Independent Auditor's Report

To the Board of Directors
Bossier Office of Community Services, Inc.
Bossier City, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of Bossier Office of Community Services, Inc. (a non-profit corporation), which comprise the statement of financial position as of December 31, 2018, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers

internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bossier Office of Community Services, Inc. as of December 31, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of Bossier Office of Community Services, Inc. as a whole. The statement on page 24 of this report is presented for purposes of additional analysis and is not a required part of these financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is also not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2019, on our consideration of Bossier Office of Community Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Bossier Office of Community Services, Inc.'s internal control over financial reporting or on

compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bossier Office of Community Services Inc.'s internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Texas L Jackson". The signature is written in a cursive style with a large initial "T" and a long, sweeping underline.

BOSSIER OFFICE OF COMMUNITY SERVICES, INC.
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION AND PROGRAM DESCRIPTION -

Bossier Office of Community Services, Incorporated (BOCS) is a private nonprofit corporation established under the laws of the State of Louisiana. The corporation is organized to operate a Community Services Program in and for Bossier Parish, Louisiana. Specifically, the corporation is organized to:

- A. serve as the official anti-poverty agency in Bossier Parish, Louisiana;
- B. create, plan, develop, implement, conduct and administer programs according to Federal rules, regulations and guidelines that involve the maximum participation of the community served;
- C. ensure and provide affordable, safe, sanitary and decent housing to very low, low and moderate income residents of the State and expand economic development and home ownership opportunities for low and moderate income residents of the State;
- D. provide assistance and educational materials related to housing to very low, low and moderate income residents of the State;
- E. improvise and utilize all community resources both public and private in an organized approach on eliminating poverty.

Bossier Office of Community Services Inc.'s operations are segregated into general grant programs as follows:

Head Start and Early Head Start Programs (HS and EHS) provides comprehensive educational and support services to low-income and disabled children zero to five years of age and children who have not reached the compensatory school age. This program provides health, mental health, nutrition, education and parent involvement services to children in an effort to enable the child to function at an optimum level in their environment. Funding is provided through federal funds from the U.S. Department of Health and Human Services.

Child and Adult Care Food Program (CACFP) provides a food service program in conjunction with the Head Start and Early Head Start Programs. Funding is provided by federal funds passed through the State of Louisiana, Department of Education.

Community Services Block Grant (CSBG) provides assistance to the poor, disadvantaged and unemployed through housing services, community projects, nutrition services, emergency assistance, employment services, transportation services, and other services. Funding is provided by federal funds passed through the State of Louisiana, Department of Labor.

BOSSIER OFFICE OF COMMUNITY SERVICES, INC.
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

Transit Services provides transportation services to citizens in the urban and rural areas of Bossier Parish. Funding is provided by federal funds passed through the State of Louisiana, Department of Social Services, federal funds passed through the City of Bossier City, transit fares and other miscellaneous revenues.

Low-Income Home Energy Assistance Program (LIHEAP) provides assistance to low income households in offsetting the burden of high energy costs. Funding is provided by federal funds passed through the Louisiana Housing Corporation.

Reporting Entity - The governing body of Bossier Office of Community Services is its Board of Directors. The Board appoints an Executive Director to administer the affairs of the agency. BOCS is not considered a component of the city, parish or any governmental body. The governing board independently oversees the agency's operations.

- 1) The accompanying financial statements include all of the organization's programs, activities and functions of BOCS for which the Board has oversight responsibility, except as described in the following paragraph. Such oversight responsibilities include designation of management, the ability to significantly influence operations, accountability for fiscal matters, and the scope of public services.
- 2) Some equipment is owned by BOCS while used in the program for which it was purchased or in other future authorized programs. The funding sources, however, have a reversionary interest in the equipment purchased with grant funds, therefore its disposition, as well as the ownership of any sale proceeds therefrom is subject to funding source regulations.

BASIS OF ACCOUNTING -

Accounting Policies – The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. BOCS uses the accrual basis of accounting.

Financial Statement Presentation – The financial statements are presented as recommended by Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 958-205, *Financial Statements of Not-for-Profit Organizations*.

BOCS is required to report information regarding its financial statements and activities according to two classes of net assets as follows:

- *Net Assets Without Donor Restrictions* – Net assets available for use in the general operations and not subject to donor restrictions. Assets restricted solely through the actions of the Board are reported as net assets without donor restrictions, board-designated.

BOSSIER OFFICE OF COMMUNITY SERVICES, INC.
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

- *Net Assets With Donor Restrictions* – Net assets subject to donor-imposed restrictions that are more restrictive than BOCS’S mission and purpose. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Revenue and Support – Grant revenues (Grants and Governmental reimbursements) are recognized using the legal and contractual requirements of the Agency’s programs as guidance. Grant revenues (where funds must be expended for specific purposes prior to amount being reimbursed to the Agency) are recognized based on expenditures recorded.

BOCS reports grants and gifts of cash and other assets as restricted support if they are received with donor or grant stipulations that limit the use of the donated assets.

Property and Equipment – Property and equipment are recorded at costs unless donated. If donated, property and equipment are carried at the approximate fair value at the date of donation. It is BOCS’s policy to capitalize property and equipment with a unit cost of \$5,000 or more. Lesser amounts are expensed. Donations of property and equipment are recorded as contributions at their estimated fair value. Such donations are reported as unrestricted contributions unless the donor has restricted the donated asset to a specific purpose.

Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulation regarding how long those donated assets must be maintained, the Agency reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor.

BOCS recognizes depreciation on its fixed assets in accordance with generally accepted accounting principles. The Federal government has a reversionary interest in property purchased with Federal funds. Its disposition, as well as any disposition proceeds, is subject to federal regulations. The use of assets purchased with federal funds is limited to the purposes intended by the funding source. Fixed assets are depreciated using the straight-line method.

BOCS’s fixed assets are stated at cost and are depreciated as follows:

<u>Fixed Asset</u>	<u>Useful Life</u>	<u>Method</u>
Furniture & Equipment	5 – 10 Years	Straight Line
Vehicles	5 -- 10 Years	Straight Line
Buildings	40 – 50 Years	Straight Line

Depreciation expense for the year ended December 31, 2018 totaled \$51,917.

BOSSIER OFFICE OF COMMUNITY SERVICES, INC.
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

Cash and Cash Equivalents – For purposes of the Statement of Cash Flows, BOCS considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Income Taxes – BOCS is a not-for-profit organization that is exempt from income taxes under Section 501 (c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as a private corporation.

Contributed Services – BOCS received donated services from a variety of unpaid volunteers assisting in its program services. No amounts for donated services have been recognized in the accompanying statements of activities since the criteria for recognition of such volunteer efforts under FASB ASC 985 has not been satisfied.

Pension Plan – A 403 (b) Retirement Plan was established for employees of BOCS effective May 1, 2001.

Expense Allocation – The costs of providing various programs and other activities have been summarized on a functional basis in the Statement of Activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Fair Value Measurements

Generally Accepted Accounting Principles established a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10-50 are as follows:

- Level 1. Quoted prices for identical assets or liabilities in active markets to which BOCS has access at the measurement date.
- Level 2. Inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include:
 - * quoted prices for similar assets or liabilities in active markets;
 - * quoted prices for identical or similar assets in markets that are not active;
 - * observable inputs other than quoted prices for the assets or liability (for example, interest rates and yield curves); and

BOSSIER OFFICE OF COMMUNITY SERVICES, INC.
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

- * inputs derived principally from, or corroborated by, observable market data by correlation or by other means.
- Level 3. Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

When available, BOCS measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. However, level 1 inputs are not available for many of the assets and liabilities that BOCS is required to measure at fair value.

NOTE 2. SHORT-TERM INVESTMENTS

Short-term investments consist of the following at December 31, 2018:

Certificate of Deposit	<u>\$7,646</u>
------------------------	----------------

As noted, BOCS is required to report its fair value measurements in one to three levels, which are based on the ability to observe in the marketplace the inputs to the organization's valuation techniques. Level 1, the most observable level of inputs, is for investments measured at quoted prices in active markets for identical investments as of December 31, 2018. All of BOCS short-term investments are measured using Level 1.

BOCS used the following ways to determine the fair value of its investments at December 31, 2018:

- **Certificates of deposit:** Determined by the published net asset value per unit at the end of the last trading day of the year, which is the basis for transactions at that date.

NOTE 3: LEASE COMMITMENTS

Bossier Office of Community Services leases equipment under operating leases from various entities. No leases have initial or remaining non-cancelable terms in excess of one year.

NOTE 4: PENSION PLAN

A 403 (b) Retirement Plan was established for employees of BOCS effective May 1, 2001. Employees with at least one year of service may contribute a portion of their wages to the plan. An amount equal to 5% of the total salary of eligible employees is contributed to the plan by BOCS.

The amount contributed by BOCS to retirement plans on behalf of the employees for the year ended December 31, 2018 was \$105,741.

BOSSIER OFFICE OF COMMUNITY SERVICES, INC.
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2018

NOTE 5: COMPENSATED ABSENCES

The personnel policy of BOCS provides for paid annual leave and/or vacation pay. The earned but unpaid amounts are recognized in the accounting period when actual payment is made.

NOTE 6: CONCENTRATION OF CREDIT RISK

BOCS received over 99% of its funding from Federal grants, with the Head Start program providing 80% of all grant revenues.

Concentrations of credit risk with respect to grant receivables are limited due to these amounts being due from governmental agencies under contractual terms. As of December 31, 2018, BOCS had no significant concentrations of credit risk in relation to grant receivables.

NOTE 7: COMMITMENTS AND CONTINGENCIES

BOCS participates in certain governmental financial assistance programs. Although BOCS grant programs have been audited through December 31, 2018 in accordance with provisions of the Single Audit Act, these programs are still subject to financial and compliance audits by the grantor agencies. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although BOCS expects such amounts, if any, to be immaterial.

NOTE 8: SUBSEQUENT EVENTS

Subsequent events were evaluated through June 28, 2019, the date that the financial statements were available to be issued.

BOSSIER OFFICE OF COMMUNITY SERVICES, INC.
NOTES TO SCHEDULE OF EXPENDITURES FEDERAL AWARDS
December 31, 2018

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal award activity of Bossier Office of Community Services, Inc. (BOCS) under programs of the federal government for the year ended December 31, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of BOCS, it is not intended to and does not present the financial position, changes in net assets or cash flows of BOCS.

(2) Summary of Significant Accounting Policies

Expenditures reported in the accompanying schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(3) Indirect Cost Rate

BOCS has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Independent Auditor's Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards*

To the Board of Directors
Bossier Office of Community Services, Inc.
Bossier City, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bossier Office of Community Services, Inc. (BOCS) (a nonprofit organization), which comprise the statement of financial position as of December 31, 2018, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 28, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Bossier Office of Community Services Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bossier Office of Community Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bossier Office of Community Services, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance For Each Major
Federal Program and on Internal Control Over Compliance
Required by the Uniform Guidance

To the Board of Directors
Bossier Office of Community Services, Inc.
Bossier City, Louisiana

Report on Compliance for Each Major Federal Program

We have audited Bossier Office of Community Services, Inc.'s (BOCS) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of BOCS's major federal programs for the year ended December 31, 2018. Bossier Office of Community Services, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of BOCS's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that

could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about BOCS's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of BOCS's compliance.

Opinion on Each Major Federal Program

In our opinion, Bossier Office of Community Services, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2018.

Report on Internal Control over Compliance

Management of Bossier Office of Community Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered BOCS's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of BOCS's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all

deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT ACCOUNTANT'S REPORT
ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors of
Bossier Office of Community Services, Inc.
and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by Bossier Office of Community Services, Inc. (Entity) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2018 through December 31, 2018. The Entity's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

Written Policies and Procedures

1. Obtain and inspect the entity's written policies and procedures and report whether those written policies and procedures address each of the following categories and subcategories (or report that the entity does not have any written policies and procedures), as applicable:
 - a) ***Budgeting***, including preparing, adopting, monitoring, and amending the budget
 - b) ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and

Appendix A

purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.

- c) **Disbursements**, including processing, reviewing, and approving
- d) **Receipts/Collections**, including receiving, recording, and preparing deposits
- e) **Payroll/Personnel**, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.
- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process
- g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers, and (5) monitoring card usage
- h) **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers
- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy. Note: Ethics requirements are not applicable to nonprofits.
- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Results: *A copy of the written financial policies and procedures manual was obtained and read.*

Exceptions:

Budgeting – Manual did not address in the detail suggested by SAUPs.

Purchasing – Manual did not address how vendors are added to vendor list.

Manual did not include controls to ensure compliance with the public bid law.

Contracting – Manual did not address.

Ethics was not applicable because the Entity is a non-profit.

Debt service was not applicable because the Entity has not issued any debt.

Management's Response: *Entity updated the financial policy and procedures manual during 2018 and the board of directors approved the updated policies and procedures manual at a meeting held on January 17, 2019 to include these policies and procedures.*

Board (or Finance Committee, if applicable)

2. Obtain and inspect the board/finance committee minutes for the fiscal period, and:

- a) Report whether the board/finance committee met (with a quorum) at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, or other equivalent document.
- b) Report whether the minutes referenced or included monthly budget-to-actual comparisons on the General Fund and any additional funds identified as major funds in the entity's prior audit (GAAP-basis).
 - If the budget-to-actual comparisons show that management was deficit spending during the fiscal period, report whether there is a formal/written plan to eliminate the deficit spending for those entities with a fund balance deficit. If there is a formal/written plan, report whether the meeting minutes for at least one board meeting during the fiscal period reflect that the board is monitoring the plan.
- c) Report whether the minutes referenced or included non-budgetary financial information (e.g. approval of contracts and disbursements) for at least one meeting during the fiscal period.

Results: *a) The governing board meets at least quarterly with a quorum.*

b) Budget-to-actual comparisons are presented at each meeting and referenced in the board minutes.

c) Minutes included non-budgetary financial informal (e.g. approval of contract and disbursements) for at least one meeting during the fiscal period.

Bank Reconciliations

3. Obtain a listing of client bank accounts from management and management's representation that the listing is complete.

Using the listing provided by management, select the entity's main operating account or all of the entity's bank accounts (if five accounts or less). If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner. *Note: School student activity fund accounts may be excluded from selection if they are otherwise addressed in a separate audit or AUP engagement.* For each of the bank accounts selected, obtain bank statements and reconciliations for one month in the fiscal period and report whether:

- a) Bank reconciliations have been prepared within two months of the related statement closing date;
- b) Bank reconciliations include evidence that a member of management or a board member (with no involvement in the transactions associated with the bank account) has reviewed each bank reconciliation; and
- c) If applicable, management has documentation reflecting that it has researched reconciling items that have been outstanding for more than twelve months from the statement closing date, if applicable.

Results: *We obtained a list of bank accounts. All accounts were confirmed with bank. Management confirmed the listing was complete.*

- a) Bank accounts are reconciled monthly by the Finance Director and initialed.*
- b) The Executive Director reviews each bank reconciliation and has no involvement in the transactions associated with the bank account.*
- c. No items outstanding more than twelve months were found.*

Collections

- 4. Obtain a listing of cash/check/money order (cash) collection locations and management's representation that the listing is complete.

Results: A listing was obtained from management and representation from management that the listing was complete.

- 5. Using the listing provided by management, select all of the entity's cash collection locations (if five locations or less). **For each cash collection location selected:**

- a) Obtain existing written documentation (e.g. insurance policy, policy manual, job description) and report whether each person responsible for collecting cash is (1) bonded, (2) not responsible for depositing the cash in the bank, recording the related transaction, or reconciling the related bank account (report if there are compensating controls performed by an outside party), (3) not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit, (4) not required to share the same cash register or drawer with another employee.

- b) Obtain and inspect written documentation (e.g. sequentially numbered receipts, system report, reconciliation worksheets, policy manual) and report whether the entity has a formal process to reconcile cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, by a person who is not responsible for cash collections in the cash collection location selected.

- c) Randomly select two deposit dates for the bank accounts selected for Procedure #3 "Bank Reconciliations" and:

- Using entity collection documentation, deposit slips, and bank statements, trace daily collections to the deposit date on the corresponding bank statement and report whether the deposits were made within one day of collection. If deposits were not made within one day of collection, report the number of days from receipt to deposit for each day at each collection location.
- Using sequentially numbered receipts, system reports, or other related collection documentation, verify that daily cash collections are completely supported by documentation and report any exceptions.
- Trace the actual deposit per the bank statement to the general ledger.

Results: a) 1) Employees are bonded, 2) The Secretary is responsible for collecting, stamping "For Deposit Only" and logging amounts in. She forwards collections to the bookkeepers who record the receipts, prepare a deposit slip, attach copy of receipt and all source documents, and stamp the bank account number on check

or money order. Bookkeepers forward to the Finance Director. The Finance Director reviews the deposit slip, receipt summary, reconciles, and makes deposits in the bank, 3) Registers or drawers are not shared

b) Formal process to reconcile cash collections to the general ledger is used.

c) Collections are completely supported by documentation. Deposits were made daily.

6. Obtain existing written documentation (e.g. policy manual, written procedure) and report whether the entity has a process specifically defined (identified as such by the entity) to determine completeness of all collections, including electronic transfers, for each revenue source and agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation) by a person who is not responsible for collections.

Results: Entity has written collection process documented in the policy and procedures manual. Inquiry determined that employee responsible for collections is not the same one responsible for determining completeness.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

7. Obtain a listing of entity disbursements from management or, alternately, obtain the general ledger and sort/filter for entity disbursements. Obtain management's representation that the listing or general ledger population is complete.

Results: Management provided check registers with beginning and ending check numbers for all disbursements made during the year. Management represented that the listing is complete.

8. Using the disbursement population from #7 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase
 - b) At least two employees are involved in processing and approving payments to vendors
 - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files

Appendix A

- d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments

Results: At least two employees are involved in initiating a purchase request, approval, placing the order, and processing and approving payments to vendors. The finance director periodically reviews changes to vendor files.

- 9. Randomly select disbursements excluding credit card/debit card/fuel card/P-card purchases or payments. Obtain supporting documentation (e.g. purchase requisitions, system screens/logs) for each transaction and report whether the supporting documentation for each transaction demonstrated that:

- a) Purchases were initiated using a requisition/purchase order system or an equivalent electronic system that separates initiation from approval functions in the same manner as a requisition/purchase order system.
- b) Purchase orders, or an electronic equivalent, were approved by a person who did not initiate the purchase.
- c) Payments for purchases were not processed without (1) an approved requisition and/or purchase order, or electronic equivalent; a receiving report showing receipt of goods purchased, or electronic equivalent; and an approved invoice.

Results: We randomly selected disbursements and obtained supporting documentation of the following:

- a) Purchases were initiated using a requisition system***
- b) Purchases were approved by a person who did not initiate the purchase***
- c) Payments for purchases were not processed without an approved requisition and/or purchase order, receiving report, and an approved invoice.***

- 10. For each location selected under #7 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:

- a) Observe that the disbursement matched the related original invoice/billing statement
- b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested, as applicable.

- 11. Using entity documentation (e.g. electronic system control documentation, policy manual, written procedure), report whether the persons with signatory authority or who make the final authorization for disbursements have no responsibility for initiating or recording purchases.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

12. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards), including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Results: Management provided a listing of all cards and represented that the listing is complete.

13. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card, obtain supporting documentation, and:
- a) Report whether there is evidence that the monthly statement or combined statement and supporting documentation was reviewed and approved, in writing, by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]
 - b) Report whether finance charges and late fees were assessed on the selected statements.

Results: a) Monthly statement and supporting documentation was reviewed and approved, in writing, by someone other than the authorized card holder, b) No finance charges and/or late fees were assessed on the selected statements.

14. Using the monthly statements or combined statements selected under #12 above, obtain supporting documentation for all transactions for each of the 5 cards selected (i.e. each of the 5 cards should have one month of transactions subject to testing).
- a) For each transaction, report whether the transaction is supported by:
 - An original itemized receipt that identifies precisely what was purchased
 - Documentation of the business/public purpose
 - Documentation of the individuals participating in meals (for meal charges only).

***Results: a) Original itemized receipt identifying what was purchased was attached.
b) Documentation of the business purpose was attached.
c) Testing included individual meals only.***

Travel and Travel-Related Expense Reimbursements

15. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select five reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

Results: Management provided general ledgers and represented that the ledgers were complete.

- a). If reimbursed using a per diem, agree the reimbursement rate to those rates established by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov) and report any amounts that exceed these rates.
- b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
- c) Report that each reimbursement is supported by documentation of the business purpose and other documentation required by written policy.
- d) Report that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement

Results: a) Payments were reimbursed or prepaid in accordance with written policy.

b) Actual cost reimbursements were supported by original itemized receipts that identified precisely what was purchased.

c) Transactions were supported by adequate documentation that demonstrated business purpose.

d) Approval was provided by someone other than the recipient.

Contracts

16. Obtain from management a listing of all agreements/contracts for professional services, material and supplies, leases, and construction activities that were initiated or renewed during the fiscal period or, alternately, obtain the general ledger and sort/filter for contract payments. Obtain management's representation that the listing or general ledger is complete. Randomly select five contracts from the listing, excluding the practitioner's contract, and:
- a) Report whether the contract was bid in accordance with the Louisiana Public Bid Law, if required by law.
 - b) Report that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act or Home Rule Charter).
 - c) Report whether the contract was amended. If so, report whether the original contract terms provided for such an amendment.
 - d) Randomly select one payment from the fiscal period for each of five contracts, obtain the supporting invoice, agree the invoice to the contract terms, and report whether the invoice and related payment agreed to the terms and conditions of the contract.

- Results: a) There is a formal/written contract that supports the service arrangements and amounts paid.*
- b) The contracts were not subject to the Louisiana Public Bid Law or Procurement Code.*
 - c) There were no amendments or change orders.*
 - d) Invoices and related payments were consistent with contract terms.*
 - e) Contracts were approved by the Board during grant approval that includes budget approval.*

Payroll and Personnel

17. Obtain a listing of employees (and elected officials, if applicable) with their related salaries, and obtain management's representation that the listing is complete. Randomly select five employees/officials, obtain their personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

Results: a) Management represented payroll register is complete. b) Paid salaries agreed to authorized salaries/rates in the personnel files.

18. Randomly select one pay period during the fiscal period. For the five employees/official selected in #17 above, obtain attendance records and leave documentation for the pay period, and:
- a) Report that all selected employees/officials documented their daily attendance and leave.
 - b) Report that supervisors approved the attendance and leave of the selected employees/officials.
 - c) Report that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.

Results: a) Attendance and leave was documented.

b) Time sheets included signatures documenting supervisor's approval.

c) Leave taken was deducted from the employees leave balance as maintained on their leave worksheet.

19. Obtain from management a list of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees/officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations, agree the hours to the employee/officials' cumulate leave records, and agree the pay rates to the employee/officials' authorized pay rates in the employee/officials' personnel files.

Results: Payments were consistent with the personnel policies.

20. Obtain management’s representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers’ compensation premiums have been paid, and associated forms have been filed, by required deadlines.

Results: Payroll taxes, retirement contributions, health insurance premiums, and workers’ compensation premiums have been paid and required reports were submitted timely.

Ethics (excluding nonprofits)

21. Using the five randomly selected employees/officials from procedure #17 under “Payroll and Personnel” above, obtain ethics compliance documentation from management and report whether the entity maintained documentation to demonstrate that required ethics training was completed.

Results: Not applicable – Entity is a nonprofit.

22. Inquire of management whether any alleged ethics violations were reported to the entity during the fiscal period. If applicable, review documentation that demonstrates whether management investigated alleged ethics violations, the corrective actions taken, and whether management’s actions complied with the entity’s ethics policy. Report whether management received allegations, whether management investigated allegations received, and whether the allegations were addressed in accordance with policy.

Results: Not applicable – Entity is a nonprofit.

Debt Service (excluding nonprofits)

23. If debt was issued during the fiscal period, obtain supporting documentation from the entity, and report whether State Bond Commission approval was obtained.

Results: Not applicable, nonprofit.

24. If the entity had outstanding debt during the fiscal period, obtain supporting documentation from the entity and report whether the entity made scheduled debt service payments and maintained debt reserves, as required by debt covenants.

Results: Not applicable, nonprofit.

Other

25. Inquire of management whether the entity had any misappropriations of public funds or assets. If so, obtain/review supporting documentation and report whether the entity reported the misappropriation to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

Results: Management reported no misappropriations.

26. Observe and report whether the entity has posted on its premises and website, the notice required by R.S. 24:523.1. This notice (available for download or print at www.lla.la.gov/hotline) concerns the reporting of misappropriation, fraud, waste, or abuse of public funds.

Results: *The Entity has the notice posted on its premises.*

27. If the practitioner observes or otherwise identifies any exceptions regarding management's representations in the procedures above, report the nature of each exception.

Results: No exceptions were identified.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Houston, Texas
June 28, 2019
