4-7 and 21 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Houma-Terrebonne Regional Planning Commission's basic financial statements. The Schedule of Compensation, Benefits and Other Payments to Agency Head on page 22 is presented for purposes of additional analysis and is not a required part of the financial statements.

The Schedule of Compensation, Benefits and Other Payments to Agency Head is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits and Other Payments to

Agency Head is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 7, 2021, on our consideration of HTRPC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering HTRPC's internal control over financial reporting and compliance.

Houma, Louisiana April 7, 2021

#### **MANAGEMENT'S DISCUSSION AND ANALYSIS**

Management's Discussion and Analysis December 31, 2020

As management of the Houma-Terrebonne Regional Planning Commission (HTRPC), we offer readers of HTRPC's financial statements this narrative overview and analysis of the financial activities of HTRPC for the year ended December 31, 2020.

#### **FINANCIAL HIGHLIGHTS**

- Houma-Terrebonne Regional Planning Commission's assets exceeded its liabilities by \$65,535 (net position) as of December 31, 2020.
- Expenses exceeded revenues by \$12,987 during the year.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis serve as an introduction to HTRPC's basic financial statements. The Houma-Terrebonne Regional Planning Commission's basic financial statements consist of the following:

**Statement of Net Position**. This statement combines and consolidates the governmental fund's current financial resources (short-term spendable resources) with capital assets and long-term obligations, regardless if they are currently available or not.

**Statement of Activities**. Consistent with the full accrual basis method of accounting, this statement accounts for the entity-wide current year revenues and expenses regardless of when cash is received or paid.

Balance Sheet- Governmental Fund Type-General Fund. This statement presents the HTRPC's assets, liabilities, and fund balances for its general fund only.

Statement of Revenues, Expenditures, and Change in Fund Balance-Governmental Fund Type-General Fund. Consistent with modified accrual basis method of accounting, this statement accounts for current year revenues when received except when they are measurable and available. Expenditures are accounted for in the period that goods and services are used in the government's activities. In addition, capital asset purchases are expensed and not recorded as an asset. The statement also exhibits the relationship of revenues and expenditures with the change in net position.

**Notes to the Financial Statements**. The accompanying notes provide additional information essential to a full understanding of the data provided in the basic financial statements.

Management's Discussion and Analysis December 31, 2020

#### **BASIC FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of HTRPC, assets exceeded liabilities by \$65,535 at the close of the most recent year, December 31, 2020. The largest portion of HTRPC's total assets is cash (99%).

#### HTRPC's Net Position

	December 31,					
	•	2020		2019		
ASSETS						
Cash	\$	84,917	\$	74,647		
Receivables		375	-	2,749		
Total assets	\$	85,292	\$	77,396		
LIABILITIES						
Accounts payable	\$	6,757	\$	874		
Cash bonds payable		15,000		-		
Total liabilities		21,757		874		
NET POSITION Unrestricted		63,535	-	76,522		
TOTAL LIABILITES AND NET POSITION	\$	85,292	\$	77,396		

- Total assets increased by \$7,896.
- Total liabilities increased by \$20,883.

The increase in total assets is due to the increase in cash.

Management's Discussion and Analysis December 31, 2020

During the year, HTRPC's net position decreased by \$12,987. The elements of the decrease are as follows:

#### HTRPC's Changes in Net Position

	Year Ended December 31,				
		2020		2019	
REVENUES					
Filing fees	\$	21,188	\$	33,263	
Interest income		123	8	176	
Total revenues		21,311	8	33,439	
EXPENDITURES					
Supplies and materials		9,448		8,901	
Personal services		3,983		4,467	
Other services and charges		20,867		7,856	
Total expenditures		34,298		21,224	
CHANGE IN NET POSITION	_\$_	(12,987)	_\$_	12,215	

The decrease in change in net position is primarily due to the decrease in filing fees and increase in other services and charges.

#### CAPITAL ASSETS

As of December 31, 2020, the Commission had \$103,894 of capital assets that were fully depreciated. In the current year, there were no assets purchased meeting the capitalization policy of \$1,000 or disposed of, and no depreciation expense.

#### BUDGET

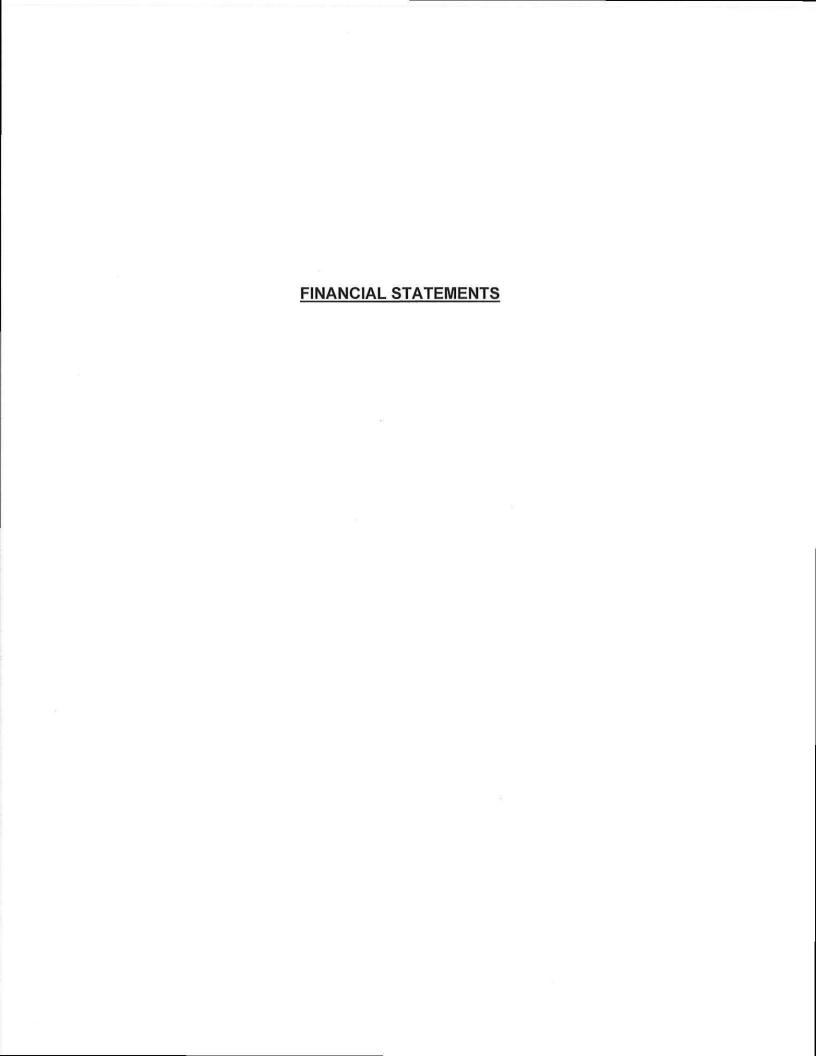

The Commission amended its budget twice during the fiscal year. The budget for revenues was \$25,120 and the budget for expenditures was \$35,982.

The Commission's actual revenues were less than the budgeted revenues by \$3,809, an unfavorable variance of 15.2%. The Commission's actual expenditures were less than the budgeted expenditures by \$1,684, a favorable variance of 4.7%.

Management's Discussion and Analysis December 31, 2020

#### REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of HTRPC's finances for all those with such an interest. Call the HTRPC office (985-873-6733) and ask for Rhonda Samanie, budget assistant, if you should have any further questions concerning any of the information provided in this report or have a request for additional financial information.

Change in fund balance - governmental fund	\$	(12,987)
Amounts reported for governmental activities in the statement of activities are different because:  Government fund reports capital outlays as expenditures whereas in the statement of activities these costs are depreciated over their estimated useful lives		
Depreciation expense		
Change in net position of government activities	\$	(12,987)

Notes to the Financial Statements For the Year Ended December 31, 2020

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Because the Terrebonne Parish Consolidated Government appoints the governing board and thusly can impose its will, the Houma-Terrebonne Regional Planning Commission was determined to be a component unit of the Terrebonne Parish Consolidated Government, the governing body of the parish and the governmental body with financial accountability. The accompanying financial statements present information only on the funds maintained by the Commission and do not present information on the Consolidated Government, the general government services provided by that governmental unit, or the other governmental units that comprise the governmental reporting entity.

The accounting policies of the Commission conform to accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of significant accounting policies:

#### A. REPORTING ENTITY

The Commission is a component unit of Terrebonne Parish Consolidated Government (the Parish) and, as such, these financial statements will be included in the comprehensive annual financial report (CAFR) of the Parish for the year ended December 31, 2020. The Commission has reviewed all of its activities and determined that there are no potential component units that should be included in its financial statements.

#### **B. BASIS OF PRESENTATION**

GASB Statements establish standards for external financial reporting for all state and local governmental entities which includes a statement of net position and a statement of activities. It requires the classification of net position into three components – net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net investment in capital assets— This component of net position consists of capital assets, net of accumulated depreciation and reduced by the balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

Restricted – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Notes to the Financial Statements For the Year Ended December 31, 2020

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Unrestricted – This component of net position consists of net position that does not meet the definition of restricted or investment in capital assets, net of related debt.

Fund balance classifications are defined as follows:

Nonspendable – This component of fund balance includes amounts that cannot be spent due to form, including inventories and prepaid amounts. Also included are amounts that must be maintained intact legally or contractually.

Restricted – This component of fund balance includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed – This component of fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the Commission's highest level of decision-making authority. The Board of Commissioners must vote on commitments.

Assigned – This component of fund balance is intended to be used by the Commission for specific purposes but do not meet the criteria to be classified as restricted or committed. The Board of Commissioners can vote on applicable assigned amounts.

Unassigned – This component of fund balance is the residual classification for the Commission's general fund and includes all spendable amounts not contained in the other classifications.

Stabilization Funds – This component of fund balance covers such things as revenue, shortfalls, emergencies, or other purposes. The authority to set aside resources often comes from a statute, ordinance, or constitution.

The Commission's basic financial statements consist of the government-wide statements on all activities of the Commission and the governmental fund financial statements.

Government-wide Financial Statements:

The government-wide financial statements include the Statement of Net Position and the Statement of Activities for all activities of the Commission. The government-wide presentation focuses primarily on the sustainability of the Commission as an entity and the change in aggregate financial position resulting from the activities of the fiscal period.

Governmental activities generally are financed through filing fees.

Notes to the Financial Statements For the Year Ended December 31, 2020

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

#### Fund Financial Statements:

The daily accounts and operations of the Commission are organized on the basis of a fund and accounts groups, each of which is considered a separate accounting entity. The operations of the fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, equity, revenues, and expenditures. Government resources are allocated to and accounted for in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The following is the Governmental Fund of the Commission:

**General Fund** – The General Fund is the general operating fund of the Commission. It is used to account for all financial resources except those that are required to be accounted for in another fund.

#### C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### Government-wide Financial Statements:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

#### Fund Financial Statements:

All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (revenues and other financing sources) and decreases (expenditures and other uses) in net current assets. Governmental funds are maintained on the modified accrual basis of accounting.

Governmental fund revenues resulting from exchange transactions are recognized in the fiscal year in which the exchange takes place and meets the government's availability criteria

Notes to the Financial Statements For the Year Ended December 31, 2020

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

(susceptible to accrual). Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For this purpose, the Commission considers revenues to be available if they are collected within 60 days of the end of the current fiscal year.

Charges for services are recorded when earned since they are measurable and available. Miscellaneous revenues are recorded as revenues when received in cash by the Commission because they are generally not measurable until actually received.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Allocations of cost such as depreciation are not recognized in the governmental funds.

#### D. CASH AND CASH EQUIVALENTS

The Commission considers all highly liquid investments purchased with an initial maturity of three months or less to be cash equivalents.

#### E. ACCOUNTS RECEIVABLE

The financial statements for the Commission contain no allowance for uncollectible accounts. Uncollectible amounts are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable. These amounts are not considered to be material in relation to the financial positions or operations of the funds.

#### F. CAPITAL ASSETS

The accounting treatment over property, plant and equipment (capital assets) depends on whether the assets are reported in the government-wide or fund financial statements.

Government-wide Financial Statements:

In the government-wide financial statements, fixed assets are accounted for as capital assets. Assets purchased or acquired with an original cost of \$1,000 or more are capitalized and valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position.

Notes to the Financial Statements For the Year Ended December 31, 2020

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives is 5 - 7 years.

#### Fund Financial Statements:

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

#### G. OPERATING BUDGETARY DATA

As required by the Louisiana Revised Statutes 39:1303, the Board of Commissioners (the Board) adopted a budget for the Commission's General Fund. Any amendment involving the transfer of monies from one function to another or increases in expenditures must be approved by the Board. The Commission amended its budget twice during the year. All budgeted amounts which are not expended, or obligated through contracts, lapse at year-end.

The General Fund budget is adopted on a basis materially consistent with accounting principles generally accepted in the United States of America. The General Fund budget presentation is included in the basic financial statements.

#### H. ENCUMBRANCES

The Commission does not utilize encumbrance accounting, under which purchase orders, contracts and other commitments are recorded in the fund general ledgers.

#### I. VACATION AND SICK LEAVE

The Commission has no employees. There is no accumulated unpaid vacation and sick leave as of December 31, 2020.

#### J. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes to the Financial Statements For the Year Ended December 31, 2020

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont.)

#### K. RECENT PRONOUNCEMENT

GASB Statement No. 84, "Fiduciary Activities," improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (I) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. An activity meeting the criteria should be reported in a fiduciary fund in the basic financial statements. This Statement also provides for recognition of a liability to the beneficiaries in a fiduciary fund when an event has occurred that compels the government to disburse fiduciary resources. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Management has implemented this Statement, resulting in no material effect on the financial statements.

#### **NOTE 2 – DEPOSITS**

Louisiana state law allows all political subdivisions to invest excess funds in obligations of United States or other federally insured investments, certificates of deposit of any bank domiciled or having a branch in the state of Louisiana, guaranteed investment contracts and investment grade (A-1/P-1) commercial paper of domestic corporations. State law requires that deposits (cash and certificates of deposits) of all political subdivisions be fully collateralized at all times. Acceptable collateralization includes FDIC insurance and the market value of securities purchased and pledged to the political subdivision. Obligations of the United States, the State of Louisiana, and certain political subdivisions are allowed as security for deposits. Obligations furnished as security must be held by the political subdivision or with an unaffiliated bank or trust company for the account of the political subdivisions. The year-end balance of deposits is as follows:

	Bank	Reported	
	Balance	Amount	
Cash and cash equivalents	\$ 85,148	\$ 84,917	

Custodial credit risk is the risk that in the event of a bank failure, the Commission's deposits may not be returned to it. As of December 31, 2020, none of the Commission's deposits of were exposed to credit risk as these deposits were insured in accordance with state law by FDIC coverage.

Notes to the Financial Statements For the Year Ended December 31, 2020

#### **NOTE 3 – CHANGES IN CAPITAL ASSETS**

Capital assets are valued at historical cost. Depreciation of all capital assets is calculated over the estimated useful lives using the straight-line method (5 - 7 years). Capital asset activity for the year ended December 31, 2020 was as follows:

		ary 1, 020	Additions Deletions		De	cember 31, 2020	
Capital assets Accumulated depreciation	\$103,894 (103,894)		\$	-	\$ -	\$	103,894 (103,894)
Total capital assets, net	\$	-	\$	-	\$ 	\$	-

#### NOTE 4 – COMPENSATION OF COMMISSIONERS

The following amounts were paid to commissioners for the year ended December 31, 2020:

Commissioner	Total	
Rachael Ellender	\$	550
Dr. L.A. "Budd" Cloutier, Jr.		500
Kyle Faulk		500
Keith Kurtz		450
Barry Soudelier		450
Wayne Thibodeaux		400
Robbie Liner		400
Joseph "Joey" Cehan, Jr.		350
Jan J. Rogers		50
Philip Livas		50
	\$	3,700

#### **NOTE 5 – IN-KIND SERVICES**

The Terrebonne Parish Consolidated Government provided clerical, accounting, legal, administrative, and engineering services at no charge to the Commission during the year ended December 31, 2020.

Notes to the Financial Statements For the Year Ended December 31, 2020

#### NOTE 6 – TRANSACTION WITH THE PRIMARY GOVERNMENT

During the year ended December 31, 2020, the Commission did not assist Terrebonne Parish Consolidated with the funding of any projects. The only transactions the Commission and Terrebonne Parish Consolidated were involved with were standard recurring transactions.

#### **NOTE 7 – LITIGATION AND CLAIMS**

At December 31, 2020, the Commission had no litigation or claims pending.

#### **NOTE 8 – SUBSEQUENT EVENTS**

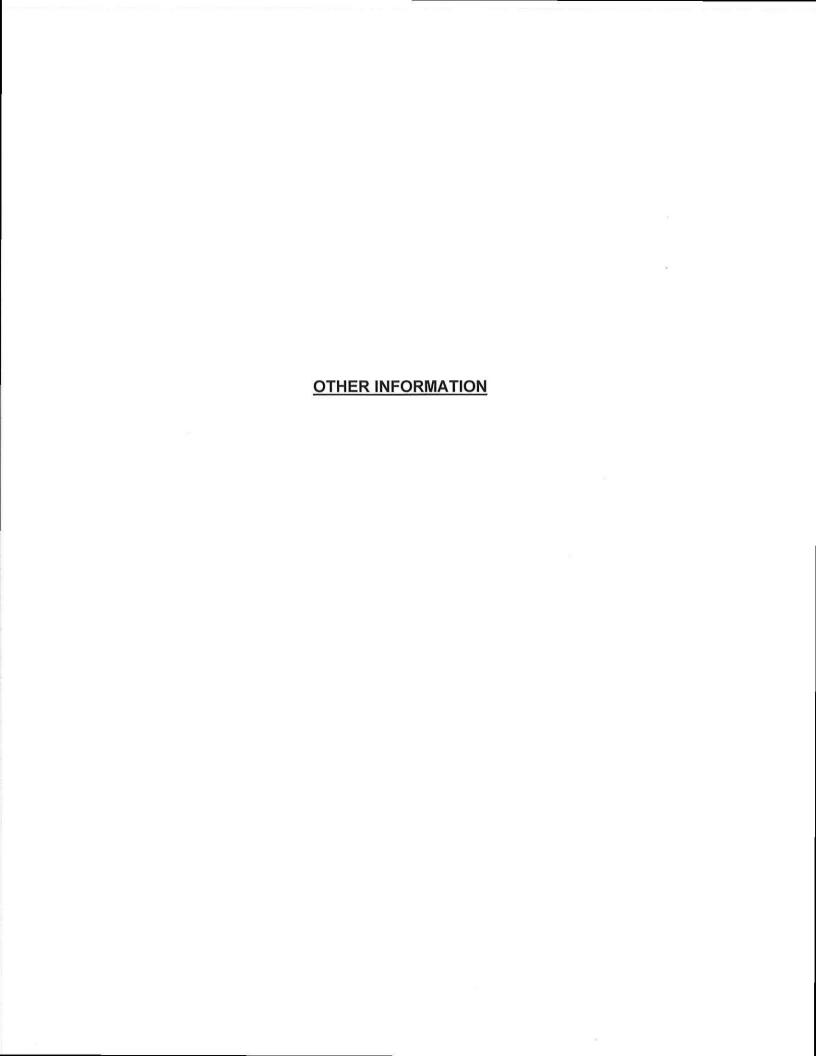

Subsequent events were evaluated by management through March 7, 2021, which is the date the financial statements were available to be issued, and it was determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners Houma-Terrebonne Regional Planning Commission Terrebonne Parish Consolidated Government Houma, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Houma-Terrebonne Regional Planning Commission (the Commission) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated April 7, 2021.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but do not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*, and which is described in the accompanying schedule of findings and responses as item 2020-001.

#### The Commission's Response to Findings

The Commission's response to the finding identified in our audit is described in the accompanying schedule of findings and responses. The Commission's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Houma, Louisiana April 7, 2021

Schedule of Prior Findings and Responses For the Year Ended December 31, 2020

#### Section I – Summary of Auditor's Results

- 1. The auditor's report expresses an unmodified opinion on the financial statements of the Houma-Terrebonne Regional Planning Commission.
- No deficiencies in internal control over financial reporting were noted during the audit of the financial statements.
- 3. One instance of noncompliance or other matters required to be reported under *Government Auditing Standards* was noted during the audit of the financial statements.
- A management letter was not issued.
- 5. The Commission did not receive or expend federal awards during the year.

#### Section II - Financial Statement Findings

#### 2020-001 - Budget Amendment

Statement of Condition: The Commission amended its budget two times during the year. However, budgeted revenues exceeded actual revenues by greater than 5% at year end.

Criteria: Louisiana Revised Statutes 39:1310 and 1311 require governmental entities to adopt a budget amendment if there is a 5% unfavorable variance in revenues or expenditures.

Effect of Condition: Management of the Commission amended the budget during the year, but did not prevent an unfavorable variance greater than 5% at year end.

Cause of Condition: Management monitored the budget based on the cash basis of accounting. The collection of prior year accounts receivable caused the unfavorable variance.

Recommendation: We recommend that the Commission adopt procedures that will require it to monitor budget on the modified accrual basis of accounting and to amend the budget when a 5% or greater unfavorable variance in revenues or expenditures is identified.

Planned Action: The Commission will implement the recommendation as detailed above.

#### Section III - Federal Awards

No federal awards were received during the year.

Schedule of Prior Findings and Responses For the Year Ended December 31, 2020

Note: The prior findings related to the December 31, 2019 audit engagement.

#### <u>Section I – Internal Control and Compliance Material to the Financial Statements</u>

This section is not applicable.

#### Section II – Internal Control and Compliance Material to Federal Awards

This section is not applicable.

#### Section III - Management Letter

This section is not applicable.
