The Honorable J. Cameron Henry, Jr.
President of the Senate
The Honorable Phillip R. DeVillier
Speaker of the House of Representatives
The Honorable Helena Moreno
Mayor, City of New Orleans
Members of the New Orleans City Council
Members of the Louisiana State Bond Commission

Dear President Henry, Speaker DeVillier, Members of the State Bond Commission, Mayor Moreno, and Members of the City Council,

In November 2025, the Louisiana State Bond Commission approved the City of New Orleans' (City) issuance of up to \$125 million in Revenue Anticipation Notes (RAN). Pursuant to the Terms and Conditions of that approval, our office carried out oversight of the spending related to the RAN.

In addition to the oversight associated with the RAN, we analyzed the City's payroll data for Fiscal Year End 2025, as well as earnings trends from Fiscal Years Ended 2022 through 2025. The information presented in this informational brief is based on unaudited data and provides an analysis of gross payroll earnings, including overtime trends, to enhance transparency regarding compensation expenditures for the periods analyzed.

We would like to thank the City's staff for their assistance in providing information for this analysis.

I hope this informational brief will benefit you in your decision-making process.

Respectfully submitted,

Michael J. "Mike" Waguespack, CPA
Louisiana Legislative Auditor

BACKGROUND

In November 2025, the Louisiana State Bond Commission approved the City of New Orleans' issuance of up to \$125 million in Revenue Anticipation Notes (RAN) to provide short-term liquidity for payroll-related expenses. Pursuant to Article VII, Section 8 of the Louisiana Constitution and the provisions of La. R.S. 39:1410.60 *et seq.*, the issuance of bonds by any political subdivision is subject to the prior approval of the State Bond Commission.

The Commission's approval does not constitute a loan from the State of Louisiana and does not represent a financial obligation of the State. No State funds were provided to the City as part of this transaction. The City is solely responsible for repayment of the Revenue Anticipation Notes from its own revenues to the private financial institution that purchased the notes.

The Commission's approval also included Terms and Conditions of Approval governing the administration and oversight of the Revenue Anticipation Notes. These provisions require that the proceeds be deposited into a dedicated fund and used only for specified purposes, including payroll obligations, approved overtime, and related personnel costs. The Terms and Conditions also require oversight by the Louisiana Legislative Auditor (LLA), including prior concurrence for disbursements from the fund to confirm that expenditures are consistent with the approved terms and applicable law.

In addition, the Terms and Conditions of Approval require LLA to conduct a detailed investigative audit of the City's fiscal practices for Fiscal Years 2022 through 2025, including analysis of the City's financial performance and compliance with applicable budgeting and expenditure requirements. LLA may recommend corrective measures or additional conditions, as appropriate, and report its findings to the State Bond Commission.

As part of LLA's ongoing oversight and review efforts, this informational brief provides an overview of selected payroll-related expenditures associated with the City of New Orleans. The brief presents an analysis of payroll trends from Fiscal Years 2022 through 2025 and summarizes key components of payroll expenditures reported during 2025, including salary, overtime, retention payments, and terminal leave.

2025 EARNINGS ANALYSIS

In 2025,¹ 6,975 employees received a total of \$409,852,420 in gross earnings from the City of New Orleans. The 6,975 individuals represent all employees who received payroll payments at any time during 2025, including full-time, part-time, temporary, and separated employees, and should not be interpreted as the number of full-time employees².

For purposes of this informational brief, gross earnings represent amounts paid directly to employees and do not include employer-paid benefits such as pension contributions, healthcare costs, payroll taxes, or other employer-related benefits. Accordingly, this brief focuses primarily on compensation disbursed directly to employees.

Of the total gross earnings for 2025, \$358,974,234 represented non-overtime earnings, while \$50,878,186 represented overtime³ earnings. Overtime costs are concentrated within a limited number of departments and agencies, particularly public safety. Exhibit 1 presents the distribution of overtime earnings by department. The primary drivers of overtime costs are the Police Department (57%), Fire Department (16%), and Health Department⁴ (9%), which collectively account for approximately 82% of total overtime expenditures, or approximately \$41.5 million. Exhibit 1a provides a detailed breakdown of gross earnings, non-overtime earnings, overtime earnings, and the percentage of overtime by department.

Appendix B provides a comprehensive listing of all employees who received compensation during 2025, including salary, total gross earnings, non-overtime earnings, and overtime earnings used in this analysis. Appendix B was prepared using unaudited payroll data from the City.

¹ Pay periods ending December 28, 2024, through December 20, 2025.

² According to the City of New Orleans Department of Civil Service, there were 4,487 full-time employees as of December 22, 2025.

³ For purposes of this analysis, "overtime" refers to earnings coded to the City's overtime object code within the financial reporting system. Amounts classified as overtime are based on payroll earning codes that flow to the overtime object code and may include premium or additional compensation not necessarily paid at one and one-half times an employee's regular rate of pay.

⁴ The Health Department is inclusive of Emergency Medical Services.

This information is based on unaudited payroll data provided by the City of New Orleans

Exhibit 2 illustrates the growth in payroll from 2022 through 2025. During this period, total gross earnings increased approximately 29%, or \$92.8 million. In contrast, overtime earnings increased approximately 80%, or \$22.7 million. Exhibit 2 also presents full-time employee counts over the same period, which fluctuated during this timeframe. The disproportionate growth in overtime suggests an increased reliance on overtime as a component of total payroll costs.

OVERTIME AND PAYROLL RECOMMENDATIONS

Since October 2025, our office has provided recommendations and technical assistance to City leadership related to payroll monitoring, overtime estimation, and oversight practices. During that time, the City has implemented certain procedural changes in response to those recommendations. Specifically, on January 28, 2026, the Chief Administrative Officer issued a revision to Policy Memorandum No. 69(R)⁵ to implement overtime planning requirements and standardize how departments, boards, agencies, and commissions project and obtain approval for overtime spending.

The recommendations presented below consolidate best practices previously discussed with City management and additional measures identified through our continued analysis of payroll data and related processes. These recommendations are intended to further strengthen oversight, improve forecasting accuracy, and enhance transparency in compensation reporting.

I. Overtime Governance and Policy Framework

The City should maintain and periodically review a comprehensive overtime policy applicable to all departments, boards, agencies, and commissions. The policy should clearly define acceptable uses of overtime, authorization requirements, documentation standards, supervisory responsibilities, and consequences for non-compliance. Consistent communication and enforcement of the policy across organizational units will help ensure uniform application and strengthen overall governance.

II. Overtime Budgeting and Financial Planning

Departments should prepare formal overtime projections based on operational demands and anticipated events, with historical usage serving as a reference point rather than a default baseline. Prior-year trends should be evaluated for reasonableness and adjusted as necessary to reflect improved oversight, internal controls, and staffing changes. Overtime budgets should include anticipated recurring events and contingency planning for unanticipated emergencies. Budget assumptions should be reviewed for reasonableness and updated as necessary when actual expenditures exceed budgeted amounts.

Departments should routinely compare actual overtime expenditures to budgeted amounts. When overtime expenditures exceed budgeted amounts, departments should evaluate the operational drivers contributing to the increase and update projections as necessary. Overtime projections should be developed using reasonable and supportable assumptions and should not be intentionally overstated in a manner that diminishes the usefulness of the budget. Departments should also avoid informal or “use-it-or-lose-it” allocation practices, as such practices may weaken fiscal discipline and increase the risk of unnecessary overtime spending.

⁵ <https://nola.gov/next/cao/topics/policy-memoranda/>

The City should also consider establishing standardized training or guidance for department personnel responsible for preparing overtime budgets and projections. Training may address forecasting methods, identification of recurring operational demands, use of historical data, and the relationship between departmental projections and financial reporting. Providing consistent guidance can help improve the accuracy and reliability of overtime budget estimates across departments.

III. Workforce Planning and Overtime Management

Discretionary overtime should be allocated based on documented workload data, service demands, and operational priorities rather than fixed or blanket distributions. Departments should periodically assess whether recurring overtime reflects staffing shortages, scheduling inefficiencies, or structural and operational challenges and evaluate cost comparisons between sustained overtime expenditures and potential staffing adjustments.

City leadership should also encourage evaluation of alternative scheduling models, where operationally feasible and consistent with legal and collective bargaining requirements, to determine whether adjustments to shift structures or staggered schedules could reduce recurring overtime obligations.

IV. Monitoring, Oversight, and Analytical Controls

The City should establish a formal process for regularly monitoring overtime expenditures across departments. Reports should identify trends by department and highlight unusual overtime usage. Departments and City leadership should use available metrics and reporting systems to identify sudden spikes or sustained increases in overtime and related personnel costs so that potential control weaknesses or operational inefficiencies can be addressed in a timely manner. Monitoring activities and any resulting corrective actions should be documented and reviewed at appropriate department and supervisory levels.

V. Supervisory Review and Verification Controls

Departments and supervisors should review and approve overtime in advance for non-emergency circumstances and verify the accuracy, completeness, and proper coding of reported hours. Consistent verification procedures should be applied across departments to reduce reliance on informal validation methods. Where operationally feasible, available system data or electronic timekeeping tools may be used to support verification efforts and reduce the risk of payroll errors or potential fraud.

The City should establish standardized training for timesheet approvers. Training should address overtime policy requirements, authorization procedures, payroll coding accuracy, and documentation standards. Training should be provided when employees assume timesheet approval responsibilities and periodically thereafter.

VI. Overtime Classification and Financial Reporting Consistency

Departments should apply consistent definitions and coding practices when identifying and reporting overtime expenditures. Differences between operational overtime projections and how earnings are classified in the financial system may reduce the reliability of overtime reporting and make it difficult to reconcile projections with actual expenditures.

The City should also consider developing a standardized payroll code reference guide or manual that clearly defines the purpose and appropriate use of payroll codes. Such guidance should describe how codes should be applied when recording regular pay, overtime, and other premium compensation. Because certain codes may be used by specific departments or operational units, the guidance may include department-level documentation where appropriate. Providing clear definitions and usage guidance would promote consistent coding practices across departments and reduce the risk of misclassification of payroll expenditures.

The City should evaluate whether current payroll earning codes and financial object codes consistently capture overtime and other premium pay. Where appropriate, the City should provide guidance to departments regarding the proper classification of overtime-related compensation to improve consistency between departmental projections and financial reporting.

Improving alignment between departmental overtime projections and financial system classifications will help ensure that overtime expenditures can be accurately reconciled with financial reports and more effectively monitored across reporting periods.

VII. Transparency and Accountability

To promote accountability and public confidence, the City should provide regular summary reporting of overtime usage to executive leadership and the City Council. Reports should present overtime trends and expenditures in a clear and consistent format. Consideration may also be given to developing reporting tools, such as summary dashboards, that provide visibility into overtime trends and facilitate communication of this information to policymakers and the public.

RETENTION PAYMENTS

The City implemented retention payments for certain employees to support workforce stability and retain experienced personnel in critical operational areas. These payments represent additional compensation provided to employees who remain employed for specified periods or meet defined eligibility criteria established through amendments to the Civil Service Classified Pay Plan⁶ and related City Council motions.

Amendments to the Civil Service Classified Pay Plan, approved by the City Council, authorized several retention payment programs and established eligibility criteria and payment structures for specific employee classifications. These programs were intended to address staffing shortages and support employee retention in critical service areas. For example, retention payment provisions were adopted for certain public safety positions, including police personnel and emergency medical services classifications.

During 2025, 301 employees received retention payments totaling \$1,634,909 across various departments. These payments were processed through the City's payroll system and reported as additional compensation separate from base salary. Appendix C provides a detailed listing of employees who received retention payments during 2025 and the total amounts paid. Appendix C was prepared using unaudited payroll data from the City.

Although this report primarily focuses on employee compensation reported during 2025, the largest retention payments under these programs were issued in 2026 for retention programs authorized in 2022 and 2023. The majority of these payments were related to employees who became eligible for retention payments based on a three-year service requirement met during the fourth quarter of 2025. As of the pay period ending February 28, 2026, 792 employees had received retention payments during 2026 totaling \$9,508,958.36. Of the employees receiving these payments, three were Emergency Medical Services personnel, and 789 were Police Department personnel.

While retention payments may support workforce stability, they may also increase overall personnel costs and should therefore be periodically evaluated to ensure they remain aligned with workforce needs, compensation policies, and the City's broader financial condition.

Based on our review of the City's retention payment programs and related documentation, we identified several opportunities to further strengthen program clarity, administration, and oversight.

⁶ <https://nola.gov/next/civil-service/topics/classification-and-compensation/>

RETENTION PAYMENT RECOMMENDATIONS

I. Clarity and Consistency

The City should continue efforts to improve the clarity and organization of documentation used to authorize retention payment programs. Authorization documents should clearly describe the purpose of the program, employee eligibility criteria, service requirements, payment amounts, and the timing of payments. Presenting these provisions in a concise and well-structured format can improve transparency and help ensure that departments, employees, and oversight entities clearly understand how retention payments are earned and administered.

Further clarifying program documentation may also reduce the risk of differing interpretations and support consistent administration of retention payment programs across departments.

II. Program Review and Administrative Procedures

The City should continue to refine and formalize the review process used when establishing or modifying retention payment programs. A consistent review process may include coordination among administrative, financial, and legal personnel to ensure that eligibility requirements are clearly defined and that potential fiscal impacts are understood prior to implementation.

In addition, departments should consistently follow established procedures to verify employee eligibility and ensure that retention payments are administered in accordance with the approved program criteria. Clear documentation of these procedures can strengthen oversight and improve consistency in the administration of retention payments.

III. Periodic Evaluation of Retention Programs

The City should periodically evaluate retention payment programs to determine whether the programs continue to support workforce stability and operational needs. Periodic review may help ensure that retention payments remain aligned with broader compensation policies and budgetary considerations. As part of this process, the City should assess the fiscal impact of retention programs to ensure that associated costs remain sustainable within the City's financial resources and long-term budget planning.

TERMINAL LEAVE PAYMENTS

The City provides terminal leave payments to eligible employees upon separation from City employment in accordance with the City of New Orleans Civil Service Rules⁷. Terminal leave represents compensation paid for accrued but unused leave balances, including annual leave and a portion of accumulated sick leave converted to cash under the Civil Service Rules. Terminal leave payments are calculated based on an employee's base rate of pay and the amount of eligible leave accrued at the time of separation. Employees with long tenures may accumulate substantial leave balances over time, which can result in larger terminal leave payments when they separate from City employment.

The Civil Service Rules establish eligibility requirements, conversion formulas, and calculation methods governing terminal leave payments. Civil Service Rule VIII, Section 3, includes provisions related to terminal leave and is included as Appendix E of this report. Other provisions within Rule VIII and related sections address the accumulation and use of leave, which affect the amount of terminal leave payable upon separation.

During 2025, 378 employees received terminal leave payments totaling \$4,292,517. These payments were processed through the City's payroll system and represent compensation for accrued leave balances payable upon separation from City employment in accordance with the Civil Service Rules. Appendix D provides a detailed listing of employees who received terminal leave payments during 2025 and the amounts received by each employee. Appendix D was prepared using unaudited payroll data from the City.

Terminal leave payments may vary significantly depending on an employee's length of service and the amount of accrued leave available at the time of separation. Employees who accumulate large balances of unused leave over extended periods of employment may receive larger payments when they separate from City service. As a result, some terminal leave payments may represent a substantial amount of compensation in a single year.

Several payments issued during 2025 were substantially larger than most payments. While most employees received terminal leave payments of less than \$50,000, a small number of employees with significant accrued leave balances received substantially larger amounts. For example, 18 employees received payments exceeding \$50,000 during 2025, totaling over \$2 million, or approximately 49% of total terminal leave payments. The largest individual payment issued during 2025 totaled \$449,892. Exhibit 3 provides an illustration of the calculation of this payment.

⁷ <https://nola.gov/next/civil-service/topics/commission/commission-rules-procedures/>
(Updated 02.05.2026, downloaded 02.15.2026)

TERMINAL LEAVE RECOMMENDATIONS

Based on our review of terminal leave payments and related Civil Service provisions, several opportunities exist to improve monitoring, transparency, and long-term planning related to these payments.

I. Monitoring and Financial Planning for Terminal Leave Obligations

The City should continue monitoring accumulated employee leave balances as part of its broader workforce and financial planning processes. Because terminal leave payments are tied to accrued leave balances and employee separations, the timing and size of these payments may vary significantly from year to year.

Periodic analysis of accumulated leave balances and anticipated employee retirements or separations may help the City better anticipate potential terminal leave obligations and incorporate these costs into budget planning. Monitoring leave balances may also assist City leadership in understanding the long-term financial impact of leave accrual policies.

II. Transparency in Reporting Terminal Leave Payments

The City should provide clear and consistent reporting of unusually large terminal leave payments as part of its monthly reporting processes. Identifying significant terminal leave payouts when they occur can help provide context for fluctuations in personnel expenditures and improve understanding of how these payments affect overall payroll costs.

III. Evaluation of Terminal Leave Provisions

The City, in coordination with the appropriate stakeholders, should periodically evaluate the terminal leave provisions contained in the Civil Service Rules to assess their long-term fiscal impact. Terminal leave payments represent compensation for accrued leave balances that may accumulate over extended periods of employment and can result in substantial payments upon employee separation.

Periodic evaluation may help policymakers better understand how leave accrual and conversion policies influence future personnel expenditures and whether existing provisions remain aligned with the City's broader compensation framework, workforce management practices, and long-term financial planning.

Exhibit 3

Terminal Leave Payout Summary (\$449,892)

This exhibit illustrates the calculation of a terminal leave payment based on actual leave balances per City records and applicable Civil Service Rules:

Key Facts:

- Salary at Separation: \$109,260.23
- Annual Leave Balance: 75 days
- Sick Leave Balance: 1,020.19 days
- Years of Service: 45 years
- Position at Separation: Fire District Chief (46-hour work week)

Policy Summary:

City of New Orleans Civil Service Rules as Adopted and Amended through February 1, 2026⁸ ([Civil Service Rule VIII](#))

- Employees may elect to convert eligible leave to cash or retirement credit upon separation. ([§1.6d](#); [§2.6](#))
- Annual leave is payable upon separation based on the employee's accrued balance. ([§1.6](#))
- Sick leave may be converted to cash based on a tiered conversion schedule. ([§2.6a](#))
- For Fire District Chief and Deputy Fire Chief positions working a 46-hour work week, terminal leave is calculated by dividing the employee's base annual salary by 200 and multiplying by the number of eligible leave days. ([§3.1b](#))
- Annual leave in excess of applicable carryforward limits may be converted to sick leave. ([§1.4](#))

Key Takeaway:

The size of the terminal leave payout is primarily driven by accumulated sick leave balances and the application of tiered conversion rates. Because sick leave may accumulate over extended periods and is eligible for partial or full cash conversion, employees with long tenures may receive substantial terminal leave payments upon separation. ([§1.4a,b](#); [§2.6a](#))

APPENDIX A: MANAGEMENT'S RESPONSE

The Moreno Administration appreciates the Louisiana Legislative Auditor's (LLA's) thorough analysis and values our continued partnership in strengthening the City's financial management practices. As reflected throughout this report, the Administration has not waited to act. Many of the recommendations have already been implemented or are currently underway as part of our broader effort to bring greater discipline, transparency, and accountability to City operations. For example, overtime was reduced 44% in Q1 2026 as compared to Q1 2025, and Mardi Gras overtime was \$1.6 million less in 2026 than 2025. This response aligns with the LLA's recommendations and highlights work the Moreno Administration began on day one to stabilize finances, improve controls, and optimize how the City manages its resources.

Overtime and Payroll Recommendations

Overtime spending has been significantly curbed by the Moreno Administration, with proactive tracking and management leading to historic reductions. The City spent \$10,307,040 in overtime during the first three months of 2026, down from \$18,257,587 during the same period in 2025. This reduction includes a drop in overtime spending during Mardi Gras from \$8,097,345 in 2025 to \$6,468,070 in 2026, a savings of about \$1.6 million. The reduction came despite a 20% increase in visitors in 2026 compared to 2025.

I. Overtime Governance and Policy Framework

As established in this report, Chief Administrative Officer (CAO) Policy Memorandum 69(R) Overtime Policy and Procedures was updated and reissued on January 28, 2026, to formalize new overtime planning and management requirements. The revised policy standardizes departmental overtime spending projections and approvals, requires departments to maintain internal overtime policies and procedures that incorporate best practices, and establishes a process for CAO approval of emergency overtime spending. The LLA collaborated with the City on updating this policy, and their recommendations were incorporated into the final version.

II. Overtime Budgeting and Financial Planning

As a part of CAO Policy Memorandum No. 69(R), all departments authorized to use overtime must submit 90-day overtime projections on a monthly basis for CAO review and approval, which require projections for regular operations, recurring events, and contingency planning. This has been in place since November 2025. The overtime projections template contains standardized guidance to departments on how to project their overtime spending, and the CAO's office consistently works with departments to refine and improve their projections.

III. Workforce Planning and Overtime Management

CAO Policy Memorandum No. 69(R) requires departments to “maintain written internal overtime policies and procedures . . . [that] must establish clear procedures to ensure continuity of essential operations while also minimizing overall overtime usage through strategic staffing, use of compensatory time, and other appropriate measures.” Additionally, departments are encouraged to use best practices in overtime management. Departmental policies must be submitted to the CAO for review, and the City is in the process of compiling and refining departmental overtime policies in accordance with these requirements.

IV. Monitoring, Oversight, and Analytical Controls

Following each pay period, the Chief Administrative Office sends a report to departments comparing actual overtime spending levels to projected overtime spending for the same period. Supplemental information is required if projections are exceeded.

Simultaneously, the Chief Administrative Office maintains live data on overtime spending to monitor trends on a pay period basis and in comparison to historical actuals.

V. Supervisory Review and Verification Controls

Departmental overtime policies required pursuant to CAO Policy Memorandum No. 69(R) shall strive to include best practices, including “requiring advance supervisory approval for overtime, except in clearly defined emergency situations.”

Enhanced overtime monitoring has led the CAO's office to identify timesheet approval issues, which are being resolved on a case-by-case basis. While several training resources exist for using the City's payroll system, the CAO shared this recommendation with the City's Human Resources (HR) division to explore enhancing training on timesheet approvals specifically for overtime. The HR division is already working with Civil Service to ensure the LLA's recommendations are incorporated into its e-Time employee training course.

VI. Overtime Classification and Financial Reporting Consistency

The CAO shared this recommendation with the City's Department of Finance, which manages the City's payroll system, to explore standardizing payroll codes and developing guidance on financial system classifications. Once gaps are addressed, any updated payroll code usage instructions will be applied to enhanced trainings for supervisors of employees using overtime.

VII. Transparency and Accountability

Beginning in February 2026, the Moreno Administration updated and improved its process for developing and submitting monthly budget reports to the New Orleans City Council. One part of that effort was producing a monthly overtime report, to be presented publicly each month during the Budget/Audit/Board of Review Committee Meeting. This report details actual overtime spending compared to projected overtime spending and prior year actuals for the reporting period, by department.

The Moreno Administration has also developed a public-facing dashboard on Citywide overtime spending, launched April 14, 2026, intended to enhance transparency and accountability, available here: [https://nola.gov/next/chief-administrative-office-\(cao\)/topics/overtime-management/](https://nola.gov/next/chief-administrative-office-(cao)/topics/overtime-management/).

Retention Payment Recommendations

October 2025 was the three-year mark for several police officers following the recruitment and retention pay initiative's implementation by the prior Administration in 2022. The retention payments processed for 2025 Q4 therefore had a much larger financial impact and involved a significantly larger dataset compared to other quarterly payments. Additionally, the prior Administration neglected to budget for or have available funds for the 2025 retention bonuses. This, coupled with the City's 2025 financial crisis, placed greater scrutiny on the retention pay process than before, highlighting areas for improvement to future quarterly retention payments.

I. Clarity and Consistency

The CAO shared this recommendation with Civil Service and relevant departments to explore further standardizing and improving the system for authorizing retention payments to City employees. Civil Service is working to develop documentation regarding the retention pay authorization process to implement the LLA's recommendations.

II. Program Review and Administrative Procedures

Each quarter, the retention pay review process is adjusted and enhanced. The City currently manages a consistent review process that includes coordination with administrative and financial personnel to ensure that eligibility and fiscal impacts are understood. Financial forecasting will ensure that future retention payments are properly accounted for and budgeted.

III. Periodic Evaluation of Retention Programs

The Moreno Administration will continue to evaluate the retention payment programs to ensure alignment with public health and safety goals and recruitment and retention needs, as well as the availability of adequate resources.

Terminal Leave Recommendations

The LLA was the first to flag this issue for the Moreno Administration. While terminal leave payments are governed by Civil Service Rules and reflect earned employee benefits, their scale and variability can create challenges for long-term financial planning and transparency. The Moreno Administration is already taking steps to evaluate existing policies to ensure alignment with the City's broader fiscal sustainability goals.

I. Monitoring and Financial Planning for Terminal Leave Obligations

The Chief Administrative Office, together with the Department of Finance and Human Resources division, has worked and continues to work on enhancing the City's analysis capabilities, allowing the City to periodically calculate and review accumulated leave balances.

II. Transparency in Reporting Terminal Leave Payments

The CAO shared this recommendation with the Department of Finance to explore incorporating data on terminal leave payments into current reporting processes.

III. Evaluation of Terminal Leave Provisions

Beginning in January 2026, the Chief Administrative Office undertook an initiative to review existing provisions for leave accrual and payment. As part of this initiative, work is underway to develop a plan and engage with the Civil Service Commission to pursue adjustments to existing provisions to modernize and update leave accrual and payment policies.

Section 1. ANNUAL LEAVE (amended December 13, 2004, effective January 1, 2005, amended February 17, 2014, effective March 1, 2014)

1.1 Receipt:

Annual leave with pay shall be earned on a bi-weekly basis by all employees, except for: Transient and Emergency employees (see paragraph “j” below), other employees paid at special rates of pay in accordance with Rule IV, Section 4.1, and uniformed fire suppression, fire communication, and fire prevention personnel (see paragraph “k” below).

Each reference to days of leave in this Rule shall refer to “leave days” as defined in Rule I. (amended December 13, 2001, effective January 1, 2002, amended December 13, 2004, effective January 1, 2005)

- (a) The accrual rate for all eligible employees appointed subsequent to December 31, 1978 shall be 0.5 of a leave day for each bi-weekly accrual period (13 leave days a year).
- (b) The accrual rate for all eligible employees, except for uniformed police personnel, on the payroll as of December 31, 1978 shall be 0.6923 of a leave day for each bi-weekly accrual period (18 leave days a year).
- (c) The accrual rate for uniformed police personnel on the payroll as of December 31, 1978 shall be 0.8077 of a leave day for each bi-weekly accrual period (21 leave days a year).

- (d) An employee whose appointment, reemployment or reinstatement is effective on the first workday of the bi-weekly accrual period shall be eligible to earn annual leave commencing with that bi-weekly period.
- (e) No annual leave shall accrue to an employee during any bi-weekly period, or part thereof, in which an employee is on leave without pay or on suspension.
- (f) When an employee's services are terminated before the end of the bi-weekly accrual period, no annual leave shall accrue for that period.
- (g) Employees paid on a daily or hourly basis, or who work a regular or recurring part-time work schedule, shall earn annual leave at the same rate as eligible full-time personnel, but in proportion to the time worked.
- (h) In the event an employee's work schedule is adjusted from either full-time to part-time or part-time to full-time, a corresponding adjustment in the amount of accumulated annual leave shall be made in proportion to the hours to be worked.
- (i) Upon reinstatement from active duty, and subject to the provisions of Rule VIII, Section 8, an employee on military leave without pay shall be eligible to accrue annual leave at the rate formerly earned.
- (j) Persons holding Transient or Emergency appointments as defined in Rule VI, Section 5.3 (b) and (c) shall not be entitled to earn annual leave. The provisions of this section shall not apply to regular employees temporarily on a Transient or Emergency appointment in another classification. (amended September 27, 1990)
- (k) Uniformed fire suppression, fire communication, and fire prevention personnel, after having served one year on the Fire Department, shall receive eighteen (18) days of annual leave on their anniversary date each year. This allotment shall be increased by one (1) day for each year of service over ten (10) years, up to a maximum of thirty (30) days.(amended December 13, 2001, effective January 1, 2002)
- (l) When an employee changes from one type of leave day to another (for example from a seven (7) hour leave day to an eight (8) hour leave day), his or her annual leave balance and accrual rate shall change in the same manner.

1.2 Bonus Annual Leave Days

- (a) Except for uniformed fire suppression, fire communication, and fire prevention personnel, each eligible employee appointed subsequent to December 31, 1978 shall be granted, on January 1 of each year, bonus annual leave days as follows: (amended December 13, 2001, effective January 1, 2002)
 1. Three (3) bonus annual leave days per year for employees with five through nine calendar years of continuous service.

2. Six (6) bonus annual leave days per year for employees with ten through fourteen calendar years of continuous service.
 3. Nine (9) bonus annual leave days per year for employees with fifteen through nineteen calendar years of continuous service.
 4. Twelve (12) bonus annual leave days per year for employees with twenty or more calendar years of continuous service.
 5. Except for police personnel accruing annual leave at the rate of .8077 of a leave day, each full-time eligible employee on the payroll as of December 31, 1978 shall be granted on January 1st of each year three (3) bonus annual leave days. (amended April 20, 1995)
 6. Any employee who is appointed on or before the fifteenth day of January shall be eligible to earn the bonus leave for that year. (March 21, 1991)
 7. Eligible part time employees accrue bonus leave days in proportion to time worked.
 8. Any employee who uses thirty (30) days or more of leave without pay in any calendar year shall not be eligible to accrue bonus annual leave days for that year.
- (b) An active employee who presents documentation verifying that they have received a full schedule of any COVID-19 vaccine approved under full or emergency use authorization by the U.S. Food and Drug Administration on or prior to September 30, 2021 shall receive one (1) bonus annual leave day. To receive this bonus annual leave, verification documentation must be submitted no later than October 15, 2021 and accepted by the appointing authority. (amended June 10, 2021, effective June 17, 2021)
 - (c) Regular public safety employees who successfully complete a voluntary annual physical agility exam approved by the Personnel Director shall receive one (1) bonus annual leave day per calendar year. Employees must be employed in a position in a job series for which an agility exam is required for entrance into that job series (amended June 23, 2023, effective January 21, 2024).

1.3 Bonus Annual Leave Days (Reinstatement/Reemployment): Subject to the approval of the Director, former employees who are reinstated or reemployed pursuant to Rule VI, Section 4 shall have their bonus annual leave days calculated based on their cumulative service time, as defined in Rule I, if all of the following conditions are met:

- (a) There is a written request from the appointing authority;
- (b) The position is full time;
- (c) The employee was separated for reasons other than fault or delinquency on his or her part; and
- (d) The employee was separated for more than three months, but less than three years.

1.4 Leave Carried Forward:

- (a) On December 31 of each year the accumulated annual leave of all employees hired before January 1, 1979 shall be carried forward to the succeeding year, provided that accumulated annual leave carried forward shall not exceed ninety (90) leave days. However, effective January 12, 2009, leave in excess of ninety (90) days shall be converted to sick leave credits (amended April 20, 1995, amended November 20, 2006, amended January 12, 2009).
- (b) On December 31 of each year the accumulated annual leave of all employees hired after December 31, 1978 shall be carried forward to the succeeding year, provided that accumulated annual leave carried forward shall not exceed forty-five (45) leave days. However, effective January 12, 2009, leave in excess of forty-five (45) days shall be converted to sick leave credits (amended April 20, 1995, amended November 20, 2006, amended January 12, 2009).

1.5 Use:

- (a) The minimum charge against annual leave shall be fifteen (15) minutes (one-quarter of an hour) for non-exempt employees only. (amended February 17, 2014)
- (b) In computing annual leave taken by an employee, each deduction shall be made from accrued annual leave for only that time which the employee is absent but is scheduled to work. (amended April 20, 1995)
- (c) Accumulated annual leave may be used only after completion of eight consecutive weeks of service. Employees who are reinstated following a break in service must also complete eight consecutive weeks following such reinstatement before being eligible to use annual leave. Annual leave is not paid to employees who are terminated before eight consecutive weeks of service. Employees who are laid off before the completion of the eighth week of service shall be paid for earned and accumulated annual leave. (amended May 5, 2024)
- (d) Accumulated annual leave may be taken at the time or times requested by the employee and approved by the appointing authority. If the work load of the employee's organization unit makes the granting of annual leave undesirable for the time requested, the appointing authority shall notify the employee.
- (e) Each employee shall be entitled to use a minimum of one year's accumulation of annual leave during any calendar year. When an employee entitled to annual leave makes a written request for leave, the appointing authority shall, within five (5) days after the date of the employee's request, either approve or disapprove the request in writing. If the request is denied, the appointing authority shall grant, in writing, permission for use of the annual leave requested during an equivalent period within the six-month period following the employee's request. This written permission shall be given to the employee within ten (10) working days after the request.
- (f) Employees who use annual leave to appeal disciplinary actions before a hearing examiner or the Civil Service Commission, shall have such leave restored if the

appeal, when final, has been sustained either by the Commission or the appellate courts of the State and the appellant has been completely exonerated of culpability. (adopted February 23, 1989, effective February 23, 1989)

- 1.6 **Annual Leave at Separation:** Upon an employee's death, termination of employment or entry into active duty with the Armed Forces of the United States, after completion of eight consecutive weeks of service under current employment with the City, all accrued annual leave shall be paid to the employee except that: (amended May 5, 2024)
- (a) Upon separation from the service of the City, all accumulated annual leave which was earned under the provisions of the Rule shall be paid to all eligible employees in accordance with the provisions of Section 3.1 of this Rule.
 - (b) The payment of accumulated annual leave shall be withheld if an employee is dismissed for fraud, theft, or misappropriation of City funds or property. The payment of accumulated annual leave shall be withheld if an employee, while under administrative or criminal investigation for fraud, theft, or misappropriation of City funds or property, attempts to terminate employment before the conclusion of the respective investigation and/or disposition of any administrative hearing convened by the appointing authority. Any unauthorized absenteeism during the aforementioned time periods shall be an unexcused absence subject to the corrective action specified in Rule IX of the Commission's Rules. If, upon conclusion of the respective investigation and/or administrative hearing, the employee has been exonerated, payment for all accumulated annual leave shall be made. (amended December 21, 1989, effective January 1, 1990)
 - (c) An employee entering active duty with the Armed Forces may request, in writing, that all or part of his or her accrued annual leave be paid. Otherwise, this leave balance will be retained on file until the employee returns to work.
 - (d) At the time of separation from the service, employees shall have the option to convert unused annual leave, accumulated under the provisions of Rule VIII, Sections 1.1 and 1.2, to cash or substitute unused annual leave for retirement credits, subject to the provisions of applicable sections of this Rule, as well as the laws and regulations of the employee's retirement system.

- 1.7 **Annual Leave in Changes of Organization Unit:** When an employee changes organization units without a break in consecutive service, all accumulated annual leave remaining to the employee's credit shall be transferred when the employee commences service in the new position.

Section 2 **SICK LEAVE** (amended December 13, 2004, effective January 1, 2005, amended July 20, 2015, effective August 1, 2015)

- 2.1 **Receipt:** Sick leave with pay shall be earned on a bi-weekly basis by all employees, except for Emergency, Transient or other employees paid at special rates of pay in accordance with Rule IV, Section 4.1 (amended December 13, 2001, effective January 1, 2002)
- (a) The accrual rate for all eligible employees appointed subsequent to December 31, 1978 shall be 0.5 of a leave day for each bi-weekly accrual period (13 leave days a

year).

- (b) The accrual rate for all eligible employees on the payroll as of December 31, 1978 shall be 0.923 of a leave day for each bi-weekly accrual period (24 leave days a year).
- (c) An employee whose appointment, re-employment or reinstatement is effective on the first workday of the bi-weekly accrual period shall be eligible to accumulate sick leave commencing with that bi-weekly period.
- (d) No sick leave shall accrue to an employee during any bi-weekly period or part thereof, in which an employee is on leave without pay or on suspension.
- (e) When an employee's services are terminated before the end of the bi-weekly accrual period, no sick leave shall accrue for that period.
- (f) Employees paid on a daily or hourly basis, or who work a regular or recurring part-time work schedule, shall earn sick leave at the same rate as eligible, full-time employees, but in proportion to the time worked.
- (g) In the event an employee's work schedule is adjusted from either full-time to part-time or part-time to full-time, a corresponding adjustment in the amount of accumulated sick leave shall be made in proportion to the hours to be worked.
- (h) Upon reinstatement from active duty, and subject to the provisions of Rule VIII, Section 8, an employee on military leave without pay shall be eligible to accrue sick leave at the rate formerly earned.
- (i) Persons holding Transient or Emergency appointments as defined in Rule VI, Section 5.3 (b) and (c) shall not be entitled to earn sick leave. The provisions of this section shall not apply to regular employees temporarily on a Transient or Emergency appointment in another classification.
- (j) When an employee changes from one type of leave day to another (for example from a seven (7) hour leave day to an eight (8) hour leave day), his or her sick leave balance and accrual rate shall change in the same manner.

2.2 Bonus Sick Leave Days: Each January 1, employees appointed subsequent to December 31, 1978, except for Emergency, Transient or other employees paid at special rates of pay in accordance with Rule IV, Section 4.1, shall be granted bonus sick days as follows: (amended April 20, 1995)

- (a) Two (2) bonus sick days per year for employees with six (6) through fifteen (15) calendar years of continuous service.
- (b) Seven (7) bonus sick days per year for employees with sixteen (16) or more calendar years of continuous service.
- (c) Any employee who is appointed on or before the fifteenth day of January shall be eligible to earn the bonus leave for that year.

- (d) Any employee who uses thirty (30) days or more of leave without pay in any calendar year shall not be able to accrue the bonus sick days for that year.
 - (e) Eligible part time employees accrue bonus leave days in proportion to time worked.
- 2.3 Bonus Sick Leave Days (Reinstatement/Reemployment): Subject to the approval of the Director, former employees who are reinstated or reemployed pursuant to Rule VI, Section 4 shall have their bonus sick leave days calculated based on their cumulative service time, as defined in Rule I, if all of the following conditions are met:
- (a) There is a written request from the appointing authority;
 - (b) The position is full time;
 - (c) The employee was separated for reasons other than fault or delinquency on his or her part; and
 - (d) The employee was separated for more than three months, but less than three years.
- 2.4 Leave Carried Forward: The sick leave accumulated by all employees in accordance with these Rules shall be carried forward to the succeeding year.
- 2.5 Use: An employee who has taken sick leave shall file with his or her appointing authority a letter stating the cause of the absence from work, provided that:
- (a) If the amount of sick leave taken exceeds six (6) consecutive working days, a registered physician must certify to the nature of the illness or injury and the necessity for absence after the sixth consecutive working day.
 - (b) If there is a reasonable doubt of the validity of the employee's claim for consecutive sick leave of six (6) working days or less, the appointing authority may require a statement from a registered physician or some other acceptable proof that the employee was ill, provided that the employee has been previously notified of the policies and conditions under which a physician's certificate will be required for absence of less than six (6) consecutive working days.
 - (c) When an appointing authority has determined that an employee has charged an absence against sick leave although no actual illness or injury as defined in Rule I occurred, the appointing authority must deduct the value of the absent time from the employee's accrued annual leave or pay and may also take disciplinary action as deemed appropriate under the circumstances.
 - (d) When computing sick leave taken, deduction shall be made from accrued sick leave only for those days upon which an employee is scheduled to work.
 - (e) When there is a death in the immediate family of the employee, as defined in Rule I, the employee shall be allowed to use a maximum of three (3) leave days of sick leave. If travel time is deemed necessary, the appointing authority may grant an extra two (2) leave days of sick leave; but in no case shall the sick leave granted under this section aggregate more than five (5) leave days. (amended April 20,

1995)

- (f) The leave is due to the illness, or injury of an immediate family member which necessitates the absence or is due to the medical, dental, or optical consultation or treatment for immediate family members when it is not possible to arrange such appointments for non-duty hours. Leave under this subsection may only be used when approved by the appointing authority.

2.6 Sick Leave at Separation: At the time of separation from the service, employees shall have the option to convert unused sick leave, accumulated under the provisions of these Rules to cash or substitute unused sick leave for retirement credits, subject to the provisions of applicable sections of this Rule, as well as the laws and regulations of the employee's retirement system.

If an employee either does not elect to convert unused sick leave for retirement, or elects to have only a portion of that leave credited for retirement purposes, any residue of the unused sick leave shall be converted to cash, subject to the following provisions:

- (a) Upon termination of service the conversion of unused sick leave to cash shall be determined as follows:
 - 1. For the 1st through 100th leave day, twenty percent (20%) of the accrued leave shall be converted to pay. (amended April 20, 1995)
 - 2. For the 101st through 200th leave day, twenty-five percent (25%) of the accrued leave shall be converted to pay. (amended April 20, 1995)
 - 3. For the 201st through 300th leave day, thirty-three percent (33%) of the accrued leave shall be converted to pay. (amended April 20, 1995)
 - 4. For the 301st through 400th leave day, fifty percent (50%) of the accrued leave shall be converted to pay. (amended April 20, 1995)
 - 5. One hundred percent (100%) of the accrued leave in excess of 400 leave days of sick leave shall be converted to pay. (amended April 20, 1995)
- (b) The conversion of accumulated sick leave to cash shall be withheld if an employee is dismissed for fraud or theft of City funds or property. The conversion of accumulated sick leave to cash shall be withheld if an employee, while under administrative or criminal investigation for fraud, theft or misappropriation of City funds or property, attempts to terminate employment before the conclusion of the respective investigation and/or disposition of any administrative hearing convened by the appointing authority. Any unauthorized absenteeism during the aforementioned time periods shall be an unexcused absence subject to the corrective action specified in Rule IX of the Commission's Rules. If, upon conclusion of the respective investigation and/or administrative hearing, the employee has been exonerated, payment of sick leave converted in accordance with the applicable provisions of these Rules shall be made. (amended December 21, 1989, effective January 1, 1990.)

- (c) If an employee dies, either as the result of an on-the-job accident or from injuries which can be unequivocally traced or connected to an on-the-job accident, one hundred percent (100%) of all unused sick leave shall be converted to cash. (amended April 20, 1995)
- 2.7 Sick Leave in Changes of Organization Unit: When an employee changes organization units without a break in consecutive service, all accumulated sick leave remaining to the employee's credit shall be transferred when the employee commences service in the new position. (amended April 20, 1995)
 - 2.8 Sick Leave While on Military Leave: When an employee is placed on authorized military leave without pay, all unused sick leave which was accumulated prior to the employee's placement on military leave shall remain to the employee's credit until the time of reinstatement or forfeiture of all rights under Section 8 of this Rule. See Section 1.5 of this Rule for provisions for annual leave while on active duty with the Armed Forces.
 - 2.9 Sick leave with partial or full compensation in excess of the amount of leave normally earned may be granted by the Director, on the recommendation of the appointing authority and with the approval of the Commission, where the sickness or injury was caused by conditions of employment or in other special cases. The Commission, at its discretion, may require that the employee receiving this leave return any and all leave advanced.
 - 2.10 (a) When any commissioned police personnel sustains accidental bodily injury while actively engaged in enforcing vehicle and traffic laws, investigating a traffic incident, police training, responding to an emergency call, or in the process of pursuing, apprehending, arresting, transporting or booking a suspect, such employee may be granted sick leave with pay which will not diminish his or her ordinary sick leave accumulation, simultaneously with the benefit provisions of the State of Louisiana Worker's Compensation statutes, provided such leave is recommended by the Superintendent of Police and is requested of and approved by the Director of Personnel of the Department of Civil Service.

When any Police Recruit (Academy) sustains any disabling injury while actively engaged in training activities related to law enforcement (to include self defense, simulation, defensive driving, and weapons training) and subject to the limitations of this section of the Rules, such employee may be granted up to 60 days sick leave with pay which will not diminish his or her ordinary sick leave accumulation, simultaneously with the benefit provisions of the State of Louisiana Worker's Compensation statutes, provided such leave is recommended by the Superintendent of Police and is requested of, and approved by, the Director of Personnel of the Department of Civil Service. (amended August 9, 1979, October 27, 2000, January 25, 2010, June 21, 2010, July 20, 2015, effective August 1, 2015)
 - (b) It is the specific intention of this subsection to provide additional benefits to law enforcement officers who have exposed themselves to danger unique to law enforcement. However, in no instance shall an employee receive combined monetary benefits under this section which are greater than the employee's normal rate of pay. The total benefits under this subsection for an occurrence resulting in accidental bodily injury and for any medically certified recurrence or recurrences of symptoms thereof shall not exceed 52 weeks (365 calendar days). (amended

August 9, 1979)

- (c) An initial report of the injury directed to the Director of Personnel of the Department of Civil Service must be received by the Civil Service Department within thirty (30) calendar days of the injury in order to be considered for benefits pursuant to this subsection.(amended October 27, 2000)
 - (d) Any report of a recurrence of injury symptoms must be directed to the Director of Personnel and received by the Civil Service Department within thirty (30) calendar days of the date of such recurrence in order to be considered for benefits. Any request for leave resulting from a recurrence of injury symptoms must be directed to the Director of Personnel and received by the Civil Service Department within sixty (60) calendar days of such recurrence; otherwise, benefits under this subsection shall be prescribed (amended October 27, 2000)
- 2.11
- (a) Special monetary compensation for a limited period of time may be authorized by the Director, subject to the approval of the Civil Service Commission, for non-exempt police personnel who sustain any disabling injury while attempting to intervene in the perpetration of a crime, provided there is an immediate manifestation of the injury which is objectively discernable to the parties at the scene of the injury. (adopted August 9, 1979)
 - (b) Prior to consideration by the Commission, the Police Department must submit thorough documentation outlining the circumstances surrounding the injury, together with a detailed medical statement from the attending physician specifying the probable length of disability. (adopted August 9, 1979)
 - (c) When there has been a sufficient recovery from the injury enabling the employee to return to work, the special compensation under this provision of the Rules shall be discontinued. If the employee's condition is determined to be permanently disabling, and prevents the employee from ever returning to work, the appointing authority must recommend that the employee be placed on disability retirement. (adopted August 9, 1979).
- 2.12
- (a) Special monetary compensation for a limited period of time may be authorized by the Director, subject to the approval of the Civil Service Commission, for non-exempt Fire Suppression personnel who sustain any disabling injury while:
 - 1. actively engaged in fire training exercises or drills.
 - 2. responding to an alarm or an emergency call.
 - 3. actively engaged in fighting a fire, provided that there is an immediate manifestation of the injury which is objectively discernable to the parties at the scene of the injury. Coverage under the provisions of this section shall be extended to include latent or non-apparent injuries which can be unequivocally traced or connected to the fire scene. (adopted August 9, 1979, amended February 13, 1981)
 - (b) When either a Fire Recruit or probationary Firefighter sustains any disabling injury

while actively engaged in an activity listed in, and subject to, the conditions of Rule VIII, Section 2.1 (f) (1), such employee may be granted up to 60 days sick leave with pay which will not diminish his or her ordinary sick leave accumulation, simultaneously with the benefit provisions of the State of Louisiana Worker's Compensation statutes, provided such leave is recommended by the Superintendent of Fire and is request of and approved by the Director of Personnel of the Department of Civil Service. (adopted February 13, 1981)

- (c) Prior to consideration by the Commission, the Fire Department must submit thorough documentation outlining the circumstances surrounding the injury, together with a detailed medical statement from the attending physician specifying the probable length of disability. (adopted August 9, 1979)
- (d) When there has been sufficient recovery from the injury to enable the employee to return to work, the special compensation under this provision of the Rules shall be discontinued. If the employee's condition is determined to be permanently disabling and prevents the employee from ever returning to work, the appointing authority must recommend that the employee be placed on disability retirement. (adopted August 9, 1979)

2.13 Sick or Annual Leave Donation: Subject to the prior approval of the Director of Personnel, an appointing authority may allow an employee to donate sick or annual leave with pay to another employee, subject to the following conditions: (adopted April 25, 1991)

- (a) The recipient must have been employed with the City for a period of not less than eight weeks. (adopted March 16, 1995, effective April 1, 1995; amended February 3, 2025)
- (b) Donated annual leave shall be converted to sick leave and added to the recipient's sick leave balance, except as noted in paragraph "g" below.
- (c) The donor relinquishes all future claims to the donated leave, regardless of the medical condition of either the donor or the recipient.
- (d) The donation must be strictly voluntary, without coercion, implied or otherwise, and must be certified as such in writing by the donor in advance of the actual transfer of sick leave from the donor to the recipient.
- (e) In cases where an employee is donating sick leave with pay to an employee in another organization unit, the approval of both appointing authorities will be required.
- (f) Following approval, the appointing authority/authorities must submit all the necessary leave adjustment forms to the Finance Department with appropriate documentation.
- (g) Donated annual leave may be added to the recipient's annual leave balance in instances where an employee must care for an immediate family member due to a serious health condition. To qualify for such donations, the following conditions

must be met:

1. The recipient shall submit appropriate medical documentation supporting the serious health condition of the immediate family member.
2. The recipient's annual leave must be exhausted prior to receipt of the donated leave.
3. The recipient is limited to 12 weeks of such leave donations within a period of 12 consecutive months. However, additional days may be authorized by the Civil Service Commission. (adopted March 21, 2011, effective April 1, 2011)

2.14 EMERGENCY PAID SICK LEAVE

(a) As provided in the Emergency Paid Sick Leave Act of the Families First Coronavirus Response Act, an employee who is unable to work or telework for the following reasons is entitled to emergency paid sick leave: (adopted April 20, 2020)

1. The employee is subject to a Federal, State, or local quarantine or isolation order related to COVID-19;
2. The employee has been advised by a health care provider to self-quarantine due to concerns related to COVID-19;
3. The employee is experiencing symptoms of COVID-19 and is seeking a medical diagnosis;
4. The employee is caring for someone who is subject to a Federal, State, or local quarantine or isolation order related to COVID-19 or who has been advised by a health care provider to self-quarantine due to concerns related to COVID-19.
5. The employee is caring for a child of the employee if the school or place of care of the child has been closed or if the child-care provider of the child is unavailable due to COVID-19 concerns.
6. The employee is experiencing any other substantially similar condition that may arise, as specified by the United States Secretary of Health & Human Services.

(b) The duration of the leave for the reasons described in this subsection is:

1. 80 hours for full-time employees and the average number of hours a part-time employee works over two weeks.

(c) The rate of compensation for the reasons described in subsection (a) is:

1. For subsections (a)(1)-(3) above, the employee receives full pay up to \$511/day (with a maximum of \$5,110). Employee is subject to a Federal, State, or local quarantine or isolation order related to COVID-19.

2. For subsections (a)(4)-(6) above, the employee receives at least two-thirds of regular pay, up to at least \$200/day.
- (d) An employee may receive only the duration of leave described in subsection (b)(1) above, even if the employee experiences more than one qualifying event set forth in subsection (a).
- (e) An appointing authority shall not require an employee to exhaust sick leave or annual leave in order to qualify for leave under this section.
- (f) This section shall expire on December 31, 2020.
- (g) The provisions of this section do not expand, reduce, or change the benefits provided by any portion of Public Law No. 116-127, which is also known as the Families First Coronavirus Response Act or "FFRCA." This section is intended only to make the requirements of sections 5102 and 5110 of the FFCRA part of these Rules.

Section 3. TERMINAL LEAVE (amended December 13, 2004, effective January 1, 2005)

- 3.1 Terminal Leave: Subject to the provisions of Sections 1.1, 1.5, 2.1 and 2.5 of this Rule, when the service of an employee is terminated, terminal leave is to be paid. Terminal leave shall consist of terminal annual leave and terminal sick leave converted according to Section 2.5 of this Rule, and shall be computed as follows:
 - (a) Fire suppression personnel working a "24 hour on 48 hour off" schedule shall have the payment for accrued terminal leave calculated by dividing the employee's base annual rate of pay, including longevity, by 243, and then multiplying this amount by the employee's number of accrued terminal leave days.
 - (b) Employees in the classes of Fire District Chief and Deputy Fire Chief working a 46 hour week shall have the payment for accrued terminal leave calculated by dividing the employee's base annual rate of pay, including longevity, by 200, and then multiplying this amount by the number of accrued terminal leave days.
 - (c) For all other employees, payment for accrued terminal leave shall be calculated by dividing the employee's base annual rate of pay, including longevity, by 250, and then multiplying this amount by the employee's number of accrued terminal leave days. This is done to account for ten annual holidays. (amended April 20, 1995, October 24, 1996)
- 3.2 An employee who is dismissed for reasons other than fraud, theft, or misappropriation of City funds or property, and who appeals this action has two options under this section of the Rules. These are: (1) to receive terminal leave pay in accordance with other sections of this Rule; or (2) to request in writing to the Director that leave balances be maintained on the City's payroll system until the appeal and any subsequent actions by appellate courts of the State are completed. Should an exonerated employee choose payment, he may later re-purchase the total sick and/or annual leave at the gross total rate paid by the employer.

Section 4. CIVIL LEAVE

4.1 An employee shall be given time off without loss of pay:

- (a) When performing jury duty;
- (b) When subpoenaed to appear before a court, public body or Commission. However, in cases where the employee has a direct interest in the matter, Civil Leave shall not be authorized, but rather the appointing authority shall grant annual leave, or, in its absence, leave without pay;
- (c) When performing emergency civilian duty in connection with national defense;
- (d) When ordered to appear for a medical or other examination by the Selective Service System or by a branch of the Armed Forces of the State or the United States;
- (e) When taking or participating in a New Orleans City Civil Service examination;
- (f) When taking an examination for a license or certificate from a City or State agency, provided the appointing authority certifies in writing to the Civil Service Department that the city service will benefit by the employee's acquisition of the certificate or license.
- (g) When an appointing authority reduces, suspends or closes its operations due to concerns about the health and safety of the public or its employees, it may direct employees not to report to work. In advance of such reduction, suspension or closure, the appointing authority shall send written notice to the Personnel Director. To the extent practicable, the appointing authority should adjust the work schedules of those employees affected by the reduction, suspension or closure in order to allow the employee to make up the hours he or she was not able to work during that work period. However, if such rescheduling is not practicable, the appointing authority shall allow the employees time off without loss of pay. Such allowance will be subject to the review of the Personnel Director. (Amended April 18, 2016 and ratified by the Council March 23, 2017)
- (h) When impacted by a disaster as declared by the Mayor or the Governor. City employees who wish to use Civil Leave with pay pursuant to this section will make a request to their appointing authority. Upon verification by the appointing authority that the employee was directly affected by the disaster and that the use of Civil Leave is warranted, the employee may take up to twenty (20) working days of paid leave within twelve (12) months of the date of the disaster. Any use of Civil Leave under this provision must be verified and approved by the appointing authority. Civil Leave shall be available to the employee as of the date of the emergency declaration. (Amended February 20, 2017, ratified by the Council March 23, 2017, effective February 7, 2017)

(Section 4.1 (a)-(b) amended November 12, 1981, effective December 1, 1981 former section 4.1(g) removed effective February 1, 2026)

- 4.2 When an employee is authorized or assigned to attend a conference, convention, training program directly related to the employee's work or the work of the employee's department, or training program that is part of an authorized employee growth or development program, no leave shall be reported and the employee shall be considered as working. All regular employees shall be allowed to take at least one course per month of available authorized training, subject to supervisor approval, which shall not be unreasonably withheld. In any case, appointing authorities shall approve at least four (4) training opportunities for employees each year. Employees elected or appointed as trustees as defined by LA R.S. 9:1781 et seq, on any public employee retirement system's governing board, shall be given time off, subject to the approval of the appointing authority, without loss of pay when engaged in administrative or educational activities required to fulfill their statutory responsibilities as fiduciaries. (adopted November 19, 1991, effective January 1, 1992, amended March 24, 1997, amended August 25, 2014, effective September 1, 2014)

Section 5. LEAVE OF ABSENCE WITHOUT PAY

- 5.1 (a) An appointing authority may grant an employee leave without pay for a period not to exceed one (1) year, whenever such leave is considered to be in the best interests of the service. Leave without pay for an additional period of time may be granted only with the approval of the Civil Service Commission.
- (b) Appropriate personnel forms must be submitted by the appointing authority during the initial days of the period for which leave without pay was authorized in accordance with the provisions of this Section of these Rules. Personnel forms need not be submitted for periods of leave without pay which constitute less than a total workday.
- (c) At the discretion of the Appointing Authority, any employee who is absent from work without prior authorization may be carried on leave without pay for that time period on all payroll records. Such action shall not be termed as disciplinary and hence shall not warrant an appeal to the Commission.
- (d) Nothing in Section 5.1 (c) shall be intended to preclude the appointing authority from initiating appropriated disciplinary action, in accordance with the provisions of Rule IX of the Commission's Rules, where the employee's conduct merits corrective action. Further, if an employee is physically present, willing, and able to work but is barred from working by the appointing authority, such action shall be considered disciplinary.

(Section 5.1 (a)-(d) amended November 12, 1981, effective December 1, 1981; Section 5.1 (c) amended November 10, 1983, effective November 10, 1983, amended January 21, 1988, effective February 1, 1988; Section 5.1 (d) amended January 21, 1988, effective February 1, 1988, amended October 21, 2013, effective November 1, 2013.)

- 5.2 Employees with probationary or permanent status may be allowed sick leave without pay for a period not to exceed one (1) year, provided any sick leave without pay for a period

exceeding ninety (90) days is recommended by a physician acceptable to the City Civil Service Commission; and further, that the employee shall also be examined by an acceptable physician during the seventh month while on sick leave without pay. Sick leave without pay may be granted under this Rule only by the Director, subject to the approval of the City Civil Service Commission.

Section 6. SPECIAL LEAVE OF ABSENCE WITHOUT PAY

- 6.1 An appointing authority may grant a regular employee special leave of absence without pay whenever such leave is for the purpose of enabling such employee to accept an unclassified position in the city service, except an elective office. Any such leave heretofore granted by an appointing authority for the purpose herein expressed may be extended by such appointing authority from the date such leave was originally granted; provided, however, that the leave without pay herein authorized shall automatically end whenever an employee resigns from his unclassified position or his employment therein is otherwise terminated.

Section 7. SPECIAL LEAVE OF ABSENCE WITH PAY

- 7.1 An appointing authority may grant a regular employee special leave of absence with pay for a period not to exceed one (1) year whenever such leave is for the purpose of enabling the employee to obtain educational training necessary for the betterment of the service rendered by the department to the public. To obtain special of leave of absence with pay, it must be clearly demonstrated that the course of study is related directly to the work of the department. No special leave of absence with pay can be granted until the approval of the City Civil Service Commission is obtained. (amended September 12, 1963.)

Section 8. MILITARY LEAVE WITHOUT PAY

- 8.1 Any employee who shall have entered into active military or naval duty with the Armed Forces of the United States or the State of Louisiana shall be placed on military leave without pay, such military leave to extend through a date ninety (90) days after being relieved from service, or from hospitalization continuing after discharge for a period of not more than one year. The employee shall be entitled to be restored to the position which he vacated, provided application is made in writing to the appointing authority of the agency wherein he was formerly employed within ninety (90) days from the date of honorable discharge or discharge under honorable conditions, or from hospitalization continuing after discharge for a period of not more than one year, if the person is physically and mentally capable of performing the work of the position to the satisfaction of the appointing authority. (amended February 21, 1991)

- (a) In the case of an employee who was placed on military leave while serving a working test period, such an employee, upon returning to his position, shall be required to serve the remaining portion of the working test period before gaining permanent status in the class of positions. (effective February 21, 1991)
- (b) An employee who was placed on military leave while in provisional status shall be restored to the former position on a provisional basis unless the position has already been filled by appointment from a list of eligibles. If there is a list of eligibles, but no appointment has been made, the employee returning from military leave shall be

allowed to take the examination and then the position shall be filled by appointment from such list, subject to the provisions of Rule VI, Section 3. (adopted February 21, 1991)

(c) An employee who was placed on military leave while in transient status shall be eligible to resume and complete the remainder of the three months term specified in Rule VI, Section 5,3 (b). (adopted February 21, 1991)

8.2 In the event the position vacated by a permanent or probationary employee entering the armed services no longer exists at the time he or she qualifies to return to work, such person shall be entitled to be reemployed in any position of the same classification within that agency wherein the person was employed, provided such reemployment does not necessitate the laying off of any employee who was appointed at a earlier date than the person returning from military leave. (effective February 21, 1991)

8.3 In the event a position vacated by a permanent or probationary employee entering the armed services no longer exists at the time he or she qualifies to return to work, and there is no other position in the agency to which the employee is entitled to reemployment, the name of such person shall be placed upon an appropriate reemployment list or lists by the Director, and the Director shall take all steps consistent with the provisions of the Civil Service Law to effect the reemployment of such person at the earliest date possible. Names of persons placed on the reemployment lists under the provisions of this Section shall be given preference in certification.

8.4 Any position vacated by a person going on authorized military leave without pay may be filled only by a conditional appointment in accordance with Section 5 of Rule VI. A regular employee temporarily occupying a position vacated by a person entering the armed services shall be entitled to all benefits of the Civil Service Law and Rules that the employee might otherwise have, except as herein provided. If and when such regular employee is required to vacate a position as a result of the reemployment of a person who has returned from military leave, the employee shall be entitled to be demoted or transferred to his or her former position, provided such demotion or transfer does not necessitate the laying off of any person who was appointed at an earlier date than such person being demoted or transferred; otherwise the employee shall be eligible for placement on an appropriate eligible list. (amended February 21, 1991)

8.5 A person on authorized military leave of absence shall be permitted to take any promotional examination missed because of being on leave, provided such examination is taken during the life of the appropriate eligible list and prior to that announcement of the next examination for the same class of positions. (amended February 21, 1991)

Section 9. LEAVE FOR PARENTAL REASONS (amended December 15, 2014, approved by the Council to be effective January 1, 2015, amended May 31, 2019, amended January 20, 2023 adopted by the Council to be effective February 19, 2023)

Any full-time classified employee with at least twelve months of service shall be eligible to receive up to twelve weeks of paid parental leave that may be used in substitution for unpaid Family and Medical Leave Act (FMLA) leave following the birth or placement (adoption or foster care) of a child provided that:

- (a) The employee must be eligible for and elect to take FMLA leave in connection with a birth, adoption, or placement of a child that meets the requirements of a qualifying event under the Family and Medical Leave Act (FMLA). Employees are required to provide the appointing authority with documentation to demonstrate eligibility.
- (b) The employee must have a parental role as defined in Rule I #83 with respect to the child whose birth or placement triggered the leave entitlement. Therefore, a parent who does not maintain a continuing parental role with respect to a newly born or placed child would not be eligible for paid parental leave once the parental role has ended.
- (c) The employee has provided the appointing authority with written notice of intent to take Parental Leave at least thirty (30) days in advance of the qualifying event unless the employee is unable to do so due to medical or other circumstances beyond the employee's control.
- (d) The employee agrees in writing, before commencement of the leave, to subsequently work for the appointing authority for a least 12 weeks following the employee's return to work from Parental Leave. This 12-week work obligation begins on the employee's first scheduled workday after such paid parental leave concludes. The work obligation may be waived based on a serious health condition of the employee, or the newly born/placed child, but, in the case of the employee's serious health condition, only if the condition is related to the applicable birth or placement. It may also be waived for circumstances beyond the employee's control.

Paid parental leave is limited to 12 work weeks and may be used only during the 12-month period beginning on the date of the birth or placement involved.

Each covered employee has a separate entitlement to Parental Leave. If two covered employees are parents of the same newly born or placed child, then each employee has a separate leave entitlement based on the birth/placement event.

If an employee fails to return to work following the use of parental leave, the appointing authority may recover an amount equal to the total amount of employer contributions on behalf of the employee for healthcare during the duration of the Parental Leave.

- 9.1 Parental Leave shall be recorded as leave granted in addition to the employee's accumulated sick and annual leave for the approved durations provided herein.

Parental Leave may not be used by an employee more than once in any twelve (12) month period.

The provisions of the Family and Medical Leave Act (FMLA) apply to Parental Leave. An employee on approved Parental Leave shall be reinstated to his or her former position, or a comparable position in supervisory and duty responsibilities at the same pay, upon return to work within the twelve (12) weeks provided by FMLA.

(Amended December 15, 2014, approved by the Council to be effective January 1, 2015, amended May 31, 2019, amended January 20, 2023 adopted by the Council to be effective February 19, 2023)

Section 10. FAMILY MEDICAL LEAVE (amended December 13, 2001, amended December 13, 2004, effective January 1, 2005, amended February 18, 2013, effective March 1, 2013)

10.1 Family and Medical Leave is offered to employees pursuant to Federal law (FMLA). Federal law defines and describes the eligibility of the employee; eligibility of the event for which leave is taken; eligibility of the person for whom leave is taken; length of leave available to the employee; and timeframe in which leave is allowed.

- (a) In all cases the applicable time for leave usage shall be measured forward from the date FMLA leave is granted.
- (b) The appointing authority shall require completion of a Family Medical Leave Request Form signed by a licensed physician or other health care provider, or other appropriate documentation to substantiate the reasons for which this leave is requested.
- (c) Leave for these purposes shall be recorded as leave without pay; however, the appointing authority may require that the employee use accrued annual leave or, in cases of the employee's own illness, sick leave.
- (d) An additional benefit under this Section of the Rules is available as follows: Employees may be granted up to a total of twelve (12) weeks leave in a single twelve (12) month period to care for an ill domestic partner who is registered with the Clerk of Council pursuant to Chapter 87, Section 87-5 of the City Code.

(Section 10.1 adopted July 15, 1993, effective August 1, 1993, amended November 20, 1997, effective December 1, 1997, amended December 13, 2001, effective January 1, 2002, amended February 18, 2013, effective March 1, 2013)

10.2 EMERGENCY FAMILY AND MEDICAL LEAVE EXPANSION ACT

- (a) As provided in the Emergency Family and Medical Leave Expansion Act of the Families First Coronavirus Response Act, an employee who is unable to work or telework because the employee is caring for a child described in subsection (5) above of the Emergency Paid Sick Leave Rule, Rule VII, section 2.14 is entitled to paid leave for 10 weeks of the twelve weeks of leave.

- (b) The duration of the leave is twelve weeks. This provision does not expand the total amount of leave available under the Family and Medical Leave Act (FMLA), 29 U.S.C. Section 2601, and Rule VIII, section 10.1.
- (c) The first 10 days of leave under this section will be unpaid, although an appointing authority may allow an employee to substitute leave under Rule VIII, section 2.14 or leave under another provision of this Rule for the first 10 days.
- (d) An employee shall have completed 30 days of service in order to qualify for leave under this section.
- (e) Employees who qualify for leave under this section shall receive at least two-thirds of their regular rate of pay for the number of hours the employee would normally be scheduled to work, up to at least \$200/day.
- (f) This section shall expire on December 31, 2020.
- (g) The provisions of this section do not expand, reduce, or change the benefits provided by any portion of Public Law No. 116-127, which is also known as the Families First Coronavirus Response Act or "FFCRA." This section is intended only to make the requirements of sections 3105 of the FFCRA part of these Rules.

Section 11. OFFICIAL EMERGENCY LEAVE

- 11.1 When the Mayor of New Orleans declares an official emergency and orders that only "essential" employees report to work and that all "non-essential" employees remain away from work, such non-essential employees will be granted official emergency leave. Essential employees working under these circumstances may be eligible for special compensation as provided in Rule IV, Section 11.

(Section 11.1 adopted May 17, 1995)

Section 12. UNION BUSINESS

Where a labor union has qualified as an exclusive bargaining agent, as defined in the New Orleans City Code, an employee who is an official representative of that union will be considered working, and no leave shall be reported, when the employee conducts union business during their regular work hours, subject to the following conditions:

- (a) The union business conducted by the employee must be limited to any of the following activities:
 1. participating in collective bargaining between the City and the Union;
 2. participating in meetings of a committee established by the applicable collective bargaining agreement or the Civil Service Commission;
 3. consulting with the City, or its representatives, about the enforcement of any provisions of the applicable collective bargaining agreement or Civil Service Rules;
 4. transmitting authorized Union communications to the City's representatives;
 5. assisting other employees with filing grievances and/or Civil Service appeals or participating in the grievance process as a Union representative;

6. attending Civil Service employee appeal hearings of bargaining unit members subject to Civil Service Rule II, § 4.9;
7. investigating potential grievances and Civil Service appeals; and
8. representing employees during meetings with supervisors or the appointing authority, pre-termination hearings, or grievance hearings.

- (b) The employee must have requested and received authorization in writing from the appointing authority to conduct the union business.
- (c) Leave shall be reported when the union official conducts internal union business during work hours, such as soliciting members, electing union officials, or collection of dues, unless the work time spent conducting this internal union business is de minimis.

(Section 12 adopted effective March 20 2025)
