Why We Conducted This Audit

In accordance with Louisiana Revised Statute 47:303(B)(3)(b)(iii), we conducted a financial statement audit of the Parish and Municipal Motor Vehicle Sales and Use Tax Escrow Fund for the period January 1, 2019, through December 31, 2019, to evaluate accountability for vehicle sales taxes collected and distributed on behalf of parishes and municipalities.

What We Found

- The cash-basis financial statement is presented fairly.
- Between January 1, 2019, and December 31, 2019, DPS distributed approximately \$487 million to parishes, municipalities, and others. This represents an overall increase of approximately \$19 million, or 4%, compared to distributions in the previous year. Sales tax distributions have increased primarily as a result of an increase in the average tax value of motor vehicles sold during the past year.

The Department of Public Safety and Corrections, Public Safety Services (DPS) is responsible for collecting and distributing motor vehicle sales taxes on behalf of parishes and municipalities.
