INDEPENDENT ACCOUNTANT'S REVIEW REPORT

Honorable Teddy Liner, Marshal
Ward Six Marshal of the Parish of St. Mary
Morgan City, Louisiana

Report on the Financial Statements

We have reviewed the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Ward Six Marshal of the Parish of St. Mary (hereinafter "Marshal"), a component unit of the City of Morgan City, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the Marshal's basic financial statements as listed in the table of contents. A review includes primarily applying analytical procedures to management's financial data and making inquiries of the Marshal. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA and the standards applicable to review engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of the Marshal, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Such information is the responsibility of management. The schedules were not audited or reviewed, and we do not express an opinion, a conclusion, nor provide assurance on it.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require be presented to supplement the basic financial statements. Such missing information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Supplementary Information

The justice system funding schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. The schedules have been subjected to our review procedures applied in the review of the basic financial statements. We are not aware of any material modifications that should be made to the schedules. We have not audited the schedules and do not express an opinion on them.

Notes to Financial Statements

INTRODUCTION

As provided by LSA-RS 13:1871 et seq, the City Court of Morgan City was established and included the creation of the Office of the Marshal. The territorial jurisdiction of the Marshal extends throughout the City of Morgan City and throughout Ward Six of St. Mary Parish. The Marshal is elected for a six-year term. The Marshal's salary is funded by the St. Mary Parish Council and by the City of Morgan City at no cost to the Marshal's Cost Fund.

(1) Summary of Significant Accounting Policies

The accompanying component unit financial statements of the Ward Six Marshal of the Parish of St. Mary (hereinafter "Marshal") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The following is a summary of certain significant accounting policies:

A. Financial Reporting Entity

As the governing authority of the city, for reporting purposes, the City of Morgan City is the financial reporting entity. The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, as amended, established criteria for determining which component units should be considered part of the City of Morgan City for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include:

1. Appointing a voting majority of an organization's governing body, and
 - a. the ability of the City to impose its will on the organization and/or
 - b. the potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City.
2. Organizations for which the City does not appoint a voting majority but are fiscally dependent on the City.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

WARD SIX MARSHAL OF THE PARISH OF ST. MARY
Morgan City, Louisiana

Notes to Financial Statements (continued)

Because the City of Morgan City provides compensation and office space to the Marshal and the significance of the relationship between the Marshal and City, the Marshal was determined to be a component unit of the City of Morgan City, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the Marshal and do not present information on the City, the general government services provided by the City, or the other governmental units that comprise the financial reporting entity.

B. Basis of Presentation

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the Marshal as a whole. These statements include all the financial activities of the Marshal. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from non-exchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Non-exchange Transactions*.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the Marshal's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients for goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fiduciary funds are not included in the government-wide financial statements. Fiduciary funds are only reported in the statement of fiduciary net position and statement of changes in fiduciary net position at the fund financial statement level.

Fund Financial Statements

The Marshal uses funds to maintain its financial records during the year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain functions and activities. A fund is defined as a separate fiscal and accounting entity with a self-balancing set of accounts. The various funds of the Marshal are classified into two categories: governmental and fiduciary. The emphasis on fund financial statements is on major funds, each displayed in a separate column. A fund is considered major if it is the primary operating fund of the Marshal or its total assets, liabilities, revenues, or expenditures of the individual governmental fund is at least ten (10) percent of the corresponding total for all governmental funds. The general and special revenue funds of the Marshal are considered to be the major funds.

WARD SIX MARSHAL OF THE PARISH OF ST. MARY
Morgan City, Louisiana

Notes to Financial Statements (continued)

The funds of the Marshal are described below:

Governmental Funds -

General Fund

The General Fund, as provided by Louisiana Revised Statutes is the principal fund of the Marshal and is used to account for the operations of the Marshal. The Marshal's primary source of revenue is fees from the City Court of Morgan City. General operating expenditures are paid from this fund.

Special Revenue Fund

Special revenue funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditures for specific purposes. Act 166 of the 2019 Louisiana Legislative Session amended RS 13:5807 by requiring certain excess fees be deposited in an Equipment and Training Fund. The expenditure of these deposits is restricted in use to assist in the purchasing or updating of necessary equipment and officer training to carry out the efficient performance of all duties imposed by law on constables and marshals.

Fiduciary Fund -

Fiduciary funds are used to report assets held in a trustee or custodial capacity for others and therefore are not available to support the Marshal's programs. The Marshal has adopted GASBS No. 84 for the reporting and classification of its fiduciary activities. Fiduciary reporting focus is on net position and changes in net position and are reported using the accrual basis of accounting.

The Marshal's fiduciary fund (custodial) is presented in the fiduciary fund financial statements. Because by definition these assets are being held for the benefit of a third party (individuals, organizations, other governments, etc.) and cannot be used to address activities or obligations of the Marshal, these funds are not incorporated into the government-wide statements.

The custodial fund of the Marshal is the Garnishment Fund. The Garnishment Fund is used to account for assets held by the Marshal as agent. This fund is used for the collection of court-ordered garnishment judgments. The Marshal charges an administrative fee and remits all other funds to the respective creditors.

C. Measurement Focus/Basis of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

WARD SIX MARSHAL OF THE PARISH OF ST. MARY
Morgan City, Louisiana

Notes to Financial Statements (continued)

Measurement Focus

On the government-wide statement of net position and the statement of activities, governmental activities are presented using the economic resources measurement focus as defined in item 2. below. In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

1. Governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on its balance sheet. The operating statement presents sources and uses of available expendable financial resources during a given period. Governmental funds use fund balance as its measure of available expendable financial resources at the end of the period.
2. The government-wide financial statements utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery) and financial position. All assets and liabilities (whether current or noncurrent) associated with its activities are reported. Government-wide fund equity is classified as net position.

Basis of Accounting

In the government-wide statement of net position and statement of activities, the governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Marshal considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting.

D. Assets, Liabilities and Equity

Cash and interest-bearing deposits

Cash and interest-bearing deposits include all demand accounts, savings accounts, and certificates of deposits of the Marshal.

Capital Assets

Capital assets, which include vehicles, furniture, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are

WARD SIX MARSHAL OF THE PARISH OF ST. MARY
Morgan City, Louisiana

Notes to Financial Statements (continued)

recorded at acquisition value at the date of donation. The Marshal maintains a threshold level of \$500 or more for capitalizing assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Vehicles	5 years
Furniture and equipment	5-10 years

Equity Classifications

Government-wide Financial Statements

In the government-wide financial statements, equity is classified as net position and displayed in three components:

1. Net investment in capital assets – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
2. Restricted – consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
3. Unrestricted – all other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

When an expenditure is incurred for purposes for which both restricted and unrestricted resources are available, the Marshal considers restricted funds to have been spent first.

Fund Financial Statements

Governmental fund equity is classified as fund balance. Fund balance for the Marshal's governmental funds is displayed depicting the relative strength of the spending constraints placed on the purposes for which resources can be used. In the governmental fund financial statements, fund balances are classified as follows:

1. Nonspendable - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

WARD SIX MARSHAL OF THE PARISH OF ST. MARY
Morgan City, Louisiana

Notes to Financial Statements (continued)

2. Restricted - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
3. Committed - amounts that can be used only for specific purposes determined by a formal action of the Marshal. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Marshal.
4. Assigned - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Only the Marshal may assign amounts for specific purposes.
5. Unassigned - all other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Marshal considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Marshal considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Marshal has provided otherwise in his commitment or assignment actions.

E. Expenditures and Expenses

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function. In the fund financial statements, expenditures are classified by character and function.

(2) Cash and Interest-bearing Deposits

Under state law, the Marshal may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Marshal may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At December 31, 2024, the Marshal has cash balances (book balance) totaling \$50,526 as follows:

	Governmental Activities	Fiduciary Funds	Total
Cash and interest-bearing deposits	\$ 40,983	\$ 9,544	\$ 50,527

These deposits are stated at cost, which approximates market. Under state law, these deposits, (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the Marshal or the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

WARD SIX MARSHAL OF THE PARISH OF ST. MARY
Morgan City, Louisiana

Notes to Financial Statements (continued)

Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the Marshal's deposits may not be recovered or the Marshal will not be able to recover collateral securities that are in the possession of an outside party. The Marshal has not formally adopted policies that limit allowable deposits or investments and address the specific type of risk to which the Marshal is exposed. Deposit balances (bank balances) at December 31, 2024, are \$75,485 and fully secured by federal deposit insurance and not subject to custodial credit risk.

(3) Capital Assets

A summary of changes in capital assets during the year ended December 31, 2024 follows:

	<u>1/1/2024</u>	<u>Additions</u>	<u>Deletions</u>	<u>12/31/2024</u>
Governmental activities:				
Vehicles and equipment	\$ 33,647	\$ 3,300	\$ -	\$ 36,947
Less: accumulated depreciation	<u>(31,017)</u>	<u>(1,247)</u>	<u>-</u>	<u>(32,264)</u>
Total	<u>\$ 2,630</u>	<u>\$ 2,053</u>	<u>\$ -</u>	<u>\$ 4,683</u>

Depreciation expense in the amount of \$1,247 was charged to the general government function.

(4) Retirement Plan

Substantially, all employees of the Marshal's office are members of the Parochial Employees' Retirement System of Louisiana, a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees. The System is composed of two distinct plans, Plan A and Plan B, with separate assets and benefit provisions. All employees of the Marshal's office are members of Plan A. All permanent employees working at least 35 hours per week who are paid wholly or in part from city funds and all elected city officials are eligible to participate in the System.

Regular retirement benefits

A member of Plan A is eligible to retire and receive regular benefits if the member has credit for at least:

1. Thirty years of service and is at least the age of fifty-five;
2. Ten years of service and is at least the age of sixty-two; or
3. Seven years of service and is at least the age of sixty-seven years.

The Plan A regular retirement benefit is an amount equal to three percent of the member's final compensation multiplied by his years of credited service (three percent multiplied by each year of credited service multiplied by final compensation), provided that:

1. A member who held an elective office in participating municipality is paid an additional benefit equal to one-half of one percent of the member's final compensation multiplied by each year of such elective service (one-half of one percent multiplied by final compensation); and

WARD SIX MARSHAL OF THE PARISH OF ST. MARY
Morgan City, Louisiana

Notes to Financial Statements (continued)

2. For an employee who was a member only of the supplemental plan prior to the revision date, the benefit earned for service credited prior to the revision date will be determined on the basis of one percent of final compensation plus two dollars per month for each year of service credited prior to the revision date, and three percent of final compensation for each year of service after the revision date.

The System issued an annual, publicly available financial report that includes financial statements and required supplementary information for the System. A publicly available financial report that includes financial statements and required supplemental financial information may be obtained by writing to the Parochial Employees' Retirement System, P. O. Box 14619, Baton Rouge, Louisiana 70898-4619.

Under Plan A, members are required by state statute to contribute 9.5% of their annual covered salary and the Marshal is required to contribute at an actuarially determined rate. The current rate is 12.25% of annual covered payroll. Contributions to the System also include one-fourth of one percent (except Orleans and East Baton Rouge parishes) of the taxes shown to be collectible by the tax rolls of each parish. These tax dollars are divided between Plan A and Plan B based proportionately on the salaries of the active members of each plan. The contribution requirements of plan members and the Marshal are established and may be amended by state statute. As provided by RS 11:103, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year.

The City of Morgan City makes contributions to the retirement system on-behalf of the Marshal. Therefore, the disclosure of pension liabilities, deferred outflows of resources and deferred inflows of resources required by GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – An Amendment of GASB Statement No. 27*, is included within the City's financial report. The City's publicly available financial report may be obtained by writing to the City of Morgan City, 512 First Street, Morgan City, LA 70380.

(5) Compensation and Other Payments to Marshal

Notes to Financial Statements (continued)

(6) On-Behalf Payments for Salaries and related benefits

GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*, requires the Marshal to report in the financial statements on-behalf salary and related benefit payments made by the City of Morgan City to the Marshal's employees. Salary payments are made by the City directly to the employees. The basis for recognizing the revenue and expenditure payments is that actual contributions are made by the City. In 2024, the City paid salaries and related benefits to the Marshal and Deputy Marshal. On-behalf payments recorded as revenues and expenditures in the financial statements for the year ended December 31, 2024 totaled \$99,587.

(7) Expenditures of the Marshal's Office Paid by the City of Morgan City

The cost of some expenditures for the operation of the Marshal's office, as required by Louisiana Revised Statute 13:1889, is paid by the City of Morgan City. Such expenditures are not included in the accompanying financial statements.

(8) Risk Management

The Marshal is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; error and omissions; injuries to employees; and natural disasters. The Marshal's primary government, the City of Morgan City, has elected to purchase insurance coverage through the commercial insurance market to cover its exposure to loss.

The City is insured up to policy limits for each of the above risks. There were no significant changes in coverage, retentions, or limits during the year ended December 31, 2024. Settled claims have not exceeded the commercial coverage in any of the previous three fiscal years. The Marshal has made no contributions to the premiums on the policy during the year ended December 31, 2024.

(9) Accounting Standards Scheduled to be Implemented

The following is a summary of accounting standards adopted by the Governmental Accounting Standards Board (GASB) that are scheduled to be implemented in the future that may affect the Marshal's financial report:

GASB Statement No. 102, *Certain Risk Disclosures*. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This standard is effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. The effect of implementation on the Marshal's financial statements has not yet been determined.

GASB Statement No. 103, *Financial Reporting Model Improvements*. Budgetary Basis

The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts are as originally adopted or as finally amended by the Marshal.

Budgetary Practice

Ward Marshals are required under Louisiana Revised Statute 39:1301 et seq to adopt a budget. The Marshal follows these procedures in establishing the budgetary data reflected in the financial statements:

1. A proposed budget is prepared and submitted to the Marshal for the fiscal year prior to the beginning of each fiscal year.
2. If proposed expenditures exceed \$500,000, a summary of the proposed budget is published, and the public is notified that the proposed budget is available for public inspection. At the same time, a public hearing is called, if required.
3. If required, a public hearing is held on the proposed budget at least ten days after publication of the call for a hearing.
4. After the holding of the public hearing, if required, and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
5. All budgetary appropriations lapse at the end of each fiscal year.
6. The level of budgetary control is exercised at the fund level.

Actual Expenditures in Excess of Budgeted Appropriations

Actual expenditures exceeded budgeted appropriations in the General Fund by \$1,682.

We have performed the procedures enumerated below on the compliance of the Ward Six Marshal of the Parish of St. Mary (hereinafter "Marshal") with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire (Exhibit A) during the year ended December 31, 2024, as required by Louisiana Revised Statute 24:513 and the *Louisiana Governmental Audit Guide*. The management of the Marshal is responsible for its financial records and compliance with applicable laws and regulations.

An agreed-upon procedures engagement involves the performing of specific procedures that the Marshal has agreed to and acknowledged to be appropriate to meet the intended purpose of the engagement in determining the Marshal's compliance with certain laws and regulations contained in the accompanying Louisiana Attestation Questionnaire (Exhibit A) and report on exceptions based on the procedures performed. Additionally, the Louisiana Legislative Auditor (LLA) has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated exceptions, if any, are as follows:

Public Bid Law

1. Obtain documentation for all expenditures made during the year for materials and supplies exceeding \$60,000 thereafter, and public works exceeding \$250,000. Compare the documentation for these expenditures to Louisiana Revised Statute (RS.) 39:1551-39:1755 (the state procurement code), R.S. 38:2211-2296 (the public bid law), or the regulations of the Division of Administration and the State Purchasing Office, whichever is applicable; and report whether the expenditures were made in accordance with these laws.

Findings reported in accordance with *Government Auditing Standards*:

2024-001 – Inadequate Segregation of Duties

Year Initially Occurring: Unknown

CONDITION: Accounting and financial functions are not adequately segregated.

EFFECT: Failure to adequately segregate accounting and financial functions increases the risk that errors and/or irregularities including fraud and/or defalcations may occur and not be prevented and/or detected.
