NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1 – BACKGROUND AND NATURE OF OPERATIONS

Jane Place Neighborhood Sustainability Initiative Incorporated (JPNSI) was organized in 2008 as a nonprofit organization with the purpose to support and contribute to the building of safe, affordable housing for low and moderate income residents in the Mid-City neighborhood of New Orleans, LA; to preserve the quality and affordability of housing for future low income and moderate income residents of the community; to promote sustainable land use and community development; to foster community participation and neighborhood unity. JPNSI is organized on a non-stock basis, and there is but one class of membership.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

JPNSI financial statements are prepared on the accrual basis of accounting, whereby revenue is recorded when earned and expenses are recorded when incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, JPNSI considers all cash in demand deposits and investments purchased with a maturity date of three months or less to be cash equivalents.

Property and Equipment

All acquisitions of property and equipment in excess of \$1,000 and all expenditures for maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Repairs and maintenance are expensed as incurred. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method.

Financial Statement Presentation

In accordance with the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) as set forth in FASB ASC 958, which established standards for external financial reporting by not-for-profit organizations, JPNSI classifies resources for accounting and reporting purposes into two net asset categories which are without donor restrictions and with donor restrictions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Statement Presentation

A description of these two net asset categories is as follows:

- Net assets without donor restrictions include funds not subject to donor-imposed stipulations. The revenues received and expenses incurred in conducting the mission of JPNSI are included in this category. JPNSI has determined that any donor-imposed restrictions for current or developing programs and activities are generally met within the operating cycle of JPNSI and therefore, their policy is to record those net assets without donor restrictions. As of December 31, 2024, JPNSI had \$2,559,189 in net assets without donor restrictions.
- Net assets with donor restrictions include funds that are subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates those resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. At December 31, 2024, JPNSI had no net assets with donor restrictions.

Functional Allocation of Expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, program and support service expenses are specifically identified with or allocated to JPNSI functions. Expenses requiring allocation include services provided by the JPNSI management and administrative staff to specific program-related activities.

Advertising

JPNSI uses advertising to promote its programs within the community it serves. The production costs of advertising are expensed as incurred. During the year ended December 31, 2024, advertising costs totaled \$4,717.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

JPNSI has been determined to be tax exempt under Section 501(c)(3) of the Internal Revenue Code. Under section 501(c)(3), JPNSI is exempt from taxes on income other than unrelated business income. During the year ended December 31, 2024, JPNSI did not recognize unrelated business income. Therefore, no provision for income taxes is made in the accompanying financial statements.

JPNSI utilizes the accounting requirements associated with uncertainty in income taxes using the provisions of Financial Accounting Standards Board (FASB) ASC 740, *Income Taxes*. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-likely-than-not the positions will be sustained upon examination by the tax authorities. It provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. As of December 31, 2024, JPNSI has no uncertain tax provisions that qualify for recognition or disclosure in the financial statements.

Revenue Recognition

Contributions, including promises to give, are considered conditional or unconditional, depending on the nature and existence of any donor or grantor's conditions. A contribution or promise to give contains a donor or grantor condition when both of the following are present:

- An explicit identifying of a barrier, which is more than trivial, must be overcome before the revenue can be earned and recognized.
- An implicit right of return of assets transferred or a right of release of a donor or grantor's obligation to transfer assets promised if the condition is not met.

Unconditional contributions or conditional contributions in which the conditions have been substantially met or explicitly waived by the donor are recorded as revenue with or without donor restrictions, depending on the existence and nature of any donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statement of activities as net assets released from restrictions. Conditional contributions are recognized when the barriers to entitlement are overcome, and the promises become unconditional. Unconditional contributions are recognized as revenue when received. Grants are either recorded as contributions or exchange transactions based on criteria contained in the grant award. Exchange transactions are reimbursed based on a predetermined rate for services performed. The revenue is recognized in the period the service is performed.

JPNSI does not believe that it is exposed to any significant credit risks on its cash balances and has not incurred any losses on such accounts.

NOTE 6 – PROGRAM RELATED INVESTMENT LOANS

JPNSI received \$750,000 in Program Related Investment Loans (PRI Loans) from two investors. The investments are no fee, 0% interest, no payment, 7-year loans. The loans are payable in single balloon payments payable in 2030.

NOTE 7 – HOME LOANS

JPNSI receives funding from public agencies of the City of New Orleans and Louisiana Housing Corporation (State of Louisiana) in the form of HOME Loans. These HOME Loans are collateralized by real property and bear no interest. The City's CNI Loans totaled \$600,000 and the State's LHC Loan was \$400,000. The total balance due on HOME loans was \$1,000,000 as of December 31, 2024. These HOME Loans are forgivable if JPNSI meets certain affordability requirements on the development projects. As such, the entire balance of these loans is considered noncurrent as the projects have not satisfied the requirements for forgiveness as of December 31, 2024.

NOTE 8 – DEFINED CONTRIBUTION PLAN

JPNSI sponsors a defined contribution plan (the Plan) covering all employees with at least one year of service who agree to make contributions to the Plan.
