CENTRAL LAFOURCHE AMBULANCE SERVICE DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended December 31, 2024

This discussion and analysis of the Central Lafourche Ambulance Service District's (the District) financial performance provides an overview of the financial activities as of and for the fiscal year ended December 31, 2024. Please read it in conjunction with the basic financial statements and the accompanying notes to the financial statements.

FINANCIAL HIGHLIGHTS

Our financial statements provide these insights into the results of this year's operations:

- The net position increased as a result of this year's operations. Net position of our governmental activities increased by \$21,771. As a result of this year's operations assets exceeded liabilities and deferred inflows of resources by \$1,052,439 (net position).
- During the year, expenses for governmental activities were \$504,484. General revenues were \$526,255 resulting with expenses exceeding revenues of \$21,771.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (Government-Wide Financial Statements) provide information about the governmental activities as a whole and present a longer-term view of the finances. The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Funds (Fund Financial Statements) tell how services were financed in the short term as well as what remains for future spending. Fund financial statements also report the operations in more detail than the government-wide statements by providing information about the most significant funds.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities report information as a whole and about activities. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the net position and changes in net position. You can think of net position—the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources—as one way to measure the financial health, or financial position. Over time, increases or decreases in net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, to assess the overall health of the Central Lafourche Ambulance Service District.

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds—not as a whole. Some funds are required to be established by State laws.

The District utilizes the governmental type of fund with the following accounting approach. Most of the basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation at the bottom of the fund financial statements.

FINANCIAL ANALYSIS AS A WHOLE (GWFS)

Net position increased from \$1,030,668 to \$1,052,439. In comparison, last year net position increased by \$570,429. Unrestricted net position—the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements—absorbed the increase this year. The balance in net position presents the accumulated results of all past years' operations.

Our analysis below focuses on the net position and changes in net position of the governmental-type activities.

FINANCIAL ANALYSIS OF INDIVIDUAL FUNDS (FFS)

The District uses funds to help it control and manage money for particular purposes. Looking at individual funds helps you consider whether the District is being accountable for the resources provided to it but may also give you more insight into the overall financial health.

The governmental fund reported a fund balance of \$1,052,439; all considered unassigned. This reflects an increase of \$21,771 from last year. Total revenues for governmental funds were \$526,255. Current expenditures for governmental activities were \$504,484, primarily for ambulance services. The result for the year was an excess of expenditures over revenues of \$21,771.

GENERAL FUND BUDGETARY HIGHLIGHTS

The original budget for the General Fund was amended during the year. All variances were in compliance with the Local Government Budget Act (R.S. 39:1301-15) R.S. 39:33, or R.S. 39:1331-1342, as applicable. More information on the current year budget can be found in the General Fund Budgetary Comparison Schedule.

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of the Central Lafourche Ambulance Service District (the District), a component unit of Lafourche Parish Council, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of the District as of December 31, 2024, and the respective changes in financial position for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management's for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free of material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Required Supplementary Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide sufficient evidence to express an opinion or provide any assurance.

Other Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statement that collectively comprise the basic financial statements. The Schedule of Compensation, Benefits, and Other Payment to the Agency Head is presented for the purposes of additional analysis and is not a required part of the basic financial statements. This schedule is the responsibility of management and is derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 2, 2025 on our consideration of the internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the internal control over financial reporting and compliance.

CENTRAL LAFOURCHE AMBULANCE SERVICE DISTRICT
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2024

The Central Lafourche Ambulance Service District (the District) operates under provisions of the Louisiana Revised Statutes and local ordinances established by the Lafourche Parish Council. The District was created by ordinance enacted by the Lafourche Parish Council on July 23, 1983 and is an integral part of the Lafourche Parish Council.

Note 1 **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting and reporting policies of the Central Lafourche Ambulance Service District (the District) conform to generally accepted accounting principles as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The following is a summary of certain significant accounting policies:

A. Reporting Entity

As the governing authority of the parish, for reporting purposes, the Lafourche Parish Council is the financial reporting entity for Lafourche Parish. The GASB established criteria for determining which component units should be considered part of the Lafourche Parish Council for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. Based on criterion applied, the District is a component unit of the Lafourche Parish Council. The accompanying financial statements present information only on the funds maintained by the District and do not present information on the Lafourche Parish Council, the general government services provided by the Council, or the other governmental units that comprise the financial reporting entity.

B. Basic Financial Statements – Basis of Presentation

Government-Wide and Fund Financial Statements

The District's basic financial statements include both government-wide (reporting the entity as a whole) and fund financial statements (reporting the major funds). Both the government-wide and fund financial statements categorize primary activities as governmental type activities. All of the District's services are classified as governmental activities.

In the government-wide Statement of Net Position, the governmental activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations.

CENTRAL LAFOURCHE AMBULANCE SERVICE DISTRICT
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2024

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basic Financial Statements – Basis of Presentation (continued)

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and activities. These functions are also supported by general government revenues (ad valorem taxes and interest earned.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues. The net costs (by function) are normally covered by general revenue (ad valorem taxes and interest earned). This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net assets resulting from the current year's activities.

Fund Accounting

The accounting system is organized and operated on a fund basis whereby a separate self-balancing set of accounts is maintained for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. A fund is a separate accounting entity with a self-balancing set of accounts.

Governmental Funds

Governmental Funds are those through which the governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities are accounted for through Governmental Funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The General Fund is the general operating fund of the District. It is used to account for all financial resources except those that are required to be accounted for in another fund.

C. Measurement Focus

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

The governmental fund financial statements are accounted for using a current financial resources measurement focus. With this measurement focus only current assets and current liabilities are generally included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The governmental fund financial statements use the modified accrual basis of accounting.

CENTRAL LAFOURCHE AMBULANCE SERVICE DISTRICT
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2024

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus (continued)

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available).

“Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The governmental funds use the following practices in recording revenues and expenditures:

Ad valorem taxes and revenue sharing are considered susceptible to accrual. Interest income is recorded when received by the District. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

D. Budgets

The District is legally required to comply with the “Louisiana Local Government Budget Act” and henceforth; budgets are required to be adopted for its governmental fund on a modified accrual basis that is consistent with generally accepted accounting principles.

Annual budgets are by the Secretary/Treasurer of the Board and presented to the Board for adoption no later than 15 days prior to the beginning of the fiscal year.

Budgets are adopted for the fiscal year and lapse at a year-end. The budget is amended by supplemental appropriations as needed to during the year to comply with state law.

E. Cash

Cash includes amounts in demand deposits, interest-bearing deposits, and money market accounts. Under state law, the District may deposit funds in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

Investments are limited by Louisiana Revised Statute (R.S.) 33:2955. Investments are stated at fair value as established by open market, except for the Louisiana Asset Management Pool (LAMP). LAMP is an external pool which is operated in a manner consistent with the SEC’s Rule 2a7 of the Investment Company Act of 1940.

CENTRAL LAFOURCHE AMBULANCE SERVICE DISTRICT
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2024

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Fund Equity

For government-wide financial statements net assets are classified and displayed in three components:

- Net invested in capital assets – Consists of capital assets, net of accumulated depreciation.
- Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributions or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- Unrestricted net assets – All other net assets that do not meet the definition of “restricted” or “net invested in capital assets.”

Governmental fund equity is classified as fund balance. Fund balance is further classified as non-spendable, restricted, committed, assigned, or unassigned.

- Non-spendable fund balance cannot be spent because of its form.
- Restricted fund balance has limitations imposed by creditors, grantors, or contributors or by enabling legislation or constitutional provisions.
- Committed fund balance is a limitation imposed by the Board through approval in minutes.
- Assigned fund balances is a limitation imposed by a designee of the Board.
- Unassigned fund balance in the General Fund is the net resources in excess of what can be properly classified in one of the above four categories. Negative unassigned fund balance in other governmental funds represents excess expenditures incurred over the amounts restricted, committed, or assigned to those purposes.

G. Receivables

The financial statements for the District contain no allowance for uncollectible accounts. Uncollectible amounts due for ad valorem taxes are recognized as bad debts at the time information becomes available which would indicate the uncollectibility of the particular receivable. These amounts are not considered to be material in relation in the financial position or operations of the funds.

CENTRAL LAFOURCHE AMBULANCE SERVICE DISTRICT
NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2024

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 DEPOSITS

Demand (deposits and interest bearing demand deposits) are recorded at cost, which approximates fair value. At year-end, the reported amount of deposits were \$560,345 and the corresponding bank balances was \$1,052,438.

Custodial credit risk is the risk that in an event of a bank failure, the District's deposits may not be returned to it. Of the total deposit balance, \$802,438 is considered exposed to custodial credit risk. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposits insurance or the pledge of securities owned by the fiscal agent bank. The market values of the pledged securities plus the federal deposit insurance (FDIC) must at all time equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties. All of the District's deposits are covered by FDIC insurance and pledged securities under the Lafourche Parish Government.

Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement 3, R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the entity that the fiscal agent has failed to pay deposited funds upon demand.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2024

Note 3

Property taxes are levied each November 1 on the assessed value listed as of the prior January 1 for all real property, merchandise, and moveable property located in the Parish. Assessed values are established by the Lafourche Parish Assessor's Office and the State Tax Commission at the percentages of actual value as specified by Louisiana law.

A reevaluation of all property is required to be completed no less than every four years. The Lafourche Parish Assessor informed the District that as a result of the devastation caused by Hurricane Ida they would be conducting a revaluation as per RS 47:1978.1. The revaluation was completed in February 2022. Taxes are due and payable December 31 with interest being charged on payments after January 1. Taxes can be paid through the tax sale date, which is the last Wednesday in June. Properties for which the taxes have not been paid are sold for the amount of the taxes.

The tax rate for the year ended December 31, 2023 – for revenue recognized in 2024 is 3.0 mills and was assessed on property within Central Lafourche Ambulance Service District for the purpose of maintaining ambulance service within the District. The assessed values of real property upon which 2023 property tax were based was \$161,008,644.

Note 4

The Lafourche Parish Sheriff collects and remits property taxes on behalf of all taxing districts in their respective jurisdictions. Property taxes receivable represents real property taxes, and outstanding delinquencies which are measurable as of December 31, 2024 and for which there is an enforceable legal claim. In the governmental funds, the current portion receivable has been offset by deferred revenue since the current taxes were not levied to finance 2024 operations and the collection of delinquent taxes has been offset by a deferred inflow of resources since the collection of the taxes during the available period is not subject to reasonable estimation. On a modified accrual basis the revenue is reported as a deferred inflow of resources.

The tax rate for the year ended December 31, 2024 – for revenue to be recognized in 2025 was 3.0 mills of assessed valuation on property within the District. The assessed values of real property upon which the 2024 property taxes are based on is \$157,164,534.

Note 5

No compensation was paid to Board Members during the year.

Note 6 **AMBULANCE SERVICES AGREEMENT**

In December 2020 the Board approved an agreement for emergency and non-emergency ground ambulance services for the Central Lafourche Ambulance Service District Commission with Acadian Ambulance Service, LLC.

The current contract executed July 1, 2021 is for 2 years with two 1-year options to renew. The contract was renewed in December 2023 and the District paid \$477,760 to the Acadian Ambulance in 2024.

**Independent Auditor's Report on Internal Control over Financial Reporting
And On Compliance and Other Matters Based On an Audit Of
Financial Statements Performed In Accordance With
*Government Auditing Standards***

To the Board of Commissioners,
Of the Central Lafourche Ambulance Service District
Lockport, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Central Lafourche Ambulance Service District, a component unit of the Lafourche Parish Council, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents and have issued our report thereon dated April 16, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the internal control. Accordingly, we do not express an opinion on the effectiveness of the internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency or combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

LOUISIANA LEGISLATIVE AUDITOR – STATEWIDE AGREED-UPON PROCEDURES REPORT

Central Lafourche Ambulance Service District

Independent Accountant's Report
On Applying Agreed-Upon Procedures

For the Year Ended December 31, 2024

To the Board of Commissioners
Central Lafourche Ambulance Service District and
Louisiana Legislative Auditor:

We have performed the procedures enumerated below on the control and compliance (C/C) areas identified in the Louisiana Legislative Auditor's (LLA's) Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 1, 2024 through December 31, 2024. The Central Lafourche Ambulance Service District's (District's) management is responsible for those C/C areas identified in the SAUPs.

The District has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of the engagement, which is to perform specified procedures on the C/C areas identified in LLA's SAUPs for the fiscal period January 1, 2024 through December 31, 2024. Additionally, LLA has agreed to and acknowledged that the procedures performed are appropriate for its purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated results are as follows:

1) Written Policies and Procedures

- A. Obtain and inspect the entity's written policies and procedures and observe that they address each of the following categories and subcategories if applicable to public funds and the entity's operations:
 - i. **Budgeting**, including preparing, adopting, monitoring, and amending the budget.
 - ii. **Purchasing**, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.

- iii. **Disbursements**, including processing, reviewing, and approving.
- iv. **Receipts/Collections**, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions (e.g. periodic confirmation with outside parties, reconciliation to utility billing after cutoff procedures, reconciliation of traffic ticket number sequences, agency fund forfeiture monies confirmation).
- v. **Payroll/Personnel**, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked, and (3) approval process for employee rates of pay or approval and maintenance of pay rate schedules.
- vi. **Contracting**, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process.
- vii. **Credit Cards (and debit cards, fuel cards, P-Cards, if applicable)**, including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers of statements, and (5) monitoring card usage (e.g., determining the reasonableness of fuel card purchases).
- viii. **Travel and expense reimbursement**, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers.
- ix. **Ethics**, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that documentation is maintained to demonstrate that all employees, including elected officials, were notified of any changes to the entity's ethics policy.
- x. **Debt Service**, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.
- xi. **Information Technology Disaster Recovery/Business Continuity**, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.
- xii. **Prevention of Sexual Harassment**, including R.S. 42:342-344 requirements for (1) agency responsibilities and prohibitions, (2) annual employee training, and (3) annual reporting.

Results: *The District does not have any written policies and procedures.*

Management's Response: *The District is not required to have and audit every year and there are very few of the policies that are applicable, therefore the Board has not adopted any.*

STAGNI & COMPANY, LLC

2) Board or Finance Committee

- A. Obtain and inspect the board/finance committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:
 - i. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.
 - ii. For those entities reporting on the governmental accounting model, review the minutes from all regularly scheduled board/finance committee meetings held during the fiscal year and observe whether the minutes from at least one meeting each month referenced or included monthly budget-to-actual comparisons on the general fund, quarterly budget-to-actual, at a minimum, on proprietary funds, and semi-annual budget-to-actual, at a minimum, on all special revenue funds. *Alternatively, for those entities reporting on the not-for-profit accounting model, observe that the minutes referenced or included financial activity relating to public funds if those public funds comprised more than 10% of the entity's collections during the fiscal period.*
 - iii. For governmental entities, obtain the prior year audit report and observe the unassigned fund balance in the general fund. If the general fund had a negative ending unassigned fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unassigned fund balance in the general fund.
 - iv. Observe that the board/finance committee received written updates of the progress of resolving audit finding(s), according to management's corrective action plan at each meeting until the findings are considered fully resolved.

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

3) Bank Reconciliations

- A. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for selected each account, and observe that:
 - i. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);
 - ii. Bank reconciliations include written evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and
 - iii. Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

STAGNI & COMPANY, LLC

4) Collections (excluding electronic funds transfers)

- A. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).
- B. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:
 - i. Employees that are responsible for cash collections do not share cash drawers/registers.
 - ii. Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.
 - iii. Each employee responsible for collecting cash is not also responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.
 - iv. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not also responsible for collecting cash, unless another employee verifies the reconciliation.
- C. Obtain from management a copy of the bond or insurance policy for theft covering all employees who have access to cash. Observe that the bond or insurance policy for theft was in force during the fiscal period.
- D. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3A under "Bank Reconciliations". Obtain supporting documentation for each of the 10 deposits and:
 - i. Observe that receipts are sequentially pre-numbered.
 - ii. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
 - iii. Trace the deposit slip total to the actual deposit per the bank statement.
 - iv. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).
 - v. Trace the actual deposit per the bank statement to the general ledger.

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

5) Non-Payroll Disbursements (excluding card purchases/payments, travel reimbursements, and petty cash purchases)

- A. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).
- B. For each location selected under #5A above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:
 - i. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.
 - ii. At least two employees are involved in processing and approving payments to vendors.
 - iii. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.
 - iv. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.
 - v. Only employees/officials authorized to sign checks approve the electronic disbursement (release) of funds, whether through automated clearinghouse (ACH), electronic funds transfer (EFT), wire transfer, or some other electronic means.
- C. For each location selected under #5A above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:
 - i. Observe that the disbursement, whether by paper or electronic means, matched the related original itemized invoice and supporting documentation indicates that deliverables included on the invoice were received by the entity.
 - ii. Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #5B, as applicable.
- D. Using the entity's main operating account and the month selected in "Bank Reconciliations" procedure #3A, randomly select 5 non-payroll-related electronic disbursements (or all electronic disbursements if less than 5) and observe that each electronic disbursement was (a) approved by only those persons authorized to disburse funds (e.g., sign checks) per the entity's policy, and (b) approved by the required number of authorized signers per the entity's policy

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

6) Credit Cards/Debit Cards/Fuel Cards/P-Cards

- A. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.
- B. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement). Obtain supporting documentation, and:
 - i. Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) were reviewed and approved, in writing, by someone other than the authorized card holder.
 - ii. Observe that finance charges and late fees were not assessed on the selected statements.
- C. Using the monthly statements or combined statements selected under #6B above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (e.g., each card should have 10 transactions subject to inspection). For each transaction, observe that it is supported by (1) an original itemized receipt that identifies precisely what was purchased, (2) written documentation of the business/public purpose, and (3) documentation of the individuals participating in meals (for meal charges only). For missing receipts, the practitioner should describe the nature of the transaction and observe whether management had a compensating control to address missing receipts, such as a "missing receipt statement" that is subject to increased scrutiny.

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

7) Travel and Travel-Related Expense Reimbursements (excluding card transactions)

- A. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:
 - i. If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).
 - ii. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.
 - iii. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1A(vii)).

STAGNI & COMPANY, LLC

- iv. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

8) Contracts

- A. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:
 - i. Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.
 - ii. Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).
 - iii. If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment and that amendments were made in compliance with the contract terms (e.g., if approval is required for any amendment, the documented approval).
 - iv. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

9) Payroll and Personnel

- A. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.
- B. Randomly select one pay period during the fiscal period. For the 5 employees/officials selected under #9A above, obtain attendance records and leave documentation for the pay period, and:
 - i. Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory).
 - ii. Observe that supervisors approved the attendance and leave of the selected employees/officials.
 - iii. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.
 - iv. Observe that the rate paid to the employees or officials agree to the authorized salary/pay rate found within the personnel file.

STAGNI & COMPANY, LLC

- C. Obtain a listing of those employees or officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees or officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations and the entity policy on termination payments. Agree the hours to the employee or officials' cumulative leave records, agree the pay rates to the employee or officials' authorized pay rates in the employee or officials' personnel files, and agree the termination payment to entity policy.
- D. Obtain management's representation that employer and employee portions of third-party payroll related amounts (e.g., payroll taxes, retirement contributions, health insurance premiums, garnishments, workers' compensation premiums, etc.) have been paid, and any associated forms have been filed, by required deadlines.

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

10) Ethics

- A. Using the 5 randomly selected employees/officials from procedure #9A under "Payroll and Personnel" above, obtain ethics documentation from management, and:
 - i. Observe that the documentation demonstrates that each employee/official completed one hour of ethics training during the fiscal period as required by R.S. 42:1170.
 - ii. Observe that the entity maintains documentation which demonstrates that each employee/official were notified of any changes to the entity's ethics policy during the fiscal period, as applicable.
- B. Inquire and/or observe whether the agency has appointed an ethics designee as required by R.S. 42:1170.

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

11) Debt Service

- A. Obtain a listing of bonds/notes and other debt instruments issued during the fiscal period and management's representation that the listing is complete. Select all debt instruments on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each debt instrument issued as required by Article VII, Section 8 of the Louisiana Constitution.
- B. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants (including contingency funds, short-lived asset funds, or other funds required by the debt covenants).

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

STAGNI & COMPANY, LLC

12) Fraud Notice

- A. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled as required by R.S. 24:523.
- B. Observe that the entity has posted, on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

13) Information Technology Disaster Recovery/Business Continuity

Perform the following procedures, **verbally discuss the results with management, and report "We performed the procedure and discussed the results with management."**

- A. Obtain and inspect the entity's most recent documentation that it has backed up its critical data (if no written documentation, inquire of personnel responsible for backing up critical data) and observe evidence that such backup (a) occurred within the past week, (b) was not stored on the government's local server or network, and (c) was encrypted.
- B. Obtain and inspect the entity's most recent documentation that it has tested/verified that its backups can be restored (if no written documentation, inquire of personnel responsible for testing/verifying backup restoration) and observe evidence that the test/verification was successfully performed within the past 3 months.
- C. Obtain a listing of the entity's computers currently in use, and their related locations, and management's representation that the listing is complete. Randomly select 5 computers and observe while management demonstrates that the selected computers have current and active antivirus software and that the operating system and accounting system software in use are currently supported by the vendor.
- D. Randomly select 5 terminated employees (or all terminated employees if less than 5) using the list of terminated employees obtained in procedure #9A under "Payroll and Personnel" above. Observe evidence that the selected terminated employees have been removed or disabled from the network.
- E. Using the 5 randomly selected employees/officials from "Payroll and Personnel" procedure #9A, obtain cybersecurity training documentation from management, and observe that the documentation demonstrates that the following employees/officials with access to the agency's information technology assets have completed cybersecurity training as required by R.S. 42:1267. The requirements are as follows:
 - Hired before June 9, 2020 – completed the training; and
 - Hired on or after June 9, 2020 – completed the training within 30 days of initial service or employment.

Results: *There were no findings reported in the prior year, therefore, testing of this category was not required for the current fiscal year.*

STAGNI & COMPANY, LLC

14) Prevention of Sexual Harassment

A. Using the 5 randomly selected employees/officials from procedure #9A under "Payroll and Personnel" above, obtain sexual harassment training documentation from management, and observe that the documentation demonstrates each employee/official completed at least one hour of sexual harassment training during the calendar year as required by R.S. 42:343.

B. Observe that the entity has posted its sexual harassment policy and complaint procedure on its website (or in a conspicuous location on the entity's premises if the entity does not have a website).

C. Obtain the entity's annual sexual harassment report for the current fiscal period, observe that the report was dated on or before February 1, and observe that it includes the applicable requirements of R.S. 42:344:

- a. Number and percentage of public servants in the agency who have completed the training requirements;
- b. Number of sexual harassment complaints received by the agency;
- c. Number of complaints which resulted in a finding that sexual harassment occurred;
- d. Number of complaints in which the finding of sexual harassment resulted in discipline or corrective action; and
- e. Amount of time it took to resolve each complaint.

Results: *None of the Board members received the required sexual harassment training. There was no annual report on file.*

Management's Response: *The District's Board members will be notified that if an audit is required, the annual training is also required and that an annual report should be on file by February 1st.*

We were engaged by the District to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of *Government Auditing Standards*. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
