Independent Auditor's Report

Red River Parish Tax Assessor
Coushatta, Louisiana

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of the Red River Parish Tax Assessor, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Red River Parish Tax Assessor's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of the Red River Parish Tax Assessor, as of December 31, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, the schedule of employer's share of net pension liability, the schedule of employer contributions, and the schedule of changes in total OPEB liability and related ratios, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Red River Parish Tax Assessor's basic financial statements. The Schedule of Compensation, Benefits, and Other Payments to Agency Head is presented for the purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Compensation, Benefits, and Other Payments to Agency Head is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Compensation, Benefits, and Other Payments to Agency Head is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 18, 2020 on our consideration of the Red River Parish Tax Assessor's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Red River Parish Tax Assessor's internal control over financial reporting and compliance.

**NOTES TO THE
FINANCIAL STATEMENTS**

Red River Parish Tax Assessor
Coushatta, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2019

INTRODUCTION

As provided by Article VII, Section 24 of the Louisiana Constitution of 1974, Assessors are elected by the voters of each parish and serve terms of four years. The Assessors assess property, prepare tax rolls, and submit tax rolls to the Louisiana Tax Commission.

The Assessor's office is located in the Red River Parish Courthouse in Coushatta, Louisiana. The Assessor employs four deputies. In accordance with Louisiana law, the Assessor bases real and movable property assessments on conditions existing on January 1 of the tax year. The Assessor completes an assessment listing by May 1 of the tax year and submits the list to the parish governing authority and the Louisiana Tax Commission as prescribed by law. Once the assessment listing is approved, the Assessor submits the assessment roll to the parish tax collector who is responsible for collecting and distributing taxes to the various taxing bodies.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying financial statements of the Assessor have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The Assessor applies all relevant GASB pronouncements, and GAAP, as applicable to governmental entities. Also, the Assessor's financial statements are prepared in accordance with the requirements of Louisiana R.S. 24:513 and Audits of State and Local Government Units, published by the American Institute of Certified Public Accountants.

B. Reporting Entity

GASB Statement No. 14, The Financial Reporting Entity, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. As the governing authority of the parish, for reporting purposes, the Red River Parish Police Jury is the financial reporting entity for Red River Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, establishes criteria for determining which, if any, component units should be considered part of the Red River Parish Police Jury for financial reporting purposes. GASB Statement No. 61 provides additional criteria for classifying entities as component units. The basic criterion for including a potential component unit within the reporting entity is financial accountability, which includes:

1. Appointing a voting majority of an organization's governing body, and:
 - i. The ability of the government to impose its will on that organization and/or
 - ii. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the government.

Red River Parish Tax Assessor
Coushatta, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2019

2. Organizations for which the government does not appoint a voting majority but are fiscally dependent on the government and there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the government regardless of whether the organization has a separately elected governing board, a governing board appointed by a higher level of government, or a jointly appointed board.

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Since the Assessor is fiscally dependent on the police jury, the Assessor has been determined to be a component unit of the Red River Police Jury. The accompanying financial statements present information only on the funds maintained by the Assessor and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

C. Government-Wide Financial Statements

The Assessor's government-wide financial statements include the Statement of Net Position and the Statement of Activities. These statements present summaries of the governmental activities for the Assessor. Fiduciary activities of the Assessor are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the Assessor's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in Net Position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange or exchange-like transactions are recognized when the exchange occurs (regardless of when cash is received or disbursed). Revenues, expenses, gains, losses, assets and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Red River Parish Tax Assessor's governmental activities.

Program Revenues - Program revenues included in the Statement of Activities (Statement B) derive directly from parties outside the Assessor's taxpayers or citizenry, including (a) fees and charges paid by the recipient for goods or services offered by the program, and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program; program revenues reduce the cost of the function to be financed from the Assessor's general revenues.

Direct Expenses - The Assessor reports all direct expenses by function in the Statement of Activities (Statement B). Direct expenses are those that are clearly identifiable with a function. Depreciation expense, which can be specifically identified by function, is included in the direct expenses of each function.

Red River Parish Tax Assessor
Coushatta, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2019

Indirect Expenses - The Assessor reports all indirect expenses separately on the Statement of Activities (Statement B). Indirect expenses are those expenses that are not clearly identifiable with a function. Interest on long-term debt is considered an indirect expense.

General revenues are taxes and other items that are not properly included among program revenues.

D. Fund Financial Statements

The accounts of the Red River Parish Tax Assessor are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues, expenditures or expenses, as appropriate, additions, and deductions. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds maintained is consistent with legal and managerial requirements. Funds of the Assessor are classified into one category: governmental.

Governmental Funds

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances for all major governmental funds. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the Government-Wide financial statements. The Assessor has presented all major funds.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are included on the Balance Sheets. Amounts recorded as assets exclude capital assets and the acquisition of capital assets is treated as an expenditure. Long-term debts are reported as an other financing source, and repayment of long-term debt is reported as an expenditure. The Statement of Revenues, Expenditures and Changes in Fund Balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in fund balance.

Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period.

"Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon thereafter to pay liabilities of the current period. Accordingly, revenues are recorded when received in cash and when collected within 60 days after year-end. Expenditures are recorded in the accounting period in which the related fund liability is incurred, except for principal and interest on general long-term debt, which are recognized when due.

The Red River Parish Tax Assessor reports the following major governmental funds:

General Fund - The primary operating fund of the Assessor, the General Fund accounts for all financial resources, except those required to be accounted for in other funds. The General Fund is available for any purpose provided it is expended or transferred in accordance with state and federal laws and according to Assessor policy.

Red River Parish Tax Assessor
Coushatta, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2019

Revenues

The governmental funds use the following practices in recording revenues:

Those revenues susceptible to accrual are property taxes and charges for services.

Entitlements and shared revenues are recorded as unrestricted grants-in-aid at the time of receipt or earlier if the susceptible-to-accrual criteria are met. Expenditure-driven grants are recognized when the qualifying expenditures have been incurred, all other grant requirements have been met, and the susceptible-to-accrual criteria have been met.

Interest earnings are recorded when the investments have matured and the interest is available.

Expenditures

The governmental funds use the following practices in recording expenditures:

Purchases of various operating supplies, etc. are recorded as expenditures when the related fund liability is incurred.

Principal and interest on long-term debt are recognized when due.

Other Financing Sources (Uses)

The governmental funds use the following practices in recording other financing sources (uses):

Sales of fixed assets and long-term debt proceeds and payments are accounted for as other financing sources (uses). These other financing sources (uses) are recognized at the time the underlying events occur.

E. Equity Classifications

The Red River Parish Tax Assessor has implemented GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.

In the Government-Wide Financial Statements, the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources is classified as net position and reported in three components:

Net investment in capital assets: This classification consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of these assets.

Restricted net position: This classification consists of net position with constraints placed on its use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or law through constitutional provision or enabling legislation.

Unrestricted net position: Any other net position that does not meet the definition of "restricted" or "net investment in capital assets."

Red River Parish Tax Assessor
Coushatta, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2019

When an expense is incurred for the purposes for which both restricted and unrestricted net position are available, management applies unrestricted net position first, unless a determination is made to use restricted net position. The policy concerning which to apply first varies with the intended use and legal requirements. This decision is typically made by management at the incurrence of the expense.

The Governmental Fund Financial Statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Assessor is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. The Assessor did not have any nonspendable funds for the year ended December 31, 2019.

Restricted: This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The Assessor did not have any restricted funds for the year ended December 31, 2019.

Committed: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Assessor. These amounts cannot be used for any other purpose unless the Assessor removes or changes the specified use by taking the same type of action (resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Assessor typically establishes commitments through the adoption and amendment of the budget. The Assessor did not have any committed funds for the year ended December 31, 2019.

Assigned: This classification includes amounts that are constrained by the Assessor's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Assessor or through the Assessor for specific purposes. This classification also includes the remaining positive fund balance for all governmental funds except for the General Fund. The Assessor has no assigned funds for year ended December 31, 2019.

Unassigned: This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts. All funds of the Assessor are designated as unassigned.

The Assessor would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

Red River Parish Tax Assessor
Coushatta, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2019

F. Budgets

Prior to the beginning of each fiscal year, the Red River Parish Tax Assessor adopts a budget for the next fiscal year. The budget can be amended before the end of the fiscal year under the same process used to adopt a budget. The budget is open for public inspection. All budgetary appropriations lapse at the end of the fiscal year. The budget is prepared on the modified accrual basis of accounting.

The 2019 General Fund budget was published in the official journal and made available for public inspection. The budget was adopted by the Assessor on December 13, 2018. The budget had no amendments.

G. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and money market accounts. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less. Under state law, the Red River Parish Tax Assessor may deposit funds in demand deposits in stock-owned federally insured depository institutions organized under the laws of the state of Louisiana or of any other state of the United States, or under the laws of the United States. The Assessor may invest in certificates and time deposits with state banks organized under Louisiana law and national banks having their principal offices in Louisiana.

For the purposes of the statement of cash flows, cash equivalents include all highly liquid investments with a maturity date of 90 days or less when purchased.

Under state law, the Assessor may invest in United States bonds, treasury notes, or certificates. Those with maturities of 90 days or less would be classified as cash equivalents and all other reported as investments.

H. Investments

The Red River Parish Tax Assessor's investments comply with Louisiana Revised Statute 33:2955. Under state law, the Assessor may deposit funds with a fiscal agent organized under the laws of Louisiana, the laws of any other state in the union, or the laws of the United States. The Assessor may invest in United States bonds, treasury notes and bills, or government-backed agency securities or certificates, and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. These deposits are classified as investments if their original maturities exceed 90 days. Investments are stated at fair value except for those which are permitted under GASB Statement No. 31 to use a different valuation measurement.

In accordance with paragraph 69 of GASB Statement No. 72, the Assessor reports at amortized cost money market investments and participating interest-bearing investment contracts that have a remaining maturity at the time of purchase of one year or less. Money market investments are short-term, highly liquid debt instruments that include U.S. Treasury obligations.

Notes to the Financial Statements
As of and for the year ended December 31, 2019

I. Capital Assets

Capital assets, which include property, plant, and equipment, are recorded in the governmental column of the government-wide financial statements, but are not reported in the governmental fund financial statements. Acquisitions of property and equipment are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Assessor maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of that asset or materially extend the life of that asset are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of useful lives by type of asset is as follows:

Furniture, fixtures, equipment	5-10 years
Improvements	10-20 years

J. Deferred Outflows of Resources

The Assessor reports decreases in net position that relate to future periods as deferred outflows of resources in a separate section of its government-wide and proprietary funds statements of net position. The Assessor will not recognize the related expenses until a future event occurs. The Assessor reported deferred outflows of resources of \$499,156, but no deferred outflows of resources affect the governmental funds financial statements. Deferred outflows of resources of \$290,905 are related to the net pension liability, and deferred outflows of resources of \$208,251 are related to the net other post employment benefits obligation.

K. Deferred Inflows of Resources

The Assessor reports increases in net position that relate to future periods as deferred inflows of resources in a separate section of its government-wide and proprietary funds statements of net position. The Assessor will not recognize the related revenues until a future event occurs. The Assessor reported deferred inflows of resources of \$225,565, but no deferred inflows of resources affect the governmental funds financial statements. Deferred inflows of resources of \$143,529 are related to the net pension liability, and deferred inflows of resources of \$82,036 are related to the net other post employment benefits obligation.

L. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Actual results could differ from those estimates.

2. Ad Valorem Tax

The Assessor levies taxes on real and business personal property located within the boundaries of Red River Parish. Property taxes are levied by the Assessor on property values assessed by the Assessor and approved by the State of Louisiana Tax Commission.

The Red River Parish Sheriff's office bills and collects property taxes. The Assessor recognizes property tax revenues when levied.

The Assessor is permitted to levy taxes up to 10% of the assessed property valuation for each specified purpose after the approval by the voters of the parish. Property taxes are recorded as receivables and revenues in the year assessed.

Assessed values are established by the Red River Parish Tax Assessor each year on a uniform basis at the following ratios to fair market value:

10% land	15% machinery
10% residential	15% commercial improvements
15% industrial improvements	25% public services properties, excluding land

3. Cash and Cash Equivalents

At December 31, 2019, the Assessor had cash and cash equivalents (book balances) totaling \$14,468. These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent.

Coushatta, Louisiana

Notes to the Financial Statements
As of and for the year ended December 31, 2019

At December 31, 2019, the Assessor had \$33,849 in deposits (collected bank balances). These deposits are secured from risk by \$33,849 federal deposit insurance. Even though the pledged securities are considered uncollateralized under the provisions of GASB Statement No. 40, Louisiana Revised Statute 30:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified that the fiscal agent has failed to pay deposited funds upon demand. Louisiana R.S. 39:1224 requires bonds, or other such instruments furnished as security, to be deposited with the depositing authority or with an unaffiliated bank or trust company, Federal Reserve Bank, or any Federal Home Loan Bank or its successor. This security is deemed to be under the control and in the possession of the public entity and deemed to be held in its name. The Red River Parish Tax Assessor has complied with these requirements of state law.

Cash and investments are categorized to give an indication of the level of risk assumed by the Assessor at December 31, 2019. Deposits are considered to be exposed to custodial credit risk if they are not covered by depository insurance and the deposits are (a) uncollateralized, (b) collateralized with securities held by the pledging financial institution, or (c) collateralized with securities held by the the pledging financial institution's trust department or agent but not in the depositor-government's name. The Red River Parish Tax Assessor has cash and cash equivalents that are covered by \$33,849 of federal depository insurance.

Cash on hand	\$ 50
Interest-bearing demand deposits	14,418
Total	<u>\$ 14,468</u>

4. Investments

The Red River Parish Tax Assessor maintains investment accounts as authorized by the Louisiana Revised Statutes. Under state law, the Assessor may invest in obligations of the U.S. Treasury and U.S. Agencies, or certificates of deposit. Investments are carried at fair market value as of the balance sheet date.

There are three fair valuation techniques that are prescribed in GASB Statement No. 72: the market approach, the cost approach, or the income approach. The Assessor values all investments other than certificates of deposit whose maturities are one year or less using the market approach which uses prices and othe relevant information generated by market transactions involving similar assets or groups of assets. Certificates of deposit whose maturities are one year or less are measured at amortized cost.

The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels. Level 1 inputs are quoted prices (unadjusted) for identical assets in active markets that a government can access at the measurement date. Level 2 inputs are inputs-other than quoted prices included within Level 1-that are observable for an asset, either directly or indirectly. Level 3 inputs are unobservable inputs for an asset, and the government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. Below are the fair value measurements of the investments held by the Red River Parish Tax Assessor at December 31, 2019.

8. Retirement Systems

A. Louisiana Assessors' Retirement Fund

Plan Description

The Red River Parish Tax Assessor contributes to the Louisiana Assessors' Retirement Fund which is a cost-sharing, multiple-employer, defined benefit pension plan. Substantially, all employees participate in the Plan. The Fund was created by Act 91 Section 1 of the 1950 regular Legislative Session, and it functions under the provisions of Louisiana Revised Statutes 11:1401 through 1494. Membership in the Fund is a condition of employment for Assessors and their full-time employees.

Any member of the Fund who was hired prior to October 1, 2013, can retire providing he/she meets one of the following criteria:

1. Any age with 30 years of creditable service.
2. Age 55 with a minimum of 12 years of creditable service.

Eligibility for retirement for members hired on or after October 1, 2013, is as follows:

1. Age 60 after 12 years of creditable service.
2. Age 55 after 30 years of creditable service.

Employees who became members prior to October 1, 2006, are entitled to annual pension benefits equal to three and one-third percent of their average final compensation based on the 36 consecutive months of highest pay, multiplied by their total years of service, not to exceed 100% of final compensation. Employees who become members on or after October 1, 2006, will have their benefits based on the highest 60 months of consecutive service. Employees may elect to receive their pension benefits in the form of a joint/survivor annuity.

The Fund also provides death and disability benefits. Benefits are established or amended by state statute.

For the year ended December 31, 2019, the Red River Parish Tax Assessor's total payroll for all employees was \$402,509. Total covered payroll was \$402,509. Covered payroll refers to all compensation paid by the Red River Parish Tax Assessor to active employees covered by the Plan.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the Fund. The report may be obtained by writing to the Louisiana Assessors' Retirement Fund, Post Office Box 14699, Baton Rouge, Louisiana 70898.

Contributions

According to state statute, contribution requirements for all employers are actuarially determined each year. For the year ended December 31, 2019, the actual employer contribution rate was 8.00%, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. In accordance with state statute, the Fund receives ad valorem taxes and state revenue sharing funds. These additional sources of income are used as employer contributions and are considered support from non-employer contributing entities, but are not considered special funding situations. The Red River Parish Tax Assessor's contributions to the Fund for the year ending December 31, 2019 were \$32,201.

Members are required by state statute to contribute 8.00% of their annual covered salary. The contributions are deducted from the employee's wages or salary and remitted by the Red River Parish Tax Assessor to the Fund monthly.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At December 31, 2019, the Assessor reported a liability of \$242,533 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of September 30, 2019 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The Red River Parish Tax Assessor's proportion of the Net Pension Liability was based on a projection of the Red River Parish Tax Assessor's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At September 30, 2019, the Assessor's proportion was 0.919445%, which was a decrease of 0.003454% from its proportion measured as of September 30, 2018.

For the year ended December 31, 2019, the Red River Parish Tax Assessor recognized pension expense of \$171,486 plus employer's amortization of change in proportionate share and differences between employer contributions and proportionate share of contributions, which was (\$30,884). Total pension expense for the Red River Parish Tax Assessor for the year ended December 31, 2019 was \$140,602.

Actuarial Assumptions

A summary of the actuarial methods and assumptions used in determining the total pension liability as of September 30, 2019, are as follows:

Valuation Date	September 30, 2019
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Investment Rate of Return	6.00%, net of pension plan investment expense, including inflation
Inflation Rate	2.20%
Salary increases	5.75%
Annuitant and beneficiary mortality	RP-2000 Healthy Annuitant Table set forward one year and projected to 2030 for males and projected to 2030 for females with no set forward
Active members mortality	RP-2000 Employee Table set back four years for males and three years for females
Disabled lives mortality	RP-2000 Disabled Lives Mortality Tables set back five years for males and three years for females

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation, of 2.5%, and an adjustment for the effect of rebalancing/diversification. The resulting long-term expected arithmetic nominal return was 8.38% as of September 30, 2019. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2019, are summarized in the following table.

Asset Class	Long-Term Expected Real Rate of Return
Domestic equity	7.50%
International equity	8.50%
Domestic bonds	2.50%
International Bonds	3.50%
Real Estate	4.50%
Alternative assets	6.24%

Discount Rate

The long-term expected rate of return selected for this report by the Fund was 6.00%. The projection of cash flows used to determine the discount rate assumes that employee contributions will be made at the current contribution rate and that contributions from the participating employers and non-employer contributing entities will be made at actuarially determined contribution rates, which are calculated in accordance with relevant statutes and approved by the Board of Trustees and the Public Retirement Systems' Actuarial Committee. Based on those assumptions and the other assumptions and methods as specified in this report, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current members. Therefore, the long-term expected rate of return on Fund investments was applied to all periods of projected benefit payment to determine the total pension liability. Thus, the discount rate used to measure the total pension liability was 6.00%.

The effects of certain other changes in the net pension liability are required to be included in pension expense over the current and future periods. The effects on the total pension liability of (1) changes of economic and demographic assumptions or of other inputs and (2) differences between expected and actual experience are required to be included in pension expense in a systematic and rational manner over a closed period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees), determined as of the beginning of the measurement period. The effect on net pension liability of differences between the projected earnings on pension plan investments and actual experience with regard to those earnings is required to be included in pension expense in a systematic and rational manner over a closed period of five years, beginning with the current period. The Expected Remaining Service Lives (ERSL) for 2018 is 6 years.

Sensitivity of the Red River Parish Tax Assessor's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Red River Parish Tax Assessor's proportionate share of the net pension liability calculated using the discount rate of 6.00%, as well as what the Assessor's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (5.00%) or one percentage-point higher (7.00%) than the current rate.

	1.0% Decrease	Current Discount Rate	1.0% Increase
Employer's proportionate share of net pension liability	\$ 689,124	\$ 242,533	(140,242)

9. Other Post-Employment Benefits

On January 1, 2018, the Red River Parish Tax Assessor implemented Governmental Accounting Standards Board Statement No. 75 entitled "Accounting and Financial Reporting for Postemployment Benefit Other Than Pensions (GASB 75). The most notable change under GASB 75 is that the Annual Required Contribution (ARC) has been eliminated and the Net OPEB Liability will be an item on the employer's financial statement rather than a footnote entry. GASB 75 governs the specifics of accounting for public OPEB plan obligations for participating employers and is required to be implemented for employer fiscal years beginning after June 15, 2017. GASB 75 requires a liability for OPEB obligations, known as the Net OPEB Liability (Total OPEB Liability for unfunded plans), to be recognized on the balance sheets of participating employers. Changes in the Net OPEB Liability (Total OPEB Liability for unfunded plans) will be immediately recognized as OPEB Expense on the income statement or reported as deferred inflows/outflows of resources depending on the nature of the change.

Funding Policy and Participant Data

The Louisiana Assessors' Insurance Fund is a public entity risk pool. These benefits for the retirees are provided through an insurance company on a pay-as-you-go basis. The Assessor contributes 100% of the cost of the current-year premiums for five active participants and one retiree. Participant data is as of January 1, 2018. The Assessor recognizes the cost of providing these benefits (Assessor's cost of premiums) as an expenditure when the monthly premiums are paid.

Plan Description

The Assessor provides certain continuing health insurance benefits for its active participants, retired employees and their spouses or beneficiaries. Eligibility for medical coverage is based on the following:

1. 55 years old and 12 years of service, or
2. 30 years of service at any age

* Economic/demographic (gains)/losses and assumption changes or inputs are recognized over the average remaining service life for all active and inactive members.

10. Expenses Paid by the Red River Parish Police Jury

Certain expenses of the Assessor's office are paid by the Red River Parish Police Jury. In addition to furnishing the building where the Assessor's office is located, the Police Jury pays all utility bills, most insurance, and furnishes some of the equipment in the Assessor's office.

11. Grants

During the year ended December 31, 2019, the Red River Parish Tax Assessor received no grant income.

Notes to the Financial Statements
As of and for the year ended December 31, 2019

12. Risk Management

The Assessor is exposed to various risk of loss related to torts, thefts of, damage to, and destruction of assets, errors and omissions, and injuries to employees. To handle such risk of loss, the Assessor maintains commercial insurance policies covering each of these risks of loss. The Assessor believes such coverage is sufficient to preclude any significant uninsured losses to the Assessor. During the past three year, no claims were paid on any of the policies which exceeded the policies' coverage amount.

13. Litigation and Claims

At December 31, 2019, the Assessor was not involved in any lawsuits nor is aware of any outstanding claims, which are not covered by insurance.

14. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 18, 2020, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Red River Parish Tax Assessor
Coushatta, Louisiana

We have audited the financial statements of the governmental activities and each major fund of the Red River Parish Tax Assessor, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Red River Parish Tax Assessor's basic financial statements and have issued our report thereon dated September 18, 2020. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Red River Parish Tax Assessor's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Red River Parish Tax Assessor's internal control. Accordingly, we do not express an opinion on the effectiveness of the Red River Parish Tax Assessor's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Red River Parish Tax Assessor's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that is required to be reported under Government Auditing Standards and which is described in the accompanying schedule of findings and questioned costs as Finding 2019-001.

Red River Parish Tax Assessor's Response to Findings

The Red River Parish Tax Assessor's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Red River Parish Tax Assessor's response was not subjected to the auditing procedures applied in the audit of financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Red River Parish Tax Assessor's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Accountant's Report on Applying Agreed-Upon Procedures

To the Red River Parish Tax Assessor
Coushatta, Louisiana
and the Louisiana Legislative Auditor:

We have performed the procedures enumerated below, which were agreed to by the Red River Parish Tax Assessor and the Louisiana Legislative Auditor (LLA) on the control and compliance (C/C) areas identified in the LLA's Statewide Agreed-Upon Procedures (SAUPs) for the fiscal period January 01, 2019 through December 31, 2019. The Assessor's management is responsible for those C/C areas identified in the SAUPs.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards. The sufficiency of these procedures is solely the responsibility of the specified users of this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures and associated findings are as follows:

Written Policies and Procedures

1. Obtain the entity's written policies and procedures and report whether those written policies and procedures address each of the following financial/business functions (or report that the entity does not have any written policies and procedures), as applicable:
 - a. Budgeting, including preparing, adopting, monitoring, and amending the budget,
 - b. Purchasing, including (1) how purchases are initiated; (2) how vendors are added to the vendor list; (3) the preparation and approval process of purchase requisitions and purchase orders; (4) controls to ensure compliance with the public bid law; and (5) documentation required to be maintained for all bids and price quotes.
 - c. Disbursements, including processing, reviewing, and approving,
 - d. Receipts, including receiving, recording, and preparing deposits. Also, policies and procedures should include management's actions to determine the completeness of all collections for each type of revenue or agency fund additions.
 - e. Payroll/Personnel, including (1) payroll processing, and (2) reviewing and approving time and attendance records, including leave and overtime worked,
 - f. Contracting, including (1) types of services requiring written contracts, (2) standard terms and conditions, (3) legal review, (4) approval process, and (5) monitoring process,
 - g. Credit Cards (and debit cards, fuel cards, P-Cards, if applicable), including (1) how cards are to be controlled, (2) allowable business uses, (3) documentation requirements, (4) required approvers, and (5) monitoring card usage,
 - h. Travel and expense reimbursement, including (1) allowable expenses, (2) dollar thresholds by category of expense, (3) documentation requirements, and (4) required approvers,

i. Ethics, including (1) the prohibitions as defined in Louisiana Revised Statute 42:1111-1121, (2) actions to be taken if an ethics violation takes place, (3) system to monitor possible ethics violations, and (4) requirement that all employees, including elected officials, annually attest through signature verification that they have read the entity's ethics policy, and

j. Debt Service, including (1) debt issuance approval, (2) continuing disclosure/EMMA reporting requirements, (3) debt reserve requirements, and (4) debt service requirements.

k. Disaster Recovery/Business Continuity, including (1) identification of critical data and frequency of data backups, (2) storage of backups in a separate physical location isolated from the network, (3) periodic testing/verification that backups can be restored, (4) use of antivirus software on all systems, (5) timely application of all available system and software patches/updates, and (6) identification of personnel, processes, and tools needed to recover operations after a critical event.

Exception: There are no policies regarding disaster recovery.

Management's Response: Management will adopt a policy for disaster recovery.

Board

2. Obtain and review the board/committee minutes for the fiscal period, as well as the board's enabling legislation, charter, bylaws, or equivalent document in effect during the fiscal period, and:

a. Observe that the board/finance committee met with a quorum at least monthly, or on a frequency in accordance with the board's enabling legislation, charter, bylaws, or other equivalent document.

b. For those entities reporting on the governmental accounting model, observe that the minutes referenced or included monthly budget-to-actual comparisons on the general fund and major special revenue funds, as well as monthly financial statements (or budget-to-actual comparisons, if budgeted) for major proprietary funds.

c. For governmental entities, obtain the prior year audit report and observe the unrestricted fund balance in the general fund. If the general fund had a negative ending unrestricted fund balance in the prior year audit report, observe that the minutes for at least one meeting during the fiscal period referenced or included a formal plan to eliminate the negative unrestricted fund balance in the general fund.

Exception: This is an elected official, so there is no Board or meetings.

Management's Response: None.

Bank Reconciliations

3. Obtain a listing of client bank accounts for the fiscal period from management and management's representation that the listing is complete. Ask management to identify the entity's main operating account. Select the entity's main operating account and randomly select 4 additional accounts (or all accounts if less than 5). Randomly select one month from the fiscal period, obtain and inspect the corresponding bank statement and reconciliation for each selected account, and observe that:

Response: Management provided us with a list of bank accounts and representation that the list is complete.

a. Bank reconciliations include evidence that they were prepared within 2 months of the related statement closing date (e.g., initialed and dated, electronically logged);

Response: Bank reconciliations include evidence that they were completed within two months of the statement closing date.

b. Bank reconciliations include evidence that a member of management/board member who does not handle cash, post ledgers, or issue checks has reviewed each bank reconciliation (e.g., initialed and dated, electronically logged); and

Response: Starting with the December bank statement, the Assessor signed and dated the bank statements indicating that they had been reconciled within two months of the closing date.

c. Management has documentation reflecting that it has researched reconciling items that have been outstanding for more than 12 months from the statement closing date, if applicable.

Response: There were no reconciling items that have been outstanding for more than 12 months from the statement closing date.

Exception: See above responses.

Management's Response: None.

Collections

4. Obtain a listing of deposit sites for the fiscal period where deposits for cash/checks/money orders (cash) are prepared and management's representation that the listing is complete. Randomly select 5 deposit sites (or all deposit sites if less than 5).

Response: Management provided us with a list of deposit sites and representation that the list is complete.

5. For each deposit site selected, obtain a listing of collection locations and management's representation that the listing is complete. Randomly select one collection location for each deposit site (i.e. 5 collection locations for 5 deposit sites), obtain and inspect written policies and procedures relating to employee job duties (if no written policies or procedures, inquire of employees about their job duties) at each collection location, and observe that job duties are properly segregated at each collection location such that:

Response: Collection location is the Assessor's office in the Red River Parish Courthouse.

a. Employees that are responsible for cash collections do not share cash drawers/registers.

Response: No cash is collected by the Assessor.

b. Each employee responsible for collecting cash is not responsible for preparing/making bank deposits, unless another employee/official is responsible for reconciling collection documentation (e.g. pre-numbered receipts) to the deposit.

Response: No cash is collected by the Assessor, and the Assessor prepares the bank deposit.

c. Each employee responsible for collecting cash is not responsible for posting collection entries to the general ledger or subsidiary ledgers, unless another employee/official is responsible for reconciling ledger postings to each other and to the deposit.

Response: The Assessor prepares and makes deposits; the deposits are recorded in the general ledger by the contract accountant.

d. The employee(s) responsible for reconciling cash collections to the general ledger and/or subsidiary ledgers, by revenue source and/or agency fund additions are not responsible for collecting cash, unless another employee verifies the reconciliation.

Response: The contract accountant is responsible for reconciling collections to the general ledger. The Assessor does not collect cash, only checks or electronic deposit.

6. Inquire of management that all employees who have access to cash are covered by a bond or insurance policy for theft.

Response: No cash is collected.

7. Randomly select two deposit dates for each of the 5 bank accounts selected for procedure #3 under "Bank Reconciliations" above (select the next deposit date chronologically if no deposits were made on the dates randomly selected and randomly select a deposit if multiple deposits are made on the same day). Obtain supporting documentation for each of the 10 deposits and:

- a. Observe that receipts are sequentially pre-numbered.
- b. Trace sequentially pre-numbered receipts, system reports, and other related collection documentation to the deposit slip.
- c. Trace the deposit slip total to the actual deposit per the bank statement.
- d. Observe that the deposit was made within one business day of receipt at the collection location (within one week if the depository is more than 10 miles from the collection location or the deposit is less than \$100).
- e. Trace the actual deposit per the bank statement to the general ledger.

Response: The Assessor does not use receipts. The collections reviewed did have receipts, reports, or other collection documentation to trace to the deposit slip. Deposit slips were traced to the bank statement and to the general ledger. The deposits reviewed were made within one business day.

Exception: See above responses.

Management's Response: None.

Disbursements - General

8. Obtain a listing of locations that process payments for the fiscal period and management's representation that the listing is complete. Randomly select 5 locations (or all locations if less than 5).

Response: Management provided a listing of locations that process payments and representation that the listing is complete.

9. For each location selected under #8 above, obtain a listing of those employees involved with non-payroll purchasing and payment functions. Obtain written policies and procedures relating to employee job duties (if the agency has no written policies and procedures, inquire of employees about their job duties), and observe that job duties are properly segregated such that:

- a. At least two employees are involved in initiating a purchase request, approving a purchase, and placing an order/making the purchase.

Response: The Assessor is an elected office who does not have a board. All purchases are initiated and approved by the Assessor.

- b. At least two employees are involved in processing and approving payments to vendors.

Response: The Assessor approves payments to vendors and the contract accountant processes payments to the vendors.

- c. The employee responsible for processing payments is prohibited from adding/modifying vendor files, unless another employee is responsible for periodically reviewing changes to vendor files.

Response: The contract accountant can modify vendors, add vendors, and process payments.

- d. Either the employee/official responsible for signing checks mails the payment or gives the signed checks to an employee to mail who is not responsible for processing payments.

Response: The contract accountant processes checks. The Assessor signs checks and mails the checks.

10. For each location selected under #8 above, obtain the entity's non-payroll disbursement transaction population (excluding cards and travel reimbursements) and obtain management's representation that the population is complete. Randomly select 5 disbursements for each location, obtain supporting documentation for each transaction and:

Response: Management provided the disbursement transaction population and representation that the population is complete.

- a. Observe that the disbursement matched the related original invoice/billing statement.

Response: All invoices reviewed matched the disbursement.

- b. Observe that the disbursement documentation included evidence (e.g., initial/date, electronic logging) of segregation of duties tested under #9, as applicable.

Response: Of the 20 disbursements selected, all invoices indicated that they were approved by the Assessor.

Exception: See above responses.

Management's Response: None.

Credit Cards

11. Obtain from management a listing of all active credit cards, bank debit cards, fuel cards, and P-cards (cards) for the fiscal period, including the card numbers and the names of the persons who maintained possession of the cards. Obtain management's representation that the listing is complete.

Response: Management provided a listing of credit cards, bank debit cards, fuel cards, and P-cards and representation that the listing is completed.

12. Using the listing prepared by management, randomly select 5 cards (or all cards if less than 5) that were used during the fiscal period. Randomly select one monthly statement or combined statement for each card (for a debit card, randomly select one monthly bank statement), obtain supporting documentation, and:

- a. Observe that there is evidence that the monthly statement or combined statement and supporting documentation (e.g., original receipts for credit/debit card purchases, exception reports for excessive fuel card usage) was reviewed and approved, in writing, by someone other than the authorized card holder.

Response: One card was tested, and the statement was reviewed and approved in writing by the Assessor, who is the cardholder.

- b. Observe that finance charges and late fees were not assessed on the selected statements.

Response: There were no finance charges or late fees on the selected statement.

13. Using the monthly statements or combined statements selected under #12 above, excluding fuel cards, randomly select 10 transactions (or all transactions if less than 10) from each statement, and obtain supporting documentation for the transactions (i.e. each card should have 10 transactions subject to testing).

- a. For each transaction, observe that it is supported by:

- i. An original itemized receipt that identifies precisely what was purchased,

Response: For the statement reviewed, all invoices were available and identified precisely what was purchased.

- ii. Written documentation of the business/public purpose, and

Response: The statement reviewed had a documented business/public purpose.

- iii. Documentation of the individuals participating in meals (for meal charges only).

Response: No transactions were for meal charges.

Exception: See above responses.

Management's Response: None.

Travel and Expense Reimbursement

14. Obtain from management a listing of all travel and travel-related expense reimbursements during the fiscal period and management's representation that the listing or general ledger is complete. Randomly select 5 reimbursements, obtain the related expense reimbursement forms/prepaid expense documentation of each selected reimbursement, as well as the supporting documentation. For each of the 5 reimbursements selected:

Response: Management provided a listing of travel and related expense reimbursements and representation that the listing is complete.

a. If reimbursed using a per diem, agree the reimbursement rate to those rates established either by the State of Louisiana or the U.S. General Services Administration (www.gsa.gov).

Response: The travel and expense reimbursements calculated by a per diem, rates were established using the U.S General Services Administration.

b. If reimbursed using actual costs, observe that the reimbursement is supported by an original itemized receipt that identifies precisely what was purchased.

Response: Reimbursements for actual cost were supported by an itemized invoice.

c. Observe that each reimbursement is supported by documentation of the business/public purpose (for meal charges, observe that the documentation includes the names of those individuals participating) and other documentation required by written policy (procedure #1h).

Response: All reimbursements listed the business/public purpose. No other documentation is required.

d. Observe that each reimbursement was reviewed and approved, in writing, by someone other than the person receiving reimbursement.

Response: One of the four reimbursements was approved by someone other than the person receiving reimbursement. Three of the reimbursements not approved in writing were to the Assessor.

Exception: See above responses.

Management's Response: None.

Contracts

15. Obtain from management a listing of all agreements/contracts for professional services, materials and supplies, leases, and construction activities that were initiated or renewed during the fiscal period. Alternately, the practitioner may use an equivalent selection source, such as an active vendor list. Obtain management's representation that the listing is complete. Randomly select 5 contracts (or all contracts if less than 5) from the listing, excluding the practitioner's contract, and:

Response: Management provided representation of new contracts products and services paid initiated or renewed during the fiscal period.

a. Observe that the contract was bid in accordance with the Louisiana Public Bid Law (e.g., solicited quotes or bids, advertised), if required by law.

Response: Contract was not subject to bid law.

b. Observe that the contract was approved by the governing body/board, if required by policy or law (e.g. Lawrason Act, Home Rule Charter).

Response: This is an elected official, so there is no Board or meetings.

c. If the contract was amended (e.g. change order), observe that the original contract terms provided for such an amendment.

Response: The original contract terms provided for the amended contract.

d. Randomly select one payment from the fiscal period for each of the 5 contracts, obtain the supporting invoice, agree the invoice to the contract terms, and observe that the invoice and related payment agreed to the terms and conditions of the contract.

Response: The payment selected for the contract has a supporting invoice, agrees to the contract terms, and agrees to the terms of the contract.

Exception: None.

Management's Response: None.

Payroll and Personnel

16. Obtain a listing of employees/elected officials employed during the fiscal period and management's representation that the listing is complete. Randomly select 5 employees/officials, obtain related paid salaries and personnel files, and agree paid salaries to authorized salaries/pay rates in the personnel files.

Response: Management provided a listing of employees/elected officials and representation that the listing is complete.

17. Randomly select one pay period during the fiscal period. For the 5 employees/officials selected under #16 above, obtain attendance records and leave documentation for the pay period, and:

a. Observe that all selected employees/officials documented their daily attendance and leave (e.g., vacation, sick, compensatory).

Response: All employees documented their daily attendance and leave.

b. Observe that supervisors approved the attendance and leave of the selected employees/officials.

Response: The timesheets reviewed showed the supervisor's approval.

c. Observe that any leave accrued or taken during the pay period is reflected in the entity's cumulative leave records.

Response: The timesheets reviewed showed that leave accrued and taken during the pay period was reflected by the entity's cumulative leave records.

18. Obtain a listing of those employees/officials that received termination payments during the fiscal period and management's representation that the list is complete. Randomly select two employees/officials, obtain related documentation of the hours and pay rates used in management's termination payment calculations, agree the hours to the employee/officials' cumulative leave records, and agree the pay rates to the employee/officials' authorized pay rates in the employee/officials' personnel files.

Response: No employees were terminated during the audit year.

19. Obtain management's representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers' compensation premiums have been paid, and associated forms have been filed, by required deadlines.

Response: Management provided representation that employer and employee portions of payroll taxes, retirement contributions, health insurance premiums, and workers' compensation premiums have been paid, and associated forms have been filed by required deadlines.

Exception: See above responses.

Management's Response: None.

Ethics

20. Using the 5 randomly selected employees/officials from procedure #16 under "Payroll and Personnel" above, obtain ethics documentation from management, and:

a. Observe that the documentation demonstrates each employee/official completed one hour of ethics training during the fiscal period.

Response: Ethics training was completed by all employees and the Assessor.

b. Observe that the documentation demonstrates each employee/official attested through signature verification that he or she has read the entity's ethics policy during the fiscal period.

Response: There is documentation that the employee has read the entity's ethics policy during the fiscal period.

Exception: See above responses.

Management's Response: None.

Debt Service

21. Obtain a listing of bonds/notes issued during the fiscal period and management's representation that the listing is complete. Select all bonds/notes on the listing, obtain supporting documentation, and observe that State Bond Commission approval was obtained for each bond/note issued.

Response: Not applicable.

22. Obtain a listing of bonds/notes outstanding at the end of the fiscal period and management's representation that the listing is complete. Randomly select one bond/note, inspect debt covenants, obtain supporting documentation for the reserve balance and payments, and agree actual reserve balances and payments to those required by debt covenants.

Response: Not applicable.

Other

23. Obtain a listing of misappropriations of public funds and assets during the fiscal period and management's representation that the listing is complete. Select all misappropriations on the listing, obtain supporting documentation, and observe that the entity reported the misappropriation(s) to the legislative auditor and the district attorney of the parish in which the entity is domiciled.

Response: Management has provided representation that there were no misappropriations of public funds and assets during the fiscal period.

24. Observe that the entity has posted on its premises and website, the notice required by R.S. 24:523.1 concerning the reporting of misappropriation, fraud, waste, or abuse of public funds.

Response: We observed the notice posted in the Assessor's office in the Red River Parish Courthouse.

We were not engaged to and did not perform an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on those C/C areas identified in the SAUPs. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is solely to describe the scope of testing performed on those C/C areas identified in the SAUPs, and the result of that testing, and not to provide an opinion on control or compliance. Accordingly, this report is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the LLA as a public document.
