INDEPENDENT AUDITORS' REPORT

To the Board of Directors for
Lafayette Charter Foundation, Inc.
Lafayette, Louisiana

Opinion

We have audited the accompanying financial statements of Lafayette Charter Foundation, Inc. (the Foundation), a nonprofit organization, which comprise the statement of financial position as of June 30, 2022, and the related statement of activities and changes in net assets, statement of functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above presents fairly, in all material respects, the financial position of the Foundation as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lafayette Charter Foundation, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Related Party Transactions

As discussed in notes 7, 8 and 11 to the financial statements, the Foundation has disclosed significant related party transactions associated with a management contract, building leases and educational services related to the learning pods. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lafayette Charter Foundation, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a

guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lafayette Charter Foundation, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lafayette Charter Foundation, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying combining statement of financial position, combining statement of activities and changes in net assets, Acadiana Renaissance Charter Academy statement of functional expenses, Lafayette Renaissance Charter Academy statement of functional expenses, the combining statement of financial position to fund balance reconciliation, the changes in the combining statement of activities and changes in net assets to changes in fund balance and the schedule of compensation, benefits and other payments to board president presented on pages 17-23, as well as the schedule of expenditures of federal awards presented on pages 29-30, as required by Uniform Guidance, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information on pages 17-23 and the schedule of federal awards on pages 29-30 is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2023, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Lafayette Charter Foundation, Inc. (the Foundation) is a Louisiana not-for-profit entity organized exclusively for educational purposes for providing high quality educational options for the students and families of Louisiana. For the 2021-2022 school year, the Foundation operated two schools, Acadiana Renaissance Charter Academy and Acadiana Renaissance Charter Academy High School (combined as Acadiana) and Lafayette Renaissance Charter Academy (Lafayette), under Type 2 charter agreements pursuant to Louisiana Revised Statutes, Title 17, Chapter 42 with the Louisiana Board of Elementary and Secondary Education (BESE). Acadiana Renaissance Charter Academy High School was opened in the 2020-2021 school year. The charter agreement for Lafayette Renaissance Charter Academy will terminate on June 30, 2024, and the charter agreement for Acadiana will terminate on June 30, 2025, unless renewed at the discretion of BESE. Collectively, the schools had enrollment of approximately 2,400 students for the 2021-2022 school year.

Basis of Accounting

The Foundation prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, which require the Foundation to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Foundation. These net assets may be used at the discretion of the Foundation's management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Foundation or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities. The Foundation has no net assets with donor restrictions for the year ended June 30, 2022.

Functional Allocation of Expenses by Nature and Class

The costs of providing the various programs and administrative activities have been summarized on a functional basis in the statement of functional expenses by nature and class. Accordingly, certain costs have been allocated between program services and management and general services benefited. Such allocations are determined by management on an equitable basis.

Use of Estimates

Management used estimates and assumptions in preparing the financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported revenues and expenditures. Significant estimates have been applied in the determination of depreciation in the preparation of the accompanying financial statements. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Funds Held in Custody

The Foundation considers all student activity funds and unexpended income from these funds to be funds held in custody. All funds held in custody are recorded in the statement of financial position at cost which represents their fair values.

LAFAYETTE CHARTER FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Grants Receivable

Grants receivable represents amounts owed to the Foundation for costs incurred under federal and state grant contracts which are reimbursable to the Foundation. Grants receivable are stated at unpaid balances, less an allowance for doubtful accounts. The Foundation provides for losses on grants receivables using the allowance method. The allowance is based on experience with collections from granting agencies. Receivables are considered impaired if full principal payments are not received in accordance with the contractual terms. It is the Foundation's policy to charge off uncollectible contracts receivable when management determines that the receivable will not be collected. Management has concluded that all receivables are collectible, and as such, no allowance for doubtful accounts has been established as of June 30, 2022.

Public Support and Revenue Recognition

The Foundation receives grants from both the private and public sectors. The public sector grants are for specific purposes and are passed through the Louisiana Department of Education. Additionally, the Foundation receives Minimum Foundation Program (MFP) funding from the Louisiana Department of Education through the Louisiana Board of Elementary and Secondary Education according to the per student funding formula set forth by the Department of Education and an apportionment of local taxes. Substantially all state grants and support are without donor restrictions as to use. A substantial portion of federal grants are expenditure driven and as such is classified as without donor restrictions in the Statement of Activities and Changes in Net Assets. The Foundation also receives federal support for food service that is based on the number of meals served to students. As such, revenue is recognized as meals are served. Before and after care fees and e-rate revenues are recognized when earned (time services are provided).

Contributions are recognized when the donor makes a promise to give to the Foundation that is, in substance, unconditional. All contributions received are recorded as without donor restrictions or with donor restrictions depending on the existence or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Contributions whose donor restrictions are met in the same reporting period are reported as without donor restrictions. No contributions were received for the fiscal year ended June 30, 2022.

Cash

For purposes of the statement of cash flows, cash includes all cash accounts held at financial institutions and cash on hand. At June 30, 2022, the balances in the cash accounts exceeded the amount insured by the Federal Deposit Insurance Corporation by \$3,227,623. Management, however, believes the credit risk associated with these deposits is minimal. Restricted cash represents amounts held by the Foundation for the funds held in custody.

LAFAYETTE CHARTER FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Advertising

The Foundation expenses advertising costs as they are incurred. Such expenses totaled \$64,138 during the fiscal year ended June 30, 2022 and is included under marketing and recruitment expenses on the Statement of Functional Expenses.

Property and Equipment

The Foundation has adopted the practice of capitalizing all expenditures for depreciable assets for per unit cost which exceeds \$750 or an asset purchase over \$5,000. Property and equipment is recorded at cost or at fair value for donated assets. Depreciation of these assets is provided on the straight-line basis over their estimated useful lives ranging from 3 to 20 years. Maintenance and repairs are charged to expense when incurred. Leasehold improvements are amortized over 20 years.

Tax Exempt Status

The Foundation is a nonprofit organization as described in Section 501(c) (3) of the Internal Revenue Code and is exempt from federal and state income taxes as such no provision has been made for federal and state income taxes. If the Foundation would engage in activities unrelated to the purpose for which it was created, taxable income could result. The Foundation had no material unrelated business income for the fiscal year ended June 30, 2022.

The Foundation recognizes the effect of income tax positions only if the positions are more likely than not of being sustained. Recognized income tax positions are recorded at the largest amount that is greater than 50% likely of being realized upon settlement with a taxing authority that has full knowledge of all relevant information. The determination of whether or not a tax position has met the more-likely-than-not recognition threshold considers the facts, circumstances and other information available at the reporting date and is subject to management's judgment. Changes in the recognition or measurement are reflected in the period in which the change in judgment occurs. The Foundation has evaluated its position regarding the accounting for uncertain income tax positions and does not believe that it has any material uncertain tax positions.

New Accounting Pronouncements

The Foundation adopted Accounting Standards Update (ASU) No. 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. This standard addresses measurement of contributed nonfinancial assets recognized by not-for-profit organizations, and enhances disclosures with respect to these contributions. The presentation and disclosures of revenue have been enhanced in accordance with the standard.

LAFAYETTE CHARTER FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounting Pronouncements Issued but not yet Adopted

In February 2016, the FASB issued ASU No. 2016-02, Leases. This accounting standard requires lessees to recognize assets and liabilities related to lease arrangements longer than twelve months on the statements of financial position as well as additional disclosures. The implementation of this standard was delayed by FASB upon issuance of ASU 2020-05 in June 2020. This standard will be effective for the Foundation's fiscal year ending June 30, 2023.

The Foundation is currently assessing the impact of these pronouncements on the financial statements.

2. LIQUIDITY AND AVAILABILITY

Cash	\$ 2,981,566
Grants receivable	<u>1,239,397</u>
Financial assets available to meet general expenditures over the next twelve months	<u>\$ 4,220,963</u>

LAFAYETTE CHARTER FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

5. FUNDS HELD IN CUSTODY

Collections from student activities are funds under the supervision of the Foundation; however, these funds belong to the schools or their student bodies and are not available for use in operations.

6. CONCENTRATION OF SUPPORT

The Foundation received 87% of its support from the MFP and 11% of its support from federal grants passed through the Louisiana Department of Education. The loss or significant reduction of state and federal funding could have a material adverse effect on the Foundation's operations.

7. COMMITMENTS

The Foundation has a formal agreement with Charter Schools USA, Inc. ("CSUSA") to manage, staff, and operate the Schools. The agreement states that CSUSA shall be entitled to cost reimbursements and a management fee for its services. The management fee is 15% of revenues which shall be set forth within the approved annual budget or a lesser percentage if, as otherwise agreed to, by CSUSA. The management agreement allows for CSUSA to make operating advances to the Foundation in the event there are not sufficient funds in the operating account to pay operating expenses. The Foundation's management fees were reduced by \$1,027,140 for the year ended June 30, 2022.

At June 30, 2022, there was \$892,678 due to the Foundation from CSUSA for contributions. These amounts are reflected in the statement of financial position.

For the year ended June 30, 2022, the amount of compensation paid to CSUSA totaled \$3,542,656 for operating the schools as well as the aftercare programs. These amounts are included in the statement of activities and changes in net assets in supporting services.

8. CAPITAL LEASE

The Foundation has entered into 20-year capital lease agreements for property and athletic fields for each of the charter schools. The leases are held by an affiliate of CSUSA. Effective July 1, 2017, there was a lease incentive provided to the schools which resulted in a reassessment of the lease agreement. The result of the reassessment is an updated interest rate for the lease at the date of reassessment on the basis of the remaining lease term and remaining payments. Interest on the lease was originally 9.818% and changed to 9.025%. Principal payments, which commenced on December 1, 2017, per the original lease, changed to commence on July 1, 2020. The lease agreements expire on June 1, 2034. On August 1, 2020, the Foundation opened the Acadiana Renaissance Charter Academy High School and entered into a capital lease agreement with an affiliate of CSUSA. Interest on the lease is 11.04%. The capital lease will expire on July 1, 2040.

Payments are due in monthly installments and are considered late five days after the due date. A five percent late fee is assessed on any payment received after its scheduled due date. No security deposit was required upon execution of this lease. Accrued interest payable related to these capital leases in the amount of \$355,740 was outstanding at June 30, 2022.

10. RETIREMENT PLAN

The Foundation has a qualified Internal Revenue Code Section 401(k) retirement plan (the Plan). The Plan covers all employees who have completed at least two months of service and are at least 21 years old. The Foundation is obligated to match up to 25% of an employee's deferred amount, up to 6% of their pay. The Foundation contributed \$64,917 to this Plan during the year ended June 30, 2022, which is included in benefits on the Statements of Functional Expenses.

11. RELATED PARTY

The Foundation paid for educational services from Blended & Online School Solutions (BOSS) during the fiscal year ending June 30, 2022 totaling \$191,429 for a virtual and blended educational environment (learning pods). Despite the Foundation paying directly for these services to BOSS, CSUSA engaged BOSS under its management agreement with the Foundation. A written agreement between the two parties does not exist and the management agreement was not amended with CSUSA. BOSS is an affiliate of CSUSA through a related limited liability company. In addition, common management exists between both organizations. The Executive Director of BOSS is also the Louisiana Superintendent over Schools who oversees the educational services provided to both Acadiana Lafayette.

NOTES TO FINANCIAL STATEMENTS

12. CONTINGENT LIABILITIES

The Foundation may from time-to-time be subject to claims and liabilities in the normal course of business. A general liability policy has been purchased to cover the costs of such claims. No such claims are outstanding as of June 30, 2022.

Grant Disallowances: The Foundation participates in a number of state and federally assisted grant programs. The programs are subject to audits under the single audit approach as well as audits conducted by the Louisiana and U.S. Department of Education. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under the terms of the grants.

The continuation of the Foundation is contingent upon legislative appropriation or allocation of funds necessary to fulfill the requirements of the charter contracts with the Board of Elementary and Secondary Education. If the legislature fails to appropriate sufficient monies to provide for the continuation of the charter contracts, or if such appropriation is reduced by veto of the governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the charter contracts, the contracts shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 31, 2023, the date that the financial statements were available to be issued, and determined that no additional disclosures are necessary. No events occurring after this date have been considered for inclusion in these financial statements.

U.S. OFFICE OF MANAGEMENT AND BUDGET UNIFORM GUIDANCE**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors for
Lafayette Charter Foundation, Inc.
Lafayette, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of South Louisiana Charter Foundation, Inc. (the Foundation), a nonprofit organization, which are comprised of the statement of financial position as of June 30, 2022, and the related statements of activities and changes in net assets, statement of functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 31, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2022-001, 2022-002 and 2022-004 that we consider to be material weaknesses.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2022-003 and 2022-004.

The Foundation's Responses to the Findings

Government Auditing Standards requires the auditor to perform limited procedures on the Foundation's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The Foundation's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON
INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE**

To the Board of Directors for
Lafayette Charter Foundation, Inc.
Lafayette, Louisiana

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Lafayette Charter Foundation, Inc.'s (the Foundation) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Foundation's major federal programs for the year ended June 30, 2022. The Foundation's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Lafayette Charter Foundation, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Foundation's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Foundation's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Foundation's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Foundation's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Foundation's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-005 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the Foundation's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. The Foundation's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

B. FINDINGS – FINANCIAL STATEMENT AUDIT

2022-001) Internal Control over Financial Statement Preparation

Criteria: The definition of internal control over financial reporting includes ensuring that policies and procedures exist that pertain to an entity’s ability to initiate, record, process, and report financial data consistent with the assertion embodied in the financial statements, which for the Foundation, is that the financial statements are prepared in accordance with generally accepted accounting principles (GAAP).

Condition: As part of the audit process, we assist management in drafting the financial statements and related notes for the year-end audit from a client provided trial balance. We noted, as part of the audit process, adjustments were necessary to correct the year end balances for net assets and accrued interest payable on the statement of net position of the Foundation. These adjustments also impacted the statement of activities. Reclassifications were also necessary for proper presentation of federal, state, local and other revenues. Significant related party transactions were not initially disclosed to the auditors. CSUSA, as management over the financial reporting process, did not identify these adjustments resulting in delays in the audit process and ultimately not meeting the six-month filing requirement with the Louisiana Legislative Auditor. Because of these items there is an indication that the internal controls over year-end GAAP financial statements of the Foundation is not sufficient.

Cause: Insufficient internal review of account balances and reconciliations by accounting personnel of CSUSA allowed errors to exist in the trial balance and go undetected prior to being subjected to audit procedures.

Effect: The Foundation has a material weakness in their internal control over financial reporting, which could lead to material errors in the financial statements.

Recommendation: The Foundation should strengthen its controls including its review and reconciliation and processes over year end closing entries.

View of Responsible Official:

We have been migrating our schools to an Oracle based accounting system that will ultimately streamline reporting and provide greater flexibility to analyze data. As is the case with system transitions, this impacted our ability to meet our reporting timeframes. In addition to working with consultants and a project manager, additional resources have been hired to establish a path and timeline to fully optimize the NetSuite system.

We have identified the timeline constraints in our year end close process and have established set deadlines to assure accurate and timely reporting of financial information. We have also established strong internal controls with consistent account reconciliations and additional layers of review managed by the Accounting Manager and Assistant Controller. These reconciliations will also be reviewed by the Controller on a quarterly basis and prior to final submission to the auditor.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE YEAR ENDED JUNE 30, 2022

B. FINDINGS – FINANCIAL STATEMENT AUDIT (continued)

2022-002) Related-Party Transactions

Criteria: Financial reporting standards require disclosure of significant related-party transactions, including the nature of the relationship, a description of the transactions, dollar amounts of the transaction, and amounts due to or due from the related party at the financial statement date. Given the significance of related party transactions and according to the management contract with Charter Schools USA, the Board should be notified of any subcontracts with respect to the teaching and instruction program. The Board should review these contracts and minutes should reflect the familiarity of the provisions and how they affect the conduct of the schools.

Condition: Audit procedures performed revealed the vendor was a related party that was not previously disclosed by management for which material transactions occurred throughout the fiscal year. A total of \$191,429 was disbursed to this vendor during the fiscal year ended June 30, 2022. The Foundation was unable to provide an executed agreement with the vendor. The Board’s knowledge and understanding of all related party transactions was not specifically evidenced in the minutes of the Foundation prior to the execution of the transactions for educational services provided to the related party vendor.

Cause: Internal controls have not been established to identify and disclose significant related-party transactions.

Effect: The Foundation has a material weakness in financial reporting related to maintaining signed contracts and identifying significant related-party transactions.

Recommendation: We recommend that management adopt a formal policy to identify and monitor these types of transactions for proper monitoring of related party activity as well as inclusion of the appropriate financial statement disclosures. Also, such information should be clearly documented in the board meeting minutes and retained as evidence of the decisions made and the related actions. We also recommend that a better system of document retention be implemented to aid in the strengthening of internal controls over the entire accounting function as well as financial reporting.

View of Responsible Official:

We will ensure moving forward that any presentations of such agreements to the Board be well documented in the Governing Board minutes. The approval of such transactions will also be clearly shown in the minutes. We will also have the Governing Board review and approve current contracts at the board meetings.

B. FINDINGS – FINANCIAL STATEMENT AUDIT (continued)

2022-003) Non-compliance with State Audit Law

Criteria: In accordance with R.S. 24:513, the Foundation must have their financial statements audited in a timely manner. The due date of the audited financial statements is six months after the Foundation’s fiscal year end.

Condition: The Foundation was required to have an audit completed by the filing deadline of December 31, 2022 (six months after its fiscal year end) and the Foundation did not meet this filing deadline.

Cause: The Foundation did not provide requested documentation necessary for audit completion within the deadline.

Effect: As of the date of this report, the Foundation was granted an extension until March 31, 2023 to file by the Louisiana Legislative Auditor. Noncompliance with state audit law could result in the withholding of grant funding, which is imperative to the operations of the Foundation.

Recommendation: The Foundation should ensure requested documentation is provided in a timely manner to allow sufficient time for the auditor to complete their procedures in accordance with State Law and meet future deadlines.

View of Responsible Official:

During the year, we underwent staffing challenges which created difficulty with the timeliness of providing the requested documentation. We have taken the necessary steps to add additional staff who will be based in Louisiana to provide the requested documentation in a timely manner.

B. FINDINGS – FINANCIAL STATEMENT AUDIT (continued)

2022-004) Internal Controls and Profile of Educational Personnel (PEP) Data Reporting to the State Department of Education

Criteria:

In accordance with R.S. 24:514 I, specified agreed-upon procedures are performed on the schedules of performance and statistical data accompanying the basic financial statements of the Foundation for the fiscal year ended June 30, 2022. These procedures assist the State Department of Education in determining whether the specified schedules and data are free of obvious errors and omissions.

- a. One of these procedures require we obtain June 30th PEP data submitted to the Department of Education (DOE) for all classroom teachers, including base salary, extra compensation, and ROTC or rehired retiree status, as well as full-time equivalents, and obtain management's representation that the data/listing is complete. A sample of 25 individuals is selected and we trace to each individual's personnel file, and observe that each individual's salary, extra compensation, and full-time equivalents were properly included on the PEP data. The Foundation is required to maintain supporting documentation, including approvals, for teacher salaries, which includes base salary and extra compensation, in each individual's personnel file necessary to agree amounts paid with amounts reported (PEP data) to the State Department of Education.
- b. One of these procedures require we obtain October 1st PEP data submitted to the Department of Education (or equivalent listing prepared by management), including full-time teachers, principals, and assistant principals by classification, as well as their level of education and experience, and obtained management's representation that the data/listing was complete.

Condition:

During our testing, we noted that the salaries as reported on the June 30th PEP data submitted to the State Department of Education for the 25 individuals selected for testing did not agree to the supporting salary information maintained in the individual's personnel file. We also noted for 12 out of the 25 individuals selected, the years of experience was not properly classified on the PEP data. For 4 out of the 25 individuals selected, support for the years of experience was not provided and for 1 out of the 25 individuals the support for the education level was not provided.

Cause:

Internal controls have not been established to ensure salary related approvals, education levels and experience and any related changes are being maintained in personnel files and/or a reconciliation of PEP data to personnel forms is not being performed by management to ensure the accuracy of the information submitted to the DOE.

Effect:

The exceptions identified in our testing will be reported in the written report in accordance with R.S. 24:514 I and the State Department of Education will determine the effect and corrective action needed by the Foundation.

LAFAYETTE CHARTER FOUNDATION, INC
SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE YEAR ENDED JUNE 30, 2022

B. FINDINGS – FINANCIAL STATEMENT AUDIT (continued)

Recommendation: The Foundation should ensure that salary information is maintained to support the amounts reported in the June 30th PEP data and a reconciliation of a sample of the data submitted and personnel files be performed.

View of Responsible Official:

We have reviewed the supporting information that was provided for this finding and agree with the comments. We realize that improvements are needed in the quality of our PEP data that we submit to the LDOE. To address the issue related to salaries, we will execute appropriate salary reconciliations that will ensure that salary information submitted in the PEP report is accurate and is supported with proper documentation. We have also added resources that will improve the accuracy and reliability of all data provided in the PEP report so that information submitted has been reviewed and has the required supporting documentation.

Criteria: The Uniform Guidance Subpart F section 200.510 requires the preparation of the Schedule of Expenditures of Federal Awards (SEFA) that includes an accurate reporting of federal awards expended based on the terms and conditions of the grants. In order for the SEFA to be prepared accurately and properly report the amounts expended for federal awards, a system of controls should be in existence that includes the timely preparation and review of the amounts reported on the SEFA.

**B. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT
(continued)**

2022-005) Preparation of Schedule of Expenditures and Federal Awards (continued)

Effect: The SEFA provided to us did not contain the correct amounts of federal expenditures which is the basis used to determine the major federal programs to be audited in a fiscal year. Inaccurate reporting may result in improper auditing of the wrong federal programs in any given year and non-compliance with federal regulations.

Cause: The Foundation receives multiple sources of revenues, including both federal and state, which fund the costs of the of the charter schools. The classification of program revenue and therefore federal expenditures was not accurate and not detected during internal review, which resulted in errors on the initial SEFA. This is a repeat finding from the prior year.

**C. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT
(continued)**

2022-005) Preparation of Schedule of Expenditures and Federal Awards (continued)

Recommendation: The Foundation should strengthen its controls including its review and approval processes over the information and balances that is accumulated and reported on the SEFA to make sure the expenditures reported are an accurate representation of federal reimbursements.

Management agrees with the finding. See corrective action plan attached.
