#### INDEPENDENT AUDITOR'S REPORT

Housing Authority of the Town of Merryville, Louisiana

#### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Housing Authority of the Town of Merryville, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the housing authority's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Housing Authority of the Town of Merryville, as of December 31, 2019, and the respective changes in financial position and cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority of the Town of Merryville's basic financial statements. The accompanying Financial Data Schedule, required by HUD, and supplementary schedules and statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Financial Data Schedule and supplementary schedules and statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Financial Data Schedule and supplementary schedules and statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated April 30, 2020, on our consideration of the Housing Authority of the Town of Merryville's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Housing Authority of the Town of Merryville's internal control over financial reporting and compliance.

#### HOUSING AUTHORITY OF MERRYVILLE, LOUISIANA

REQUIRED SUPPLEMENTAL INFORMATION

MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)

DECEMBER 31, 2019

### Management's Discussion and Analysis (MD&A) December 31, 2019

As management of the Housing Authority of the Town of Merryville, we offer readers of the authority's financial statements this narrative overview and analysis of the financial activities of the authority for the fiscal year ended December 31, 2019. We encourage readers to consider the information presented here in conjunction with the authority's financial statements, which are attached.

#### Financial Highlights

- The assets of the authority exceeded its liabilities at the close of the most recent fiscal year by \$1,029,522 (net position).
- As of the close of the current fiscal year, the authority's ending unrestricted net position was \$431,041.
- The authority's cash balance at December 31, 2019, was \$460,129, of which \$17,987 is restricted for tenant security deposits.
- The authority had total revenue of \$582,118, of which \$523,668 was operating revenues, \$20,714 was nonoperating revenues, and \$37,736 was capital contributions.
- The authority had total expenses of \$635,861, of which all were for operating expenses.

#### **Overview of the Financial Statements**

The discussion and analysis is intended to serve as an introduction to the authority's basic financial statements. The authority's basic financial statements consist of the Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, Statement of Cash Flows, and the notes to the financial statements. This report also contains the Schedule of Expenditures of Federal Awards as supplementary information in addition to the basic financial statements themselves.

The Statement of Net Position presents information on all of the housing authority's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the housing authority is improving or deteriorating, or otherwise changing in a significant manner.

The Statement of Revenues, Expenses, and Changes in Net Position present information detailing how the housing authority's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some times that will only result in cash flows in the future fiscal periods (e.g., earned but not used vacation leave).

#### Management's Discussion and Analysis (MD&A) December 31, 2019

The Statement of Cash Flows provides information about the housing authority's cash receipts and cash payments during the fiscal year. The statement reports cash receipts, cash payments, and net changes in cash resulting from operations, financing and investing activities.

The authority has only one fund type, namely a proprietary fund. The Statement of Net Position includes all of the authority's assets and liabilities. This fund type is unused for activities which are financed and operated in a manner similar to those in the private sector.

#### **Housing Authority's Significant Programs**

The housing authority has two programs which are consolidated into a single enterprise fund. The housing authority's programs consist of the following:

#### **Low-Income Public Housing**

Under the Conventional Public Housing Program, the housing authority rents units it owns to low-income families. The Conventional Public Housing Program is operated under an Annual Contribution Contract with HUD, and HUD provides an Operating Subsidy to enable the housing authority to provide housing to low income individuals and families.

#### **Capital Fund Program**

The Conventional Public Housing Program also includes the Capital Fund Program, the primary funding source for the housing authority's physical and management improvements. The funding calculation is based on the size and age of the housing authority's units.

#### Reporting on the Housing Authority as a Whole

One of the most important questions asked about the Authorities finances is, "Is the housing authority as a whole, better off, or worse off, as a result of the achievements of the fiscal year 2019?" The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position report information about the housing authority as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

### Management's Discussion and Analysis (MD&A) December 31, 2019

#### NOTES TO THE BASIC FINANCIAL STATEMENTS

### NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2019

#### INTRODUCTION

The Housing Authority of Merryville is an apartment complex for persons of low income located in Merryville, Louisiana. The authority is chartered as a public corporation for the purpose of administering decent, safe and sanitary dwelling for persons of low-income.

Legal title to the authority is held by the Housing Authority of Merryville, Louisiana, a non-profit corporation. The authority is engaged in the acquisition, modernization, and administration of low-rent housing. The authority is administered by a governing Board of Commissioners (the Board), whose members are appointed by the Mayor of Merryville, Louisiana. Each member serves a four-year term and receives no compensation for their services. Substantially all of the Authority's revenue is derived from subsidy contracts with the U. S. Department of Housing and Urban Development (HUD). The annual contributions contracts entered into by the authority and HUD provide operating subsidies for authority-owned public housing facilities for eligible individuals.

Under the United States Housing Act of 1937, as amended, the U.S. Department of Housing and Urban Development (HUD) has direct responsibility for administering low-income housing programs in the United States. Accordingly, HUD has entered into a contract with the entity to make annual contributions (subsidies) for the purpose of funding its programs for low-income families.

GASB Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Because the housing authority is legally separated and fiscally independent, the housing authority is a separate governmental reporting entity. The housing authority includes all funds, account groups, activities, etc., that are within the oversight responsibility of the housing authority.

The housing authority is a related organization of the Town of Merryville because the Town of Merryville appoints a voting majority of the housing authority's governing board. The Town of Merryville is not financially responsible for the housing authority, as it cannot impose its will on the housing authority and there is no possibility for the housing authority to provide financial benefit to, or impose financial burdens on, the Town of Merryville. Accordingly, the housing authority is not a component unit of the financial reporting entity of the Town of Merryville.

#### 1. <u>SUMMARY OF ORGANIZATION & SIGNIFICANT ACCOUNTING POLICIES</u>

#### A. BASIC FINANCIAL STATEMENTS

The basic financial statements (i.e., the Statement of Net Position and the Statement of Changes in Net Position) report information on all of the activities of the primary government. For the most part, the effect of the Interfund activity has been removed from these statements. The housing authority uses enterprise funds to account for its activities.

### NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED) DECEMBER 31, 2019

#### B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, & FINANCIAL STATEMENT PRESENTATION

The basic financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The accompanying financial statements include the activities of several housing programs subsidized by HUD. A summary of each significant program is provided below.

- Low Income Housing Program The purpose of the low income housing program is to provide decent and affordable housing to low income families at reduced rents. The developments are owned, maintained, and managed by the authority. The developments are acquired, developed, and modernized under HUD's capital funds programs. Funding of the program operations is provided via federal annual contribution contracts (operating subsidies) and tenant rents (determined as a percentage of family income, adjusted for family composition).
- Capital Fund Program The objective of these programs is to improve the physical condition of the Low-Income Public Housing units and upgrade the management of the program.

As a general rule, the effect of Interfund activity has been eliminated from the basic financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise operations. Elimination of these charges would distort the direct cost and program revenues reported for the various functions concerned.

Operating revenues and expenses have been reported separately from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The primary operating revenue of the housing authority is derived from tenant revenues and operating grants. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### C. EQUITY CLASSIFICATIONS

In the government-wide financial statements, equity is classified as Net Position and displayed in three components as applicable. The components are as follows:

<u>Net Investment in Capital Assets</u> - Capital assets including restricted capital assets, when applicable, net of accumulated depreciation.

### NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED) DECEMBER 31, 2019

<u>Restricted Net Position</u> - Net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.

<u>Unrestricted Net Position</u> - All other net position that does not meet the definition of "restricted" or "net investment in capital assets".

When an expense is incurred for the purposes for which both restricted and unrestricted net position is available, management applies restricted resources first. The policy concerning which to apply first varies with the intended use and legal requirements. The decision is typically made by management at the incurrence of the expense.

#### D. DEPOSITS & INVESTMENTS

The housing authority's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the housing authority's investment policy allow the housing authority to invest in collateralized certificates of deposits, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

Investments (bank certificate of deposits in excess of 90 days) for the Housing Authority are reported at fair value.

#### E. RECEIVABLES & PAYABLES

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year referred to as either "due to/from other funds" (i.e., the current portion of Interfund loans) or "advances to/from other funds" (i.e., the non-current portion of Interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the accompanying basic financial statements, are offset by a restriction on net positions. All trade and other receivables are shown net of an allowance for uncollectables.

#### F. Inventories & Prepaid Items

All inventories are valued at cost using the first-in/first out method. Inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the basic financial statements.

### NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED) DECEMBER 31, 2019

#### G. CAPITAL ASSETS

Capital assets, which include property, plant, equipment, and infrastructure assets are reported in the applicable columns in the basic financial statements. Capital assets are capitalized at historical cost. The housing authority maintains a threshold level of \$1,000 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The total interest expense included during the current fiscal year was \$-0-. Of this amount, \$-0- was included as part of the cost of capital assets under construction in connection with construction projects.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Description	Estimated Lives
Land Improvements	20 years
Buildings & Building Improvements	20 years
Furniture & Fixtures	5 years
Vehicles	5 years
Equipment	5 years

#### H. COMPENSATED ABSENCES

At December 31, 2019, employees of the PHA have accumulated and vest \$24,197 of employee leave benefits, computed in accordance with GASB Codification Section C60. The balance of accrued compensated absences at December 31, 2019 was \$6,468 recorded as current obligation and \$17,729 recorded as non-current obligation.

#### I. LONG-TERM OBLIGATIONS

In the basic financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

### NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED) DECEMBER 31, 2019

#### J. EXTRAORDINARY & SPECIAL ITEMS

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the housing authority, which are either unusual in nature or infrequent in occurrence.

#### K. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

#### 2. CASH & INVESTMENTS (CD'S IN EXCESS OF 90 DAYS)

At December 31, 2019, the housing authority has cash and investments (bank balances) totaling \$476,204 as follows:

Demand deposits	\$ 476,204
Time deposits	-0-
Total	\$ 476,204

These deposits are stated at cost, which approximated market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

#### Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

### NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED) DECEMBER 31, 2019

These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Entity that the fiscal agent bank has failed to pay deposit funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the Entity's name.

#### Deposits

It is the housing authority's policy for deposits to be 100% secured by collateral at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance.

The housing authority's deposits are categorized to give an indication of the level of risk assumed by the housing authority at year end. The categories are described as follows:

Category 1 – Insured or collateralized with securities held by the housing authority or by its agent in the housing authority's name.

Category 2 – Collateralized with securities held by the pledging financial institution's trust department or agent in the housing authority's name.

Category 3 – Uncollateralized.

<b>Description</b>	_M:	arket Value_
FDIC (Category 1)	\$	288,462
Securities (Category 2)		252,984
Total	\$	541,446

All deposits were fully secured at year end.

#### 3. ACCOUNTS RECEIVABLE

The receivables of \$13,080 as of December 31, 2019, are as follows:

Accounts Receivables – Tenants	\$ 623
Accounts Receivables – HUD	2,862
Accounts Receivables – Tenant Repayment	10,073
Allowance for Doubtful Accounts	(478)
Total	\$ 13,080

#### 8. CHANGES IN COMPENSATED ABSENCES PAYABLES

The following is a summary of changes in compensated absences payable at December 31, 2019:

	Current	Noncurrent	Total
Beginning of year	\$ 5,979	\$ 16,567	\$ 22,546
Additions/(Retirements)	489	1,162	1,651
End of year	\$ 6,468	\$ 17,729	\$ 24,197

#### 9. <u>CONTINGENT LIABILITIES</u>

At December 31, 2019, the housing authority is subject to possible examinations made by federal regulators who determine compliance with terms, conditions, laws and regulations governing grants given to the housing authority in the current and prior years. These examinations may result in required refunds by the housing authority to federal grantors and/or program beneficiaries.

#### 10. ECONOMIC DEPENDENCY

Statement of Financial Accounting Standard (SFAS) No. 14 requires disclosure in financial statements of a situation where one entity provides more than 10% of the audited entity's revenues. The Department of Housing & Urban Development provided \$369,553 to the housing authority, which represents 63.5% of the housing authority's revenue for the year.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Housing Authority of the Town of Merryville, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Housing Authority of the Town of Merryville, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Housing Authority of the Town of Merryville's basic financial statements, and have issued our report thereon dated April 30, 2020.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Housing Authority of the Town of Merryville's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the Town of Merryville's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the Town of Merryville's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Housing Authority of the Town of Merryville's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of the audit committee, management, federal awarding agencies and Legislative Auditor's Office and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a public document and its distribution is not limited.

#### AGREED-UPON PROCEDURES REPORT

Housing Authority of the Town of Merryville, Louisiana
Independent Accountant's Report
On Applying Agreed-Upon Procedures
For the Period of January 1- December 31, 2019

Housing Authority of the Town of Merryville Merryville, Louisiana

To the Housing Authority of the Town of Merryville and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Housing Authority of the Town of Merryville and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2019 through December 31, 2019. The Entity's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

- 1. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories (if applicable to public funds and the entity's operations):
  - a) Budgeting, including preparing, adopting, monitoring, and amending the budget
  - b) *Purchasing*, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
  - c) Disbursements, including processing, reviewing, and approving
  - d) *Receipts/Collections*, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
  - e) *Payroll/Personnel*, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.
  - f) *Contracting*, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process
  - g) Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases)
  - h) *Travel and expense reimbursement*, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers
  - i) *Ethics*, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy.
  - j) **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
  - k) Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Observation: We obtained a copy of the written policies and procedures manual and read it for the above items that apply to the Entity. No exceptions were noted.

#### **Board or Finance Committee**

- 2. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
  - a) Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
  - b) For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund and major special revenue funds, as well as monthly financial statements (or budget-to-actual comparisons, if budgeted) for major proprietary funds. Alternately, for those entities reporting on the non-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.
  - c) For governmental entities, obtain the prior year audit report and observe the unrestricted fund balance in the general fund. If the general fund had a negative ending unrestricted fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unrestricted fund balance in the general fund.

Observation: These procedures were performed in a previous fiscal year with no exceptions.

#### **Bank Reconciliations**

- 3. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for selected each account, and observe that:
  - a) Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
  - b) Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
  - c) Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

#### **Observation:**

- A) Bank reconciliations are prepared monthly by an outside accounting firm.
- B) Bank reconciliations are prepared by an outside accounting firm and are reviewed by the Executive Director and Board at monthly meetings.
- C) Management does not have any reconciling items outstanding for more than six months.

#### **Collections**

4. Obtain a listing of <u>deposit sites</u> for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

# Observation: We obtained the listing and management's representation that the listing is complete.

- 5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
  - a) Employees that are responsible for cash collections do not share cash drawers/registers.
  - b) Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
  - c) Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
  - d) The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

#### **Observation:**

- A) The Housing Authority has a collection tray for each employee.
- B) An employee may be responsible for collections and making deposits. The Authority does not accept cash and prenumbered receipts are generated to mitigate risk.
- C) The Authority uses an outside fee accountant to post transactions to the general ledger and subsidiary ledgers.
- D) The Authority uses an outside fee accountant to assist in reconciling collections to the general leger and subsidiary ledgers.
- 6. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

# Observation: All employees who have access to monies are covered by an insurance policy for theft.

- 7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Alternately, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc. Obtain supporting documentation for each of the 10 deposits and:
  - a) Observe that receipts are sequentially pre-numbered.

- b) Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
- c) Trace the deposit slip total to the actual deposit per the bank statement.
- d) Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).
- e) Trace the actual deposit per the bank statement to the general ledger.

Observation: We selected two deposit dates for the only 2 bank accounts of the Authority with the following results:

- A) Receipts were sequentially pre-numbered.
- B) We traced the receipts/collections documentation to the deposit slip with no exceptions.
- C) We traced the deposit slip to the actual deposit per the bank statement with no exceptions.
- D) We traced daily collections to the deposit date on the corresponding bank statement and observed that deposits are not made daily. Due to the lack of funds on hand and with a no cash policy, the Authority can't justify making daily deposits. Deposits are always made daily on large collection days.
- E) We traced the actual deposit per the bank statement to the general ledger with no exceptions.

Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Observation: We obtained a listing of the locations that process payment for the fiscal period and management's representation that the listing is complete.

- 9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
  - a) At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
  - b) At least two employees are involved in processing and approving payments to vendors.
  - c) The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
  - d) Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

#### **Observation:**

A) The executive director is involved in initiating a purchase request with a member of the board approving the purchase and the executive director places orders.

- B) The executive director and a board member are involved in processing and approving payments to vendors.
- C) The employee responsible for processing payments is <u>not</u> prohibited from adding/modifying vendor files. The executive director is responsible for processing payments and adds/modifies vendors to the entity's purchasing/disbursement system. To mitigate risk, the board approves all purchases and dual signatures are required on all checks. The board meets monthly and reviews all disbursements.
- D) A board member and executive director signs checks and gives them to an employee who is not responsible for processing payments.
- 10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:
  - a) Observe that the disbursement matched the related original invoice/billing statement.
  - b) Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

#### **Observation:**

- A) We observed that the disbursements matched related original invoices with no exceptions.
- B) We observed that the disbursement documentation included evidence of segregation of duties tested under #9, in which the Authority is able to implement.

#### Credit Cards/Debit Cards/Fuel Cards/P-Cards

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

#### Observation: These procedures were performed in a previous fiscal year with no exceptions.

- 12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:
  - a) Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing, by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.)]
  - b) Observe that finance charges and late fees were not assessed on the selected statements.

Observation: These procedures were performed in a previous fiscal year with no exceptions.

13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only).

Observation: These procedures were performed in a previous fiscal year with no exceptions.

#### Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- 14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
  - a) If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
  - b) If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
  - c) Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).
  - d) Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Observation: These procedures were performed in a previous fiscal year with no exceptions.

#### **Contracts**

- 15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Alternately, the practitioner may use an equivalent selection source, such as an active vendor list. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
  - a) Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
  - b) Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).
  - c) If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment.
  - d) Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Observation: These procedures were performed in a previous fiscal year with no exceptions.

#### Payroll and Personnel

16. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

#### Observation: These procedures were performed in a previous fiscal year with no exceptions.

- 17. Randomly select one pay period during the fiscal period. For the 5 employees/officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:
  - a) Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)
  - b) Observe that supervisors approved the attendance and leave of the selected employees/officials.
  - c) Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.

#### Observation: These procedures were performed in a previous fiscal year with no exceptions.

18. Obtain a listing of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees/officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations, agree the hours to the employee/officials' cumulate leave records, and agree the pay rates to the employee/officials' authorized pay rates in the employee/officials' personnel files.

#### Observation: These procedures were performed in a previous fiscal year with no exceptions.

19. Obtain management's representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers' compensation premiums have been paid, and associated forms have been filed, by required deadlines.

Observation: These procedures were performed in a previous fiscal year with no exceptions.

#### Ethics

- 20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above obtain ethics documentation from management, and:
  - a) Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.
  - b) Observe that the documentation demonstrates each employee/official attested through signature verification that he or she has read the entity's ethics policy during the fiscal period.

Observation: These procedures were performed in a previous fiscal year with no exceptions.

#### Debt Service

21. Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all bonds/notes on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each bond/note issued.

Observation: These procedures were performed in a previous fiscal year with no exceptions.

22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants.

Observation: These procedures were performed in a previous fiscal year with no exceptions.

#### Other

23. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

Observation: These procedures were performed in a previous fiscal year with no exceptions.

24. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Observation: These procedures were performed in a previous fiscal year with no exceptions.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
