Independent Auditor's Report

To the Board of Commissioners
Caddo Parish Sewerage District No. 7
Shreveport, Louisiana

Report on the Financial Statements

I have audited the accompanying financial statements of the business-type activities and the major fund of Caddo Parish Sewerage District No. 7, a component unit of the Caddo Parish Commission as of and for the years ended December 31, 2018 and 2017, which collectively comprise the District's basic financial statements and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audits. I conducted my audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Caddo Parish Sewerage District No. 7, as of December 31, 2018 and 2017, and the changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 – 6 be presented to supplement the basic financial statements. Such information is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audits were conducted for the purpose of forming opinions on the financial statements as a whole. The supplementary information on pages 22 and 23 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report dated June 7, 2019 on my consideration of Caddo Parish Sewerage District No. 7.'s internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Caddo Parish Sewerage District No. 7.'s internal control over financial reporting and compliance.

CADDO PARISH SEWERAGE DISTRICT NO.7
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 and 2017

INTRODUCTION

1. Caddo Parish Sewerage District No. 7 was created by the Caddo Parish Commission and is a subdivision thereof. This report includes all funds controlled by Caddo Parish Sewerage District No. 7. The District is considered a component unit of the Caddo Parish Commission, and is included in the Commission's financial report.
2. The District was formed to construct and operate a sewerage collection and treatment system north of Shreveport, Louisiana.
3. Its five Board members are appointed by the Caddo Parish Commission and compensated \$60 each per meeting attended.
4. The District is located north of Shreveport, Louisiana.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. BASIS OF PRESENTATION

The accompanying financial statements of the Caddo Parish Sewerage District No. 7 have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 14:514 and to the guides set forth in the *Louisiana Governmental Audit Guide*, and to the AICPA Industry Audit Guide, *Audits of State and Local Governmental Units*.

B. REPORTING ENTITY

Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification) established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. For financial reporting purposes, in conformance with GASB Codification section 2100, Caddo Parish Sewerage District No. 7 includes all funds that are within its oversight responsibility. The District is a component unit of the Caddo Parish Commission, the financial reporting entity. The Commission is financially accountable for the District because it appoints a voting majority of the board and has the ability to impose its will on them.

The accompanying financial statements present information only on the funds maintained by the District and do not present information on the Commission, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. FUND ACCOUNTING

Caddo Parish Sewerage District No. 7 is organized and operated on a fund basis whereby a self-balancing set of accounts (Enterprise Fund) is maintained that comprises its assets, liabilities, net assets, revenues and expenses. The operations are financed and operated in a manner similar to a private business enterprise, where the intent of the governing body is that the cost (expenses, including depreciation) of providing services on a continuing basis be financed or recovered primarily through user charges.

D. BASIS OF ACCOUNTING

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Enterprise Fund is accounted for on a flow of economic resources measurement focus and a determination of net income and capital maintenance. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the statement of net assets. The Enterprise Fund uses the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized at the time liabilities are incurred.

Enterprise funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services or goods in connection with principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District's reporting on enterprise fund activities is based on FASB Statements and interpretations issued after November 30, 1989, except where they conflict or contradict GASB pronouncements.

The Enterprise Fund uses the following practices in recording certain revenues and expenses:

Revenues

Fees and charges for services are billed at the end of the month earned and are due by the 20th of the following month. This revenue is recorded as income in the month earned.

Expenses

Operating expenses are recorded when incurred. Interest expense is accrued at the end of each period and included as expense.

E. CASH AND CASH EQUIVALENTS

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. The District considers time deposits and those investments with maturities of 90 days or less as cash equivalents. Under state law, the district may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law or any other state of the United States, or under the laws of the United States.

F. PREPAID ITEMS

Items paid in the current year benefiting future periods are set up as assets.

G. RESTRICTED ASSETS

Certain proceeds of the Enterprise Fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. In addition, other funds set aside for specific purposes are also classified as restricted. The District uses restricted resources to fund appropriations before using unrestricted resources.

H. CAPITAL ASSETS

Fixed assets of the District are included on the balance sheet of the fund at cost. Interest costs incurred during construction are not capitalized. Constructed systems are being depreciated on a straight-line basis for 35 years. Existing systems purchased in 1985 for \$149,950 are being depreciated on a straight-line basis for 25 years. The District capitalizes all capital assets that are \$1,000 or greater.

I. DEFERRED FINANCE CHARGES

In conjunction with refunding bond issues, refinancing costs were incurred. These costs are amortized on a straight-line basis over the term of the new bond issues. Included in interest expense for the year ended December 31, 2018, and 2017 amortization of these costs of were \$17,336 each year.

J. COMPENSATED ABSENCES

The District has adopted a leave policy as to vacation pay. The policy provides full-time employees to accumulate earned vacation. Employees must use their earned time or it is lost at the anniversary of their hire date. Earned vacation may be paid in cash upon termination of the employee. The policy also provides full-time employees sick/personal leave. Unused sick leave accumulates and may be carried forward indefinitely. The District does not pay for unused sick leave upon termination.

K. LONG-TERM LIABILITIES

Long-term liabilities are reported in the statement of net position.

L. USE OF ESTIMATES

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses. Actual results could differ from those estimates.

M. NET POSITION

Net position represents the difference between assets and liabilities. Net position invested in capital assets, net of related debt consist of capital assets, net of accumulated depreciation reduced by the outstanding balance of any borrowing used for acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use by creditors, grantors or laws or regulations of other governments. The District's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

N. BAD DEBTS

The District uses the direct charge-off method of accounting for uncollectible water receivables. Although this method is not in accordance with accounting principles generally accepted in the United States of America, the overall effect on the financial statements is immaterial.

2. CASH AND CASH EQUIVALENTS

At December 31, 2018 and 2017, the District has cash and cash equivalents (book balances) as follows:

	<u>2018</u>	<u>2017</u>
Non interest bearing demand deposits	\$ 311,239	\$ 198,984
Interest bearing demand deposits	548,546	618,354
Other	<u>225</u>	<u>225</u>
Total	<u>\$ 860,010</u>	<u>\$ 817,563</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits or the resulting bank balances must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Cash deposits are collateralized as follows at December 31:

	<u>2018</u>	<u>2017</u>
Fair market value of securities pledged (GASB Category 3)	\$ 373,000	\$ 375,040
Current FDIC coverage	<u>687,856</u>	<u>423,020</u>
Total collateral	1,060,856	798,060
Collected cash balances	<u>867,797</u>	<u>653,997</u>
Collateralization (shortage) excess	<u>\$ 193,059</u>	<u>\$ 144,063</u>

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement No. 3, R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the District that the fiscal agent has failed to pay deposited funds upon demand.

The District had no funds at LAMP for the year ended December 31, 2018 or 2017. Louisiana Asset Management Pool ("LAMP"), a local government investment pool, is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. While LAMP is not required to be a registered investment company under the Investment Company Act of 1940, its investment policies are similar to those established by Rule 2-a7, which governs registered money market funds. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest. The dollar weighted average portfolio maturity of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days. The fair value of investments is determined on a weekly basis to monitor any variances between amortized cost and market value. For purposes of determining participants' shares investments are valued at amortized cost. LAMP is designed to be highly liquid to give participants immediate access to their account balances.

3. RECEIVABLES

	<u>2018</u>	<u>2017</u>

For the year ended December 31, 2018 and 2017 the District's coverage exceeded required amounts.

Flow of funds; restrictions on use-sewer revenue

Under the terms of the bond indentures on outstanding Sewer Revenue Bonds, all income revenues (hereinafter referred to as revenue) of every nature, earned or derived from operation of the Utility System are pledged and dedicated to the retirement of said bonds, and are to be set aside into the following special funds:

Revenue is first deposited in Sewer Revenue Fund and shall first provide for the payment of the reasonable and necessary expenses of operating and maintaining the system.

Each month, there will be set aside into a fund called the "Bond and Interest Sinking Fund" an amount constituting 1/12 of the next maturing installment of principal and 1/12 of the next maturing installment of interest on the outstanding bonds. Such transfers shall be fully sufficient to assure the prompt payment of principal and interest installments as they become due, and may be used only for such payments

There shall also be set aside into a "Sewer Reserve Fund" an amount equal to 5% of the principal and interest payments required during the current fiscal year until there shall have been accumulated in the Reserve Account an amount equal to the maximum principal and interest requirements in any one maturity year. This fund reached its maximum required amount during 1999.

Such amounts may be used only for the payment of maturing bonds and interest coupons for which sufficient funds are not on deposit in the Bond and Interest Sinking Fund and as to which there would otherwise be default.

Funds will also be set aside into a Depreciation and Contingency Fund in an amount equal to 5% of the principal and interest payments required during each fiscal year. Money in the fund may be used for the making of extraordinary repairs or replacements to the system which are necessary to keep the system in operating condition and for which money is not available as maintenance in operation expense. Money in this fund may also be used to pay principal or interest on the bonds falling due at any time there is not sufficient money for payment in the other bond funds.

Certificates of Indebtedness - Series 2015

On November 4, 2015, the District issued \$300,000 Series 2015 Certificates of Indebtedness. The Certificates are secured by and payable solely from a pledge and dedication of the excess of annual revenues of the District above statutory, necessary and usual charges in each to the fiscal years during which the Certificates are outstanding.

Each month, beginning with the month after the Certificates of Indebtedness were issued, or on before the 20th of the month, a sum equal to the principal and interest accruing for the Certificates for such calendar months shall be deposited into a "Certificates of Indebtedness, Series 2015 Sinking Fund" for payment of principal and interest on the Certificates.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners
Caddo Parish Sewerage District No. 7
Shreveport, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities of Caddo Parish Sewerage District No. 7 as of and for the year ended December 31, 2018, and related notes to the financial statements, and have issued my report thereon dated June 7, 2019.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered Caddo Parish Sewerage District No. 7's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, I do not express an opinion on the effectiveness of the District's internal control over financial reporting.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. However, as described in the accompanying schedule of findings and questioned costs, I identified certain deficiencies in internal control that I consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected on a timely basis. I consider the deficiency described in the accompanying schedule of findings and questioned costs to be a material weaknesses and is reported as Finding #2018-1.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Caddo Parish Sewerage District No. 7's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no an instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Caddo Parish Sewerage District No. 7's Response to Findings

Caddo Parish Sewerage District No. 7's response to the findings identified in my audit are described in the accompanying Schedule of Findings. Caddo Parish Sewerage District No. 7's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, I express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CADDO PARISH SEWERAGE DISTRICT NO. 7

SCHEDULE OF FINDINGS

YEAR ENDED DECEMBER 31, 2018

Summary of Audit Results

1. The auditor's report expresses an unmodified opinion on the financial statements.
2. One significant deficiency in internal control over financial reporting, which is a material weakness, was disclosed during the audit of the financial statements.
3. No instances of noncompliance material to the financial statements were disclosed during the audit.

Finding # 2018-1:

Criteria:

Effective segregation of duties requires segregation of duties.

Condition: Employees perform interrelated duties.

Cause:

The condition is due to space and economic limitations.

Effect: Unknown.

Recommendation: Whether or not it would be cost effective to correct a condition is not a factor in reporting requirements under accounting standards generally accepted in the United States of America. Because prudent management requires that the potential benefit from an internal control must exceed its cost, it may not be practical to correct all conditions reported under accounting standards generally accepted in the United States of America. In this case, both management and the auditor do not believe that correcting the condition described above is cost effective or practical, and, accordingly, do not believe that any corrective action is necessary.

Management's Response and Corrective Action Plan:

We agree with the finding. We will segregate duties whenever possible.
