Housing Authority of the Town of Erath, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Housing Authority of the Town of Erath, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Housing Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Housing Authority of the Town of Erath, as of December 31, 2019, and the respective changes in financial position, and cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Housing Authority of the Town of Erath's basic financial statements. The accompanying Financial Data Schedule, required by HUD, and supplementary schedules and statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Financial Data Schedule and supplementary schedules and statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Financial Data Schedule and supplementary schedules and statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 26, 2020, on our consideration of the Housing Authority of the Town of Erath's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide

an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Housing Authority of the Town of Erath's internal control over financial reporting and compliance.

Management's Discussion and Analysis (MD&A) December 31, 2019

Overview of the Financial Statements

The discussion and analysis is intended to serve as an introduction to the authority's basic financial statements. The authority's basic financial statements consist of the Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, Statement of Cash Flows, and the notes to the financial statements.

The authority has only one fund type, namely a proprietary fund. The Statement of Net Position includes all of the authority's assets and liabilities. This fund type is unused for activities which are financed and operated in a manner similar to those in the private sector.

The authority has two main funding sources in its financial operation. These are the Low Rent Public Housing and Capital Fund Programs. Following is a brief description of each.

Low Rent Public Housing – Under the Conventional Public Housing Program, the housing authority rents units it owns to low-income families. The Conventional Public Housing Program is operated under an Annual Contribution Contract (ACC) with HUD, and HUD provides an Operating Subsidy to enable the authority to provide housing at a rent that is based upon 30% of adjusted gross household income.

Capital Fund Program – The Conventional Public Housing Program also includes the Capital Fund Program, the primary funding source for the authority's physical and management improvements. The formula funding methodology is based on size and age of the authority's units.

Management's Discussion and Analysis (MD&A) December 31, 2019

The authority's overall financial position and operations for the past two years are summarized below based on the information in the current and prior financial statements.

The table below lists the asset and liability comparisons for the year ended December 31, 2019.

Statement of Net Position

Category		2018		2019	% Change

Total Liability/Net Position	\$	982,947	\$	940,910	-4.3

- Current assets decreased by \$13,076 or 7.9% from last year. The primary reason for this decrease is due to a decrease in cash and investments in the amount of \$28,612.
- Capital assets, net of accumulated depreciation decreased by \$30,326 or 3.7%. The primary reason for this decrease is due to a decrease in less accumulated depreciation.
- Current liabilities decreased by \$3,028 or 15.8%. The primary reason for this decrease is due to a decrease in accounts payable in the amount of \$5,578.
- Non-current liabilities increased by \$418 or 3.5%. The primary reason for this increase is due to an increase in compensated absences in the amount of \$418.
- Unrestricted net position decreased by \$10,659 or 7.9%. The decrease in cash is the main reason for this decrease.

Ending Net Position	S	946,006 \$	905,021	-4.3

- Operating revenues increased by \$18,820 or 6.2%. The primary reason for this increase is because of an increase in tenant revenue in the amount of \$70,510.
- Total operating expenses decreased by \$22,297 or 4.8%. This change is due primarily to a decrease in depreciation expense of \$20,295.

Management's Discussion and Analysis (MD&A) December 31, 2019

Capital Assets

As of December 31, 2019, the authority's investment in capital assets was \$780,916 (net \$4,270,525 of accumulated depreciation). This investment includes land, building, building improvements, office equipment, dwelling equipment, and maintenance equipment.

Capital Assets					
Category		2018		2019	% Change

Capital Assets, Net	\$	811,242	\$	780,916	-3.7

^{*} Land in the amount of \$57,707 is not being depreciated.

Long Term Liabilities

Long term liabilities consist of compensated absences of \$12,355. The authority does not have any long-term debt at this time.

Future Events that will impact the Authority

The authority relies heavily upon HUD operating subsidies. The amount appropriated has not currently been approved for the FYE 2020 year. Therefore, any results of budget shortfalls cannot be determined.

The authority is under a contract through its Capital Fund Program to continue with the work as stated above and incorporate any new work items into its operation.

NOTES TO THE BASIC FINANCIAL STATEMENTS DECEMBER 31, 2019

INTRODUCTION

The Housing Authority of the Town of Erath is an apartment complex for persons of low income located in Erath, Louisiana. The authority is chartered as a public corporation for the purpose of administering decent, safe, and sanitary dwelling for persons of low-income.

Legal title to the authority is held by the Housing Authority of the Town of Erath, Louisiana, a non-profit corporation. The authority is engaged in the acquisition, modernization, and administration of low-rent housing. The authority is administered by a governing Board of Commissioners (the Board), whose members are appointed by the Mayor of Erath, Louisiana. Each member serves a four-year term and receives no compensation for their services. Substantially all of the authority's revenue is derived from subsidy contracts with the U. S. Department of Housing and Urban Development (HUD). The annual contributions contracts entered into by the authority and HUD provide operating subsidies for authority-owned public housing facilities for eligible individuals.

Under the United States Housing Act of 1937, as amended, the U.S. Department of Housing and Urban Development (HUD) has direct responsibility for administering low-income housing programs in the United States. Accordingly, HUD has entered into a contract with the entity to make annual contributions (subsidies) for the purpose of funding its programs for low-income families.

GASB Statement No. 14 established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Because the housing authority is legally separated and fiscally independent, the housing authority is a separate governmental reporting entity. The housing authority includes all funds, account groups, activities, etc., that are within the oversight responsibility of the housing authority.

The housing authority is a related organization of the Town of Erath because the Town of Erath appoints a voting majority of the housing authority's governing board. The Town of Erath is not financially responsible for the housing authority, as it cannot impose its will on the housing authority and there is no possibility for the housing authority to provide financial benefit to, or impose financial burdens on, the Town of Erath. Accordingly, the housing authority is not a component unit of the financial reporting entity of the Town of Erath.

BASIS OF PRESENTATION

As required by Louisiana State Reporting Law (LSA-R.S. 24:514) and HUD regulations, financial statements are presented in accordance with accounting principles generally accepted in the United States of America.

The accounts of the PHA are accounted for under the proprietary fund. Accordingly, the accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America applied to governmental units.

NOTES TO THE BASIC FINANCIAL STATEMENTS – (CONTINUED) DECEMBER 31, 2019

Proprietary Fund Type – Proprietary fund is accounted for on the flow of economic resources measurements focus and uses the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The PHA applies all applicable FASB pronouncements in accounting and reporting for its proprietary operations. The PHA's funds include the following type:

Enterprise Fund – Enterprise fund is used to account for those operations that are financed and operated in a manner similar to private business or where the board has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability.

1. SUMMARY OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

A. BASIC FINANCIAL STATEMENTS

The basic financial statements (i.e., the Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position) report information on all of the activities of the authority.

B. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, & FINANCIAL STATEMENT PRESENTATION

The basic financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The accompanying financial statements include the activities of several housing programs subsidized by HUD. A summary of each significant program is provided below.

- Low Income Housing Program The purpose of the low income housing program is to provide decent and affordable housing to low income families at reduced rents. The developments are owned, maintained, and managed by the authority. The developments are acquired, developed, and modernized under HUD's capital funds programs. Funding of the program operations is provided via federal annual contribution contracts (operating subsidies) and tenant rents (determined as a percentage of family income, adjusted for family composition).
- Capital Fund Program The Conventional Public Housing Program also includes the Capital
 Fund Program, the primary funding source for the housing authority's physical and management
 improvements. The funding calculation is based on the size and age of the housing authority's
 units.

NOTES TO THE BASIC FINANCIAL STATEMENTS – (CONTINUED) DECEMBER 31, 2019

As a general rule, the effect of Interfund activity has been eliminated from the basic financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise operations. Elimination of these charges would distort the direct cost and program revenues reported for the various functions concerned.

Operating revenues and expenses have been reported separately from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The primary operating revenue of the housing authority is derived from tenant revenue. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the housing authority's policy to use restricted resources first, then unrestricted resources as they are needed.

Equity Classifications – In the Government-Wide Financial Statements, equity is classified as Net Position and displayed in three components as applicable. The components are as follows:

Net Investment in Capital Assets – Capital assets including restricted capital assets, when applicable, net of accumulated depreciation.

Restricted Net Position – Net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position – All other net position that does not meet the definition of "restricted" or "net investment in capital assets".

C. Deposits & Investments (CD's In Excess of 90 Days)

The authority's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. State law and the authority's investment policy allow the housing authority to invest in collateralized certificates of deposit, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

Investments (bank certificates of deposit in excess of 90 days) for the authority are reported at fair value.

NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED) DECEMBER 31, 2019

D. RECEIVABLES & PAYABLES

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year referred to as either "due to/from other funds" (i.e., the current portion of Interfund loans) or "advances to/from other funds" (i.e., the non-current portion of Interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the accompanying financial statements, are offset by a restriction on net position. All trade and other receivables are shown net of an allowance for uncollectives.

E. INVENTORIES & PREPAID ITEMS

All inventories are valued at cost using the first-in/first out method. Inventories are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both basic and fund financial statements.

F. RESTRICTED ASSETS

Cash equal to the amount of tenant security deposits is reflected as restricted.

G. CAPITAL ASSETS

Capital assets, which include land, buildings, improvements, and equipment, are reported in columns in the basic financial statements. Capital assets are capitalized at historical cost. The PHA maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

Buildings	20 Years
Buildings Improvements	10 Years
Nondwelling Structures	10 Years
Vehicles & Equipment	5 Years

NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED) DECEMBER 31, 2019

H. COMPENSATED ABSENCES

The authority follows the civil service guidelines for vacation and sick leave. Employee's time is accumulated in accordance to hours worked per month. At year-end, time not used is accumulated.

At December 31, 2019, employees of the PHA have accumulated and vested \$16,848 of employee leave benefits, computed in accordance with GASB Codification Section C60. The balance of accrued compensated absences at December 31, 2019 was \$4,493 recorded as current obligation and \$12,355 recorded as non-current obligation.

I. LONG-TERM OBLIGATIONS

In the basic financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

J. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. CASH & INVESTMENTS (CD'S IN EXCESS OF 90 DAYS)

At December 31, 2019, the housing authority had cash and investments (bank balances) totaling \$97,830 as follows:

Demand deposits	\$ 91,879
Time deposits	5,951
Total	\$ 97,830

NOTES TO THE BASIC FINANCIAL STATEMENTS - (CONTINUED) DECEMBER 31, 2019

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the government will not be able to recover its deposits. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Entity that the fiscal agent bank has failed to pay deposit funds upon demand. Further, Louisiana Revised Statute 39:1224 states that securities held by a third party shall be deemed to be held in the Entity's name.

Deposits

It is the authority's policy for deposits to be 100% secured by collateral at market or par, whichever is lower, less the amount of the Federal Deposit Insurance Corporation insurance. The authority's deposits are categorized to give an indication of the level of risk assumed by the authority at year end. The categories are described as follows:

- Category 1 Insured or collateralized with securities held by the authority or by its agent in the authority's name.
- Category 2 Collateralized with securities held by the pledging financial institution's trust department or agent in the authority's name.
- Category 3 Uncollateralized.

Amounts on deposit are secured by the following pledges:

FDIC (Category 1)	\$ 97,830
Securities Pledged	-0-
Total	\$ 97,830

Deposits were fully secured as of December 31, 2019.

8. FEDERAL COMPLIANCE CONTINGENCIES

The authority is subject to possible examinations made by federal regulators who determine compliance with terms, conditions, laws and regulations governing grants given to the entity in the current and prior years. These examinations may result in required refunds by the entity to federal grantors and/or program beneficiaries.

9. ECONOMIC DEPENDENCY

Statement of Financial Accounting Standard (SFAS) No. 14 requires disclosure in financial statements of a situation where one entity provides more than 10% of the audited entity's revenues. The Department of Housing & Urban Development provided \$271,962 to the housing authority, which represents approximately 67.7% of the housing authority's revenues for the year.

10. COMMITMENTS & CONTINGENCIES

Litigation - The housing authority is not presently involved in litigation.

Construction Projects - There are certain major construction projects in progress as of December 31, 2019. These include modernizing rental units. These projects are being funded by HUD. Funds are requested periodically as the cost is incurred.

Grant Disallowances - The housing authority participates in a number of federally assisted grant programs. Although the grant programs have not been audited in accordance with the Single Audit Act Amendments of 1996 and OMB Uniform Guidance through December 31, 2019, these programs are still subject to compliance audits. Housing authority management believes that the amount of disallowances, if any, which may arise from future audits will not be material.

11. RISK MANAGEMENT

The housing authority is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the housing authority carries commercial insurance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Housing Authority of the Town of Erath, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Housing Authority of the Town of Erath, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Housing Authority of the Town of Erath's basic financial statements, and have issued our report thereon dated June 26, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Housing Authority of the Town of Erath's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Housing Authority of the Town of Erath's internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Authority of the Town of Erath's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any

deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Housing Authority of the Town of Erath's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of the audit committee, management, federal awarding agencies and Legislative Auditor's Office and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a public document and its distribution is not limited.
