INDEPENDENT AUDITOR'S REPORT

Honorable Judge Lilyynn Cutrer
14th Judicial District Court
Child Support Enforcement Fund
Lake Charles, Louisiana

Report on the Financial Statements

We have audited the accompanying component unit financial statements of the governmental activities of 14th Judicial District Court Child Support Enforcement Fund, a component unit of the Calcasieu Parish Police Jury, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial

statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of the 14th Judicial District Court Child Support Enforcement Fund as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the 14th Judicial District Court Child Support Enforcement Fund's basic financial statements. The Schedule of Compensation, Benefits and Other Payments to Agency Head is presented for the purpose of additional analysis and is not a required part of the basic financial statements.

The Schedule of Compensation, Benefits and Other Payments to Agency Head is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits and other Payments to Agency head is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 8, 2020, on our consideration of the 14th Judicial District Court Child Support Enforcement Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the 14th Judicial District Court Child Support Enforcement Fund's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering 14th Judicial District Court Child Support Enforcement Fund's internal control over financial reporting and compliance.

14TH JUDICIAL DISTRICT COURT CHILD SUPPORT ENFORCEMENT FUND

NOTES TO FINANCIAL STATEMENTS

December 31, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The 14th Judicial District Court Child Support Enforcement Fund was created by Louisiana Revised Statute 46:236.5. This fund was established as an expedited process for the establishment or enforcement of child support obligations. According to the authorizing statute, any court with jurisdiction to establish paternity or to establish or enforce support obligations may implement the above expedited process. This fund was established in 1991.

The accompanying financial statements of the Fourteenth Judicial District Court Child Support Enforcement Fund have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guides set forth in the *Louisiana Municipal Audit and Accounting Guide*, and to the industry audit guide, *Audits of State and Local Governmental Units*.

A. REPORTING ENTITY

This fund is a function of the Calcasieu Parish District Court System, which is a component unit of the Calcasieu Parish Police Jury, and as such, this fund is also a component unit of the Calcasieu Parish Police Jury. This report includes all of the funds relating to the Child Support Enforcement Fund itself as of December 31, 2019 but not the District Court or the Calcasieu Parish Police Jury.

The financial statements of the Fund include all operations and activities under control and authority of the Fund and it was determined that no other agency should be included in this reporting entity.

B. BASIS OF PRESENTATION

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. Internal service fund activity is eliminated to avoid doubling up revenues and expenses. Fiduciary funds are also excluded from the government-wide financial statements.

The Statement of Net Position and the Statement of Activities report financial information for the Child Support Enforcement Fund as a whole. However, the Statement of Activities reports the expense of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. These revenues are subject to externally imposed restrictions to these program uses. Other revenue sources not properly included with program revenues are reported as general revenues.

FUND FINANCIAL STATEMENTS

The Fund uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions relating to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. The financial statements in this report are grouped into one governmental fund type, the General Fund.

The governmental fund (general fund) is the primary operating fund. It accounts for the collection of authorized child support payments. The child support payments are collected by the State and then distributed to the 14th Judicial District Court Child Support Fund.

Grants received by the Fund are characterized by administrative and/or direct financial involvement. As such, they are accounted for in the general fund.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied.

Measurement focus - The government-wide financial statements are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, and financial position. All assets and liabilities (whether current or non-current) associated with their activities are reported. All governmental funds utilize a current financial resources measurement focus in the fund financial statements. Only current financial assets and liabilities are generally included on the balance sheet. Operating statements present sources and uses of available spendable financial resources during a given period. The fund balance is the measure of available spendable financial resources at the end of the period.

Basis of accounting - The government-wide financial statements are presented using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred or economic assets are used. Revenues, expenses, gains, losses, assets, and liabilities resulting from the exchange and exchange-like transactions are recognized when the exchange takes place. In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Revenues are recognized when "measurable and available." Measurable means the amount of the transaction can be determined, and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures (including capital outlay) are recorded when the related fund liability is incurred.

D. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

E. ASSETS, LIABILITIES AND NET POSITION, EQUITY OR NET FUND BALANCES

Cash, Cash Equivalents, and Investments - "Cash and Cash Equivalents" includes all demand deposits, savings accounts and certificates of deposit maturing within one year. Certificates maturing beyond one year are considered investments.

Receivables - In the government-wide statements, receivables consist of all revenues earned at year-end and not yet received. Receivables are included in the fund financial statements if they are both measurable and available.

Capital assets - In the government-wide financial statements, capital assets purchased or acquired with an original cost of \$2,500 or more are reported at historical cost. Additions, improvement and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance is expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following useful lives:

Computer equipment, including software	5 - 10 years
Furniture, office equipment	5 - 10 years

In the fund financial statements, fixed assets are accounted for as capital outlay expenditures of the fund upon acquisition. Capital assets reported herein include only those assets purchased by the Child Support Enforcement Fund and do not reflect assets of the court obtained from other sources. The Fund has no infrastructure assets.

F. DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

In some instances, the GASB requires a government to delay recognition of decreases in net position as expenditures until a future period. In other instances, governments are required to delay recognition of increases in net position as revenues until a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively.

G. NET POSITION FLOW ASSUMPTION

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied.

Fund Balances - In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Net position:

Net position is displayed in three components:

- a. Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position - Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Constraints may be placed on the use, either by (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - Net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in either of the other two categories of net position.

Program Revenues - Program revenues include amounts for administering expedited support payments as well as the various operational and capital grants. Management's policy is to allocate indirect expenses to the programs in the statement of activities based on the relative amount of time spent administering each program. Indirect expenses associated with administration of the grant programs in 2019 were negligible and not allocated.

- H. Budgets and Budgetary Accounting - Annually, the Fund adopts a revenue and expenditure budget for the general fund. A forecast of revenues and expenditures is made based upon the prior year's expenditures, taking into consideration additional expenditures which can be predetermined and estimated. Amendment to the budget is required when actual receipts for the year failed to meet budgeted revenues by five percent or more, or when actual expenditures for the year exceeded budgeted expenditures by five percent or more. The budget is adopted on the cash basis method of accounting. Budgetary comparisons presented in this report are on this non-GAAP budgetary basis. Budget amounts are as originally adopted, adjusted for subsequent amendments.

Encumbrance accounting is not used.

J. Retirement/Vacation Benefits - The various court employees' salaries are paid by the Calcasieu Parish Police Jury and their retirement and vacation benefits are established and provided by the Police Jury since these individuals are employees of the Police Jury. The Child Support Fund does reimburse the Police Jury for the salaries and benefits of individuals specifically working with this fund's activities. The Fund does not provide any direct benefits in the form of retirement or vacation.

2. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include all demand deposits, savings deposits, and certificates of deposit maturing within one year. The Fund's cash and cash equivalent balance at December 31, 2019 consists of cash in the amount of \$1,103,042 and two certificates of deposit in the amounts of \$400,000 and \$158,020 maturing March 30, 2020 and January 20, 2020, respectively.

The Fund maintains demand deposits through local depository banks which are members of the Federal Reserve System.

Deposits in excess of federally insured amounts are required by Louisiana state statute to be protected by collateral of equal market value. Authorized collateral includes general obligations of the U.S. Government, general obligation bonds of any state of the U.S., or of any Louisiana parish, municipality or school district.

The Fund's bank demand and time deposits at year end of \$1,670,140 (bank balances) were entirely covered by federal depository insurance or by pledge of securities owned by the financial institution in the Fund's name.

Interest rate risk. The Fund's investment policy does not address interest rate risk.

Credit risk. In accordance with state law, the Fund limits investments to the following:

1. Direct U.S. Treasury obligations, the principal and interest of which are fully guaranteed by the U.S. government.

2. Bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by federal agencies and provided such obligations are backed by the full faith and credit of the U.S., including U.S. Export Import Bank, Farmers Home Administration, Federal Financing Bank, Federal Housing Administration Debentures, General Services Administration, Government National Mortgage Association (guaranteed mortgage-backed bonds and guaranteed pass-through obligations), U.S. Maritime Administration (guaranteed Title XI financing), and U.S. Department of Housing and Urban Development.

3. Bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by U.S. government instrumentalities, which are federally sponsored, including Federal Home Loan Bank System, Federal Home Loan Mortgage Corporation, Federal National Mortgage Association, Student Loan Marketing Association, and Resolution Funding Corporation.

4. Direct security repurchase agreements of any federal bank entry only securities enumerated above.

5. Time certificates of deposit of state banks organized under the laws of Louisiana or national banks having their principal offices in the state of Louisiana, savings accounts or shares of savings and loan associations and savings banks, or share accounts and share certificates accounts of federally or state chartered credit unions issuing time certificates of deposit; provided that the rate of interest paid for time certificates of deposit shall be not less than fifty basis points below the prevailing market interest rate on direct obligations of the U.S. Treasury with a similar length of maturity.

6. Mutual or trust fund institutions which are registered with the Securities and Exchange Commission under the Securities Act of 1933 and the Investment Act of 1940, and which have underlying investments consisting solely of and limited to securities of the U.S. government or its agencies.

As of December 31, 2019, all of the Fund's investments were held according to policy.

As of December 31, 2019, the Fund had the following investments and maturities:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Investment Maturities (in Years)</u>			
		<u>Less Than 1</u>	<u>1-5</u>	<u>6-10</u>	<u>More Than 10</u>
Certificate of deposit	\$ 558,020	\$ 558,020	\$ -	\$ -	\$ -

Custodial credit risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counter party, the Fund will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

3. RECEIVABLES

The Fund participates in several federal, state, and local programs from which it received grants to partially or fully finance certain activities. Amounts due from federal and state governments for collections activities and grants are reflected as amounts due from governmental units on the financial statements. Receivables as of year end are not believed to have a credit risk exposure and consist of amounts due from governmental units, reimbursements receivable and interest receivable as follows:

Intergovernmental receivable:	
Domestic Violence Grant - CFDA #16.575	\$ 11,304
Crime Victim Counseling Grant - CFDA #16.575	37,028
Collections receivable	<u>53,795</u>
Due from governmental units	102,127
Interest receivable	<u>2,050</u>
Total receivable	<u>\$ 104,177</u>

4. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2019 is as follows:

	Balance <u>1/1/19</u>	<u>Increases</u>	<u>Decreases</u>	Balance <u>12/31/19</u>
Computers, furniture and equipment	\$ 146,168	\$ 6,568	\$ -	\$ 152,736
Accumulated depreciation	<u>(102,142)</u>	<u>(11,571)</u>	<u>-</u>	<u>(113,713)</u>
Capital assets, net	<u>\$ 44,026</u>	<u>\$ (5,003)</u>	<u>\$ -</u>	<u>\$ 39,023</u>

5. FUND BALANCE

In accordance with Government Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the Fund classifies governmental fund balances as follows:

Non-spendable -
includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

Restricted -

includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained or due to constitutional provisions or enabling legislation.

Committed -

includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority (the Judges) and does not lapse at year end. Formal action by the same authority is required to rescind such a commitment.

Assigned -

includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Judges.

Unassigned -

includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The Fund uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the government would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

The Fund does not have a formal minimum fund balance policy.

6. COMMITMENTS AND CONTINGENCIES

Reimbursement payments may be subject to review and audit by the grantor agencies. No provision has been made in the financial statements for the reimbursement of any expenditure that may be disallowed as a result of such a review or audit.

Management has represented that there is no litigation pending against the Child Support Enforcement Fund at December 31, 2019.

7. LEASES

Minimum future lease payments under capital leases as of December 31, 2019 are as follows:

2020	\$ 4,858
2021	4,858
2022	<u>3,379</u>
	13,095
Amount representing interest	<u>-</u>
Present value of minimum lease payable	<u>\$ 13,095</u>

Following is a summary of property held under capital lease:

Copier	\$ 25,502
Accumulated depreciation	<u>(11,901)</u>
	<u>\$ 13,601</u>

The Fund is the lessee of a copier under capital lease expiring in 2022. In the government-wide financial statements, the assets and liabilities under capital lease are recorded at the lower of the present value of the minimum lease payments or the fair value of the asset. The asset is depreciated over the lower of its related lease terms or its estimated productive life. Depreciation of the asset under capital lease is included in depreciation expense for 2019.

8. Subsequent Events

The Fund is monitoring the impact of the COVID-19 pandemic on all aspects of its business. This includes how it will impact its customers and team members. While the Fund did not incur significant disruptions during the year ended December 31, 2019 from COVID-19, it is unable to predict the impact that COVID-19 will have on its financial position and operating results due to numerous uncertainties.

Excess of revenues and other financial resources over expenditures and other uses of financial resources (budgetary basis)	\$ 30,501
Adjustments:	
To adjust revenues for program and interest revenue accruals	(10,607)
To adjust expenditures for expense accruals	<u>1,561</u>

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable Judge Lilynn Cutrer
14th Judicial District Court Child
Support Enforcement Fund
Lake Charles, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the component unit financial statements of the governmental activities of the 14th Judicial District Court Child Support Enforcement Fund, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the 14th Judicial District Court Child Support Enforcement Fund's basic financial statements and have issued our report thereon dated June 8, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the 14th Judicial District Court Child Support Enforcement Fund's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of 14th Judicial District Court Child Support Enforcement Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the 14th Judicial District Court Child Support Enforcement Fund's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2019-001 and 2019-002, that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the 14th Judicial District Court Child Support Enforcement Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

14th Judicial District Court Child Support Enforcement Fund's Response to Findings

The 14th Judicial District Court Child Support Enforcement Fund's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. The 14th Judicial District Court Child Support Enforcement Fund's responses were not subject to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Section II Financial Statement Findings

2019-001 Lack of Segregation of Duties

Condition: There is a lack of segregation of duties over financial activity.

Criteria: An effective internal control is dependent to a great extent on segregation of responsibilities for initiating, evaluating, and approving transactions from those for detail accounting and other related functions.

Effect: When internal control is limited by a lack of segregation of duties there is always a possibility that transactions could be processed that would negatively affect the entity.

Cause: Because of the entity's size, it is not feasible to segregate duties to achieve effective internal accounting control.

Recommendation: We do recommend that, whenever possible, management take an active interest in reviewing the monthly financial information.

Management's response: Management concurs with the above recommendation.

2019-002 Financial Statement Reporting Controls

Criteria: The Auditing Standards Board issued guidance to auditors related to entity's internal controls over financial reporting. Many small organizations rely on their auditor to generate the annual financial statements including footnotes. Standards emphasize that the auditor cannot be part of the system of internal control over financial reporting.

Condition: In our judgment, the Fund's accounting personnel and those charged with governance, in the course of their assigned duties, lack the resources to prepare the financial statements and related footnotes in accordance with generally accepted accounting principles and to detect and correct a material misstatement, if present.

Effect: Material misstatements in financial statements could go undetected.

Recommendation: In our judgment, due to the lack of resources available to management to correct this material weakness in financial reporting, we recommend management mitigate this weakness by having a heightened awareness of all transactions being reported.

Management's response: We concur with this recommendation. Management has implemented supervision and review procedures to the extent possible.

FOR CURRENT YEAR AUDIT FINDINGS (UNAUDITED)
DECEMBER 31, 2019

SECTION I - INTERNAL CONTROL AND COMPLIANCE MATERIAL TO THE FINANCIAL STATEMENTS

2019-001: Lack of Segregation of Duties.

Due to limited personnel and the small size of the entity, it is not feasible to segregate these duties. Management does perform a monthly overview of the accountability of the fund and will continue to do so.

2019-002: Financial Statement Reporting Controls

Management has implemented supervision and review procedures to the extent possible.

SECTION II - INTERNAL CONTROL AND COMPLIANCE MATERIAL TO FEDERAL AWARDS

This section is not applicable to the Fund.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
