## INDEPENDENT AUDITOR'S REPORT

Honorable Craig Webre  
Lafourche Parish Sheriff  
Thibodaux, Louisiana

### Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Lafourche Parish Sheriff (the Sheriff), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Sheriff's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information the Lafourche Parish Sheriff, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Louisiana Governmental Audit Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Lafourche Parish Sheriff, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sheriff's ability to continue as a going concern for twelve months beyond the

financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Sheriff's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Budgetary Comparison Schedules, the Schedule of Changes in Total OPEB Liability and Related Ratios, the Schedule of Proportionate Share of Net Pension Liability, and the Schedule of Contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Lafourche Parish Sheriff has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

## Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sheriff's basic financial statements. The Combining Schedule of Fiduciary Net Position, the Combining Schedule of Changes in Amounts Due to Taxing Bodies and Others, the Sheriff's Affidavit, the Schedule of 2021 Tax Roll and Collections, the Schedule of Compensation, Benefits and Other Payments to Agency Head, and the Schedule of Justice System Funding – Collecting and Disbursing, are presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing

and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, combining schedule of fiduciary net position, the combining schedule of changes in amounts due to taxing bodies and others, the schedule of compensation, benefits and other payments to agency head, the schedule of justice system funding – collecting and disbursing and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2022, on our consideration of the Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff's internal control over financial reporting and compliance.

**LAFOURCHE PARISH SHERIFF**  
**Thibodaux, Louisiana**  
**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

**INTRODUCTION**

As provided by Article V, Section 27, of the Louisiana Constitution of 1974, the Lafourche Parish Sheriff (The Sheriff) serves a four-year term as the Chief Executive Officer of the Law Enforcement District and ex-officio tax collector of the parish. The Sheriff administers the parish jail system and exercises duties required by the parish court system, such as providing bailiffs, executing orders of the court, and serving subpoenas.

As the Chief Law Enforcement Officer of the parish, the Sheriff has the responsibility for enforcing state and local laws and ordinances within the territorial boundaries of the parish. The Sheriff provides protection to the residents of the parish through on-site patrols and investigations and serves the residents of the parish through the establishment of neighborhood watch programs, anti-drug abuse programs, et cetera. In addition, when requested, the Sheriff provides assistance to other law enforcement agencies within the parish.

As the ex-officio tax collector of the parish, the Sheriff is responsible for collecting and distributing ad valorem property taxes, state revenue sharing funds, fines, and bond forfeitures imposed by the district court.

The accounts of the tax collector are established to reflect the collections imposed by law, distributions pursuant to such law, and unsettled balances due various taxing bodies and others.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accompanying basic financial statements of the Sheriff have been prepared in conformity with generally accepted accounting principles (GAAP) accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accounting and reporting framework and the more significant accounting policies are discussed below. The accompanying basic financial statements have been prepared in conformity with the requirements of the industry audit guide, *Audits of State and Local Governmental Units*.

**A. REPORTING ENTITY**

Under Governmental Accounting and Financial Standards, the financial reporting entity consists of the primary government and its component units. As the governing authority of the parish, the Lafourche Parish Council is considered to be the primary government for financial reporting purposes for the Parish of Lafourche.

**LAFOURCHE PARISH SHERIFF**  
**Thibodaux, Louisiana**  
**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

Component units are defined as legally separate organizations for which the elected officials of the primary government are financially accountable. The criteria used in determining whether financial accountability exists include:

1. Appointing a voting majority of an organization's governing body.
  - a. The ability of the council to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or imposes specific financial burdens on the council.
2. Organizations for which the council does not appoint a voting majority but are fiscally dependent on the council.
3. Organizations for which the reporting entity's financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Management has determined that the Lafourche Parish Sheriff is not considered a component unit of the parish if applying the criteria above. Instead the Sheriff is considered to be a "standalone" special purpose government. This decision is based on the following:

1. The Sheriff enjoys a separate legal standing from the Parish Council and other governmental entities. The Sheriff has the ability to sue or be sued in its own name.
2. The Parish Council does not appoint the Sheriff. The Sheriff's position was created by Article V, Section 27 of the Louisiana Constitution of 1974. The Sheriff is a separately elected official elected by the citizenry in a general, popular election.
3. The Parish Council does not have the ability to impose its will on the Sheriff. The Parish Council cannot remove the Sheriff from office. The Sheriff adopts its own budget separate and apart from the Parish Council and other local governmental entities. The day-to-day operations of the Sheriff's office are under the responsibility and control of no one other than the Sheriff.
4. The Sheriff does not provide a significant financial benefit or burden to the Parish Council. While the Parish Council does provide the Sheriff with a certain amount of its office space at no cost and pays a certain amount of operating expenses on behalf of the Sheriff, these transactions are not considered significant enough to make the Parish Council financially accountable for the Sheriff's Office.

**LAFOURCHE PARISH SHERIFF**  
**Thibodaux, Louisiana**  
**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

5. The Sheriff is not fiscally dependent on the Parish. The primary sources of funding for the Sheriff include ad valorem taxes, sales tax revenue, and commissions earned from collecting taxes, licenses and fees on behalf of other governmental entities. The Parish Council does not have the authority to approve or modify the Sheriff's budget. The Law Enforcement District, of which the Sheriff serves as Chief Executive Officer, can levy taxes and issue debt without approval of the Parish Council.

Therefore, the accompanying financial statements of the Sheriff are separate and apart from the Parish Council. The financial statements only include all funds and account groups, as well as component units, of the Sheriff. Additionally, the collections and disbursements handled by the Sheriff in his capacity as the Ex-Officio Tax Collector of Lafourche Parish are reported within the Sheriff's financial report as an Agency Fund.

## **B. BASIS OF PRESENTATION**

### **Government-Wide Financial Statements (GWFS)**

The statement of net position and the statement of activities display information about the Sheriff as a whole. These statements include all the financial activities of the Sheriff. Information contained in these statements reflects the economic resources measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed).

The statement of activities presents a comparison between direct expenses and program revenues for each of the functions of the Sheriff's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by recipients of services offered by the Sheriff, and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

### **Fund Financial Statements (FFS)**

The accounts of the Sheriff are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a separate

**LAFOURCHE PARISH SHERIFF**  
**Thibodaux, Louisiana**  
**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions. The minimum number of funds is maintained consistently with legal and managerial requirements.

The various funds of the Sheriff are all classified as governmental. The emphasis on fund financial statements is on major governmental funds. A fund is considered major if it is the primary operating fund of the Sheriff or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

The funds of the Sheriff are described below:

**Governmental Funds –**

General Fund - The General Fund, as provided by Louisiana Revised Statute (R.S.) 33:1422, is the principal fund of the sheriff's office and accounts for the operations of the sheriff's office. The General Fund is available for any purpose provided it is expended or transferred in accordance with state or federal laws according to the Sheriff's policy.

Capital Projects Funds – These funds account for the acquisition, planning, construction and/or renovation of buildings and improvements.

Debt Service Fund – This fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Special Revenue Fund – This fund accounts for the 0.02 cent sales tax revenue received for the construction and operation of the detention center facility.

**Fiduciary Funds** - Fiduciary fund reporting focuses on net position and changes in net position. The only funds accounted for in this category are custodial funds. The custodial funds are used as depositories for civil suits, cash bonds, taxes, fees, etc. cetera. Disbursements from these funds are

made to various parish agencies, litigants in suits, et cetera, in the manner prescribed by law. These funds are custodial in nature and do not involve measurement of results of operations. Consequently, the custodial funds have no measurement focus, but use the modified accrual basis of accounting.

**C. MEASUREMENT FOCUS / BASIS OF ACCOUNTING**

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

**Measurement Focus**

On the government-wide statement of net position and the statement of activities, governmental activities are presented using the economic resources measurement focus as defined in item b. below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance at the end of the period.
- b. The government-wide financial statements utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery) and financial position. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Fund equity is classified as net position.

**Basis of Accounting**

In the government-wide statement of net position and activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources,

**Thibodaux, Louisiana**  
**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

liabilities and deferred inflows of resources resulting from exchange an exchange-like transactions are recognized when the exchange takes place.

Governmental fund financial statements are reported using the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days. Expenditures (including capital outlay) generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Revenues

Ad valorem taxes and the related state revenue sharing are recorded in the year taxes are due and payable. Ad valorem taxes are assessed on a calendar year basis and become delinquent on December 31. The taxes are generally collected in December, January, and February of the fiscal year.

Intergovernmental revenues and fees, charges and commissions for services are recorded when the Sheriff is entitled to the funds.

Federal and state grants are recorded when the expenditures have been incurred or when grant requirements have otherwise been met.

Interest on interest-bearing deposits is recorded or accrued as revenues when earned.

Expenditures

The Sheriff's primary expenditures include salaries and insurance, which are recorded when the liability is incurred. Capital expenditures and purchases of various operating supplies are regarded as expenditures at the time purchased.

When both restricted and unrestricted resources are available for use, it is the Sheriff's policy to use restricted resources first, then unrestricted resources as they are needed.

**D. BUDGET PRACTICES**

The Sheriff follows these procedures in establishing the budgetary data reflected in the financial statements:

**LAFOURCHE PARISH SHERIFF**  
**Thibodaux, Louisiana**  
**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

1. The Chief Financial Officer prepares a proposed budget for the general and special revenue funds and submits it to the Sheriff for the fiscal year no later than fifteen days prior to the beginning of each fiscal year.
2. A summary of the proposed budget is published and the public notified that the proposed budget is available for public inspection. At the same time, a public hearing is called.
3. A public hearing held on the proposed budget at least ten days after publication of the call for the hearing.
4. After the holding of the public hearing and completion of all action necessary to finalize and implement the budget, the budget is legally adopted prior to the commencement of the fiscal year for which the budget is being adopted.
5. All budgetary appropriations lapse at the end of each fiscal year.
6. The budget is adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgeted amounts shown are as originally adopted and as amended. Budget amendments are passed on an as-needed basis, and a balanced budget is required.

All expenditure appropriations lapse at year end. Unexpended appropriations and any excess of revenues over expenditures are carried forward to the subsequent year as beginning fund balance.

Formal budget integration (within the accounting records) is employed as a management control device. Budget amounts included in the accompanying financial statements include the original adopted budget and all subsequent amendments.

#### **E. CASH AND CASH EQUIVALENTS**

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits and those other investments with original maturities of 90 days or less. They are stated at cost, which approximates market.

#### **F. INVESTMENTS**

Under state law, the Sheriff may deposit funds with a fiscal agent organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The Sheriff may invest in United States bonds, treasury notes and bills, government backed agency securities, or certificates and time deposits of state banks organized under

**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

Louisiana Law and national banks having principal offices in Louisiana. In addition, local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool (LAMP), a nonprofit corporation formed by the State Treasurer and organized under the laws of the State of Louisiana, which operates a local government investment pool. In accordance with GASB Codification Section 150, investments meeting the criteria in the Statement are stated at fair value, which is quoted market prices.

**G. INVENTORY**

Physical inventories consist of expendable supplies held for consumption. Because these inventories are expended within one operating cycle they are recorded as expenditures when purchased and are not recorded as an inventory asset.

**H. CAPITAL ASSETS**

Capital assets purchased or acquired with an original cost of \$5,000 or more and with an initial useful life that extends beyond one year are capitalized. Capital assets are recorded at their historical cost and are depreciated using the straight-line method of depreciation over their estimated useful lives. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Since surplus assets are sold for an immaterial amount when declared no longer needed for public purposes, no salvage value is taken into consideration for depreciation purposes. Depreciation is recorded using the straight-line method over the useful lives of the assets as follows:

|                                     |          |
|-------------------------------------|----------|
| Buildings                           | 20 years |
| Leasehold improvements              | 20 years |
| Office equipment & furniture        | 5 years  |
| Law enforcement weapons & equipment | 5 years  |
| Vehicles                            | 5 years  |

**I. COMPENSATED ABSENCES**

Employees of the Sheriff earn 3.08 hours per fourteen day pay period, up to maximum eighty hours per year of sick leave. Employees are permitted to take a maximum of eighty hours of sick leave per year for personal illness. Accrued and unused sick leave may be carried over from year to year and may only be used under the provisions of catastrophic or terminal leave.

**LAFOURCHE PARISH SHERIFF**  
**Thibodaux, Louisiana**  
**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

The cost of leave is recognized as a current year expenditure in the General Fund when leave is actually taken. Sick leave is forfeited upon termination.

Full-time employees of the Sheriff can earn up to 160 hours per year of annual leave, depending on their length of employment. Accrued, unused annual leave at year end may be carried over year to year, limited based on years of service, up to 160 hours. Hours above these limits are credited to terminal leave up to a maximum of 960 hours. The balance of unused annual leave is due to the employee at the time of termination.

Certain employees classified as non-law enforcement personnel, nonexempt law enforcement personnel, or supervisors who are exempt from the Fair Labor Standards Act may accumulate either compensatory time or overtime pay. Upon termination, these employees may be paid for up to forty hours accumulated unused compensatory time at an "hour for hour" rate.

**J. DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES**

In some instances, the GASB requires a government to delay recognition of decreases in net position as expenditures until a future period. In other instances, governments are required to delay recognition of increases in net position as revenues until a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively.

**K. EQUITY CLASSIFICATIONS**

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. *Net Investment in capital assets* - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. *Restricted net position* - Consists of net position with constraints placed on the use by either (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. *Unrestricted net position* – All other net position that do not meet the definition of “net investment in capital assets” or “restricted”.

**Thibodaux, Louisiana**  
**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

When an expenditure is incurred for the purposes for which both restricted and unrestricted fund balance is available, the Sheriff considers restricted funds to have been spent first.

In the fund financial statements, governmental fund equity is classified as fund balance. As such, fund balance of the governmental fund is classified as follows:

- a. *Nonspendable* - amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.
- b. *Restricted* - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.
- c. *Committed* - amounts that can be used only for specific purposes determined by a formal decision of the Sheriff, which is the highest level of decision-making authority.
- d. *Assigned* - amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes.
- e. *Unassigned* - all other spendable amounts.

Explanations of the nature and purpose of the designations of Sheriff's fund balances are as follows:

- a. *Restricted for Correctional Complex* – represents assets reserved to pay for construction, operation or debt service related to the correctional complex.
- b. *Committed for Transitional Work Program* – represents assets reserved for the transitional work program.
- c. *Committed for capital projects* - represents assets reserved to fund capital projects associated with the acquisition, planning, construction and/or renovation of buildings and improvements.
- d. *Committed for SELA Crime Lab* - represents assets reserved to fund the SELA Crime Lab.
- e. *Committed debt service* - represents assets reserved to fund the upcoming years debt service obligations.
- f. *Assigned for insurance* – represents assets reserved to fund insurance premiums, deductibles, and claims.
- g. *Assigned for drug interdiction* - represents assets reserved to be used solely for drug interdiction.
- h. *Assigned for Disasters* - represents assets reserved for emergency funding in the event of disaster, such as a hurricane.

**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

When an expenditure is incurred for which restricted, committed, assigned, or unassigned fund balances are available, the Sheriff considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Sheriff has provided otherwise in its commitment or assignment actions.

**L. INTERFUND TRANSACTIONS**

Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed. All other interfund transactions are reported as transfers.

**M. USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

**N. SUBSEQUENT EVENT REVIEW**

The Sheriff has evaluated subsequent events through December 21, 2022, the date the financial statements were available to be issued.

**NOTE 2 CHANGE IN ACCOUNTING PRINCIPLES AND RESTATEMENT**

For 2021, the Sheriff implemented Governmental Accounting Standards Board (GASB) Statement No. 87, Leases. GASB Statement No. 87 enhances the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the Sheriff's 2021 financial statements and had an effect on the beginning net position of the Governmental Activities. The Sheriff recognized \$1,331,867 in net book value for the intangible right to use and a lease liability of \$1,599,710 for various equipment, vehicles and a building leased prior to July 1, 2021.

The Sheriff may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2022, the sheriff has cash and interest-bearing deposits (book balances) as follows:

Custodial credit risk for deposits is the risk that in the event of a failure of a depository financial institution, the Sheriff's deposits may not be recovered or will not be able to recover the collateral securities that are in the possession of an outside party. These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or similar federal security or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank.

At June 30, 2022, the Sheriff has \$20,524,062 in deposits (collected) bank balance. The deposits were secured from risk by federal deposit insurance and pledged securities. As of June 30, 2022, the Sheriff's bank balance was not exposed to custodial credit risk.

**NOTE 4 INVESTMENTS**

Investments held at June 30, 2022, consist of \$7,362,543 in the Louisiana Asset Management Pool (LAMP). LAMP is administered by LAMP, Inc., a non-profit corporation organized under the laws of the State of Louisiana. Only local governments having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high-quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LSA-R.S. 33:2955.

GASB Statement No. 40 Deposit and Investment Risk Disclosure, requires disclosure of credit risk, custodial credit risk, concentration of credit risk interest rate risk, and foreign currency risk for all public entity investments.

LAMP is an investment pool that, to the extent practical, invest in a manner consistent with GASB No. 79. The following facts are relevant for investment pools:

- a. Credit risk: LAMP is rated AAAM by Standard & Poor's.
- b. Custodial credit risk: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- c. Concentration of credit risk: Pooled investments are excluded from the 5 percent disclosure requirement.
- d. Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days, and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments. The WAM for LAMP's total investments is 100 days as of June 30, 2021.
- e. Foreign currency risk: Not applicable.

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net position value of the pool shares.

**NOTE 8 AD VALOREM TAXES**

The Sheriff is the ex-officio tax collector of the parish and is responsible for the collection and distribution of ad valorem property taxes. Ad valorem taxes are levied on the assessed value listed as of the prior January 1 for all real property, merchandise and moveable property located in the Parish. Assessed values are established by the Lafourche Parish Assessor's Office and the State Tax Commission at percentages of actual value as specified by Louisiana law. A reevaluation of all real property is required to be completed no less than every four years. Taxes are usually due and payable December 31<sup>st</sup> with interest being charged on payments after January 1<sup>st</sup>. However, because of the impact to our parish due to Hurricane Ida in August 2022, the 2022 tax roll was not due until March 2022 with interest charged on payments after June 2022. Taxes can be paid through the tax sale date, which is usually the last Wednesday in June. For fiscal year ended June 30, 2022, the tax sale date was deferred until August 2022. Properties for which the taxes have not been paid are sold for the amount of the taxes. The tax rate for the year ended June 30, 2022, which is the 2021 tax roll, was 10.37 mills per \$1,000 of assessed valuation on property within the Parish for the purpose of maintaining and operating the Sheriff's office.

The Sheriff's Pension and Relief Fund, State of Louisiana, is the administrator of the Fund and is governed by a board of trustees.

**Plan Description**

The Fund was established for the purpose of providing retirement benefits for the employees of sheriffs' offices throughout the State of Louisiana, employees of the Louisiana Sheriffs' Association, and the employees of the Fund. The projection of benefit payments in the calculation of the total pension liability includes all benefits to be provided to current active and inactive employees through the Fund in accordance with the benefit terms and any additional legal agreements to provide benefits that are in force at the measurement date.

Disability Benefits

A member is eligible to receive disability benefits if the member has at least 10 years of creditable service when a non-service-related disability is incurred; there are no service requirements for a service related disability. earliest normal retirement age. Members who become partially disable receive 75% of the amount payable for total disability.

Survivor Benefits

Back Deferred Retirement Option Plan (Back-DROP)

In lieu of receiving a service retirement allowance, any member of the Fund who has more than sufficient service for a regular service retirement may elect to receive a "Back-DROP" benefit. The Back-DROP benefit is based upon the Back-DROP period selected and the final average compensation prior to the period selected. The Back-DROP period is the lesser of three years or the service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. For those individuals with thirty or more years, the Back-DROP period is the lesser of four years of service accrued between the time a member first becomes eligible for retirement and his actual date of retirement. At retirement the member's maximum monthly retirement benefit is based upon his service, final average compensation and plan provisions in effect on the last day of creditable service immediately prior to the commencement of the Back-DROP period. In addition to the monthly benefit at retirement, the member receives a lump-sum payment equal to the maximum monthly

benefit as calculated above multiplied by the number of months in the Back- DROP period. In addition, the member's Back-DROP account will be credited with employee contributions received by the retirement fund during the Back-DROP period. Participants have the option to opt out of this program and take a distribution, if eligible, or to rollover the assets to another qualified plan.

Permanent Benefit Increases/Cost of Living Adjustments

As fully described in Title 11 of the Louisiana Revised Statutes, the Fund allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs), that are funded through investment earnings when recommended by the Board of Trustees and approved by State Legislature. Cost-of-living provisions for the Fund allows the board of trustees to provide an annual cost of living increase of 2.5% of the eligible retiree's original benefit if certain funding criteria are met. Members are eligible to receive a cost-of-living adjustment once they have attained the age of sixty and have been retired at least one year. Funding criteria for granting cost of living adjustments is dependent on the funded ratio.

**Contributions**

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ending June 30, 2021, the actual employer contribution rate was 12.25% with an additional -0-% allocated from the Funding Deposit Account. The Sheriff's statutorily required composite contribution rate for the year ended June 30, 2021 was 12.25% of annual payroll, actuarily determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by the employees during the year. Employee contributions are based on the employee's annual covered salary and are established by the board of trustees. For the year ended June 30, 2021, the employee contribution rate was 10.25%. Contributions to the pension plan from the Sheriff were \$2,294,975 for the year ended June 30, 2022.

Non-employer contributions are recognized as revenue and excluded from pension expense for the year ended June 30, 2022.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2022, the Sheriff reported an asset of 1,184,704 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Sheriff's proportion of the net pension liability was based on a projection of the Sheriff's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021, the Sheriff's proportion was 2.390685%, which was a decrease of 0.11064% from its proportion measured as of June 30, 2020.

For the year ended June 30, 2022, the Sheriff recognized pension expense of \$265,286. The Sheriff recognized revenue of \$1,104,297 as its proportionate share of non-employer contributions for the year ended June 30, 2022.

**Contributions – Proportionate Share**

Differences between contributions remitted to the Fund and the employer's proportionate share are recognized in pension expense (benefit) using straight line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with a pension through the pension plan. The resulting deferred inflow/outflow and amortization is not reflected in the schedule of employer amounts due to differences that could arise between contributions reported by the Fund and contributions reported by the participating employer.

At June 30, 2021, the Sheriff reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

|   | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|--------------------------------|-------------------------------|
| Differences between expected and actual experience  |                                | \$ (1,649,599)                |

| Cost of Living Adjustments | The present value of future retirement benefits is based on benefits currently being paid by the Fund and includes previously granted cost of living increases. The present values do not include provisions for potential future increases not yet authorized by the Board of Trustees as they were deemed not to be substantively automatic. |

The mortality rate assumptions were set after reviewing an experience study performed over the period July 1, 2014 through June 30, 2019. The data was then assigned credibility weighting and combined with a standard table to produce current levels of mortality. This mortality was then projected forward to a period equivalent to the estimated duration of the Fund’s liabilities. Annuity values calculated based on this mortality were compared to those produced by using a setback of standard tables. The result of the procedure indicated that these tables would produce liability values approximating the appropriate generational mortality tables used.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Estimates of arithmetic real rates of return for each major asset class based on the Fund’s target asset allocation as of June 30, 2021 are as follows:

| Asset Class                        | Long-Term Expected Rate of Return |                              |  |

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rates and that contributions from participating employers will be made at the actuarially determined rates approved by PRSAC taking into consideration the recommendation of the Fund’s actuary. Based on those assumptions, the Fund’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity to Changes in the Discount Rate** - The following presents the Sheriff’s proportionate share of the net pension liability (NPL) calculated using the discount rate of 6.90%, as well as what the Sheriff’s proportionate share of the NPL would be if it were calculated using a discount rate that is one percentage point lower, or one percentage point higher than the current rate used by each of the Retirement Systems:

**Notes to the Financial Statements**  
**As of and for the Year Ended June 30, 2022**

**NOTE 18 EXPENDITURES OF THE SHERIFF'S OFFICE PAID BY THE PARISH COUNCIL**

The Lafourche Parish Council (a separate entity) provides the Sheriff with office space at no cost. The cost of maintaining and operating this space is paid by the Lafourche Parish Council as required by statute. These expenditures are not included in the accompanying financial statements.

**NOTE 19 ON BEHALF PAYMENTS FOR SALARIES**

Qualified employees of the Sheriff's office receive a monthly salary supplement from the state. These supplements which aggregated \$1,231,629 for the year ended June 30, 2022 are reported as revenue and expenditures in the accompanying financial statements.

**NOTE 20 TAX ABATEMENTS**

The Lafourche Parish Government enters into property tax abatement agreements with local businesses under the Louisiana Economic Development Act of 2013. Under this act, localities may grant property tax abatements for the purpose of attracting or retaining businesses within their jurisdictions. The abatements may be granted to any business within or promising to relocate to the Parish.

For the fiscal year ended June 30, 2022, the Parish abated property taxes totaling \$435,106, which represents the Lafourche Parish Sheriff's portion of the forfeited revenue.

**NOTE 21 LITIGATION, CLAIMS, AND RISK MANAGEMENT**

At June 30, 2022, the Sheriff was a defendant in lawsuits principally arising from the normal course of operations. The Sheriff plans to vigorously oppose these suits. The Sheriff's legal counsel has reviewed the claims and lawsuits in order to evaluate the likelihood of an unfavorable outcome of the Sheriff. It is the opinion of the Sheriff, after conferring with legal counsel, that the liability, if any, which might arise from these lawsuits would not have a material adverse effect on the Sheriff's financial position.

The Sheriff is exposed to various risks of loss from torts; theft of, damage to, and destruction of assets; business interruption; errors and omissions; employee injuries and illness; natural disasters; and employee accident and health benefits. Commercial insurance coverage is purchased to cover real and personal property, general liability, automobile, crime, and law enforcement liability. There has been no significant reduction in insurance coverage during the current fiscal year.

## **Internal Control, Compliance and Other Information**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Craig Webre  
Lafourche Parish Sheriff  
Thibodaux, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the remaining fund information of the Lafourche Parish Sheriff (the Sheriff), State of Louisiana, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Sheriff's basic financial statements, and have issued our report thereon dated December 21, 2022.

**Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Lafourche Parish Sheriff's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Lafourche Parish Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the Lafourche Parish Sheriff's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriff's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document; therefore, its distribution is not limited.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Honorable Craig Webre  
Lafourche Parish Sheriff  
Thibodaux, Louisiana

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited the Lafourche Parish Sheriff Office’s (the Sheriff) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Sheriff’s major federal programs for the year ended June 30, 2022. The Sheriff’s major federal programs are identified in the summary of auditors’ results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Sheriff complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor’s Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Sheriff and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Sheriff’s compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance

with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Sheriff's federal programs.

### ***Auditor's Responsibility for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Sheriff's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Sheriff's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Sheriff's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Sheriff's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control

over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose; however, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document; therefore, its distribution is not limited.

**Notes to Schedule of Expenditures of Federal Awards**  
**For the Year Ended June 30, 2022**

**NOTE A - Basis of Presentation**

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal award activity of the Lafourche Parish Sheriff and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

**NOTE B – De-Minimis Indirect Cost Rate**

The Sheriff has not negotiated an indirect cost rate. Also, the Sheriff elected not to use the 10% de minimis cost rate as allowed by 2 CFR 200.414 Indirect (F&A) costs.

**NOTE C – Reconciliation to Financial Statements**

The federal grant expenditures are reported within the various expenditure categories of the general fund and are not readily distinguishable to the Schedule of Expenditures of Federal Awards. However, revenue is generally recorded for these grants in an amount equal to allowable costs incurred and therefore the following reconciliation to reported federal grant revenue is provided:

## INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

The Honorable Craig Webre  
Lafourche Parish Sheriff

We have performed the procedures enumerated below, which were agreed to by the management of the Lafourche Parish Sheriff and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2021 through June 30, 2022. Management of the Lafourche Parish Sheriff is responsible for those C/C areas identified in the SAUPs.

The Lafourche Parish Sheriff has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in the LLA's SAUPs for the fiscal period July 1, 2021 through June 30, 2022. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

### ***Written Policies and Procedures***

---

1. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):
  - a) ***Budgeting***, including preparing, adopting, monitoring, and amending the budget
  - b) ***Purchasing***, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
  - c) ***Disbursements***, including processing, reviewing, and approving
  - d) ***Receipts/Collections***, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility

billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

- e) **Payroll/Personnel**, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.
- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process
- g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases)
- h) **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers
- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy.
- j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- k) **Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- l) **Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

**Results of SAUP:** *No exceptions noted. Written policies and procedures were obtained and do address all of the functions or items noted above.*

### **Board or Finance Committee**

---

2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

- a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
- b) For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund and major special revenue funds, as well as monthly financial statements (or budget-to-actual comparisons, if budgeted) for major proprietary funds. *Alternately, for those entities reporting on the non-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
- c) For governmental entities, obtain the prior year audit report and observe the unrestricted fund balance in the general fund. If the general fund had a negative ending unrestricted fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unrestricted fund balance in the general fund.

**Results of SAUP:** *This section is not applicable as the Sheriff is a single elected official.*

### **Bank Reconciliations**

---

3. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for selected each account, and observe that:

**Results of SAUP:** *No exceptions noted. Obtained listing of bank accounts for the fiscal period and management's representation that listing is complete.*

- a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
- b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
- c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

**Results of SAUP:** *No exceptions noted.*

## **Collections**

---

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

**Results of SAUP:** *No exceptions noted. Obtained listing of deposit sites and management's representation that listing is complete.*

5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

- a) Employees that are responsible for cash collections do not share cash drawers/registers.

**Results of SAUP:** *Exception noted. There was one collection location where, although employees were assigned separate cash drawers, it was noted that other employees would use that cash drawer while the primary employee was away from their station, for example while away at lunch. This practice had been discovered and strictly forbidden prior to the date these AUP procedures were performed. Employees at collection locations have been properly trained under new procedures and are not allowed to share cash drawers under any circumstance.*

- b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.

**Results of SAUP:** *No exceptions noted.*

- c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

**Results of SAUP:** *No exceptions noted.*

- d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

**Results of SAUP:** *No exceptions noted.*

6. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

**Results of SAUP:** *No exceptions noted.*

7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and:

- a) Observe that receipts are sequentially pre-numbered.

**Results of SAUP:** *No exceptions noted.*

- b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.

**Results of SAUP:** *No exceptions noted.*

- c) Trace the deposit slip total to the actual deposit per the bank statement.

**Results of SAUP:** *No exceptions noted.*

- d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).

**Results of SAUP:** *No exceptions noted.*

- e) Trace the actual deposit per the bank statement to the general ledger.

**Results of SAUP:** *No exceptions noted.*

***Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)***

---

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
