INDEPENDENT AUDITOR'S REPORT

Thirty-First Judicial District Public Defenders Office
Jefferson Davis Parish Police Jury
Jennings, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and the major fund information of the Thirty-First Judicial District Public Defender's Office (Public Defender), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Public Defender's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund information of the Public Defender, as of June 30, 2022, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Public Defender and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Public Defender's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Public Defender's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Public Defender's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 27 to 29 and the required supplementary information entitled Additional Pension/ Retirement Information on pages 30 to 32 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted a management’s discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Public Defender’s financial statements as a whole. The accompanying supplemental information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements.

The accompanying supplemental information, as listed in the table of contents (page 34 to 35), is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information, as listed in the table of contents, is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2022, on our consideration of the Public Defender’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Public Defender’s internal control over financial reporting and compliance.

Statement D

Total Net Change in Fund Balance - Governmental Funds (Statement C) \$ (180,247)

Amounts reported for governmental activities in the statement of activities are different because:

In statement of activities pension expense is based on proportionate share computation based on changes in total net pension liability, and in governmental funds pension expense is measured by the amount of financial resources used (essentially employer contribution paid). 14,990

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeds capital outlays in the period:

Capital outlays	<u>-</u>	(1,002)

In the statement of activities, certain operating expenses - compensated absences (vacations and other absences) - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid):

NOTES TO THE BASIC FINANCIAL STATEMENTS

THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE

NOTES TO THE BASIC FINANCIAL STATEMENTS

INTRODUCTION

The Thirty-First Judicial District Public Defenders Office (Public Defender), was established in compliance with Louisiana Revised Statutes 15:144-149 and modified by Act 307 implemented August 15th 2007. The Public Defender provides counsel to represent indigents (needy individuals) in criminal and quasi-criminal cases at the district court level. The Thirty-First Judicial District encompasses Jefferson Davis Parish.

The Public Defender is composed of a Chief District Public Defender who works under the supervision of the Louisiana Public Defender Office. A State Louisiana Public Defender Board governs the Louisiana Public Defender Office.

Revenues to finance the Public Defender's operations are primarily provided from court costs on fines imposed by the Thirty-First Judicial District Court and the City of Jennings Court, and State Revenues received through distributions from the Louisiana Public Defender Office.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying basic financial statements of the Public Defender have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statement have been prepared in conformity with GASB Statement 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*, issued in June 1999.

B. REPORTING ENTITY

For financial statement reporting purposes, the Public Defender is a part of the district court system of the State of Louisiana. However, the state statutes that create the Public Defenders also give each of the Public Defenders control over all of their operations. This includes the hiring and retention of employees, authority over budgeting, responsibility for deficits, and the receipt and disbursement of funds. The Public Defender is financially independent and operates independently from the district court system. The accompanying financial statements include only the transactions of the Public Defender.

C. FUND ACCOUNTING

The Public Defender uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain board functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts.

Governmental Funds

Governmental funds account for all or most of the Public Defender's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations of the Public Defender. The following are the Public Defender's governmental funds:

General Fund – the primary operating fund of the Public Defender and it accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available

**THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE
NOTES TO THE BASIC FINANCIAL STATEMENTS**

for any purpose provided it is expended or transferred in accordance with state and federal laws and according to the Public Defender’s policy.

D. MEASUREMENT FOCUS / BASIS OF ACCOUNTING

Fund Financial Statements (FFS)

The amounts reflected in the General Fund of Statements A and B, are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach is then reconciled, through adjustment, to a government-wide view of the Public Defender’s operations.

The amounts reflected in the General Fund of Statements A and B use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Public Defender considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Court costs on fines and forfeitures are recorded in the month that the amounts are collected by the appropriate courts. Fees from indigents are recorded when received. All other revenues and grants are recorded when earned.

Expenditures

Expenditures are recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Government-Wide Financial Statements (GWFS)

The column labeled Statement of Net Position (Statement A) and the column labeled Statement of Activities (Statement C) display information about the Public Defender as a whole. These statements include all the financial activities of the Public Defender. Information contained in these columns reflect the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Program Revenues – Program revenues included in the column labeled Statement of Activities (Statement C) are derived directly from users as a fee for services; program revenues reduce the cost of the function to be financed from the Public Defender’s general revenues.

**THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE
NOTES TO THE BASIC FINANCIAL STATEMENTS**

E. DEPOSITS AND INVESTMENTS

Deposits and investments include amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Under state law, the Public Defender may deposit funds in demand deposits, interest-bearing deposits, money market accounts, or time deposits with state banks organized under Louisiana Law or any other state of the United States, or under the laws of the United States.

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955 since the Public Defender does not have a formal investment policy. Funds which are available for investment and above immediate cash requirements can be invested in statutorily sanctioned investments including direct U.S. Treasury obligations, bonds, debentures, notes issued by or guaranteed by federal agencies, or certificates, or time certificates of deposit in any bank domiciled or having a branch office in Louisiana or any other federally insured investment. Statutorily sanctioned investments also include funds invested with external local government investment pools such as Louisiana Assets Management Pool.

When investments are present in the financial statements they are reflected at fair value except for the following which are permitted per GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*:

- 1) Investments in *nonparticipating* interest-earning contracts, such as nonnegotiable certificates of deposit with redemption terms that do not consider market rates, are reported using a cost-based measure. Interest-earning investment contracts include time deposits with financial institutions (such certificates of deposit), repurchase agreements, and guaranteed investment contracts.
- 2) Money-market investments and *participating* interest-earning investment contracts that have a remaining maturity at time of purchase of one year or less are reported at amortized cost. Money market investments are short-term, highly liquid debt instruments that include U.S. Treasury obligations.

F. CAPITAL ASSETS

Fund Financial Statements

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Government-wide Financial Statements

In the government-wide financial statements, fixed assets are accounted for as capital assets. Capital assets are capitalized at historical cost or estimated historical cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Public Defender maintains a threshold level of \$1,000 or more for capitalizing capital assets. Additions, improvement and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The estimated useful life by type of assets is as follows:

Office equipment	5 years
------------------	---------

**THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE
NOTES TO THE BASIC FINANCIAL STATEMENTS**

G. FUND EQUITY

Fund Financial Statements

Governmental funds can report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form- prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balance can be comprised of the remaining four classifications: restricted, committed, assigned, and unassigned defined as follows:

Restricted fund balance- This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance- These amounts can only be used for specific purposes pursuant to constraints imposed by formal action of the Public Defender's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance- This classification reflects the amounts constrained by the Public Defender's "intent" to be used for specific purposes, but are neither restricted nor committed. The Chief District Public Defender has the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as non-spendable and are neither restricted nor committed.

Unassigned fund balance- This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the Public Defender's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Public Defender's policy to use fund balance in the following order: (1) Committed, (2) Assigned, (3) Unassigned.

Government-wide Financial Statements

Equity is classified as net position and displayed in three components:

Invested in capital asset- Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets.

Restricted net position- Consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or law through constitutional provisions or enabling legislation.

Unrestricted net position- All other net position that does not meet the definition of "restricted" or "invested in capital assets, net of related debt".

**THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE
NOTES TO THE BASIC FINANCIAL STATEMENTS**

When both restricted and unrestricted resources are available for use, it is the Public Defender's policy to use restricted resources first, then unrestricted resources- committed, assigned, and unassigned- in order as needed.

H. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

I. COMPENSATED ABSENCES

The Public Defender's employees earn up to a maximum of 10 days of vacation leave per year after 1 to 3 years of service; 15 days of vacation leave per year after 4 to 12 years of service; and 25 days of vacation leave per year after 12 years of service. Vacation leave cannot be carried over and must be used during the year. Any vacation leave not used at year end is forfeited.

Employees earn one day of sick leave per month worked which can be accumulated up to 30 days. Upon termination, employees are not paid for unused sick leave. Due to the uncertainty of actual amount which will be paid for sick leave and the due to the fact that sick leave is forfeited upon termination, no accruals have been made at year end for such absences.

J. PENSION/ RETIREMENT SYSTEM

For purposes of measuring the Net Pension Liability or Asset, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Parochial Employees' Retirement System of Louisiana (PERS), and additions to/deductions from PERSs' and fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. PERS uses the accrual basis of accounting.

K. DEFERRED OUTFLOW/ INFLOWS OF RESOURCES

In addition to assets the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future periods(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. All of the items that qualify for reporting in this category are related to pension amounts. See pension/ retirement footnote for further details of these items. No deferred outflows of resources affect the governmental funds financial statements in the current year.

In addition to liabilities, the statement of net position and or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. All of the items that qualify for reporting in this category are related to pension amounts. See pension/ retirement footnote for further details of these items. No deferred inflows of resources affect the governmental funds financial statements in the current year.

**THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE
NOTES TO THE BASIC FINANCIAL STATEMENTS**

L. ACCOUNTING PRONOUNCEMENTS

GASB has issued statements that will become effective in future years. The Public Defender is evaluating the requirements of the statements below and the impact on reporting. These statements are as follows:

GASB Statement No. 91, Conduit Debt Obligations - This Statement clarifies the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The requirements are effective for reporting periods beginning after December 15, 2021.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements - This Statement provides guidance on accounting for Subscription-Based Information Technology Arrangements (SBITA) where the government contracts for the right to use another party's software. The requirements are effective for fiscal years beginning after June 15, 2022.

GASB Statement No. 101, Compensated Absences - this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023.

2. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The following individual funds had actual expenditures over budgeted appropriations for the fiscal year:

Fund	Original Budget	Final Budget	Actual	Unfavorable Variance
None	\$	\$	\$	\$

3. DEPOSITS

Deposits

The year end balances of deposits are as follows:

Deposit Type	Bank Balances	Reported Amount
Cash –demand deposits	\$ 197,170	\$ 197,170
Cash –time and savings deposits	-	-
Totals	<u>\$ 197,170</u>	<u>\$ 197,170</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

**THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE
NOTES TO THE BASIC FINANCIAL STATEMENTS**

Custodial credit risk is the risk that in the event of a bank failure, the Public Defender’s deposits may not be returned to it. The Public Defender’s deposit policy for custodial credit risk requires that all uninsured deposits must be secured with acceptable collateral as defined in LRS 39:1221 valued at market. As of June 30, 2022, the Public Defender had deposits (collected bank balances) totaling \$197,170. As of yearend all deposits were either insured by FDIC coverage or collateralized by securities held by the pledging financial institution’s agent in the name of the Public Defender.

4. RECEIVABLES

The receivables at year end are comprised of the following:

<u>Class of Receivable</u>	
Due from Other Governments:	
Court Costs on Fines & Forfeitures	\$ 25,499

8. SIGNIFICANT CONTRACTUAL AGREEMENTS

The Public Defender has entered into contracts with nine attorneys to provide criminal defense legal services to the Thirty-First Judicial District Court, Ward 2 Court and the Jennings City Court as appointed by the presiding judge of each court. Under the terms of each contract three of the attorneys are individually paid up to \$91,200 annually, one attorney is paid up to \$64,500 annually, one attorney is paid up to \$58,500 annually, one attorney is paid up to \$31,500 annually, one attorney is paid up to \$20,400 annually, and the Chief Public Defender is paid \$87,889 annually. In addition, per contractual agreement, the Public Defender pays each attorney's dues for membership in the Louisiana Association of Criminal Defense Attorneys and the Louisiana Public Defender Association (LPDA), in addition to reasonable expenses for contract attorneys to attend seminars sponsored by the LPDA.

9. RISK MANAGEMENT

The Public Defender is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees/ independent contractors; and natural disasters. The Board carries commercial insurance for some of the above identified risk. The Public Defender does require each contracted attorney to provide proof of professional liability insurance coverage with a minimum liability limit of \$500,000. The Public Defender has not incurred any claims or settlements of claims for any risks in any of the past three years.

10. PENSION PLAN/ RETIREMENT SYSTEM

General Information about the Pension Plan

Plan Description

The Parochial Employees' Retirement System of Louisiana (PERS) is a cost-sharing multiple-employer defined benefit pension plan established by Act 205 of the 1952 regular session of the Legislature of the State of Louisiana to provide retirement benefits to all employees of any parish in the state of Louisiana or any governing body or a parish which employs and pays persons serving the parish.

All permanent parish government employees (except those employed by Orleans, Lafourche and East Baton Rouge Parishes) who work at least 28 hours a week shall become members on the date of employment. New employees meeting the age and Social Security criteria have up to 90 days from the date of hire to elect to participate.

As of January 1997, elected officials, except coroners, justices of the peace and parish presidents may no longer join the Retirement System.

Act 765 of the year 1979, established by the Legislature of the State of Louisiana, revised the PERS to create Plan A and Plan B to replace the "regular plan" and the "supplemental plan". Plan A was designated for employers out of Social Security. Plan B was designated for those employers that remained in Social Security on the revision date. The Public Defender only participates in Plan A.

PERS is governed by Louisiana Revised Statutes, Title 11, Sections 1901 through 2025, specifically, and other general laws of the State of Louisiana. PERS issues a publicly available financial report that can be obtained at www.persla.org.

Benefits Provided

The following is a description of the plan and its benefits and is provided for general informational purposes only. PERS provides normal retirement, survivor's benefits, deferred retirement option (DROP), and disability benefits. Participants should refer to the appropriate statutes for more complete information.

Retirement Benefits:

A. Normal Retirement

Any member of Plan A can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

1. Any age with thirty (30) or more years of creditable service.
2. Age 55 with twenty-five (25) years of creditable service.
3. Age 60 with a minimum of ten (10) years of creditable service.
4. Age 65 with a minimum of seven (7) years of creditable service.

For employees hired after January 1, 2007:

1. Age 55 with 30 years of service.
2. Age 62 with 10 years of service.
3. Age 67 with 7 years of service.

Any member of Plan B can retire providing he/she meets one of the following criteria:

For employees hired prior to January 1, 2007:

1. Age 55 with thirty (30) years of creditable service.
2. Age 60 with a minimum of ten (10) years of creditable service.
3. Age 65 with a minimum of seven (7) years of creditable service.

For employees hired after January 1, 2007:

1. Age 55 with 30 years of service.
2. Age 62 with 10 years of service.
3. Age 67 with 7 years of service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to three percent of the member's final average compensation multiplied by his/her years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

Generally, the monthly amount of the retirement allowance for any member of Plan B shall consist of an amount equal to two percent of the members' final average compensation multiplied by his years of creditable service. However, under certain conditions, as outlined in the statutes, the benefits are limited to specified amounts.

B. Survivor Benefits

Upon the death of any member of Plan A with five (5) or more years of creditable service who is not eligible for retirement, the plan provides for benefits for the surviving spouse and minor children, as outlined in the statutes.

THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE NOTES TO THE BASIC FINANCIAL STATEMENTS

Any member of Plan A, who is eligible for normal retirement at time of death, the surviving spouse shall receive an automatic Option 2 benefit, as outlined in the statutes.

Plan B members need ten (10) years of service credit to be eligible for survivor benefits. Upon the death of any member of Plan B with twenty (20) or more years of creditable service who is not eligible for normal retirement, the plan provides for an automatic Option 2 benefit for the surviving spouse when he/she reaches age 50 and until remarriage, if the remarriage occurs before age 55.

A surviving spouse who is not eligible for Social Security survivorship or retirement benefits, and married not less than twelve (12) months immediately preceding death of the member, shall be paid an Option 2 benefit beginning at age 50.

C. Deferred Retirement Option Plan

Act 338 of 1990 established the Deferred Retirement Option Plan (DROP) for the Retirement System. DROP is an option for that member who is eligible for normal retirement.

In lieu of terminating employment and accepting a service retirement, any member of Plan A or B who is eligible to retire may elect to participate in the Deferred Retirement Option Plan (DROP) in which they are enrolled for three years and defer the receipt of benefits. During participation in the plan, employer contributions are payable but employee contributions cease. The monthly retirement benefits that would be payable, had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund.

Upon termination of employment prior to or at the end of the specified period of participation, a participant in the DROP may receive, at his option, a lump sum from the account equal to the payments into the account, a true annuity based upon his account balance in that fund, or roll over the fund to an Individual Retirement Account.

Interest is accrued on the DROP benefits for the period between the end of DROP participation and the member's retirement date.

For individuals who become eligible to participate in the Deferred Retirement Option Plan on or after January 1, 2004, all amounts which remain credited to the individual's subaccount after termination in the Plan will be placed in liquid asset money market investments at the discretion of the board of trustees. These subaccounts may be credited with interest based on money market rates of return or, at the option of the System, the funds may be credited to self-directed subaccounts. The participant in the self-directed portion of this Plan must agree that the benefits payable to the participant are not the obligations of the state or the System, and that any returns and other rights of the Plan are the sole liability and responsibility of the participant and the designated provider to which contributions have been made.

D. Disability Benefits

For Plan A, a member shall be eligible to retire and receive a disability benefit if they were hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan A shall be paid a disability benefit equal to the lesser of an amount equal to three percent of the member's final average compensation multiplied by his years of service, not to be less than fifteen, or three percent multiplied by years of service assuming continued service to age sixty.

THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE NOTES TO THE BASIC FINANCIAL STATEMENTS

For Plan B, a member shall be eligible to retire and receive a disability benefit if he/she was hired prior to January 1, 2007, and has at least five years of creditable service or if hired after January 1, 2007, has seven years of creditable service, and is not eligible for normal retirement, and has been officially certified as disabled by the State Medical Disability Board. Upon retirement caused by disability, a member of Plan B shall be paid a disability benefit equal to the lesser of an amount equal to two percent of the member's final average compensation multiplied by his years of service, not to be less than fifteen, or an amount equal to what the member's normal benefit would be based on the member's current final compensation but assuming the member remained in continuous service until his earliest normal retirement age.

Cost of Living Increases

The Board is authorized to provide a cost of living allowance for those retirees who retired prior to July 1973. The adjustment cannot exceed 2% of the retiree's original benefit for each full calendar year since retirement and may only be granted if sufficient funds are available from investment income in excess of normal requirements. In addition, the Board may provide an additional cost of living increase to all retirees and beneficiaries who are over age sixty-five equal to 2% of the member's benefit paid on October 1, 1977, (or the member's retirement date, if later). Also, the Board may provide a cost of living increase up to 2.5% for retirees 62 and older. (RS 11:1937). Lastly, Act 270 of 2009 provided for further reduced actuarial payments to provide an annual 2.5% cost of living adjustment commencing at age 55.

Contributions

According to state statute, contributions for all employers are actuarially determined each year. For the year ended December 31, 2021, the actuarially determined contribution rate was 10.38% of member's compensation for Plan A and 7.07% of member's compensation for Plan B. However, the actual rate for the fiscal year ending December 31, 2021 was 12.25% for Plan A and 7.50% for Plan B.

According to state statute, the System also receives $\frac{1}{4}$ of 1% of ad valorem taxes collected within the respective parishes, except for Orleans and East Baton Rouge parishes. The System also receives revenue sharing funds each year as appropriated by the Legislature. Tax monies and revenue sharing monies are apportioned between Plan A and Plan B in proportion to the member's compensation. These additional sources of income are used as additional employer contributions and are considered support from non-employer contributing entities.

The Public Defender's contractually required employer contribution rate for the year ended June 30, 2022 was 11.50% from January 1, 2022 to June 30, 2022 and 12.25% from July 1, 2021 to December 31, 2021 of annual covered wages. Employer contributions to the pension plan from the Public Defender were \$8,142 for the year ended June 30, 2022. Non-employer contributions that represent $\frac{1}{4}$ of 1% of ad valorem taxes collected within Jefferson Davis Parish were \$1,192 for the year ending June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the Public Defender reported an asset of \$35,889 for its proportionate share of the Net Pension Asset. The Net Pension Asset was measured as of December 31, 2021 and the total pension asset used to calculate the Net Pension Asset was determined by an actuarial valuation as of that date. The Public Defender's proportion of the Net Pension Asset was based on a projection of the Public Defender's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers,

**THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE
NOTES TO THE BASIC FINANCIAL STATEMENTS**

actuarially determined. At December 31, 2021, the Public Defender’s proportion was .007619%, which was a decrease of .001898% from its proportion measured as of December 31, 2020.

For the year ended June 30, 2022, the Public Defender recognized pension expense of (\$5,137) plus/(less) employer’s amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions of \$934.

At June 30, 2022, the Public Defender reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflow of Resources
Differences between expected and actual experience	\$ 2,168	\$ 2,601
Changes of assumptions	1,872	-
Net difference between projected and actual earnings on pension plan investments	-	31,043
Changes in proportion and difference between Employer contributions and proportionate share of contributions	1,844	252
Employer contribution subsequent to the measurement date	3,621	
Total	\$ 9,505	\$ 33,896

\$3,621 reported as deferred outflows of resources related to pensions resulting from Public Defender contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability or Asset in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2023	\$ (4,391)
2024	(11,384)
2025	(7,225)
2026	(3,329)
Thereafter	-

Deferred outflow/inflow resource amounts, except for net difference between projected and actual earnings on pension plan investments, are being recognized in employer’s pension expense/(benefit) using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided pensions through the pension plan. Deferred amounts related to net difference between projected and actual earnings on pension plan investments is being recognized in pension expense/(benefit) using the straight-line method amortization method over a closed five-year period.

**THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE
NOTES TO THE BASIC FINANCIAL STATEMENTS**

A summary of the actuarial methods and assumptions used in determining the total pension liability as of June 30, 2022, are as follows:

Valuation Date	December 31, 2021
Actuarial cost method	Plan A -Entry Age Normal Cost Plan B -Entry Age Normal Cost
Amortization approach	Closed
Actuarial assumptions:	
Expected Remaining Service Lives	4 years
Investment rate of return	6.4% net of investment expenses, including inflation
Projected salary increases	Plan A -4.75% Plan B -4.25%
Cost-of-living adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increase not yet authorized by the Board of Trustees.
Mortality	Pub-2010 Public Retirement Plans Mortality Table for Health Retirees multiplied by 130% for males and 125% for females using MP2018 scale for annuitant and beneficiary mortality. For employees, the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females using MP2018 scale. Pub-2010 Public Retirement Plan Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females using MP2018 scale for disabled annuitants.
Inflation Rate	2.30%

The discount rate used to measure the total pension liability was 6.40% for Plan A and 6.40% for Plan B. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers and non-employer contributing entities will be made at the actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE
NOTES TO THE BASIC FINANCIAL STATEMENTS**

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.10% and an adjustment for the effect of rebalancing/diversification. The resulting expected long-term rate of return is 7.00% for the year ended December 31, 2021.

Best estimates of arithmetic real rates of return for each major asset class included in the System’s target asset allocation as of December 31, 2021 are summarized in the following table:

Asset Class	Target Asset Allocation	Long-term Expected Portfolio Real Rate of Return
Fixed income	33%	0.85%
Equity	51%	3.23%
Alternative	14%	0.71%
Real assets	2%	0.11%
Total	100%	4.90%
Inflation		2.10%
Expected Arithmetic Nominal Return		7.00%

The mortality rate assumption used was set based upon an experience study performed on plan data for the period January 1, 2013 through December 31, 2017. The data was assigned credibility weighting and combined with a standard table to produce current levels of mortality. As a result of this study, mortality for employees was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Employees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. In addition, mortality for annuitants and beneficiaries was set equal to the Pub-2010 Public Retirement Plans Mortality Table for Healthy Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale. For disabled annuitants mortality was set equal to the Pub-2010 Public Retirement Plans Mortality Table for General Disabled Retirees multiplied by 130% for males and 125% for females, each with full generational projection using the MP2018 scale.

Sensitivity of the Employer’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Public Defender’s net pension liability/(asset) calculated using the discount rate of 6.40%, as well as what the employers’ net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower 5.40% or one percentage point higher 7.40% than the current rate:

Plan A:

	1% Decrease 5.40%	Current Discount Rate 6.40%	1% Increase 7.40%
Net Pension Liability (Asset)	\$ 6,398	\$ (35,889)	\$ (71,312)

12. ON-BEHALF PAYMENTS FOR FRINGE BENEFITS AND SALARIES

Retirement plan payments in the amount of \$1,192 were made by the Sheriff, acting in his capacity as Ex Officio Tax Collector, to The Parochial Employees’ Retirement System of Louisiana on behalf of the Public Defender. These remittances represent a portion of the ad valorem taxes and state revenue sharing collections which are statutorily set aside for payment to The Parochial Employees’ Retirement System of Louisiana on behalf of the Public Defender. These on-behalf payments have been recorded in the accompanying financial statements, in accordance with GASB Statement 24. *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance* as revenues and expenditures in the General Fund.

12. SUBSEQUENT EVENTS

The Public Defender evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through December 12, 2022, which is the date the financial statements were available to be issued.

THIRTY-FIRST JUDICIAL DISTRICT PUBLIC DEFENDERS OFFICE
Notes to Budgetary Comparison Schedule
For the Year Ending June 30, 2022

A. BUDGETARY PRACTICES

General Budget Practices The Public Defenders Office follows the following procedures in establishing budgetary data reported in the accompanying budgetary comparison schedule:

Pursuant to the Louisiana Government Budget Act (LSA-RS 39:1301-1314), the Public Defenders Office is required to adopt an annual budget no later than fifteen days prior to the beginning of each fiscal year.

Each year prior to June 15th, the Public Defenders Office develops a proposed annual budget for the general fund. The budget includes proposed expenditures and the means of financing them. The proposed budget is advertised as available for public inspection at least 10 days prior to final adoption simultaneously with a notice of the date of public hearing. The public hearing is conducted during an open meeting to obtain public input. The budget is subsequently adopted by the Public Defenders Office through a formal budget resolution.

General fund appropriations (unexpended budget balances) lapse at end of fiscal year.

Encumbrance accounting, under which purchase orders are recorded in order to reserve that portion of the applicable appropriation, is not employed.

Formal budget integration (within the accounting records) is not employed as a management control device. The budget is controlled at the object level. Budget amounts included in the accompanying financial statements include the original budget and all subsequent amendments. All budget revisions are approved by the Chief Public Defender.

Budget Basis of Accounting The governmental fund budgets are prepared on the cash basis of accounting, a basis consistent with accounting principles generally accepted in the United States of America (GAAP). Legally, the Public Defenders Office cannot budget total expenditures and other financing uses which would exceed total budgeted revenues and other financing sources including beginning fund balance. State statutes require the Public Defenders Office to amend the budget to prevent overall projected revenues, expenditures, or beginning fund balance from causing an adverse budget variance of five percent or more in an individual fund. The Public Defenders Office approves budgets at the object level and management is allowed to transfer amounts between line items within an object.

B. EXCESS OF EXPENDITURES OVER APPROPRIATIONS IN INDIVIDUAL MAJOR FUNDS

The following budgeted major funds had actual expenditures over budgeted expenditures for the fiscal year:

Fund	Final Budget	Actual	Unfavorable Variance
None	\$	\$	\$

Reason for unfavorable variance: Not applicable.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
IN ACCORDANCE WITH *GOVERNMENTAL AUDITING STANDARDS***

Thirty-First Judicial District Public Defenders Office
Jennings, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund information of the Thirty-First Judicial District Public Defenders Office (Public Defender), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Public Defender’s basic financial statements, and have issued our report thereon dated December 12, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Public Defender’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Public Defender’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Public Defender’s internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses, listed as finding 2016-1, that we consider to be material weaknesses.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Public Defender’s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

Thirty-First Judicial District Public Defenders Office’s Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Public Defender’s response to the findings identified in our audit and described in the accompanying schedule of current year findings and responses. Public Defender’s response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Public Defender’s internal control or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Public Defender’s internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

SCHEDULE OF FINDINGS AND RESPONSES
For the Year Ending June 30, 2022

SECTION I - INTERNAL CONTROL AND COMPLIANCE MATERIAL TO FINANCIAL STATEMENTS

Current Year Findings:

2016-1: Internal control

Criteria/ Specific Requirement: An important element in the design of an internal accounting control system that safeguards assets and reasonably ensures the reliability of the accounting records is the concept of segregation of duties. A good system of internal control provides for a proper segregation of the accounting functions. No one person should be assigned duties that would allow that person to commit an error or perpetrate fraud and to conceal the error or fraud. As an example, the same person should not be responsible for any two of the following functions: (1) authorization of a transaction, (2) recording of the transaction, or (3) custody of assets involved in the transaction.

Condition: There is a general overall lack of segregation of duties within the Public Defender's office.

Cause of Condition: Due to the small number of employees involved in the accounting functions, the Public Defender's office did not have adequate segregation of functions within the accounting system. This condition also existed in the previous year.

Potential Effect of Condition: The lack of adequate segregation of duties increases the risk that errors or fraud could occur and not be discovered in a timely manner.

Recommendation: If possible, management should adopt procedures in the office to mitigate lack of segregation of duties. Where possible, duties should be segregated to reduce the risk of errors or fraud.

Management Response: Due to the small size of our office it is not practical nor cost effective to correct this weakness.

INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES

To the Thirty-First Judicial District Public Defenders Office
and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2021 through June 30, 2022. The Entity's management is responsible for those C/C areas identified in the SAUPs.

The Thirty-First Judicial District Public Defender's Office (JDPDO) has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period July 1, 2021 through June 30, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Written Policies and Procedures

1. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories if applicable to public funds and the entity's operations:

a) ***Budgeting***, including preparing, adopting, monitoring, and amending the budget.

Written policies and procedures could NOT be obtained that address the budget functions listed above.

b) ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

Written policies and procedures could NOT be obtained that address the purchasing functions listed above.

c) ***Disbursements***, including processing, reviewing, and approving.

Written policies and procedures could NOT be obtained that address the disbursements functions listed above.

- d) **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

Written policies and procedures could NOT be obtained that address the receipts/collections functions listed above.

- e) **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.

Written policies and procedures could NOT be obtained that address the payroll/personnel functions listed above.

- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

Written policies and procedures could NOT be obtained that address the contracting functions listed above.

- g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

Not applicable. The Entity does not have or use credit cards.

- h) **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

Written policies and procedures could NOT be obtained that address the Travel and Expense Reimbursement functions listed above.

- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

Written policies and procedures could NOT be obtained that address the Ethics functions listed above.

- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Not applicable. The Entity does not have or use credit cards.

- k) **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Written policies and procedures could NOT be obtained that address the Information Technology Disaster Recovery/Business Continuity functions listed above.

- 1) ***Sexual Harassment***, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Written policies and procedures could NOT be obtained that address the Sexual Harassment functions listed above.

Management's response: Management agreed to all exceptions noted above and plans to establish written policies and procedures to address all of the applicable categories and subcategories listed above.

Board or Finance Committee – (The following procedures are not applicable to the entity.)

2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - b) For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. *Alternately, for those entities reporting on the nonprofit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
 - c) For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.

Bank Reconciliations

3. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

Obtained a listing of entity bank accounts for the fiscal period and management's representation that the listing is complete.

- a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);

There were no exceptions noted as a result of applying this procedure.

- b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and

Observed that both bank reconciliations selected did NOT include evidence that a member of management who does not handle cash, post ledgers, or issue checks has reviewed bank reconciliation.

Management's Response: Management has agreed to the exception noted above and plans to establish documented evidence of management review on bank reconciliations going forward.

- c) Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Not applicable.

Collections (excluding electronic funds transfers)

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Obtained the listing of deposit sites and management's representation that the listing is complete.

5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

Obtained the listing of collection locations and management's representation that the listing is complete.

- a) Employees responsible for cash collections do not share cash drawers/registers.

Observed employees responsible for cash collections do share the same cash drawer.

- b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit.

Observed one of the two employees responsible for collecting cash is also responsible for preparing the deposit and reconciles collection documentation to the deposit. The other employee responsible for collecting cash makes the bank deposits.

- c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

Observed one of the two employees responsible for collecting cash is responsible for posting collection entries to the general ledger, as well as, reconciling ledger postings to each other and to the deposit.

- d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, are not responsible for collecting cash, unless another employee/official verifies the reconciliation.

Observed the employee responsible for reconciling cash collections to the general ledger by revenue source is also responsible for collecting cash and there is no other employee or official who verifies the reconciliation.

Management's Response for procedures a-d: Management agrees to the exceptions noted above. Management is aware the exceptions for the listed procedures (a-d) occur at times due to the small size of the Defender's Office and the limited office personnel (2 office employees). Management will consider adding mitigating procedures.

6. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe the bond or insurance policy for theft was enforced during the fiscal period.

There were no exceptions noted as a result of applying this procedure.

7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:

- a) Observe that receipts are sequentially pre-numbered.

There were no exceptions noted as a result of applying this procedure.

- b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

There were no exceptions noted as a result of applying this procedure.

- c) Trace the deposit slip total to the actual deposit per the bank statement.

There were no exceptions noted as a result of applying this procedure.

- d) Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).

Observed that one of two deposits selected from the main operating bank account included collection receipts less than \$100 that were not made within one week of collection.

Management's response: Management agreed to exception noted above and will consider implementing periodically review of collection receipt dates to actual bank deposit dates.

- e) Trace the actual deposit per the bank statement to the general ledger.

There were no exceptions noted as a result of applying this procedure.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Obtained the listing of locations that process payments and management's representation that the listing is complete.

9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties

(if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

Obtained a listing of those employees involved with non-payroll purchasing and payment functions. Could not obtain written policies and procedures relating to employee job duties but inquired of those listed employees about their job duties.

- a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
- b) At least two employees are involved in processing and approving payments to vendors.
- c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
- d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

[Note: Exceptions to controls that constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality) should not be reported.]

There were no exceptions noted as a result of applying procedures a-d.

10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and:

Obtained the listing of the entity's non-payroll disbursement transaction population and management's representation that the listing is complete.

- a) Observe whether the disbursement matched the related original itemized invoice and supporting documentation indicates deliverables included on the invoice were received by the entity.
- b) Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

There were no exceptions noted as a result of applying procedures a-b.

Credit Cards/Debit Cards/Fuel Cards/P-Cards – (The following procedures are not applicable to the entity.)

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
 - a) Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of

certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]

b) Observe that finance charges and late fees were not assessed on the selected statements.

13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e., each card should have 10 transactions subject to testing). For each transaction, observe it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and note whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Travel and Travel-Related Expense Reimbursements (excluding card transactions)

14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

Obtained listing of all travel and travel-related expense reimbursement and management's representation that the listing is complete.

- a) If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

There were no exceptions noted as a result of applying this procedure.

- b) If reimbursed using actual costs, observe the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

There were no exceptions noted as a result of applying this procedure.

- c) Observe each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).

There were no exceptions noted as a result of applying this procedure.

- d) Observe each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Observed that all five travel reimbursement expenses paid were reviewed and approved in writing by the same person receiving reimbursement.

Management's Response: Management agreed to exception noted above and will establish mitigating procedure.

Contracts

15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:

Obtained listing of all agreements/contracts that were initiated or renewed and management's representation that the listing is complete.

- a) Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
- b) Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter).
- c) If the contract was amended (e.g., change order), observe the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, was approval documented).
- d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe the invoice and related payment agreed to the terms and conditions of the contract.

There were no exceptions noted as a result of applying procedures a-d.

Payroll and Personnel

16. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

There were no exceptions noted as a result of applying this procedure.

17. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:

- a) Observe all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, officials are not eligible to earn leave and do not document their attendance and leave. However, if the official is earning leave according to a policy and/or contract, the official should document his/her daily attendance and leave.)
- b) Observe whether supervisors approved the attendance and leave of the selected employees or officials.
- c) Observe any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
- d) Observe the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.

There were no exceptions noted as a result of applying procedures a-d.

18. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment

calculations and the entity's policy on termination payments. Agree the hours to the employee or officials' cumulative leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.

Not applicable.

19. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Obtained management's representation that employer and employee portions of third-party payroll related amounts have been paid, and any associated forms have been filed by required deadlines without exception.

Ethics

20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above obtain ethics documentation from management, and:

- a. Observe whether the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.

There were no exceptions noted as a result of applying this procedure.

- b. Observe whether the entity maintains documentation which demonstrates each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.

Not applicable.

Debt Service – (Not applicable)

21. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe State Bond Commission approval was obtained for each debt instrument issued.
22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Fraud Notice

23. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

Not applicable.

24. Observe the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

There were no exceptions noted as a result of applying this procedure.

Information Technology Disaster Recovery/Business Continuity

25. Perform the following procedures, **verbally discuss the results with management, and report “We performed the procedure and discussed the results with management.”**

- a) Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe that such backup occurred within the past week. If backups are stored on a physical medium (e.g., tapes, CDs), observe evidence that backups are encrypted before being transported.

We performed the procedure and verbally discussed the results with management.

- b) Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.

We performed the procedure and verbally discussed the results with management.

- c) Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.

We performed the procedure and verbally discussed the results with management.

Sexual Harassment

26. Using the 5 randomly selected employees/officials from procedure #16 under “Payroll and Personnel” above, obtain sexual harassment training documentation from management, and observe the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.

Obtained sexual harassment training documentation from management and observed that the documentation demonstrated each employee/official completed at least one hour of sexual harassment training during the calendar year.

27. Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

Observed that the entity's has NOT posted its sexual harassment policy and complaint procedure in a conspicuous location on their premises.

Management's response: Management agreed to exception noted above and plans to post its sexual harassment policy and complaint procedure in a conspicuous location on their premises.

28. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe it includes the applicable requirements of R.S. 42:344:

Obtained the entity's annual sexual harassment report for the current fiscal period. I observed that the report was dated before February 1st and it includes all the applicable requirements of R.S. 42:344 listed below without exception.

- a) Number and percentage of public servants in the agency who have completed the training requirements;
- b) Number of sexual harassment complaints received by the agency;
- c) Number of complaints which resulted in a finding that sexual harassment occurred;
- d) Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
- e) Amount of time it took to resolve each complaint.

There were no exceptions noted as a result of applying procedures a-e.

We were engaged by the Thirty-First Judicial District Public Defenders Office to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Thirty-First Judicial District Public Defenders Office and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance.
