INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners England Economic and Industrial Development District Alexandria, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the England Economic and Industrial Development District (the District), Alexandria, Louisiana, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the District, as of June 30, 2021, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 13, the District's June 30, 2020 financial statements contained misstatements. The District has restated its beginning balances for the corrections of these misstatements. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the England Economic and Industrial Development District's basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2021 on our consideration of England Economic and Industrial Development District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the England Economic and Industrial Development District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the England Economic and Industrial Development District's internal control over financial reporting and compliance.

Alexandria, Louisiana, November 15, 2021 MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis June 30, 2021

Introduction

The Management's Discussion and Analysis (MD&A) of the England Economic and Industrial Development District's (District's) financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2021. Readers should also review the financial statements and the notes to the financial statements to enhance their understanding of the District's financial performance.

Financial Highlights

- District's net position increased by \$3,672,795 during the year ended June 30, 2021 which is an increase of 1.67%.
- District's cash increased \$3,308,164 at June 30, 2021 which is an increase of 46.42% over last year ending balance.

Overview of Reporting

Reporting consists of Management's Discussion and Analysis (MD&A), basic financial statements and notes to the financial statements. The MD&A, as described above, provides a narrative of the District's financial performance and activities for the year ended June 30, 2021. The basic financial statements provide readers with a broad overview of the District's finances in a manner similar to a private-sector business. The notes to the financial statements follow the basic financial statements.

The *Statement of Net Position* presents information on all of the District's assets less liabilities which results in Total Net Position. The statement is designed to display the financial position of the District as of the end of the fiscal year. Over time, increases and decreases in net position help determine whether the District's financial position is improving or deteriorating.

The *Statement of Revenues, Expenses, and Changes in Net Position* provides information which displays how the District's net position changed as a result of the year's activities. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Therefore, certain revenues and expenses are reported in this statement for some items that will result in cash flows in future periods.

The *Statement of Cash Flows* reports information showing how the District's cash and cash equivalent position changed during the year. This statement classifies cash receipts and cash payments for the fiscal year resulting from operating activities, noncapital financing activities, capital and related financing activities, and investing activities.

Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the statements.

Management's Discussion and Analysis June 30, 2021

Financial Analysis of the District

The following schedule presents a summary of net position as of:

	June 30, 2021		J	une 30, 2020
Current and other assets	\$	13,997,352	\$	9,738,502
Capital assets		214,667,052		214,800,221
Total assets		228,664,404		224,538,723
Current and other liabilities		2,457,109		1,532,627
Noncurrent liabilities	2,461,108			2,932,704
Total liabilities		4,918,217		4,465,331
Net position:				
Net investment in capital assets		212,184,052		211,951,221
Restricted - PFC Projects	793,338			701,235
Unrestricted	10,768,797			7,420,936
Total Net Position	\$ 223,746,187		\$	220,073,392

*Prior year as restated. See auditor's note number 13.

The majority of the District's net position are invested in capital assets (land, buildings, and equipment), net of accumulated depreciation, owned by the District. These assets are not available for future expenditures since they will not be sold. Restricted assets of the District are limited as to their use. These funds are restricted by law or some other outside source as to how they can be utilized. The restricted net position is not available for new spending because it has already been committed as follows:

	June 30, 2021		June 30, 2020	
Passenger Facility Charges	\$	793,338	\$	701,235

Unrestricted net position is the part of net position that may be used to finance day-to-day operations.

Management's Discussion and Analysis June 30, 2021

A summary of the District's changes in net position are reflected in the following schedule:

	Ju	me 30, 2021	Ju	ine 30, 2020
Operating Revenues				
(Lease revenues, passener facility charges and other)	\$	9,717,437	\$	9,300,073
Operating Expenses	8	16,126,555	12	15,427,683
Operating Income(Loss)		(6,409,118)		(6,127,610)
Non-Operating Revenues (Expenses)	n <u></u>	3,160,805		2,415,340
Income (Loss) Before Contributions		(3,248,313)		(3,712,270)
Capital Contributions		6,921,108		4,154,283
Change in Net Position	\$	3,672,795	\$	442,013

A summary of the District's operating revenues are reflected in the following schedule:

	June 30, 2021		June 30, 2020	
Lease Revenues	\$ 8,557,104		\$	8,268,766
Contract Facility Charges		540,840		648,947
Passenger Facility Charges		337,341		380,905
Other		282,152		1,455
Total Operating Revenues	\$	9,717,437	\$	9,300,073

Increase in operating revenues of 4.49% for the fiscal year ended June 30, 2021. This increase was primarily due to a new commercial lease with FEMA. In addition to the new lease revenue, we were able to provide other management services and materials to them for site preparation

Management's Discussion and Analysis June 30, 2021

A summary of the District's operating expenses, including depreciation, are reflected in the following schedule:

	June 30, 2021		Ju	me 30, 2020
Salaries and Wages	\$	2,014,046	\$	1,993,634
Payroll taxes and employee benefits		625,000		569,105
General and administrative expenses		641,267		687,982
Contract services		3,048,715		2,808,983
Repairs and maintenance		1,297,977		1,124,889
Depreciation		7,239,598		7,317,313
Supplies		467,616		246,052
Utilities		792,336		679,725
Total Operating Expenses	\$	16,126,555	\$	15,427,683

> Operating expenses increased slightly from last year by 4.53%.

The District finalized its transition to a cost accounting financial model enabling it to more precisely analyze expenses at both a department and cost category level. Reported variances are primarily due to reallocation to the new cost categories.

A summary of the District's non-operating revenues are reflected in the following schedule:

	June 30, 2021		Ju	ne 30, 2020
Federal Grants	\$	4,701,699	\$	3,833,736
State Grants		75,000		130,963
Noise mitigation program		(1,567,177)		(1,567,264)
Investment income		16,119		30,031
Proceeds on Sale of Fixed Assets		-		61,100
Interest expense		(64,836)		(73,226)
Total Non-Operating Revenues(Expenses)	\$	3,160,805	\$	2,415,340

- Increase in non-operating revenues of \$745,465 is primarily the receipt of CRRSA and ARPA Grants totaling \$3,134,522 over the previous year's CARES Act Grant of \$2,266,472.
- Capital contributions include Federal airport improvement program funds, state aviation trust fund grants, and state capital outlay money. These amounts vary from year to year depending upon the level of construction activities that are in progress by the District.

Management's Discussion and Analysis June 30, 2021

Capital Assets

The District has invested in capital assets including land; construction in progress; vehicles, machinery and equipment; buildings and improvements; and infrastructure in the following amounts. These amounts are net of accumulated depreciation to date.

	June 30, 2021		*June 30, 2020	
Land	\$	40,044,670	\$	38,614,256
Construction in progress		23,286,250		17,747,968
Vehicles, machinery and equipment		1,601,117		1,832,944
Buildings and improvements		73,686,665		77,796,799
Infrastructure		76,048,350		78,808,254
Net Capital Assets	\$	214,667,052	\$	214,800,221

Major capital assets events during the current fiscal year, excluding construction in progress, included the following:

- \$1,430,414 of land was purchased through the District's Part 150 Noise Mitigation program during the current fiscal year.
- > The District reconciled their subsidiary ledger with their master inventory listing and removed items no longer owned or in service.
- Construction in progress added during the year was \$5,538,282. Total Construction in Progress at year-end included the various projects as follows:

	Ju	me 30, 2021
Airfield Lighting and Navaids	\$	9,843,508
FAA MALSR		1,728,430
Airfield Guidance Sign Replacement		50,353
Rehab of Runway Safety Areas		5,426,447
Extension of Runway 14/32		878,825
Mill & Overlay of Runway 18/36		4,585,874
Airfield Emergency Access PT Rehab		728,313
Others		44,500
	\$	23,286,250

No projects were completed and considered placed in service as of June 30, 2021. Additional information on the District's capital assets is presented in the notes to the basic financial statements.

Management's Discussion and Analysis June 30, 2021

Debt Administration

The District had the following balances in notes and compensated absences outstanding at year end. Additional information on the District's long-term debt is presented in the notes to the basic financial statements.

	June 30, 2021		Ju	ne 30, 2020
Bonds payable	\$ 2,483,000		\$	2,849,000
Compensated absences		131,459		123,541
	\$	2,614,459	\$	2,972,541

The District issued \$3,046,000 in revenue bonds on June 22, 2017 (Series 2017 Bonds). \$3,046,000 of these bonds were for the rental car maintenance facility road with a maturity of April 1, 2027. \$837,000 was for the rental car maintenance facility which matured on April 1, 2020. Both bond issues have/had an interest rate of 2.35%.

Economic Factors and Next Year's Budget

The following are considerations that factored into the FY 2020-2021 Budget:

- As a result of the District's receipt of federal grant monies to cover COVID-related losses, the District will add an additional \$500,000 to its cash reserve.
- The District is projecting an increase in non-aeronautical revenue of \$894,000 due primarily to the renewal of the ground lease with FEMA, CPI adjustments and new tenant recruitment.
- The District is projecting a return to pre-COVID aeronautical revenue due to increased commercial traffic and the addition of new, non-stop service to Charlotte, NC.
- The District is planning to invest nearly \$4.5 million dollars in new equipment and self-funded capital projects.
- The District is expected to complete approximately \$24 million in capital projects at the Airport. Project include rehabilitation of runway safety areas and the extension of Runway 18/36. These projects have an estimated local economic impact of \$96 million.

Management's Discussion and Analysis June 30, 2021

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide citizens, taxpayers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the England Economic and Industrial Development District at 1611 Arnold Drive, Alexandria, LA 71303, or call (318) 427-6406 during regular office hours, Monday through Friday, from 8:00 a.m. to 5:00 p.m., Central Standard Time.

Notes to the Basic Financial Statements

(1) Summary of Significant Accounting Policies

The accompanying financial statements of the District are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GAAP includes all relevant GASB pronouncements as set forth in the Codification for Governmental Accounting and Financial Reporting.

A. <u>Reporting Entity</u>

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Primary Government -

The England Economic and Industrial Development District (the District) was created by the State of Louisiana Legislature to accept title from the United States of America to the property included in the England Air Force Base. The purpose of the District was to maintain and utilize the property to replace and enhance the economic benefits generated by the former air base with diversified activities. The Board of Commissioners is appointed by various governmental units located within Rapides Parish. The District has the power to incur debt and issue revenue and general obligation bonds, certificates of indebtedness, anticipation notes, refunding bonds, and the power of taxation, subject to the limitations provided in the revised statutes governing the District.

The accounts of the District are organized on the basis of an enterprise fund. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed primarily through user charges or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Component Units -

Section 2100 of the 2011 Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, "Defining the Financial Reporting Entity" establishes criteria for determining which entities should be considered a component unit and, as such, part of the reporting entity for financial reporting purposes. The basic criteria are as follows:

Notes to the Basic Financial Statements

- 1. Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.
- 2. Whether the primary government's governing authority appoints a majority of board members of the potential component unit and is able to impose its will on the potential component unit or the potential component unit is fiscally dependent on the primary government.
- 3. Financial benefit/burden relationship between the primary government and the potential component unit.
- 4. The nature and significance of the relationship between the potential component unit with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading.

Based on these criteria, the District includes the component unit detailed below in the financial reporting entity:

Blended Component Unit -

England District Sub-District No. 1 - On October 28, 2004 the District created England District Sub-District No. 1 (Sub-District No. 1) for the purpose of acquiring the land on which a rail car manufacturing facility was constructed. Sub-District No. 1 has the power to incur debt, issue certificates, revenue and general obligation bonds, as well as refunding bonds, and levy sales taxes and use taxes, in the same manner as the District. Sub-District No. 1 is governed by a ten-member Board of Commissioners, which is populated by the sitting board of the District. Sub-District No. 1 transferred all assets to the rail car manufacturing facility upon completion of construction. As of and for the year ended June 30, 2021, the Sub-District No. 1 has no reportable transactions.

B. Basis of Accounting

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP). Such accounting and reporting policies also conform to the requirements set forth in the Louisiana Governmental Audit Guide.

The District maintains its books and records on the full accrual basis of accounting and on the flow of economic resources measurement focus. The District applies all applicable professional standards in accounting and reporting for its proprietary operations.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues are charges to customers for sales and services. Operating expenses include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Notes to the Basic Financial Statements

In some instances, GASB requires an entity to delay recognition of decreases in net position as expenditures until a future period. In other instances, entities are required to delay recognition of increases in net position as revenues until a future period. In these circumstances, deferred outflows of resources and deferred inflows of resources result from the delayed recognition of expenditures or revenues, respectively. There were no deferred outflows of resources and deferred inflows of resources.

Net position represents the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. The District reports three components as follows:

- (1) Net investment in capital assets This component consists of net capital assets reduced by the outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increased by balances of deferred outflows of resources related to those assets.
- (2) Restricted net position This component is considered restricted if its use is constrained to a particular purpose. Restrictions are imposed by external organizations such as federal or state laws or buyers of the District's bonds. Restricted net position is restricted assets reduced by liabilities and deferred inflows of resources related to the restricted assets.
- (3) Unrestricted net position This component consists of all other net position that does not meet the definition of the above two components and is available for general use by the District.

It is the District's policy to use restricted amounts first when both restricted and unrestricted net position is available unless, prohibited by legal or contractual provisions.

C. Cash and interest-bearing deposits

For purposes of the statement of cash flows, "cash and interest-bearing deposits" include all demand and savings accounts, and highly liquid investments (including restricted cash and assets held in the Louisiana Asset Management Pool) with an original maturity of three months or less when purchased.

D. <u>Accounts Receivables</u>

Accounts receivable consists of receivables related to commercial, housing and apartment leases. The receivables are shown net of the estimated allowance for doubtful accounts. The uncollectible amounts are based on collection experience and review of the status of existing receivables and relate to the housing and apartment leases. For the year ending June 30, 2021, the allowance for doubtful accounts was \$226,857.

Notes to the Basic Financial Statements

E. <u>Prepaid Expenses</u>

Prepaid expenses reflect costs applicable to future accounting periods and consist of payments of insurance and other administrative expenses.

F. Capital Assets

Capital assets which include property, equipment, and infrastructure assets are capitalized at acquisition cost or estimated cost if the acquisition costs are not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The District maintains a threshold of \$2,500 for machinery, equipment, and vehicles and \$25,000 for building, building improvements, and infrastructure.

Depreciation is computed using the straight-line method over the estimated service lives of the assets as follows:

	Years
Vehicles, machinery and equipment	5 to 25
Buildings and improvements	7 to 40
Infrastructure	20 to 40

G. <u>Restricted Assets</u>

Restricted assets include cash and interest-bearing deposits of the proprietary fund that are legally restricted to their use by the Federal Aviation Administration's Record of Decision for the Passenger Facilities Charge (PFC) program. All revenue from the PFC program, including any interest earned, may be used only to finance the allowable costs of approved PFC projects at the airport the District controls. Restricted cash at year end was \$793,338.

H. Advances in Rental Income

The District reports advances in rental income on its statement of net position. Advances in rental income arise when the District receives resources from rental income before it has legal claim to those resources. In subsequent periods, when the District has a legal claim to the resources, the revenue is recognized.

I. Contingent Tenant Rebates

Tenants leasing residential home (houses only, not apartments) are eligible to receive a rebate equal to a maximum of 10% of the first three years of rental payments if the tenant leaves in good standing and applies the rebate to the purchase of a home within Rapides Parish. If these conditions are not met, the rebate reverts back to the District as lease income.

Notes to the Basic Financial Statements

J. <u>Compensated Absences</u>

Employees of the District can earn from 80 to 160 hours of annual leave each year, depending on their length of service. Those employees who do not take their entire annual leave prior to December 31, may carry over the equivalent of what they earned in the current year, into the next calendar year. Employees can earn 9 days of sick leave per year, depending on length of service. Unused sick leave may be carried forward each year up to a maximum of 960 hours; however, it is not compensable upon termination of employment. At June 30, 2021, employees have accumulated and vested benefits of \$131,459.

K. <u>Restricted Net Position</u>

Restricted net position is amounts restricted by the Federal Aviation Administration's Record of Decision for the Passenger Facilities Charge (PFC) program. In accordance with the PFC requirements, these amounts may only be used for projects that have been approved in the Record of Decision.

L. <u>Use of Estimates</u>

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, and deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. These estimates include assessing the collectability of accounts receivable and the useful lives and impairment of tangible assets, among others. Estimates and assumptions are reviewed periodically, and the effects or revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results could differ from those estimates.

(2) Cash and Interest-Bearing Deposits

Under state law the District may deposit funds with a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The District may invest in direct obligations of the United States government, bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by federal agencies and/or the United States government, and time certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana.

These deposits are stated at costs, which approximates market. Custodial credit risk for deposits is the risk that in the event of the failure of a depository financial institution, the District's deposits may not be recovered, or the District will not be able to recover the collateral securities that are in the possession of an outside party. The District does not have a policy for custodial credit risk; however, under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit

Notes to the Basic Financial Statements

with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Bank balances	\$ 10,846,242
Federal deposit insurance Uninsured and colleteral held by pledging bank not in the District's name	\$250,000 10,596,242
Total	\$ 10,846,242

(3) Louisiana Asset Management Pool

The District participates in the Louisiana Asset Management Pool (LAMP). LAMP is an investment pool established as a cooperative endeavor to enable public entities of the State of Louisiana to aggregate funds for investment. LAMP is not registered with the Securities and Exchange Commission (SEC) as an investment company. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA–R.S. 33:2955. The financial report for LAMP may be accessed on its website <u>www.lamppool.com</u>.

Investments in LAMP carry the following characteristics:

- Credit risk: LAMP is rated AAAm by Standard & Poor's.
- Custodial credit risk: LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.
- Concentration of credit risk: Pooled investments are excluded from the 5 percent disclosure requirement.
- Interest rate risk: LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. Government floating/variable rate investments.
- Foreign currency risk: Not applicable

The investments in LAMP are stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares. At June 30, 2021 the District had \$238,528 invested in LAMP, which is included in cash and interest-bearing deposits on the Statement of Net Position.

Notes to the Basic Financial Statements

(4) <u>Capital Assets</u>

	Beginning Balance, as restated	Additions	Deletions	Ending Balance
Capital assets not being depreciated:				
Land	\$ 38,614,256	\$ 1,430,414	\$ -	\$ 40,044,670

Total capital assets being				
depreciated, net	158,437,997	(7,101,865)		151,336,132
Capital assets, net	\$ 214,800,221	<u>\$ (133,169)</u>	<u>\$ -</u>	<u>8 214,667,052</u>

Depreciation expense of \$7,239,598 was charged to operations for the year ended June 30, 2021.

(5) Tenant Deposits, Contingent Tenant Rebates, and Compensated Absences

Net changes in tenant deposits, contingent tenant rebates, and compensated absences is as follows:

	Beginning			Ending
	Balance	Additions	Deletions	Balance
Tenant deposits	\$ 238,654	\$ 29,806	\$ 127,170	\$ 141,290
Contingent tenant rebates	211,050	32,093	27,325	215,818
Compensated absences	123,541	107,833	99,915	131,459
Total	<u>\$ 573,245</u>	\$169,732	\$254,410	\$ 488,567

Notes to the Basic Financial Statements

(6) <u>Revenue Bonds Payable</u>

Revenue bonds payable consisted of the following:

	Issue	Maturity	Interest	Balance
	Date	Date	Rate	Outstanding
Revenue Refunding Bonds:				
Series 2017A	6/22/2017	4/1/2027	2.350%	\$2,483,000

The following is a summary of changes:

	Beginning			Ending	Due Within
	Balance	Additions	Deletions	Balance	One Year
Revenue refunding bonds:					
Series 2017A	<u>\$ 2,849,000</u>	<u>\$ -</u>	\$ 366,000	<u>\$ 2,483,000</u>	<u>\$ 379,000</u>

Revenue bond debt service requirements to maturity are as follows:

Year Ended June 30	Principal	Interest	Total
2022	\$ 379,000	S 58,350	\$ 437,350
2023	392,000	49,444	441,444
2024	406,000	40,232	446,232
2025	421,000	30,692	451,692
2026	435,000	20,798	455,798
2027	450,000	10,579	460,579
	\$ 2,483,000	<u>S 210,095</u>	<u>\$ 2,693,095</u>

(7) <u>Operating Leases</u>

A. Lessor

The District has various non-cancelable leases for commercial and residential properties. Future minimum rentals for the next five years and in aggregate are as follows:

Year Ended June 30,

2022	S 5,449,860
2023	2,410,236
2024	1,891,360
2025	1,047,797
2026	1,007,317
	S 11,806,570

Notes to the Basic Financial Statements

Contingent rental income included in the accompanying financial statements as lease revenues and related fees totaled \$658,394.

B. Lessee

The District entered into various operating leases for golf course equipment commencing from 2020 through 2025 with terms ranging from 48 to 60 months. Future minimum lease payments due under the lease terms are as follows:

Year Ended		
June 30,		
2022	\$ 193	,297
2023	190	,239
2024	127	,892
2025	103	,920
	\$ 615	5,348

Lease expense for the year ended June 30, 2021, amounted to \$193,575.

(8) <u>Commitments and Contingencies</u>

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorneys, any judgments rendered in favor of the plaintiff or payments resulting from compromise settlements, if any, would not adversely affect the financial position of District.

The District had several uncompleted construction contracts at the end of the year. The remaining commitment on these contracts was approximately \$4,324,843.

The District receives grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits and reviews could result in expenses being disallowed under the terms and conditions of the grant. In the opinion of management, such disallowance, if any, would be immaterial.

(9) <u>Risk Management</u>

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. These risks of loss are covered by purchasing a comprehensive commercial insurance policy and workers compensation insurance. Claims resulting from these risks have historically not exceeded insurance coverage over the last three years.

Notes to the Basic Financial Statements

(10) Deferred Compensation Plan

Certain employees of the District participate in the England Economic and Industrial Development District's Deferred Compensation Plan (Plan) adopted under the provisions of Internal Revenue Code Section 457. This plan has two investment options which are administered by MassMutual and Nationwide Retirement Solutions. The District does not have managerial or financial responsibility for the plan assets. As of June 30, 2021, the plan assets totaled \$4,672,637 with MassMutual and \$229,215 with Nationwide, for a total of \$4,901,852. These assets are owned by the Plan participants. Employee contributions totaled \$89,113, and the District recognized pension expense of \$172,060 for the year ending June 30, 2021. All employer and employee contributions and earnings are immediately vested.

(11) Compensation, Benefits, and Other Payments to Agency Head

The schedule of compensation benefits and other payments to Sandra McQuain, Executive Director was as follows:

Salary	\$ 195,846
Benefits-insurance	20,794
Benefits-retirement	21,076
Benefits-medicare	2,990
Benfits-SUTA	28
Benefits-worker's compensation	418
Reimbursements	107
Registration fees	250
Conference travel	458
Dues and subscriptions	3,700
	\$ 245,667

(12) New Accounting Pronouncements

In June 2017, the Governmental Accounting Standards Board (GASB) issued Statement No. 87, Leases. The statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions of GASB Statement No. 87 are effective for fiscal years beginning after June 15, 2021. The effect of implementation on the District's financial statements has not yet been determined.

Notes to the Basic Financial Statements

(13) Prior Period Adjustment

The District noted misstatements in their capital asset subsidiary ledger that were included in prior period financial statements. Through an internal analysis of their capital asset subsidiary ledger, they determined that assets, which were no longer owned or in service for the District, were still listed as in service and being depreciated. The effect of these adjustments on beginning Capital Assets, Net and Net Position is presented below:

	Capital	Net
	Asset, net	Position
Beginning balance at July 1, 2020	\$ 215,797,349	\$ 221,070,520
Net adjustment of disposed assets	(997,128)	(997,128)
Restated beginning balance at July 1, 2020	\$ 214,800,221	\$ 220,073,392

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Commissioners England Economic and Industrial Development District Alexandria, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the business activities of the England Economic and Industrial Development District (the District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 15, 2021.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exists that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

The Board of Commissioners England Economic and Industrial Development District Alexandria, Louisiana

Report on Compliance for Each Major Federal Program

We have audited the England Economic and Industrial Development District's (the District) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2021. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2021.

Report on Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control of deficiencies, in internal control over compliance over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. Although the intended use of this report may be limited, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Total expenditures of federal awards			\$10,120,731

Notes to the Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2021

(1) <u>General</u>

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the England Economic and Industrial Development District (the District) under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the District.

(2) Basis of Accounting

The accompanying schedule of expenditures of federal awards is presented using the accrual basis of accounting, which is described in Note 1 to the District's financial statements for the year ended June 30, 2021.

(3) Indirect Cost Rate

The District has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

Schedule of Findings and Questioned Costs Year Ended June 30, 2021

The Board of Commissioners England Economic and Industrial Development District and the Federal Aviation Administration Alexandria, Louisiana

Report on Compliance

We have audited the England Economic and Industrial Development District's (the District) compliance with the types of compliance requirements described in the Passenger Facility Charge Audit Guide for Public Agencies (the Guide), issued by the Federal Aviation Administration, for its passenger facility charge program for the year ended June 30, 2021.

Management's responsibility

Management is responsible for compliance with the requirements of the laws, regulations and terms and conditions of contracts applicable to its passenger facility charge program.

Auditor's responsibility

Our responsibility is to express an opinion on the District's compliance based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the Guide. Those standards and the Guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the passenger facility charge program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures, as we consider necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with the Guide. However, our audit does not provide a legal determination of the District's compliance with those requirements.

Opinion

In our opinion, the District complied, in all material respects, with the requirements referred to above that are applicable to its passenger facility charge program for the year ended June 30, 2021.

Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations and terms and conditions of contracts applicable to the passenger facility charge program. In planning and performing our audit of compliance, we considered the District's internal control over compliance with requirements that could have a direct and material effect on the passenger facility charge program in order to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance with the Guide, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with the Guide on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with the compliance of the Guide will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Schedule of Revenues and Expenditures of Passenger Facility Charges

We have audited the basic financial statements of the District as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We have issued our report thereon dated November 15, 2021, which contained unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of revenues and expenditures of passenger facility charges is presented for the purposes of additional analysis as required by the Guide and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying schedule of revenues and expenditures of passenger facility charges is passenger facility charges is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Guide. Accordingly, this report is not suitable for any other purpose. This report is intended for the use of management and the Board of Commissioners of the District and the Federal Aviation Administration and is not intended to be and should not be used by anyone other than those specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Schedule of Current and Prior Year Audit Findings And Management's Corrective Action Plan Year Ended June 30, 2021

- Part I. Current Year Findings and Management's Corrective Action Plan:
 - A. Internal Control Over Financial Reporting

None reported.

B. Compliance and other matters

None reported.

Part II: <u>Prior Year Findings:</u>

A. Internal Control Over Financial Reporting

2020-01 Asset Management

Year Finding Initially Occurred: 2017

CONDITION: The District's fixed asset listing contains assets that are no longer owned or no longer in service. In addition, the District did not reconcile its master inventory listing with its subsidiary ledger at year end.

RECOMMENDATION: The District should review their disposition procedures to ensure assets sold are properly documented and recorded appropriately in the accounting records. Additionally, management should reconcile their subsidiary ledger with their master inventory listing.

CURRENT STATUS: Resolved. The District reconciled their subsidiary ledger with their master inventory listing and removed items no longer owned or in service.

2020-002 Vacation Time

Year Finding Initially Occurred: 2020

CONDITION: The District did not maintain adequate records of vacation time earned and used to allow those records to be easily agreed to the amounts permitted by the Board's policy.

RECOMMENDATION: The District should review their current policies and procedures over monitoring vacation time earned and used to ensure the appropriate amount of vacation time is being applied to each employee.

CURRENT STATUS: Resolved. The District implemented additional procedures to properly monitor each employees vacation time.

B. <u>Compliance</u>

None reported.

England Economic and Industrial Development District respectfully submits the following schedule of prior audit findings for the for the year ended June 30, 2021.

Audit conducted by:

Kolder, Slaven & Company, LLC 1428 Metro Dr. Alexandria, LA 71301

FINDING - FINANCIAL AUDIT

Internal Controls

2020-001 Asset Management

Fiscal year finding initially occurred: 2017

RECOMMENDATION: The District should review their disposition procedures to ensure assets sold are properly documented and recorded appropriately in the accounting records. Additionally, management should reconcile their subsidiary ledger with their master inventory listing.

CORRECTIVE ACTION TAKEN: The District reconciled their subsidiary ledger with their master inventory listing and removed items no longer owned or in service.

2020-002 Vacation Time

Fiscal year finding initially occurred: 2020

RECOMMENDATION: The District should review their current policies and procedures over monitoring vacation time earned and used to ensure the appropriate amount of vacation time is being applied to each employee.

CORRECTIVE ACTION TAKEN: The District implemented additional procedures to properly monitor each employees vacation time.
