INDEPENDENT AUDITOR'S REPORT

Mr. Brad Soileau, Superintendent,
and Members of the Allen Parish School Board
Oberlin, Louisiana

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Allen Parish School Board (School Board), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the School Board as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Board's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School Board's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that budgetary comparison schedules, schedule of changes in total OPEB liability and related ratios, schedule of employer's share of net pension liability, and schedule of employer contributions on pages 51-57 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements, in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The School Board has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School Board's basic financial statements. The accompanying combining nonmajor funds financial statements and the schedule of collections, distributions, and costs of collection included in other supplementary information and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and nonmajor funds financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The prior year comparative information included in the required supplementary information and other supplementary information has been derived from the School Board's 2024 financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and, in our opinion, was fairly presented, in all material respects, in relation to the basic financial statements from which they have been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2025, on our consideration of the School Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School Board's internal control over financial reporting and compliance.

Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
June 30, 2025

Total fund balances for governmental funds at June 30, 2025 \$ 31,102,003

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Cost of capital assets at June 30, 2025	\$ 96,798,628
Less: Accumulated depreciation as of June 30, 2025:	
Buildings	(50,703,961)

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds
to the Statement of Activities
Year Ended June 30, 2025

Total net change in fund balances for year ended June 30, 2025 per the
statement of revenues, expenditures and changes in fund balances \$ (1,276,128)

The change in net position reported for governmental activities in the
statement of activities is different because:

Governmental funds report facilities acquisition and construction costs
as expenditures. However, in the statement of activities, the cost of
those assets is allocated over their estimated useful lives and reported
as depreciation expense.

Facilities acquisition and construction costs which are considered an
expenditure on the statement of revenues, expenditures and changes
in fund balances

\$ 3,132,961
(1,789,963) 1,342,998

Depreciation expense for the year ended June 30, 2025

Bond and capital lease proceeds are reported as financing sources in
governmental funds and thus contribute to the change in fund balance.
In the statement of net position, however, issuing debt increases long-term
liabilities and does not affect the statement of activities. Similarly,
repayment of principal and capital leases are recorded as expenditures
in the governmental funds but reduce liability in the statement of net
position. Also, governmental funds report the effect of premiums,
discounts, and similar items when debt is first issued, whereas these
amounts are deferred and amortized in the statement of activities:

Repayment of long-term debt 1,675,000

Some expenses reported in the statement of activities do not require the
use of current financial resources and therefore, are not reported as
expenditures in the governmental funds.

Notes to the Basic Financial Statements

(1) Summary of Significant Accounting Policies

The accompanying financial statements of the Allen Parish School Board (School Board) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

A. Financial Reporting Entity

The School Board was created by Louisiana Revised Statute (LRS-R.S.) 17:51 to provide public education for the children within Allen Parish. The School Board is authorized by LRS-R.S. 17:81 to establish policies and regulations for its own government consistent with the laws of the State of Louisiana and the regulations of the Louisiana Board of Elementary and Secondary Education. The School Board is comprised of seven members who are elected from seven districts for terms of four years.

The School Board operates twelve schools within the parish with a total enrollment of 3,896 pupils for the year ended June 30, 2025, based on the October 2024 official MFP student count. In conjunction with the regular educational programs, some of these schools offer special education and/or adult education programs. In addition, the School Board provides transportation and school food services for the students.

For financial reporting purposes, the School Board includes all funds and activities for which the School Board exercises financial accountability. Because the School Board members are independently elected and are solely accountable for fiscal matters, which include (1) budget authority, (2) responsibility for funding deficits and operating deficiencies, and (3) fiscal management for controlling the collection and disbursement of funds, the School Board is a separate governmental reporting entity, primary government. The School Board has no component units nor is it a component unit of any other entity.

B. Basis of Presentation

Government-Wide Financial Statements (GWFS)

The government-wide financial statements provide operational accountability information for the School Board as an economic unit. The government-wide financial statements report on the School Board's ability to maintain service levels and continue to meet its obligations as they come due. The statements include all governmental activities and business-type activities of the primary government. The School Board does not have any business-type activities. Fiduciary funds are omitted from the government-wide financial statements.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

The statement of activities presents a comparison between direct expenses and program revenues for each function of the School Board's governmental activities. Direct expenses are those that are specifically associated with a program or function and therefore are clearly identifiable to a particular function. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements

The accounts of the School Board are organized on the basis of funds, each of which is considered to be an independent fiscal and accounting entity. The operations of each fund are accounted for within separate sets of self-balancing accounts, which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, expenditures, and transfers. The minimum number of funds is maintained consistent with legal and managerial requirements. Fund financial statements report detailed information about the School Board. The various funds of the School Board are classified into two categories: governmental and fiduciary. The emphasis on fund financial statements is on major funds, each displayed in a separate column.

Major funds are determined as funds whose revenues, expenditures, assets and deferred outflows of resources or liabilities and deferred inflows of resources are at least ten percent of the totals for all governmental funds or enterprise funds and at least five percent of the aggregate amount for all governmental and enterprise funds for the same item or funds designated as major at the discretion of the School Board. Funds not classified as a major fund are aggregated and presented in a single column in the fund financial statements. The School Board uses the following funds, grouped by fund type.

Governmental Funds –

Governmental funds are those through which most governmental functions of the School Board are financed. The acquisition, use, and balance of the School Board's expendable financial resources and the related liabilities are accounted for through governmental funds.

General Fund –

The General Fund is the general operating fund of the School Board. All financial resources not accounted for in other funds are reported in the General Fund.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

Special Revenue Funds –

Special revenue funds are used to account for the proceeds of government grants or other specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt service or capital projects of the School Board. These funds account for revenue and expenditures related to federal, state, and local grant and entitlement programs. The School Board has no major special revenue funds.

Debt Service Funds

Debt service funds, established to meet requirements of bond ordinances, are used to account for and report resources that are restricted, committed, or assigned to expenditures for the payment of long-term debt principal, interest, and related costs. The School Board has no major debt service funds.

Capital Projects Funds

Capital projects funds are used to report resources that are restricted, committed, or assigned to expenditure for major capital acquisition and construction separately from ongoing operational activities. The School Board has no major capital projects funds.

Fiduciary Funds –

Fiduciary funds account for assets held by the government in a trustee capacity or as an agent on behalf of other funds within the School Board. The funds accounted for in this category by the School Board are custodial funds. The custodial fund of the School Board is as follows:

The Sales Tax Collection Fund accounts for monies collected on behalf of other taxing authorities within the parish.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The measurement focus determines the accounting and financial reporting treatment applied to a fund. The governmental activities within the government-wide statement of net position and statement of activities are presented using the economic resources measurement focus. The economic resources measurement focus meets the accounting objectives of determining net income, net position, and cash flows.

The fund financial statements use either the current financial resources measurement focus or the economic resources measurement focus as appropriate. Governmental funds use the current financial resources measurement focus. This measurement focus is based upon the receipt and disbursement of current available financial resources rather than upon net income.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

The accrual basis of accounting is used throughout the government-wide statements; conversely, the financial statements of the governmental funds have been prepared in accordance with the modified accrual basis of accounting, whereby revenues are recognized when considered both measurable and available to finance expenditure of the current period. For this purpose, the School Board considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. An exception to this is grant revenue collected on a reimbursement basis. Those reimbursable grants are recognized as revenue when reimbursable expenditures are made. The School Board considers reimbursement amounts received within one year as available. The School Board accrues ad valorem taxes, sales and use taxes, federal and state grants, and investment income based upon this concept. Expenditures generally are recognized when the related fund liabilities are incurred and become payable in the current period. Proceeds of debt are reported as other financing sources, and principal and interest on long-term debt, as well as expenditures related to compensated absences and claims and judgments, are recorded as expenditures when paid.

Interest on invested funds is recognized when earned. Intergovernmental revenues that are reimbursements for specific purposes or projects are recognized in the period in which the expenditures are recorded. All other revenue items are considered to be measurable and available only when cash is received by the School Board. Transfers between governmental funds are recorded when the related liability is incurred. These transfers do not represent revenues (expenditures) to the School Board and are, therefore, reported as other financing sources (uses) in the governmental fund financial statements.

Since the fund level statements are presented using a different measurement focus and basis of accounting than the government-wide statements, a reconciliation is presented on the page following each fund level statement that summarizes the adjustments necessary to convert the fund level statements into the government-wide presentations. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

The financial statements of the fiduciary funds have been prepared in accordance with the accrual basis of accounting. Accordingly, revenues are recorded when earned, and expenses and related liabilities are recorded when incurred.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity

Cash and interest-bearing deposits

For purposes of the statement of net position, cash and interest-bearing deposits include all demand deposits, money market accounts, and time deposits of the School Board, which are stated at cost.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

Investments

Under state law the School Board may deposit funds with a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The School Board may invest in United States bonds, treasury notes and bills, government backed agency securities, or certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. In addition, local governments in Louisiana are authorized to invest in the Louisiana Asset Management Pool (LAMP), a nonprofit corporation formed by the State Treasurer and organized under the laws of the State of Louisiana, which operates a local government investment pool. Investments are stated at fair value.

Interfund receivables and payables

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Those related to goods and services type transactions are classified as “due to and from other funds.” Short-term interfund loans (current portion) are reported as ‘interfund receivables and payables.’ Long-term interfund loans (noncurrent portion) are reported as “advances from and to other funds.” Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position.

Receivables

Receivables consist of all revenues earned at year-end and not yet received. The majority of this balance is comprised of ad valorem taxes, sales and use taxes and federal and state grants.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2025 are recorded as prepaid items.

Inventories

The cost of inventories is recorded as expenses when consumed on the government-wide financial statements and some inventories are ported as expenditures when purchased on the fund financial statements. Reserves are established for an amount equal to the carrying value of inventories.

Inventory of the School Food Service Special Revenue Fund consists of food purchased by the School Board and commodities granted by the United States Food and Consumer Service through the Louisiana Department of Agriculture. The commodities are recorded as revenues and expenditures when consumed. All inventory items purchased are valued at cost (first-in, first-out), and donated commodities are assigned values based on information provided by the United States Department of Agriculture.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

Capital Assets

Capital assets, which include property, plant, and equipment assets, are reported in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at acquisition value at the date of donation. The School Board maintains a threshold level of \$5,000 or more for capitalizing capital assets.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. Land and construction in progress are not depreciated. The range of estimated useful lives by type of asset is as follows:

Vehicles	5 years
Equipment	5 - 10 years
Buildings and improvements	40 years

In the fund financial statements, the acquisition of capital assets used in governmental fund operations are accounted for as expenditures of the governmental funds upon acquisition.

The School Board does not possess any material amounts of infrastructure capital assets, such as sidewalks and parking lots. Such items are considered to be part of the cost of buildings and improvements. In the future, if such items are built or constructed, and appear to be material in cost compared to all capital assets, they will be capitalized and depreciated over their estimated useful lives in the same manner as all other depreciable capital assets.

Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School Board has three items that qualify for reporting in this category. The first item is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The remaining items are the deferred outflow of resources attributable to its pension plans and the deferred outflow of resources attributable to its total OPEB liability.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The School Board has only one item that qualifies for reporting in this category, the deferred inflow of resources attributable to its pension plans.

Compensated Absences

All 12-month employees in the central office earn from 12 to 18 days of vacation leave each year, depending on their length of service with the School Board. Vacation leave is credited at the end of each calendar month; however, no employee is permitted to use, during the course of a fiscal year, more consecutive days than may be earned during that period. All 12-month school personnel earn up to eighteen days of vacation leave each year, which may be accumulated up to a maximum of thirty-six days.

Sabbatical leave may be granted for medical leave with doctor's certification and for professional and cultural improvement. Any employee with a teaching certificate is entitled, subject to approval by the School Board, to one semester of sabbatical leave after three years of continuous service or two semesters of sabbatical leave after six or more years of continuous service. Due to its restrictive nature, sabbatical leave benefits are recorded as expenditures in the period taken and no liability is recorded in advance of the sabbatical.

For fund financial statements, vested or accumulated leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a current fund liability of the governmental fund that will pay it. In the government-wide statements, amounts of vested or accumulated leave that are not expected to be liquidated with expendable available financial resources are recorded as noncurrent liabilities.

Long-term debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements. Since the School Board does not have a proprietary fund, all School Board long-term debt is used in governmental fund operations.

All long-term debt to be repaid from governmental resources is reported as liabilities in the government-wide statements. The long-term debt consists primarily of general obligation bonds.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources net of the applicable premium or discount and payment of principal and interest reported as expenditures. For government-wide reporting, issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

Postemployment benefits other than pensions (OPEB)

The total OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB and OPEB expense (see Note 12), has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. In the governmental fund financial statements contributions are recognized as expenditures when due.

Pensions

The net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense (See Note 13), have been determined using the flow of economic resources measurement focus and full accrual basis of accounting. Member's earnable compensation, for which the employer allocations are based, is recognized in the period in which the employee is compensated for services performed. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the plans, and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purposes, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Non-employer contributions are recognized as revenue in the government-wide financial statements. In the governmental fund financial statements contributions are recognized as expenditures when made.

Equity Classifications

In the government-wide statements, equity is classified as net position and displayed in three components:

- a. Net investment in capital assets consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgage notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

- b. Restricted net position consists of net position with constraints placed on the use either by external groups, such as creditors, grantors, contributors, or laws or regulations of other governments; or law through constitutional provisions or enabling legislation. At June 30, 2025, the School Board reported \$5,129,438 of restricted net position, \$3,558,489 of which was restricted by enabling legislation. It is the School Board's policy to use restricted net position prior to the use of unrestricted net position when both restricted and unrestricted net position are available for an expense which has been incurred.
- c. Unrestricted net position consists of all other assets, deferred outflows of resources, liabilities, and deferred inflows of resources that do not meet the definition of "restricted" or "net investment in capital assets."

In the fund financial statements, governmental fund equity is classified as fund balance. Fund balances for governmental funds are reported in classifications that comprise a hierarchy based primarily upon the extent to which the School Board is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The categories and their purposes are:

- a. Nonspendable includes fund balance amounts that cannot be spent either because they are in nonspendable form or because of legal or contractual constraints requiring they remain intact. The School Board's nonspendable fund balance includes inventories and prepaid items.
- b. Restricted includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors, grantors, contributors or amounts constrained due to constitutional provisions or enabling legislation or the laws or regulations of other governments.
- c. Committed includes fund balance amounts that are constrained for specific purposes that are internally imposed by the School Board through formal legislative action of the School Board and do not lapse at year end. A committed fund balance constraint can only be established, modified or rescinded by passage of a resolution by the School Board.
- d. Assigned includes fund balance amounts that are constrained by the School Board's intent to be used for specific purposes, that are neither restricted nor committed. The assignment of fund balance is authorized by a directive approved by the School Board's finance committee.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

e. Unassigned includes fund balance amounts which have not been classified within the above-mentioned categories.

It is the School Board's policy to use restricted amounts first when both restricted and unrestricted fund balance is available unless prohibited by legal or contractual provisions. Additionally, the School Board uses committed, assigned, and lastly, unassigned amounts of fund balance in that order when expenditures are made unless Board members or the finance committee has provided otherwise in its commitment or assignment actions.

As of June 30, 2025, fund balances are comprised of the following:

	<u>General Fund</u>	<u>Other Governmental Funds</u>	<u>Total Governmental Funds</u>
Nonspendable:			
Inventories	\$ -	\$ 169,957	\$ 169,957
Prepaid items	145,324	-	145,324
Restricted:			
Debt retirement	-	1,744,856	1,744,856
Sales tax for salaries and benefits	3,558,489	-	3,558,489
Capital expenditures	-	64	64
Committed:			
Worker's compensation	94,852	-	94,852
For subsequent years expenditures	-	7,849,457	7,849,457
Unassigned	<u>17,539,004</u>	<u>-</u>	<u>17,539,004</u>
 Total fund balances	 <u>\$ 21,337,669</u>	 <u>\$ 9,764,334</u>	 <u>\$ 31,102,003</u>

E. Revenues, Expenditures and Expenses

Revenues

The School Board considers revenue to be susceptible to accrual in the governmental funds as it becomes measurable and available, as defined under the modified accrual basis of accounting. The School Board generally defines the availability period for revenue recognition as received within sixty (60) days of year end. The School Board's major revenue sources that meet this availability criterion are ad valorem taxes, sales and use taxes, and federal and state grants.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

There are three classifications of programmatic revenues for the School Board, program specific grant and contributions revenue (operating and capital) and charges for services. Grant revenues are revenues from federal, state, and private grants. These revenues are recognized when all applicable eligibility requirements are met and reported as intergovernmental revenues. Charges for services are revenues derived directly from the program itself or from parties outside of the School Board's taxpayers as a whole. Program revenues reduce the cost of the function to be financed from the School Board's general revenues. The primary source of program revenues is grant revenues.

Federal and state entitlement (unrestricted grants-in-aid, which include state equalization and state revenue sharing) are recorded when available and measurable. Expenditure-driven federal and state grants, which are restricted as to the purpose of the expenditures, are recorded when the reimbursable expenditures have been incurred.

Ad valorem taxes are recorded in the year the taxes are due and payable. Ad valorem taxes are assessed in November, by the Parish Assessor, based on the assessed value and become due on December 31 of each year. The taxes become delinquent on January 1. An enforceable lien attaches to the property as of January 1. The taxes are generally collected in December, January, and February of the fiscal year. Property tax revenues are recognized when levied to the extent that they result in current receivables. Such amounts are measurable and available to finance current operations.

Interest income is recorded as earned in the fund holding the interest-bearing assets. Revenues from rentals, leases, and royalties are recorded when earned. Sales and use tax revenues are recorded in the month collected by the School Board.

Substantially all other revenues are recorded when received.

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function. In the fund financial statements, expenditures are classified by character. In the fund financial statements, governmental funds report expenditure of financial resources whereas the government-wide financial statements report expenses related to the use of economic resources.

The School Board reports all direct expenses by function in the statement of activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses of other functions are not allocated to those functions but are reported separately in the statement of activities. Depreciation expense is specifically identified by function and is included in direct expenses of each function. Interest on long-term debt is considered an indirect expense and is reported separately on the statement of activities.

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

Salaries are recorded as expenditures when incurred. Nine-month employee salaries are incurred over a nine-month period but paid over a twelve-month period. Compensated absences are recognized as expenditures when leave is actually taken or when employees (or heirs) are paid for accrued leave upon retirement or death.

Commitments under construction contracts are recognized as expenditures when earned by the contractor. Principal and interest on long-term obligations are not recognized until due.

All other expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Interfund Transfers

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual governmental funds have been eliminated.

Other Financing Sources (Uses)

Other types of transactions such as capital lease transactions, sales of capital assets, debt extinguishments, long-term debt proceeds, et cetera, are accounted for as other financing source (uses) in the fund financial statements. These other financing sources (uses) are recognized at the time the underlying event occurs.

F. Revenue Restrictions

The School Board has various restrictions/assignments placed over certain revenue sources from state or local requirements. The primary restricted revenue sources include:

Revenue Source	Legal Restrictions/Assignments on Use
Ad valorem taxes	See Note 4
Sales taxes	See Note 6

G. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues, expenditures, and expenses during the reported period. Actual results could differ from those estimates.

Notes to the Basic Financial Statements (Continued)

(2) Cash and Interest-bearing Deposits

Under state law, the School Board may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The School Board may invest in direct obligations of the United States government, bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by federal agencies and/or the United States government, and time certificates of deposit of state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2025, the School Board had cash and interest-bearing deposits (book balances) totaling \$26,986,711 as follows:

	Governmental Activities	Fiduciary Funds	Total
Demand deposits	\$ 23,021,472	\$ 232,044	\$ 23,253,516
Time and money market accounts	<u>3,733,195</u>	-	<u>3,733,195</u>
Total	<u>\$ 26,754,667</u>	<u>\$ 232,044</u>	<u>\$ 26,986,711</u>

Custodial credit risk is the risk that in the event of the failure of a depository financial institution, the School Board's deposits may not be recovered or the collateral securities that are in the possession of an outside party will not be recovered. These deposits are stated at cost, which approximates fair value. Under state law, deposits (or the resulting bank balances) must be secured by federal deposit insurance, or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Deposit balances (bank balances) at June 30, 2025, are secured as follows:

Bank balances	<u>\$ 28,050,042</u>
Federal deposit insurance	\$ 1,374,036
Pledged securities	<u>26,676,006</u>
Total	<u>\$ 28,050,042</u>

Deposits in the amount of \$26,676,006 were exposed to custodial credit risk. These deposits are uninsured and collateralized with securities held by the pledging institution's trust department or agent, but not in the School Board's name. The School Board does not have a policy for custodial credit risk.

ALLEN PARISH SCHOOL BOARD

Notes to the Basic Financial Statements (Continued)

(3) Investments

At June 30, 2025, the School Board had the following investments and maturities:

Investment Type	% of Portfolio	Investment Maturities		
		Fair Value	Less Than One Year	One - Five Years
Governmental Activities -				
Mutual Funds:				
Money market	0.1%	\$ 10,748	\$ 10,748	\$ -
State Investment Pool (LAMP)	99.9%	<u>7,939,657</u>	<u>7,939,657</u>	<u>-</u>
Total Governmental Activities	<u>100.0%</u>	<u>\$ 7,950,405</u>	<u>\$ 7,950,405</u>	<u>\$ -</u>

Interest Rate Risk – The School Board does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk/Concentration of Credit Risk – Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The School Board limits investments to government securities that are direct and indirect obligations of the United States Government. Less than 5% of the investments above are in fixed income government securities which are invested in Federal Farm Credit Bank and Federal Home Loan Mortgage Association. At June 30, 2025, investments with a fair value of \$10,748 were not rated.

Custodial Credit Risk – For an investment, custodial credit risk is the risk that in the event of the failure of a counterparty, the School Board will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The School Board requires all investments to be in the School Board's name and all ownership securities to be evidenced by an acceptable safekeeping receipt issued by a third-party financial institution which is acceptable to the School Board. Accordingly, the School Board had no custodial credit risk related to its investments at June 30, 2025.

The School Board participates in the Louisiana Asset Management Pool (LAMP). LAMP is administered by LAMP, Inc., a nonprofit corporation organized under the laws of the State of Louisiana. Only local governmental entities having contracted to participate in LAMP have an investment interest in its pool of assets. The primary objective of LAMP is to provide a safe environment for the placement of public funds in short-term, high-quality investments. The LAMP portfolio includes only securities and other obligations in which local governments in Louisiana are authorized to invest in accordance with LA – R.S. 33:2955. LAMP is an investment pool that, to the extent practical, invests in a manner consistent with accounting standards. The following facts are relevant for investment pools:

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

Credit risk – LAMP is rated AAA by Standard & Poor's.

Custodial credit risk – LAMP participants' investments in the pool are evidenced by shares of the pool. Investments in pools should be disclosed, but not categorized because they are not evidenced by securities that exist in physical or book-entry form. The public entity's investment is with the pool, not the securities that make up the pool; therefore, no disclosure is required.

Concentration of credit risk – LAMP's pooled investments are excluded from the 5 percent disclosure requirement.

Interest rate risk – LAMP is designed to be highly liquid to give its participants immediate access to their account balances. LAMP prepares its own interest rate risk disclosure using the weighted average maturity (WAM) method. The WAM of LAMP assets is restricted to not more than 90 days and consists of no securities with a maturity in excess of 397 days or 762 days for U.S. government floating/variable rate investments.

The investment in LAMP is stated at fair value. The fair value is determined on a weekly basis by LAMP and the value of the position in the external investment pool is the same as the net asset value of the pool shares. LAMP, Inc. is subject to the regulatory oversight of the state treasurer and the board of directors. LAMP is not registered with the SEC as an investment company.

(4) Ad Valorem Taxes

Ad valorem taxes attach as an enforceable lien on property as of January 1 of each year. During the fiscal year ended June 30, 2025, taxes were levied by the School Board in September 2024 and were billed to taxpayers by the Assessor in November. Billed taxes are due by December 31, becoming delinquent on January 1 of the following year. The taxes are based on assessed values determined by the Tax Assessor of Allen Parish and are collected by the Sheriff. The taxes are remitted to the School Board net of deductions for Pension Fund contributions.

For the year ended June 30, 2025, taxes were levied on property with net assessed valuations totaling \$146,282,218 and were dedicated as follows:

Constitutional school tax - parish wide	4.28 mills
Special school taxes:

Gross taxes levied for the current fiscal year totaled \$6,641,561. After adjustments for various uncollectible taxes and collections of back taxes, net taxes remitted to the School Board amounted to \$6,936,120.

(5) Tax Abatements

The School Board is subject to property tax abatements granted by the Louisiana Department of Economic Development. This program has the stated purpose of increasing business activity and employment in the Parish and the State. Under the program, companies commit to expand or maintain facilities or employment in the Parish, establish a new business in the Parish, or relocate an existing business to the Parish. Agreements include an abatement of ad valorem taxes for a period of 10 years from the initial assessment date. The School Board's ad valorem tax revenues were reduced by \$244,239 as a result of the tax abatement.

(6) Sales and Use Taxes

The School Board receives sales and use tax revenues from three sales and use tax levies, as follows:

- A. Proceeds of a one percent sales and use tax was initially levied by authority of an election held on January 16, 1988, and was extended through March 25, 2032 by authority of an election held on March 26, 2022. On March 26, 2022, voters of the parish approved this levy for another ten years. The proceeds of the tax are used to supplement other revenues available to the School Board to pay salaries of teachers and the expenses of operating the public schools of Allen Parish.
- B. On July 19, 2003, the voters of the parish approved an additional one percent sales and use tax to be levied by the School Board in perpetuity. The proceeds of the tax will be used exclusively for the purpose of supplementing the salaries and benefits of teachers and other school employees.
- C. On May 4, 2019, the voters of the parish approved a one percent sales and use tax to be levied by the School Board for a period of ten years effective July 1, 2019, expiring June 30, 2029. The proceeds of the tax are used to supplement other revenues available to the School Board to pay salaries of teachers and the expenses of operating the public schools of Allen Parish.

The School Board is also authorized to collect sales taxes on behalf of the Allen Parish Policy Jury and other taxing authorities within Allen Parish. Sales tax revenues for the School Board (\$13,079,542 in 2025) are included in the revenues of the General Fund.

(11) Long-Term Liabilities

The School Board issues general obligation bonds, secured by ad valorem taxes, to provide for the acquisition and construction of major capital facilities. These bonds are direct obligations and pledge the full faith and credit of the Board and are generally issued as 20 or 30-year serial bonds. All of the School Board's long-term debt is associated with governmental activities. Compensated absences are generally liquidated by the General and School Food Service Special Revenue Fund.

In the event of default on the General Obligation bonds, the bondholders may take action as deemed necessary and appropriate as permitted by law to cause the School Board to comply with its obligations under the debt and compel performance.

(12) Post-Retirement Health Care and Life Insurance Benefits

Plan Description: The School Board's defined benefit postemployment health care plan provides OPEB for permanent full-time employees and for certain retired employees. Medical benefits are provided to employees upon actual retirement. Coverage is also provided to spouses of retirees who are currently receiving benefits. The OGB plan is a single employer defined benefit OPEB plan provided through the Louisiana Office of Group Benefits (OGB) and involve several statewide networks and one HMO, with a premium structure by region. The OGB issues a separate financial report which is available at www.groupbenefits.org along with the plan provisions contained in the official plan documents of the OGB. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement no. 75.

Funding Policy: The School Board recognizes the cost of providing post-employment medical and life benefits as an expenditure when the monthly premiums are due. The benefits are financed on a pay-as-you-go basis. The monthly premiums for the health benefit are paid jointly by the employee and employer. The percentage of the premium paid by the School Board ranges from 19% to 75% depending on years of participation. Life insurance coverage under the OGB program is available to retirees by election. The employer pays 50% of the "cost" of the retiree life insurance.

Employees Covered by Benefit Terms: At July 1, 2023, the following employees were covered by the benefit terms:

Active employees	526
Inactive employees entitled to but not yet receiving benefit payments	-
Inactive employees currently receiving benefit payments	<u>500</u>

(13) Pension Plans

The School Board participates in three cost-sharing defined benefit plans, each administered by separate public employee retirement systems. Article X, Section 29(F) of the Louisiana Constitution of 1974 assigns the authority to establish and amend benefit provisions of all plans administered by these public employee retirement systems to the State Legislature. These plans are not closed to new entrants. Substantially all School Board employees participate in one of the following retirement systems:

Plan Descriptions

Teachers' Retirement System of Louisiana (TRSL) provides retirement allowances and other benefits as stated under the provisions of LRS 11:700-999, as amended, for eligible teachers, employees, and their beneficiaries.

Louisiana State Employees' Retirement System (LASERS) provides retirement, disability, and survivor benefits to eligible state employees and their beneficiaries as defined in the Louisiana Revised Statutes. The age and years of creditable service required in order for a member to receive retirement benefits are established by LRS 11:441 and vary depending on the member's hire date, employer and job classification.

State of Louisiana School Employees' Retirement System (LSERS) provides retirement, disability and survivor benefits as provided for by LRS 11:1001 for all eligible school bus drivers, school janitors, school custodians, school maintenance employees, school bus aides, or other regular school employees who actually work on a school bus helping with the transportation of school children.

The systems' financial statements are prepared using the accrual basis of accounting. Employer and employee contributions are recognized in the period in which the employee is compensated for services performed. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. Interest income is recognized when earned. Ad valorem taxes and revenue sharing monies are recognized in the year collected by the tax collector.

A brief summary of eligibility and benefits of the plans are follows:

Teachers' Retirement System of Louisiana (TRSL): Regular plan members whose first employment makes them eligible for membership in a Louisiana state retirement system on or after January 1, 2011, may retire with a 2.5% accrual rate after attaining age sixty with at least 5 years of service credit and are eligible for an actuarially reduced benefit with 20 years of service at any age. All other members, if initially hired on or after July 1, 1999, are eligible for a 2.5% accrual rate at the earliest of age 60 with 5 years of service, age 55 with 25 years of service, or at any age with 30 years of service. Members may retire with an actuarially reduced benefit with 20 years of service at any age. If hired before July 1, 1999, members are eligible for a 2% accrual rate at the earliest of age 60 with 5 years of service, or at any age with 20 years of service and are eligible for a 2.5% accrual rate at the earliest of age 65 with 20 years of service, age 55 with 25 years of service, or at any age with 30 years of service. Plan A members may retire with a 3.0% annual accrual rate at age 55 with 25 years of service, age 60 with 5 years of service or 30 years of service, regardless of age. Plan A is closed to new entrants. No School Board employees are participants of Plan A. Plan B members may retire with a 2.0% annual accrual rate at age 55 with 30 years of service, or age 60 with 5 years of service. For all plans, retirement benefits are based on a formula which multiplies the final average compensation by the applicable accrual rate, and by the years of creditably service. For Regular Plan and Lunch Plan B members whose first employment makes them eligible for membership in a Louisiana state retirement system on or after January 1, 2011, final average compensation is defined as the highest average 60-month period. For all other members, final average compensation is defined as the highest average 36-month period.

Notes to the Basic Financial Statements (Continued)

Louisiana State Employees' Retirement System (LASERS): The age and years of creditable service required in order for a member to retire with full benefits are established by statute, and vary depending on the member's hire date, employer, and job classification. The majority of LASERS rank and file members may either retire with full benefits at any age upon completing 30 years of creditable service or at age 60 upon completing five to ten years of creditable service depending on their plan. Additionally, members may choose to retire with 20 years of service at any age, with an actuarially reduced benefit. The basic annual retirement benefit for members is equal to 2.5% to 3.5% of average compensation multiplied by the number of years of creditable service. Average compensation is defined as the member's average annual earned compensation for the highest 36 months of employment for members employed prior to July 1, 2006. For members hired July 1, 2006 or later, average compensation is based on the member's average annual earned compensation for the highest 60 consecutive months of employment.

State of Louisiana School Employees' Retirement System (LSERS): A member who joined the System on or before June 30, 2010, is eligible for normal retirement if he has at least 30 years of creditable service regardless of age, 25 years of creditable service and is at least age 55, 20 years of creditable service regardless of age with an actuarially reduced benefit, or 10 years of creditable service and is at least age 60. A member who joined the System on or after July 1, 2010 is eligible for normal retirement if he has at least 5 years of creditable service and is at least age 60, or 20 years of creditable service regardless of age with an actuarially reduced benefit. For members who joined the System prior to July 1, 2006, the maximum retirement benefit is an amount equal to 3 1/3% of the average compensation for the three highest consecutive years of membership service, subject to the 10% salary limitation, multiplied by the number of years of service limited to 100% of final average compensation plus a supplementary allowance of \$2.00 per month for each year of service. For members who joined the System on or after July 1, 2006 through June 30, 2010, 3 1/3% of the average compensation is used to calculate benefits, however, the calculation consists of the five highest consecutive years of members hip service, subject to the 10% salary limitation. For members who join the System on or after July 1, 2010, 2 1/2% of the average compensation is used to calculate benefits and consists of the five highest consecutive years' average salary, subject to the 15% salary limitation.

Contributions

Article X, Section 29(E)(2)(a) of the Louisiana Constitution of 1974 assigns the Legislature the authority to determine employee contributions. Employer contributions are actuarially determined using statutorily established methods on an annual basis and are constitutionally required to cover the employer's portion of the normal cost and provide for the amortization of the unfunded accrued liability. Employer contributions are adopted by the Legislature annually upon recommendation of the Public Retirement Systems' Actuarial Committee.

Contributions to the plans are required and determined by state statute (which may be amended) and are expressed as a percentage of covered payroll. The contribution rates in effect for the year ended June 30, 2025 for the School Board and covered employees were as follows:

Notes to the Basic Financial Statements (Continued)

Plan	Active Member Contribution Percentage	Employer Contribution Percentage
TRSL:		
Regular Plan	8.00%	21.51%
Plan B	5.00%	21.51%
LASERS	7.5% - 8.00%	34.74%
LSERS	7.5% - 8.00%	25.80%

The contributions made by the School Board to each of the retirement systems for the past three fiscal years, which equaled the required contributions for each of these years, were as follows:

Plan	2025	2024	2023
TRSL:			
Regular Plan	\$ 5,670,517	\$ 6,184,078	\$ 6,191,298

LASERS	38,217	30,533	-
LSERS	678,543	655,083	693,309

At June 30, 2025 the School Board reported payables of \$984,113 for the outstanding amount of contributions due to the retirement systems for the year.

Net Pension Liability

The School Board's net pension liability at June 30, 2025 is comprised of its proportionate share of the net pension liability relating to each of the cost-sharing plans in which the School Board is a participating employer. The School Board's net pension liability for each plan was measured as of the plan's measurement date of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation at that date. The School Board's proportionate share of the net pension liability for each of the plans in which it participates was based on the School Board's required contributions in proportion to the total required contributions for all employers.

As of the most recent measurement date, the School Board's proportion for each plan and the change in proportion from the prior measurement date were as follows:

Plan	Proportionate Share of Net Pension Liability	Proportionate Share (%) of Net Pension Liability	Increase/(Decrease) from Prior Measurement Date
TRSL	\$ 38,659,398	0.447780%	-0.022160%
LASERS	206,380	0.003800%	0.003800%
LSERS	3,264,199	0.643640%	-0.081560%
Total	<u>\$ 42,129,977</u>

Notes to the Basic Financial Statements (Continued)

Since the measurement date of the net pension liability was June 30, 2024, the net pension liability is based upon fiduciary net position for each of the plans as of those dates. Detailed information about each pension plan's assets, deferred outflows, deferred inflows, and fiduciary net position that was used in the measurement of the School Board's net pension liability is available in the separately issued plan financial reports for those fiscal years. The financial report for each plan may be accessed on their website as follows:

Cost of Living Adjustments

As fully described in Title 11 of the Louisiana Revised Statutes, each plan allows for the payment of permanent benefit increases, also known as cost-of-living adjustments (COLAs) that are funded through investment earnings when recommended by the Board of Trustees and approved by the State Legislature.

Discount Rate

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contributions rates and the member rate. Based on those assumptions, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability. The discount rate used to measure the total pension liability for TRSL, LASERS, and LSERS was 7.25%, 7.25%, and 6.80%, respectively for the year ended June 30, 2024.

The discount rates used to measure the School Board's total pension liability for each plan is equal to the long-term expected rate of return on pension plan investments that are expected to be used to finance the payment of benefits. For TRSL and LASERS, the long term expected rate of return on pension plan investments was determined using the building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation and an adjustment for the effect of rebalancing/diversification.

For LSERS the long-term expected rate of return on pension plan investments was determined using a triangulation method which integrated the CAPM pricing model (top-down), a treasury yield curve approach (bottom-up) and an equity building block model (bottom-up). Risk return and correlations are projected on a forward-looking basis in equilibrium, in which best estimates of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These rates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic/geometric real rates of return for each major asset class are summarized for each plan in the following table:

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Changes in the net pension liability may either be reported in pension expense in the year the change occurred or recognized as a deferred outflow of resources or a deferred inflow of resources in the year the change occurred and amortized into pension expense over a number of years. For the year ended June 30, 2025, the School Board recognized \$4,108,164 in pension expense (benefit) related to all defined benefit plans in which it participates.

At June 30, 2025, the School Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,273,559	\$ 913
Changes of assumptions	1,036,245	1,129,367
Net difference between projected and actual earnings on pension plan investments	2,936,890	336,027
Change in proportion and differences between employer contributions and proportionate share of contributions	1,209,352	1,971,621
Employer contributions subsequent to the measurement date	6,630,052	-
Total	\$ 14,086,098	\$ 3,437,928

ALLEN PARISH SCHOOL BOARD
Oberlin, Louisiana

Notes to the Basic Financial Statements (Continued)

Deferred outflows of resources of \$7,134,784 resulting from the employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability during the subsequent year. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions to be recognized in pension expense are as follows:

Year Ended June 30	Net Amount Recognized in Pension Expense
2026	\$ (695,321)
2027	4,620,514
2028	218,831
2029	<u>(125,906)</u>
	 <u>\$ 4,018,118</u>

Sensitivity of the School Board's Proportionate Share of the Net Pension Liabilities to Changes in the Discount Rate

The following presents the School Board's proportionate shares of the net pension liabilities of the plans, calculated using their respective discount rates, as well as what the School Board's proportionate shares of the net pension liabilities would be if they were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

Plan	Current Discount Rate	Net Pension Liability		
		1% Decrease	Current Discount Rate	1% Increase
TRSL	7.25%	\$ 56,026,079	\$ 38,659,398	\$ 24,058,493
LASERS	7.25%	285,006	206,380	139,567
LSERS	6.80%	<u>4,968,119</u>	<u>3,264,199</u>	<u>1,803,719</u>

Notes to the Basic Financial Statements (Continued)

(14) On-Behalf Payments

The accompanying financial statements include on-behalf payments made by the Allen Parish Tax Collector in the amount of \$218,853 to the Teacher's Retirement System of Louisiana for employee retirement benefits, as required by GASB Statement No. 24 *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*. The amount of \$218,853 is recorded in the accounting system of the Allen Parish School Board.

(15) Risk Management

The School Board has established a limited risk management program for workers' compensation. The School Board employs a third-party administrator for this program. During the year ended June 30, 2025 a total of \$225,268 was incurred in benefits and administrative costs. The School Board purchases commercial insurance for individuals' claims in excess of \$250,000. There have been no significant reductions in the insurance coverage during the year nor have settlements exceeded coverage for the past three years.

(16) Commitments and Contingencies

A. Contingent Liabilities

At June 30, 2025, the School Board was a defendant in several lawsuits principally arising from the normal course of operations. After conferring with legal counsel, it is the opinion of the School Board that it is unlikely for any significant liability to arise from these lawsuits.

B. Grant Audits

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the School Board expects such amounts, if any, to be immaterial. Also, a liability for findings and questioned costs is not established until final disposition of such matter by the funding agency.

(17) Economic Dependency

The Minimum Foundation funding provided by the State of Louisiana (State) to all public-school systems is primarily based on the October 1st student count. The State provided approximately 45% of the School Board's revenue through this program during the year.

(18) New Accounting Pronouncements

The Governmental accounting Standards Board (GASB) has issued the following statements and implementation guides which were not required to be implemented by the School Board during the current fiscal year.

- Statement No. 103, "Financial Reporting Model Improvements." The requirements of this Statement are effective for annual reporting periods beginning after June 15, 2025.
- Statement No. 104, "Disclosure of Certain Capital Assets." The requirements of this Statement are effective for annual reporting periods beginning after June 15, 2025.

The effect of implementation of these new pronouncements on the School Board's financial statements has not yet been determined.

(19) Compensation, Benefits, and Other Payments to Superintendent

A detail of compensation, benefits, and other payments made to Superintendent Brad Soileau for the year ended June 30, 2025 follows:

(1) Retirement Systems

Changes in Benefit Terms – There were no changes in benefit terms for the retirement plans for the year ended June 30, 2025.

Changes in Assumptions – Change in assumptions about future economic or demographic factors or of other inputs were recognized in pension expense using the straight-line amortization method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plan. These assumptions include the rate of investment return, mortality of plan members, rate of salary increases, rates of retirement, rates of termination, rates of disability, and various other factors that have an impact on the cost of the plan.

Amounts reported for the fiscal year ended June 30, 2025 for the pension plan reflect the following changes used to measure the total pension liability.

(3) Budget Practices

The proposed budget for 2025 was completed and made available for public inspection at the School Board office prior to the required public hearing held for suggestions and comments from taxpayers. The School Board formally adopted the proposed fiscal year 2025 budget on September 9, 2024. In accordance with R.S.17:88(A), parish school boards must adopt the budget no later than September fifteenth of each year. The budget, which included proposed expenditures and the means of financing them, for the General and Special Revenue Funds, was published in the official journal ten days prior to the public hearing.

The budgets for the General and Special Revenue Funds for the fiscal year were prepared on the modified accrual basis of accounting, consistent with generally accepted accounting principles (GAAP).

Formal budgetary accounts are integrated into the accounting system during the year as a management control device, including the recording of encumbrances. With the exception of the multi-year projects in the capital projects funds, appropriations lapse at the end of each fiscal year.

The level of control over the budget is exercised at the function or program level for the General and Special Revenue. The Superintendent and/or Director of Finance are authorized to transfer budget amounts within each fund; however, any supplemental appropriations that amend the total expenditures of any fund require School Board approval. As required by state law, when actual revenues within a fund are failing to meet estimated annual budgeted revenues by five percent or more, and/or actual expenditures within a fund are exceeding estimated budgeted expenditures by five percent or more, a budget amendment to reflect such changes is adopted by the School Board in an open meeting. Budgeted amounts included in the financial statements include the original adopted budget and all subsequent amendments.

OTHER SUPPLEMENTARY INFORMATION

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Coushatta Tribe of Louisiana Community Grant Fund

The Coushatta Tribe of Louisiana Community Grant Fund accounts for grant revenues received from the Coushatta Tribe of Louisiana.

School District Maintenance Ward 1, No. 1, No. 3, No. 5, No. 25, and No. 4A Funds

To account for the various school districts proceeds of ad valorem taxes levied for maintaining and improving schools within each district.

Title I - Improving America's Schools

Title I - Improving America's Schools is a program for economically and educationally deprived school children that is federally financed, state-administered, and locally operated by the School Board. The Title I Fund accounts for the federal monies received. The Title I services are provided through various projects that are designed to meet the special needs of educationally deprived children. The activities supplement, rather than replace, state and locally mandated activities.

Special Education

The Special Education Fund accounts for federal monies provided to extend and improve comprehensive educational programs for handicapped children and to provide a free, appropriate public education in the least restrictive environment to handicapped children.

School Food Service Fund

The school lunch program provides nourishing morning and noon meals for students in all grades. This program is supplemented by both federal and state funds that are based on reimbursement and participation.

Title II Teacher and Principal Training and Recruiting Fund

A federally funded program to the School Board which is designed to increase student academic achievement through strategies such as improving teacher and principal quality and increasing the number of highly qualified teachers in the classroom and highly qualified principals and assistant principals in schools.

Title IV B Rural Education Achievement Program

A federally funded program to the School Board which is designed to improve student achievement in rural areas.

School Activity Fund

To account for individual school monies on deposit in various bank accounts. While the school activity accounts are under the supervision of the School Board, they belong to the individual schools or their student bodies and are not available for use by the School Board.

NONMAJOR GOVERNMENTAL FUNDS

Debt Service Funds

School District - Ward I, No. 1, No. 3, No. 4, No. 5 and No. 25 Funds

The debt service funds accumulate monies to pay outstanding bond issues of the respective school districts. The bonds are used to acquire and improve sites, school buildings, equipment, and furnishings. The debt issues are financed by a special property tax levy on property within the territorial limits of the appropriate school districts.

Capital Projects Funds

School District - Ward I, No. 1, No. 3, No.4, No. 5, and No. 25 Funds

The capital project funds account for district-wide construction and improvements of public school facilities. Financing is provided by the proceeds from the sale of general obligation bonds.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Mr. Brad Soileau, Superintendent,
and Members of the Allen Parish School Board
Oberlin, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Allen Parish School Board (School Board) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the School Board's basic financial statements and have issued our report thereon dated December 3, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the School Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the School Board's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School Board's internal control and compliance. Accordingly, this communication is not suitable for any other purpose; however, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Mr. Brad Soileau, Superintendent,
and Members of the Allen Parish School Board
Oberlin, Louisiana

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Allen Parish School Board's (School Board) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the School Board's major federal programs for the year ended June 30, 2025. The School Board's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the School Board complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School Board and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the School Board's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the School Board's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School Board's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School Board's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the School Board's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the School Board's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the School Board's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be

prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose; however, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2025

(1) Basis of Accounting

The accompanying schedule of expenditures of federal awards (the schedule) includes the federal award activity of the Allen Parish School Board under programs of the federal government for the year ended June 30, 2025. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Allen Parish School Board, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Allen Parish School Board.

(2) Summary of Significant Accounting Policies

Expenditures reported on the Schedule of Expenditures of Federal Awards are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through identifying numbers are presented where available.

The Allen Parish School Board has not elected to use the 10 percent *de minimus* indirect cost rate as allowed under the Uniform Guidance.

(3) Commodities

The commodities received, which are noncash revenues, are valued using pricing provided by the United States Department of Agriculture.

(4) Subrecipients

The School Board provided no federal awards to subrecipients.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Mr. Brad Soileau, Superintendent,
Members of the Allen Parish School Board,
the Louisiana Department of Education,
and the Louisiana Legislative Auditor

We have performed the procedures enumerated below on the performance and statistical data accompanying the annual financial statements of the Allen Parish School Board for the fiscal year ended June 30, 2025; and to determine whether the specified schedules are free of obvious errors and omissions, in compliance with Louisiana Revised Statute 24:514I. Management of the Allen Parish School Board is responsible for its performance and statistical data.

The Allen Parish School Board has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the performance and statistical data accompanying the annual financial statements. Additionally, the Louisiana Department of Education and the Louisiana Legislative Auditor have agreed to and acknowledged that the procedures performed are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purpose.

The procedures and associated findings are as follows:

General Fund Instructional and Support Expenditures and Certain Local Revenue Sources (Schedule 1)

1. We selected a sample of 25 transactions, reviewed supporting documentation, and observed that the sampled expenditures/revenues are classified correctly and are reported in the proper amounts among the following amounts reported on the schedule:

- Total General Fund Instructional Expenditures
- Total General Fund Equipment Expenditures
- Total Local Taxation Revenue
- Total Local Earnings on Investment in Real Property
- Total State Revenue in Lieu of Taxes
- Nonpublic Textbook Revenue
- Nonpublic Transportation Revenue

There were no exceptions noted.

Class Size Characteristics (Schedule 2)

2. We obtained a list of classes by school, school type, and class size as reported on the schedule. We then traced a sample of 10 classes to the October 1 roll books for those classes and observed that the class was properly classified on the schedule.

There were no exceptions noted.

Education Levels/Experience of Public School Staff (NO SCHEDULE)

3. We obtained October 1st PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's education level and experience was properly classified on the PEP data or equivalent listing prepared by management.

There were no exceptions noted.

Public School Staff Data: Average Salaries (NO SCHEDULE)

4. We obtained June 30th PEP data submitted to the Department of Education (or equivalent listing provided by management) of all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtained management's representation that the data/listing was complete. We then selected a sample of 25 individuals, traced to each individual's personnel file, and observed that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data (or equivalent listing prepared by management).

There were no exceptions noted.

We were engaged by the Allen Parish School Board to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants, and the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the United States Comptroller General. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the performance and statistical data. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Allen Parish School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

The report is intended solely to describe the scope of testing performed on the performance and statistical data accompanying the annual financial statements of the Allen Parish School Board, as required by Louisiana Revised Statute 24:514I, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Louisiana Legislative Auditor as a public document.

INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

To the Members of the Allen Parish School Board
and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2024 through June 30, 2025. The Allen Parish School Board's management is responsible for those C/C areas identified in the SAUPs.

The Allen Parish School Board has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period July 1, 2024 through June 30, 2025. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

1) Written Policies and Procedures

A. Obtain and inspect the entity's written policies and procedures and observe whether they address each of the following categories and subcategories, if applicable, to public funds and the entity's operations:

i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.

Written policies and procedures were obtained and address the functions noted above.

ii. **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the Public Bid Law; and (5) documentation required to be maintained for all bids and price quotes.

Written policies and procedures were obtained and address the functions noted above.

iii. **Disbursements**, including processing, reviewing, and approving.

Written policies and procedures were obtained and address the functions noted above.

iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g., periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).

Written policies and procedures were obtained and address the functions noted above.

v. **Payroll/Personnel**, including (1) payroll processing, (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee(s) rate of pay or approval and maintenance of pay rate schedules.

Written policies and procedures were obtained and address the functions noted above.

vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.

Written policies and procedures were obtained and do not address the functions noted above.

vii. **Travel and Expense Reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.

Written policies and procedures were obtained and address the functions noted above.

viii. **Credit Cards (and debit cards, fuel cards, purchase cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).

Written policies and procedures were obtained and do not address the functions noted above.

ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute (R.S.) 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) a requirement that documentation is maintained to demonstrate that all employees and officials were notified of any changes to the entity's ethics policy.

Written policies and procedures were obtained and address the functions noted above.

x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Written policies and procedures were obtained and address the functions noted above.

xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Written policies and procedures were obtained and address the functions noted above.

xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Written policies and procedures were obtained and address the functions noted above.

2) Board or Finance Committee

A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

- i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
No exceptions were found as a result of this procedure.
- ii. For those entities reporting on the governmental accounting model, observe whether the minutes referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual comparisons, at a minimum, on all proprietary funds, and semi-annual budget-to-actual comparisons, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
Exceptions were found as a result of this procedure.
- iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
No exceptions were found as a result of this procedure.
- iv. Observe whether the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.
Not applicable.

3) Bank Reconciliations

A. Obtain a listing of entity bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

Obtained a listing of entity bank accounts for the fiscal period and management's representation that the listing is complete.

- i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated or electronically logged);
No exceptions were found as a result of this procedure.
- ii. Bank reconciliations include written evidence that a member of management or a board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation within 1 month of the date the reconciliation was prepared (e.g., initialed and dated or electronically logged); and
No exceptions were found as a result of this procedure.

iii. Management has documentation reflecting it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Exceptions were found as a result of this procedure.

4) Collections (excluding electronic funds transfers)

(This section is not applicable in the current year. There were no exceptions identified in Year 1 of the testing cycle.)

A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e., 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

- i. Employees responsible for cash collections do not share cash drawers/registers;
- ii. Each employee responsible for collecting cash is not also responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g., pre-numbered receipts) to the deposit;
- iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit; and

C. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or custodial fund additions, is (are) not also responsible for collecting cash, unless another employee/official verifies the reconciliation. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.

D. Randomly select two deposit dates for each of the 5 bank accounts selected for Bank Reconciliations procedure #3A (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). *Alternatively, the practitioner may use a source document other than bank statements when selecting the deposit dates for testing, such as a cash collection log, daily revenue report, receipt book, etc.* Obtain supporting documentation for each of the 10 deposits and

- i. Observe that receipts are sequentially pre-numbered.
- ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
- iii. Trace the deposit slip total to the actual deposit per the bank statement.
- iv. Observe the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100 and the cash is stored securely in a locked safe or drawer).
- v. Trace the actual deposit per the bank statement to the general ledger.

5) Non-Payroll Disbursements (excluding card purchases, travel reimbursements, and petty cash purchases)

A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Obtained a listing of locations that process payments for the fiscal period and management's representation that the listing is complete.

B. For each location selected under procedure #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order or making the purchase;

No exceptions were found as a result of this procedure.

ii. At least two employees are involved in processing and approving payments to vendors;

No exceptions were found as a result of this procedure.

iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files;

No exceptions were found as a result of this procedure.

iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments; and

No exceptions were found as a result of this procedure.

v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.

Not applicable.

C. For each location selected under procedure #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction, and:

i. Observe whether the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity; and

No exceptions were found as a result of this procedure.

ii. Observe whether the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under procedure #5B above, as applicable.

No exceptions were found as a result of this procedure.

D. Using the entity's main operating account and the month selected in Bank Reconciliations procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy. *Note: If no electronic payments were made from the main operating account during the month selected the practitioner should select an alternative month and/or account for testing that does include electronic disbursements.*

Not applicable.

6) Credit Cards/Debit Cards/Fuel Cards/Purchase Cards (Cards)

(This section is not applicable in the current year. There were no exceptions identified in Year 1 of the testing cycle.)

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and purchase cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and
 - i. Observe whether there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing (or electronically approved), by someone other than the authorized card holder (those instances requiring such approval that may constrain the legal authority of certain public officials, such as the mayor of a Lawrason Act municipality, should not be reported); and
 - ii. Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under procedure #7B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

(This section is not applicable in the current year. There were no exceptions identified in Year 1 of the testing cycle.)

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements and obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
 - i. If reimbursed using a per diem, observe the approved reimbursement rate is no more than those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov);
 - ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased;
 - iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by Written Policies and Procedures procedure #1A(vii); and
 - iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving the reimbursement.

8) Contracts

(This section is not applicable in the current year. There were no exceptions identified in Year 1 of the testing cycle.)

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. *Alternately, the practitioner may use an equivalent selection source, such as an active vendor list.* Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
 - i. Observe whether the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law;
 - ii. Observe whether the contract was approved by the governing body/board, if required by policy or law (e.g., Lawrason Act, Home Rule Charter);
 - iii. If the contract was amended (e.g., change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval); and
 - iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

9) Payroll and Personnel

(This section is not applicable in the current year. There were no exceptions identified in Year 1 of the testing cycle.)

- A. Obtain a listing of employees and officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees or officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- B. Randomly select one pay period during the fiscal period. For the 5 employees or officials selected under procedure #9A above, obtain attendance records and leave documentation for the pay period, and
 - i. Observe that all selected employees or officials documented their daily attendance and leave (e.g., vacation, sick, compensatory);
 - ii. Observe whether supervisors approved the attendance and leave of the selected employees or officials;
 - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records; and
 - iv. Observe the rate paid to the employees or officials agrees to the authorized salary/pay rate found within the personnel file.
- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials and obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity's policy on termination payments. Agree the hours to the employee's or official's cumulative leave records, agree the pay rates to the employee's or official's authorized pay rates in the employee's or official's personnel files, and agree the termination payment to entity policy.
- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

10) Ethics

(This section is not applicable in the current year. There were no exceptions identified in Year 1 of the testing cycle.)

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A obtain ethics documentation from management, and
 - i. Observe whether the documentation demonstrates that each employee/official completed one hour of ethics training during the calendar year as required by R.S. 42:1170; and
 - ii. Observe whether the entity maintains documentation which demonstrates that each employee and official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

11) Debt Service

(This section is not applicable in the current year. There were no exceptions identified in Year 1 of the testing cycle.)

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.
- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balance and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

12) Fraud Notice

(This section is not applicable in the current year. There were no exceptions identified in Year 1 of the testing cycle.)

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.
- B. Observe the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

13) Information Technology Disaster Recovery/Business Continuity

(This section is not applicable in the current year. There were no exceptions identified in Year 1 of the testing cycle.)

- A. Perform the following procedures:
 - i. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, then inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week (b) was not stored on the government's local server or network, and (c) was encrypted.
 - ii. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if there is no written documentation, then inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
 - iii. Obtain a listing of the entity's computers currently in use and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- B. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in Payroll and Personnel procedures #9C. Observe evidence that the selected terminated employees have been removed or disabled from the network.
- C. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:
 - Hired before June 9, 2020 – completed the training; and
 - Hired on or after June 9, 2020 – completed the training within 30 days of initial service or employment.

14) Prevention of Sexual Harassment

(This section is not applicable in the current year. There were no exceptions identified in Year 1 of the testing cycle.)

- A. Using the 5 randomly selected employees/officials from Payroll and Personnel procedure #9A, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.
- B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).
- C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that the report includes the applicable requirements of R.S. 42:344:
 - i. Number and percentage of public servants in the agency who have completed the training requirements;

- ii. Number of sexual harassment complaints received by the agency;
- iii. Number of complaints which resulted in a finding that sexual harassment occurred;
- iv. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
- v. Amount of time it took to resolve each complaint.

Management's Response

Management of the Allen Parish School Board concurs with the exceptions and are working to address the deficiencies identified.

We were engaged by the Allen Parish School Board to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the Allen Parish School Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
