INDEPENDENT AUDITORS' REPORT

To the Members of the
St. Helena Parish School Board
Greensburg, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the **St. Helena Parish School Board (the School Board)** as of and for the year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise **the School Board's** basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

Auditors' Responsibility, continued

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of **the School Board**, as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 to 11, budgetary comparison information on pages 61 and 62, the required pension information on pages 63 to 65 and the required OPEB information on page 66 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of

America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise **the School Board's** basic financial statements. The combining nonmajor fund financial statements, the schedule of compensation, benefits and other payments to chief executive officer and the schedule of compensation paid to board members are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements, the schedule of compensation, benefits and other payment to chief executive officer and the schedule of compensation paid to board members are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements, the schedule of compensation, benefits and other payment to chief executive officer and the schedule of compensation paid to board members are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2020, on our consideration of **the School Board's** internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering **the School Board's** internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020

As management of the St. Helena Parish School Board (School Board) we offer readers of the School Board's financial statements this narrative overview and analysis of the financial activities of the School Board for the fiscal year ended June 30, 2020. The emphasis of discussions about these statements will be on current year data.

Financial Highlights

- Statement of Net Position – Liabilities and deferred inflows of resources of the St. Helena Parish School Board exceeded its assets and deferred outflows of resources at June 30, 2020 by \$6,888,130 (net position).
- Statement of Activities - The total change in net position of the St. Helena Parish School Board increased by \$3,503,100 during the year ended June 30, 2020.
- Governmental Funds Balance Sheet – At June 30, 2020, the St. Helena Parish School Board's governmental funds reported a combined fund balance of the \$8,797,684, an increase of \$503,324 over the prior year.
- Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balances – Total revenues increased by \$1,016,642 for the year ended June 30, 2020. The increase was mainly due to increase Minimum Foundation Program and various sources of federal revenues in the amounts of \$781,218 and \$89,694, respectively.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the School Board's basic financial statements. The School Board's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the School Board's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all the School Board's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School Board is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

ST. HELENA PARISH SCHOOL BOARD
Greenburg, Louisiana

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020

The government-wide financial statements can be found on pages 12 - 14 of this report.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School Board, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the School Board are categorized as governmental funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The School Board maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and the capital projects fund, which are considered to be major funds. Data from the other governmental funds, mainly numerous funds within the special revenue fund and the debt service fund are combined into a single, aggregated presentation.

The School Board adopts an annual budget for its general fund and special revenue funds. Budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 15 - 22 of this report.

Fiduciary funds. *Fiduciary funds* are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because those resources for those funds are not available to support the School Board's own programs. The School Board employs two separate agency funds, one fund accounts for transactions of the student activity accounts maintained at the schools, and another for account for voluntary and mandatory payroll withholdings.

The basic fiduciary fund financial statements can be found on page 23 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 25 - 60 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the School Board's budgetary comparison schedules for its major governmental funds and other required Post-employment Benefits and Pension schedules. The required supplementary information can be found on pages 61 - 66 of this report. In addition, this report other supplementary information, which can be found on pages 67 - 80.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the School Board, liabilities and deferred inflows of resources exceeded its assets and deferred outflows of resources by \$6,888,130 at the close of the 2020 fiscal year.

TOTAL NET POSITION	<u>\$ (6,888,130)</u>	<u>\$ (10,407,509)</u>

By far the largest portion of the School Board's net position reflects its investment in capital assets (e.g., land, buildings, furniture, and equipment); less any related debt used to acquire those assets that are still outstanding. The School Board uses these capital assets to provide services to students; consequently, these assets are not available for future spending. Although the School Board's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020

Economic Factors and Next Year's Budget

Our elected appointed officials and citizens consider many factors when setting the School Board's 2020-2021 fiscal year budget and tax rates. The School Board's budgets are used to gain a better overview of the financial operations of the Board and to assist management in making decisions for daily and future operations.

The following are economic factors and indicators affecting the budget for fiscal year 2020-2021:

1. Sales tax projections are not expected to show any significant growth. St. Helena is a small parish with a limited tax base.
2. The retirement system contributions will change July 1, 2020. The Teacher' Retirement System of Louisiana decreased the employer contribution rate from 26% to 25.8%. The Louisiana School Employee's Retirement System decreased the employer rate from 29.4% to 28.7%.
3. Projected Ad Valorem taxes are not expected to increase. The parish has not had any additional businesses enter the parish.
4. The general fund will be impacted due to increasing costs incurred in disinfecting and cleaning the campuses in the fight to stop the spread of COVID-19. Hand sanitizing stations, disinfectants, and many personal protective equipment items have and will be purchased.
5. Several capital projects are expected to commence during the 2020-2021 fiscal year. The St. Helena College and Career gymnasium roof is set to be replaced and canopies will be added to sidewalks on this campus site.

Request for Information

This financial report is designed to provide a general overview of the St. Helena Parish School Board's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Mrs. Amy Pedelahore, Chief Financial Officer, St. Helena Parish School Board, Post Office Box 540, Greensburg, Louisiana 70441.

Statement of Revenues, Expenditures, and Changes in Fund Balances
to the Statement of Activities
For the Year Ended June 30, 2020

Net change in fund balances - governmental funds (Statement E) **\$ 503,324**

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays are reported in governmental funds as expenditures.

However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeds capital outlays in the current period:

Capital outlays	\$ 2,135,402	
Depreciation expense	(304,813)	
Excess of depreciation expense over capital outlay		1,830,589

Bond proceeds provide current financial resources to governmental funds; however, issuing debt increases long-term liabilities in the statement of position. In the current period, proceeds were received from:

Change in deferred inflows of resources - pension plans	99,177
Change in deferred outflows of resources - pension plans	(523,694)

Certificates of indebtedness proceeds are reported as financing sources in governmental funds and thus contribute to the change in fund balance. In the statement of position, however, issuing debt increases long-term liabilities and does not affect the statement of activities. Similarly, repayment of principal is an expenditure in the governmental funds but reduces the long-term liabilities in the statement of position.

Repayment:

General Obligation Schools Bonds, Series 2013	185,000

Sales Tax Bonds, Series 2016	43,343	
Sales Tax Bonds, Series 2018	35,528	
		348,871

Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

Increase in compensated absences	(189,194)	
Decrease in net postemployment benefits obligation	1,942,364	
Increase in net pension liability	(508,337)	
Total		1,244,833

INTRODUCTION

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the St. Helena Parish School Board have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting-body for establishing governmental accounting and financial reporting principles.

A. REPORTING ENTITY

The St. Helena Parish School Board was created by Louisiana Revised Statute (R.S.) 17:51 to provide public education for the children within St. Helena Parish. The School Board is authorized by R.S. 17:81 to establish policies and regulations for its own government consistent with the laws of the state of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The School Board is comprised of six (6) members who are elected from six (6) districts for terms of four years.

The School Board operates three (3) schools within the parish with a total enrollment of 1,157 pupils as of October 1, 2019. In conjunction with the regular educational programs and special education programs, one of the schools offer pre-kindergarten education program. In addition, the School Board provides transportation and school food services for the students.

The School Board is considered a primary government, since it is a special-purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Fiscally independent means that the School Board may, without the approval or consent of another governmental entity, determine or modify its own budget, levy its own taxes or set rates or charges, and issue bonded debt. The School Board also has no component units as other legally separate organizations for which the elected School Board members are financially accountable. There are no other primary governments with which the School Board has a significant relationship.

B. FUNDS

The accounts of the School Board are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

The funds of the School Board are classified into two categories: governmental and fiduciary, as follows:

Governmental Funds

Governmental funds account for all or most of the School Board's general activities. These funds focus on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may be used. Current liabilities are assigned to the fund from which they will be paid. The difference between a governmental fund's assets and liabilities is reported as fund balance. In general, fund balance represents the accumulated expendable resources which may be used to finance future period programs or operations. The following are the School Board's primary governmental funds:

General Fund – The *general fund* is the primary operating fund of the School Board and receives most of the revenues derived by the School Board from local sources (principally property and sales taxes) and state sources (principally equalization funding). General Fund expenditures represent the costs of general school system operations and include functional categories of instructional and support services. The General Fund is used to account for all financial resources and expenditures except those accounted for in another fund.

Special revenue funds – The *special revenue funds* are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. These funds account for the revenues and expenditures related to state, local and federal grants and entitlement programs for various educational objectives.

Debt service funds – The *debt services funds* are used to account for and report financial resources that are restricted for the payment of general long-term debt principal, interest, and related costs..

Capital projects fund – The *capital projects fund* accounts for financial resources received and used for the acquisition, construction, or improvement of capital facilities not reported in the other governmental funds.

The School Board reports the General and Capital Projects Fund as major governmental funds.

Fiduciary Funds

Fiduciary fund reporting focuses on net assets and changes in net assets. The only fund accounted for in this category by the School Board is the agency fund. The School Board employs two separate agency funds, one fund accounts for the transactions of the student activity accounts maintained at the schools, and another to account for voluntary and mandatory payroll withholdings. These funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Consequently, the agency fund has no measurement focus, but does use the modified accrual basis of accounting.

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

C. MEASUREMENT FOCUS/BASIS OF ACCOUNTING

Government-Wide Financial Statements (GWFS)

The Statement of Net Position (Statement A) and the Statement of Activities (Statement B) display information about the reporting government as a whole. These statements include all the financial activities of the School Board, except for the fiduciary funds. Fiduciary funds are reported only in the Statement of Fiduciary Net Position (Statement G) at the fund financial statement level.

The GWFS were prepared using the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, liabilities and deferred inflows and outflows of resources resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets, liabilities and deferred inflows and outflows of resources resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*.

Program Revenues - Program revenues included in the Statement of Activities (Statement B) derive directly from parties outside the School Board's taxpayers or citizenry, as a whole; program revenues reduce the cost of the function to be financed from the School Board's general revenues.

Allocation of Indirect Expenses - The School Board reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the Statement of Activities. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function. Depreciation on buildings is assigned to the "general administration" function due to the fact that school buildings serve multiple purposes. Interest on general long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

Fund Financial Statements (FFS)

Governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Fund financial statements report detailed information about the School Board. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column.

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

Governmental funds and the agency fund use the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The School Board considers all revenues available if they are collected within 60 days after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, except for interest and principal payments on general long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when the obligations are expected to be liquidated with expendable available financial resources. The governmental funds use the following practices in recording revenues and expenditures:

Revenues

Federal and state entitlements (which include state equalization and state revenue sharing) are recorded as unrestricted grants-in-aid when available and measurable. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Ad valorem taxes are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis, become due on November 15 of each year, and become delinquent on December 31. The taxes are generally collected in December, January, and February of the fiscal year.

Sales and use tax revenues are considered "measurable" when the underlying transaction occurs and meets the availability criteria.

Interest earnings are recorded when the investments have matured and the interest is available.

Revenues from rentals, leases, and oil royalties are recorded when earned.

Substantially all other revenues are recorded when received.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Costs of accumulated unpaid vacation, sick leave, and other employee benefit amounts are reported in the period due and payable rather than the period earned by employees, and general long-term obligations principal and interest payments are recognized only when due.

Other Financing Sources (Uses)

Transfers between funds that are not expected to be repaid (or any other types, such as capital lease transactions, sale of fixed assets, debt extinguishments, long-term debt proceeds, et cetera) are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

Deferred Outflows of Resources and Deferred Inflows of Resources

In some instances, the GASB requires a government to delay recognition of decreases in net position as expenditures until a future period. In other instances, governments are required to delay recognition of increases in net position as revenues until a future period. In these instances, deferred outflows of resources and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively. At June 30, 2020, the School Board's deferred inflows and outflows of resources are attributable to its pension benefit plans.

Fiduciary Funds

The agency funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting.

D. BUDGETS AND BUDGETARY ACCOUNTING

The School Board adopts an annual budget for its general fund and special revenue funds. The budgets are prepared on the modified accrual basis of accounting. Unencumbered appropriations in the General Fund lapse at the end of the fiscal year. Encumbered appropriations at year end that have been approved by the School Board are generally expended during the next fiscal year's operations, assuming that the underlying liability is ultimately incurred. Budgeted amounts are as originally adopted or as amended by the School Board. Legally, the School Board must adopt a balanced budget; that is, total budgeted revenues and other financing sources including fund balance must equal or exceed total budgeted expenditures and other financing uses. State statutes require the School Board to amend its budgets when revenues plus projected revenues within a fund are expected to be less than budgeted revenues by five percent or more and/or expenditures within a fund are expected to exceed budgeted expenditures by five percent or more.

Special Revenue Funds' budgets are adopted on a modified accrual basis. Grant funds are included in Special Revenue Funds, and their budgets are adopted at the time the grant applications are approved by the grantor. Unencumbered appropriations of grant-oriented Special Revenue Funds are reappropriated at the beginning of the following year. Unencumbered appropriations of certain nongrant-oriented Special Revenue Funds lapse at the end of the fiscal year.

E. CASH, CASH EQUIVALENTS, AND INVESTMENTS

Cash includes amounts in demand deposits and interest-bearing demand deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the School Board may deposit funds in demand deposits, interest-bearing demand deposits, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

The School Board maintains seven checking accounts, exclusive of the individual schools' bank accounts.

The School Board may also invest in bonds, debentures, and other indebtedness which are fully guaranteed by the United States, issued or guaranteed by federal agencies backed by full faith and credit of the United States and issued or guaranteed by United States instrumentalities

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

which are federally sponsored. Investments are stated at fair value. Fair value was determined using quoted market prices.

In addition, local government in Louisiana are authorized to invest in the Louisiana Asset Management Pool, Inc. (LAMP), a nonprofit corporation formed by an initiative of the State Treasury and organized under the laws of the State of Louisiana, which operates a local government investment pool.

Investment income includes interest earned, realized gains and losses, and unrealized gains and losses (changes in fair value).

F. SHORT-TERM INTERFUND RECEIVABLES/PAYABLES

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as interfund receivable/payables on the balance sheet. Short-term interfund loans are classified as interfund receivables/payables.

G. ELIMINATION AND RECLASSIFICATIONS

In the process of aggregating data for the statement of net position and the statement of activities, some amounts reported as interfund activity and balances in the funds were eliminated or reclassified. Interfund receivables and payable were eliminated to minimize the "grossing up" effect on assets and liabilities within the governmental activities column.

H. INVENTORY

Inventory of the Child Nutrition Program Special Revenue Fund consists of food purchased by the School Board and commodities granted by the United States Department of Agriculture (USDA) through the Louisiana Department of Agriculture and Forestry. The commodities are recorded as revenues and expenditures when consumed. The purchased food is recorded as expenditures when consumed on the government-wide financial statements and as expenditures when purchased on the fund financial statements. All inventory items purchased are valued at cost (first-in, first-out), and donated commodities are assigned values based on information provided by the United States Department of Agriculture.

I. CAPITAL ASSETS

Capital assets with a cost of \$5,000 or more are capitalized at historical cost or estimated cost. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation.

Capital assets are recorded in the GWFS, but are not reported in the FFS. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purposes by the School Board, no salvage value is taken into consideration for depreciation purposes. All capital assets, other than land, are depreciated using the straight-line method over the useful lives. Useful lives vary from 5 to 20 years for equipment, 10 to 20 years for building and land improvements, and 25 to 50 years for buildings.

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

J. COMPENSATED ABSENCES

All twelve (12) month full-time employees earn from 10 to 20 days of vacation (annual) leave per year. Upon termination, resignation, retirement, entrance into DROP, or death, any unused annual leave shall be paid at the employee's rate of pay at the time of separation.

All employees hired for the school year or longer shall be granted a minimum of ten (10) days of sick leave per year because of personal illness or other emergencies without loss of pay. Such leave, when not used, shall be allowed to accumulate to the credit of the employee without limitation. Upon retirement or death, the School Board shall pay the employee or his/her heirs or assigns, for any unused sick leave, not to exceed twenty-five (25) days. Such pay shall be at the daily rate of pay paid to the employee at the time of his/her retirement or death.

The entire compensated absence liability is reported on the government-wide financial statements.

K. RESTRICTED NET POSITION

For government-wide statement of net assets, net position are reported as restricted when constraints placed on net asset use are either:

1. Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or
2. Imposed by law through constitutional provisions or enabling legislation.
3. When both restricted and unrestricted resources are available for use, it is the School Board's policy to use restricted resources first, then unrestricted resources as they are needed.

L. FUND EQUITY OF FUND FINANCIAL STATEMENTS

The School Board adopted GASB No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions* for the year ended June 30, 2011. GASB No. 54 requires the fund balance amounts to be reported within the following fund balance classifications:

1. **Nonspendable:** Fund balance amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.
2. **Restricted:** Fund balance amounts with constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

3. **Committed:** Fund balance amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action (for example, legislation, resolution, ordinance) it employed to previously commit those amounts.
4. **Assigned:** Fund balance amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. Intent should be expressed by (a) the government body itself or (b) a body (a budget or finance committee, for example) or official to which the governing body has delegated the authority to assign amounts to be used for specific purposes.
5. **Unassigned:** Fund balance that is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund.

The School Board typically uses restricted fund balances first, followed by committed, assigned, and unassigned funds when an expenditure is incurred for purposes for which amounts in any of these fund balance classifications could be used.

M. INTERFUND TRANSACTIONS

Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transactions are reported as transfers.

N. SALES AND USE TAXES

The School Board is authorized to collect, within St. Helena Parish, one and one-half percent sales and use taxes that are dedicated to the payment of salaries and related benefits of all school employees. Also, the School Board is authorized to collect, within St. Helena Parish, one-half percent sales and use taxes that are dedicated to pay for capital improvements of public school within the parish.

O. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. LEVIED TAXES

The following is a summary of authorized and levied ad valorem taxes:

	<u>Authorized Millage</u>	<u>Levied Millage</u>	<u>Expiration</u>
Parishwide taxes:			
Constitutional Tax	3.38	3.38	Not Applicable
Special Tax - Maintenance and Construction	5.00	5.00	2021
Special Tax - Support and Maintenance of Buildings	9.48	9.48	2023
Special Tax - Support Salaries and Benefits	16.40	16.40	2023

Historically, virtually all ad valorem taxes receivable were collected since they are secured by property; therefore, there is no allowance for uncollectible taxes.

3. CASH, CASH EQUIVALENTS AND INVESTMENTS

Deposits

At June 30, 2020, the School Board has cash and cash equivalents (book balances) totaling \$5,321,931 as follows:

	<u>Governmental Activities</u>	<u>Fiduciary Funds</u>	<u>Total</u>
Demand deposits	\$ 4,019,211	\$ 393,768	\$ 4,412,979
Interest-bearing demand deposits	908,952	-	908,952
	<u>\$ 4,928,163</u>	<u>\$ 393,768</u>	<u>\$ 5,321,931</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Custodial credit risk is the risk that, in event of a failure of a financial institution or counterparty, the School Board would not be able to recover its deposits, investments, or collateral securities that are in the possession of an outside party. Under state law, deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount of deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

At June 30, 2020, the School Board has \$6,201,196 in deposits (collected bank balances). These deposits are secured from risk by \$5,731,533 of pledged security and \$500,000 of federal deposit insurance and unsecured from risk by \$5,731,533 of pledged securities held by the custodial bank in the name of the fiscal agent bank.

Deposit balances (bank balances) at June 30, 2020, are as follows:

Bank balances	<u>\$ 6,201,196</u>
Federal deposit insurance	\$ 500,000
Pledged securities	<u>5,731,533</u>
Total	<u>\$ 6,231,533</u>

Deposits in the amount of \$5,701,196 were exposed to custodial credit risk. These deposits are uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the School Board's name.

Investments

At June 30, 2020, the School Board has \$3,080,106 in an external investment pool, Louisiana Asset management Pool (LAMP). LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local government entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA-R.S. 33:2955.

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

LAMP is a governmental external investment pool that reports at fair value. The following facts are relevant for an investment pool:

- Credit risk: LAMP is rated AAAM by Standard & Poor's.
- Custodial credit risk: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The School board's investment is with the pool, not the securities that make up the pool; therefore, no public disclosure is required.
- Concentration of credit risk: Pooled investments are excluded from the five percent disclosure requirement.
- Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 60 days and consists of no securities with a maturity in excess of 397 days or 762 days for U. S. Government floating/variable rate investments.
- Foreign currency risk: Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares. LAMP, Inc. is not registered with the Securities and Exchange Commission (SEC) as an investment company. An annual audit of LAMP is conducted by an independent certified public accountant. The Legislative Auditor of the state of Louisiana has full access to the records of the LAMP.

LAMP issues financial reports. These financial reports can be obtained by writing: LAMP, Inc., 228 St. Charles Avenue, Suite 1123, New Orleans, LA 70130 or contact the LAMP administrative office at (800) 249-5267.

4. RECEIVABLES

Accounts receivable represents amounts due from sales and use taxes and various Federal and State program and grants for reimbursement of expenditures. All amounts are expected to be collected in the subsequent period.

7. RETIREMENT SYSTEMS

Substantially all employees of the School Board are provided with pensions through cost-sharing, multiple-employer defined benefit pension plans administered by the Teachers' Retirement System of Louisiana (TRSL), Louisiana School Employees' Retirement System (LSERS), or Louisiana State Employees' Retirement System (LASERS). The authority to establish and amend the benefit terms of TRSL, LSERS, and LASERS was granted to the respective Board of Trustees and the Louisiana Legislature by Title 11 of the Louisiana Revised Statutes. TRSL, LSERS, and LASERS each issue publicly available financial reports that can be obtained at www.trsl.org, www.lasers.net, and www.laseronline.org, respectively.

Notes to the Financial Statements

General information about the plans follows:

Teachers' Retirement System of Louisiana (TRSL)

Plan Description

Teachers' Retirement System of Louisiana (TRSL)

Employees of the School Board are provided with pensions through a cost-sharing multiple-employer defined benefit plan administered by the Teachers' Retirement System of Louisiana (TRSL). Chapter 2 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) grants to TRSL Board of Trustees and the Louisiana Legislature the authority to review administration, benefit terms, investments, and funding of the plan.

Louisiana School Employees' Retirement System (LSERS)

The Louisiana School Employees' Retirement System is the administrator of a cost-sharing multiple-employer defined benefit pension plan and is a component unit of the State of Louisiana included in the State's Comprehensive Annual Financial Report as a Pension Trust Fund. The System was established and provided for by R.S. 11:1001 of the Louisiana Revised Statutes.

Louisiana State Employees' Retirement System (LASERS)

One employee of the School Board is provided with pension through a cost-sharing multiple-employer defined benefit plan administered by the Louisiana State Employees' Retirement System (LASERS). Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) grants to LASERS Board of Trustees and the Louisiana Legislature the authority to review administration, benefit terms, investments, and funding of the plan.

Benefit Formula - For all plans, retirement benefits are based on a formula which multiplies the final average compensation by the applicable accrual rate, and by the years of creditable service. For Regular Plan and Lunch Plan B members whose first employment makes them eligible for membership in a Louisiana state retirement system on or after January 1, 2011, final average compensation is defined as the highest average 60-month period. For all other members, final average compensation is defined as the highest average 36-month period.

Payment Options - A retiring member is entitled to receive the maximum benefit payable until the member's death. In lieu of the maximum benefit, the member may

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

elect to receive a reduced benefit payable in the form of a Joint and Survivor Option, or as a lump sum that can't exceed 36 months of the members' maximum monthly benefit amount.

Effective July 1, 2009, members may make an irrevocable election at retirement to receive an actuarially reduced monthly benefit which increases 2.5% annually, beginning on the first retirement anniversary date, but not before age 55 or before the retiree would have attained age 55 in the case of a surviving spouse. This option can be chosen in combination with the above options.

2. Deferred Retirement Option Program (DROP)

In lieu of terminating employment and accepting a service retirement, an eligible member can begin participation in the Deferred Retirement Option Program (DROP) on the first retirement eligibility date for a period not to exceed 3 years. A member has a 60 day window from his first eligible date to participate in the program in order to participate for the maximum number of years. Delayed participation reduces the three year maximum participation period. During participation, benefits otherwise payable are fixed, and deposited in an individual DROP account.

Upon termination of DROP participation, the member can continue employment and earn additional benefit accruals to be added to the fixed pre-DROP benefit.

Upon termination of employment, the member is entitled to the fixed benefit, an additional benefit based on post-DROP service (if any), and the individual DROP account balance which can be paid in a lump sum or an additional annuity based upon the account balance.

3. Disability Benefits

Active members whose first employment makes them eligible for membership in a Louisiana state retirement system before January 1, 2011, and who have five or more years of service credit are eligible for disability retirement benefits if certified by the State Medical Disability Board (SMDB) to be disabled from performing their job. All other members must have at least 10 years of service to be eligible for a disability benefit. Calculation of the disability benefit as well as the availability of a minor child benefit is determined by the plan to which the member belongs and the date on which the member's first employment made them eligible for membership in a Louisiana state retirement system.

4. Survivor Benefits

A surviving spouse with minor children of an active member with five years of creditable service (2 years immediately prior to death) or 20 years of creditable service is entitled to a benefit equal to the greater of (a) \$600 per month, or (b) 50% of the member's benefit calculated at the 2.5% accrual rate for all creditable service. When a minor child(ren) is no longer eligible to receive survivor benefits, the spouse's benefit reverts to a survivor benefit in accordance with the provisions for a surviving

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

spouse with no minor child(ren). Benefits for the minor child(ren) cease when he/she is no longer eligible.

Each minor child (maximum of 2) shall receive an amount equal to the greater of (a) 50% of the spouse's benefit, or (b) \$300 (up to 2 eligible children). Benefits to minors cease at attainment of age 21, marriage, or age 23 if enrolled in an approved institution of higher education.

A surviving spouse without minor children of an active member with 10 years of creditable service (2 years immediately prior to death) or 20 years of creditable service is entitled to a benefit equal to the greater of (a) \$600 per month, or (b) the option 2 equivalent of the benefit calculated at the 2.5% benefit factor for all creditable service.

Permanent Benefit Increases/Cost-of-Living Adjustments

As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs) that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

Optional Retirement Plan (ORP)

The Optional Retirement Plan (ORP) was established for academic employees of public institutions of higher education who are eligible for membership in TRSL. This plan was designed to provide certain academic and unclassified employees of public institutions of higher education an optional method of funding for their retirement.

The ORP is a defined contribution pension plan which provides for portability of assets and full and immediate vesting of all contributions submitted on behalf of the affected employees to the approved providers. These providers are selected by the TRSL Board of Trustees. Monthly employer and employee contributions are invested as directed by the employee to provide the employee with future retirement benefits. The amount of these benefits is entirely dependent upon the total contributions and investment returns accumulated during the employee's working lifetime. Employees in eligible positions of higher education can make an irrevocable election to participate in the ORP rather than TRSL and purchase annuity contracts—fixed, variable, or both—for benefits payable at retirement.

LSERS

Benefits provisions are authorized and amended by Louisiana Revised Statutes 11:1141 – 11:1153.

1. Normal Retirement

A member who joined the System prior to July 1, 2006, the maximum retirement benefit is an amount equal to 3 1/3% of the average compensation for the three highest consecutive years of membership service, subject to the 10% salary limitation, multiplied by the number of years of service limited to 100% of final average compensation plus a supplementary allowance of \$2.00 per month for each year of service. For members who joined the System on or after July 1, 2006 through June

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

30, 2010, 3 1/3% of the average compensation is used to calculate benefits; however, the calculation consists of the five highest consecutive years of membership service, subject to the 10% salary limitation. For members who join the System on or after July 1, 2010, 2 1/2% of the average compensation is used to calculate benefits and consists of the five highest consecutive years' average salary, subject to the 15% salary limitation. The supplemental allowance was eliminated for members entering the System on or after July 1, 1986. Effective January 1, 1992, the supplemental allowance was reinstated to all members whose service retirement became effective after July 1, 1971.

A member who joined the System on or before June 30, 2010, is eligible for normal retirement if he has at least 30 years of creditable service regardless of age, 25 years of creditable service and is at least age 55, 20 years of creditable service regardless of age with an actuarially-reduced benefit, or 10 years of creditable service and is at least age 60. A member who joined the System on or after July 1, 2010 is eligible for normal retirement if he has at least 5 years of creditable service and is at least age 60, or 20 years of creditable service regardless of age with an actuarially-reduced benefit.

A member who joined the System on or after July 1, 2015, is eligible for normal retirement if he has at least 5 years of creditable service and is at least age 62, or 20 years of creditable service regardless of age with an actuarially-reduced benefit.

2. Disability

A member is eligible to retire and receive disability benefits if he has at least five years of creditable service, is not eligible for regular service retirement and has become totally and permanently disabled, and is certified as disabled by the Medical Board. A vested person with 20 or more years of creditable service, who has withdrawn from active service prior to the age at which he is eligible for retirement benefits, is eligible for a disability benefit until normal retirement age. A member who joins the System on or after July 1, 2006, must have at least 10 years of service to qualify for disability benefits.

Upon the death of a member with five or more years of creditable service, the System provides benefits for surviving spouses and minor children. Under certain conditions outlined in the statutes, a spouse is entitled to 75% of the member's benefit.

3. Deferred Retirement Option Plan

Members of the System may elect to participate in the Deferred Retirement Option Plan (DROP) and defer the receipt of benefits. The election may be made only one time and the duration is limited to three years. Once an option had been selected, no change is permitted. Upon the effective date of the commencement of participation in DROP, active membership in the regular retirement plan of the System terminates. Average compensation and creditable service remain as they existed on the effective date of commencement of participation in DROP. The monthly retirement benefits, that would have been payable had the person elected to cease employment and receive a service retirement allowance, are paid into the DROP Fund Account.

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

The System maintains subaccounts within this account reflecting the credits attributed to each participant in the System. Interest credited and payments from the DROP account are made in accordance with Louisiana Revised Statutes 11:1152(F)(3). Upon termination of participation in both the System and employment, a participant may receive his DROP monies either in a lump sum payment from the account or disbursements in a manner approved by the Board.

The System also provides for deferred benefits for vested members who terminate before being eligible for retirement. Once the member reaches the appropriate age for retirement, benefits become payable.

4. Initial Benefit Retirement Plan

Effective January 1, 1996, the state legislature authorized the System to establish an Initial Benefit Retirement Plan (IBRP) program. IBRP is available to members who have not participated in DROP and who select certain benefit options. Thereafter, these members are ineligible to participate in the DROP. The IBRP program provides both a one-time single sum payment of up to 36 months of a regular monthly retirement benefits, plus a reduced monthly retirement benefit for life. Interest credited and payments from IBRP account are made in accordance with Louisiana Revised Statutes 11:1152(F)(3).

LASERS

The following is a description of the plan and its benefits and is provided for general information purposes only. Participants should refer to the appropriate statutes for more complete information.

Retirement Benefits – The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. Our rank and file members hired prior to July 1, 2006, may either retire with full benefits at any age upon completing 30 years of creditable service or at age 60 upon completing ten years of creditable service depending on their plan. Those members hired between July 1, 2006 and June 30, 2015, may retire at age 60 upon completing five years of creditable service and those hired on or after July 1, 2015 may retire at age 62 upon completing five years of creditable service. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit.

Average compensation is defined as the member's average annual earned compensation for the highest 36 consecutive months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment. The maximum annual retirement benefit cannot exceed the lesser of 100% of average compensation or a certain specified dollar amount of actuarially determined monetary limits, which vary depending upon the member's age at retirement. Judges, court officers, and certain elected officials receive an additional annual retirement benefit equal to 1.0% of average compensation multiplied by the number of years of creditable service in their respective capacity. As an alternative to the basic retirement benefits, a member may elect to receive their

Notes to the Financial Statements

retirement throughout their life, with certain benefits being paid to their designated beneficiary after their death.

Act 992 of the 2010 Louisiana Regular Legislative Session, changed the benefit structure for LASERS members hired on or after January 1, 2011. This resulted in three new plans: regular, hazardous duty, and judges. The new regular plan includes regular members and those members who were formerly eligible to participate in specialty plans, excluding hazardous duty and judges. Regular members and judges are eligible to retire at age 60 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Hazardous duty members are eligible to retire with twelve years of creditable service at age 55, 25 years of creditable service at any age or with a reduced benefit after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment for all three new plans. Members in the regular plan will receive a 2.5% accrual rate, hazardous duty plan a 3.33% accrual rate, and judges a 3.5% accrual rate. The extra 1.0% accrual rate for each year of service for court officers, the governor, lieutenant governor, legislators, House clerk, sergeants at arms, or Senate secretary, employed after January 1, 2011, was eliminated by Act 992. Specialty plan and regular members, hired prior to January 1, 2011, who are hazardous duty employees have the option to transition to the new hazardous duty plan.

Act 226 of the 2014 Louisiana Regular Legislative Session established new retirement eligibility for members of LASERS hired on or after July 1, 2015, excluding hazardous duty plan members. Regular members and judges under the new plan are eligible to retire at age 62 after five years of creditable service and, may also retire at any age, with a reduced benefit, after 20 years of creditable service. Average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment. Members in the regular plan will receive a 2.5% accrual rate, and judges a 3.5% accrual rate, with the extra 1.0% accrual rate based on all years of service as a judge.

Members of the Harbor Police Retirement System who were members prior to July 1, 2014, may retire after 25 years of creditable service at any age, 12 years of creditable service at age 55, 20 years of creditable service at age 45, and 10 years of creditable service at age 60. Average compensation for the plan is the member's average annual earned compensation for the highest 36 consecutive months of employment, with a 3.33% accrual rate.

A member leaving employment before attaining minimum retirement age, but after completing certain minimum service requirements, becomes eligible for a benefit provided the member lives to the minimum service retirement age, and does not withdraw their accumulated contributions. The minimum service requirement for benefits varies depending upon the member's employer and service classification.

Deferred Retirement Benefits - The State Legislature authorized LASERS to establish a Deferred Retirement Option Plan (DROP). When a member enters DROP, their status changes from active member to retiree even though they continue to work and draw their salary for a period of up to three years. The election is irrevocable once participation begins. During DROP participation, accumulated retirement benefits that would have been paid to each retiree are separately tracked. For members who entered DROP prior to January 1, 2004, interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero) will be credited to the retiree after participation ends. At that time, the member must

Greensburg, Louisiana

Notes to the Financial Statements

choose among available alternatives for the distribution of benefits that have accumulated in the DROP account. Members who enter DROP on or after January 1, 2004, are required to participate in LASERS Self-Directed Plan (SDP) which is administered by a third-party provider. The SDP allows DROP participants to choose from a menu of investment options for the allocation of their DROP balances. Participants may diversify their investments by choosing from an approved list of mutual funds with different holdings, management styles, and risk factors.

Members eligible to retire and who do not choose to participate in DROP may elect to receive at the time of retirement an initial benefit option (IBO) in an amount up to 36 months of benefits, with an actuarial reduction of their future benefits. For members who selected the IBO option prior to January 1, 2004, such amount may be withdrawn or remain in the IBO account earning interest at a rate of one-half percent less than the System's realized return on its portfolio (not to be less than zero). Those members who select the IBO on or after January 1, 2004, are required to enter the SDP as described above.

For members who are in the Harbor Police Plan, the annual DROP Interest Rate is the three-year average (calculated as the compound average of 36 months) investment return of the plan assets for the period ending the June 30th immediately preceding that given date. The average rate so determined is to be reduced by a "contingency" adjustment of 0.5%, but not to below zero. DROP interest is forfeited if member does not cease employment after DROP participation.

Disability Benefits – Generally, active members with ten or more years of credited service who become disabled may receive a maximum disability retirement benefit equivalent to the regular retirement formula without reduction by reason of age.

Upon reaching age 60, the disability retiree may receive a regular retirement benefit by making application to the Board of Trustees.

For injuries sustained in the line of duty, hazardous duty personnel in the Hazardous Duty Services Plan will receive a disability benefit equal to 75% of final average compensation.

Members of the Harbor Police Retirement System who become disabled may receive a non-line of duty disability benefit after five years or more of credited service. Members age 55 or older may receive a disability benefit equivalent to the regular retirement benefit. Under age 55, the disability benefit is equal to 40% of final average compensation. Line of duty disability benefits are equal to 60% of final average compensation, regardless of years of credited service. If the disability benefit retiree is permanently confined to a wheelchair, or is an amputee incapable of serving as a law enforcement officer, or the benefit is permanently legally binding, there is no reduction to the benefit if the retiree becomes gainfully employed.

Survivor's Benefits – Certain eligible surviving dependents receive benefits based on the deceased member's compensation and their relationship to the deceased. The deceased regular member hired before January 1, 2011 who was in state service at the time of death must have a minimum of five years of service credit, at least two of which were earned immediately prior to death, or who had a minimum of twenty years of service credit regardless of when earned in order for a benefit to be paid to a minor or handicapped child. Benefits are payable to an unmarried child until age 18, or age 23 if the child remains a full-time student. The

aforementioned minimum service credit requirement is ten years for a surviving spouse with no minor children, and benefits are to be paid for life to the spouse or qualified handicapped child.

The deceased regular member hired on or after January 1, 2011, must have a minimum of five years of service credit regardless of when earned in order for a benefit to be paid to a minor child. The aforementioned minimum service credit requirements for a surviving spouse are 10 years, 2 years being earned immediately prior to death, and active state service at the time of death, or a minimum of 20 years of service credit regardless of when earned. A deceased member's spouse must have been married for at least one year prior to death.

A Hazardous Duty Services Plan member's surviving spouse and minor or handicapped or mentally incapacitated child or children are entitled to survivor benefits of 80% of the member's final average compensation if the member was killed in the line of duty. If the member dies in the line of duty as a result of an intentional act of violence, survivor benefits may be increased to 100% of the member's final average compensation.

Non-line of duty survivor benefits of the Harbor Police Retirement System may be received after a minimum of five years of credited service. Survivors benefits paid to a surviving spouse without children are equal to 40% of final average compensation, and cease upon remarriage. Surviving spouse with children under 18 benefits are equal to 60% of final average compensation, and cease upon remarriage, and children turning 18. No minimum service credit is required for line of duty survivor benefits which are equal to 60% of final average compensation to surviving spouse, or 100% of final average compensation if the injury was the result of an intentional act of violence, regardless of children. Line of duty survivor benefits cease upon remarriage and then benefit is paid to children under 18.

Permanent Benefit Increases/Cost-of-Living Adjustments – As fully described in Title 11 of the Louisiana Revised Statutes, the System allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs), that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

Contributions

TRSL

The employer contribution rate is established annually under La. R.S. 11:101-11:104 by the Public Retirement Systems' Actuarial Committee (PRSAC), taking into consideration the recommendation of the System's actuary. Each sub plan pays a separate actuarially determined employer contribution rate. However, all assets of TRSL are used for the payment of benefits for all classes of members, regardless of their plan.

The normal cost portion of each plan's employer contribution rate varies based upon that plan's benefits, member demographics, and the rate contributed by employees. The Unfunded Accrued Liability (UAL) contribution rate is determined in aggregate for all plans. The UAL resulting from legislation specific to a plan or group of plans will be allocated entirely to that plan or those plans.

Notes to the Financial Statements

Covered employees and the School Board are required by State statute to contribute fixed percentages of employees' gross earnings to the pension plans. Current contribution rates for the year ended June 30, 2020, are as follows:

2020 TRSL Sub Plan	Employee Contributions	Employer Contributions
K-12 Regular Plan	8.0%	26.0%
Lunch Plan B	5.0%	26.0%

The School Board's contributions to TRSL for the years ended June 30, 2020, 2019, and 2018, were \$1,616,634, \$1,575,872, and \$1,475,117, respectively, equal to the required contributions for each year.

LSERS

Contributions for all participating school boards are actuarially determined as required by Act 81 of 1988 but cannot be less than the rate required by the Constitution. The actuarial required contribution rate and actual employer rate contributed for the year ended June 30, 2020 was 29.4%.

Contributions rates are 7.5% for participating employees hired before July 1, 2010 and 8.0% for new members with first state service on or after July 1, 2010. The School Board's contributions to LSERS for the years ended June 30, 2020, 2019, and 2018, were \$131,540, \$125,302, and \$125,371, respectively, equal to the required contributions for each year.

LASERS

Contribution requirements of active employees are governed by Section 401 of Title 11 of the Louisiana Revised Statutes (La. R.S. 11:401) and may be amended by the Louisiana Legislature. Employee and employer contributions are deducted from a member's salary and remitted to LASERS by participating employers. The rates in effect during the year ended June 30, 2020 for the School Board's plan follow:

Plan	Plan Status	Employee Contribution Rate	Employer Contribution Rate
Regular Employees hired before 7/01/06	Closed	7.50%	40.70%

The School Board's contributions to LASERS for the years ended June 30, 2020, 2019, and 2018, were \$17,005, \$14,944, and \$14,699, respectively, equal to the required contributions for each year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the School Board reported a liability of \$11,908,290, \$1,162,880, and \$14,594 under TRSL, LSERS, and LASERS, respectively, for its proportionate share of the Net Pension Liability (NPL). The NPL was measured as of June 30, 2019 and the total pension liability used to calculate the NPL were determined by actuarial valuations as of that date. The School Board's proportions of the NPL were based on projections of the School Board's long-

Notes to the Financial Statements

The long-term expected rate of return on pension plan investments of TRSL and LASERS was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification.

The long-term expected rate of return on pension plan investments of LSERS was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up), and an equity building-block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best-estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation,

The target allocation and expected real rates of return of TRSL, LSERS, and LASERS for each major asset class as of June 30, 2019 are summarized in the following tables:

Teachers' Retirement System of Louisiana (TRSL):

Discount Rate

The discount rate used to measure the total pension liability of TRSL, LSERS, and LASERS was 7.55%, 7.00%, and 7.60%, respectively.

The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from participating employers will be made at the actuarially determined contribution rates approved by PRSAC taking into consideration the recommendation of the System's actuary. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

8. OTHER POSTEMPLOYMENT BENEFITS

In accordance with state statutes, the School Board provides certain postemployment health care and life insurance benefits to its retired employees. Substantially all of the School Board's employees may become eligible for such benefits upon reaching normal retirement age while working for the School Board. These benefits for retirees and similar benefits for active employees are provided through a state-operated group insurance program and various insurance companies whose monthly premiums are paid jointly by the employee and the School Board.

Plan Description – The School Board provides certain post-employment health care and life insurance benefits to its retired employees. Substantially all of the School Board's employees may become eligible for such benefits upon reaching retirement age. The School Board OPEB plan is a single-employer defined benefit "substantive plan" as understood by past practices of the School Board and its employees. Although no written plan or trust currently exists or is sanctioned by law, the OPEB plan is reported based on communication to plan members. Also, no stand-alone report was prepared. These benefits and similar benefits for active employees are provided through the Office of Group Benefits, whose monthly premiums are paid jointly by the employee and the School Board.

ST. HELENA PARISH SCHOOL BOARD

Greensburg, Louisiana

Notes to the Financial Statements

Funding Policy - The School Board recognizes the cost of providing these benefits to retirees (School Board's portion of the retiree medical and life benefit premiums) as an expenditure when benefit premiums were due and thus financed the cost of the post-employment benefits on a pay-as-you-go-basis. The School Board's portion of health care funding cost for retired employees totaled \$550,074 for 86 retirees for the year ended June 30, 2020.

Sensitivity Analysis of the Discount and Healthcare Cost Trend Rate

Sensitivity of the total OPEB liability to changes in the discount rate were calculated using a discount rate that is one percentage point lower (1.21%) or one percentage point higher (3.21%) than the current discount rate:

	<u>Discount Rate</u>		
	1.0% Decrease (1.21%)	Current Discount Rate (2.21%)	1.0% Increase (3.21%)
Total OPEB Liability	\$ 8,661,116	\$ 7,477,500	\$ 6,534,080

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rate were calculated using a discount rate that is one percentage point lower (3.50%) or one percentage point higher (5.50%) than the current discount rate:

	<u>Health Cost Trend Rate</u>		
	1.0% Decrease (3.50%)	Current Discount Rate (4.50%)	1.0% Increase (5.50%)
Total OPEB Liability	\$ 6,550,006	\$ 7,477,500	\$ 8,663,234

Actuarial Methods and Assumptions

The total OPEB liability of \$7,477,500 in the June 30, 2020 actuarial valuation was determined using the following actuarial methods and assumptions applied to all periods included in the measurement, unless otherwise specified:

9. LEASES

On May 7, 2019, the School Board entered into a lease agreement for one (1) school bus effective July 1, 2019. The lease is for a period of five (5) years and can only be terminated without penalty if the School Board fails to appropriate or make available funds to meet its obligations under agreement during any fiscal year per Louisiana state law. The agreement contain a clause indicating a 15,000 mile per year limit, plus a .50 cents per mile surcharge on any miles that exceeds the base mileage.

The School Board had no capital leases as of June 30, 2020.

Future minimum lease payments under these lease agreements are:

Year Ended June 30.	Amount
2021	\$ 18,500
2022	18,500
2023	18,500
2024	18,500

	<u>\$ 74,000</u>

Total lease payments for the year ended June 30, 2020 was \$18,500.

10. CORRECTION OF ERRORS AND PRIOR PERIOD ADJUSTMENT

The Net Position as of June 30, 2019, have been restated to reflect the correction of errors related to prior year reporting of long-term obligations. Amount reported for the Sales Tax Bonds – Series 2018 was the bond issue amount of \$2,966,000, however actual bond proceeds of were \$1,661,401 and \$1,288,320 during the years ended June 30, 2019 and 2020, respectively, which resulted in the difference of \$16,279. 13. RELATED PARTY TRANSACTIONS

There were no related party transactions that would require disclosure in the accompanying financial statements.

14. ON-BEHALF PAYMENTS FOR FRINGE BENEFITS AND SALARIES

On-behalf payments for fringe benefits and salaries are direct payments made by an entity (the paying agent) to a third-party recipient for the employees of another, legally separate entity (the employer entity). GASB Statement No. 24 requires employers' governments to recognize revenue and expenditures or expenses for these on-behalf payments.

The State of Louisiana made pension contributions (regarding Professional Improvement Program) directly to the Teachers' Retirement System of Louisiana on behalf of the School Board in the amount of \$4,699.

15. ECONOMIC DEPENDENCY

Statement of Financial Accounting Standards (SFAS) No. 14 requires disclosure in financial statements of a situation where one entity provides more than 10% of the audited entities revenue. The Minimum Foundation Program funding provided by the state to all public school systems in Louisiana is primarily based on October 1 student count. The state provided \$9,608,235 to the School Board, which represents approximately 56.6% of the School Board's total revenue in the governmental funds for the year.

16. SUBSEQUENT EVENTS

The School Board is required to evaluate events or transactions that may occur after the balance sheet date for potential recognition or disclosure in the financial statements. The School Board performed such an evaluation through December 31, 2020, the date which the financial statements were available to be issued.

Since June 30, 2020, the spread of COVID-19 has severely impacted many local economies around the globe and throughout the United States. Many businesses are being forced to cease or limit operations for long or indefinite periods of time. Measures taken to contain the spread of

the virus, including quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses, resulting in an economic slowdown.

The School Board has determined that these events are non-adjusting subsequent events. Accordingly, the financial statements as of and for the year ended June 30, 2020 have not been adjusted to reflect their impact. Presently, it is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position of the School Board for future periods.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Members of the
St. Helena Parish School Board
Greensburg, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the **St. Helena Parish School Board (the School Board)** as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise **the School Board's** basic financial statements, and have issued our report thereon dated December 31, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered **the School Board's** internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of **the School Board's** internal control. Accordingly, we do not express an opinion on the effectiveness of **the School Board's** internal control.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
(CONTINUED)**

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether **the School Board's** financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of the members of the School Board, management, the Louisiana Legislative Auditor, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
WITH REQUIREMENTS THAT COULD HAVE A DIRECT
AND MATERIAL EFFECT ON EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

To the Members of the
St. Helena Parish School Board
Greensburg, Louisiana

Report on Compliance for the Major Federal Program

We have audited the compliance of the **St. Helena Parish School Board (the School Board)** compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on **the School Board's** major federal program for the year ended June 30, 2020. **The School Board's** major federal program is identified in the Summary of Auditors' Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal program.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
WITH REQUIREMENTS THAT COULD HAVE A DIRECT
AND MATERIAL EFFECT ON EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH THE UNIFORM GUIDANCE**

(CONTINUED)

Auditors' Responsibility

Our responsibility is to express an opinion on compliance of **the School Board's** major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about **the School Board's** compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance of **the School Board's** major federal program. However, our audit does not provide a legal determination of **the School Board's** compliance.

Opinion on the Major Federal Program

In our opinion, **the School Board** complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of **the School Board** is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered **the School Board's** internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance on its major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of **the School Board's** internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Report on Internal Control Over Compliance, Continued

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Report on Schedule of Expenditures of Federal Awards Required by
the Uniform Guidance**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of **the School Board**, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise **the School Board's** basic financial statements. We issued our report thereon dated December 30, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

ST. HELENA PARISH SCHOOL BOARD
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2020

NOTE 1 - General:

The accompanying Schedule of Expenditures of Federal Awards (**the Schedule**) presents the activity of all federal award programs of **St. Helena Parish School Board (the School Board)**. **The School Board** reporting entity is defined in NOTE 1 to the financial statements for the year ended June 30, 2020. All federal awards passed through other government agencies are included on the Schedule.

NOTE 2 - Basis of Accounting:

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting, which is described in NOTE 1 to **the School Board's** financial statements for the year ended June 30, 2020.

The preparation of the Schedule of Expenditures of Federal Awards in conformity with accounting principles generally accepted in the United States of America requires the use of management's estimates. Actual results could differ from those estimates.

NOTE 3 - Relationship to Federal Financial Reports:

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of **the School Board** under programs of the federal government for the year ended June 30, 2020 and is presented on the accrual basis of accounting. The information in the accompanying schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in the accompanying schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 4 - Contingencies:

The School Board is the recipient of funds from various state and federal agencies. The administration of the programs funded by these agencies is under the control of **the School Board** and are subject to audits and reviews by the agencies or their designees. Any grants or awards found to be not properly spent in accordance with the terms, conditions and regulations may be subject to recapture.

**INDEPENDENT ACCOUNTANTS' REPORT
ON
APPLYING AGREED-UPON PROCEDURES**

To the Members of the
St. Helena Parish School Board,
the Louisiana Department of Education,
and the Louisiana Legislative Auditor

We have performed the procedures included in the *Louisiana Governmental Audit Guide* and enumerated below, which were agreed to by management of **St. Helena Parish School Board (the School Board)**, the Louisiana Department of Education and the Louisiana Legislative Auditor (the specified parties), on the performance and statistical data accompanying the annual financial statements of **the School Board** for the fiscal year ended June 30, 2020; and to determine whether the specified schedules are free of obvious errors and omissions as provided by the Board of Elementary and Secondary Education in compliance with Louisiana Revised Statute 24:514 I. Management of **the School Board** is responsible for its performance and statistical data. The sufficiency of these procedures is solely the responsibility of the specified parties. Consequently, we make no representation regarding the sufficiency of the procedures described on pages 3 and 4 either for the purpose for which this report has been requested or for any other purpose.

This agreed-upon procedures engagement was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the performance and statistical data. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

INDEPENDENT ACCOUNTANTS' REPORT

APPLYING AGREED-UPON PROCEDURES

(CONTINUED)

The purpose of this report is solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of **the School Board**, as required by Louisiana Revised Statute 24:514 I, and the results of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

PROCEDURES AND FINDINGS

Our procedures and associated findings are as follows:

**General Fund Instructional and Support Expenditures
and Certain Local Revenue Sources (SCHEDULE 1)**

1. We selected a sample of 25 transactions, reviewed supporting documentation and observed that the sampled expenditures/revenues are classified correctly and are reported in the proper amounts among the following amounts reported on the schedule:
 - Total General Fund Instructional Expenditures,
 - Total General Fund Equipment Expenditures,
 - Total Local Taxation Revenue,
 - Total Local Earnings on Investment in Real Property,
 - Total State Revenue in Lieu of Taxes,
 - Nonpublic Textbook Revenue, and
 - Nonpublic Transportation Revenue.

No differences noted.

Class Size Characteristics (SCHEDULE 2, formerly SCHEDULE 6)

2. We obtained a list of classes by school, school type and class size as reported on the schedule. We then traced a sample of 10 classes to the October 1, 2019 roll books for those classes and observed that the class was properly classified on the schedule.

No differences noted.

PROCEDURES AND FINDINGS, CONTINUED

Education Levels/Experience of Public School Staff (No Schedule)

3. We obtained the October 1st PEP data submitted to the Department of Education, including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtained management's representation that the data is complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's education level and experience was properly classified on the PEP data.

No differences noted.

Public School Staff Data: Average Salaries (No Schedule)

4. We obtained the June 30th PEP data submitted to the Department of Education of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtain management's representation that the data is complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data.

No differences noted.
