INDEPENDENT AUDITOR'S REPORT

Keith Maxwell
Grant Parish Assessor

REPORT ON THE FINANCIAL STATEMENTS

OPINIONS

We have audited the accompanying financial statements of the governmental activities and each major fund of the Grant Parish Assessor's Office (the Office), a component unit of the Grant Parish Police Jury, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Office's basic financial statements as listed in the table of contents.

In our *opinion*, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Office, as of December 31, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

BASIS FOR OPINIONS

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Office and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Office's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and

Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Office's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Office's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

REQUIRED SUPPLEMENTARY INFORMATION

Accounting principles generally accepted in the United States of America require the information listed below to supplement the basic financial statements.

- Management's discussion and analysis
- Budgetary Comparison Information
- Schedule of Changes in Net OPEB Liability
- Schedule of Net Pension Liability Data
- Schedule of Employer Contributions

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

OTHER SUPPLEMENTAL INFORMATION

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Office's basic financial statements. The supplemental information listed below is presented for purposes of additional analysis and is not a required part of the Office's financial statements.

Grant Parish Assessor

- The Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARD

In accordance with *Government Auditing Standards*, we have also issued our report dated May 9, 2025, on our consideration of the Office's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Court's internal control over financial reporting and compliance.

GRANT PARISH ASSESSOR

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2024

This section of annual financial report presents our discussion and analysis of the Grant Parish Assessor's financial performance during the fiscal year ended December 31, 2024.

OVERVIEW OF FINANCIAL STATEMENTS

The basic financial statements include government-wide financial statements and fund financial statements. These two types of financial statements present the Assessor's Office's financial position and results of operations from differing perspectives which are described as follows:

Government –Wide Financial Statements

The government-wide financial statements report information about the Assessor's Office as a whole using accounting methods similar to those used by private-sector companies. These report all revenues and expenses regardless of when cash is received or paid. Furthermore, the government-wide statements include all of the Office's assets and all of its liabilities. All of the Office's activities are classified as governmental activities in the government-wide financial statements. The governmental activities are financed primarily by property taxes and related revenue sharing.

Fund Financial Statements

Fund financial statements provide detailed information regarding the Office's most significant activities and are not intended to provide information for the Office as a whole. Funds are accounting devices that are used to account for specific sources of funds. The Office's funds are limited to its general fund, which is classified as a Governmental Fund. This fund is used to account for essentially the same functions that are reported as governmental activities in the government-wide financial statements. However, unlike government-wide financial statements, the governmental fund uses a modified accrual basis of accounting that provides a short-term view of the Office's finances. Assets reported by the governmental fund are limited to amounts that are available for current needs. In addition, liabilities are limited to amounts that are expected to be paid from currently available assets.

FINANCIAL ANALYSIS OF THE ASSESSOR'S OFFICE AS A WHOLE

An analysis of the government-wide Statement of Net Position is presented as follows:

Invested in Capital Assets	82,040	100,441
Total Net Position	\$ (450,407)	\$ (611,877)

As the presentation appearing above demonstrates, recognizing long-term liabilities associated with providing retirement benefits and post-retirement healthcare benefits to employees has eliminated the Office's net position. Despite the absence of net position, the Office has sufficient resources to meet these obligations for the foreseeable future.

A comparative analysis of the government-wide Statement of Activities is presented as follows:

	For the Year Ended	
	December 31,	
	2024	2023
Revenues:		
Program Revenue:		
Charges for Services	\$ 5,485	\$ 560

Net Position Beginning	(611,877)	(632,201)
Net Position Ending	\$ (450,407)	\$ (611,877)

The improvement in net position experienced during the current year is attributable to careful management and utilization of resources along with declines in liabilities associated with providing retirement benefits and health insurance coverage for retirees.

FINANCIAL ANALYSIS OF THE ASSESSOR'S OFFICE'S FUNDS

For the year ended December 31, 2024, differences between the government-wide presentation and the fund financial statements were limited to reporting capital assets and the obligation to provide retirement and post-retirement benefits.

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2024

BUDGET HIGHLIGHTS

For the year ended December 31, 2024, the actual results conformed to expectations and no budget amendments were necessary.

CAPITAL ASSET ADMINISTRATION

For the year ended December, 31, 2024, capital asset activity was limited to depreciating existing property. There were no acquisitions or disposals.

DEBT ADMINISTRATION

For the year ended December 31, 2024, there was no debt activity and no debts are outstanding at year end. Long-term liabilities are limited to the obligation to provide benefits to retirees.

FACTORS EXPECTED TO EFFECT FUTURE OPERATIONS

At the present time, no known issues are expected to have a significant impact on future operations.

GRANT PARISH ASSESSOR

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Assessor is elected by the voters of Grant Parish and serves a four year term. The Assessor's Office assesses real and movable property in the parish based on conditions that exist at January 1st of each year. The Assessor's Office prepares its financial statements in accordance with standards established by the Governmental Accounting Standards Board (GASB).

Reporting Entity

The assessor is an independently elected official; however, the assessor is fiscally dependent on the Grant Parish Police Jury. The police jury maintains and operates the parish courthouse in which the assessor's office is located. In addition, the police jury's general purpose financial statements would be incomplete or misleading without inclusion of the assessor. For these reasons, the assessor was determined to be a component unit of the Grant Parish Police Jury, the financial reporting entity.

The accompanying financial statements present information only on the funds maintained by the assessor and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that compromise the financial reporting entity.

Basic Financial Statements

The basic financial statements include both government-wide and fund financial statements. Both government-wide and fund financial statements categorize all of the Office's operations as governmental activities. Governmental activities involve government services that are normally supported by taxes and intergovernmental revenues.

The government-wide and fund financial statements present the Office's financial position and results of operations from differing perspectives which are described as follows:

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the Office as a whole. The effect of most interfund activity is eliminated from these financial statements. Furthermore, government-wide financial statements exclude any fiduciary activities which are reported in the fund financial statements.

Program revenues reported in the Statement of Activities consist of amounts that are directly associated with a governmental service. Program revenues include charges for services, and any grants.

Fund Financial Statements

Funds are separate accounting entities that are designed to assist with demonstrating legal compliance and segregating transactions by activity. Major individual funds are reported as separate columns in the fund financial statements. The Office's major funds are described as follows:

- General Fund – This fund is the primary operating fund of the Office and is used to account for all resources.

Basis of Accounting and Measurement Focus

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The basis of accounting and measurement focus used for various financial statement presentations are described as follows:

GRANT PARISH ASSESSOR

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

<u>Financial Statement Presentation</u>	<u>Basis of Accounting</u>	<u>Measurement Focus</u>
Government-Wide Financial Statements	Accrual Basis	Economic Resources
Fund Financial Statements	Modified Accrual Basis	Current Financial Resources

Under the accrual basis of accounting and the economic resources measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred.

Under the modified accrual basis of accounting and the current financial resources measurement focus revenue is recognized when it is considered measurable and available. Revenue is considered available if it is collected within 60 days of year end. In addition, expenses are generally recorded when a liability has been incurred. Furthermore, when the current financial resources measurement focus is used, amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure. In addition, any long-term debts are excluded from amounts reported as liabilities. Proceeds from issuing long-term debt are reported as other financing sources and repayment of long-term debt is reported as an expenditure.

Use of Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Budget Practices

As an independently elected official, the Assessor is solely responsible for adopting annual budgets for the general fund. Budgets present revenue and expenditures on a basis which is consistent with generally accepted accounting principles.

Capital Assets

Capital assets include significant acquisitions of equipment that are expected to remain in service for a period of years. Capital assets are reported in the government-wide financial statements but are excluded from the fund financial statements. Instead, the funds report the acquisition of capital assets as expenditures rather than asset acquisitions.

All capital assets are reported at historical cost less accumulated depreciation. Depreciation is computed using the straight-line method and estimated useful lives that are based on the expected durability of the particular asset. A useful life of five years is typically used.

Cash

Amounts reported as cash and cash equivalents (restricted and unrestricted) include all cash on hand, cash in bank accounts, certificates of deposit and highly liquid investments. The Assessor's Office has not formally adopted deposit and investment policies that address specific types of risk to which the office is exposed. In general, the Office manages risk as follows:

- Credit and custodial risk is limited by investing in FDIC insured instruments and requiring a pledge of investment securities to protect deposits in excess of FDIC limits.
- Interest rate risk is minimized by limiting the maturity duration associated with deposits.

NOTE 2 - CASH

Deposits are stated at cost, which approximates market. Under state law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the

GRANT PARISH ASSESSOR

NOTES TO FINANCIAL STATEMENTS

pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2024, the Assessor's Office has \$309,708 in deposits (collected bank balance). These deposits are fully secured by FDIC insurance coverage.

NOTE 3 - RECEIVABLES

Receivables at December 31, 2024, consisted entirely of ad valorem taxes. Management does not anticipate collection problems and no allowance for doubtful accounts has been established.

NOTE 4 – CAPITAL ASSETS

A summary of the Office's capital assets is provided as follows:

	Beginning Balance	Additions	Disposals	Ending Balance
<u>Capital Assets Subject to Depreciation:</u>				
Furniture, Fixtures and Equipment	\$ 381,233	\$ ----	\$ ----	\$ 381,233
Less Accumulated Depreciation	280,792	18,401	----	299,193
<u>Total Net of Depreciation</u>	<u>\$ 100,441</u>	<u>\$ (18,401)</u>	<u>\$ ----</u>	<u>\$ 82,040</u>

NOTE 5 - RISK MANAGEMENT

The Office is exposed to various risks of loss related to torts; theft, damage or destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Office insures against these risks by participating in a public entity risk pool that operates as a common insurance program and by purchasing commercial insurance. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

NOTE 6 – PENSION PLAN

Plan Description - Substantially all employees of the Office are members of the Louisiana Assessors' Retirement System (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

All full-time employees who are under the age of 60 at the time of original employment and are not drawing retirement benefits from any other public retirement system in Louisiana are required to participate in the System. Employees who retire at or after age 55 with at least 12 years of credited service or at or after age 50 with at least 30 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3 and 1/3% of their final average salary for each year of credited service, not to exceed 100% of their final average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefit accrued to their date of termination. The System also provides death and disability benefits. Benefits are established or amended by state statute.

Funding Policy - Plan members are required by state statute to contribute 8.0% of their annual covered salary and the Office is required to contribute at an actuarially determined rate. Contributions to the System also include one-fourth of 1% (1% for Orleans Parish) of the taxes shown to be collectible by the tax rolls of each parish, plus revenue sharing funds appropriated by the legislature. The contribution requirements of plan members and the Office are established and may be amended by state statute. As provided by

GRANT PARISH ASSESSOR

NOTES TO FINANCIAL STATEMENTS

December 31, 2024

R.S. 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The Office's contributions to the System for the years ending December 31, 2022, 2023 and 2024, were equal to the required contributions for each year.

Financial Summary – The plan description, funding policies and financial information provide a summary of the Plan provisions and finances. For additional details, the System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained from the internet at <http://www.louisianaassessors.org>. The plans net pension liability was determined at September 30, 2024 (measurement date and actuarial valuation date) and details are provided as follows:

Net Pension Liability (Asset)	\$ (25,480,263)
Grant Parish Assessor's Proportionate Share (Percentage)	0.583552%
Grant Parish Assessor's Proportionate Share (Amount)	<u>\$ (148,691)</u>

The Assessor's proportionate share of the net pension liability was determined based on required employer contributions. The net pension liability presented above was not affected by any special funding situations. Changes in the Assessor's proportionate share of Plan's net pension liability during the measurement period ending September 30, 2024 are provided as follows:

Beginning Net Pension Liability	\$ 284,012
Employer Contributions	(14,886)
Pension Expense	(53,525)
Change in Deferred Outflows of Resources	(179,776)
Change in Deferred Inflows of Resources	<u>(184,516)</u>
Ending Net Pension Liability (Asset)	<u>\$ (148,691)</u>

There were no changes between September 30, 2024 and the Plan's measurement date that are expected to have a significant effect on the Assessor's proportionate share of the collective net pension liability. Balances presented as deferred outflows of resources and deferred inflows of resources reported in connection with participation in the plan are presented as follows:

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation, of 2.5%, and an adjustment for the effect of rebalancing/diversification. The resulting long-term expected arithmetic nominal return was 7.85% as of September 30, 2024.

Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of September 30, 2024, are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return
Domestic Equity	7.50%
International Equity	8.50%
Domestic Bonds	2.50%
International Bonds	3.50%
Real Estate	4.50%
Alternative Assets	5.87%

Sensitivity to changes in the discount has been determined by measuring net pension liability at a discount rate that is one percentage point lower and one percentage point higher than the current rate. The results are presented as follows:

	1% Decrease 4.5% Discount Rate	Current Discount Rate 5.5%	1% Increase 6.5% Discount
Net Pension Liability (Asset)	\$ 217,714	\$ (148,691)	\$ (460,317)

NOTE 7 - AD VALOREM TAXES

The Assessor serves as the ex officio chief executive officer of a special taxing district known as an assessment district. The assessment district encompasses all of Grant Parish and is authorized by State law to levy a tax on the assessed valuation of all taxable property appearing on the tax rolls. Proceeds of the tax levy are used exclusively to fund the operation of the Assessor's Office and the amount levied is governed by statute. For the year ended December 31, 2024, the Assessment District was authorized to levy 6.99 mills.

Property taxes are assessed on a calendar year basis and are due on or before December 31 in the year the tax is levied. Revenues from property taxes are recognized as revenue in the year billed.

NOTE 8 – OTHER POST EMPLOYMENT BENEFITS

Details regarding other post-employment benefits (OPEB) that the Assessor's Office provides for its workforce are provided as follows:

Plan Description

The Assessor's Office's established policies and procedures include providing certain healthcare benefits for retirees. This policy amounts to a single-employer defined benefit healthcare plan (the Plan) administered by the Assessor's Office. The Plan provides medical benefits through the Assessor's group health insurance plan which covers both active and retired members. Benefits under the plan are made available to employees upon actual retirement. The Plan does not issue a publicly available financial report. Plan participants are typically eligible for healthcare benefits when they become eligible for benefits from the Louisiana Assessors' Retirement Fund.

Funding Policy

Employees do not contribute to their post-employment benefits costs until they become retirees and begin receiving those benefits. The Assessor's Office has not established a trust fund to finance the cost of benefits and the Plan has no assets.

Net Other Post Employment Liability

The liability has been determined based on an actuarial valuation using the Entry Age Normal actuarial cost method. The measurement date for the actuarial valuation was December 31, 2024. Changes in the liability are presented as follows:

	<u>Total OPEB Liability</u>	<u>Fiduciary Net Position</u>	<u>Net OPEB Liability</u>

Changes in assumptions or inputs were necessary to reflect healthcare cost fluctuations and changes in projected trends. Covered members consist of 4 active subscribers, 3 retirees and surviving spouses, and 1 spouse of current retirees. All eligible inactive subscribers are currently receiving benefits.

Balances presented as deferred outflows of resources and deferred inflows of resources reported in connection with participation in the plan are presented as follows:

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS

The Honorable Keith Maxwell
Grant Parish Assessor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, and each major fund of the Grant Parish Assessor's Office (the Office), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise Office's basic financial statements, and have issued our report thereon dated May 9, 2025.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Office's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Office's internal control. Accordingly, we do not express an opinion on the effectiveness of Office's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

REPORT ON COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether Office's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

APPENDIX A
Statewide Agreed-Upon Procedures

Independent Accountant's Report
On Applying Agreed-Upon Procedures

To the Grant Parish Assessor and
the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Grant Parish Assessor (the Entity) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2024 through December 31, 2024. The Entity's management is responsible for those C/C areas identified in the SAUPs.

The entity has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period described above. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

We were engaged to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

Sexual Harassment		
Agreed-Upon Procedure	Results	Managements' Response
<p>30 Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain sexual harassment training documentation from management, and observe the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year.</p>	<p>Documentation of training was provided.</p>	<p><i>Procedures did not result in findings or criticisms.</i></p>
<p>31 Observe the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).</p>	<p>No website content related to sexual harassment has been posted.</p>	<p>Management believes that the training has provided our small staff with a sufficient understanding of procedures and no posting on the website is considered necessary.</p>
<p>32 Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe it includes the applicable requirements of R.S. 42:344:</p> <ul style="list-style-type: none"> a. Number and percentage of public servants in the agency who have completed the training requirements; b. Number of sexual harassment complaints received by the agency; c. Number of complaints which resulted in a finding that sexual harassment occurred; d. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and e. Amount of time it took to resolve each complaint. 	<p>A report was completed in January and the report included the required content.</p>	<p><i>Procedures did not result in findings or criticisms.</i></p>
