**INDEPENDENT AUDITOR'S REPORT**

Board of Commissioners  
**Housing Authority of the Parish of St. Landry**  
Washington, Louisiana

**Report on the Financial Statements**

I have audited the accompanying financial statements of the Housing Authority of the Parish of St. Landry (the authority) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which comprise the Authority's basic financial statements as listed in the table of contents.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

## HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY

Washington, Louisiana

Independent Auditor's Report, 2017

Page Two

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

### **Opinions**

In my opinion, the financial statements referred to above present fairly in all material respects, the respective financial position of the Housing Authority of the Parish of St. Landry as of June 30, 2017, and the respective changes in financial position and cash flows, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

Also included in Supplementary Information is an Agreed-Upon Procedures report, which reports on an Agreed-Upon Procedures engagement now required by the Louisiana Legislative Auditor. My opinion is not modified in respect to the matter.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the *Management's discussion and analysis* as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the authority's basic financial statements. The Financial Data Schedule and the Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

Washington, Louisiana

Independent Auditor's Report, 2017

Page Three

The Financial Data Schedule; the Schedule of Compensation, Benefits and Other Payments to Agency Head or Chief Executive Officer and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Compensation of Board Members has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, I do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, I have also issued my report dated October 24, 2017 on my consideration of the authority's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the authority's internal control over financial reporting and compliance.

Management's Discussion and Analysis

For the Year Ended June 30, 2017

**The management of Public Housing Authority of St Landry, Louisiana presents the following discussion and analysis (MD&A) of the Housing Authority's financial activities for the fiscal year ending June 30, 2017. This represents an overview of financial information. Please read this discussion and analysis in conjunction with the Authority's included audited financial statements.**

- The primary source of funding for these activities continues to be subsidies and grants from the Department of Housing and Urban Development (HUD), whereas tenant rentals provide a secondary but also significant source of funding.
- The Housing Authority's assets exceeded its liabilities by \$3,495,469 at the close of the fiscal year ended 2017.
  - ✓ Of this amount \$1,991,774 represents a restriction equal to the net amount invested in land, buildings, furnishings, leasehold improvements, equipment, and construction in progress, minus associated debts.
  - ✓ Also of this amount, \$98,330 of net position is restricted for the Housing Choice Voucher program
  - ✓ The remainder of \$1,405,363 of unrestricted assets could be used to meet the Housing Authority's ongoing obligations to citizens and creditors. As a measure of financial strength, this amount equals 141% of the total operating expenses of \$1,011,036 for the fiscal year 2017, which means the Authority might be able to operate about 17 months using the unrestricted assets alone, compared to 5 months in the prior fiscal year.
- The Housing Authority's total net position decreased by \$72,136, a 2% decrease from the prior fiscal year 2016. This decrease is primarily attributable to depreciation of fixed assets.
- The decrease in net position of these funds was accompanied by a decrease in unrestricted cash by \$156,591 from fiscal year 2016, primarily due spending \$181,143 more for capital assets than Federal capital grants received.
- The Authority spent \$319,363 on capital asset additions.
- These changes led to a decrease in total assets by \$26,661 and an increase in total liabilities by \$45,475. As related measure of financial health, there are still over \$12 of current assets covering each dollar of total current liabilities, which compares to \$21 covering the prior fiscal year's liabilities.
- The Housing Authority continues to operate without the need for debt borrowing.

## **OVERVIEW OF THE FINANCIAL STATEMENTS**

This MD&A is intended to serve as an introduction to the Housing Authority's basic financial statements. The Housing Authority is a special-purpose government engaged in business-type activities. Accordingly, only fund financial statements are presented as the basic financial statements, comprised of two components: (1) fund financial statements and (2) a series of notes to the financial statements. These provide information about the activities of the Housing Authority as a whole and present a longer-term view of the Housing Authority's finances. This report also contains other supplemental information in addition to the basic financial statements themselves demonstrating how projects funded by HUD have been completed, and whether there are inadequacies in the Authority's internal controls.

### **Reporting on the Housing Authority as a Whole**

One of the most important questions asked about the Authority's finances is, "Is the Housing Authority as a whole better off, or worse off, as a result of the achievements of fiscal year 2017?" The Statement of net position and the Statement of Revenues, Expenses, and Changes in Net Position report information about the Housing Authority as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

### **Fund Financial Statements**

Housing Authority of St. Landry, LA  
Management's Discussion and Analysis (MD&A)  
June 30, 2017

---

---

The Authority accounts for all financial activity in a single enterprise fund. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Housing Authority, like other enterprises operated by state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The Housing Authority's financial statements report its net position and changes in net position. One can think of the Housing Authority's net position – the difference between assets and liabilities – as one way to measure the Authority's financial health, or financial position. Over time, increases and decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating. One will need to consider other non-financial factors, however, such as the changes in the Authority's occupancy levels or its legal obligations to HUD, to assess the overall health of the Housing Authority.

### **USING THIS ANNUAL REPORT**

The Housing Authority's annual report consists of financial statements that show combined information about the Housing Authority's most significant programs:

Low Rent Public Housing	\$ 498,58
Public Housing Capital Fund Program	146,233
Housing Choice Vouchers	<u>2,611,275</u>
Total funding received this current fiscal year	<u>\$ 3,255,566</u>

The Housing Authority's auditors provided assurance in their independent auditors' report with which this MD&A is included, that the basic financial statements are fairly stated. The auditors provide varying degrees of assurance regarding the other information included in this report. A user of this report should read the independent auditors' report carefully to determine the level of assurance provided for each of the other parts of this report.

### **FINANCIAL ANALYSIS**

The Housing Authority's net position was \$3,495,469 as of June 30, 2017. Of this amount, \$1,991,774 was invested in capital assets, and the remaining \$1,405,363 was unrestricted. There were \$98,330 in specific assets restricted Housing Choice Voucher (HCV) program, for tenant security deposits and future housing payment reserves

### **EXPLANATIONS OF FINANCIAL ANALYSIS**

Compared with the prior fiscal year, total operating and non-operating revenues increased \$18,451, or by 1%, from a combination of larger offsetting factors. Reasons for most of this change are listed below in order of impact from greatest to least:

- Total tenant revenue decreased by \$23,398, or by 8% from that of the prior fiscal year because the amount of rent each tenant pays is based on a sliding scale of their personal income. Some tenants' personal incomes decreased, so rent revenue from these tenants decreased accordingly, lowering the overall total. Other tenant revenues (such as fees collected from tenants for late payment of rent, damages to their units, and other assessments) decreased by \$3,682, or by 26%.
- Federal revenues from HUD for operations increased by \$66,824, or by 2% from that of the prior fiscal year. The determination of operating grants is based in part upon operations performance of prior years. This amount fluctuates from year-to-year because of the complexities of the funding formula HUD employs. Generally, this formula calculates an allowable expense level adjusted for inflation, occupancy, and other factors, and then uses this final result as a basis for determining the grant amount. The amount of rent subsidy received from HUD depends upon an eligibility scale of each tenant. There was an increase in the number of eligible tenants receiving subsidies, so Housing Assistance Grants increased accordingly, lowering the overall total.
- Federal Capital Funds from HUD decreased by \$11,890, or by 8% from that of the prior fiscal year. The Housing Authority was still in the process of completing projects funded from grants by HUD for fiscal years 2016 through 2016, and submitted a new grant during fiscal year 2017.
- Total other non-operating revenue decreased by \$6,703, or by 7% from that of the prior fiscal year, because the Authority received proceeds from casualty insurance claims, which are recorded as other income by the Authority in the year received, and the Authority received some waivers of payments in lieu of taxes (PILOT) from its related City taxing authority.
- Interest income decreased by \$340, or by 12% from that of the prior fiscal year, because the Authority spent available cash mostly on capital assets instead of temporary investments.
- Gains on sales of assets decreased by \$6,043, or by 98% from that of the prior fiscal year.
- Interest income totaling \$2,577, did not change significantly from the prior to the current year.

Compared with the prior fiscal year, total operating and non-operating expenses decreased \$120,472, or by 3%, but this also was made up of a combination of offsetting factors. Again, reasons for most of this change are listed below in order of impact from greatest to least:

- Depreciation expense decreased by \$45,640, or by 14% from that of the prior fiscal year, because there was an increase in capital assets by \$296,587.
- Maintenance and repairs increased by \$967 from that of the prior fiscal year, due to several major factors: Repair staff wages increased by \$779, or by 1%, and related employee benefit contributions increased by \$12,128, or by 16%. Also, materials used increased by \$9,492, or by 27%, and contract labor costs decreased by \$12,625, or by 16%. In addition, Extraordinary maintenance decreased by \$10,740, or by 43% from that of the prior fiscal year.
- General Expenses decreased by \$34,488, or by 15% from that of the prior fiscal year, and payments in lieu of taxes (PILOT) decreased by \$1,664, or by 7%. PILOT is calculated as a percentage of rent (which decreased by 7%) minus utilities (which decreased 7%), and therefore changed proportionately to the changes in each of these, primarily because Insurance premiums increased by \$1,285, or by 1%, since property and casualty insurance premiums increased, whereas other general expenses decreased by \$181, or by 6%. Lastly, compensated absences decreased by \$3,096, or by 7%.
- Administrative Expenses increased by \$2,954, or by 1% from that of the prior fiscal year, due to a combination of offsetting

Housing Authority of St. Landry, LA  
 Management's Discussion and Analysis (MD&A)  
 June 30, 2017

factors: Administrative staff salaries increased by \$25,490, or by 9%, and related employee benefit contributions decreased by \$8,042, or by 5% therefore, total staff salaries and benefit costs increased by 4%. In addition, audit fees increased by \$145, or by 1%. Finally, staffs travel reimbursements increased by \$5,398, or by 20%, office expenses decreased by \$19,570, or by 18%, but sundry expenses decreased by \$467, or by 2%; therefore, other staff administrative expense decreased by 9%.

- Housing Assistance Payments to landlords decreased by \$38,537, or by 2% from that of the prior fiscal year, because there was a decrease in the number of tenants housed during the year.
- Utilities Expense decreased by \$3,794, or by 7% from that of the prior fiscal year, because water cost decreased by \$843, electricity cost decreased by \$159, gas cost decreased by \$2,549, and other utilities expense (such as labor, benefits, garbage, sewage, and waste removal) decreased by \$2,792, or by 14%.
- Tenant services, totaling \$292, did not change significantly from the prior to the current year.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

At June 30, 2017, the Housing Authority had a total cost of \$9,602,614 invested in a broad range of assets. This amount, not including depreciation, represents increases of \$296,587 from the prior year. More detailed information about capital assets appears in the notes to the financial statements.

**Capital Assets, Net of Accumulated Depreciation  
 As of June 30, 2017**

	<u>2017</u>	<u>2016</u>
Land	\$ 171,656	\$ 171,656
Construction in progress	143,590	
Buildings	1,447,647	1,665,988
Leasehold improvements	181,721	78,538
Furniture and equipment	47,159	26,196
	<u>\$ 1,991,773</u>	<u>\$1,942,378</u>
Total		

As of the end of the 2017 fiscal year, the Authority is still in the process of completing HUD grants obtained during 2016. A total remainder of \$196,947 will be received and \$146,233 will be spent for completing these projects during fiscal year 2018.

**Debt**

Non-current liabilities include accrued annual vacation.

The Housing Authority has not incurred any mortgages, leases, or bond indentures for financing capital assets or operations.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The Housing Authority is primarily dependent upon HUD for the funding of operations; therefore, the Housing Authority is affected more by Federal budget than by local economic conditions. The capital budgets for the 2017 fiscal year have already been submitted to HUD for approval and no major changes are expected.

The Capital fund programs are multiple year budgets and have remained relatively stable. Capital Funds are used for the modernization of public housing properties including administrative fees involved in the modernization.

**CONTACTING THE HOUSING AUTHORITY'S FINANCIAL MANAGEMENT**

Our financial report is designed to provide our citizens, investors, and creditors with a general overview of the Housing Authority's finances, and to show the Housing Authority's accountability for the money it receives. If you have questions about this report, or wish to request additional financial information, contact Donna Pitre, at Public Housing Authority of St Landry, Louisiana; P.O Box 276; St Landry, LA 70589.

The accompanying notes are an integral part of the financial statements

## HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY

Washington, Louisiana

Notes to the Basic Financial Statements

June 30, 2017

*NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES* The accompanying basic financial statements of the authority have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

### (1) Reporting Entity

The Housing Authority of The Parish of St. Landry (the authority) was chartered as a public corporation under the laws of the State of Louisiana for the purpose of providing safe and sanitary dwelling accommodations for the residents of the Parish of St. Landry, Louisiana. This formation was contingent upon the approval of the city.

The authority is governed by a Board of Commissioners (Board), which is composed of five members appointed by the city and serve five-year staggered terms. The Board of the authority exercises all powers granted to the authority.

GASB Statement No. 14, as amended by GASB statement No. 39 and GASB Statement No. 61, establishes criteria for determining the governmental reporting entity. Under provisions of this statement, the authority is considered a primary government, since it is a special purpose government that has a separately elected governing body, is legally separate, and is fiscally independent of other state and local governments. As used in the GASB statements, fiscally independent means that the authority may, without the approval or consent of another governmental entity, determine or modify its own budget, control collection and disbursements of funds, maintain responsibility for funding deficits and operating deficiencies, and issue bonded debt.

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

WASHINGTON, LOUISIANA

Notes to the Financial Statements, 2017 - continued

GASB Statements No. 14 as amended by GASB statement No. 39 and GASB Statement No. 61, establish criteria for determining which, if any, component units should be considered part of the authority for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability, which includes:

1. Appointing a majority of an organization's governing body, and:
  - a. The ability of the government to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the government.
2. Organizations for which the government does not appoint a voting majority but are fiscally dependent on the government.
3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Based on the previous criteria, the authority has determined that the following component unit should be considered as part of the authority reporting entity:

St. Landry Public Housing Corporation (CU) is a legally separate entity. The members of the authority's board of commissioners also serve as the board of directors of the entity. The authority has the ability to impose its will on the entity.

The CU was formed for the purpose of facilitating the development and financing of an affordable housing facility within the parish limits of St Landry Parish. The CU is a partner in the developer partnership.

The partnership has entered into loan agreements and other financing arrangements that may have incurred contingent liabilities on behalf of the CU, but not any that would obligate the PHA. No contingencies have been reported in the PHA financial statements.

The CU financial activities are included in the PHA financials through blended presentation.

## HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY

WASHINGTON, LOUISIANA

Notes to the Financial Statements, 2017 - continued

The authority is a related organization of the Parish of St. Landry, Louisiana since the city appoints a voting majority of the authority's governing board. The city is not financially accountable for the authority as it cannot impose its will on the authority and there is no potential for the authority to provide financial benefit to, or impose financial burdens on, the city. Accordingly, the authority is not a component unit of the financial reporting entity of the city.

### (2) Funds

The accounts of the authority are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

All funds of the authority are classified as proprietary. The general fund accounts for transactions of all of the authority's programs.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the authority's enterprise fund are HUD operating grants and subsidies, Section 8 Housing Assistance Subsidies, Section 8 Management Fees and tenant dwelling rents. Operating expenses include Section 8 Housing Assistance Payments, General and Administrative expenses, repairs and maintenance expenses, utilities and depreciation and amortization on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The accompanying basic financial statements of the authority have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis—For State and Local Governments*, which was unanimously approved in June 1999 by the GASB.

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

WASHINGTON, LOUISIANA

Notes to the Financial Statements, 2017 - continued

(3) Measurement focus and basis of accounting

Proprietary finds are accounted for on the flow of economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. With this management focus all assets and all liabilities associated with the operation of these funds are included on the statement of net positions.

(4) Assets, liabilities, and net Position

(a) Deposits

The authority's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. HUD regulations, state law and the authority's investment policy allow the housing authority to invest in collateralized certificates of deposit and securities backed by the federal government.

(b) Inventory and prepaid items

All inventories are valued at cost on a first-in first-out (FIFO) basis. Inventories consist of expendable building materials and supplies held for consumption in the course of the authority's operations.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

(c) Restricted Assets

Cash equal to the amount of tenant security deposits and housing assistance payment (HAP) reserves are reflected as restricted.

(d) Capital assets

Capital assets of the authority are included in the statement of net positions and are recorded at actual cost. The capitalization threshold is \$2,500. Depreciation of all exhaustible fixed assets is charged as an expense against operations.

Property, plant, and equipment of the Authority is depreciated using the straight line method over the following estimated useful lives:

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

WASHINGTON, LOUISIANA

Notes to the Financial Statements, 2017 - continued

Buildings	33 years
Modernization and improvements	15 years
Furniture and equipment	3-7 years

(e) Due from/to other governments or agencies

Amounts due from/to the authority to/by other governments or agencies are generally for grants or programs under which the services have been provided by the authority. The authority also records an amount due to the various taxing districts within the region for payments in lieu of taxes.

(f) Allowance for doubtful accounts

The authority provides an allowance for doubtful accounts, as needed, for accounts deemed not collectible. At June 30, 2017, the management of the authority established an allowance for doubtful accounts of approximately \$1,615.

(g) Compensated absences

It is the authority's policy to permit employees to accumulate earned but unused vacation pay benefits. In accordance with the provisions of GASB Statement No. 16, "*Accounting for Compensated Absences*," vacation pay is accrued when incurred and reported as a liability.

Employees earn from 95 to 192 hours per year in annual leave. Employees may accumulate an unlimited number of annual leave hours. One unclassified employee may receive payment for all accumulated annual leave upon termination or retirement. Depending on their length of service, classified employees receive payment for up to 300 annual leave hours upon termination or retirement at their then current rate of pay.

(h) Restricted net Position

Net positions are reported as restricted when constraints placed on net positions use are either:

Externally imposed by creditors (such as debt covenants), grantors, contributors or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Restricted resources are used first when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

WASHINGTON, LOUISIANA

Notes to the Financial Statements, 2017 - continued

(i) Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the government-wide financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE B – DEPOSITS**

Deposits are stated at cost, which approximates fair value. Under state law and/or federal regulation, these deposits, or the resulting bank balances, must be in Federal Securities, secured by federal deposit insurance or the pledge of federal securities. The fair value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

As of June 30, 2017, the authority's carrying amount of deposits was \$1,506,432, which includes the following:

Cash and cash equivalents-unrestricted	\$1,394,082
Cash and cash equivalents- restricted	112,350
Total	\$1,506,432

**Interest Rate Risk**—The authority's policy does not address interest rate risk.

**Credit Rate Risk**—Since all of the authority's deposits are federally insured and/or backed by federal securities, the authority does not have credit rate risk.

**Custodial Credit Risk**—This is the risk that in the event of a bank failure, the authority's deposits may not be returned to it. The authority does not have a policy for custodial credit risk. \$758,510 of the authority's total deposits were covered by federal depository insurance, and do not have custodial credit risk. The remaining \$784,179 of deposits have custodial credit risk, but were collateralized with securities held by the pledging financial institution trust department or agent. The bank balances at June 30, 2017 totaled \$1,542,689.

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

WASHINGTON, LOUISIANA

Notes to the Financial Statements, 2017 - continued

**NOTE C - CAPITAL ASSETS**

Capital assets activity for the year ended June 30, 2017 was as follows:

	<u>6 30 2016</u>	<u>Additions</u>	<u>Deletions</u>	<u>6 30 2017</u>
<b>Nondepreciable Assets:</b>				
Land	\$ 171,656			\$ 171,656
Construction in Progress	-	143,590	-	143,590
<b>Depreciable Assets:</b>				
Building and improvements	8,853,391	137,628	-	8,991,019
Furniture and equipment	<u>280,980</u>	<u>38,145</u>	<u>22,778</u>	<u>296,347</u>
Total	<u>9,306,027</u>	<u>319,363</u>	<u>22,778</u>	<u>9,602,612</u>
Less accumulated depreciation				
Building and improvements	7,108,863	252,785	-	7,361,648
Furniture and equipment	<u>254,788</u>	<u>17,181</u>	<u>22,778</u>	<u>249,191</u>
Total accumulated depreciation	<u>7,363,651</u>	<u>269,966</u>	<u>22,778</u>	<u>7,610,839</u>
Net Capital Assets	<u>\$ 1,942,376</u>	<u>\$ 49,397</u>	<u>\$ -</u>	<u>\$ 1,991,773</u>

**NOTE D - LEASES**

During the year ended June 30, 2014, the authority entered into a capital lease for copier systems. The lease is considered immaterial and has been presented as an operating lease.

The lease requires monthly payments of \$265 for 60 months beginning April 2014. Rent expense for this lease for the fiscal year ended totaled \$795 and is included in administrative expenses in the accompanying financial statements. The minimum annual commitments under the non-cancelable lease is as follows:

<u>Fiscal Year Ending</u>	<u>Amount</u>
2018	3,182
2019	<u>2,386</u>
TOTAL	<u>5,568</u>

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

WASHINGTON, LOUISIANA

Notes to the Financial Statements, 2017 - continued

*NOTE E – CONSTRUCTION COMMITMENTS*

The authority is engaged in a modernization program and has entered into construction type contracts with approximately \$73,527 remaining until completion.

*NOTE F – COMPENSATED ABSENCES*

At June 30, 2017, employees of the authority have accumulated and vested \$75,450 of employee leave benefits, which was computed in accordance with GASB Codification Section C60. The leave payable is recorded in the accompanying financial statements. \$57,532 is reported in long-term debt.

*NOTE G – LONG TERM OBLIGATIONS*

As of June 30, 2017, long term obligations consisted of compensated absences in the amount of \$57,532. The following is a summary of the changes in the long term obligations for the year ended June 30, 2017.

	<b>Compensated Absences</b>
Balance as of July 1, 2016	\$77,210
Additions	19,795
Deductions	(21,555)
Balance as of June 30, 2017	<u>75,450</u>
Long term portion	<u>57,532</u>
Amount due in one year (Short term)	<u>\$17,918</u>

*NOTE H – POST EMPLOYMENT RETIREMENT BENEFITS*

The authority does not provide any post employment retirement benefits. Therefore the authority does not include any entries for unfunded actuarial accrued liability, net OPEB expense, or annual contribution required.

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

WASHINGTON, LOUISIANA

Notes to the Financial Statements, 2017 - continued

***NOTE I - RETIREMENT PLAN***

The authority participates in the Housing Agency Retirement Trust plan, administered by Mercer, which is a defined contribution plan. The plan consists of employees of various local and regional housing authorities, urban renewal agencies, and other similar organizations. Through this plan, the authority provides pension benefits for all of its full-time employees. All regular and full-time employees are eligible to participate in the plan on the first day of the month after completing six months of continuous and uninterrupted employment. Plan provisions and changes to the plan contributions are determined by the Board of the authority.

Under a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The employer is required to make monthly contributions equal to 14 percent of each participant's basic (excludes overtime) compensation.

The authority's contribution for each employee and income allocated to the employee's account are fully vested after five years of continuous service. The authority's contributions and interest forfeited by employees who leave employment before five years of service are used to offset future contributions of the authority. No payments were made out of the forfeiture account.

Normal retirement date shall be the first day of the month following the employee's sixty-fifth birthday or after ten years of participation in the plan.

The authority's total payroll for the year ended June 30, 2017, was \$463,073. The authority's contributions were calculated using the base salary amount of \$451,218. The authority made the required contributions of \$63,71 for the year ended June 30, 2017.

***NOTE J – RISK MANAGEMENT***

The authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters. The authority's risk management program encompasses obtaining property and liability insurance.

The authority transfers risk of loss by participating in a public entity risk pool and contracting with a commercial insurance carrier for all major categories of exposed risk.

This includes coverage of property, general liability, public liability, and workers compensation. The risk pool and insurance contracted are obligated to meet

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

WASHINGTON, LOUISIANA

Notes to the Financial Statements, 2017 - continued

settlements up to the maximum coverage, after the authority's deductions are met.

There has been no significant reduction in insurance coverages from coverages in the prior year. In addition, there have been no significant claims that have exceeded commercial insurance coverages in any of the past three fiscal years.

*NOTE K – FEDERAL COMPLIANCE CONTINGENCIES*

The authority is subject to possible examinations by federal regulators who determine compliance with terms, conditions, laws and regulations governing grants given to the entity in the current and prior years. These examinations may result in required refund by the entity to federal grantors and/or program beneficiaries. The authority is subject to HUD's consideration of reducing grants in order to have the authority utilize authority Equity to fund expenses.

*NOTE L – SUBSEQUENT EVENTS*

Events that occur after the balance sheet date but before the financial statements were issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the balance sheet date are recognized in the accompanying financial statements. Subsequent events, which provide evidence about conditions that existed after the balance sheet date, require disclosure in the accompanying notes. Management evaluated the activity of the authority through October 24, 2017 and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

*NOTE M – ECONOMIC DEPENDENCE*

Financial Accounting Standards Boards Accounting Standards Codification 280-10-50-42 requires disclosure in financial statements of a situation where one entity provides more than 10% of the audited entity's revenues. The Department of Housing and Urban Development provided \$3,255,565 to the authority, which represents approximately 90% of the authority's total revenue for the year.

INDEPENDENT ACCOUNTANT'S REPORT  
ON APPLYING AGREED-UPON PROCEDURES

To the Board of Directors of the Housing Authority of St. Landry Parish and the Louisiana Legislative Auditor:

I have performed the procedures enumerated below, which were agreed to by the Housing Authority of St. Landry Parish (Authority) and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period July 1, 2016 through June 30, 2017. The Authority's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, I make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

1. Obtain the entity's written policies and procedures and report whether those written policies and procedures address each of the following financial/business functions (or report that the entity does not have any written policies and procedures), as applicable:
  - a) **Budgeting**, including preparing, adopting, monitoring, and amending the budget
  - b) **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
  - c) **Disbursements**, including processing, reviewing, and approving
  - d) **Receipts**, including receiving, recording, and preparing deposits
  - e) **Payroll/Personnel**, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked.

- f) **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process
- g) **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers, and (5) monitoring card usage
- h) **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers
- i) **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy. Note: Ethics requirements are not applicable to nonprofits.
- j) **Debt Service**, including (1) debt issuance approval, (2) EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

Results of procedures performed:

I reviewed the written policy for each of the above listed functions and noted the following exceptions:

Purchasing - The Authority's policies do not include maintaining a vendor list. I consider this not considered necessary (NCN) to properly manage a small PHA.

Receipts –I suggest the authority modify their procedures to address unusual transactions such as Port-In and rent recovery transactions as well as updating their policies regarding tenant rent collections.

Contracting – The Authority's policies do not address a legal review function of contracts. I consider this requirement NCN for small PHA's.

Debt Service – N/A

Management's response/corrective action plan:

We will revise or adopt written policies/procedures to address the exceptions noted above.

Board (or Finance Committee, if applicable)

---

2. Obtain and review the board/committee minutes for the fiscal period, and:
  - a) Report whether the managing board met (with a quorum) at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, or other equivalent document.
  - b) Report whether the minutes referenced or included monthly budget-to-actual comparisons on the General Fund and any additional funds identified as major funds in the entity's prior audit (GAAP-basis).
    - If the budget-to-actual comparisons show that management was deficit spending during the fiscal period, report whether there is a formal/written plan to eliminate the

- deficit spending for those entities with a fund balance deficit. If there is a formal/written plan, report whether the meeting minutes for at least one board meeting during the fiscal period reflect that the board is monitoring the plan.
- c) Report whether the minutes referenced or included non-budgetary financial information (e.g. approval of contracts and disbursements) for at least one meeting during the fiscal period.

Results of procedures performed:

- a) The board did meet monthly.
- b) The minutes included monthly budget to actual comparisons of the general fund.
- c) Non budgetary information was included.

***Bank Reconciliations***

---

3. Obtain a listing of client bank accounts from management and management's representation that the listing is complete.

Results of procedures performed:

Management represents that the list is complete.

4. Using the listing provided by management, select all of the entity's bank accounts (if five accounts or less) or one-third of the bank accounts on a three year rotating basis (if more than 5 accounts). If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner. *Note: School student activity fund accounts may be excluded from selection if they are otherwise addressed in a separate audit or AUP engagement.* For each of the bank accounts selected, obtain bank statements and reconciliations for all months in the fiscal period and report whether:
  - a) Bank reconciliations have been prepared;
  - b) Bank reconciliations include evidence that a member of management or a board member (with no involvement in the transactions associated with the bank account) has reviewed each bank reconciliation; and
  - c) If applicable, management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 6 months as of the end of the fiscal period.

Results of procedures performed:

- a) Monthly bank reconciliations were prepared by the independent fee accountant.
- b) Management reviewed each bank reconciliation.
- c) There were no outstanding checks over six months old.

## Collections

---

5. Obtain a listing of cash/check/money order (cash) collection locations and management's representation that the listing is complete.

### Results of procedures performed:

Management represents that the list is complete.

6. Using the listing provided by management, select all of the entity's cash collection locations (if five locations or less) or one-third of the collection locations on a three year rotating basis (if more than 5 locations). If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner. *Note: School student activity funds may be excluded from selection if they are otherwise addressed in a separate audit or AUP engagement.* **For each cash collection location selected:**
  - a) Obtain existing written documentation (e.g. insurance policy, policy manual, job description) and report whether each person responsible for collecting cash is (1) bonded, (2) not responsible for depositing the cash in the bank, recording the related transaction, or reconciling the related bank account (report if there are compensating controls performed by an outside party), and (3) not required to share the same cash register or drawer with another employee.
  - b) Obtain existing written documentation (e.g. sequentially numbered receipts, system report, reconciliation worksheets, policy manual) and report whether the entity has a formal process to reconcile cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions, by a person who is not responsible for cash collections in the cash collection location selected.
  - c) Select the highest (dollar) week of cash collections from the general ledger or other accounting records during the fiscal period and:
    - Using entity collection documentation, deposit slips, and bank statements, trace daily collections to the deposit date on the corresponding bank statement and report whether the deposits were made within one day of collection. If deposits were not made within one day of collection, report the number of days from receipt to deposit for each day at each collection location.
    - Using sequentially numbered receipts, system reports, or other related collection documentation, verify that daily cash collections are completely supported by documentation and report any exceptions.

### Results of procedures performed:

a1] All employees are bonded.

a(2), a(3)] Exception - The written policy/procedures provided to me for Public Housing rent collection, Section 8 portability collections and tenant repayment agreement collections do not address segregation

of duties nor the process relating to collecting, depositing and reconciling collections. There is a lack of segregation of duties relating to Public Housing rent collections (collecting/depositing) at the authority's main office. Often the same staff person collecting the rent also records the transaction as well as makes the daily deposits. Otherwise this PHA is providing adequate segregation of duties based on their staffing budgets.

Note that there are compensated controls performed by a fee accountant on collection functions.

Note that the majority of rent is collected by local banks and not at the authority's main office.

b] No exception noted

c] All deposits tested were made within one day of collection.

Management's response/corrective action plan:

We will revise the policies and procedures to ensure that the staff member collecting the rent is not the same staff member that makes the deposit.

7. Obtain existing written documentation (e.g. policy manual, written procedure) and report whether the entity has a process specifically defined (identified as such by the entity) to determine completeness of all collections, including electronic transfers, for each revenue source and agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation) by a person who is not responsible for collections.

Results of procedures performed:

The authority has a process to determine completeness for all collections, including electronic transfers, for each revenue source and agency fund additions by a person who is not responsible for collections. I suggest that policies be modified to include that staff determine completeness for all collections, including electronic transfers, for each revenue source and agency fund additions by a person who is not responsible for collections.

Management's response/corrective action plan:

We will modify our policies per the auditor's suggestion.

**Disbursements – General (excluding credit card/debit card/fuel card/P-Card purchases or payments)**

---

8. Obtain a listing of entity disbursements from management or, alternately, obtain the general ledger and sort/filter for entity disbursements. Obtain management's representation that the listing or general ledger population is complete.

Results of procedures performed:

Management represents that the list is complete.

9. Using the disbursement population from #8 above, randomly select 25 disbursements (or randomly select disbursements constituting at least one-third of the dollar disbursement population if the entity had less than 25 transactions during the fiscal period), excluding credit card/debit card/fuel card/P-card purchases or payments. Obtain supporting documentation (e.g. purchase requisitions, system screens/logs) for each transaction and report whether the supporting documentation for each transaction demonstrated that:
  - a) Purchases were initiated using a requisition/purchase order system or an equivalent electronic system that separates initiation from approval functions in the same manner as a requisition/purchase order system.
  - b) Purchase orders, or an electronic equivalent, were approved by a person who did not initiate the purchase.
  - c) Payments for purchases were not processed without (1) an approved requisition and/or purchase order, or electronic equivalent; a receiving report showing receipt of goods purchased, or electronic equivalent; and an approved invoice.

Results of procedures performed:

- a, b] For all 25 transactions tested, purchase orders were used and approved by a person who did not initiate the purchase.
- c] For all 25 transactions tested, payments for purchases included an approved purchase order and a receiving report or equivalent that acknowledged that the proper goods ordered were received; and an approved invoice.

10. Using entity documentation (e.g. electronic system control documentation, policy manual, written procedure), report whether the person responsible for processing payments is prohibited from adding vendors to the entity's purchasing/disbursement system.

Results of procedures performed:

There was no documentation in writing that the person responsible for processing payments is prohibited from adding vendors to the authority's purchasing system, although the Executive Director reviews all vendors. I consider the policies and processes in place to be adequate for this small PHA.

11. Using entity documentation (e.g. electronic system control documentation, policy manual, written procedure), report whether the persons with signatory authority or who make the final authorization for disbursements have no responsibility for initiating or recording purchases.

Results of procedures performed:

The persons with signatory authority or who makes the final authorization for material disbursements have no responsibility for initiating purchases.

12. Inquire of management and observe whether the supply of unused checks is maintained in a locked location, with access restricted to those persons that do not have signatory authority, and report any exceptions. Alternately, if the checks are electronically printed on blank check stock, review entity documentation (electronic system control documentation) and report whether the persons with signatory authority have system access to print checks.

Results of procedures performed:

Unused checks are maintained in a locked location, with access restricted to those persons that do not have signatory authority,

13. If a signature stamp or signature machine is used, inquire of the signer whether his or her signature is maintained under his or her control or is used only with the knowledge and consent of the signer. Inquire of the signer whether signed checks are likewise maintained under the control of the signer or authorized user until mailed. Report any exceptions.

Results of procedures performed:

The board chairman uses a signature stamp and the stamp is maintained under his control.

***Credit Cards/Debit Cards/Fuel Cards/P-Cards***

---

14. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards), including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Results of procedures performed:

Management represents that the list is complete.

15. Using the listing prepared by management, randomly select 10 cards (or at least one-third of the cards if the entity has less than 10 cards) that were used during the fiscal period, rotating cards each year. If there is a change in practitioners, the new practitioner is not bound to follow the rotation established by the previous practitioner.

Obtain the monthly statements, or combined statements if multiple cards are on one statement, for the selected cards. Select the monthly statement or combined statement with the largest dollar activity for each card (for a debit card, select the monthly bank statement with the largest dollar amount of debit card purchases) and:

- a) Report whether there is evidence that the monthly statement or combined statement and supporting documentation was reviewed and approved, in writing, by someone other than the authorized card holder. [Note: Requiring such approval may constrain the legal authority of certain public officials (e.g., mayor of a Lawrason Act municipality); these instances should not be reported.]]

- b) Report whether finance charges and/or late fees were assessed on the selected statements.

Results of procedures performed:

- a) There is evidence that the monthly statements and supporting documentation that I tested were reviewed and approved, in writing, by someone other than the authorized card holder.
- b) there were no finance or late charges noted

16. Using the monthly statements or combined statements selected under #15 above, obtain supporting documentation for all transactions for each of the 10 cards selected (i.e. each of the 10 cards should have one month of transactions subject to testing).

- a) For each transaction, report whether the transaction is supported by:
- An original itemized receipt (i.e., identifies precisely what was purchased)
  - Documentation of the business/public purpose. For meal charges, there should also be documentation of the individuals participating.
  - Other documentation that may be required by written policy (e.g., purchase order, written authorization.)
- b) For each transaction, compare the transaction's detail (nature of purchase, dollar amount of purchase, supporting documentation) to the entity's written purchasing/disbursement policies and the Louisiana Public Bid Law (i.e. transaction is a large or recurring purchase requiring the solicitation of bids or quotes) and report any exceptions.
- c) For each transaction, compare the entity's documentation of the business/public purpose to the requirements of Article 7, Section 14 of the Louisiana Constitution, which prohibits the loan, pledge, or donation of funds, credit, property, or things of value, and report any exceptions (e.g. cash advances or non-business purchases, regardless whether they are reimbursed). If the nature of the transaction precludes or obscures a comparison to the requirements of Article 7, Section 14, the practitioner should report the transaction as an exception.

Results of procedures performed:

We performed the above listed procedures and noted no exceptions.

**Travel and Expense Reimbursement**

---

17. Obtain from management a listing of all travel and related expense reimbursements, by person, during the fiscal period or, alternately, obtain the general ledger and sort/filter for travel reimbursements. Obtain management's representation that the listing or general ledger is complete.

Results of procedures performed:

Management represents that the list is complete.

18. Obtain the entity's written policies related to travel and expense reimbursements. Compare the amounts in the policies to the per diem and mileage rates established by the U.S. General Services Administration ([www.gsa.gov](http://www.gsa.gov)) and report any amounts that exceed GSA rates.

Results of procedures performed:

We noted the following exception – the authority policy for per diem rates exceed the GSA rate by immaterial amounts. This is permissible under the regulations.

19. Using the listing or general ledger from #17 above, select the three persons who incurred the most travel costs during the fiscal period. Obtain the expense reimbursement reports or prepaid expense documentation of each selected person, including the supporting documentation, and choose the largest travel expense for each person to review in detail. For each of the three travel expenses selected:
- a) Compare expense documentation to written policies and report whether each expense was reimbursed or prepaid in accordance with written policy (e.g., rates established for meals, mileage, lodging). If the entity does not have written policies, compare to the GSA rates (#18 above) and report each reimbursement that exceeded those rates.
  - b) Report whether each expense is supported by:
    - An original itemized receipt that identifies precisely what was purchased. [Note: An expense that is reimbursed based on an established per diem amount (e.g., meals) does not require a receipt.]
    - Documentation of the business/public purpose (Note: For meal charges, there should also be documentation of the individuals participating).
    - Other documentation as may be required by written policy (e.g., authorization for travel, conference brochure, certificate of attendance)
  - c) Compare the entity's documentation of the business/public purpose to the requirements of Article 7, Section 14 of the Louisiana Constitution, which prohibits the loan, pledge, or donation of funds, credit, property, or things of value, and report any exceptions (e.g. hotel stays that extend beyond conference periods or payment for the travel expenses of a spouse). If the nature of the transaction precludes or obscures a comparison to the requirements of Article 7, Section 14, the practitioner should report the transaction as an exception.
  - d) Report whether each expense and related documentation was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Results of procedures performed:

I performed the above listed procedures and noted no exceptions.

## *Contracts*

---

20. Obtain a listing of all contracts in effect during the fiscal period or, alternately, obtain the general ledger and sort/filter for contract payments. Obtain management's representation that the listing or general ledger is complete.

### Results of procedures performed:

There were four applicable written vendor contracts.

Management represents that the list is complete.

21. Using the listing above, select the five contract "vendors" that were paid the most money during the fiscal period (excluding purchases on state contract and excluding payments to the practitioner). Obtain the related contracts and paid invoices and:
- a) Report whether there is a formal/written contract that supports the services arrangement and the amount paid.
  - b) Compare each contract's detail to the Louisiana Public Bid Law or Procurement Code. Report whether each contract is subject to the Louisiana Public Bid Law or Procurement Code and:
    - If yes, obtain/compare supporting contract documentation to legal requirements and report whether the entity complied with all legal requirements (e.g., solicited quotes or bids, advertisement, selected lowest bidder)
    - If no, obtain supporting contract documentation and report whether the entity solicited quotes as a best practice.
  - c) Report whether the contract was amended. If so, report the scope and dollar amount of the amendment and whether the original contract terms contemplated or provided for such an amendment.
  - d) Select the largest payment from each of the five contracts, obtain the supporting invoice, compare the invoice to the contract terms, and report whether the invoice and related payment complied with the terms and conditions of the contract.
  - e) Obtain/review contract documentation and board minutes and report whether there is documentation of board approval, if required by policy or law (e.g. Lawrason Act or Home Rule Charter).

### Results of procedures performed:

a) there is a formal/written contract that supports the services arrangement and the amount paid for each contract I tested.

b) none of the contracts I tested are subject to Louisiana Public Bid Law or Procurement Code. Bids were obtained for 3 of the 4 contracts tested.

c) None of the contracts were amended.

d] I selected the largest payment from each of the four contracts, obtained the supporting invoice, compared the invoice to the contract terms, and confirmed that the invoice and related payment complied with the terms and conditions of the contract.

e] The board approved all contracts tested.

### ***Payroll and Personnel***

---

22. Obtain a listing of employees (and elected officials, if applicable) with their related salaries, and obtain management's representation that the listing is complete. Randomly select five employees/officials, obtain their personnel files, and:

- a) Review compensation paid to each employee during the fiscal period and report whether payments were made in strict accordance with the terms and conditions of the employment contract or pay rate structure.
- b) Review changes made to hourly pay rates/salaries during the fiscal period and report whether those changes were approved in writing and in accordance with written policy.

#### ***Results of procedures performed:***

Management provided me a list of employees and represents that the list is complete.

a] I tested 5 employees compensation during the period and confirmed that payments were made in strict accordance with the terms and conditions of the pay rate structure.

b] There were no changes to salaries during the period.

23. Obtain attendance and leave records and randomly select one pay period in which leave has been taken by at least one employee. Within that pay period, randomly select 25 employees/officials (or randomly select one-third of employees/officials if the entity had less than 25 employees during the fiscal period), and:

- a) Report whether all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory). (Note: Generally, an elected official is not eligible to earn leave and does not document his/her attendance and leave. However, if the elected official is earning leave according to policy and/or contract, the official should document his/her daily attendance and leave.)
- b) Report whether there is written documentation that supervisors approved, electronically or in writing, the attendance and leave of the selected employees/officials.
- c) Report whether there is written documentation that the entity maintained written leave records (e.g., hours earned, hours used, and balance available) on those selected employees/officials that earn leave.

#### ***Results of procedures performed:***

a] The selected employees documented their daily attendance and leave.

b) There is written documentation that a supervisor approved the attendance and leave of the selected employees/officials.

c) There is written documentation that the entity maintained written leave records on those selected employees that earned leave.

24. Obtain from management a list of those employees/officials that terminated during the fiscal period and management's representation that the list is complete. If applicable, select the two largest termination payments (e.g., vacation, sick, compensatory time) made during the fiscal period and obtain the personnel files for the two employees/officials. Report whether the termination payments were made in strict accordance with policy and/or contract and approved by management.

**Results of procedures performed:**

Management asserts that there were no terminations during the period.

25. Obtain supporting documentation (e.g. cancelled checks, EFT documentation) relating to payroll taxes and retirement contributions during the fiscal period. Report whether the employee and employer portions of payroll taxes and retirement contributions, as well as the required reporting forms, were submitted to the applicable agencies by the required deadlines.

**Results of procedures performed:**

No exceptions were noted in the above test.

**Ethics (excluding nonprofits)**

---

26. Using the five randomly selected employees/officials from procedure #22 under "Payroll and Personnel" above, obtain ethics compliance documentation from management and report whether the entity maintained documentation to demonstrate that required ethics training was completed.

**Results of procedures performed:**

I reviewed ethics training certificates for each of the 5 employees selected and noted no exceptions.

27. Inquire of management whether any alleged ethics violations were reported to the entity during the fiscal period. If applicable, review documentation that demonstrates whether management investigated alleged ethics violations, the corrective actions taken, and whether management's actions complied with the entity's ethics policy. Report whether management received allegations, whether management investigated allegations received, and whether the allegations were addressed in accordance with policy.

Results of procedures performed:

Management represents that no alleged ethics violations were reported to them during the period.

***Debt Service (excluding nonprofits)***

---

28. If debt was issued during the fiscal period, obtain supporting documentation from the entity, and report whether State Bond Commission approval was obtained.

Results of procedures performed:

Not applicable.

29. If the entity had outstanding debt during the fiscal period, obtain supporting documentation from the entity and report whether the entity made scheduled debt service payments and maintained debt reserves, as required by debt covenants.

Results of procedures performed:

Not applicable.

30. If the entity had tax millages relating to debt service, obtain supporting documentation and report whether millage collections exceed debt service payments by more than 10% during the fiscal period. Also, report any millages that continue to be received for debt that has been paid off.

Results of procedures performed:

Not applicable.

***Other***

---

31. Inquire of management whether the entity had any misappropriations of public funds or assets. If so, obtain/review supporting documentation and report whether the entity reported the misappropriation to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

Results of procedures performed:

Management represents that they are not aware of any misappropriation of public funds or assets.

32. Observe and report whether the entity has posted on its premises and website, the notice required by R.S. 24:523.1. This notice (available for download or print at

[www.lla.la.gov/hotline](http://www.lla.la.gov/hotline)) concerns the reporting of misappropriation, fraud, waste, or abuse of public funds.

Results of procedures performed:

The notice is properly posted.

33. If the practitioner observes or otherwise identifies any exceptions regarding management's representations in the procedures above, report the nature of each exception.

Results of procedures performed:

No exceptions noted

I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, I do not express such an opinion or conclusion. Had I performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.

**Independent Auditor's Report on Internal Control Over Financial Reporting and  
on Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance With *Government Auditing Standards***

Board of Commissioners  
**Housing Authority of the Parish of St. Landry**  
Washington, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Housing Authority of the Parish of St. Landry, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the authority's basic financial statements, and have issued my report thereon dated October 24, 2017.

**Internal Control Over Financial Reporting**

In planning and performing my audit of the financial statements, I considered the authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the authority's internal control. Accordingly, I do not express an opinion on the effectiveness of the authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

## **HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

Washington, Louisiana

Report on Internal Control... *Government Auditing Standards*, 2017

Page Two

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the authority's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Commissioners  
**Housing Authority of the Parish of St. Landry**  
Washington, Louisiana

**Report on Compliance for Each Major Federal Program**

I have audited the Housing Authority of the Parish of St. Landry's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the authority's major federal programs for the year ended June 30, 2017. The authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

My responsibility is to express an opinion on compliance for each of the Authority's major federal programs based on my audit of the types of compliance requirements referred to above. I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as I considered necessary in the circumstances.

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**  
Washington, Louisiana  
Report on Compliance... Uniform Guidance, 2017  
Page Two

I believe that my audit provides a reasonable basis for my opinion on compliance for each major federal program. However, my audit does not provide a legal determination of the authority's compliance.

***Opinion on Each Major Federal Program***

In my opinion, the authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

**Report on Internal Control Over Compliance**

Management of the authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing my audit of compliance, I considered the authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, I do not express an opinion on the effectiveness of the authority's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

**HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY**

Washington, Louisiana

Report on Compliance... Uniform Guidance, 2017

Page Three

My consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Washington, Louisiana  
Schedule of Expenditures of Federal Awards  
For the Year Ended June 30, 2017

<i>Federal Grantor/Pass-through Grantor/ Program or Cluster Title</i>	<i>CFDA #</i>	<i>Federal Expenditures</i>
<b>U.S. Department of Housing and Urban Development:</b>		
Direct Programs:		
Low Rent Public Housing	14.850a	\$ 498,058
Housing Choice Voucher Program	14.871	2,611,275
Public Housing Capital Fund Program	14.872	146,232
Total Federal Expenditures		<u>\$ 3,255,565</u>

See accompanying notes to schedule of expenditures of federal awards.

# HOUSING AUTHORITY OF THE PARISH OF ST. LANDRY

Washington, Louisiana

## Notes to the Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2017

### NOTE A—Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Authority under programs of the federal government for the year ended June 30, 2017. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Authority.

### NOTE B—Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The Authority has elected not to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

### NOTE C – Relationship to Basic Financial Statements

Federal awards revenues are reported in the authority's basic financial statements as follows:

Public and Indian Housing—Low Rent Program	\$498,058
Housing Choice Voucher Program	\$2,611,275
Capital Fund Program	\$146,232

### NOTE D – Relationship to Federal Financial Reports

Amounts reported in the accompanying schedule agree with the amounts reported in the related federal financial reports except for changes made to reflect amounts in accordance with GAAP.

### NOTE E- FEDERAL AWARDS

For those funds that have matching revenues and state funding, federal expenditures were determined by deducting matching revenues from total expenditures. In accordance with HUD Notice PIH 9814, "federal awards" do not include the authority's operating income from rents or investments (or other Non-federal sources). In addition, the entire amount of operating subsidy received and/or accrued during the fiscal year is considered to be expended during the fiscal year.
