MANAGEMENT'S DISCUSSION AND ANALYSIS

CADDO-BOSSIER PORT COMMISSION
SHREVEPORT, LOUISIANA

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2018

This section of the Port's annual financial report presents a discussion and analysis of the Port's financial performance for the year ended December 31, 2018. Please read it in conjunction with the Port's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

The Port's equity increased \$8.0 million resulting primarily from the construction of additional Port projects and positive operating income. The Port generates revenue from Port operations and receives funds from the State of Louisiana, ad valorem taxes and various agencies for the development of the Port complex. Ordinary business activity resulted in an increase in net position of \$2.8 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

This financial report consists of three parts: management's discussion and analysis (this section), the basic financial statements, and the notes to the financial statements.

The Port's financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. Under this basis of accounting, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which they are incurred, and depreciation of assets is recognized in the Statements of Revenues and Expenses. All assets and liabilities associated with the operation of the Port are included in the Statements of Net Position.

The financial statements provide both long-term and short-term information about the Port's overall financial status. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

FINANCIAL ANALYSIS

Equity

The Port's total assets and deferred outflows at December 31, 2018 decreased to \$235.5 million. This represents a decrease of \$2.1 million or 0.9% from the prior year. Total liabilities and deferred inflows decreased \$10.1 million to \$61.8 million and total net position is \$173.7 million, for an increase of \$8.0 million or 4.8% (See Table 1).

Table 1 – Net Position

	<u>2018</u>	<u>2017</u>	Percentage Change
Current assets	30,495,091	29,418,800	3.7%
Restricted assets	27,496,902	34,654,949	-20.7%
Property-net	175,055,123	170,827,266	2.5%
Other non-current assets	2,064,594	1,987,817	3.9%
Deferred outflow of resources	393,032	681,036	-42.3%
Total assets and deferred outflows	<u>235,504,742</u>	<u>237,569,868</u>	<u>-0.9%</u>

**Table 1 (Continued)
Net Position**

	2018	2017	Percentage Change
Current liabilities	1,698,878	17,429,698	-90.3%
Non-current liabilities	-	54,384,809	-100.0%
Deferred inflow of resources	-	91,678	-100.0%
Total liabilities and deferred inflows	<u>1,698,878</u>	<u>71,906,185</u>	<u>-97.6%</u>
Net position:			
Invested in capital assets, net of debt	-	106,490,076	-100.0%
Restricted	121,470,991	34,654,949	250.5%
Unrestricted	27,496,902	24,518,658	12.1%
Total net position	<u>148,967,893</u>	<u>165,663,683</u>	<u>-10.1%</u>
 Total liabilities, deferred inflows and net position	<u><u>150,666,771</u></u>	<u><u>237,569,868</u></u>	<u><u>-36.6%</u></u>

Changes in Net Position

The change in total net position for 2018 was an increase of \$8.0 million or 4.8%. The Port's total operating revenues increased \$1.3 million or 8.3%. Total operating expenses increased \$1.4 million or 11.2%. The changes in net position for operations are detailed in Table 2 and operating expenses are detailed in Table 3.

Table 2 – Changes in Net Position

	2018	2017	Percentage Change
Operating revenues:			
Ad valorem taxes	6,567,190	6,625,959	-0.9%
Lease rentals	4,158,044	3,903,662	6.5%
Port operations	3,258,084	2,664,996	22.3%
Water and sewer	3,781,130	3,276,028	15.4%
Miscellaneous	(189,067)	(237,840)	-20.5%
Total operating revenues	<u>17,575,381</u>	<u>16,232,805</u>	<u>8.3%</u>
Operating expenses:			
Operating expenses	7,155,156	5,818,156	23.0%
Depreciation and amortization	6,765,811	6,701,495	1.0%
Total operating expenses	<u>13,920,967</u>	<u>12,519,651</u>	<u>11.2%</u>
Operating income	<u>3,654,414</u>	<u>3,713,154</u>	<u>-1.6%</u>
Non-operating revenues (expenses)	<u>(884,684)</u>	<u>(1,352,501)</u>	<u>-34.6%</u>
Net income	<u><u>2,769,730</u></u>	<u><u>2,360,653</u></u>	<u><u>17.3%</u></u>

Operating revenues increased by \$1.3 million or 8.3%. Port operations revenue increased from the prior year as a result of increased rail and waterway activities.

Operating expenses increased by \$1.3 million or 23%, mainly due to an increase in Port complex maintenance. Various repairs and maintenance was required for railways and equipment.

Table 3
Operating Expenses

	2018	2017	Percentage Change
General and administrative expenses:			
Salaries and employee benefits	2,853,426	3,123,630	-8.7%

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of December 31, 2018, the Port had invested \$175.1 million in capital assets net of accumulated depreciation. As compared to the prior year, this amount represents a net increase of \$4.2 million. Gross additions are primarily attributed to railway and warehouse expansions. Total additions amounted to \$10.9 million less depreciation of \$6.7 million.

Additional information on the Caddo-Bossier Port Commission's capital assets can be found in Note 5 on Page 10 of this report.

Long-Term Debt

No new debt issuances occurred during 2018. The Port has made its regularly scheduled payments on all of its long-term debt. During 2018, \$7.6 million in principal payments and \$2.2 million in interest payments were made. All bond debt covenants have been met. Additional information on the Caddo-Bossier Port Commission's debt can be found in Note 10 on Pages 15 through 20 of this report.

CONTACTING THE PORT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our bondholders, patrons, and other interested parties with a general overview of the Port's finances and to demonstrate the Port's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Port at (318) 524-2272.

Independent Auditor's Report

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the major fund of the Caddo-Bossier Port Commission which comprise the statements of net position as of December 31, 2018 and 2017, and the related statements of revenues and expenses, changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessments of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities and the major fund of the Caddo-Bossier Port Commission as of December 31, 2018 and 2017, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on Pages i through iv, Schedule of Employer's Share of Net Pension Liability on Page 23, and Schedule of Employer Contributions on Page 24 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Port's basic financial statements. The accompanying other information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The other information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information included on Page 25 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 11, 2019, on our consideration of the Port's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Port's internal control over financial reporting and compliance.

CADDO-BOSSIER PORT COMMISSION

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

1. Organization and Significant Accounting Policies

Organization

The Caddo-Bossier Parishes Port Commission (“Port”) is a political subdivision of the State of Louisiana created by Acts 1962, No. 504 as Article VI, Section 32, an amendment to the Louisiana Constitution of 1921 approved November 6, 1962 and carried forward as R.S. 34:3158-3165 pursuant to Article 14, Section 16(A)(3) of the Louisiana Constitution of 1974 and Acts 1975, No. 66. The Port has all the powers and privileges granted to it by the constitution and statutes of the State of Louisiana including, but not limited to, the authority to incur debt, to issue bonds, to construct and maintain facilities and to regulate the commerce and traffic within the Caddo-Bossier Port area.

The Port is governed by a Board of nine Commissioners; one is appointed by the Bossier Parish Police Jury, two by the Caddo Parish Commission, four are appointed by the governing authority of the City of Shreveport, and two are appointed by the City of Bossier City. The Commissioners are not compensated for their services. They are, however, reimbursed in full for travel expenditures.

Title to all property and improvements operated by the Port is held for the public and vests in the Port for public administration, subject to the right of the Port to lease, sell or otherwise dispose of the property with proper public notice.

Significant Accounting Policies

The accounting and reporting policies of the Port conform to generally accepted accounting principles as applied to governmental units. The Governmental Accounting Standards Board is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

(a) Basis of Presentation - Fund Accounting

The Port’s operations are accounted for in a proprietary fund type--the enterprise fund. The proprietary fund type is accounted for using the flow of economic resources measurement focus. With this measurement focus, all assets and liabilities associated with the operations are included on the statement of net position. Fund equity is segregated into contributed capital and retained earnings. The operating statement presents increases (revenues) and decreases (expenses) in net total position.

The Port’s operations are financed and operated in a manner similar to private business enterprises. The intent of the governing body is that the costs (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges. The measurement focus emphasizes the determination of net income. The Port follows the accrual basis of accounting for its proprietary fund. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

1. **Organization and Significant Accounting Policies** (Continued)

The content and certain titles of the financial statements were changed upon the adoption by the Port in 2012 of GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This statement provides reporting guidance for deferred outflows of resources and deferred inflows of resources, and adds them, when applicable, as elements of the financial statements, because they are distinct from assets and liabilities. In addition, because these additional elements may affect the residual amount of all of the elements presented in a statement of financial position, GASB 63 renames that measure as net position rather than net assets. The Port had deferred outflows and inflows of resources at December 31, 2018 and 2017, related to pensions as shown on the statement of net position.

Accordingly, the statement of net position presents information on all of the Port's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Port is improving or deteriorating.

(b) **Property, Plant and Equipment**

Prior to January 1, 2000, fixed assets used in governmental fund type operations were accounted for in the general fixed assets account group. All fixed assets were valued at historical cost or estimated historical cost if actual historical cost was not available. No depreciation was provided on general fixed assets through December 31, 1999. Effective January 1, 2000, the fixed assets recorded in the General Fixed Assets Group of Accounts were transferred to the Enterprise Fund. These assets are in service and the majority of resources generated by them are obtained from fees charged to those entities that utilize these fixed assets.

Additions are recorded at cost or, if contributed property, at their estimated fair value at time of contribution. Repairs and maintenance are recorded as expenses; renewals and betterments are capitalized. The sale or disposal of fixed assets is recorded by removing cost and accumulated depreciation from the accounts and charging the resulting gain or loss to income. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Water and Sewer Facility	50 years
Port Facility	40 years
Intermodal Container Facility	30 years
Access Roads	25 years
Railroads	20 years
Intermodal Equipment	10 years
Furniture and Fixtures	7 years

(c) **Statement of Cash Flows**

For the purposes of the Statement of Cash Flows, the Port considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

(d) **Estimates**

Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Such estimates and assumptions affect the reported amounts of assets, liabilities, revenues and expenses, and the disclosure of contingencies and litigation arising in the ordinary course of business. It is possible that management's estimates will change in the near term.

(e) **Reclassifications**

Certain prior year amounts have been reclassified to conform to current year presentation.

2. Cash and Interest-Bearing Deposits

Deposits of the Port are held at various financial institutions. At December 31, 2018 and 2017, the carrying amounts of the Port cash demand deposits were \$8,078,164 and \$13,181,621 and the bank balance was \$8,204,537 and \$13,241,781, respectively. This difference is due to deposits in transit and outstanding checks. At year end, all deposits were entirely covered by federal depository insurance, U. S. Government Securities, and/or collateralized with securities, as required by state law.

Included in cash and interest-bearing deposits is \$609,986 and \$1,598,796 at December 31, 2018 and 2017, respectively, in the Louisiana Asset Management Pool (LAMP), a local government investment pool. In accordance with GASB Codification Section I50.126, the investment in LAMP is not categorized in the three risk categories provided by GASB Codification Section I50.125 because the investment is in the pool of funds and therefore not evidenced by securities that exist in physical or book entry form.

LAMP is administered by LAMP, Inc., a nonprofit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LSA – R.S. 33:2955. Accordingly, LAMP investments are restricted to securities issued, guaranteed, or backed by the U.S. Treasury, the U.S. Government, or one of its agencies, enterprises, or instrumentalities, as well as repurchase agreements collateralized by those securities.

Effective August 1, 2001, LAMP’s investment guidelines were amended to permit the investment in government-only money market funds. In its 2001 Regular Session, the Louisiana Legislature (Senate Bill No. 512, Act 701) enacted LSA-R.S. 33:2955(A)(1)(h) which allows all municipalities, parishes, school boards, and any other political subdivisions of the State to invest in “Investment grade (A-1/P-1) commercial paper of domestic United States corporations.” Effective October 1, 2001, LAMP’s Investment Guidelines were amended to allow the limited investment in A-1 or A-1+ commercial paper.

The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 60 days, and consists of no securities with a maturity in excess of 397 days. LAMP is designed to be highly liquid to give its participants immediate access to their account balances. The investments in LAMP are stated at fair value based on quoted market rates. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the value of the pool shares.

LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company. LAMP is rated AAAM by Standard & Poor’s.

3. Investments

At December 31, 2018 and 2017, investments consisted of the following:

	<u>2018</u>		<u>2017</u>	
	<u>Cost</u>	<u>Market Value</u>	<u>Cost</u>	<u>Market Value</u>
Bonds:				
U.S. Government and agency securities	<u>43,753,075</u>	<u>43,108,480</u>	<u>43,177,698</u>	<u>42,674,837</u>

Fair values for long-term investments are determined by reference to quoted market prices and other relevant information generated by market transactions.

4. **Contributed Capital**

State grants are made available to the Port for the acquisition, improvement or construction of property and equipment and planning studies. Unrestricted operating grants and grants restricted as to purpose, but not contingent on the actual expenditures of funds, are recognized at that point in time when the right to the funds becomes irrevocable. Where the expenditure of funds is the prime factor for determining the eligibility for the grant proceeds, the grant is recognized at the time when the expense is incurred. Operating grants are credited to income, and capital grants are credited to contributed capital.

The following governmental entities provided funding for the Port during the years ended December 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>
Red River Waterway Commission	5,223,819	2,047,363
	<u>5,223,819</u>	<u>2,047,363</u>

These funds were provided specifically for capital projects and are shown as a direct contribution to net position.

5. **Property, Plant and Equipment**

Effective January 1, 2000, the general fixed asset account group assets were transferred to the Enterprise Fund as these assets were substantially complete and in operation. These fixed assets consist of Port facilities including land, buildings, wharfs, docks, rail, switchyard, access roads, tank and storage facilities, water and sewer facilities, and a fire station.

During the year ended December 31, 2018, capital expenditures consisted mainly of additions related to railway expansion and storage, warehouse expansions, and cargo dock refurbishment. During the year ended December 31, 2017, capital expenditures consisted mainly of additions to the Benteler Steel Project, redundant water facilities project and warehouse expansion. Depreciation expense totaled \$6,705,122 and \$6,621,486 for the years ended December 31, 2018 and 2017, respectively. Commitments for construction projects started but not yet complete total approximately \$21,498,045 at December 31, 2018. These projects will primarily be funded through various state agencies, as well as Port operations.

The following is a summary of Port fixed assets at December 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>
Land, including acquisition costs	16,392,965	12,436,646
Buildings and operating facilities	234,459,014	227,662,682
Equipment, furniture and fixtures	<u>4,515,746</u>	<u>4,335,418</u>
	255,367,725	244,434,746
<u>Less-accumulated depreciation</u>	<u>(80,312,602)</u>	<u>(73,607,480)</u>
Net property, plant and equipment	<u>175,055,123</u>	<u>170,827,266</u>

6. **Compensated Absences**

The Port has the following policy relating to personal time off (vacation and sick leave):

Personal Time Off (PTO) – Full time employees, after a ninety day introductory period, will accrue PTO at the following rates:

6. **Compensated Absences** (Continued)

1) 1 - 3 years of employment	Twelve hours per month
2) 4 - 5 years of employment	Fourteen hours per month
3) 6 - 10 years of employment	Sixteen hours per month
4) 11 - 20 years of employment	Eighteen hours per month
5) 21+ years of employment	Twenty hours per month

Part time employees accrue vacation (PTO) on a pro rata basis. As of December 31, 2018 employees are allowed to retain a maximum of five hundred seventy-six (576) PTO hours. Employee accrued PTO will be paid upon termination.

The balance of compensated absences as of December 31, 2018 and 2017 amounted to \$314,953 and \$378,945, respectively.

7. **Property Taxes**

On April 3, 1993, the voters of Caddo and Bossier parishes approved a special tax of 2 ½ mills to be levied on the property subject to taxation in the port area consisting of Caddo and Bossier Parishes for a period of twenty-five years, commencing with the year 1993, for the purpose of site acquisition and for constructing, acquiring, improving and equipping docks and wharves, transfer and storage facilities, commercial and industrial facilities and other port, transportation and infrastructure facilities and improvements within the Port area, and for paying the commission's expenses of administering, maintaining, operating and marketing its facilities in the Port area. On April 9, 2016, the special tax of 2 ½ mills was renewed for an additional twenty-five years commencing with the year 2018. Anticipated revenues from the 2018 assessment have been recorded as unearned revenue at December 31, 2018 in the amount of \$5,944,944 as these taxes relate to 2019. Unearned revenue at December 31, 2017 amounted to \$5,836,389. See Note 11 for an explanation of other unearned revenue.

Property taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on January 1 of the following year. An allowance is established for delinquent taxes to the extent that their collectibility is estimated to be improbable.

8. **Leases**

The Port leased equipment during the year, under operating leases. Rental expense was \$135,076 in 2018 and \$57,588 in 2017. Future minimum lease payments under these operating leases are as follows:

2019	16,308
2020	12,063
2021	6,120
2022	<u>6,120</u>
	<u>40,611</u>

9. **Profit-Sharing Plan and Retirement System**

Beginning January 1, 2000, the Port adopted and initiated a Qualified 401(a) Retirement Program for all eligible employees who are 21 years of age, completed 12 months of service, and are credited with 1,000 hours of service. Beginning January 2007, no new employees were eligible to participate in this plan. Under this plan, the Board of Commissioners may determine a discretionary contribution percent of gross salary for each budget year. It is set at a contribution of 7.4% percent of gross salary for 2018 and 2017. Contributions to the Plan totaled \$32,333 and \$33,175 for the years ended December 31, 2018 and 2017, respectively.

9. Profit-Sharing Plan and Retirement System (Continued)

The Port also adopted a plan under Code Section 457, Salary Deferral Plan, for employee contribution, effective January 1, 2000. The Port does not contribute to this plan.

Parochial Employees' Retirement System of Louisiana (System)

Plan Description

The Port contributes to the Parochial Employees' Retirement System of Louisiana (System) which is a cost sharing multiple employer defined benefit pension plan. All permanent employees working at least 28 hours per week are eligible to participate in the System. As of January 1997, elected officials, except coroners, justices of the peace, and parish presidents may no longer join PERS. Section 1901 through 2025 of Title II of the Louisiana Revised Statutes (La. R.S. 11:1901-2025) and other general laws of the State of Louisiana govern PERS.

The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All participating employees of the Port are members of Plan A.

Any member of Plan A who was hired prior to January 1, 2007, can retire providing he/she meets one of the following criteria:

1. Any age after 30 years of creditable service.
2. Age 55 after 25 years of creditable service.
3. Age 60 after 10 years of creditable service.
4. Age 65 after seven years creditable service.

Eligibility for retirement for Plan A members hired on or after January 1, 2007 is as follows:

1. Age 55 after 30 years of creditable service.
2. Age 62 after 10 years of creditable service.
3. Age 67 after seven years of creditable service.

Generally, the monthly amount of the retirement allowance of any member of Plan A shall consist of an amount equal to three percent of the employee's final compensation multiplied by his or her years of creditable service. However, under certain conditions as outlined in the statutes, the benefits are limited to specified amounts.

The System also provides death and disability benefits. Benefits are established or amended by state statute.

For the years ended December 31, 2018 and 2017, the Port's total payroll for all employees was \$2,088,243 and \$2,056,923, respectively. Total covered payroll was \$1,447,539 and \$1,395,680, respectively. Covered payroll refers to all compensation paid by the Port to active employees covered by the Plan.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. The report may be obtained by writing to the Parochial Employees Retirement System of Louisiana, 7509 Wrenwood Boulevard, Baton Rouge, Louisiana 70809, or by calling (225) 928-1361, or by visiting the System's website www.persla.org.

9. Profit-Sharing Plan and Retirement System (Continued)

Contributions

According to state statute, contribution requirements for all employers are actuarially determined each year. For the years ended December 31, 2018 and 2017, the actual employer contribution rate was 11.50% and 12.50%, respectively, for Plan A, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. In accordance with state statute, the System receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations. Under Plan A, members are required by state statute to contribute 9.50% of their annual covered salary. The contributions are deducted from the employee's wages or salary and remitted by the Port to the System monthly. The Port's contributions to the System under Plan A for the years ending December 31, 2018 and 2017 were \$166,467 and \$174,460.

Pension Liabilities (Assets), Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At December 31, 2018 and 2017, the Port reported a liability (asset) of (\$178,962) and \$523,298 for its proportionate share of the Net Pension Liability (Asset). The Net Pension Liability (Asset) was measured as of December 31, 2017 and 2016 and the total pension liability (asset) used to calculate the Net Pension Liability (Asset) was determined by an actuarial valuation as of that date. The Port's proportion of the Net Pension Liability (Asset) was based on a projection of the Port's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At December 31, 2018 and 2017, the Port's proportion was 0.241108% and 0.254088%.

The Port recognized plan pension expense of \$223,215 and \$289,239 for the years ended December 31, 2018 and 2017.

At December 31, 2018, the Port reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	-	115,846
Changes in assumption	225,876	-
Net difference between projected and actual earnings on pension plan investments	-	413,453
Changes in proportion and differences between employer contributions and proportionate share of contributions	689	4,192
Employer contributions subsequent to the measurement date	<u>166,467</u>	<u>-</u>
Total	<u>393,032</u>	<u>533,491</u>

9. Profit-Sharing Plan and Retirement System (Continued)

The \$166,467 reported as deferred outflows of resources related to pensions resulting from the Port's contributions subsequent to the measurement date will be recognized as a reduction of Net Pension Liability (Asset) in the year ended December 31, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Year Ended December 31,	
2019	25,982
2020	(28,451)
2021	(140,587)
2022	(163,870)

Actuarial Assumptions

A summary of the actuarial methods and assumptions used in determining the total pension liability as of December 31, 2017, are as follows:

Valuation Date	December 31, 2017
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Investment Rate of Return	6.75% per annum, net of investment expense, including inflation
Salary increases	5.25% (2.75% merit, 2.50% inflation)
Inflation rate	2.50%, per annum
Mortality rates	RP-2000 Employee Table for active members RP-2000 Healthy Annuitant Table for healthy annuitants and beneficiaries RP-2000 Disabled Lives Mortality Tables for disabled annuitants
Expected remaining service lives	4 years for Plan A
Cost of Living Adjustments	The present value of future retirement benefits is based on benefits currently being paid by the System and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees.

The long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building-block model (bottom-up). Risk return and corrections are projected on a forward looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification. The target allocation and best estimates of geometric real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2017 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed income	35%	1.24%
Equity	52%	3.57%
Alternatives	11%	0.69%
Real assets	<u>2%</u>	<u>0.12%</u>
Totals	100%	5.62%
Inflation		<u>2.00%</u>
Expected arithmetic nominal return		7.62%

9. Profit-Sharing Plan and Retirement System (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

Sensitivity of the Port's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate

The following presents the Port's proportionate share of the net pension liability calculated using the discount rate of 6.75%, as well as what the Port's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (5.75%) or one percentage-point higher (7.75%) than the current rate:

	<u>1.0% Decrease (5.75%)</u>	<u>Current Discount Rate (6.75%)</u>	<u>1.0% Increase (7.75%)</u>
Employer's proportionate share of net pension liability (asset)	882,346	(178,962)	(1,123,985)

Plan Fiduciary Net Position

Detailed information about the Plan's fiduciary net position is available in the separately issued Parochial Employees' Retirement System of Louisiana Audit Report at www.persla.org.

10. Long-Term Debt

Following is a summary of bonds payable:

<u>Description</u>	<u>Amount of Original Issue (Bonds Only)</u>	<u>Balance January 1, 2018</u>	<u>2018</u>		<u>Balance December 31, 2018</u>
			<u>Principal Payments</u>	<u>Issued 2018</u>	
Water Revenue Bonds Series 2003, principal payments begin July 2005, interest payments begin June 2005, interest rate 4.375% for 40 years.	3,200,000	2,662,397	55,901	-	2,606,496
Limited Tax Revenue Series 2008, principal and interest payments begin March 1, 2009; interest paid March 1 and September 1; interest rate 4.0%; final maturity March 1, 2018. Unearned bond discount balance of \$-0- at December 31, 2018.	15,000,000	2,897,390	2,897,390	-	-

10. Long-Term Debt (Continued)

<u>Description</u>	2018				<u>Balance December 31, 2018</u>
	<u>Amount of Original Issue (Bonds Only)</u>	<u>Balance January 1, 2018</u>	<u>Principal Payments</u>	<u>Issued 2018</u>	
Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Bonds Series 2009, principal payments begin April 1, 2010, interest rate 2-4%, final maturity April 1, 2018. Bond premium balance of \$-0- at December 31, 2018.	6,025,000	680,124	680,124	-	-
Louisiana Local Government Environmental Facilities and Community Development Authority Revenue Refunding Bonds Series 2010, principal payments begin April 1, 2011, interest rate 2-4.625%, final maturity April 1, 2038. Total general long-term debt		<u>41,123,622</u>	<u>5,506,790</u>	<u>25,866,000</u>	61,482,832
					Less unamortized debt issuance costs (912,192)
					Long term debt less unamortized debt issuance costs 60,570,640
					Less current portion (7,642,135)
					Long-term debt noncurrent <u>52,928,505</u>

The annual debt service requirements to maturity, including principal, interest, and bond amortization for long-term debt as of December 31, 2018 are as follows:

Year Ending December 31	Long-Term Debt	Interest	Total
2019	1,698,878	2,013,660	3,712,538
2020	1,757,645	1,951,342	3,708,987
2021	1,827,328	1,886,657	3,713,985
2022	2,261,129	1,813,581	4,074,710
2023	2,342,056	1,732,129	4,074,185
2024-2028	13,188,966	7,303,167	20,492,133
2029-2033	12,533,857	4,594,741	17,128,598
2034-2038	17,420,919	1,336,130	18,757,049
2039-2043	753,106	103,212	856,318
2044	55,974	2,326	58,300
Total	<u>53,839,858</u>	<u>22,736,945</u>	<u>76,576,803</u>

There are a number of limitations and restrictions contained in the bond indentures. The Port is in compliance with all significant limitations and restrictions.

10. Long-Term Debt (Continued)

Certain cash and investments are restricted for the repayment of bond principal and interest as well as future capital expenditures and investments. Restricted funds related to debt totaled \$26,432,747 and \$33,595,022 at December 31, 2018 and 2017, respectively.

11. Unearned Revenue

During 1998, the Port entered into a lease agreement with Oakley Louisiana, Inc. for a term of forty years. Total rent of \$200,000 was prepaid. Rental income of \$5,000 was recognized in 2018 and 2017. Unearned revenue for the Oakley agreement totaled \$94,039 and \$99,039 as of December 31, 2018 and 2017.

During 2006, the Port entered into a lease agreement with JW Gathering Company for the lease of a compressor station for twenty-five years, and the total rent of \$67,875 was prepaid. Rental income of \$2,715 was recognized in 2018 and 2017 for this lease, and unearned revenue amounted to \$33,658 and \$36,373 as of December 31, 2018 and 2017, respectively.

The Port entered into another long-term lease agreement in 2005 with Steelscape for a term of ninety-nine years for the lease of acreage at the Port site. Steelscape paid \$337,500 during 2006 with the remaining balance of \$337,500 paid in 2007. Rental income of \$6,818 was recognized in 2018 and 2017, and unearned revenue amounted to \$585,229 and \$592,047 as of December 31, 2018 and 2017, respectively.

The Port entered into a long-term lease agreement in 2006 with Sports South for a term of twenty-six years. During 2012, Sports South made a pre-payment for the remaining twenty years. Rental income of \$15,720 was recognized in 2018 and 2017, and unearned revenue related to Sports South totaled 220,080 and \$235,800 as of December 31, 2018 and 2017, respectively.

12. Litigation

The Port has been named as a defendant in lawsuits in regard to a sub-contractor's claim and mineral rights. The Port will vigorously defend its positions; however, the ultimate outcomes are unknown and no liability can be estimated at this time.

There remains one claim against the Port which has not risen to the level of a lawsuit, involving an alleged third party discharge onto private property from a pipeline owned by the Port and operated by the City of Shreveport. The matter remains under investigation by the Louisiana Department of Environmental Quality and the Port. Due to the stage of the investigation, it is not possible to estimate with any degree of certainty the amount of investigative or remedial costs that may be required or whether LDEQ will assess penalties against persons determined to be responsible parties.

13. Rental Income under Operating Leases

The Port is a lessor of certain property which consists principally of acreage and marine terminal docks. Some leases contain option renewal periods. Following is a schedule by year of future rental income to be received under noncancellable operating leases in effect as of December 31, 2018:

<u>Year Ending December 31:</u>	
2019	2,775,620
2020	2,760,151
2021	2,760,151
2022	2,760,151
2023	2,760,151
Thereafter	<u>52,510,989</u>
	<u>66,327,213</u>

14. Water and Sewerage Revenue

The Port receives revenue from the City of Shreveport which it collects from water and sewerage customers who use the waterworks system which was constructed by proceeds received by the Port from the issuance of water revenue bonds. As of December 31, 2018, there were twenty-six commercial users and nine residential users of the waterworks system. Total revenue received in 2018 and 2017 was \$3,781,130 and \$3,276,028, respectively. Following is a schedule of water rates charged by the City of Shreveport:

Monthly customer service fee on sewerage		7.74
Sewer charges per 1,000 gallons		7.16
Water charges per 1,000 gallons:	Residential	5.40
	Commercial	5.40
	Industrial	5.40

Note: Port customers are charged double since the system is located outside the city limits.

15. Safety Tariff Revenue

The Port receives revenue related to Ordinance No. 1 enacted in 2000 to partially fund fire, emergency medical and security services provided by the Port. The Safety Tariff is equal 0.2% of the asset value of the Port's complex occupants (up to a maximum of \$25,000) and totaled \$305,931 and \$269,858 for the years ended December 31, 2018 and 2017, respectively.

16. Conduit Debt

From time to time, the Port has issued revenue bonds to provide assistance for private-sector entities for projects that are deemed to be in the public interest. The Port is not obligated for repayment of the bonds. Accordingly, the bonds are not reported in the accompanying financial statements.

Revenue bonds in the amount of \$10,000,000 were issued by the Port on August 1, 2003, for the account of Morris & Dickson Co., L.L.C. (MD) for the purpose of financing leasehold improvements, equipment and machinery. During this same period, the Port entered into a lease with MD for the facilities in which it operates. The Port also agreed to complete certain improvements to the property (road/sewer) in the amount of \$1,000,000. The aggregate amount of bonds outstanding at December 31, 2018 and 2017, totaled \$500,000.

Revenue bonds in the amount of \$10,000,000 were issued by the Port on May 1, 2006 for the account of Sports South, L.L.C. for the purpose of financing the cost of acquiring, constructing, installing, and equipping a warehouse and distribution facility and related facilities within the jurisdiction of the Port. The aggregate amount of the bonds outstanding at December 31, 2018 and 2017 totaled \$500,000. The Port entered into a lease with Sports South, L.L.C. with payments beginning in 2007.

Taxable revenue bonds in the amount of \$11,000,000 were issued by the Port on August 31, 2009 for the account of Coca-Cola Bottling Company, LLC for the purpose of constructing a new warehouse distribution facility. The aggregate amount of bonds outstanding at December 31, 2018 and 2017 totaled \$10,584,272.

Bonds in the amount of \$12,573,835 were issued by the Port on June 1, 2011 for the account of Tire Rack, Inc. for the purpose of the acquisition, construction and installation of a distribution and warehouse facility. The aggregate amount of bonds outstanding at December 31, 2018 and 2017 was \$2,058,462 and \$2,111,377, respectively.

17. Construction Projects

The Port has plans for various projects in 2019, with a projected cost of approximately \$23.9 million. These include numerous projects such as: water lines, warehouse expansion, general storage expansion, Regional Commerce Center/dock/Port Complex security upgrade, portable fabric warehouse, stevedoring equipment and various other smaller projects.

18. Subsequent Events

The Port has evaluated subsequent events through June 11, 2019, the date which the financial statements were available to be issued, and the following significant subsequent event was noted.

On March 15, 2019, the Port issued \$17,250,000 of limited tax revenue bonds for the purposes of providing funds to: construct and equip a warehouse/storage facility and related infrastructure within the Port area; and finance site acquisition within the Port area.

The Board of Commissioners
Caddo-Bossier Port Commission
Shreveport, Louisiana

**Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the major fund of Caddo-Bossier Port Commission as of and for the year ended December 31, 2018, and the related notes to the financial statements, and have issued our report thereon dated June 11, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Caddo-Bossier Port Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Port's internal control. Accordingly, we do not express an opinion on the effectiveness of the Port's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Caddo-Bossier Port Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

The Board of Commissioners
Caddo-Bossier Port Commission
Shreveport, Louisiana

Louisiana Legislative Auditor
Baton Rouge, Louisiana

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

We have performed the procedures enumerated below, which were agreed to by the Caddo-Bossier Port Commission (Port) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 01, 2018 through December 31, 2018. The Port's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*, issued by the Comptroller General of the United States. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

Written Policies and Procedures

Not applicable because of no exceptions in previous year.

Board (or Finance Committee, if applicable)

Not applicable because of no exceptions in previous year.

Bank Reconciliations

Not applicable because of no exceptions in previous year.

Collections

Not applicable because of no exceptions in previous year.

Non-Payroll Disbursements – General (excluding credit card/debit card/fuel card/P-Card purchases or payments)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

A listing of payment processing locations was obtained from management.

9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

- a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

No exceptions noted.

- b) At least two employees are involved in processing and approving payments to vendors.

No exceptions noted.

- c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

Exception: The same individual responsible for processing payments also has the ability to add vendors to the entity's disbursement system.

Management's Response: The entity has other mitigating controls, including the use of a "Positive Pay" system with our financial institution.

- d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

No exceptions noted.

10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:

- a) Observe that the disbursement matched the related original invoice/billing statement.

No exceptions noted.

- b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

No exceptions noted.

Credit Cards/Debit Cards/Fuel Cards/P-Cards

Not applicable because of no exceptions in previous year.

Travel and Expense Reimbursement

Not applicable because of no exceptions in previous year.

Contracts

Not applicable because of no exceptions in previous year.

Payroll and Personnel

Not applicable because of no exceptions in previous year.

Ethics (excluding nonprofits)

Not applicable because of no exceptions in previous year.

Debt Service (excluding nonprofits)

Not applicable because of no exceptions in previous year.

Other

Not applicable because of no exceptions in previous year.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
