## INDEPENDENT AUDITORS' REPORT

Board of Directors  
Apex Southeast, Inc.  
Baton Rouge, Louisiana

### Report on the Financial Statements

We have audited the accompanying financial statements of Apex Southeast, Inc. (the "School") (A nonprofit organization), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Note 1 – Summary of Significant Accounting Policies**

Organization

The Apex Southeast, Inc., (“Apex”) was incorporated on September 29, 2014 with the purpose to establish and run a public charter school in Baton Rouge, Louisiana. Apex is a Type 2 charter school governed by a board of directors. Apex provides education to all students in grades 6-12 to excel in four-year colleges and gain access to professional life opportunities through rigorous academics, core subject mastery, and character development. Also, Apex will provide the necessary tools and skills needed to develop superior levels of achievement.

Apex was granted a charter by the Louisiana State Board of Elementary and Secondary Education (BESE) in 2015 to operate a Type 2 charter school.

The school seeks to provide educational services according to the educational standards established by law, the charter contract and the charter application/proposal; measure pupil progress toward stated goal; and participate in pupil assessment required by law, regulations and BESE policy.

The mission of Apex is to educate all students in grades 6-12 to excel in four-year colleges and gain access to professional and life opportunities through rigorous academics, core subject mastery, and character development.

General

Apex was founded in the audacious belief that through hard work by leaders, teachers, and students, college is an attainable goal for each student. Placing a priority on literacy and math, along with our commitment to a strong and positive school culture, Apex is providing students with a learning environment that fosters a mindset of college matriculation and success in life.

The Apex school has seven core elements of school design which will help them achieve their mission

1. A successful school can be built, from day one, with high academic expectations for every student, regardless of background. We will prepare students for a world where post-secondary education is the education norm.
2. Students thrive within structure and when expectations are clear and supports are high. Our school discipline and culture is designed to help support an environment where learning is expected and enjoyed by students.
3. For students to succeed in school and in life, we must explicitly teach character development. Strong character traits are necessary for students to be successful in school and in life.
4. For students to excel, an extended day and year, with prioritized use of time, is a must. Schools with extended time for student learning have significantly better student’s achievement than their grade span peers.

APEX SOUTHEAST, INC.

Notes to the Financial Statements  
June 30, 2018

**Note 1 – Summary of Significant Accounting Policies (continued)**

5. Students' academic growth and levels of achievement in all grades and all subjects are supported by a school's strategic use of data. Our system of data gathering, evaluation, and response allows us to make adjustments to school operations and student interventions.
6. Successful schools identify, support and grow teachers to produce great results. We commit significant resource to identify committed professionals willing to put in the time to excel at their chosen craft.
7. Successful schools that deliver academic results have mission-driven leadership. We hire staff who exemplify leadership in every action, and who are driven to be part of a mission-driven team.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards Codification (FASB ASC) No. 958, Financial Statements of Not-For-Profit Organizations. Under FASB ASC No. 958, the School is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets

*Unrestricted* - Net assets not subject to donor-imposed stipulations; all revenues, expenses, gains, and losses that are not changes in permanently or temporarily restricted net assets.

*Temporarily Restricted* - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of Apex and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

*Permanently Restricted* - Net assets subject to donor-imposed stipulations that they be maintained permanently by Apex. Generally, the donors of these assets permit the School to use all or part of the income earned on any related investments for general or specific purposes. There were no permanently restricted net assets as of June 30, 2018.

Also, under not-for-profit accounting, contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Restricted net assets are reclassified to unrestricted net assets upon satisfaction of the donor-imposed time or purpose restrictions.

**Note 1 – Summary of Significant Accounting Policies (continued)**

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the School considers all unrestricted funds and highly liquid investments with an initial maturity of three months or less to be cash and cash equivalents.

Grant and Other Receivables

The grant and other receivables are stated at the amount management expects to collect from outstanding balances. The financial statements do not include an estimate for allowance for doubtful accounts. Management believes that all receivables are collectible.

Equipment

Equipment is capitalized at cost and updated for additions and retirements during the year. The net carrying amount is considered the net realizable value. Donated property and equipment is recorded at fair market values as of the date received. The School maintains a capitalization threshold of \$5,000 for equipment. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. All reported equipment is depreciated using the straight-line method over three to five years.

Deferred Revenue

Grant funds are considered to be earned when qualifying expenditures are made and all other grant requirements have been met and, accordingly, when such funds are received, they are recorded as deferred revenue until earned.

Public Support and Revenues

The school, as a Type 2 charter school, received funding from BESE in an amount for pupils based on estimated daily attendance at school. The amount of funding received is adjusted during the school year based on October and February 1 student's counts and the result of any audits performed.

Notes to the Financial Statements

**Note 1 – Summary of Significant Accounting Policies (continued)**

Donated Equipment, Services, and Materials

Contributions of donated non-cash assets are recorded at their fair values in the period received. Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills and are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received. For the year ended June 30, 2018, there were no non-cash contributions.

Functional Allocation of Expenses

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. This may require the allocation of certain costs based on total program costs and estimates made by management.

Income Taxes

Apex is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes on related income pursuant to Section 501 (a) of the Internal Revenue Code.

The school has received a tax-exempt ruling under section 501(c)(3) from the Internal Revenue Service and, accordingly, is not subject to Federal income tax unless the School has unrelated trade or business income.

Fixed Assets

Acquisitions of buildings, equipment, improvements and all expenditures for repairs, maintenance and betterments that materially prolong the useful lives of assets are capitalized. Buildings, equipment and improvements are stated at cost less accumulated depreciation. Depreciation is being provided by use of the straight-line-method over the estimated useful lives of the related assets as follows:

Furniture	5 years
Equipment	5 years
Computer	3 years
Software	3 years

Accounts Payable

Accounts payable consists of vendor and purchased services obligations that are estimated based on an average outstanding balance of fifteen days of total estimated services incurred for the year.

**Note 1 – Summary of Significant Accounting Policies (continued)**

Accrued Interest Payable

Accrued interest payable consists of interest expense incurred from the date of the last interest payment through the end of the fiscal year.

**Note 2 - Cash and Cash Equivalents**

Apex had the following cash as of June 30, 2018:

Cash and Cash Equivalents	<u>\$ 135,198</u>
---------------------------	-------------------

Custodial credit risk is the risk that, in the event of a bank failure, Apex southeast, Inc's deposits might not be recovered.

Apex maintains its demand deposits in one financial institution. Accounts at this institution are insured by the U.S. Federal Deposit Insurance Corporation up to \$250,000 per account. The balances at times may exceed federally insured limits.

**Note 3 -Grants Receivable**

Grants receivable are deemed to be fully collectible by management; accordingly, no allowance for doubtful accounts has been determined.

**Note 4 - Fixed Assets**

Fixed assets are carried at cost less accumulated depreciation/amortization. Depreciation/Amortization is determined at rates which will reduce original cost to estimate residual value over the useful life of each asset.

Depreciation expense for the year ended June 30, 2018 was \$24,048. Leasehold improvements consist of costs relating to improvements made to a temporary facility. Apex signed a one-year lease for this facility.

The following schedule summarizes estimated useful life, cost and accumulated depreciation of property and equipment as of June 30, 2018:

<u>Description</u>	<u>Life</u>	<u>2018</u>

Notes to the Financial Statements  
June 30, 2018

**Note 5 - Risk Management**

Apex is exposed to various risks of loss related to thefts of, damage to, and destruction of assets, errors and omissions, injuries to employees, employee health and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Liabilities are reported when it is probable that a loss has occurred, and the amount of the loss can be reasonably estimated.

**Note 6 - Payroll Tax Liability**

As of June 30, 2018, the school has a liability due to the Internal Revenue Service for unpaid payroll taxes totaling \$298,694. As of the date of this report, management has made no formal arrangements for repayment.

**Note 7 - Retirement**

A 403(b)-retirement savings plan has been established for employees of the School; however, no funding of the plan occurred during the reporting period.

**Note 8 - Board of Director Compensation**

The Board of Trustees is a voluntary board; therefore, no compensation was paid to any board member during the year ended June 30, 2018.

**Note 9 - Contingencies**

***State Funding***

The continuation of the School is contingent upon legislative appropriation or allocation of funds necessary to fulfill the requirements of the charter contract with the Board of Elementary and Secondary Education. If the Legislature fails to appropriate sufficient monies to provide for the continuation of the charter contract, or if such appropriation is reduced by veto of the governor or by any means provided in the appropriations act to prevent the appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the charter contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

**Note 10 - Lease Agreement**

The school has a building and land lease with an initial term of fourteen consecutive months, commencing on June 1, 2016 and ending on June 30, 2018, and shall have the right to renew the agreement and the lease of Leased Premises hereunder for one renewal term of one year upon thirty days written notice to Mount Pilgrim Baptist Church. The school exercised its option to renew lease for one year.

APEX SOUTHEAST, INC.

Notes to the Financial Statements

June 30, 2018

**Note 11 – Loan**

On March 15, 2015 the school entered into a promissory contract with the New Schools for Baton Rouge, a Louisiana Non-Profit Organization. The promissory bears interest at 1% per annum and is payable in 24 months. The amount for the first loan is \$120,000 and a second one of \$100,000. As of the date of this report Apex Southeast, Inc the outstanding amount for these loans is \$185,000.

**Note 12 - Commitments and Contingencies**

The school receives funds through state and federal programs that are govern by various statues and regulations. State program funding is based primarily on student attendance data submitted on October and February each year to the Department of Education and is subject to audit and adjustment. Expenses charged to federal programs are subject to adjustments by the grantor agency. The programs administered by the school have complex compliance requirements, and should state or federal auditor discovers areas of noncompliance, the school funds may be subject to refund if so determined by the Department of Education or grantor agency.

**Note 13 - Uncertain Income Taxes**

Accounting principles generally accepted in the United States of America require the School's management to evaluate tax positions taken by the School and recognize a tax liability if the School has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The School's management has analyzed the tax positions taken by the School, and has concluded that as of June 30, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The School is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 14 - Subsequent Events**

The management of Apex evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through December 28, 2018 the date which the financial statements were available to be issued.

**Internal Control, Compliance and Other Matters**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors  
Apex Southeast, Inc.  
Baton Rouge, Louisiana

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Apex Southeast, Inc., (A nonprofit organization) which comprise the statement of financial position as of June 30, 2018, and the related statement of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 28, 2018.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Apex Southeast, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Apex Southeast, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Apex Southeast, Inc.'s internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Apex Southeast, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Class Size Characteristics (Schedule 2)

2. We obtained a list of classes by school, school type, and class size as reported on Schedule 2. We then traced a random sample of 10 classes to the October 1, 2018 roll books for those classes and determined if the classes were properly classified on Schedule 2.

Findings: None noted.

We were not engaged to and did not perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management of Apex Southeast Inc., the Louisiana Department of Education, the Louisiana Legislature, and the Legislative Auditor, State of Louisiana, and is not intended to be and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes.
