INDEPENDENT AUDITORS' REPORT

To the Board of Directors of the East Side St. Charles Parish Volunteer Fire Department, Inc. Destrehan, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of East Side St. Charles Parish Volunteer Fire Department, Inc., as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the East Side St. Charles Parish Volunteer Fire Department, Inc.'s basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the Louisiana Governmental Audit Guide, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Directors of the East Side St. Charles Parish Volunteer Fire Department, Inc. June 29, 2020

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of East Side St. Charles Parish Volunteer Fire Department, Inc., as of December 31, 2019, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise East Side St. Charles Parish Volunteer Fire Department, Inc.'s basic financial statements. The schedule of compensation, benefits, and other payments to agency head is presented for purposes of additional analysis as required by Act 706 of the 2014 Louisiana Legislative Session and is not a required part of the basic financial statements.

To the Board of Directors of the East Side St. Charles Parish Volunteer Fire Department, Inc. June 29, 2020

The schedule of compensation, benefits, and other payments to agency head is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of compensation, benefits, and other payments to agency head is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2020, on our consideration of East Side St. Charles Parish Volunteer Fire Department, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of East Side St. Charles Parish Volunteer Fire Department, Inc.'s internal control over financial reporting are porting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering East Side St. Charles Parish Volunteer Fire Department, Inc.'s internal control over financial

REQUIRED SUPPLEMENTARY INFORMATION

EAST SIDE ST. CHARLES PARISH VOLUNTEER FIRE DEPARTMENT, INC. DESTREHAN, LOUISIANA MANAGEMENT'S DISCUSSION AND ANALYSIS AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2019

This section of the East Side St. Charles Parish Volunteer Fire Department Inc.'s (the Fire Department) annual financial report presents management's analysis of the Fire Department's financial performance for the year ended December 31, 2019. This analysis should be read in conjunction with the audited financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- 1. The Fire Department's net position decreased by \$19,191.
- The general revenues of the Fire Department were \$779.890. 2.
- 3. The total expenses of the Fire Department were \$799,081.

OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of two sections: Management's Discussion and Analysis and audited financial statements. The financial statements also include notes that provide additional detail of the information included in the financial statements.

BASIC FINANCIAL STATEMENTS

The financial statements of the Fire Department report information about the Fire Department using accounting methods similar to those used by private companies. These financial statements provide financial information about the activities of the Fire Department.

The Statement of Net Position presents information that includes all of the Fire Department's assets and liabilities with the difference reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the Fire Department as a whole is improving or deteriorating.

The Statement of Activities presents information on how the Fire Department's net position changed as a result of current period operations.

The following presents condensed financial information of the Fire Department.

SUMMARY OF NET POSITION AS OF DECEMBER 31, 2019 AND 2018

ASSETS

ASSETS	D	ecember 31, 2019	De	ecember 31, 2018
Current assets	\$	1,469,318	\$	1,488,073
Capital assets, net of accumulated depreciation		3,094,093		3,146,349
Total assets	\$	4,563,411	\$	4,634,422

EAST SIDE ST. CHARLES PARISH VOLUNTEER FIRE DEPARTMENT, INC. DESTREHAN, LOUISIANA MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED) <u>AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2019</u>

LIABILITIES

	December 31, 2019	December 31, 2018
Current liabilities	<u>\$ 12,876</u>	<u>\$ 64,696</u>
Total net position	<u>\$ 12,876</u>	<u>\$ 64,696</u>
NET POSITION		
Net investment in capital assets Restricted for fire protection	\$ 3,094,093 <u>1,456,442</u>	\$ 3,118,093 1,451,633
Total net position	<u>\$ 4,550,535</u>	<u>\$ 4,569,726</u>

Total assets decreased by \$71,011 or 1.5%. This decrease is primarily due to an increase in depreciation expense in the current year.

Total liabilities decreased by \$51,820 or 80% due to a decrease in payables outstanding at year end.

Total net position decreased by \$19,191 or 0.4% as a result of operations.

SUMMARY OF REVENUES, EXPENDITURES/EXPENSES AND CHANGES IN NET POSITION FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

	December 31, 2019	December 31, 2018
General revenues Fire protection	\$	\$ 759,328 (560,361)
Change in net position	<u>\$ (19,191</u>)	<u>\$ 198,967</u>
Ending net position	<u>\$ 4,550,535</u>	<u>\$ 4,597,982</u>

The change in net position decreased from prior year by \$218,158. This is primarily due to an increase in expenditures related to it being the first full year in which the department had paid personnel including salaries, benefits, and related expenses for the entire year as well as increases in current year depreciation expense.

EAST SIDE ST. CHARLES PARISH VOLUNTEER FIRE DEPARTMENT, INC. DESTREHAN, LOUISIANA MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED) <u>AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2019</u>

CAPITAL ASSETS

Following is a schedule of capital assets, net of accumulated depreciation:

	December 31, 2019	December 31, 2018
Land	\$ 207,068	\$ 207,068
Vehicles Construction in progress	3,477,763	3,483,478 324,932
Equipment Buildings and improvements	978,954 <u>2,503,740</u>	1,027,402 1,982,854
Less accumulated depreciation	7,167,525 (4,073,432)	7,025,734 (3,879,385)
Total capital assets, net of accumulated depreciation	<u>\$ 3,094,093</u>	<u>\$ 3,146,349</u>

Major additions to fixed assets consisted of various types of firefighting equipment and building improvements and major disposals consisted of fully depreciated equipment.

ECONOMIC FACTORS AND A LOOK AT NEXT YEAR

The Fire Department expects to continue to be funded through sales tax and ad valorem revenues remitted to it by St. Charles Parish. In the fourth quarter of 2018, the ad valorem tax was renewed by the citizens of St. Charles Parish, extending the appropriation through 2030. The Fire Department's fleet is aging and the Fire Department expects its costs in maintenance and fire supplies to continue to rise.

The Fire Department currently has a Class 4 fire rating and expects to be rated again within the next four years. The Fire Department's goal is to obtain a Class 3 fire rating in order to reduce property insurance costs to the citizens of St. Charles Parish. The Fire Department is committed to providing the highest level of emergency response.

On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S., including the State of Louisiana, declared a state of emergency. There has been no immediate impact to the Fire Department's operations but it is anticipated that the effects of the pandemic will last for some time. Future potential impacts may include disruptions in the ability of citizens to continue making tax payments as a result of job loss or other pandemic related issues or declines in sales tax revenues as a result of "Stay at Home" orders.

EAST SIDE ST. CHARLES PARISH VOLUNTEER FIRE DEPARTMENT, INC. DESTREHAN, LOUISIANA MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED) <u>AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2019</u>

CONTACTING THE FIRE DEPARTMENT'S MANAGEMENT

This report is designed to provide a general overview of the Fire Department and to demonstrate the Fire Department's accountability for its finances. If you have any questions about this report or need additional information, please contact Mr. Donald Peyton, East Side St. Charles Parish Volunteer Fire Department, Inc., P.O. Box 668, Destrehan, Louisiana 70047.

-	
Fund balance - beginning	 1,423,377
Fund balance - ending	\$ 1,456,442

The accompanying notes are an integral part of this statement

EAST SIDE ST. CHARLES PARISH VOLUNTEER FIRE DEPARTMENT, INC. RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2019

Net change in fund balance - governmental fund	\$ 33,065
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the difference between depreciation expense of \$263,310 and capital outlay of \$213,721 for the current period.	(49,589)
In the Statement of Activities, the loss on the disposal of assets is reported, whereas in the governmental funds, the proceeds from a potential sale increases financial resources. The change in net position differs from the change in fund balance by the cost of the assets discarded \$71,930, net of related accumulated depreciation of \$69,263.	(2,667)
Change in net position of governmental activities	\$ (19,191)

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

Reporting Entity

The East Side St. Charles Parish Volunteer Fire Department, Inc. (Fire Department) receives funding from local and state government sources and must comply with the concomitant requirements of these funding source entities. However, the Fire Department is a "primary government" and is not included as a component unit of any other St. Charles Parish governmental "reporting entity" as defined in GASB pronouncements, since the entity is a non-profit corporation, and the board members have decision making authority, the power to designate management, the ability to significantly influence operations and primary accountability for fiscal matters. The Fire Department includes all activities that are controlled by it as a quasi-public non-profit corporation organized to provide fire protection to the Parish of St. Charles. The Fire Department has no component units.

The accounting and reporting policies of the Fire Department conform to generally accepted accounting principles as applicable to governmental units.

Basis of Presentation

The Fire Department's financial statements are prepared in accordance with U.S. generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the Fire Department are discussed below.

The accompanying basic financial statements have been prepared in conformity with GASB Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis-for State and Local Governments*, issued in June 1999, as amended by GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*.

Basic Financial Statements - Government-Wide Financial Statements

The Fire Department's basic financial statements include both government-wide (reporting the Fire Department as a whole) and fund financial statements (reporting the Fire Department's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The Fire Department's fire protection activities and related general administrative services are classified as governmental activities. The Fire Department does not have any businesstype activities.

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Basic Financial Statements - Government-Wide Financial Statements (continued)

In the government-wide Statement of Net Position (Exhibit A), the governmental activities column is presented on a consolidated basis and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and liabilities. The Fire Department's net position is reported in two parts – net investment in capital assets and restricted for fire protection.

The government-wide Statement of Activities (Exhibit B) reports both gross and net cost of the Fire Department's function. The function is supported by general government revenues (primarily 1/8 percent sales tax and ad valorem tax). The Fire Department does not receive related program revenues and operating grants which would reduce gross expenses in the Statement of Activities.

This government-wide focus is on the sustainability of the Fire Department as an entity and the change in the Fire Department's net position resulting from current year's activities.

Basic Financial Statements – Fund Financial Statements

The financial transactions of the Fire Department are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, deferred outflows of resources, liabilities, deferred inflows of resources, reserves, fund equity, revenues and expenditures. The Fire Department's current operations require the use of only the following fund type:

Governmental Fund:

The focus of the governmental fund's measurement (in the fund statement) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. In general, fund balance represents the accumulated expendable resources, which may be used to finance future operations of the Fire Department.

General Fund

The General Fund is the principal fund of the Fire Department and is used to account for the operations of the Fire Department. General revenues are accounted for in this fund. General operating expenditures are paid from this fund.

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized and reported in the financial statements and relates to the timing of the measurements made, regardless of the measurement focus applied.

Accrual

The governmental activities in the government-wide financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Modified Accrual

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

The Fire Department records are maintained on the cash basis of accounting. However, the General Fund reported in the accompanying financial statements has been converted to a modified accrual basis of accounting utilizing the following practices in recording revenues and expenditures:

Revenues

Sales taxes are recorded in the month the taxes are collected by the St. Charles Parish School Board. Sales taxes become payable to the St. Charles Parish School Board on the first day of the month and become delinquent on the 20th day of the month following incurrence of the taxes by businesses.

An ad valorem issue is dedicated to the operations of the nine volunteer fire departments in St. Charles Parish. The tax millage expires in 2030. Each department is to receive one ninth of annual collections. Taxes levied in November each year are available for expenditures in the subsequent year.

Interest income on investments is recorded when the investments have matured and income is available.

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Basis of Accounting (continued)

Revenues (continued)

All other revenues are recorded when received.

The majority of the Fire Department's revenues are derived from the one-eighth of one percent sales tax and the ad valorem tax for operations.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Cash

The Fire Department is authorized under state law to deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, and the laws of the United States. The Fire Department may also invest in time certificates of deposit with state banks organized under Louisiana law and national banks having their principal offices in Louisiana. Under state law, these deposits must be secured by the fiscal agent bank. The market value of such pledged securities and federal deposit insurance must equal or exceed the amount on deposit with the fiscal agent.

Cash and deposits are categorized into three categories of credit risk.

Category 1 includes deposits covered by federal depository insurance or by collateral held by the Fire Department or its agent in the Fire Department's name.

Category 2 includes deposits covered by collateral held by the pledging financial institution's trust department, or its agent in the Fire Department's name.

Category 3 includes deposits covered by collateral held by the pledging financial institution, or its trust department or agent but not in the Fire Department's name, and deposits which are uninsured or uncollateralized.

At December 31, 2019, the carrying amount and the bank balances of deposits of the primary government are summarized as follows:

	Bank	Balances Cate	egory	
	1	2	3	Bank Balance
Cash	<u>\$ 500,000</u>	<u>\$ 892,577</u>	<u>\$ </u>	<u>\$ 1,392,577</u>

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Budgets and Budgetary Accounting

The Fire Department prepares a budget for its General Fund which is approved by its board of directors. Budgets are not, however, legally adopted nor required in the basic financial statement presentation.

Capital Assets

Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Fire Department maintains a threshold level of \$1,000 or more for recording capital assets. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Capital assets are recorded in the Statement of Net Position and depreciation is recorded in the Statement of Activities. Since surplus assets are sold for an immaterial amount or scrapped when declared as no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. All capital assets are depreciated using the straight-line method over the following useful lives:

	Estimated
Description	Lives
Equipment	5 - 15 years
Fire protection vehicles	5 - 15 years
Buildings and equipment	10 - 40 years

In the fund financial statements, capital assets are accounted for as capital outlay expenditures of the fund upon acquisition.

Equity Classifications

In the government-wide financial statements, equity is classified as net position and displayed in three components:

a. <u>Net investment in capital assets</u> - consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets.

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Equity Classifications (Continued)

- b. <u>Restricted net position</u> consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Constraints may be placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. <u>Unrestricted net position</u> net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in either of the other two categories of net position.

Governmental fund equity is classified as fund balance. In the governmental fund financial statements, fund balances are classified as follows:

- a. <u>Nonspendable</u> amounts that cannot be spent either because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.
- b. <u>Restricted</u> amounts that can be spent only for specific purposes because of state, local or federal awards or externally imposed conditions by grantors or creditors.
- c. <u>Committed</u> amounts that can be used for specific purposes determined by formal action by an ordinance or resolution.
- d. <u>Assigned</u> amounts that are designated by the formal action of the government's highest level of decision making authority.
- e. <u>Unassigned</u> amounts not included in other classifications.

The Board of Directors, as the highest level of decision-making authority, can establish, modify or rescind a fund balance commitment. For assigned fund balance the Board of Directors authorizes management to assign amounts for a specific purpose.

When both restricted and unrestricted fund balances are available for use, it is the Fire Department's policy to use restricted resources first, then unrestricted as needed. When committed, assigned or unassigned fund balances are available for use, it is the Fire Department's policy to use committed resources first, then assigned resources and unassigned resources as they are needed.

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)</u>

Income Taxes

The Fire Department is exempt from federal income tax under Section 501(c)(4) of the Internal Revenue Code. It is exempt from Louisiana income tax under the authority of R.S. 47:121(7). The Fire Department's evaluation as of December 31, 2019 revealed no tax positions that would have a material impact on the financial statements. The 2016 through 2018 tax years remain subject to examination by the IRS. The Fire Department does not believe that any reasonably possible changes will occur within the next twelve months that will have a material impact on the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Date of Management Review

Management has evaluated subsequent events through June 29, 2020, the date which the financial statements were available to be issued.

(2) <u>SALES TAX REVENUE</u>

Effective March 1, 1980, sales tax in the amount of one-eighth of one percent is collected by the St. Charles Parish School Board and administered by the Parish President. The sales tax is to be used for fire protection of the Parish of St. Charles. The funds are distributed monthly by the Parish President to the individual fire departments of the St. Charles Firemen's Association, Inc.

As of December 31, 2019, the sales tax is distributed on the following basis:

		Remaining
	Monthly	Funds
	Basis	<u>1/1/19-12/31/19</u>
Bayou Gauche Volunteer Fire Dept., Inc.	\$ 2,500	3.78 %
Des Allemands Volunteer Fire Dept., Inc.	\$ 2,500	4.10 %
East Side St. Charles Volunteer Fire Dept., Inc.	\$ 2,500	22.72 %
Hahnville Volunteer Fire Dept., Inc.	\$ 2,500	7.00 %
Killona Volunteer Fire Dept., Inc.	\$ 2,500	1.47 %

Norco Area Volunteer Fire Dept., Inc.	\$ 2,500	9.81 %
Paradis Volunteer Fire Dept., Inc.	\$ 2,500	4.93 %
St. Rose Volunteer Fire Dept., Inc.	\$ 2,500	15.34 %

(3) <u>DUE FROM PARISH</u>

Revenue receivable at December 31, 2019 consists of the Fire Department's share of the 1/8th percent sales tax for the month of November 2019, collected on or before December 20, 2019 by the St. Charles Parish School Board and remitted by St. Charles Parish in January 2020. An allowance for uncollectible receivables is not recorded by the Fire Department because it considers all receivables collectible at December 31, 2019.

(4) <u>CAPITAL ASSETS</u>

	Balance 01/01/19	Additions 2019	Retirements 2019	Balance 12/31/19
Capital assets not being depreciated: Land Construction in progress	\$ 207,068 324,932	\$	\$ <u>-</u> (324,932)	\$ 207,068

Less: accumulated depreciation	(2,614,349)	(263,310)	69,263	(4,073,432)
Total capital assets being depreciated, net	2,939,281	275,343	(2,667)	2,887,025
Total capital assets, net	<u>\$ 3,146,349</u>	<u>\$ 275,343</u>	<u>\$ (327,599</u>)	<u>\$ 3,094,093</u>

Depreciation expense for the year ended December 31, 2019 was \$263,310.

(5) <u>RISK MANAGEMENT</u>

The Fire Department is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; injuries to firemen; and natural disasters. The Fire Department carries commercial insurance in amounts sufficient to insure itself against claims resulting from any of those risks.

(6) <u>LEASE COMMITMENTS</u>

The Fire Department has entered into two operating leases for property with St. Charles Parish at no cost to the department as follows:

Location	Term
1. Parcel T-1A of Ormond Country Club	Twenty years commencing November 5, 2002
 Fire Station, 13902 River Road, Destrehan including all improvements 	Renewed for ten years commencing September 1, 2015

(7) <u>NEW ACCOUNTING PRONOUNCEMENTS</u>

The GASB has issued Statement No. 87, "Leases." The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The GASB issued Statement No.95 "Postponement of the Effective Dates of Certain Authoritative Guidance" which has deferred the effective date of Statement No. 87 and Implementation Guide No. 2019-3 by 18 months to fiscal years beginning after June 15, 2021. The Fire Department plans to adopt these Statements as applicable by the effective date.

(8) <u>SUBSEQUENT EVENT</u>

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S., including the State of Louisiana, have declared a state of emergency and "Stay at Home" orders. It is anticipated that these impacts will continue for some time. There has been no immediate impact to the Fire Department's operations. Future potential impacts may include disruptions in the ability of citizens to continue making tax payments as a result of job loss or other pandemic related issues or declines in sales tax revenues as a result of "Stay at Home" orders.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of the East Side St. Charles Parish Volunteer Fire Department, Inc. Destrehan, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of East Side St. Charles Parish Volunteer Fire Department, Inc. as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the East Side St. Charles Parish Volunteer Fire Department, Inc.'s basic financial statements and have issued our report thereon dated June 29, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered East Side St. Charles Parish Volunteer Fire Department, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of East Side St. Charles Parish Volunteer Fire Department, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of East Side St. Charles Parish Volunteer Fire Department, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of Directors of the East Side St. Charles Parish Volunteer Fire Department, Inc. June 29, 2020

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the East Side St. Charles Parish Volunteer Fire Department, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

- 3. No instances of noncompliance material to the financial statements of East Side St. Charles Parish Volunteer Fire Department, Inc., are reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
- 4. No management letter was issued for the year ended December 31, 2019.

SECTION II FINANCIAL STATEMENT FINDINGS

There were no findings related to the financial statements for the year ended December 31, 2019.

EAST SIDE ST. CHARLES PARISH VOLUNTEER FIRE DEPARTMENT, INC. SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS FOR THE YEAR ENDED DECEMBER 31, 2019

SECTION I FINANCIAL STATEMENT FINDINGS

There were no financial findings for the year ended December 31, 2018.

SECTION II MANAGEMENT LETTER ITEMS

There were no management letter items for the year ended December 31, 2018.

LOUISIANA LEGISLATIVE AUDITOR STATEWIDE AGREED-UPON PROCEDURES EAST SIDE ST. CHARLES VOLUNTEER FIRE DEPARTMENT DESTREHAN, LOUISIANA FOR THE YEAR ENDED DECEMBER 31, 2019

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors of East Side St. Charles Parish Volunteer Fire Department

We have performed the procedures enumerated below, which were agreed to by East Side St. Charles Parish Volunteer Fire Department (the Fire Department) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the year ended December 31, 2019. The Fire Department's management is responsible for those C/C areas identified in the SAUPs. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are attached in Schedule "1."

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties and is not intended to be and should not be used by anyone other than those specified parties. The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

WRITTEN POLICIES AND PROCEDURES

- 1. <u>Procedures:</u> Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):
 - a) Budgeting, including preparing, adopting, monitoring, and amending the budget.
 - b) Purchasing, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
 - c) Disbursements, including processing, reviewing, and approving.
 - d) Receipts/Collections, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
 - e) Payroll/Personnel, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.
 - f) Contracting, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
 - g) Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
 - h) Travel and expense reimbursement, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
 - i) Ethics, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy. Note: Ethics requirements are not applicable to nonprofits.

- j) Debt Service, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- k) Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

<u>Results:</u> The entity's written policies and procedures completely address the functions of disbursements, receipts, payroll, and credit cards listed above. For purchasing controls, the adding of vendors to the vendor list is not addressed and controls to ensure compliance with public bid law is not applicable. The entity's written policies and procedures do not address the functions of contracting or disaster recovery/business continuity. Ethics and debt service are not applicable to the entity. Per Attorney General opinions, volunteer fire departments are not subject to the local government budget act, therefore, the written policies and procedures related to budgeting are not applicable.

COLLECTIONS

2. <u>Procedures:</u> Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

<u>Results:</u> Obtained a listing of cash/check/money order (cash) collection locations and management's representation that the listing was complete.

- 3. <u>Procedures:</u> For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
 - a) Employees that are responsible for cash collections do not share cash drawers/registers.
 - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.

- c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
- d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

<u>Results:</u> There are no cash registers as the entity only accepts checks. The person responsible for receiving checks is not responsible for recording the transaction or reconciling the bank account; however, they may be responsible for depositing the checks at the bank. The entity has a formal process to reconcile its cash collections to the general ledger by a person who is not responsible for cash collections.

4. **Procedures:** Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

<u>Results:</u> The Fire Department maintains insurance policies that cover employee theft.

- 5. **Procedures:** Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:
 - a) Observe that receipts are sequentially pre-numbered.
 - b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - c) Trace the deposit slip total to the actual deposit per the bank statement.
 - d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).
 - e) Trace the actual deposit per the bank statement to the general ledger.

<u>Results:</u> Of the two accounts tested, only one had deposit activity. The deposit slip total traced to the actual deposit per the bank statement. The entity's written policies and procedures do not mandate to show proof of receipt date, but of the deposits tested, both check dates were within one week of the deposit date. The Department's revenue stream doesn't lend itself to the procedures related to sequentially pre-numbered receipts, and therefore, are not applicable.

<u>NON-PAYROLL DISBURSEMENTS (EXCLUDING CREDIT CARD</u> <u>PURCHASES/PAYMENTS, TRAVEL REIMBURSEMENTS, AND PETTY CASH</u> <u>PURCHASES)</u>

6. **Procedures:** Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

<u>Results</u>: Obtained a listing of entity disbursements from management and management's representation that the listing was complete.

- 7. <u>Procedures:</u> For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - b) At least two employees are involved in processing and approving payments to vendors.
 - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

<u>Results:</u> The written policies and procedures adequately address that two employees should be involved in initiating a purchase request, approving a purchase, placing an order/making the purchase, and processing and approving payments to vendors. There are no written policies and procedures indicating who is responsible for adding/modifying vendor files or mailing of checks.

8. <u>Procedures:</u> For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete.

<u>Results:</u> Obtained the entity's non-payroll disbursement transaction population and management's representation that the population was complete.

- 9. <u>Procedures:</u> Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:
 - a) Observe that the disbursement matched the related original invoice/billing statement.
 - b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) or segregation of duties tested under #9, as applicable.

<u>Results</u>: All disbursement documentation tested matched the related original invoice/billing statement.

EAST SIDE ST. CHARLES VOLUNTEER FIRE DEPARTMENT DESTREHAN, LOUISIANA CORRECTIVE ACTION PLAN – AGREED-UPON PROCEDURES DECEMBER 31, 2019

June 29, 2020

Louisiana Legislative Auditor

The East Side St. Charles Parish Volunteer Fire Department respectfully submits the following corrective action plan for items identified pursuant to the Statewide Agreed-Upon Procedures Engagement prescribed by you.

Name and address of independent public accounting firm:

Ericksen Krentel LLP 4227 Canal Street New Orleans, LA 70119

Engagement Period: January 1, 2019 – December 31, 2019

The exceptions from the Statewide Agreed-Upon Procedures Report are discussed below:

Written Policies and Procedures

Exceptions: For purchasing controls, the adding of vendors to the vendor list is not addressed. None of the functions of contracting and disaster recovery/business continuity are addressed by the entity's written policies and procedures.

Collections

Exceptions: The person responsible for receiving checks at times may be responsible for depositing the checks at the bank. Entity documentation does not require the entity to capture the date that payments are received.

<u>Non-Payroll Disbursements (Excluding card purchases/payments, travel reimbursements, and petty cash purchases)</u>

Exceptions: There are no written policies and procedures indicating who is responsible for adding/modifying vendor files or mailing of checks.

<u>Management's Response to Exceptions</u>: Management has noted and agrees with the above exceptions. Management will consider the effects of such exceptions and the need to enhance key controls or compensating controls in the identified areas.

EAST SIDE ST. CHARLES VOLUNTEER FIRE DEPARTMENT DESTREHAN, LOUISIANA CORRECTIVE ACTION PLAN – AGREED-UPON PROCEDURES (CONTINUED) JANUARY 1, 2019 – DECEMBER 31, 2019

If there are any questions regarding this plan, please call Fire Chief Donald Peyton at (985) 764-8112.

Signed: A Title:
